

Sensualist's 122-132

Chapter 122

Yang Yu looks around all the way. He's afraid that someone will see him. It's not easy for him to be guilty.

After walking for about five minutes, they saw a small open space with a strange building. The building is very low. The height of one floor seems to be in a certain direction.

Yang Yu climbed up directly and looked down from a high place to find that it was a cross like building. On the basis of the shape of the cross, he made an arc with the intersection as the center of the circle. Yang Yu was surprised at the appearance of the building. Yang Yu had also seen it in the Bible, which was quite common, so he was very impressed. Looking back at the mountain, I found that the Christian Church was just opposite.

"Where is this?" Yang Yu is not surprised to ask Han Sao.

"It's a small altar. It used to be used, but now it's not used. It's all superstitious things. Now who will sacrifice it? This place has been deserted for more than ten years. However, every Easter, what kind of rituals do Christians have here? No matter what, it has nothing to do with us that we can't worship God."
" Han Sao introduced.

It turned out to be just a small site, Yang Yu muttered in his heart.

"Why do you like to work on it? That's fine. I'll climb up right away. " When the village woman is thirsty, she is afraid of nothing.

"No, no, No." Yang Yu said hastily, "it's not good to do that in such a sacred place. I'll come down."

"What are you afraid of? That's exciting. " Before Yang Yu came down, Han's sister-in-law had already climbed up: "this place is empty, it's still wooden, and it's clean." Mrs. Han seems to be very satisfied with cheating in this place.

Yang Yu also wants to say what, that Han Sao's direct pants a pull, and then kneel down body forward a rush.

"Sister Han must bear it for fear that it will damage you." Yang Yu said interesting words.

"Oh, you little boy, your sister-in-law is not gentle." Han said on purpose.

Suddenly, a cold wind blew by, and Yang Yu shivered.

"What are you doing? My sister-in-law is itching to death. Come on in." Sister Han was worried.

Yang Yu looked around. He didn't know why. He felt a sense of fear.

"Sister Han, I always feel that there is someone here."

Yang Yu's heart has been beating wildly. Since the cold wind just came, Yang Yu felt that something was wrong, but he couldn't say it again. He vaguely felt that there was an eye staring here in the dark.

"There's no one. If they want to see it, they'll show it to him. You'll do your sister-in-law first." Han's sister-in-law is in a hurry. The more she wants to be admitted, the less Yang Yu does. Do you think it's possible? It's burning.

"Wait, I'll go down and have a look." Yang Yu suddenly got up and put on his trousers. He was very uneasy all the time. He was ready to check and jumped down from the altar. Disappointed, sister Han had to pull back her trousers and wait on the floor to see the stars in the open air.

Yang Yu walked around the altar. There was silence everywhere, but there was often laughter in another part of Taohuayuan, but it was cold and quiet here.

Dark, silent, ruins of the altar, seems to be very stable, who? Yang Yu felt relieved, so he climbed to the altar and had a good job with Han Sao.

But something strange happened.

On the altar, there is no Han Sao. Is Han Sao gone? Yang Yu swallowed deeply, but he didn't dare to shout, so he was ready to follow the edge and look down to see if sister-in-law Han went down to find himself.

But then, all of a sudden.

A hand reached over and put it on Yang Yu's shoulder.

"Ah Yang Yu was startled and quickly dodged. Looking back, it turned out to be her.

"What's my name? I'm not a ghost, really." The woman looked at Yang Yu and said.

"Sister LAN, it's you. You scared me to death. How did you come here?" Yang Yu managed to squeeze out a smile. Yu Guang looked around, looking for the shadow of Han's sister-in-law, but he didn't find it.

"Well, I should ask you, what are you doing here?" It was Li Ruolan, the elder sister of Yang Yu's girlfriend.

"I'm here." Yang Yu felt the back of his head and couldn't find an excuse.

"Come here to have sex with the village women?" Li Ruolan guessed that she didn't come here to cheat

with the village women. What was the reason for that?

"No, no, No." Yang Yu shakes his head, shakes his hand and touches his forehead to hide his embarrassment. He can't think of a reasonable reason. What should he do?

"Cheating on my sister's back, I'd like to see which village woman is it?" Li Ruolan said and looked around.

Yang Yu is in a hurry. If she is seen, it's really a shame. A young man in his twenties is cheating on his sister-in-law in his thirties. It's hard to tell. Yang Yu was so anxious that an idea came out of his mind. He didn't think much about it. He said in a hurry, "I'm following the suspect in the church."

Li Ruolan was more excited than anyone: "really? Where is it? "

As soon as Yang Yu heard that this excuse was really good, he continued to make a comeback: "I followed him all the way. This man is very strange. I know he's gone after him here. You say it's strange. What's he doing here?" Yang Yu secretly takes a look at Li Ruolan. Li Ruolan starts to meditate. He is relieved and finally deceives him. How perfect the panic is. Yang Yu is even surprised by himself.

"This is the altar in ruins. It has been abandoned for more than ten years. What is he doing here?" Li Ruolan didn't understand: "maybe he is still nearby. Shh, let's look for it again."

Yang Yu can't refuse. I just hope I don't meet Han Sao. Even if I meet her, I don't know her. I hope Han Sao can learn to be smart, but don't betray her. But where is Han Sao?

Yang Yu has to pretend. In fact, where are the suspects? They are all fooled out by themselves. Just follow elder sister LAN. Anyway, she can't find anyone.

The altar was quiet again.

Suddenly, a sharp eye flashed through Yang Yu's eyes.

FUCK ! This look, this look, isn't that the person who peeked at me in church last time?

It's not really that coincidence, is it? Did the suspect really show up? Yang Yu couldn't believe it.

"That's him!" Yang Yu cried out and ran away in a hurry. As soon as the man saw it, he turned around and ran, and Li Ruolan quickly followed him.

The three ran all the way in the peach garden, there was no light, only a weak light. The man was wearing a windbreaker, looming, several times directly hit the peach tree branches, Yang Yu was also cut the road skin. This time, it's related to the safety of the whole village students and their three younger sisters, so we can't let this pervert run away any more.

Li Ruolan is catching up with her. Although she is a girl, she is a reporter after all. What's the matter? Catch up with Yang Yu.

All of a sudden, I ran to the path across the Peach Blossom Land and bumped into one person head-on.

"Yang Yu, why are you here?" What comes in front of him is Lin Yiyi's husband, elder brother Wang Ren. Seeing Yang Yu's hurry, Wang Ren asks with concern.

No matter who he is, Yang Yu chases the figure again without saying a word. Then, Wang Ren found that there was a woman behind him. Wang Ren just felt familiar and wondered: is she Li Ruoshui's sister? Wang Ren has been in the village since he was a child. Who doesn't know in the village? But this woman is a little strange, but she looks similar to Secretary Li. But Li Ruoshui and Wang Ren know each other.

Suddenly, Wang Ren had an idea in his heart and said to himself, "it's strange. How could Yang Yu come to such a place with his girlfriend's sister? Do you mean the two of them? Mr. Yang is very romantic. " Shaking his head, looking back at the three running shadows, he didn't know what he was chasing and left.

Out of Taohuayuan, the suspected pervert was submerged in the roof beam and dark night.

"Yes, I lost it again!" Yang Yu was out of breath and very angry. Li Ruolan also just caught up and found that the man had disappeared.

Once again, I missed the pervert.

"Do you see the face?" Li Ruolan asked.

"It's too dark to see clearly, but his face is very strange. It doesn't feel like the outline of a normal person." Yang Yu looks at a village house in front of him and knows that the pervert is hiding nearby. Maybe he is peeping at himself in the dark.

But Yang Yu just can't help it. This is the fourth time he's passed this man by. The first time he's peeping at his cousin, the second time he's in the cellar, the third time he's in the church, and the fourth time he's in the Peach Blossom Land. Yang Yu secretly swears that there won't be another time, absolutely not.

"Let's go to the second elder. As long as he is a Christian, as long as he belongs to this village, we will find him out." Li minglan is so angry that he can't catch it.

"Well, it shouldn't be too late. Let's go now." Yang Yu said that he had come to have sex with Han's sister-in-law this evening. As a result, he met the suspect. He was also worried about Han's sister-in-law's inexplicable disappearance. It would be bad if something happened.

Chapter 123

The second elder is also in this village from generation to generation. He has made great contributions to Christianity in this village. The elder was sent by the upper county. He hasn't been here for several years, and now he's gone.

Yang Yu and Li Ruolan don't know what kind of excuse to deceive the two elders, so they can only say it straight.

"No way! God won't let anyone go if he does something hurtful, and he can't go to heaven. " After listening to Yang Yu's explanation, the second elder suspects that the abnormal murderer is a Christian, which makes him very angry.

"Second elder, can you help us to think about whether there are people in our village who are more extreme, lonely, or have been deeply hurt?" At the same time, Yang Yu also roughly described the basic appearance of the next abnormal killer.

"No!" It is a shame for Christ that a man who believes in God has done something against God. The two elders will not believe it, let alone believe it, and he will not help.

"Well! If we catch him and find that he is really a Christian, I believe the second elder will surely go to hell. " Yang Yu said maliciously.

"Well, you The second elder snorted and did not speak.

"Elder, all the female students in the village are in danger now. Even if they are caught a minute late, a girl may suffer. I think Jesus will help us, too?" Li Ruolan is soft and Yang Yu is hard. He just wants to pry open the mouth of the two elders.

This sentence, let two elder hesitated.

"We Christians are always kind and don't kill, let alone kill." The second elder calmed down. If there is such a thing, his responsibility is not small: "there is such a person who meets your description."

When Yang Yu and Li Ruoshui heard this, they got excited and were all ears.

"Thirteen years ago, he was burned. People in the village laughed at him and said that he was a monster. But our God was fair and would not look down on anyone. No matter what his deformity was, he became a Christian. Although a few years ago, he was still very hot tempered, but now he is a devout Christian, but he is definitely not the abnormal murderer you said The second elder thinks about it and thinks about it, so he is in line with Yang Yu's description.

"Burns 13 years ago? It coincided with the time of the first murder, and his face burned, so he wore a mask. At the same time, because of his ugly appearance, he was ridiculed by the villagers for a long time, resulting in his heart deformity. He could not get a wife, so he went to the girl students to vent his abnormal desire. All this is completely in line with the profile description of the suspect. I think it's safe,

and I can't be wrong. " Yang Yu compares his behavior with that of a pervert, and the time of his behavior is perfect.

"Second elder, I remember the last time I went to see the elder, there was a big wooden cross in his room. Do you know where it is?" Yang Yu thought about it, and there was still this doubt, but the same Christian had a way to get the cross away.

"I don't know." The second elder asked.

Yang Yu and Li Ruolan asked for their names and addresses, then they left the elder's hometown in a hurry and ran to the Pervert's home.

"Wait, it's going to have to wait for the police." Li Ruolan suggested on the way.

"Police, do you believe them?" Yang Yu has lost patience with the police in handling cases. For such a long time, there is no news at all. It is estimated that he has gone on holiday.

"Are we going to arrest people? We need to be in bed when we catch traitors. We need evidence. " After all, Li Ruolan is a reporter and knows more about judicial procedures.

Yang Yu doesn't care so much. What are the rules? Go to hell. I just need to get him.

"The police have fingerprints. Just take him and check them? Isn't that enough evidence? " Yang Yu couldn't figure it out.

"Not enough. We have to find the cross and the skin. With fingerprints alone, you can get away with a better lawyer. So we'd better call the police and let them search. " Li Ruolan still hopes to follow the police line.

"It's night, and it's still in the mountains. The police will be tomorrow at the latest. I'm afraid the man will run away early." Yang Yu said.

"He won't run." Li Ruolan said.

"Why are you so sure?" Yang Yu is puzzled.

"Because it's not in line with the behavior of a pervert. He has a high quality in his heart, which is not enough for him to escape. " Li Ruolan has his own point of view.

Yang Yu ha ha a smile, also can ha ha: "in case he turned away material evidence how to do?" This is what Yang Yu is worried about.

"Perverts will only challenge us." Li Ruolan seems to be very experienced. It seems that there are more of them in the big cities.

"I'm curious. Do you often talk to such people and know them so well? And you also told me, what are you doing in Taohuayuan? Is that right?" Yang Yu is also curious about this issue.

"What? I'm a reporter. Why don't I want to visit such a famous Taohuayuan in our village? Find some inspiration and write a report." Li Ruolan explained it casually.

"Don't worry, I'll take the police to arrest people tomorrow!" Li Ruolan reassures Yang Yu.

After discussing with each other, they decided not to panic and left. But Yang Yu's heart is still not comfortable, abnormal maniac is in the eye, in case the night escaped how to do? No, Yang Yu can't rest assured. When Li Ruolan leaves, Yang Yu goes back to the abnormal family.

This is a remote old house. It seems that nobody lives in this old house except him.

Yang Yu looked at the light in the room from a distance, but he didn't dare to go in until the light in the room went out. Yang Yu was still standing outside, but what if he ran away and caught the third sister? Yang Yu is afraid of this.

So, Yang Yu carefully went to the dark room. Yang Yu clings to the wall and wants to push the door with his hand. The door is locked to death.

"One more night." Yang Yu muttered in his heart that he didn't kick in at last.

Finally, he chose to go home. At the door, Yang Yu wanted to see if Han's sister-in-law had gone home. But he thought it would be OK. Where could such a big woman go? I'll see it in the morning.

He went back to his attic, only to find that the light in his attic was on.

Strange? Who would be in their own room? In addition to the aunt will come to clean, there should be no other people, ah, who can it be?

"Er Mei, why are you here?" Yang Yu found that it was Yaxi, the second sister.

"I'll help you clean your room. What's your opinion?" Li Yaxi took the broom and said faintly.

Yang Yu felt flattered: "ha ha, the second cousin is so nice to her cousin today."

"Cut, is mother's advice, I don't help you, but" Li Yaxi suddenly proud.

"But what?" Yang Yu found that the second sister was very happy and elated. He would not have any bad ideas.

Li Yaxi suddenly took out a book from his back and said with pride: "but I found this one."

As soon as Yang Yu saw it, I made a list. The second cousin Yaxi was holding the Yellow magazine that had been confiscated from Zhang meiruo.

"Oh, the girl student's confiscations haven't been cleaned up yet." Yang Yu felt that he didn't see it. He didn't see it secretly. He really confiscated it and put it there temporarily.

"You think I'll believe you? I told my mother, sister, sister go, said cousin secretly read yellow magazine! Hum The second sister didn't believe this cousin's lies. Eleven of his ten words were lies.

Yang Yu was stunned. The girl was really her nemesis. She quickly explained: "cousin, this magazine was confiscated last night. How can I read such a vulgar book when I am such an adult? I read the Bible all the time." Then Yang Yu pointed to the Bible at the head of the bed.

The second sister looked up and thought. After a moment, she continued: "don't believe it! Anyway, I told my sister and sister to go

Yang Yu told everyone that she was not afraid. She was afraid that she would tell her cousins and cousins, especially her cousins. If such a big man still looks at this kind of thing, it's not a matter of shame, but how does her cousin like me in the future?

"Please, second sister, you can trust your cousin once. It's just confiscated." Yang Yu is so kind-hearted that he has to kneel down and beg for mercy.

"Well, I'll spare my cousin once, but tell me, which girl student is it?" Li Yaxi continued to ask.

"This is the privacy of students. It's inconvenient for me to be a teacher." Yang Yu returns a way, how can you tell the girl's privacy.

"Sister!" The second sister yelled directly.

"Stop, stop, stop!" Yang Yu a listen, direct Surrender: "is Zhang meiruo." Yang Yu thinks that anyway, er Mei is not a student of her own class, and she doesn't go to school. She doesn't know her, but it doesn't matter.

"Well, I'll trust you once. I'll confiscate the magazine." The second sister took the magazine and the broom and went downstairs with a scorn: "vulgar!"

Yang Yucai was relieved, but he shook his head. There was no way to take this second sister's heart. Then he was ready to go to bed. His mind was still full of the shadow of the pervert. Tomorrow, tomorrow should be able to catch him.

Li Yaxi took the Yellow magazine and just stuffed it into the drawer. Anyway, she would never look at such elegant things. She was not interested in it, and her boyfriend was not available. She was not in a

hurry. Anyway, there was a sister in front of her.

The Yellow magazine lay quietly in the drawer. I don't know whose hand it will be next time.

Chapter 124

The next morning.

Yang Yu has to go to see Han's sister-in-law. How did she disappear suddenly last night? In case the pervert was taken away, it would be dangerous. I just didn't expect that I didn't succeed in making an appointment with Han Sao twice. Maybe I'll die to taste the taste of an old lady.

"Perverts are not interested in aunts like me." Sister Han seems to be waiting for Yang Yuchen to run by.

Yang Yu was relieved to see Han's sister-in-law at home. You know, the altar last night also gave people a strange feeling. It was a bit of unspeakable fear.

"Why did sister Han suddenly disappear last night?" Yang Yu asks curiously.

"What's gone all of a sudden. After you go down, I stay on the top. Suddenly, I see a woman climbing up. I'm afraid it's bad, so I climb down again. After climbing down, I find that you climb up again. Originally, I wanted to call you, but that woman came to you. You talked about it, so I waited. But later, you ran away for no reason, so I had to go home. " Han explained.

Yang Yu suddenly realized that at that time three people were climbing at the same time. Han's sister-in-law didn't know that I was climbing up, I was climbing up, and Han's sister-in-law was climbing down. Li Ruolan was also climbing up. She was slower than Yang Yu and was in different directions. Naturally, no one saw anyone.

"I thought it was a good friend when I met Han Lingyi." Yang Yu explains that the doubts of last night have been solved and he is preparing to go back.

But Han Sao's heart was still preoccupied with the affair of stealing. She didn't steal it twice and didn't give up. Both times, it was a little bit worse. The mushroom head had already reached the hole, but she didn't go in. Han Sao's heart was even itchier.

However, Yang Yu is only free on weekends and evenings. It's not convenient to find an excuse to go out this evening. Even if the old man goes to the mountain, the child is also at home on weekends. Ah, it's not easy to steal fishy food. But how can Han sister-in-law give up her heart? Especially after seeing Yang Yu, she has to eat this honey stick.

"Next time you have a chance to do it again, will you?" Han's sister-in-law is always thinking about it.

"It may not be convenient." Yang Yu has been tortured twice, but he has lost patience. He just wants to refuse. Then he finds that he is entangled by the village woman, and it's really hard to get rid of.

"It's not convenient. Sister Han will come to see you and do a good job for you." Han Sao is not willing to say.

Yang Yu can only laugh, can only pretend to be silly, and continue to run home, not to mention today there are important things.

At noon, Yang Yu had heard that the pervert had finally caught him and was waiting for the trial and the test report. Yang Yu is almost out of his mind in class. He thinks that he has finally grasped so many mysteries. He really wants to hear the inner world of this pervert. Why did he kill them?

But before Yang Yu finishes school, Li Ruolan comes to find Yang Yu first.

"Have you got it? Have you made it clear?" Yang Yu pulled Li Ruolan to an independent place in the playground and couldn't wait to ask.

"Man is caught." Li Ruolan stopped, breathed deeply, looked at Yang Yu's expectant and excited eyes, and continued: "it's just that we're going to let you down. We've caught the wrong person."

"It's impossible!" Yang Yu's eyes are staring out, this result is too unexpected: "all of his characteristics are completely in line with the profile of the pervert, can you make a mistake?"

"No, that's right. The results of the fingerprint report don't match the fingerprints collected from the foundation. He's not a psychopath." Li Ruolan was equally disappointed. He thought that he was only one step away from the pervert. He thought that he could have a good harvest this time, but he was wrong.

"Then why is he peeping at me in church? Why did you run when you saw us last night? Did you scan his house?" Yang Yu didn't give up. All this was just a mirage.

"He didn't peep at you in church. He peeped at the beautiful woman next to you." Li Ruolan explained.

"No way." Yang Yu recalled that at that time, his eyes were really aimed at him first, and then he looked at himself, but it was too normal for others to peek at Leng Xiaoxue, the beautiful woman beside him. Yang Yu in the office also often secretly look at this peerless beauty, let alone a bachelor for more than 30 years.

"And last night I saw you and ran, because" Li Ruolan stopped, it seems that the following reason is also very funny: "because he stole your aunt's fish, he thought you know, want to beat him."

I've made a list. It's all bloody drama!

"His house has also been searched, no clues, no cross, no cellar, no human skin mask." Li Ruolan calmly said: "we are really too eager to attack, it is our wishful thinking."

Yang Yu can't accept this fact. He thinks he is so close to him, but it's just a joke.

"Moreover, he had perfect alibi, and it had been proved that he had been with him that afternoon." Li Ruolan said this and left.

Yang Yu was left alone, holding his chin in despair, in a daze on the playing field.

After this attack, the real pervert will not only hide better, but also pay more attention to the movements of Yang Yu and Li Ruolan, because he already knows that in this village, there are two eyesores who have been staring at him, and even, as a last resort, will kill Yang Yu and Li Ruolan. The enemy is in the dark, and Yang Yu and Li Ruolan are in the light. They are completely careless. At this moment, the fear has escalated again.

Yang Yu wants to cry but has no tears. He is troubled by the curse. He should always avoid the unknown activation source. Now it's better to pay attention to this pervert, because Yang Yu knows very well that the pervert will not be able to hold back. But who will be the next victim?

What does the last supper and cross mean to him? All the unknowns need to be solved by Yang Yu.

However, the countdown to the high school entrance examination will not stop, and the basketball match will be held as scheduled. On Wednesday, the two thousand yuan did not disappear.

Yang Yu had to go back to his last class in the afternoon.

After school, some students came to ask questions. When they answered all the questions, Yang Yu found that all the students had gone, and only Bai Xue was still taking care of the teacher.

"Mr. Yang, help you clean up together." It was originally arranged for two students on duty every day. I don't know why only Bai Xue was left.

White snow Oh, from the last spring outing, white snow did not take the initiative to ask Yang Yu to practice singing, Yang Yu thought: white snow almost a week did not put forward to practice singing, not because the last spring outing in the tent secretly broke her place and afraid of me?

Think about it too, always thinking about taking advantage of snow white, holding her to pee, touching her milk, opening her bud, and last time her sudden nervous, and all this, Yang Yu is just under the guise of teaching her to sing.

Who won't be angry if it's someone else? Who is not afraid? Who doesn't see through Yang Yu's hypocrisy?

But what does snow white think in the end? In fact, it's not what Yang Yu thought. If anyone can guess, then you are God.

In fact, Bai Xue is just angry. She gave her first night to Miss Yang, and pretended to sleep, pretending not to know. But the fact is that the bottom was rotten that night, and her lips were bitten.

Bai Xue ignores Mr. Yang and doesn't take the initiative to look for him. She is angry. She wants to see if Mr. Yang is the kind of man who doesn't care about himself after he does it. He is ruthless and cold-blooded and plays one-night stands. Then her heart is broken.

Therefore, during this period of time, Snow White's heart is suffering.

There is no woman in this world who works for you in vain. You have to pay the corresponding price when you work for others.

When they finished cleaning, they were clean and sprinkled with water. There was no dust and the tables and chairs were neat. Snow White is ready to go back with her schoolbag on her back. She doesn't say a word, and her face doesn't have any sense of happiness. When Bai Xue is about to leave the classroom, Yang Yu is next to her and pulls her over.

"What's the matter?" Yang Yu sees Bai Xue's unhappiness and touches her head.

Snow White's eyes are red, low head, did not look at Yang Yu one eye, this is not usually that fox spirit look. Snow White ah, back: "no matter, I want to go back to do homework."

Yang Yushun closed the door of the classroom. Two people were near the first row of tables in the door, and the right side was close to the wall. Even if you look through the window, you may not be able to see them immediately.

Yang Yu pulled Bai Xue over, pressed her directly, put her arms around her, attached her mouth to her ear, and asked softly, "are you angry with me last time?"

Little girl's mind is so strange, so elusive, women's inner world is so complex and inexplicable.

"Baby, don't be angry." Yang Yu coaxes, kisses Snow White's forehead: "go to teach you to practice song in the evening, OK?"

Bai Xue in Yang Yu's arms, still did not speak, but rely on his arms, very warm, mood also slowly recover. Yang Yu couldn't figure out what she was thinking, so she lowered her head to kiss Bai Xue. Bai Xue naturally moved her head away.

She hasn't kissed Miss Yang yet.

Yang Yu also moves along the direction of her mouth, clinging to Bai Xue's cheek to find Bai Xue's sexy little mouth. Bai Xue twists and refuses to kiss, but Yang Yu still takes the opportunity to find her mouth and seal it.

Yeah!

The snow let out a little groan.

Chapter 125

As soon as Yang Yu's tongue opens Bai Xue's mouth, Bai Xue's heart softens.

This is her first kiss.

Eyes are still red, like crying, but as soon as Yang Yu's tongue enters his mouth, the Shuangshuang immediately makes Bai Xue forget everything. When a woman is in a bad mood, to conquer her with her body will surely get twice the result with half the effort.

Yang Yu sees that Bai Xue actively caters to himself and becomes more impulsive.

After the intense kiss, Bai Xue looks up at Yang Yu with her mouth open, her eyes clear, and looks at Yang Yu without blinking,.

Yang Yu suddenly pressed the hand on the back of Bai Xue's head up and down, ready to press Bai Xue down.

Bai Xue immediately shakes her head. She knows what Miss Yang means. She frowns, worries and is not happy.

"Darling, it's OK. Just once, OK? If you don't like it, just give it a try. " Yang Yu coaxed her gently, pressing her head with one hand.

"Ah, don't" white snow worried face, a pair of unwilling appearance, that heart really didn't think of this kind of thing.

"It's OK. Just try." Yang Yu continues to coax her.

.....

The school is quiet. Everyone has gone back. But Li Ruoshui was still correcting his homework in the office. After the correction, he found that everyone had already gone home. Then he turned to think about it. It seemed that the last class belonged to Yang Yu. It seemed that he had never been to the office, so he would not send his cousin home directly, would he? Leave without saying hello. Li Ruoshui cocked his mouth and was a little jealous. The boy friend was much better to his cousin than to himself.

Li Ruoshui went out of the office and looked at the classroom, thinking: will he still be lecturing to the students in the classroom? Li Ruoshui thought so, and was ready to go to the classroom to have a look.

Wearing cloth shoes, walking is very light, so even walking in the corridor, Yang Yu in the classroom can't feel the sound of someone coming, not to mention closing the door, and his attention is completely on the snow kneeling on the ground.

Bai Xue tries to open her mouth to remove Yang Yu's mushroom head.

At the same time, Yang Yu's girlfriend Li Ruoshui is getting closer and closer. The classroom of the third grade of junior high school will arrive soon.

Li Ruoshui took a look at the door and found it closed. He thought to himself: it's all gone back. I didn't think much about it. Even if she pushed the door, what impressed her eyes was absolutely enough to shock her for a lifetime: Yang Yu was naked, leaning on the table, while her girl student Bai Xue was kneeling on the ground, eating the guy of her boyfriend.

However, Li Ruoshui didn't push the door. He didn't even have the idea to look at the window. He turned back.

Only one door apart is two worlds.

And the door, it's really interesting.

What would Yang Yu think if he was standing with his girlfriend outside the door just now?

Snow White opened her mouth and slowly leaned over.

"Don't be afraid, don't be afraid, slow down, slow down." Yang Yu caresses Bai Xue's head like a kitten, suggesting that she should not be afraid.

After Li Ruoshui left, another person came to the school: Zhang meiruo.

Zhang meiruo is upset recently and always thinks about other things. This time, she pulls things in the classroom again. Life is so coincidental, but Zhang meiruo's unintentional behavior happens to encounter something. When she came to the door of the classroom, she was still absent-minded, but when she heard a strange noise in the classroom, she immediately became alert.

Who is still in the classroom so late? Can't it be Miss Yang and the girl students in the classroom? Zhang meiruo thought, of course, it's just a joke for her. She also knows that it won't be so coincidental. She won't go back to school twice after three years of junior high school.

The probability is too low, too low. But fate is impossible to calculate.

Zhang meiruo specially looked into the classroom through the wooden door of the classroom. After all, it was the old classroom of the old school. The wooden door was already broken and there were cracks everywhere. The chain couldn't be locked.

But these gaps can clearly see the scene in the classroom. When Zhang meiruo saw it for the first time, she was startled. She quickly drew back and stuck it on the wall. She thought she had read it wrong. When she thought about it, she almost screamed.

Zhang meiruo saw teacher Yang leaning on the table in the first row by the door. A girl student was kneeling on the ground, eating the guy desperately.

"No, it's bad luck for me to come across such a thing again." Zhang meiruo stamped her feet in anger and muttered in her heart. But last time in the toilet, the peeping was extremely exciting, and Zhang meiruo seemed unable to restrain her curiosity and peeping desire.

"It turns out that it's still edible. It seems that it's not Mr. Li. Is it the student I loved in the toilet last time?" Zhang meiruo thinks about it, but it has nothing to do with her. Zhang meiruo hesitated again and was ready to peep again. After seeing clearly, she bent down again and looked in through the gap.

"Snow white? It's her? " If Zhang meiruo saw clearly this time, the girl was her classmate Bai Xue. They were still at the front and back tables. They usually had a good relationship. But she didn't expect that such a thing would happen to miss yang. And this peep, class flower Zhang meiruo into God, heart thumping straight jump, nervous.

In fact, Yang Yu is facing the door, and his vision is facing the blackboard. He doesn't notice that there is a peeping eye on the front door.

Chapter 126

Zhang meiruo, a class flower, is so frightened and obsessed with peeping that she doesn't know that the door of the classroom is not locked at all. It's just hidden.

As a result, her hand accidentally touched the door of the classroom and pushed it gently.

The door of the classroom was pushed open.

Three people were shocked at the same time!

This scene is so interesting, so embarrassing.

Yang Yu leans on the table, enjoying the moment, while Bai Xue kneels on the ground. Similarly, ban Hua Zhang meiruo is half kneeling, looking at them.

All three of them were wide eyed and dumbfounded, and their hearts were beating wildly.

However, what never occurred to Yang Yu was that he was unprepared for the sudden opening of the door, and he was completely shocked. This time, he found that Zhang meiruo outside the door was peeping at himself with wide eyes,

Zhang meiruo was shocked, and immediately responded, got up and ran downstairs.

Snow also immediately reaction over, also hurried to run downstairs.

Yang Yu Leng is there. He is the slowest one. Put on his pants and calm down.

At this time, the three people, in three different places, have completely different moods.

Zhang meiruo ran all the way until there was no one and she couldn't see the school. She stopped and recalled the scene just now. She really wanted to cry without tears. She was found peeping.

It seems that she must have been in the toilet last time. When I think of it, Bai Xue is so immortal. Do men really like foxes like snow white?

Woo!

Shame on me, shame on me. What should I do in class tomorrow? How to face Mr. Yang, how to face the snow sitting in front of him? If Zhang Mei regretted her death, she would have stopped peeping.

And Bai Xue really wants to die.

What to do? What to do? How to face Zhang meiruo tomorrow? I'm so ashamed that I regret doing this in the classroom.

Yang Yu has also calmed down. What he is really worried about is whether Zhang Mei will tell the story. By then, the whole school and even the whole village will know that they are in the classroom with their female students, and their future will be ruined. Their images in aunts, cousins, Li Ruoshui, Lin Yiyi and others will be ruined.

All reputations will be destroyed once!

"No, I have to shut up Zhang meiruo!" Yang Yu is irritable, but how can we make Zhang Mei not publicize it?

White snow has washed back, standing at the door looking at Yang Yu, hate and love this man, low head, picked up the bag, went straight back, the mess left to teacher Yang to clean up.

It's a lot of twists and turns.

Yang Yu also had to pick up his mood and prepare to go back. On the way, he also tried to find a way, or he would talk to Zhang meiruo tomorrow. It was still dawn and he was walking. Suddenly, he caught up with them and patted Yang Yu on the shoulder. He asked:

"Hello, brother, I want to ask the next way."

Yang Yu took a look and found that they were two big men, both of whom were 2829 years old, carrying two big bags. They turned out to be two donkey friends.

"Both of us are donkey friends. We like to see strange things everywhere. Then, we take videos and upload them to the Internet. So, we especially like to go to places of horror. The more terrifying, the better. We have heard that there is a famous haunted house here. We want to have a night. Will that 'ghost' One of them was full of excitement when he talked about ghost and terror.

"Aren't you afraid to see ghosts?" Yang Yu joked.

"Well, we're afraid we won't see ghosts. We've been to all the horrible and haunted places all over the country. It's really boring. There's nothing. We can't force ghosts out. Ah, it's boring." Another man in camouflage said with a smile.

"Last time we went to the most famous blickling manor in the United States. We thought how terrible it was. We stayed for several nights and didn't even see a ghost. It was all fake and a waste of our time." The man who looks fierce also disdains to say.

"We really have some ghost houses here, but they are just deserted old houses. There's nothing ghost but ghost. I'm afraid we'll let you down." Yang Yu explained that although he had seen the phantom in the attic of his school, it was just a dream of his own.

And the ghost house in the legend of Yunv village, although he saw white shadow in the middle of the night, what can a white shadow tell? What's more, I've been to that haunted house during the day. It's really nothing.

"So." After listening to the camouflage clothes, donkey friends were disappointed: "we're all here. Besides, we can't go back to the county tonight. Let's make do with it. Let's go to the haunted house and sleep." Camouflage clothes donkey friends turned to another tough man said.

That young tiger fat Han hum, two people toward Yang Yu point of that legendary bath female village of three terror forbidden area.

Yang Yu looks at the figure of the two of them leaving. He always feels strange and has an ominous premonition. However, he thinks that there is no real ghost. What danger can there be? That's all. He's ready to go back.

Yang Yu went back home, went to the attic, and specially peeped out the window to look at the haunted house, because he could see the yard of the haunted house. He did see two people setting up tents in the yard, and one was wearing a conspicuous camouflage suit. Yang Yu was relieved. After dinner, there is no entertainment, but tonight, we are very interested, five people get together to play cards, in the countryside can only play mahjong and cards to pass the time.

"Have you finished your homework, third sister?" Five people gathered in the second sister's room, chatting, ready to play cards.

"I've written it for a long time. Sister, I want to play too. Besides, you're poor. Hee hee." Three younger sisters sit next to Yang Yu, she likes to be lively, like to follow everyone together.

"It's not bad to study. It's a big deal that my cousin helps her with her tutoring." Yang Yu is the favorite of the three younger sisters.

"Cousin, don't spoil the third sister." My cousin is also in a good mood tonight. She sits opposite Yang Yu and looks up at Yang Yu. Yang Yu just looks at her cousin. They look at each other and get a small electric shock. She immediately bows down.

There are all kinds of card playing methods in the country. In this county and this village, the most popular one is called "red five". It is played by five people. The dealer has a bottom and eight cards at the bottom. When the dealer opens it, he will recognize an ally and finally form a situation of two against three. It is the most popular card playing method here.

"Loser, tomorrow's housework will be all inclusive. How about feeding chickens and pigs, herding cattle, cooking and so on?" Second sister suggested.

"Then tomorrow's housework must be left to ER Mei." Yang Yu finds that he also likes to fight against the second younger sister. Who wants her to bully him? We must let the second sister lose all tonight.

"Well, I don't want to be with my cousin. I want to be with my mother." The second sister looked up and said with pride.

"I don't want to be with you either. I'm with my cousin." Yang Yu specially looked at her cousin and said with a smile. Her cousin also looked at Yang Yu and laughed.

"What about me? I'm going with my cousin." Three younger sisters depend on Yang Yu for everything they love.

"Three younger sisters, how come you are not promising. You have to talk to your cousin about everything. What good does your cousin give you?" The second sister is reluctant.

In this happy atmosphere, playing cards began.

It's rare for us to play so happily tonight. Who lost the most? Do you need to say more? Since the last time he went to the county town to save people and paid in advance, Yang Yu's luck is not good. It seems that it's reasonable to do more good deeds and accumulate some virtue, but I'm afraid that two thousand yuan will not come back, and I'm afraid that bet with the second sister will also lose.

My cousin took a bath long ago and wore a nightgown. Although Yang Yu often saw my cousin in her pajamas, tonight, under the yellow light, my cousin looked more radiant, especially her face, which was as pink as the third sister in the flower season.

At this time, my cousin had a good time, and she forgot her image. Maybe her feet were numb, so she changed her posture. As soon as her legs were opened, it turned out that her spring was shining, and opposite her was Yang Yu.

Yang Yu only cares about his own card. He looks up and looks at his cousin, only to find that his cousin's legs are open and spring is shining. A pair of black underwear is completely exposed in front of Yang Yu's eyes. Yang Yu almost has a nosebleed.

Yang Yu's heart leaps wildly. He has never peeped at the spring between his cousin's legs so closely. Yang Yu once peeped at the luxuriance of Mao under his cousin, so there are still some black hairs that are not wrapped up. They come out from the side of his black underwear, like naughty children.

Yang Yu's heart suddenly confused, the mind is not in the card.

"Cousin, what are you staring at? It's your turn The second sister called.

Yang Yucai shakes his mind from the confusion. His cousin also looks at him. He looks red as if he has peach blossom on his face. When he thinks about it, he suddenly closes his legs, puts down his nightgown and thinks: Oh, no, all his underpants have been seen by this cousin.

At this time, Yang Yu also secretly looked at her cousin, who also looked over and glared at Yang Yu. Yang Yu bowed his head and didn't dare to, thinking: it's over. My cousin found me peeping at her underwear.

It was around nine o'clock before everyone was ready to go to bed.

"Second sister, remember to wash all my cousin's clothes and underwear tomorrow. Ha ha Yang Yu looks at the depressed second sister. She is the worst loser tonight. Tomorrow's housework will naturally belong to her. Of course, Yang Yu is proud.

"I won't help you wash your underwear. It's so dirty!" Two younger sisters white Yang Yu one eye, cold hum a, lose her to have no temper tonight.

Everyone went back to their rooms separately. Yang Yu still looked at his cousin's background in the corridor. In the world, no one could replace her beauty in Yang Yu's heart.

Even if Yang Yu just looked at his cousin's background, he was stunned.

But at this time, cousin suddenly turned, unexpectedly and Yang Yu got an electric shock, both of them trembled.

"Good night, cousin." Li Yuanxi said good night to Yang Yu with a smile.

Yang Yu kept smiling and watched her cousin go back to the room until she closed the door.

"Stupid again. I don't know what's going on in your head?" After the second sister went to the toilet, she looked at her cousin's stupid appearance and said something. Yang Yu naturally ignored her. Instead, she went to the third sister's room and gave her a kiss on her forehead. She said, "good night, cousin. Sleep in peace. Your cousin is protecting you." Three younger sister Yun Xi happily closed eyes.

Yang Yu help three younger sister closed the door, downstairs to check whether the door is locked, just back to his attic. Since the metamorphosis incident, Yang Yu has been very cautious in everything he does, especially in terms of safety. He always pays attention to it, just like the patron saint of his aunt's family.

Yang Yu went back to the attic and peered into the haunted house. He found that the tent in the yard of the haunted house was on a weak light, so he just went to sleep.

Ticking time.

The night in the countryside is full of mystery, terror and unknown.

There are so many stars in Yunv village. The whole village has been sleeping. People don't know how long they have been sleeping. What time is it now.

All of a sudden!

All of a sudden!

Yunv village came a terrible scream! The scream resounded in the silent and dark village of yunu. It was so terrible that it was like seeing a ghost, which shocked the whole village.

And the time is exactly: 0:44.

Chapter 127

When Yang Yu got up and his family gathered around for breakfast, the story of last night had spread all over the village.

"Did you hear that scream last night?" My aunt got up early. She had heard about it early in the morning. The police had already come to deal with it.

"What happened?" Yang Yu is drinking porridge and eating pickles.

"Last night, two exciting city dwellers lived in that haunted house, only to find that they died there this

morning. They looked terrible. I heard they were scared to death. You, don't go into that room. You can't do it in the daytime, do you know?" She shook her head and sighed.

"They want to die by themselves. They dare to go there!" Two younger sister gnawed a steamed bread, disdain of say, as if this kind of thing, she already see strange.

But Yang Yu's face is extremely ugly: "not so evil?"

Yang Yuxin thought: is that the two donkey friends whom I introduced them to yesterday evening? Really dead? Impossible. Yang Yu took the steamed bread on the table, Gulong Gulong finished the porridge, and ran out directly.

After all, these two people still introduced themselves to live in the past. How can they say that they are a bit responsible, but they are really dead? Yang Yu thinks it's incredible that he died like this? It's too much to say. Last night, there were still two big living people. How can we say death is death?

Yang Yu ran directly to the haunted house, but the body had been moved away, and the police also left. He did not dare to stay in the house for too long. Outside the house, there were a few villagers who were discussing, but they didn't dare to go in at all. In the crowd, Yang Yu saw Li Ruolan's shadow, she is a reporter, this kind of thing nose is very sensitive, the first time to come.

"Sister LAN, what's the situation?" Yang Yu was still eating steamed bread, so he asked.

"Two donkey friends came to explore. Unexpectedly, they were scared to death in this haunted house." Li Ruolan looked up and didn't feel anything special or strange about the room. Besides, she followed the police in the morning and inspected a circle. There was nothing terrible about it.

"Are you sure you were scared to death?" Yang Yu is most concerned about this issue.

"Forensic preliminary judgment is myocardial infarction, sudden death, popular speaking can be said to be scared to death, last night's scream, you also heard it, it is the two of them Li Ruolan's expression is dignified, two big men are scared to death? This is too funny to say.

"Two big men scared to death? Hehe, what terrible things do they have to see?" Yang Yu's face is also very ugly. What terrible things did they see?

"It's very simple. You can sleep here one night?" Li Ruolan said with a smile.

Yang Yu immediately shook his head, even if there is no ghost, also don't take his own life risk: "Lan elder sister if also sleep with me, I can consider?"

"I can understand this as, are you teasing me?" Li Ruolan was not very angry.

"No, no, I dare not. You are Ruo Nu's sister. I have to go to class and talk later." Yang Yu looks at the time

and has to go back to school.

"Wait!" Li Ruolan suddenly stopped and added: "things are not so simple. What happened to the eyes of the two donkey friends"

Yang Yu asks curiously.

"The eyes are gouged out!" Li Ruolan said these five words word by word.

Yang Yu's face suddenly ugly: "soyan haunted house?" I looked up at the old house again. It was very peaceful. It didn't look like a ghost house at all.

Is this Yunv village cursed? There are many strange things in this country.

How can Yang Yu manage these now? Anyway, if the students are not allowed to go to the house, it will be OK. I am not a scientist and I don't study it. If I like to make trouble, I'd better improve the students' grades first.

After school and class, Yang Yu found that he was not at ease, just because of Zhang meiruo.

Yang Yu suddenly didn't know how to teach. He pretended that nothing had happened, but the more he pretended, the more awkward he was, and he didn't dare to see Zhang meiruo. Zhang meiruo is also low head, yesterday's thing, let three people suddenly fell into a delicate relationship.

It's like a layer of yarn that can't be broken. Snow White dare not turn around to talk with Zhang meiruo, thinking: now Zhang meiruo must regard himself as a big bitch, a big slut, I'm afraid this friend can't do it, ah, how can this happen.

Today is Thursday, and it's the weekend. I still have to take these students to play basketball. Yang Yu wants to think about it. Do you want to take some office flowers and make up to them?

But now Yang Yu is a good student. He doesn't dare to mess around in school. This time he is met by a girl student. What if he is met by his girlfriend next time? What's more, the last time I had her best friend in the attic, I felt like I had a narrow escape. If it goes on like this, something will happen. We have to keep a low profile. How can we make Zhang meiruo shut up now.

Yang Yu can't think of it at the moment, so he can only please her next time. Ah, the second sister is her nemesis, so don't have another class flower.

Second sister, she is having fun with her good friend coco in her room.

Don't know how, this cocoa unexpectedly found a magazine, stare big eyes: "Ya Xi, you won't also see this kind of thing?"

Two younger sisters see, completely disdain, originally coco hand is from cousin Yang Yu that confiscated yellow magazine, understatement said: "cut, I'm not interested, this is my cousin that confiscated." "Miss Yang?" Coco a Leng: "he also see this kind of thing?"

"That's not true. He confiscated it from the students, too." Yaxi actually believed what Yang Yu said this time: "it seems that her name is Zhang meiruo. Isn't your sister in that class?"

"Zhang meiruo? I heard my sister say that she is a ban Hua. " Coco felt incredible, and continued: "even ban Hua also looks at this kind of thing, or lend me to go back to see it for two days? Ha ha

"Oh, you want to see it, too. The girl has grown up, right? I'm not ashamed. " Li Yaxi despised the way, but a good friend is a good friend: "take it, take it, anyway, I throw this do not look."

In fact, coco and Yaxi are classmates, two years older than Yunxi. After graduating from junior high school, they dropped out of school. Li Yuanxi, the eldest sister, graduated from technical secondary school. She didn't find a job, so she stayed at home for the time being. Maybe she went back to the county to look for a job.

I didn't expect that this yellow magazine went to coco, the second sister's classmate. Where will the next stop go? There is a good thing in the countryside, which is shared by the whole village. Will the whole village see it in the end.

When Yang Yu and Yunxi come home from school, cocoa also happens to go home. Yang Yu doesn't look at the things in her hand carefully, but he feels familiar. However, when cocoa meets Yang Yu, he is embarrassed and runs away.

Yang Yu was shocked.

"Er Mei, why are you still idle? Have you washed your cousin's underwear yet? " When Yang Yu went back upstairs, he saw that the second sister was still playing. Thinking of last night, he made a mockery.

"Wash your sister!" Two younger sisters scolded a sentence, oneself went downstairs, no longer bird Yang Yu one eye. Yang Yu has a black face.

Anyway, the second sister cooked the dinner.

"I have to cook it to my cousin like a pig every day. Two thousand yuan is gone." At dinner, the second sister was not convinced that she lost last night, so she took this to brush.

Indeed, it has been four days. If someone wants to pay back the money, they should also make a phone call.

"Isn't gambling week two weeks? My cousin hasn't lost yet." Naturally, Yang Yu can't admit defeat in this way. It's really embarrassing that he will end up doing a good job.

"Mom, I want to go to the county next week to look for a job. Staying at home is not the way. I always have to earn money to pay off my debts. Moreover, I've been at home for a long time, and I've had enough fun." My cousin was eating in silence when she suddenly said something like this.

Four people were stunned for a while, but Yang Yu's food in his mouth suddenly stopped. No one was more excited than him. If his cousin left, she would not be able to go with her. After two happy days in the countryside, he did not expect that his cousin would go to the city to look for a job? Yang Yu, of course, is a thousand unwilling.

It's all money!

Yang Yu swallowed the rice in his mouth, summoned up the courage and said: "I don't agree. They all make money. They don't have to work. They can make money in the countryside."

"How do you earn it? It's so far away from the county, so I have to get up early and feel dark when I go to the county, and I can't sell the dry goods. How can I repay the debt?" Cousin suddenly red eyes, she is more reluctant to leave here than Yang Yu, root here, although young people should go out more.

The second sister and the third sister did not speak, and they did not want to, but the reality was explicit.

Yang Yu looks at her cousin, who also looks at her eyes, and immediately dodges. She doesn't want Yang Yu to see her heart, the reluctant heart, and the tears that are about to emerge.

"Give me another chance. If I still can't sell or find a channel this time, I will send my cousin to the city in person." Yang Yu's eyes are sore. Even more afraid to see his cousin, his eyes will be red.

Some things, needless to say, as long as a look, you can understand them all.

As long as there is that person in your heart, the one who makes you happy, sad and care, everything will be understood naturally.

All the happiness comes from sadness. Yang Yu always remembers this sentence, but sadness comes a little fast. Cousin won't leave. As long as the dry goods can be sold, cousin can stay and help.

Chapter 128

His cousin's sudden decision was a big blow to Yang Yu. He was in a bad mood. He didn't want to leave. Parting is full of pain. He didn't want his cousin to stay alone in a corner of the lonely city, live in a place not called "home", and be squeezed every drop of residual value by a group of capitalists wearing false masks.

Yang Yu can imagine that her cousin might sob quietly in bed, but she pretends to be strong and faking to be pitiful like a dog.

This is not what Yang Yu wants to see. When he is in a bad mood, Yang Yu will carry his guitar and find a quiet place to sing quietly. Since the last dream of ghosts in the attic, the guitar has been taken home. There is also a rooftop in the attic. It's dark and the night is quiet with stars. Yang Yu carries his guitar to the rooftop.

When Yang Yu thought of the Song Chen Shuhua's "waking up from a dream", which was her favorite song when she was a child, she played the guitar and sang quietly:

you said that you loved the person you shouldn't love

your heart is full of scars

Yang Yu felt that his love for her cousin was just like this song: if you loved the person you shouldn't love, you would have known that it was inevitable to be sad, so why do you have to be so devoted!

The sad song from the heart also came into the cousin's room downstairs. What a familiar song, what a favorite song, Li Yuanxi's heart suddenly touched. The song did not penetrate into her ears, but into her heart, staying on the painful heart mark. Li Yuanxi suddenly cried.

Lying on the bed crying, clearly so big but still like a child.

Heartache!

Stay on the roof of a quiet singing and crying in a room.

Two people can't be together!

Two people who don't know each other's mind, and dare not break the taboo love, are exhausted in the depths of each other's hearts, one is trembling, the other is getting an electric shock.

The song is far away, and it also floats to Lin Yina next door. For Lin Yina and Cui Qiang, who are grumpy and careless, hearing this kind of music doesn't seem to bring any feelings. However, one person is fascinated by this touching song.

Like a demon, she went to the rooftop and quietly enjoyed the beautiful song. She couldn't believe that the song would come from the mouth of a strong Yang Yu. If she didn't see anyone, she thought she was a scholar.

At the end of Yang Yu's song, his eyes are moist and his soul is singing. What can those "artists" understand?

"I didn't expect you to sing so well!" She was moved by the song and clapped her hands involuntarily.

"Yiyijie, how could it be you!" Yang Yu did not expect that there was a silent audience on the same shimmering roof next door.

"Are you lovelorn? With Mr. Li? " Lin Yiyi strides over and does Yang Yu's side. He looks up at the starry sky. The breeze blows Lin Yiyi's hair and floats up.

Yang Yu was stunned by the scenery. Unexpectedly, Lin Yiyi looked so beautiful, so he followed her and sat beside her.

"No, Yiyi is wrong." Yang Yu was flustered, not lovelorn, but more lovelorn the same pain.

"Let me guess again." Lin Yiyi said with a smile, and then turned his eyes, said: "is it because you like Li Yuanxi?"

Yang Yu Leng for a moment, embarrassed smile, was seen through, do not know how to cover up, had to disguise, immediately changed the topic, said: "Yiyi sister this month, to the holiday?"

Lin Yiyi turned his head, face is not very good, also seems to have a lot of heart, but do not know how to talk. Lin Yiyi nodded.

Yang Yu wanted to say: nothing, take your time. In the heart is to think: come just good, brother can also slowly grass you, grass rotten you again pregnant not late. However, when I heard Lin Yiyi's eyes, which are the mirror of the soul, when I saw Lin Yiyi's eyes, I was suddenly touched. It was not the touch of love with my cousin, but a kind of sad touch, just like seeing those children in the mountains who didn't go to school. Yang Yu stifled all these thoughts.

"Yiyijie, it seems that you are not happy either?" Yang Yu guessed that it might be because he was not pregnant, so he was not happy, so he continued to ask: "Yiyi elder sister, do you know the ovulation period?"

The stars in the night sky in the countryside are very bright and beautiful. Lin Yiyi looks at the clear sky far away from the dust.

"I know, this Sunday is my ovulation period." Lin Yiyi turned his head and said softly.

Yang Yu Leng for a while, want to say and embarrassed to say, originally should be Lin Yiyi mouth, after all, she is a borrowed person, but Yang Yu and know Lin Yiyi is a passive woman, so still open his mouth: "then I go to see you on Sunday night?"

When Yang Yu asked this question, there was no complacency or flirtation. Instead, with sincerity, Lin Yiyi was a good woman.

Unexpectedly, Lin Yiyi nodded heavily, which was really beyond Yang Yu's surprise. He suddenly felt that Lin Yiyi was a little strange and really had something on his mind. But think about it, the matter of

borrowing seeds also came out. Was it because he was found in the field last time that he was unhappy? Or what? Besides, brother Wang Ren is very kind to her. Although he doesn't give up, he should be used to it."Yiyi, what's the matter? If there's anything unhappy, you can tell me. " Yang Yu once again said sincerely.

"Thank you. No, I don't Lin Yiyi turns his head and looks at Yang Yu with a look of sadness and fear.

"Well, I'm going back. Thank you for your song." Lin Yiyi got up and left. When he turned his back to Yang Yu, he bit his lips and looked very strange.

"What happened? Yiyi seems to be afraid. What is she afraid of? " Yang Yu muttered to himself that he had been observing Lin Yiyi's actions. He even saw Lin Yiyi shiver several times, and his hands were still shaking. It was not cold this evening, which was obviously a sign of fear.

What's Yiyi thinking when she's looking at the stars? Why is she so calm tonight? Why is she so ready to promise tomorrow night's appointment? Why is her body trembling? What's the matter with her fear? Yang Yu guessed and thought, maybe I think too much.

Yang Yu went back to his attic, and the day after tomorrow he was going to catch up with Tang middle school basketball game, so he thought about tactics. Although it's really not important to win or lose, and it's time to learn, Yang Yu wants to win the competition because he wants to give them a memory of their youth before graduation.

Lin Yiyi went back to the next room, but asked to stay here to sleep tonight, which surprised Lin Yina and Cui Qiang. Although the three people had different ideas, Lin Yina was happy, wondering if her sister wanted to have sex with Yang Yu? And Cui Qiang is the same idea: is it not for cheating with Yang Yu? You have to listen to it at night.

What does Lin Yiyi think? She just didn't want to go back, didn't want to see that person, was a little afraid of that person.

Wang Ren was lying on the bed, staring at the ceiling without blinking.

Friday is a very happy day for many office workers and students.

The early morning sun shines on the whole Yunv village, blowing away the fog last night, which is no longer so strange. Everything is coming to life. The villagers are busy again. The weather is getting hot, and the girl's clothes will be less and less.

Tomorrow will be led by President Chen. Yang Yu and ten people will go together. The number of cheerleaders is already huge, so they can't go even if they are on the team.

"Principal Chen, do you really want to lose face with Mr. Yang Yu?" Since Yang Yu rejected her, Zheng Xinyi has always looked down upon him. Sometimes she would lose a few words to satisfy her vanity.

"Don't say that. It's good to give the children some activities." In fact, President Chen really didn't want to go, but this time the county called for him to go, and he had to go. I heard that the County attached great importance to this basketball game, saying that what promoted school exchanges, what students' physical and mental development, what responded to the call of the party, the reasons were pile upon pile, and President Chen had to go.

It can be said that in addition to his girlfriend Li Ruoshui, who supports him and thinks he will win, other people all think it's a daydream to win.

After the bell rings, only Yang Yu and Meilian are left in the office. Zheng Xinyi, Meilian and Yutingzhong, the three female teachers of the school after 1990, belong to Meilian and Yang Yu. After Zheng Xinyi is rejected, she hates Yang Yu. Yuting city has a boyfriend who goes back to the county every weekend to be moistened, but Meilian is still single and follows Yang Yuguan. It's ambiguous, but it's ambiguous. Keep this distance. After all, Li Ruoshui is Yang Yu's girlfriend.

"Mr. Yang Yu, how about a bet?" Meilian, like Zheng Xinyi and Yu Ting, is a more open-minded girl.

"Bet on what?" Yang Yu is interested in gambling again.

"If you lose this basketball game, promise me one thing. If I lose, promise you one thing." Meilian came over, lying on Yang's desk, blinking.

Yang Yu thinks that the chance of winning this basketball game is very small. He is sure to lose, but as a coach, he can't show weakness, can he? What's more, I'm still a man. In front of women, even if I suffer losses, I have to pretend to take advantage.

It's a blessing to suffer losses.

"Yes, I promise, but what can I do for you?" Yang Yu doesn't think that time is too difficult.

"Ha ha, I give up so soon. What I want you to do is very simple. I like crazy and exciting things. Last time, two donkey friends died in the haunted house. I thought"

"wait, you don't want me to spend the night with you in the haunted house, do you?" Yang Yu opened his eyes wide. What do you want to do? Why do you still want me? Those two thrill seekers have been scared to death. Yang Yu doesn't want to be the third one.

"What? Don't you have the guts? Ah, I thought Mr. Yang Yu was not afraid of anything." Meilian sarcastically continued: "however, I'm not asking you to accompany me. I heard that last time the donkey friend recorded a video while exploring at night. As far as I know, the camera and the police didn't find it. I suspect it's still in the haunted house. Help me find it."

"Aren't you a thrill seeker? Why don't you go by yourself?" Yang Yu wondered, you are a girl who is only

18 years old. What's wrong with learning to seek this kind of stimulation? The brain was kicked by a donkey?"How dare you promise?" Meilian began to use the method of provocation. Seeing Yang Yu's hesitation, she turned her mind and was ready to give him a set, which was full of temptation. Yang Yu would certainly take the bait, so she added: "Oh, if you win, I'll let you do it last time."

Poof!

Yang Yu suddenly spurted out!

Where else can we refuse? Yang Yu is so happy in his heart. Is there any such good thing? But Meilian's heart is more happy, what they love to find stimulation, it is false, make up, and the real purpose is to take the video, and then sell it to reporters, news stations, newspapers, even upload Youku, you can make a lot of money.

Money is the first thing in Meilian's heart. For money, Meilian calculated everything and took advantage of all available opportunities.

Yang Yu is still in the drums. How can he win this competition.

Chapter 129

But if you win a basketball match, you can do two girls. How can you find such a good thing in the world? But this is not the most important thing, the most important thing, the primary and secondary schools in Yunv village can finally raise their eyebrows, how many years of frustration?

These children are more excited than anyone else. They have been in the mountains and seldom go to the county town. In fact, there is nothing in the small county town. After crossing Oujiang River, they go to the opposite urban area, where is the bustling and prosperous city.

However, when these children entered Shangtang senior high school, they were shocked. The school was luxurious and vast, and they might get lost if they walked around it. Moreover, the students' dress and quality were in sharp contrast with these rural girls.

This is like a paradise on earth school. The dormitory building is also equipped with air conditioning. The playing field is so big that it is still an indoor basketball court.

When this group of female students who have not seen the world enter the basketball court, they are shocked.

When the principal saw the basketball match, all the students in the school didn't even want to watch it.

I didn't expect that the show was so big and grand.

"Principal Chen, welcome, welcome. We haven't seen each other for many years. I didn't expect a basketball match would bring us together. Ha ha." Headmaster Xie of Shangtang middle school is very

excited to see that headmaster Chen is really here. He has a team to abuse vegetables for himself. He can raise face again. How can he be unhappy?

"Headmaster Xie's extravagance has startled my old man." Principal Chen clenched principal Xie's hand. His hands were shaking and his forehead was sweating. Unexpectedly, he lost his face so much that he knew he shouldn't have agreed at the beginning, but later it was too late to refuse. Even the leaders of the County Education Bureau called to fight, so he could only fight. So the hope was completely on Yang Yu.

"Come here and introduce the leader to you." Principal Xie quickly pulls principal Chen over. Yang Yu also greets principal Xie. When he doesn't have much to do with him, he has to ask the students to wait first and follow principal Chen to the side of the basketball court.

Yang Yu doesn't know anyone here.

Of course, from the introduction of the official university, the first one scared President Chen to kneel down. It turned out that it was Su Shi, deputy director of the Municipal Bureau of education. President Chen's face suddenly changed and he quickly shook hands to say hello. This is the biggest official he has ever seen in his life.

Su? Yang Yu hesitates. He has the impression that Su Yan's father, introduced by Xie Qiuqiu last time, is from the Municipal Education Bureau. Can't Su Shi be Su Yan's father?

Sure enough, there are two senior high school coaches from the County Sports Bureau. They didn't want to see what the other two coaches were.

When the pit is big, Yang Yu really just wants to play as a friendly match. As for the gambling, it's probably just the impulse between men. It's not enough to say that he really kneels down in front of so many people and licks Ma Jian's toes?

But Ma Jian's wife, hehe, Yang Yu wants to do it.

Of course, it's different to be a wife of other people. It's more exciting and refreshing, especially when Ma Jian's wife is killed by Yang Yu. Yang Yu wants to see the contradictory feeling of whether or not to scream in front of her husband.

Therefore, Ma Jian, the basketball coach of Shangtang middle school, who has helped Shangtang middle school monopolize the county women's basketball for five years in a row, naturally does not miss the chance to damage Yang Yu.

"Miss Yang, I thought you didn't dare to come?" Ma Jian said with a smile.

"Why? I miss your wife a lot Yang Yu hit the nail on the head. After hearing this, Ma Jian's face suddenly changed. It was very ugly.

"I'll see you on the court. It'll make you lose very, very ugly." Ma Jianduo said that it was useless, so he gave him a score of 60 to 5, and then he left.

Yang Yu also went back to his students.

This group of female students are just like the little hens, looking at the women basketball players of Shangtang middle school who are training in front of them.

"Hello, Miss Yang." Zhang Fangfang said timidly. Looking at their faces, Yang Yu knew that they were already afraid and afraid, and had no confidence.

Yang Yugang wanted to open his mouth and encouraged him. Suddenly, the center of Shangtang middle school jumped up. Unexpectedly, unexpectedly, there was a t-button?

Suddenly, the whole stadium boiling up, hundreds of people cheered, the center looked here, a face of disdain, the center is 180 high ah, higher than Han Qingfang head, now, even Yang Yu see all have no confidence, this is a fuckin 'man?

Junior three girls can dunk? Is this WNBA? Did you grow up eating gutter oil or genetically modified rice?

Yang Yu is also stunned, but in front of these female students, how can he be frightened as a coach? Immediately put on a look of disdain, said: "just dunk the basket, make a fuss, let's go back to the dressing room." Into the dressing room, Yang Yu naturally embarrassed to stay here to see them take off their clothes, but here is the white flower of ten girls ah, all stripped, Yang Yu can stand? Besides, there are beauties like Han Qingfang and Shen Feifei.

Yang Yu had to hide in the corner, did not see them change their clothes, and then yelled to them: "wait, let's go out and warm up and throw a few baskets. When it comes to the game, listen to me. All you have to do is try your best to play

"Miss Yang, we are afraid. They are so strong." A girl student said.

"There's nothing to be afraid of, really." Ji Ming replied.

After everyone changed their clothes, what kind of jerseys are there? They are nothing more than ragged shorts and short sleeves. They are very shabby. Yang Yu only said one thing:

"maybe you won't have several opportunities to prove yourself in your life. Don't regret it. Go to Bo and enjoy your youth."

When Yang Yu appeared on the basketball court with the girl students, the audience roared with laughter.

There was an audience shouting on the spot: "are they here to play? I think it's a cattle herd, and dressed like a village girl. "Ha ha,"

's remarks made hundreds of spectators more happy, and even the other basketball players shook their heads. They thought they should play a friendly match with a group of woodlouse kids.

After the warm-up, the game will start soon.

"The five of you don't start first, the substitutes first, and the starters are optimistic about the strengths and weaknesses of your opponents." Yang Yu decided to learn from Tian Ji's horse racing. First, he used the substitute to test the strength of the opponent. Only when he knew himself and his opponent could he win a hundred battles.

"Ah? Why don't we? What are we doing here, huh As soon as Ji Ming listens to it, she is not willing to play. Yang Yu knew that Ji Ming had the biggest temper and didn't annoy her, so he continued to say to the substitute:

"you go up, you should use up your strength to defend, and consume their first strength. Come on, everyone. "

With the referee's whistle, the game began.

But before Yang Yu could react, in an instant, he was beaten to a 0:12 start. Yang Yu touched his forehead, feeling a little afraid to see people. President Chen, who was in the leadership seat, was already in a cold sweat. He took out his handkerchief and kept wiping it.

"Is principal Chen cold?" Principal Xie asked with a deliberate smile, which made principal Chen feel chilly.

"It seems that it's your school again to represent the county in the city competition this year." The county leader said happily.

"Ha ha, our goal is to represent the county to participate in the national competition." The more President Xie said, the more proud he was. At the same time, President Chen was overwhelmed by this.

Yang Yu had no choice but to call a time-out. He was afraid to fight any more. Maybe it would be 0:20. However, when playing basketball, you have to get up wherever you fall.

"They are very strong in pick and roll, Zhang Xue, you should help to defend more, don't let their No.1 be like a nobody." Yang Yu only told this, on the field, or rely on their own.

Sure enough, the other side made two mistakes, was hit back, and even got four points. But in this positional battle, with the 180 center of the other side sitting down, it's almost impossible to jump in, and there's a lot of interference in shooting, so it's not allowed.

At the end of the first quarter, the difference is 4:19, which is really ugly.

The other side has already been elated. Looking at the opponent's level, he doesn't even have the desire to play. It's just like Brazil playing the national football team. Ma Jian doesn't say anything. Anyway, how to play is a dish abuse.

"While the leaders are here, you should abuse to death. The bigger the score, the better. Ha ha." Yang Ziyu's crazy face makes you look at Hei Zijian's heart? Are you crazy?

President Chen is more nervous than Yang Yu. If we continue to fight like this, I'm afraid we'll end up with a score of 10-80. How can President Chen have the face to stay here.

"Miss Yang, when on earth can we go up?" Ji Ming can't hold it.

"Don't you see that the other side's number one is very strong?" Yang Yu is not in a hurry.

"I'll go up and blow her up." Ji Ming gave a cold smile.

However, Yang Yu didn't start the game in the second quarter, but the score was wide open. He was 21 points behind at 10:31 in the half.

It seems that there is no chance of winning. Did Yang Yu give up his arms in the second half?

No, it's just the beginning of the game.

Chapter 130

In the lounge.

"Han Qingfang, their fifth position is very strong and high, but the speed is very slow. You should use your speed and flexibility to surround her, or even pull out CIC. Don't fight hard with her." Yang Yu observed almost everyone clearly, and these were the prerequisites for Diao Si's counter attack. He slowly analyzed them to the students.

"Their second position defense is very weak. In the second half, we will completely focus on this position and blow them up, so the scoring in the second half is entirely up to Zhang Fangfang, so you should be confident, don't worry to throw, and then throw until you throw in. Ji Ming, you are the point guard. If you want to jump in and score, you can throw for Zhang Fangfang. Their guard is also very strong, Han Qingfang, you have to think of a way in her burst to want to pass, Rao to the other side in front of the fifth position to intercept Yang Yu said the advantages and disadvantages of each position. At least how much they can listen to, they can only gamble on this group of students.

"Let's see who the shit team is. Come on!" Ji Ming yells.

Ji Ming is such a person, a leader, a terrible leader, a fearless leader, and a king in basketball.

The second half began.

In the first half, when Ma Jian saw that Yang Yu didn't change people, he knew that this guy was a layman. In the second half, when he saw that all the people had changed, he fell down with a smile and shook his head. He despised that he couldn't even change people, so he came to play basketball?

As for the reward score, the audience and the leadership have already thought that the victory has been decided. It's just how many points can be lost and how much face can be lost to President Chen. This is what the audience and President Xie are willing to see.

As soon as she came up, Ji Ming suddenly gave the ball to Zhang Fangfang. Zhang Fangfang raised her hand and threw it. With a bang, the ball hit the iron but didn't go in.

"I can't even stand under the basket, and I still want to shoot three points. What a fuckin 'brain wreck?'" Some people in the audience yelled, which made other people laugh. However, the leaders seemed to be used to these insults and didn't hear them.

Hearing this, Zhang Fangfang's fear and tension suddenly turned into anger and self-confidence.

Only President Chen has been wiping sweat, dry mouth.

As a result, the other side entered again.

"Just dying." Ma Jian looked at Yang Yu and said to himself.

Ma Jian gang can be said to play, Zhang Fangfang season three through the heart, directly into the.

"It's just luck." Almost everyone in the audience and Ma Jian have this idea: a blind cat meets a dead mouse and throws it in.

Then, Ji Ming made a fast break and gave it to Zhang Fangfang directly. Zhang Fangfang didn't even think about it. He also made a jump shot and even got in. There was a little noise in the audience, but Ma Jian didn't pay attention to it.

However, in our daze.

Brush, brush, brush! Zhang Fangfang scored three more three-point goals.

All of a sudden, the score was 22-37, only 15 points short. This sudden change bored the other side. In addition, they were elated and lazy. Ji Ming's fighting spirit was fierce. She snatched one, and the other side shot once again. This coming and going made the other side a little climax.

Ma Jian's eyebrows, need to stabilize the situation, called a pause. Ma Jian called a pause, and the audience and leaders felt that the game had a little flavor, but they still didn't pay attention to it.

"They will then use the third position to assist Zhang Fangfang in defense. If they are assisted in defense, you will upload the ball to Ji Ming. Ji Ming should not be in a hurry at this time. As soon as the assistant goes away, he will immediately pass it back to kill her? No, at this time, Han Qingfang came out to block Zhang Fangfang. Zhang Fangfang, if you feel confident, you can continue to vote. We will fight this point and fight a way out." Yang Yu encouraged that he had already guessed that Ma Jian would take Zhang Fangfang's precautions. "I'll fight you until you have no temper."

The pause is over and the game continues.

indeed, Yang Yu as like as two peas in the same guesses, and Zhang Fangfang and Ji Ming will learn to use them alive. They once returned several times to run, and the runner would run to the puff. Once again, Ji Ming deliberately killed the basket, because there were fewer people and he immediately ran back to defend. Who knew that Ji Ming had passed away again and tired the man down.

Originally, the main force in the first half was consumed a lot of energy by Yang Yu's substitute.

As a result, at the end of the third quarter, because of Ji Ming's fierce defense, Zhang Fangfang couldn't play the other side's attack. He managed to catch up with the score to 31-41, only 10 points short.

All of a sudden, the audience was boiling, noisy and abusive. Principal Xie pretended to be calm and forced to smile, but he was already nervous.

President Chen suddenly seemed to see a glimmer of hope.

It's like the other team is already winning. How can it be that they are still chasing each other? In the third quarter, Ma Jian was caught unprepared by a sudden rage, and he was also impetuous.

Only Yang Yu is calm and extraordinary. It seems that this competition has already won.

"Try Han Juan. She won't be one of her best free throws. She won't be one of her best free throws Yang Yu has been observing the big man's shooting ability, and found that her scoring method is very single. It seems that she dare not shoot a little farther away." "The other party has already spent two people to pack Zhang Fangfang and Ji Ming. It's up to you in the fourth quarter. Remember to pick and roll Ji Ming in position 4 and 5. Their lunch is too slow to come out." Yang Yu saw the advantages and disadvantages of the other players clearly.

At the beginning of the fourth quarter, the cutting center tactics were directly sacrificed. Sure enough, the 180 girl didn't even send a ball in. Ma Jian was so angry that he was replaced, while Yang Yu replaced Han Qingfang.

Ji and No. 1 were in a fierce competition, especially in the fourth quarter.

At this time, Yangji and Mingyu were forced to catch up with each other in the first three minutes, but they were very poor.

Suddenly, I felt full of gunpowder. Unexpectedly, they both fell on the floor with pain and legs in their arms. Their expression was very painful. This time, the collision was not clear.

"No, it won't hurt, will it?" Yang Yu suddenly feels that people are not as good as heaven. He has already run to see Ji Ming's expression, which is very painful. He goes to see her immediately.

"How's it going? Is there any injury?" Yang Yu asks in a hurry, similarly, Ma Jian also ran to come over, looked at own 1 position injury.

This time, even the doctor came.

"I twisted my foot. I can't stand up." The other side's No. 1 position said that he was carried out by a stretcher. Ma Jian never dreamed that this would happen. He turned to look at Ji Ming and found that the other side was the same. He couldn't get up, so he was relieved.

Principal Chen is more nervous than anyone else.

I didn't expect that the game, which had already lost its suspense, would be fierce at the last moment. Unexpectedly, a royal basketball team, who won the fifth Championship for a long time, would play with a country amateur team, who was new to basketball.

Yang Yu knows that once Ji Ming is injured, Zhang Fangfang will definitely be prevented from dying. Han Qingfang can't protect himself. The other positions 3 and 4 are full of loopholes, so he can't play. Ji Ming is Yang Yu's last trump card.

Just when everyone thought Ji Ming would be carried out, Ji Ming stood up and whispered in Yang Yu's ear: "how about my acting skills? It's all right"

Ji Ming secretly smiles at Yang Yu. Yang Yu widens his eyes and looks surprised. Grandma's, I'll say, is this thief smart, and he even plays tricks?

Sure enough, the remaining three minutes were dominated by Ji Ming alone.

With 30 seconds left, it was a surprise draw.

Everyone was stunned. Is this team really from the countryside? Two months ago? Is it really amateur?

Just ten minutes ago, principal Chen's face was still pale, and principal Xie's face was still pink. But more than ten minutes ago, the faces of the two people changed. Principal Chen was so excited that he ran up to cheer up, and all the substitutes came out to cheer up.

Will the myth of Shangtang center be broken?

Why did Yang Yu come to the center? It's really a world in decline. Have all the home fans turned against each other? Ma Jian was so angry that he only stamped his feet. He only blamed himself for belittling the enemy. He didn't expect that the other side's camp had hidden such two characters.

But Yang Yu has not won, because the ball right is still in Shangtang middle school.

The moment of truth has come.

In the last 24 seconds, the powerful center of the other side also played Han Qingfang with a 2 + 1, and the whole court was boiling again. It was a winner.

"We can't get the free throw. We lose if we get it." Yang Yu suddenly prayed. At this time, he believed in God? It's ironic.

But the same irony, this free throw is not really in?

Yang Yu called a pause in a hurry, left 6 seconds, two points behind, can only take a chance to play a three-point? Three points, can only let Zhang Fangfang to cast.

Ma Jian knows better than Yang Yu that the last shot in 6 seconds must be in Zhang Fangfang's hand: "listen, they will definitely give the ball to position 2, position 1 will only break through, and other positions are not enough to be afraid. Even if they get in, it's only 2 points, and extra time can't beat us, so we must guard against position 2, and do everything to guard against the three points of this point, OK?"

Six seconds? For the winner, time is too much, but for this group of rookies who have just been in touch with basketball for less than two months, 6 seconds is too short.

The ball is sent out. Ji Ming catches it and passes it to Zhang Fangfang in 4 seconds without saying a word. In 3 seconds, Zhang Fangfang jumps up, but three of the other players jump up. All of Zhang Fangfang's vision is blocked, and even a frame can't be seen. How can he throw it?

Ma Jian laughed. The ball was blocked. He won the game. Ha ha, Ma Jian has already laughed and laughed wildly.

The audience are surprised to win the game, and the headmaster is relieved.

But, but!

Zhang Fangfang even threw, but gently to the side of a pass, the ball unexpectedly to Ji Ming's hand, still 1 second. Ma Jian's face suddenly changed.

What? Isn't the last shot for Zhang Fangfang? Is that a trap? Can we say that the final choice is position 1? It's impossible. How can Yang Yu let her vote? She didn't throw a basket in the whole game. Isn't she only able to break through? Can she shoot? Three points? It's impossible!

Brush!

One shot through the heart!

Brush the ball into the box, steady, hollow, an arrow through the heart!

The time is up, the whistle rings.

I was killed by Ji Ming!

The strongest killer will always hide his strongest weapon.

Chapter 131

"Did you see how ugly Mr. Ma's face was just now? Ha ha."

After lunch, we left the gate of Shangtang middle school. On the way to the station, the students were crazy and completely immersed in the joy of winning.

"Principal Chen, we have won all the competitions. It's hard to come to the county. Why don't we take our classmates out to play?" Yang Yu is in a good mood after winning. Although winning is in Yang Yu's plan, there is still no Ma Jian saying, "let your wife wash her ass next time and wait for me, ha ha".

As soon as the students listen to it, they immediately calm down and go crazy again.

"Principal Chen, you can take us." Zhang Fangfang was coquettish first. Other students immediately attached to the way, Shen Feifei's mood is also quite good, not only won the comparison, but also has been with Yang Yu, chatting, let her very happy, immediately responded to Zhang Fangfang's call: "yes, yes, I'm still the first time to the county."

"No, just a few tall buildings. What's fun? Go back to headmaster Chen and buy meat for you." President Chen thinks that this is not a planned thing, not to mention so many inconveniences.

"There's no fun in the county, but there's an ocean park in the city opposite the river. It's not far away. You can take them to have a look." Yang Yu doesn't follow. It's boring to go back like this, but it's still up to the headmaster. He's just making suggestions.

Listen to a few girls more like the old man, or a teacher up.

"Mr. Chen, just follow us once. Please, let's go and have a look." If you are in a good mood, you will have

more fun. Everyone wants to play.

Principal Chen is old, not to mention retiring soon. He doesn't like to be tossed to death. Safety is the first thing. He makes an excuse and says, "Ocean Park asks for money. How can there be so much money?"

As soon as the students listen to it, they are immediately depressed. There are 12 people here, so the tickets are really expensive.

Yang Yu can be a word, and immediately let the students bloom ah.

"As far as I know, children and students there don't need money, they only charge adults." Yang Yu also carried it with President Chen.

"That's not enough time to go back and forth. I don't have a car to go back at night." Principal Chen thinks about it. It's wrong. There's no car.

This time, the students turned their heads and looked at Mr. Yang. They seemed to place all their hopes on Mr. Yang Yu. It seemed that they were saying to persuade the headmaster quickly. We want to play.

Yang Yu knew that this was really a problem, and he was embarrassed to take so many people to disturb Xie Qiuqiu, so he had to say:

"you can sleep in a hotel, two rooms are OK, double bed room, let them sleep horizontally, air conditioning is not cold, if you don't have money, open one, it's only 50 yuan, headmaster, you sleep on the floor, I'm ok, find a street that can keep out the wind You can stay up all night in the corner. " Yang Yu knew that money was a problem. He gave his only two thousand yuan to the old man who had been in a car accident for a week, but it didn't disappear. Now he really has no money. He really can't afford to stay in a hotel.

After listening to Yang Yu's words, the students didn't know why, and they were very sad.

"Principal Chen, I can also sleep in the street with Mr. Yang instead of in the hotel." Zhang Fangfang is just a junior high school student, but she seems to be more precocious. Which of these children in the mountains hasn't lived a hard life? Which one hasn't slept on the street?

Stay in a fifty dollar hotel. It's a luxury.

President Chen also suddenly sour eyes, very solemnly said: "I've been a teacher all my life, as a president for more than 20 years, never like today, never seen President Xie's face will be so ugly in front of me, I'm happy, I like to raise eyebrows and exhale, this is also the best gift you give to the president for retirement." Principal Chen wiped his eyes, sobbed a little, and continued, "let's go! Go to Ocean Park

Money, nothing, sleep on the street, you can also be happy, some things, money can never change.

But the headmaster still didn't buy a ticket to the ocean park. He also wanted to go in and have a look. However, the money was not enough, so Yang Yu and ten female students went in.

These girls are so excited that they want to move their home and live here. They run, hip-hop and fight all the way. They are so happy and curious. They have never seen such beautiful creatures in the world.

However, in Yang Yu's eyes, these beautiful creatures are not as beautiful as these female students.

"Why don't you run with them and look ahead?" Yang Yu is strolling slowly. Anyway, it's very safe here, and students can't get rid of it. He is very relaxed to let them go crazy.

"I'm going to leave too. There's only one person left to watch Mr. Yang." There is another girl who follows Yang Yu. She is Shen Feifei. Instead of following Han Qingfang and Zhang Fangfang wildly, she follows Yang Yu silently and looks at them. Yang Yu suddenly felt a touch in his heart. Suddenly, he saw a beautiful jellyfish in front of him. He took Shen Feifei's hand and ran there.

Shen Feifei blushed when Yang Yu held hands with her, but she didn't struggle. She didn't let go until she was beside the jellyfish. However, her mind was on the jellyfish. Instead, she secretly looked at Yang Yu with unspeakable happiness in her heart. With the first experience, Yang Yu became bold the second time. Every time he looked at a place, Yang Yu would hold Shen Feifei's hand once, and then put it down. Everything seemed so natural. With more holding, no one would take this matter seriously, but happily and easily looked at these beautiful marine creatures.

On the way, Yang Yu suddenly turns his head and finds Shen Feifei secretly looking at him. Then he is stunned. Their eyes are shocked. Shen Feifei quickly retracts his hand and lowers his head. His face is red.

The rest of the people were out of sight. Principal Chen was waiting outside, smoking and watching the people coming and going, but he was alone.

It was more than two o'clock when I entered the stadium. As a result, I didn't come out until five o'clock. Although it was not dark yet, the city was already full of lights.

In the eyes of this group of rural girls, the city's vast world is full of stars and yearning, but they don't know that the dirt behind the halo is beyond their imagination. Yang Yu had to take them shopping, beautiful clothes, delicious desserts, and a bunch of junk food stores called KFC.

When I got back to the county, I had no car.

You can only find the cheapest tour in the county.

"Two rooms for twelve of you?" The landlady looked at principal Chen in surprise. Yang Yu had to feel

his head to hide his embarrassment.

"I brought my students to play basketball, but I didn't bring so much cash, so" principal Chen is very old and helpless.

At this glance, the landlady thought it was the headmaster who led the junior high school students to open a house? The landlady looked at the group of simple students behind, then the old man, the headmaster, and finally Yang Yu. She thought that the room was empty in the air anyway. Let's do something good for Jide.

"Well, I've opened two large rooms for you, and the bed is also very big. I'll ask the waiter to bring you more quilts later." The landlady said coldly, but people were warm in their hearts when they heard it. Some people's mouths were nice, but their hearts were cheap.

We followed up to the third floor. The hotel was rebuilt by our own house. It's a cheap place with complete facilities. We don't expect it to be high-end.

Just how to divide it?

Originally, President Chen planned to sleep in one room for two big men and ten of them. It's so convenient, but they are too crowded. They are so spacious here. How can the president make the students suffer?

"I wanted to have a room with Mr. Yang, because it's inconvenient for you to be with your female students. It's so big that you ten can't squeeze, or else, if you five girls sleep on the floor, I sleep with the teacher on the floor, how do you feel?"

With these words, there are all kinds of ideas. Some people think how can ten people sleep together? Some people think it's inconvenient to share a room with a boy? More people think, can you share a room with Mr. Yang?

"Yes, it's OK for principal Chen to be his grandfather, but it's hard for Mr. Yang to say." Zhang Fangfang is very familiar with Xiaomei. Although Xiaomei doesn't tell the secret of her love with Miss Yang, she has to hear that Miss Yang is very romantic.

Yang Yu listened with black lines on his face.

"Am I that terrible?" Yang Yu thinks he's ok too. Although he's worked as Zishu and Baixue, two female students of his own, it's also based on the premise of the other party's willingness, and he has a bottom line in his life.

"If Mr. Yang bullies you and teases you, go to the headmaster, and the headmaster will punish him tomorrow!" Principal Chen said with a smile, which was taken as a joke.

Principal Chen took the students of grade one and grade two to the opposite room. Yang Yu had to wear the girl students of grade three in her class to enter the room. Ji Ming gave Yang Yu a white look and pouted. It was obvious that she didn't want to share the room with Yang Yu.

Yang Yu's heart was full of joy. Unexpectedly, he would sleep in the hotel with five girls tonight? At that time, after taking a bath, Bai Huahua's ten thighs will show off her muscles, and some girl will take the bait. Yang Yu is so beautiful that she will fall into the beauty heap. Who knows what will happen in the evening?

It's hard for a single man and five women to sleep in one room!

Chapter 132

Fortunately, the hotel has complete facilities, such as TV, air conditioning, water heater, boiling water and so on. The waiter also specially brought more quilts and several cups. Naturally, Yang Yu is familiar with it. He turns on the air conditioner and TV to help him boil water.

Female students really seldom watch TV. There are not many families with TV in the mountains. Even if there are, there are only a few free provincial TV stations. Limited TV has not entered the village yet, so we are still very excited to see TV.

Yang Yu first made a bed on the open floor. Fortunately, the floor is carpeted. If you sleep at night with a quilt cover, it must not be cold. There is also an air conditioner, so it can't be frozen. However, Yang Yu still prepared the quilt to be half padded and half covered, so that the quilt was clean and comfortable.

"Everyone is tired today. There are many people. Take turns to take a bath early. After washing, you can watch TV slowly under the bed, OK?" Yang yuphene charged, and his that must be the last person to take a bath.

"Mr. Yang, wait a minute. Look at the happy camp. We haven't seen it for a long time, have we? " Unexpectedly, this coquettish woman turned out to be Han Qingfang. Yang Yu was stunned. Does Han Qingfang have such a gentle side?

"It's more than nine o'clock after it's finished. If you don't have a bath, don't go under the covers. Don't you go? Then I went. Mr. Yang took a bath, but he came out with his body closed. " With such a good chance to coexist with five beauties, Yang Yu of course has to find all kinds of ways to test the reality. If there is a girl you like, maybe you can have some meat in the evening.

"Miss Yang, if you play a hooligan, I'll tell the headmaster." Speaking of Han Xue, one of Yang Yu's female students, she is a very ordinary girl.

"I'll do it first." Ji Ming says that she doesn't seem to be particularly interested in this kind of entertainment.

Yang Yu also had to follow these little girls to watch the happy camp. This program made several little

girls laugh, but Yang Yu couldn't laugh.

When Ji Ming was halfway through the washing, she suddenly called out and helped me take off my clothes. Yang Yu then remembered that because there was no bath room in the basketball court, these students were all wearing short sleeve shorts.

"Mr. Yang, you can send it. We want to see the happy base camp." Han Qingfang said that several other students were also immersed in the joy, completely ignored.

Yang Yu doesn't dare to send her. Who is Ji Ming? She hates Yang Yu most in her life. In her eyes, Yang Yu is just plain hypocrisy, lust wolf, affectation and Ji Ming's disgust. Anyway, she has never been fond of Yang Yu. Yang Yu is going to send him away. If he is treated as a hooligan and punished by the headmaster, it's a small matter. He just wants to leave a good impression. Yang Yu shakes his head and doesn't dare to go.

"Oh, Miss Yang, you can go. It's not that you should wash with her." Han Xue looked happy, also casually said.

Ji Ming urges her again. Well, Yang Yu has to go to Ji Ming's schoolbag with a stiff head. Once he turns it over, his nose bleeds, and his underwear and bra are all here. Is it a gift? Or not? One of my teachers gave Ji Ming bra and underpants? She is so fierce and has such a bad impression of herself that she must want to deviate.

But, no? Yang Yu looks at the underpants and bra. It turns out that they are black. Does Ji Ming wear such a mature color? I didn't expect that the shrew was quite feminine.

Do you want to send it or not? Every time Yang Yu meets this kind of choice, the final result is to send! Peony under the death, the ghost also romantic, afraid of what?

Yang Yu drags Ji Ming's bra, underpants and top, so he doesn't take off his pants. Anyway, he has to take them off when he gets into bed.

Yang Yu knocks on the door. Ji Ming takes off her clothes and takes a shower. Of course, she never dreamed that it would be Miss Yang who came to deliver her underwear!

Ji Ming didn't think much about it, so she opened the door directly. However, Ji Ming was straightforward and careless, and immediately used too much force. Half of the door was open, and half of her naked body was exposed, and Yang Yu hit her.

Yang Yu doesn't believe it. Ji Ming is usually like a woman with the same personality as a man. However, Yang Yu didn't expect that Ji Ming's experience is so beautiful.

"Ah! Sex wolf As soon as Ji Ming sees that the person standing outside the door is her own teacher Yang, she reacts immediately. She is naked, while Yang Yu is staring at her breasts. Suddenly, Ji Ming shouts.

He grabbed his clothes and slammed the door.

"What's the matter?" Principal Chen and the other girls heard the scream and came round from the opposite room.

Every two minutes, Ji Ming came out of the bathroom. Without thinking about it, she said to principal Chen, "Mr. Yang just peeped at me taking a bath."

"Ah? Mr. Yang, you are so lecherous

"Miss Yang, why are you like this? It's horrible. "

"Teacher Yang turned out to be a sex wolf. Fortunately, she didn't share a room with him."

The students have a lot of discussion. Yang Yu is crying for his father and mother. Looking at the students looking at himself with a strange and scared look, Yang Yu's heart to die is all there. He quickly explains.

"I didn't, I just gave her clothes, but that" Yang Yu suddenly found that he didn't know how to express, so he had to ask Ji Ming for help: "Ji Ming, please explain quickly."

"Explain what, peep? Peep is peep." Ji Ming pretended to be aggrieved and said to the headmaster: "headmaster, I don't want to live. How can I meet people in the future?" "Miss Yang, you're not right. Female students, you're also peeping. It's a beast." On hearing this, President Chen quickly comforted Ji Ming. Then he turned his head and said, "why don't you go out for a walk and avoid them. When they're all bathed, you'll come back?"

"Ah? It's quite cold outside now. " Yang Yu looked at other people, especially Shen Feifei and Han Qingfang. Seeing their incredible expressions, he seemed to say: No, teacher Yang is such a person. I'm wrong.

What's dumb? It's bitter to eat Coptis. This is it! The headmaster thought, what's the best way to take a bath? I want to kill you. I want to kill you!

Yang Yu curled up and had to go downstairs to chat with the landlady. Fortunately, he brought a mobile phone, which was not so boring.

"What's the matter, you've been kicked out by your girl students?" The landlady said with a smile.

"No, No." Embarrassed, Yang Yu sat on the sofa in the hall and took out his mobile phone to play.

The landlady took a look at Yang Yu. Seeing that the boy was still handsome and strong, she said, "my wife is not here tonight."

When Yang Yu heard this, there was something in it. What did he want to express? I don't want to say: my wife is not here tonight. Do you want to accompany me? I immediately looked up at the landlady. Although she was in her forties, her skin was still well maintained, and women of this age were mature and feminine, just like my aunt.

The landlady saw Yang Yu's appearance and knew that he was thinking awkwardly. She added: "what do you think? I want to ask you a favor

Yang Yu awkwardly smile, the original think crooked, smirk and said: "the boss is so good, and send the quilt and send the big room, have help certainly."

"I can't leave when I'm on duty. I have a guest here to serve. Can you help me to bring a young lady?" The landlady said calmly.

"Miss?" Yang Yu a Leng, ponder a way, you this small hotel still have this kind of service?

"What? Surprised? Just cooperate with people outside. I've made an appointment with her. She can't get a taxi. Just ride my battery car to pick her up. " The landlady said and handed a business card: "there's an address on it. It's not far away. How about it?"

Although this job is a bit embarrassing, it has already been promised, so we have to take it seriously.

Fortunately, Yang Yu knew the address and drove away with the battery car at the door. The wind was blowing by. Yang Yu felt a little cold. After driving for about ten minutes, he found the street, which turned out to be a red light district. However, this is what Yang Yu expected. Where can I find the young lady if she doesn't come here?

"18?" Yang Yu looked at the address again, looked for the facade, and soon found it.

The door is transparent. On the sofa there are four or five women who are extremely exposed. They wear heavy make-up and their legs are up. They also show their underpants. It makes Yang Yu's nose bleed. Yang Yu has never been to such a place in his life.

"Handsome boy, come in and talk about life!" When a girl saw that Yang Yu had to look inside her, she rushed out to solicit guests.

"No. I'm here to meet Miss Wu. " Yang Yu just stood at the door and did not dare to go in. He was afraid that once he went in, he would not be able to get out.

When a woman inside heard that Yue came to the hotel to pick her up, she put on her coat and came out. When she saw a handsome man, she immediately began to tease him:

"handsome man, would you like to go in? It's still early. "

"No, I'm just making soy sauce." Yang Ma's soul was touched by a few women, and Yang Ma's face was not enough.

"We have a discount tonight. How about sister Hua? She's the sign of our shop. " That Wu elder sister pointed to the woman who just came out to solicit guests and said.

Yang Yu really took a look at it, but he didn't dare to look at it. He thought to himself: it's really bloody coquettish. It's tasteful. But if you don't have money, you can't go whoring, can you? But he shook his head.

As soon as she saw it, the woman came over directly, put her hand on Yang Yu's shoulder and said, "don't you like me? It's OK. Look at her. She's only 18 years old. She's a freshman. She's just doing a part-time job. It's her first time tonight. How about giving you a half discount

Yang Yu couldn't bear the temptation again. He took a look inside. Sure enough, a girl really looked very small. He didn't expect to come out to help her when she was so young.

"I really have something else to do. Next time." Yang Yu really has no money. He has already rushed in to do this group of young ladies for a long time. Looking at it, Yang Yu can't help but find a euphemistic reason to refuse.

Sister Hua looked at him and saw that he didn't look like a rich man. She handed him a business card and continued: "take my business card and call me at any time. Here, who do you like? Tell me, we'll give you a half discount if we see you as a stranger for the first time." That flower elder sister said, still in Yang Yu's facial expression enchantment soul got to kiss one mouthful. Yang Yu's heart is bouncing.

The flower elder sister looked at the place where Yang Yu stood up, and then she went into the room with a smile. Wu followed her, sat on the back seat of Yang Yu, said hello to the sisters, and Yang Yu drove away.

That Wu elder sister battery car is tightly embraces Yang Yu's waist, the hand also unceasingly feels downward.

"Miss Wu, safety matters." Yang Yu said awkwardly, to touch down, not a car accident.

"Ha ha, you're so funny. People say they want me to touch you. By the way, my name is Wu Xin. What's your name? What does it have to do with the landlady? " Wu Xin's face leans on Yang Yu's back and asks.

Yang Yu also casually chatted a few words, soon, to the landlady that.

Wu Xin had a chat with the landlady and went upstairs to find the guests. Yang Yu looked at the time, and it was just after nine o'clock, ready to go back to the room.

"Here are some biscuits. Take them." The landlady didn't expect that. She's really a good person.

Yang Yu quickly thanks, he is hungry, it is estimated that the students are hungry, it is a good opportunity to pull a good relationship, ah, he went to his room.

Tonight, we don't ask any girl student to give her a free meal. We just hope Ji Ming won't punish her. However, when Yang Yu thinks of Ji Ming, she is naked just now.

Do I have this aphrodisiac with me? Yang Yu can't remember clearly, trying to think, only know that at that time was the aphrodisiac in the drawer, and then, and then did not put it in the schoolbag? I forgot.

Anyway, even if you really bring the aphrodisiac, it's impossible to give it to Ji Ming at night. There are so many people who don't have a chance to do it. They just make mistakes.
