11: Chapter 11 Why Are the Gu Family Members Here?

“Wrong...

There must be some mistake,” Ling Mufeng said with utter disbelief.

“It should...

there can't be any mistake,” Lu Haichuan stuttered, also finding it hard to believe.

But he was aware of the Ever Winning Army's methods.

Unless there was a second Gu Zhiqi in the world, it would be impossible to make a mistake.

Tang Yichen also felt somewhat conflicted.

Although he verbally instructed Yun Yan to take the transcript for comparison, he did not really believe it in his heart.

Yet now, he had no choice but to believe.

It seemed, indeed, that this young girl had single-handedly taken down more than a dozen men.

He sneaked a glance at the girl's slender arms and legs.

If it wasn't for the fact that she did not exhibit a shred of Ancient Martial Arts aura, he would have suspected that she was an Ancient Martial Artist.

“When you all leave, please remember to close the door behind you.

Thank you.” Gu Zhiqi spoke up when she noticed Tang Yichen looking over.

Her tone was indifferent.

Upon hearing this, Tang Yichen touched his nose.

Was she starting to drive people away?

“May I ask, with whom did you practice?” Driven by curiosity, Tang Yichen asked Gu Zhiqi this question.

As soon as Tang Yichen spoke up, Lu Haichuan and Yun Yan both looked at Gu Zhiqi, equally curious.

Only Ling Mufeng remained in disbelief.

“No need to see me out.” Having said that, Gu Zhiqi turned and flopped onto the bed, pulling the covers over herself quickly, and lay down with her back to them all.

Tang Yichen and his two companions “...”

The young girl wasn’t old, but she sure had a big temper.

After leaving the sickroom, Ling Mufeng hurriedly left with a pale face after exchanging brief farewells with Tang Yichen and the others.

Of the three, only Lu Haichuan politely bid him farewell.

Now that the official business was done, Tang Yichen could finally stop being so serious.

He slung an arm over Yun Yan’s shoulders with a “bros before anything” attitude and asked again to be certain, “Yun Yan, are you sure that Third Brother personally interrogated her?”

Hope nobody is trying to pull the wool over our eyes.”

Until now, he still found it hard to believe that such a small and slender young girl had taken down more than a dozen grown men on her own.

He hadn’t never seen such a thing, but what he had seen before involved Ancient Martial Artists fighting ordinary people.

Gu Zhiqi, on the other hand, was just an ordinary young girl.

“Master Jin interrogated her,” Yun Yan responded with a stern face, conveying the truth.

After answering, he distanced himself from Tang Yichen silently.

“Brother Jin?”

But where’s Third Brother then?” Tang Yichen muttered in a low voice.

Wasn’t this case supposed to be handled by Third Brother?

“He’s gone to Yan City.”

Upon hearing this, Tang Yichen immediately became unhappy, “Did he go with Second Brother?”

To Yan City?

He probably went to Yueqi Village instead.

Yun Yan remained silent.

Seeing this, Tang Yichen knew he had guessed right and clenched his jaw in frustration, “They’re too much, not bringing me along.”

“Do you know why they went to Yan City?”

Is there news about Yue Ying?” Tang Yichen continued to probe.

If the two of them went together, it was surely to Yueqi Village, and it could only be for Yue Ying.

“Not sure,” Yun Yan replied expressionlessly.

Tang Yichen pursed his lips, then said, “Good, now that the matter is dealt with, you can take the documents back to the capital yourself.

I’m also heading to Yan City!”

“Alright,” Yun Yan replied stoically.

“Hey?”

Fourth Master, are we just going to leave the girl’s situation as it is?” Lu Haichuan touched his hair, “I still find it extremely baffling that a young girl could take down more than a dozen kidnappers.”

“But there’s no helping it, it seems she indeed didn’t lie,” Tang Yichen said, shrugging his shoulders.

He didn't quite believe it either, but the facts were before his eyes, and he couldn't help but accept them.

Listening to this, Lu Haichuan touched his hair again, "That means this young girl is pretty terrifying..."

Huh?

Why are the Gu Family people here?"

Where?" Tang Yichen followed Lu Haichuan's gaze.

In the midst of their conversation, the three of them had already arrived at the hospital's first-floor lobby.

The direction in which Lu Haichuan was looking was precisely the payment counter in the first-floor lobby.

"The payment counter, the one you can see at a glance."

The Gu family had good genes; as far as Lu Haichuan knew, from the grandparents' generation, there had never been an unattractive one.

In this generation, each was better-looking than the last, especially Gu Zhiqi, who was famously beautiful in Haicheng...

oh, forgot, Gu Zhiqi was no longer a member of the Gu Family.

"The Gu Family?

Gu Xiaoxi's family...

her former family members?"

"Yeah, Gu Huaijin, the eldest son of the Gu's second branch." After all, the Gu Family was a prominent household in Haicheng, so Lu Haichuan knew a bit about them.

"What a coincidence?" Tang Yichen lifted his hand and stroked his chin, "Then...

isn't it very easy for her to run into Gu Xiaoxi?"

Thinking of this, Tang Yichen actually felt somewhat expectant.

“Who’s that woman beside him?” Seeing Gu Huaijin turn his head to speak with a woman, Tang Yichen asked again.

It was only then that Lu Haichuan noticed a woman standing beside Gu Huaijin.

The woman was plainly dressed, with ordinary attire, a yellowish complexion, but her features were quite delicate.

“Not sure, probably a nanny or something.”

Although, she didn’t quite look the part based on her clothes.

Upon hearing this, Tang Yichen didn’t ask further; the three continued walking out of the hospital.

As they walked out, through the glass door, Tang Yichen saw Gu Huaijin handing something to the woman.

It looked like, a card?

Ward 107.

The washroom.

Gu Zhiqi stood in front of the washbasin, staring at the mirror embedded above it for quite a while, a hint of playfulness in her eyes.

From the memories of her original self, she knew that this face looked a lot like her own.

Now, looking closely, it indeed shared a resemblance of about sixty percent.

But what was interesting was that this face shouldn’t look like this.

Previously, from the memories, Gu Zhiqi hadn’t noticed anything amiss, but now she could clearly see the problem through the mirror.

The original owner’s facial features were strange, a sign of appearance change caused by destiny being siphoned away.

After carefully sorting through the original owner’s memories, she found no useful information.

She couldn't determine when exactly the original owner's destiny had started being siphoned away, but she did uncover that the original owner had experienced memory loss two years ago.

So, now, she only had the memories of the original owner from the past two years.

The original owner's destiny had been siphoned away at least since two years ago.

"Gu Zhiqi?" Suddenly a voice rang by her ear.

It sounded familiar, like Tang Yun's voice.

Opening the door of the washroom, she saw an additional person in the ward, "Is there something else?"

Gu Zhiqi leaned lazily against the door of the washroom, looking at Tang Yun with a touch of inquiry in her languid eyes.

Seeing Gu Zhiqi, Tang Yun couldn't help but think of the morning's events and felt somewhat intimidated.

She gently clasped the hem of her clothes in front of her and started to speak reluctantly, "Your mother refuses to take care of you, so you'll return with me."

The Gu Family had come to her in person, leaving her no choice but to take care of Gu Zhiqi.

However, thankfully, it wouldn't be for free.

Hearing this, Gu Zhiqi raised an eyebrow.

She didn't quite understand why Tang Yun had suddenly changed her mind.

"I've taken care of your discharge procedures, so pack up and come back with me to Yueqi Village, the train is at nine tonight," said Tang Yun, without looking at Gu Zhiqi again but instead started to clean up the bedding on the hospital bed with her back to her.

Gu Zhiqi was silent for a moment.

A few seconds later, she pulled out the clothes she wore yesterday and went to the washroom to change.

Yueqi Village?

In the novel, Yueqi Village was a remarkable place with outstanding people and a beautiful environment.

It would be a pity not to use it for retirement.
