### Chapter 492

Name : [A Sensualist's Sin](#) Author : [Rosemead](#)

Hua YuYan's grandmother is really dying.

Sometimes death comes very quickly, from the feet to the heart, then there is no ice. At least in religion there has always been a saying about the soul. Yang Yu doesn't believe it either, but now he does. If you think the soul is superstitious, it's wrong. To put it bluntly, the soul is just something belonging to the five dimensional world.

It's like Yang Yu is an ant, but the ant's eyes have changed, and it can see the three-dimensional world.

So he's not mysterious at all.

The soul seeker is also an old woman. She sits there quietly with her eyes closed. Soul raiser is an extremely special position. It is estimated that only one out of tens of millions of people can be found. You can't find several soul raisers in the world. In addition to the spirit calling, you can't hear it from the other person's body, and you can't hear it from the other person's body It's something to maintain the world.

It's clear that the soul seeker can get out of the body, and then the soul can come back. Ordinary people will only be out of body after death, and they will only experience it once in their life.

Yang Yu went in for a few words of consolation and came out. After all, it is painful and impolite to go in and see an old man waiting to die. Hua Yuyan and her relatives have been accompanying her grandmother, also the last side.

Yang Yu dozed off. At three o'clock in the morning, Yang Yu was awakened by crying.

Hua YuYan's grandmother really went. There was no breath, no heartbeat, cold all over, and no blood on his face. Hua Yuyan and his parents are crying.

"You go away. You're coming out." Said the soul seeker, sitting with his eyes closed. Yang Yu thought she was asleep.

When they heard this, they stopped crying and stood aside. The soul raiser got up, and then lay down on the ground with the dead grandmother. About a minute later, suddenly, Yang Yu saw that the soul seeker's head fell down and his hand spread out and "died" in the past.

The soul seeker suddenly "died." Yang Yu wanted to go up and see if there was a heartbeat and brain waves. The room was silent.

The rest can only wait, because you don't know what's happening now, but what you have to say is that

the probability of success is very low, one in ten thousand is good, otherwise everyone who dies can live for three years again, which is also very chaotic. And soul calling is only suitable for certain situations, such as natural death and accidental rescue. A person's head explodes, that calls to come over, also can't match with the body together. Accidental death itself is because the body does not have enough energy to maintain the fit with the soul, so the soul is separated. Cardiac arrest is the death of the body, brain waves are gone, that is out of the body.

We waited anxiously for about three minutes, but it felt like a long day.

A soul seeker calls each other's souls three times. Once, he will come back.

All of a sudden.

A dark wind blew by, and everyone felt that the house was suddenly gloomy and cool. But the doors and windows were closed, so how could wind blow in?

Hua YuYan's grandmother suddenly opened her eyes, eyes wide open, but still. They were startled, but did not dare to touch, or call, or flower Yan bold, gently called: "grandma?"

The old woman suddenly trembled again, just like a sheep's seizure. Yang Yu saw in the heart flustered, public also dare not go up to press, whole shake a minute, just slow down. Then, the granny really came to life. God, it's weird, it's amazing. People rushed up to check the situation, found a heartbeat, breathing, but the body is cold.

At this time, the soul seeker woke up and found that he was pale and seemed to be in a state of collapse.

Yang Yu quickly went up and helped her up. The soul seeker said, "soak two cups of ginger soup and brown sugar water." Feed a cup of tea to her grandmother, rushed out to drink. After about five minutes, the two old people's bodies slowly got warm.

After that, the people left the room to let the old man rest, and the soul raiser was asked to go to the room to have a rest.

By this time, it was four o'clock in the morning.

"Village head, you should go back to sleep, too." Hua Yuyan said.

"Well, it's an eye opener. There's such a magic thing to bring the dead back to life." Yang Yu has been thinking about it. It's amazing.

"Ha ha, there are many miraculous things in the countryside. We have many folk methods, especially in the treatment of diseases. My grandfather is an old Chinese medicine doctor. You can come to me when you get sick in the future." Hua Yu Yan said with a smile.

Yang Yu nodded, Chinese medicine is broad and profound, indeed. Yang Yu used to believe in western medicine, but once he got urticaria and went to the hospital to see a doctor. The doctor prescribed some western medicine. After Yang Yu ate it, it was good that night. He didn't admire it at that time. This western medicine is too suitable for the case. The speed is really fast.

But the problem came. Three days later, Yang Yu's urticaria broke again. Yang Yu ate another one and got better. Three days later, it broke again and became more and more serious! In the end, it's better to rely on traditional Chinese medicine. After that, Yang Yu really lost confidence in western medicine. Instead of rejecting western medicine, the Western medical technology, especially the instruments and laboratory tests, was really first-class. It was that the side effects of Western medicine were often far greater than the value of the medicine itself. "Why don't you go to bed tonight?" Yang Yu even has this idea.

"No, my parents are watching. I'll see you tomorrow night." Hua Yuyan said, sending Yang Yu to class.

Back at the villa, Yang Yu is still thinking about the soul calling man. In the future, he must invite one for ye Nai.

The next day.

With the help of the higher level funding and the mayor, the school has built a new administrative building. At the same time, the teaching building has also been redecorated, and the whole campus has taken on a new look. The administration building has a laboratory, music room, art room and sports equipment room, as well as a new office for teachers. As a principal, Yang Yu naturally has his own office.

But the root of the school is the students, so the canteen behind the school was demolished and rebuilt, and the dormitory and canteen were built. The old room at the back is still there. With the dormitory of students and teachers, the source of students is naturally good.

It turns out that the biggest problem for the students from the next few villages who don't come to school is that the distance is too long and they can't stay. Now these problems have been solved.

"Sister, your child is only six years old. He is not old enough to go to school. Even if he goes to school, he can't get in halfway." Yang Yu said to a village woman in her early thirties. Her child is only six years old, suddenly said to come to school, the new semester has passed two months, what words ah.

"I can't help it. My husband and I are very busy. The child is usually not watched at home, so we just send him to school. Anyway, we don't need money." The village woman thinks it makes sense.

"Maybe next year." Yang Yu said.

The elder sister listened, pulled the child out of the door, and then closed the door of the office. Yang Yu

is at a loss. What is this?

"Headmaster Yang, I heard that sister-in-law Xu went to bed with you, so she repaired the house, or I'll go to bed with you, and you'll let my child go to school?" The elder sister said hehe.

"What?" Yang Yu is a mouthful of blood.

"Elder sister, who are you listening to? There is no such thing." Yang Yu can't laugh or cry. Has he made a fair and aboveboard sex deal?

"People in the village all say that if they want to work for the village head, they must devote themselves." The elder sister is quite reasonable.

Yang Yu patted his forehead, saying that the countryside is more terrible than netizens in spreading false information. He said in a hurry, "it's really nothing like that. I'm willing to help. It's a rule for you to go to school. It's different."

"Village head, will you help me, or my sister will take off first?" With that, the elder sister pulled her trousers and saw the black one.

Yang Yu can't sit down now. How can he do things like this? I don't know which son of a bitch spread such a rumor.

Of course, Yang Yu didn't know. It was all the ideas given by Secretary Li. Since the village cadres didn't help, they came by themselves, so they belittled Yang Yu's reputation everywhere and moved out the sex trade. They said: if you don't give your wife's body to the headmaster Yang, you can't do it. Look at sister Xu, she has no house at home, so she gave her body immediately Village head, the village head will repair the house immediately. This is a living example.

If Yang Yu knew that Secretary Li said so behind his back, he would not repair this old bone. I'm so old and confused. Yang Yu's reputation has been ruined.

, "sister, you can put your pants on quickly. It's not a rule. It's a rule. It's not my has the final say." Yang Yu cried. Although he was a good woman, he was not a sister-in-law, an aunt or a sister. This man, lust but not lust, if he wants to make such a naked trade, it is lust, not only lust, but also ugliness. That's something to crack down on.

"what has the final say? You are the headmaster. Why not? In the school, who has any opinions? " Elder sister doesn't understand. This school is Yang Yu's biggest. Isn't it just about him?

Yang Yu really can't say clearly, can only go to help pull elder sister's pants, so take off, want to have a teacher to come, see, that really think oneself is what all want to trade.

"That's not the way to do it." Yang Yu said.

But the elder sister just couldn't listen. She not only took off her trousers, but also her clothes. She said, "principal Yang, if you don't help my child enter school, my trousers and clothes won't be worn. I just went out and said that principal Yang insulted me."

"I" Yang Yu is really crazy. How can this village woman be so unreasonable? There is no such thing in the world: "elder sister, you are playing a hooligan. You are more hooligan than me."

"Elder sister, I'll be a hooligan. Can you help me, headmaster?" Say, that village woman directly lay on the desk, the buttocks to the high up. Yang Yu's nose bleeds when he sees this scene. That butt is really amazing. It's a big round butt, just like a watermelon.

"Sister, you can't do this. How can I be the headmaster?" Yang Yu is helpless.

"Headmaster Yang, you're not to blame for this. It's your sister's fault. She forced you. Let her children go to school." The village woman started to act coquettishly while shaking her ass.

"Aren't you afraid your husband will find out about it?" Yang Yu asked, now I'm afraid of someone else's husband. He always takes a knife to cut people. Who can make trouble. I'm afraid."What are you afraid of? If you know, you'll know. You're the head of the village. What's wrong with you? Is it hard for the village head to be my husband? Liu Tian's wife has been cheated by you. What did Liu Tian say? So she scares people with a knife. Isn't this sister-in-law Xu going to the village head for nothing? " What my sister said is true.

After listening to this, Yang Yu thought: Yes, I'm the head of the village. What are you afraid of? It's not a big deal to make someone else's wife. Can't you really cut me off?

Thinking about this, Yang Yu's heart is set a lot, but who made the rumor for himself? This rumor is poisonous enough. But what's wrong with a blessing in disguise? Maybe this rumor may become a default. If you love me, it won't break the law, will it?

Yang Yu looked at the beautiful buttocks of his sister and said, "yes, but don't say that you gave me your body."

That village woman elder sister listened to, still very happy, was sold also happy to count money for Yang Yu? He moved his butt, turned his head and said with a smile, "headmaster, you have to hurry up. My son is still waiting for me outside."

Yang Yu's action is really unpleasant.

Two people in the office a passion, Yang Yu is covering is sister's mouth not to call, this sister unexpectedly big mouth just call, frighten him half to death, in case the outside people hear, that again have an accident.

Twenty minutes later, the elder sister put on her trousers and clothes and opened the door with a smile.

"Mom, what are you doing in there? Did the headmaster bully you?" The boy didn't know about the man and the woman. She just heard her mother crying inside. She thought she was beaten and cried by the headmaster.

"Headmaster Yang didn't bully his mother. Honey, you can go to school." With that, the village woman's sister turned her head to thank Yang Yu. She joked: "headmaster, you are so big. It hurts me so much."

Yang Yu is a black line, looking at the back of the village woman, thought: too hooligan, did not expect to be blackmailed.

After the village woman left, she met Chen Yunmei. Chen Yunmei took a look at the village woman's elder sister, then found Yang Yu and said, "you won't make the village woman's Secret rules just now, will you?"

"What nonsense?" Yang Yu replied.

"Now the school is full of your gossip and rumors." Chen Yunmei said again.

Yang Yu a listen to, still can spread what rumor to come, quickly ask a way.

"There's a rumor that you're sleeping with the girls in our class, isn't it true?" Chen Yunmei said that this rumor was also released by Secretary Li. He not only wanted Yang Yu not to be the village head, but also the headmaster. Moreover, the old fool also joined forces with the former village head Zhang and some village cadres who are covetous of the position of village head to get rid of Yang Yu and drive him out of the village.

So, the first step is to spread rumors, which spread for two times, that is, about women.

"How can it be? They're just in their first year. " Yang Yu is a little open-minded. The rumor is quite true.

"I also say that the headmaster will not be such a beast. Even the little girls in grade one will not let go. Many of them are still under 14 years old. Those who break the law will be shot." Chen Yunmei even adds to the story.

Yang Yu secretly congratulates himself. Fortunately, none of the female students in this class has ever been to school. Now in school, the only female student Yang Yu has ever done is Xiaomei.

"Who the hell spread the rumors? How can I do such a wicked thing? I have to get him out. " Yang Yu is very angry. He begins to think that the rumor in front of him is spread by mistake. Now that there is no need to have a son, how can he let it go on?

Yang Yu was so angry that he stamped his feet and went directly to Zhao Hai's home to catch the villain

who framed himself behind his back.

"Mr. Yang, why are you here?" Zhao Hai's relationship with Yang Yu is fairly good. Yang Yu takes him with him when he has anything to do. However, Yang Yu is neither greedy nor cheating. Zhao Hai doesn't get any benefits from following him. However, his reputation is much better.

"To ask you something, there are many rumors about me in the village recently. Do you know who spread them?" Yang Yu asked directly. Zhao Hai is a native of the village. He has been a village cadre for many years. Every family knows everything and every villager's situation is clear. It's most appropriate to ask him.

"This" Zhao Hai wanted to say and stopped. Finally, he shook his head and said, "is it the case of sister Xu, so"

"no, it's very clear that I was caught cheating. It's my private business, and it has nothing to do with the village head and the headmaster. Now there are rumors about my identity and position, so I won't tell you. When I am the village head and the headmaster, I am diligent for the people Student, how can Naneng be devoted to serving the people?" Yang Yu's words were very clear. Before Zhao Hai intervened, he continued:" if the enemy doesn't attack me, I won't be a prisoner. If people attack me, I will be a prisoner. You know me, I'm not easy to provoke. "

Zhao Hai saw that Yang Yu was very serious. After thinking about it, he said, "before Secretary Li came to me and asked me to give him a promise. Maybe it's related to him. I guess it." Zhao Hai is really guessing, but there are not many people in this village who dare to take the initiative to offend village head Yang.

Although Mrs. Xu's story has been spread all over the village, it's just the villagers' pleasure after tea, laughing and joking. Yang Yu knows very well that when he meets villagers on the road, do you know how the villagers greet him? Are shouting: village head Yang, how does sister Xu's butt taste?Then the crowd laughed, but it was just a joke. It would not be taken seriously. But it would be too much to talk about the unspoken rules, sex trading, and engaging in female students. Yang Yu wouldn't say anything about it.

It's a real whore. This archway is powerful.

As soon as Yang Yu heard the name of secretary Li, he immediately had a number in his heart.

"You have a temporary husband and wife outside, but life is very good, leaving our mother and daughter here, do you look like a man?" Aunt Zhao yelled at her husband.

Aunt Zhao Yaxuan is the wife of her uncle's cousin, but this cousin has been working outside. She and her daughter are left at home. Her daughter has just entered the first grade of junior high school this year. Zhao Yaxuan became a left behind woman. Every time she mentioned her husband, she said he was dead.

"I've been out for so long. It's normal to have needs. Everyone needs what they need." Li Ayong has indeed been working outside, occasionally sending some money to his family to support his mother and daughter. These days, Li Ayong went home, it was a very happy thing, the husband and wife have not seen each other for so long, it must be dry firewood.

But Li Ayong was not interested. Aunt Zhao forced her to know that her husband had a temporary wife in the city. The temporary wife, frankly speaking, was a fireman.

This made aunt Zhao very angry. My husband has raised a little lover behind his back?

"It's normal, isn't it? If you have a need, I'll be gone? My 30 year old woman thinks about that every day, and I didn't give you the whole temporary husband back. " Aunt Zhao felt aggrieved.

"Just look for it, and I don't recommend it!" Li Ayong should have said such a thing.

Aunt Zhao was even more angry. She was extremely unbalanced in her heart and asked her husband to go to the village head to judge.

Yang Yu's recent rumor has become a mess. The more he stops the rumor, the more fierce it becomes. Finally, he goes with him. However, Yang Yu decides to take charge of several cadres under the former Secretary Li of the village committee to set an example to others. Today, when the village committee is thinking about how to do it well, aunt Zhao takes her husband to find Yang Yu.

This Li Ayong is my uncle's cousin, because he is not at home all the year round. This is the first time that Yang Yu has met him. He doesn't know what to do with him, but he knows about his aunt.

After listening to Aunt Zhao's words, Yang Yu didn't know what to say. It's normal for a man to find a temporary husband and wife when he is working outside, but it's not good morally. From the perspective of a man, Yang Yu has no opinion. From the perspective of marriage, his wife has no opinion.

"Village head Yang, I know it's wrong for me to do this, but at our age, there is a need, and my wife will have it, so I ask her to find a temporary husband in the village, and I don't recommend it." Li Ayong said this. Yang Yu had a clear idea, so he simply didn't reason and solved the problem directly. He said:

"aunt Zhao, do you think it's OK to find a temporary husband in the village?"

Aunt Zhao was so angry that she didn't expect the village head to speak for her husband. She said, "OK, why not. But the men in the village either have wives, or they are little kids, and the rest are old men.

Where can I find a strong man to meet my needs? "

Aunt Zhao is right. It's not easy to find a strong man in this village whose wife is not around. You have to play lanterns. Yang Yu thought about it again, thought of a person, and quickly said, "look, how about Dr. Wu?" Dr. Wu is in his early 30s. He hasn't married yet. He is a bachelor. He is a suitable candidate.

"He can't do it." Aunt Zhao even gave a veto: "he's so ugly, I don't want him."

Does aunt Zhao even despise Dr. Wu's ugliness? This also makes sense. Although aunt Zhao can't compare with Lin Yiyi and sister Xu, the beautiful women in the village, she also has capital. She has a pair of big breasts, which can be compared with Hua Yuyan. Normally, women's breasts are big, which is nothing strange. But other people's breasts are different from hers. For example, Han Sao Ba is also big, but she is also plump, so she can't see any figure. But aunt Zhao is different. It's not easy to raise her daughter at home alone. If you do more, you should lose weight. This figure is very slim It's a long one.

The village women are very plump, aunt Zhao is not the same, so this slim figure, a big chest in front of a sudden, plus a big buttocks after the tilt, this figure is graceful. Besides, aunt Zhao's face is OK, and her skin is white. If it wasn't for her less fashionable clothes in the countryside, she would be just like a young model if she was put into the city to dress up.

It's not a boast. I have a good foundation. After listening to Dr. Wu, Yang Yu introduced several only children. They were all rejected by Aunt Zhao. They were either ugly or old, and they were skinny. They were afraid that others would not be able to withstand their own frustrations.

"I can't find anyone else. Do you have anyone in mind, aunt Zhao?" Yang Yu had no choice but to ask.

Aunt Zhao took a look at her husband, and Li Ayong said, "just say it, I don't recommend it." Li Ayong really does not suggest that he has a temporary wife when he is out. What can he say? What's more, the wife is satisfied, the person is also ruddy and happy, which is not all bad.

Li Ayong really wants to go out in person to find a gun friend for his wife. Yang Yu has never seen this kind of thing. From ancient times to modern times, it is estimated that the last time that bad pregnant woman hunted her husband for rape and murder.

"I have a candidate in mind. I think it's suitable. I'm afraid he won't agree." Aunt Zhao said.

"Auntie, don't worry. It's all up to me. I'll tell you. Besides, which man is not lustful? It's fun to play with other people's wives for nothing." As soon as Yang Yu said it, he found that Uncle Li was still there, and stopped in a hurry."Come on, who? I'll give you a reference. I'm such a beautiful girl. I can't be spoiled by the white eyed wolf. " Li Ayong also asked, many of the rural people are illiterate, and there are some good words and some bad words.

Aunt Zhao gave a silly smile and reached out to cover her eyes. She was a little embarrassed and didn't dare to say it.

"Tell me quickly. I don't mind. Why do you hesitate?" Li Ayong is impatient, but he can't even be impatient about such things, can he?

Aunt Zhao took a look at Yang Yu, and then said, "I can say that. I think so." Yang Yu and Li Ayong listen carefully.

"I think so. Mr. Yang is suitable for you. I have no problem with you." Aunt Zhao said.

Poof! Yang Yu a mouthful of old blood to spray out!

This turning point is beyond Yang Yu's expectation. Unexpectedly, is this how the plot is performed? I made a list. Yang Yu took a look at his aunt. He thought that the more she looked, the more beautiful she was. But he still felt that it was not suitable. First of all, the reputation was not good. He quickly said, "I'm afraid it's not suitable, aunt."

"Why not? Village head Yang didn't steal from sister Xu last time. You stole from me. I did it for you for nothing. Don't you want to? Do you think I'm worse than sister Xu? That other people's Liu Tian elder brother can stare at with covetous eyes Aunt Zhao said that she thought so. Village head Yang's sister-in-law Xu stole it, which means that there is also a lack of women. She will deliver it to the door by herself.

In fact, it's not a door-to-door delivery. I can't find her favorite young man in this village.

On hearing this, Yang Yu quickly said, "no, no, my aunt is more beautiful than Xu's. you see, my aunt looks forward and backward, but I'm the head of the village. Last time, because of Xu's affair, I had a bad reputation in the village, so I became my aunt's temporary husband and wife. Then I"

did Yang Yu become a big or small take all wind Have you been amorous.

Li Ayong thought about it. Yang Yu is also half of his grandson. He is from his own family. The fat water doesn't flow to other people's fields. If it's cheap, it's also cheap for his own family. Moreover, Yang village is long and handsome, and the strong one is still the head of the village. He said, "village head Yang, I think it's OK. Otherwise, the three of us will know about it. The rest of us should keep it a secret. You should pay attention to it when you come and go. Don't leave too much gossip behind. Anyway, it's all from your own family. "

"Yes, my family. That's my family's business." Aunt Zhao also added.

Yang Yu thinks about it. She feels that Aunt Zhao has dug a hole for herself from the beginning. Now she finds that she can't refuse.

Seeing that Yang Yu was still hesitating, aunt Zhao struck while the iron was hot and said, "village head Yang, what did you say just now? You said it was wrapped in you. Which man is not lustful and doesn't want to be someone else's wife for nothing?"

It's putting Yang Yu up. It's too early for Yang Yu to find out.

"Village head Yang, this matter, or it's settled like this. My daughter happens to be in your class, which is better. In the future, my wife and daughter will be taken care of by you."

My God! This is what Yang Yu wants to say at the moment. They all think that the rascal who forced them to go to her village sister yesterday, but this couple is more than a rascal. It's like robbing a good wife in broad daylight. How can there be such a husband in this world?

"Then I'll thank the village head for me and my daughter." Aunt Zhao said with satisfaction.

Yang Yu had no choice but to push and not to push, or to answer and not to come down: "this" aunt Zhao and Uncle Li agreed when they saw that Yang Yu didn't speak, so they said goodbye. But just as she was about to open the door, aunt Zhao came back.

"If my husband leaves, what will the village head do? Let's make a statement. " Aunt Zhao felt that this statement was groundless and had to be based on words!

"What? How can we establish a written evidence for this thing? Isn't that a chance to talk to others? " Yang Yu is crazy. Where else can someone else's wife have to establish a document for nothing? It's only in the countryside that there are such wonderful things.

"I don't think it's reasonable. Isn't it legal?" Li Ayong said that he felt that marriage was the only way to establish a writ. The police stations all registered like this, and they also established a writ when they went to bed. After that, he came back, and his wife gave it back to village head Yang for free? That won't do. Then I'll suffer.

"Honey, what do you say? What if the village head goes back? " Aunt Zhao forced her husband, who let him raise other people's wife outside. She just wanted to get out of her bad temper and find a psychological balance.

"Why not? Let the village head have a try first? " Is Li Ayong's brain kicked by a donkey?

"Ah?" If Yang Yumu is a chicken, what do you mean to try first? What the hell is this.

"I think so. Why don't you try here, village head?" Aunt Zhao said that after her husband came back, she was cold to herself. Aunt Zhao was forced to do it for several months and suffered a lot. Since her husband allowed herself to be done by others, what's the matter with her?

"Now? here? Have a try? " Yang Yu is sending three question marks in succession. Yang Yu can understand that his wife thinks so. After all, he has not been moistened by a man for half a year, and his husband is allowed to be done by others, which is reasonable. But what's the matter with Li Ayong? That's my wife. Is she so generous? That's to put a green hat on yourself. In fact, Li Ayong's idea is very

simple, isn't it a little guilty? He always has a woman out to vent, and his wife is in a panic at home. He finally comes back to live for a few days. As a result, he hasn't had sex with his wife. He feels guilty for his wife and feels that he hasn't done his husband's duty in sexual life.

So, just so generous, give cheap all to Yang Yu to occupy, simply occupy thoroughly.

With that, Li Ayong went to the office to lock the door, then came back to find a chair to sit down, and said, "village head Yang, please let my wife have a good time. I'm a little weak these days."

"Well! When women play more outside, of course, they can't do what they want. They can't even fulfill their husband's obligations. " Aunt Zhao said angrily.

"I asked the village head to do my duty for me." Li Ayong thinks that Yang Yu is a distant relative and a member of his own family. It's OK.

This said, aunt Zhao has begun to take off her pants, take off her pants, and take off her clothes. After a few times, she took off all her clothes and stood in front of Yang Yu. The curtains didn't pull. The light was good. Yang Yu took a look at Aunt Zhao's ketone body. It was full of femininity.

It's time for young women to have a good taste of body. It's time for young women to have a good taste of body.

How can a suckling child be so feminine?

"Village head, is my wife still beautiful?" Li Ayong said with a smile.

Yang Yu can only giggle.

"Don't giggle, village head. Hurry up." Aunt Zhao said, to Yang Yu from the chair to pull up, grab his hand to his body.

Seeing that Yang Yu was not very interested in his body, aunt Zhao was angry and said, "village head Yang, do you dislike me? Or do you have no confidence in yourself? "

Yang Yu swallowed deeply and said to Li Ayong, "Uncle Li, I'm not polite. Don't blame me for having sex with your wife, but you let me." Yang Yu put the responsibility to push clean, such a beautiful aunt in front of himself, also pretend to be a gentleman is too serious.

An hour later.

Aunt Zhao Yaxuan was lying on the ground and couldn't get up. Li Ayong rushed to help her. After a short rest, aunt Zhao recovered. They put on their clothes.

"Village head, you are too fierce. I will look for you later." Aunt Zhao looks happy.

"My wife is satisfied. Are you angry with me? Ha ha." Li Ayong said with a smile. Aunt Zhao gave her husband a white look and said, "you're useless. Go back."

Seeing that his wife was not angry, Yang Yu was relieved. Unexpectedly, before he left, Li Ayong turned back and said, "village head Yang, thank you so much!"

Yang Yu's face turned black when he heard this, but he was still savoring the taste of his aunt's ass.

I don't know whether it's the cause of that bullshit rumor or what. Yang Yu thinks that this rumor has helped him instead? But even so, Yang Yu felt that he had to treat the parasites in the village committee. There were too many people who didn't work with money.

It's said that dogs support people, but now there are still people relying on dogs.

The relationship with the Li family has been strained, but the relationship with Li ruorong has not been strained at all. On the contrary, it is getting better and better.

"Sister Rong should know a lot about my rumors recently?" Yang Yu met Li ruorong in the village committee and had a chat.

"Is it a rumor? I think it's true?" Li ruorong's eyes are sharp. She can see through people.

"No, who am I?" Yang Yu's serious way back.

"Why not? You've had sex with your girlfriend's sister. What are the village women and students Li said. Yang Yu feels that he is wronged. She seduced him at the beginning, and she asked to sleep in a room the night he went to bed. Even if he did it with consent, it was not rape. How could he not be himself.

"Without mentioning this, I want to organize the village committee." Yang Yu mentioned business.

After hearing this, Zou frowned, thought for a while, and said, "do you want to repair the remaining party left by my father?"

Poof! Yang Yu vomited blood again. Why is Li ruorong so smart.

"To tell you the truth, you guessed half right. It's mainly the people your father stayed behind who were not obedient and didn't do anything for nothing." Yang Yu said. He wants to say hello to sister Rong, so that he doesn't have to do what he knows. At the same time, let's see which side Li ruorong supports.

"My father is retired. He is so old that he can enjoy his old age safely. Although I have a bad relationship with my father, he is my father after all. Just don't mess with my father. I don't mind anything else." Li expressed her attitude.

Yang Yu is at ease when Li Ruo Rong puts forward a clear attitude. However, Yang Yu has no confidant in the village committee. Zhao Hai, the only confidant, is also a veteran cadre of secretary Li. But this veteran cadre still has some prestige in private. Yang Yu wants to take him down.

So, in the evening, Yang Yu secretly went to Zhao Hai, Zhao Hai listened to Yang Yu's words, his face is not good-looking.

There are only two groups of people in the village committee, former Secretary Li's and former village head's. Yang Yu is a single commander. He has no soldiers and no one of his own. Usually he helps in the village. On the surface, these village committee members will respond positively, but if they encounter something that concerns their own interests. Then the meeting won't go on. Yang Yu can't do anything with them very often.

Let's say that the tea garden at the top of the North Mountain belongs to Qin Yang. Qin Yang has contracted this tea garden for a long time, and he can't earn much money. When it's time to contract, he has to change the contract, but he just privately does all the work of the people who want to contract. One of the villagers who wanted to contract came to complain to Yang Yu. Yang Yu held a meeting. At the meeting, everyone raised their hands to vote.

It's hard for Yang Yu to cover the sky. That tea garden or Qinyang continue to package.

Last time there were zombies. On the surface, the village committee was holding a hoe and a kitchen knife, but those who really dared to go up, no one, and those who went out on patrol were all dozing off. Last time there were random funeral posts, the area they were responsible for was random posting and perfunctory.

Later, the psychic told Yang Yu privately that many ghosts, all evil spirits, would come back. Be careful. And those evil spirits, it is that area that runs out, Yang Yu that is angry.

Freezing is not in a day.

"Director Zhao, let me put it bluntly. Which side do you take?" Yang Yu asked directly, though not skillfully enough, but enough to see Zhao Hai's mind.

He who knows current affairs is a hero.

Zhao Hai is a smart man. He has worked in the village committee for so long. Of course, he knows the truth. The old secretary has retired, and so has the former village head. Some of these two classes want to be the next village head and secretary. I also want to get Yang Yu. Before, Yang Yu belonged to Secretary Li.

But after Yang Yu's affair with sister-in-law Xu came to light, he broke up with Li Ruoshui, and Secretary Li stopped treating Yang Yu as his own. He wants to find another obedient person in his original team.

"Of course, I support village head Yang unconditionally." Zhao Hai said that he knows that Yang Yu is now the mayor's brother. He has changed a lot. There is no good end to dealing with such people. Moreover, he can see that although Yang Yu is young, he is very experienced.

"Let's start with master Qin." Yang Yu said that master Qin naturally refers to Qin Yang, a bad old man. He used to be Secretary Li's brother. He always stood in the manger and didn't poop. Yang Yu was very upset with the old man. He always relied on the old man to sell his old man.

Zhao Hai is in a bit of a dilemma.

"Is there a problem?" Yang Yu asked.

"No, master Qin has done a lot. I'll find it for you." Zhao Hai said.

After leaving Zhao Hai's home, Yang Yu did not choose to go back, but went to another village cadre's home, Zhao Xu. Zhao Xu is a young man. He is only in his twenties. His father is very senior and has prestige in the village. Zhao Xu and Zhao Yaxuan are still cousins. It seems that the relationship is very chaotic, but in fact it is not chaotic, because many of the marriages in rural areas are married to their own villages, or even to their families after generations.

Zhao Xu graduated from junior college accounting and is a new accountant in the village. He is neither Secretary Li nor former village head, nor a party member. Yang Yu came to him just to get in touch with him. In this way, Yang Yu, Zhao Hai, Zhao Xu and Li ruorong will have a four person helper.

Yang Yu gave himself a little confidence in this way, but these people, although they are not very trusting people, are not suspicious of employing people. I didn't expect that in the evening, Zhao Hai came to talk to Yang Yu about the situation, but he was very attentive.

"Mr. Qin has done a lot of bad things, which can't be counted. He has cheated in the tea garden, owed money in the tea garden, stolen trees by his son, hurt people, occupied land without permission, embezzled public funds, forced widows, blackmailed people, and so on." Zhao Hai tells Yang Yu a lot about Qin Yang's bad deeds in the past.

"So much?" Yang Yu patted his thigh, but he didn't expect that the old man had done so many bad things: "do you have any evidence for these?"

Zhao Hai shook his head.

"If you don't have any evidence, if you say something, isn't that a frame up?" Yang Yu patted his forehead again. Can there be no evidence for this crime?

"A lot of things, we all know, but we also turn a blind eye, and" Zhao Hai faltered, it's hard to say.

"And what?" Yang Yu asked.

"Some things, we also have to participate in, so" Zhao Hai is very embarrassed to say, so there is no evidence. If you commit a crime by yourself, who will leave evidence for you? Isn't it nothing to look for trouble.

Yang Yu patted his forehead again and said, "come one by one and see if you can find a breakthrough. Who do you think master Qin raped?" Yang Yu is very puzzled. Master Qin will be sixty years old. How can he be a widow? Did you make widow Liu?

"It happened many years ago. It's Han's widow in the north of the village. She's in her sixties now." Zhao Hai said.

"Wait, I don't understand?" Yang Yu was a little confused: "take it as five years ago. Master Qin and widow Han are almost 55 years old?"

Zhao Hai nodded. Yang Yu is surprised. At such an old age, can he still move? It's really delicious.

"Ha ha, master Qin is also an old man. He often peeps at girls going to the toilet in the village committee." Zhao Hai is about ten years younger than Qin Yang, but he knows a lot about it. Because they followed Secretary Li before.

Yang Yu thinks, peeping at the girl going to the toilet, is it Mr. Qin Yang who said that someone was peeping on the night of the last rehearsal of the literary activity organized by Li ruorong?

"Tell me about the tea garden." Yang Yu continued.

"The tea garden has been contracted by master Qin for almost 30 years. It was originally changed once every 10 years, but master Qin," Zhao Hai said. He was also very unhappy. Yunu village is worth so much. Before, there were peaches in Taohuayuan, but they couldn't be sold. The villagers had to eat them themselves. They didn't earn any money. The fish pond and vegetables were similar. But tea is very light, extremely convenient transportation, and easy to keep, is a good project to get rich in the village.

However, this piece of fat has been occupied by Qin Yang, so that now Qin Yang's asset valuation is the richest in the village.

"The Yunu River and the tea garden have always been the two treasures of our village. These two treasures belong to the public. Of course, they should be shared or contracted by many people to make the whole village prosperous. How can they be taken by one person?" Yang Yu is very angry when he thinks about it. Yunu village is already poor, and its resources are still in one person's hands. Isn't it that

the gap between the rich and the poor is even greater? It can't be.

"Yes, I also think so, but" Zhao Hai also can't say.

"In any case, you have to spit out the tea garden in Qinyang. You need to find information about this. You have to collect any information. I don't believe you can handle it. If it's done, the tea garden may be able to give you a little Yang Yu said that giving him some advantages is more conducive to his work. Zhao Hai a listen to, have this advantage, that is not happy crazy, quickly said: "OK, I immediately look for information." With that, he got up to go.

"Wait, don't let anyone know about this." Yang Yu ordered, Zhao Hai mercilessly nodded and left.

The tea garden is so big that if we expand the area, and then divide the village into several parts, some people can earn some money, which can be regarded as Yang Yu's "crutch" when he became the village head? I'll carry you to Dr. Wu. " Yang Yu said in a hurry.

As soon as Qin Ming heard that he wanted to go to Dr. Wu, he said, "it's not so serious. Just rub it for me." Yang Yu listens and bends over to knead. Qin Ming looks in the eye, suddenly.

"Ah." Qin Ming pretends to be unsteady and pours at Yang Yu. Yang Yu was able to stand, but his feet were muddy. He could not stand steadily. He was ready to bend over again. Suddenly, he was attacked and slipped. With a bang, the whole person leaned back.

As a result, he fell upside down and fell heavily in the mud field. Not only his whole body was covered with mud, the mud splashed, but also their faces were covered with mud, which turned them into painted faces. Qin Ming completely pressed Yang Yu's body.

They are in the mud field. The woman is lying on the man. Qin Ming just looks at Yang Yu. Yang Yu is very hot. Which man can stand a woman riding on it.

"Ha ha, big face." Qin Ming laughed and got up slowly.

Yang Yu also gets up and looks at himself, but shakes his head. Qin Ming, who also laughs, also laughs.

"Are you village chief Yang? Is that your villa Qin Ming pointed to the villa and said, "otherwise, you can take me to your house to wash. It's so dirty and shameless."

Yang Yu didn't hear anything but a word "Bao". Normally, a normal person should say "back". How does she say "hug"?

"Whose family are you from? It's like I haven't seen it. " Yang Yu asked.

"Just call me ming'er. No matter whose family he belongs to, can't you propose marriage?" Qin Ming cleverly conceals her surname, because there are not many Qin families in this village. Yang Yu must be

able to guess that she is Qin Yang's daughter, so it's not easy to explore at that time.

"Sister ming'er is so beautiful. I'm a big face. I can't dare to ask for a marriage." Yang Yu said with a smile, "let me help you to wash in my house."

Qin Ming was very unhappy when she heard that she was helping him, so she said, "I can't walk. Please hold me." Qin Ming used the word "Bao" instead of "Bei".

Although Yang Yu is lecherous, he doesn't mess around. When he sees a woman, he sticks out his tongue and licks it. That's an animal. Yang Yu squats down and looks like he wants to carry her, but Qin Ming doesn't come up. Yang Yu had to stand up straight and say, "what's the matter?"

"I don't like people to carry me, and nobody can see it here." Qin Ming lowers her head and shakes her little body, which is more like coquetry.

Yang Yu thought about it and thought, "Why are you grinding haw with a woman? I'm very diligent in stealing my sister-in-law. Are you embarrassed? With that, Yang Yu holds Qin Ming in his arms. Qin Ming quickly put her hands around Yang Yu's neck, put her head in his arms, and looked at Yang Yu with her eyes straight.

Yang Yu didn't know whose daughter or daughter-in-law it was, so he hugged them and secretly carried them to his own home. Yang Yu was afraid that the mud would contaminate the living room, so he took off his shoes outside and took Qin Ming directly into the bathroom.

"Wash first, and I'll look for your clothes." Yang Yu said, ready to take tea. Yang Yu thought: what is this? Is it hard to wash it together?

"Are you going out like this?" Qin Ming asked.

How can you get out without going out? Yang Yu thought.

"Stupid, you don't dirty the floor when you go out like this. If you take off your clothes and trousers, I'll wash them for you." Qin Ming said, going to take off Yang Yu's clothes. Yang Yu wants to think about the countryside. When he takes a bath, he is naked outside. What is it when he takes off his clothes.

Qin Ming took a look at Yang Yu's protruding underpants and was shocked. She said: it's so big.

"Or you can take off your underwear and wash them together." Qin Ming felt a little embarrassed when she said this.

Poof! Yang Yu spat out blood.

Unexpectedly, she was teased by the girl and said, "do you want to see it? Doesn't your husband have one? "

"You see, I'm not married. Where's my husband?" Qin Ming.

"Have you seen it?" Yang Yu asked. According to the girl's age, it's not so simple.

Not only have I seen it, but I have eaten it several times. Qin Ming thought, but he pretended to be pure on the surface and said, "the village head is playing hooligans. Go out quickly. I haven't seen that thing."

When Yang Yu is pushed out of the bathroom, Qin Ming closes the door. Then through the fuzzy glass, Yang Yu sees Qin Ming taking off her clothes. Yang Yu shook his head and had to go to the bedroom to find bath towel and clothes for her. I still have some new clothes at home, which are neutral. It's OK for girls to wear them, but it's hard to find underwear, and there's no underwear.

"I don't wear men's pants." Qin Ming came out of the bathroom wearing clothes and her underwear. Naturally, Yang Yu was stunned. He didn't wear pants, and his clothes wouldn't be that long. Therefore, his lower body was a pair of underwear, and the underwear was still translucent.

"Sister ming'er, you are seducing me." Yang Yu said that she has been seduced too many times by women, so she is very experienced. At this point, the girl is clearly seducing herself. The more you seduce, the less interested Yang Yu is.

Why. I don't want to eat grapes until I can't eat them. The more women don't like their wives, the more women don't like them.

"Who is seducing you? Come and hold me." Qin Ming didn't expect Yang Yu to say that.

Yang Yu is also wise, in the past a picked up Qin Ming, and then threw her on the sofa, said: "don't act, feet must be all right, you just say it!"

Qin Ming never dreamed that Yang Yu suddenly said such dirty words. She just came to test Yang Yu about investigating his father, but she never thought of sleeping with her. She felt very uncomfortable after hearing such dirty words.

A slap clapped in the past, the result hand was caught by Yang Yu.

Yang Yu said, "I'm sure I can't touch it."

When Qin Ming saw village head Yang's moves, he thought that he was really a girl. In a hurry, he struggled, got up, put on Yang Yu's trousers, took his own clothes, and was ready to go. He did not forget to read: "hooligan."

"Oh, it's really on." Yang Yu really doesn't believe it. Do you want to be so realistic? It's clearly for myself, but also installed? I have to tear up your disguise! Said, a big step up, from the back of Qin Ming, back to the upstairs.

Qin Ming was a little scared when she saw him. She just came to be an undercover. She was not seduced by a real gun or a real knife. She tried her best to hit Yang Yu: "asshole, let me down, let me down." Qin Ming's whole body wriggled.

Yang Yu didn't expect Qin Ming to struggle so hard and fight so hard. In the past, the village women or girls tried to find themselves by pushing and pushing, which meant that once they resisted twice, their legs became soft, and then they obediently let Yang Yu slaughter them.

But Qin Ming's resistance was very fierce, as if he didn't want to. However, the more rebellious Yang Yu was, the more passionate he was. Instead, he was inspired by the fire in his body.

"You struggle so much. Do you like to be raped? Ha ha Yang Yu is happy. It's rare to meet such a real woman. It's interesting.

As soon as Qin Ming heard the word rape, she was even more afraid. She could see that Yang Yu was serious. Knowing that he had played too much with fire, she said in a hurry: "village head, I really didn't seduce you. I really turned my foot. Please let me down."

But Yang Yu determined that the tea was delivered to his home, because there were so many hungry girls in the village that they all asked Yang Yu to satisfy their physiological needs.

Yang Yu carries Qin Ming into his bedroom. He doesn't care how Qin Ming strikes him. He throws him on the bed and is elated. This posture is similar to that of XiMenqing.

"Where are you going? You're addicted, aren't you? If I don't burn you up, I'm not the head of the village! " Yang Yu also made a cruel remark.

Qin Ming didn't think that he was a sheep into a tiger's mouth. He thought that everything was under his control. Unexpectedly, excessive seduction aroused the village head's fire. What's more, he didn't think that the village head was so arrogant that he would be forced to marry her in broad daylight.

"Village head, you really misunderstood me. I didn't mean that. Let me go." Qin Ming shrank to one side.

"I am a very reasonable person, if you are not wet, I will let you go, if" Yang Yu is very reasonable.

It's really reasonable. Qin Ming cried. She was not wet, but if you touch it, it must be wet. What kind of truth is this? That's a fallacy.

Yang Yu doesn't care. He grabs Qin Ming's legs and pulls them over. Qin Ming can't kick. Then Yang Yu

touched Qin Ming's place with a big hand.

"Ah? Don't Qin Ming turns over in a hurry, but Yang Yu's hand has grasped the place, and then his fingers slip in from the edge of his underwear. As soon as he touched the place, Yang Yu was stunned. Was it really wet? This Leng was kicked away by Qin Ming.

"Can you let me go?" Qin Ming said angrily.

"It's not wet. You're not cold, are you?" Yang Yu is not interested in women who are not wet.

Qin Ming put on the sweatpants and ran away.

"Remember your clothes." Yang Yu did not forget to exhort. Qin Ming gets more angry, turns back, goes to the bathroom, takes her clothes and runs away.

Whose daughter is this? Why is it so interesting? Yang Yu thought.

Seeing that it was dark, I went to my aunt's house for dinner, so I went to find someone else. Of course, instead of looking for women, I went to find the villagers who had been bullied by Qin Yang, one by one.

Some of these people dare to stand up and speak, some are hesitant and have no courage, and some simply deny that there is no such thing. Yang Yu needs not only human evidence, but also material evidence to deal with Qin Yang.

"Then the village committee must have taken the money, otherwise how could the tea garden be monopolized by him?" Zhang Liao was very angry. Last month, the tea garden was due to be replaced. He had all the money ready and wanted to contract. As a result, the village committee awarded Qin Yang the contract.

Of course, Yang Yu knows about it. Zhang Liao has also made trouble with Yang Yu, saying that he is unfair. However, the village committee raised its hands to vote on this matter, and Yang Yu is also staring at it. There is no way.

"Uncle Liao, you have to talk about evidence. Without evidence, I can't help it." Yang Yu said.

"Well! How can this man who gives money in private have evidence and can't give it back?" Zhang Liao said. Qin Yang must have sent money directly to his home. How can there be evidence?

It's really hard to find evidence in private.

"You said that people in the village committee took bribes. Is there any other situation?" Yang Yu asked. It can be seen that Zhang Liao is a man who dares to tell the truth.

"There are too many. The higher authorities allocate so much money each time. Where is it? Look at the

village. What has been built? " Zhang Liao said directly. Yang Yu thinks that he has only been a village head for a few months, and he has never managed this team. Unexpectedly, there are so many parasites.

"I haven't done any projects!" Yang Yu said.

"Yes, the last time you set up a mobile signal, the village did not pay for it. Then you checked the women in the village and guaranteed the subsistence allowances for the poor households. You did all these things. We are a poor village, and the policy and funding from the higher authorities are not limited to that. " Zhang Liao dares to talk like this today. First, he is brave and not afraid of making trouble. Second, he is angry and doesn't set out. Third, Yang Yu is a good village head. He has done so many good things since he became the village head. He trusts Yang Yu.

"I didn't do my duty either. The rumor recently has it that I am in the position of village head and have sex with village women." Yang Yu said with a bitter smile.

"Ha ha, what's a woman? The village committee did more than you. They've done women and they don't help. " Zhang Liao said that when he said this, Zhang Liao became even more angry: "I'm not afraid of losing face because I've said this. My wife has been so angry, and as a result,

Yang Yu understood the meaning.

"This kind of thing, it is to hit a tooth to go to oneself belly pharynx." Zhang Liao has a lot to say.

"Do you think we can find something that is reasonable?" Yang Yu said that there must be evidence.

"Village head, if you want to find evidence, I think you have to go to the old accountant in the village. He was in charge of all the money before, and his mood is clear." Zhang Liao said to the point.

Yang Yu took a hard picture of his head. He didn't expect that this accountant can be divided into internal and external accounts. Where is the money from the superior? Even if the village committee is divided privately, should there be an account?

Thinking of this, Yang Yu knows that he has found a breakthrough.

Zhao Xu has only been here for a month, and his past accounts are certainly not clear. It's no wonder that the village committee has an opinion on itself. After Yang Yu came up, the accounts were very clear and they couldn't make any profit. Yang Yu leaves and goes to Zhao Xu in a hurry."I have only one copy of this account, and the old accountant has given me a copy, not saying anything about internal and external accounts." Zhao Xu just graduated. He didn't know anything. The old accountant didn't say that he would do two accounts.

"Where is your account book now?" Yang Yu asked.

"Locked in the office of the village committee." Zhao Xu said. That's tomorrow. Yang Yu had no choice but to leave first. He wanted to go to the old accountant, but the old accountant must be a veteran, and maybe he was wearing the same trousers as Secretary Li and Qin Yang. That would scare the snake.

Yang Yu must think of a proper reason to take down the old accountant. If he can tell the truth, it will be easy to do.

However, Yang Yu's position as village head is not dignified enough. These old timers will not listen to the newcomer, so Yang Yu plans to invite someone with "prestige" to come tomorrow.

If you have a mayor brother, are you afraid of these small village cadres?

This dark night, on the way back, I didn't expect that I met Qin Ming by chance. Yang Yu just wanted to say hello, and saw a man: Qin Mu. Yang Yu hurried into Xiaonong and peeped.

"Qin Mu is a ruffian. How can ming'er be with him? Is ming'er his girlfriend? Wait. " Yang Yu takes a closer look and finds that the man and the woman are somewhat similar. He immediately understands that Qin Yang has a daughter. Is it ming'er?

When Yang Yu thought about this, he avoided them. On the way, he met a villager who lived very close to Qin Yang. So he asked casually, "does the old man of Qin Yang have a daughter named Qin Ming?" The villager nodded.

"I see. I said, how can you seduce me, but it's not wet. It's to test the enemy? Hehe, I'll make a plan. " Yang Yu thought.

The next morning. Yang Yu went to the town to see who? Of course, I went to see the Secretary of the Town Committee. Although it is said that the village committee is an autonomous organization, the village Party committee is not, let alone the Secretary of the village committee. There are people in charge of it. Which village committee is not a party?

So it's not wrong to find the party!

People like the Town Committee certainly don't know Yang Yu. Who knows a small village head? There are not many villages in this town. However, Yang Yu was praised for her last physical examination for women, so some people just have a little impression.

Yang Yu knocked on the door of the Secretary's office.

"Come in." There was a cry inside.

Yang Yu went in. A middle-aged man was drinking tea leisurely. Looking at Yang Yu, he felt a little familiar, but he couldn't recognize it. He continued to drink tea with his legs up and asked, "who are you looking for?"

"I'm looking for the secretary." Yang Yu said.

Seeing that he was looking for himself, the man put down his leg and said, "who are you? What can I do for you? "

Yang Yu didn't know that the secretary was so arrogant. He was just a small secretary of the Town Committee. However, even the people of the village committee were arrogant, not to mention the town officials?

"I'm the head of Yunv village, and I want someone to take charge of it." before Yang Yu finished, the Secretary of the town Party committee suddenly jumped up from his chair, put down his tea cup and said, "are you the mayor's younger brother, village head Yang?"

Yang Yu went down eyebrow, the heart way: this news also too well-informed? Even the Town Committee knows about it? We've run out of mayors.

"There is such a brother." Yang Yu said with a smile.

"Oh! Why don't you inform me when you come, so that I can find someone to pick you up. " The Secretary of the town Party committee quickly came forward and held Yang Yu's hand tightly, and said, "hurry up, sit down." Then he called out to the door: "Xiao Hua, pour tea, pour tea, hurry up!"

Yang Yu suddenly feels flattered. Is this change too fast? Just now, with a look of arrogance, he suddenly became just like a servant, a little uncomfortable.

"How is the mayor?" I didn't expect that the Secretary of the town Party committee would just say hello.

Yang Yu did not say that he was going to the sea with the mayor, but said, "well, I'm a little busy. There are too many things. It's not easy for me to meet him." That's the truth.

"Mayor, of course I'm busy." The Secretary of the town Party committee was laughing.

At this time, a woman came in with tea. The Secretary of the town Party committee rushed up and brought the tea to Yang Yu in person. The woman wondered: what is it? Need the Secretary to deliver the tea in person?

"However, the mayor is still very concerned about the development of our county. Next time, he is expected to visit our village and inspect it. At that time, you can also come to the secretary." Yang Yu does not mean that you have to come, but you can. You are a small official, mayor. Who is that? When people come to the county for inspection, they are also followed by the county Party committee. You are not a member of the town Party committee. Yang Yu can't go, so you can't come!

How could the Secretary of the town Party committee not understand this? This is Yang Yu throwing

olive juice at him.

"Oh, thank you very much, brother Yang. "The Secretary of the town Party Committee immediately changed his name and continued to ask with a smile," brother Yang is here this time "

" Oh, there's something trivial. I want to ask the Secretary for help! "Yang Yu said this very well."Oh, who are we? If you want to help or not, just say, I'm willing to go up the mountain and down the sea of fire. "The Secretary of the town Party committee said that he regarded Yang Yu as his father.

"This is what happened. Our village committee, there are a few old doggies who may have privately distributed the money given by the Town Committee. The accounts of the village are not clear. I just became the head of the village, and I have no authority to check. If the Secretary can take a few people to pretend to visit the village committee and check the accounts of the village committee by the way, it will be even better. In case of any problem, the money will belong to the country after all. How can it be checked What about not working for the people? "Yang Yu said things clearly in one breath.

"How can I be so greedy for the money allocated by the town? It's killing me! "The Secretary of the Town Committee immediately changed his face. Yang Yu's words mean two things: first, he wants to rule these criminals; second, does village head Yang insinuate that the discipline inspection work of the Town Committee has not been done well?

But no matter which one, the Secretary of the Town Committee is in charge.

"I'm just guessing that if there are reports from villagers, I'm sure the village head will check. "Yang Yu's statement is well founded. You see, I didn't make it out of nothing. It was only when villagers reported it.

"Don't worry about this. I will never allow such people in our Party committee. Let's go and say hello to the people from the Discipline Inspection Commission. Let's go down to the village and have a look. What do you think of village leader Yang? "The Secretary of the Town Committee knows that to please Yang Yu is to please the mayor. Although he is only the head of Zhima village, his words may change his official career.

As for Yang Yu, he doesn't care about the township, county and municipal Party committees, because he is not in the officialdom, and he is not an official himself. However, if his village head can get the strong cooperation and support of township cadres at a higher level, it will be easy to do this work. The prestige of the village committee is also high.

"OK. It's a blessing for our common people that the secretary works so hard. If my brother comes another day, I'll invite the Secretary to have a drink. "Yang Yu must have coaxed the Secretary of the town Party committee first. When it comes to eating, knowing, or whatever. Even if he has been introduced, he will only do superficial work. Do you really think he can make a smooth progress in his official career? I think too much.

After hearing this, the Secretary of the town Party committee held Yang Yu's hand again, just like meeting the master.

"It's almost noon. You sit down first. I'll tell you that village head Yang will stay for lunch anyway. "The Secretary of the town Party committee said and rushed out. He ran into Xiaohua on the road and said in a hurry, "go in and take good care of him. He's from the municipal Party committee. "

God, Yang Yu has become a member of the municipal Party committee?

The woman turned white when she heard that. People from the municipal Party committee? She has never seen such a big official. All of a sudden panic, how to take care of it? I don't know how to say it. This quick witted, quickly picked up a kettle, walked into the office.

Yang Yu is sitting on the sofa, waiting for the Secretary to arrange things and lunch, also bored, just to see a woman come in, took a look. I didn't expect that, just one more look, no words, no teasing, the woman's face turned red.

"Leader, I'll lick water for you. "Xiaohua didn't know what to call herself. The Secretary didn't give orders for her position. She just said she was from the municipal Party committee.

After listening to this, Yang Yu couldn't help laughing. He became a leader himself. This biography is too ridiculous. He said with a smile, "I'm not a leader. My name is Yang Yu. Just my name. "

" dare not, the Secretary will scold me. "Xiaohua said shyly.

Yang Yu did not know that there was such a naive little woman in the Town Committee? He teased: "what are you afraid of? I'm here. Even if you seduce me, he won't say a word. "

" Oh, I didn't seduce you. "Xiaohua's face is redder.

"Why not? Your collar is so low. I saw it all when I bent over to pour the water. Do you think it's seduction? "Yang Yu's brain is really fast in this aspect. Is that ok?

As soon as she heard that, she pressed her collar with her hand. Today, she went out in a hurry and didn't pay attention. She wore a low cut dress and didn't wear a bra. As a result, the people of the municipal Party committee thought that she was seducing him. Is that a mistake?

"Leader, I didn't. "Xiaohua lowered her head and explained in a hurry, but when she remembered that she didn't wear a bra and was completely seen out by the leader, she felt very ashamed and asked," leader, are you really seeing out? "

Yang Yu nodded and said with a smile, " it's very round and big. ha-ha. Especially the pink one "

Xiaohua collapses. She wants to find a crack to drill down and lose her face. Seeing the shy appearance

of Xiaohua, Yang Yu was more happy and thought: is this really shy or pretending? Normally, the women in the town committee should have been played. They are very open, but it seems that the little flower is quite serious.

"Have you ever been touched by the secretary? "Yang Yu is really flirting.

At this time, Yang Yu and Xiao Hua didn't expect anything. The Secretary of the town Party committee came back. Just as he was about to enter, he heard these words and stopped to eavesdrop. He wanted to hear what Xiao Hua said and what Yang Yu thought?

"No! How is that possible? "Xiaohua thinks how the leaders ask such questions, but when the leaders ask questions, she has to answer them. This is what the Secretary said."He is a secretary. You are just a little secretary. If he touches you by force, what will you do? "Yang Yu asked again.

The Secretary of the town Party committee outside the house was confused. What do these questions mean? Thought: This Yang Yu will not be sent to investigate my superior, right? Is it true to say that checking the village committee is false and testing me? Otherwise, why does he ask about me? This is a big problem. He continued to eavesdrop.

"This "Xiaohua doesn't know how to speak, and usually the Secretary also speaks dirty words, but she still has rules on her hand. She doesn't have any rules, and she doesn't force her.

"Hehe, you are scared. Are you still at home? "Yang Yu asked again.

"Can leaders not ask these "little flowers" to be more shy.

"Ha ha, good! I like you. "Yang Yu said casually. Xiaohua is also at a loss.

However, the Secretary of the town Party committee outside the house was greatly encouraged and thought: it was Yang Yu who fell in love with Xiaohua. I said, how could she ask such a dirty question, which scared me to death. She fell in love with Xiaohua, or I would give it to him?

Yang Yu is still teasing Xiaohua, but the Secretary of the town Party committee comes first.

"You seem to have a good chat." The Secretary of the town Party committee said with a smile. He took a look at Qian Xiaohua and said, "Xiaohua, you can have lunch with village head Yang."

Floret hesitated, nodded, went out, and closed the door by the way.

"The little flower is not bad, and the person is clever. If Mr. Yang likes it, I can introduce it to you two."

The Secretary of the town Party committee said with a smile. After listening to this, Yang Yu thought to himself: how to please me with beauty? But said with a smile: "this is not very good, this little flower is not the Secretary's woman?"

"What. I'm so old. " The Secretary of the town Party committee rejected it in a hurry and continued: "I have already said hello to the Discipline Inspection Commission and the mayor. I went to your village in the afternoon for a surprise inspection. Do you think it's OK, village head?"

"Thank you very much." Yang Yu stood up and wanted to bow. As soon as the Secretary of the town Party committee saw him, he bowed to himself. He quickly stood up, grasped Yang Yu's hand and said, "this is our job. We are derelict in our work. I hope village head Yang can say something nice in front of the mayor."

"The secretary is my leader. If I don't say good things to the leader, who can I say good things to?" Yang Yu said with a smile, but he thought: you can't go up even if you say something nice. Why should I talk too much.

Yang Yu went to the restaurant to have a meal, but he didn't want to take some good food with him. But the Secretary felt a bit shabby.

Unexpectedly, there were so many people at the lunch table. The mayor of the town, the director of the Discipline Inspection Commission and the leaders of various departments all came to join in the fun and wanted to stutter with Yang Yu. Yang Yu couldn't push off the wine. Next to him sits Xiaohua, who has been drinking with Yang Yu.

After lunch, and drink wine, naturally sleepy.

"Village head Yang, I think it's still early. Let's arrange it first. I'll ask Xiaohua to take you to the rest room. How about taking a nap first?" Said the Secretary of the Town Committee.

After all, Yang Yu agreed to go out on a regular schedule.

Xiaohua sends Yang Yu to the rest room, where there is a bed with complete settings, just like a hotel. When Xiao Hua came out, he was surprised to find that the Secretary of the town Party committee was still at the door.

"Secretary, why are you here?" Floret asked doubtfully.

"How did you get out?" The Secretary of the Town Committee asked eagerly.

"Village head Yang fell asleep, so I came out." Xiaohua still thinks that if I don't come out, what else can I do? People are going to sleep.

"Why are you so confused." Said the Secretary of the Town Committee.

Said to be confused, Floret is more confused, where did he make a mistake?

"Secretary, I don't understand you." Floret very embarrassed asked.

"You go in with him." Said the Secretary of the Town Committee.

Floret more confused, Yang village head all sleep, go in to accompany what? Can you sleep with me? Seeing the confusion on Xiaohua's face, it was obvious that Xiaohua didn't understand her meaning, so she said directly: "Xiaohua, village head Yang likes you very much. You go in and serve him. At the end of the year, I'll give you a promotion!"

Siwu asked, "how can I understand this?"

"I said, how can you be so stubborn? You are a woman and he is a man. Do you want me to be bold enough to say so clearly? I want you to sleep with him When the Secretary of the town Party committee said the last sentence, he began to reprimand.

"Ah?" Xiaohua completely understood what is serving this time. The Secretary wanted to offer his body to please village head Yang. That's right!

"Why are you still in a daze? It's just a little time to take a nap. Go in quickly." The Secretary began to push flowers.

"Secretary, this, this can't work." how can Xiaohua be like that? She is still at home. For the first time, she left it to her husband. How can she be sold to a strange man like this? She can't do it.

"No, you have to. If you can't, you can't use it for work tomorrow!" The Secretary pressed a question, dropped the sentence and left.

"Secretary, Secretary!" Xiao Hua called twice. But the Secretary didn't look back.

Floret Leng at the door, at a loss, do not come to work tomorrow, or go in to serve Yang village head promotion at the end of the year? Xiaohua struggles, tangles, and even wants to cry. She is just a little honey. She works in the Town Committee, but it's not easy.

Buy the body to the man, Xiaohua think this is the work of prostitutes, he became a prostitute? You're a slut?

However, under the oppression of authority and interests, Xiaohua finally pushed the door in.

Yang Yu closed his eyes and did not fall asleep. He did not hear the conversation just now. Seeing that Xiaohua came back, he was very puzzled and asked, "how did you come in again?" Looking at her red eyes, she asked, "what's the matter? Who bullied you? "

Floret was so said, tears finally did not hold back, Hua LA's flow down, while the flow is also taking off clothes.

Seeing this posture, Yang Yu was also confused. What was the situation? He got up in a hurry and asked, "Xiaohua, why are you crying? How did you get undressed? ""The Secretary asked me to give you my body. If I don't give it to you, I won't have to come to work tomorrow. " Floret is still undressing, finished, has taken off the coat, only the bra. After hearing this, Secretary Yang Yu wants to understand.

It's really flattering.

"I thought something was wrong. I stopped crying. I asked you, would you like to?" Yang Yu, isn't that bullshit? Would you like to cry?

Xiaohua didn't nod or shake her head. She just said, "this is my first time. I want to leave it to my husband!" After listening, Yang Yu seldom meets such an innocent and clever little woman. How can she take advantage of others. She stood up, went to her side, covered her clothes, helped her wipe her tears, and said, "you stay here, I won't bully you. When you go out later, you will have given your life. I will cheat the Secretary and say that you have served very well. I am very satisfied. In this way, the Secretary will not embarrass you. Is that ok? "

As soon as Xiaohua heard this, her tears stopped and she said, "really?"

"Of course, it's true. If you don't want to leave it to your husband and cry like this, then I will become a villain. I'll be damned." Yang Yu said, thinking: I don't lack women, nor virgins, there are many girls waiting for him in the class, so why bother a woman who sticks to her chastity?

Xiaohua is very happy to hear that. Instead, she takes a good liking for Yang Yu and laughs. She sits on the sofa and keeps her head down. Yang Yu laughed speechless and went back to bed.

In an hour.

Yang Yu went out with Xiao Hua. The Secretary of the town Party committee was very satisfied with this, and thought to himself: looking at village head Yang's red face, he must be very satisfied with the taste of Xiaohua. After waiting for Xiaohua to leave, Yang Yu quietly said to the Secretary: "the secretary arranged it well. This girl is on time. She is still in the office. It tastes good!"

After hearing this, the secretary was even more happy. He quickly flattered him and said, "this is really not my arrangement. Village head Yang is satisfied. Let's go. My people are waiting. Let's go to Yunv village!"

## Chapter 497

The Secretary of the town Party committee took the lead and followed two subordinates. These two subordinates are big figures. One is from the Discipline Inspection Commission, and the other is from the financial department. They killed the village committee of Yunv village in a hurry. In order to perform the play well, Yang Yu went to the village half an hour ahead of time and gave an urgent notice, saying that the town committee came to the village committee today for inspection and asked everyone to be present and ready.

This scared all the village committees. Why did they come? No news at all?

Yang Yu and the village committee meet at the entrance of Beishan village. When the Secretary of the town Party committee comes, Yang Yu pretends to be very excited.

"I don't know if the town committee came to inspect all of a sudden, but I was not prepared." Yang Yu said with a smile.

"Ready for what? I'm not ready to see the real face. " It's obviously an affectation to the Secretary of the Town Committee.

Everyone in the village committee has their own thoughts: what does it mean that the Town Committee suddenly arrived?

Yang Yu led the Town Committee to the office building of the village committee. As soon as he got to the door, the Town Committee stopped and said, "your office building is well built. Do you need a lot of money?" Yang Yu doesn't know how to answer this question, because the former village head built it. How much did he know he spent?

As soon as this is said, the cadres of the old village committee don't look good.

"We didn't do much together." Yang Yu said. Yang Yu can say: This is a project arranged by the former village head and the former secretary. I don't know about it. It seems that it really costs a lot of money. If so, the village committee will know that Yang Yu is not with him. Isn't it selling them?

So Yang Yu deliberately spoke for them, so that he could play the trick.

When he arrived at the meeting room and poured tea, Yang Yu made an introduction to the Secretary, who also made an introduction to the other two. When the village committee heard this, they felt that something was wrong. When they came to inspect, they usually brought people from the Ministry of agriculture. How could they bring people from the Discipline Inspection Commission and finance department? It doesn't make sense.

"When I come to visit this time, I have two ideas. The first is to look at the development of yunu village. The second is to look at the village committee's arrangements and plans for the economy, people's livelihood, treatment and public facilities." Said the Secretary of the Town Committee.

After hearing this, the village committee members were relieved and nervous. They didn't do any work in advance. You suddenly asked me to report these things. What would you report?

Yang Yu is not anxious or slow. These are all words.

"Then I'll take" the Town Committee to see our village first. " Yang Yu took the lead, followed by others, but this time and the last inspection of Yang Yu's introduction direction are the same. I went to see the xiayunv River first.

"This is the life river of our village. It is supported by this river. Most of the agriculture and economy are arranged around this river, such as vegetable fields, fruit trees, fish ponds and so on." Yang Yu introduced.

"Such a good source of water, if the development of drinking water do not know how?" Asked the Secretary of the Town Committee.

"The Secretary asked a good question, but transportation is a problem. The profit of drinking water is low, the transportation cost is high, and the water resources are not so wide, so the gain is not worth the loss. But it's OK to develop a high profit drinking industry. Our water and rice are the sweetest and most fragrant. I'm also planning to get rich. " Yang Yu talked about the first project for the whole village to become rich.

The Secretary of the town Party Committee immediately praised Yang Yu and the plan.

Then, Yang Yu deliberately sold a pass, saying that he wanted to show the secretary a surprise and that it was the secret of our village becoming rich. This was not only the expectation of the Town Committee, but also the expectation of the villagers. As a result, Yang Yu took the town committee team to the tea garden at the top of Beishan Mountain.

When he got here, Qin Yang yelled that it was not good. He thought he felt that village head Yang had done it on purpose.

"This tea has a long history. You can see that you are famous outside the tea garden. You see how lush the tea trees are. If the tea garden is expanded, the income will be doubled. " Yang Yu introduced this tea garden with a long history.

"This tea garden is good. Isn't the annual income good?" The Secretary pretended to ask.

This question, Yang Yu deliberately did not answer, but the words peak a turn, said: "this tea garden is Qin old man, Qin old man to answer."

Qin Yang hid in the back, all wet, was named by village head Yang in front of the Secretary of the town Party committee, had to come out.

"The maintenance and cost investment are very high, and the annual income is not much, about 50000 or 60000." Qin Yang faltered. Some people are not happy with this. The annual income of this tea garden is at least 300000, 50000, 60000? Hum, who are you cheating on? "Really? So low. How many years has Mr. Qin been in charge?" The Secretary asked deliberately. Yang Yu and the Secretary had already made preparations for this information, and they had already investigated the actual situation of this tea garden.

Qin Yang did not dare to answer, but had to answer: "more than 20 years."

After hearing this, the secretary was not happy and said, "you've been packing for so long. Why is your income still so low? It seems that you are not well managed. If you are not well managed, how can such good resources be wasted? What's more, the policies of our town are all contracted for five to ten years. You have contracted for 20 years in a row, which is not good for the development of the village." Master Qin Yang's face turned white immediately, thinking: I should have said more if I knew. As for the second half of the sentence, he pretended not to hear anything.

"I met a man on my way to your village." He said he wanted to contract the tea garden. As a result, the original owner bribed the village cadres in private. The village cadres voted for the original owner. I don't know if it happened

What's more, not only Qin Yang's face is not good-looking, but all the village cadres' faces are not good-looking.

Yang Yu began to act and said hastily: "secretary, this must be a rumor. That person must not be satisfied with the work of our village committee, so he slandered us in private. I Yang Yu promise that our village committee is impartial, honest and clear, and will never do anything corrupt and pervert the law. That will disgrace the party."

The Secretary of the town Party committee and Yang Yu are in harmony. One is white faced, the other is red faced. They cooperate seamlessly.

"Oh? Mr. Yang, don't say it so early. Today I also brought the director of the Discipline Inspection Commission and the financial director. Aren't you afraid of my auditing?" How was this topic bypassed? All the village committees didn't respond. What's the relationship between the private bribery and the village committee's accounting?

The money is taken in private, and it will not be recorded in the village's expenditure and income books.

"Secretary, I don't want to say something. I'm beating my face when I say that the people I'm leading are bribed and corrupt. I Yang Yu is dedicated to serving the people, and I don't have a needle for the masses. The Secretary misunderstood us so much. I dare not audit the accounts!" Yang Yu insists on auditing.

The Secretary asked to check the accounts, the finance is really there, and village head Yang praised it!

But they scared the villagers into looking like ghosts.

When they return to the village committee, Zhao Xu takes out the account book. Zhao Xu's account book is an external account book, that is, it is a fake account book for outsiders. Of course, the account after Zhao Xu took over is true. So the town finance took the lead, Yang Yu and the secretary took the lead, and Zhao Xu began to check accounts.

All the village committees stood outside the door, waiting in agony.

This couple, by the way, had been in for two hours before they called in the members of the village committee. When they saw the Secretary's face, they cried out that it was not good.

"Director Zhao, who is responsible for the project of the old people's pavilion in the village?" Yang Yu asked Zhao Hai. It's time for Zhao Hai to show his loyalty. Which side is he on? In fact, Zhao Hai doesn't know that these are all plays performed by Yang Yu. The secretaries are all Yang Yu's people.

"Yes" when Zhao Hai stammered and couldn't speak out, Yang Yu interrupted: "needless to say, it's uncle Liu Dongshu, right?" Yang Yu took out all the files. Every project of the village committee will be put on file to record the project matters. It's a standard workflow. Who's in charge of it? It's clearly written.

"Who is responsible for the medical insurance project of the village's poor households?" Yang Yu continued, and then he named himself: "is it uncle Niu Sheng?"

"And the construction of dilapidated buildings, the construction of street lamps, the construction of public survey, and the maintenance of yunu river. Are these the projects that master Qin is in charge of?" Yang Yu said several things at a time, these projects are relatively large, and they are quite purposeful, and they are obvious to each other.

"Where is the old man's pavilion? Street lamp, I didn't see the public test. Whose dangerous house was built? Zhao Hai, go to the village and call the people with low-income insurance and medical insurance. I'll ask if they receive the low-income insurance every month. I have a list in my hand!" Yang Yu said a lot like a solo.

"Also, it seems that this account can't be right. Let's call the old accountant together. Also, call the former village head and Secretary Li over. " After Yang Yu said so much, Zhao Hai finally responded. Now he doesn't stand in the position of village head Yang. As soon as his project is fished out, it will be finished and he runs out in a hurry.

Li Qing, the village chief, and all the village secretaries, didn't think that they were the same? It's going to kill you.

"Village head Yang, our town has allocated so much money to your village. Look, what have you done? If you don't say anything, where's the money?" The Secretary of the town Party committee asked angrily.

He began to train Yang Yu on the surface. In fact, they all beat the village committee in the face.

Of course, Yang Yu was not afraid. He didn't do anything bad. He was secretly happy. He thought to himself: you veteran cadres, why don't you provoke me? Can you afford it? I'll kill you. The town committee can't decide. I'll call the county committee and the city committee!

But the village committee members, especially those who have shared the spoils and taken the money, are all trembling.

Zhao Hai is a man who knows how to do things. He knows that Yang Yu can't attack all the people. He is just a few stubborn old people who are the leaders of secretary Li and former village head. So he immediately goes to Secretary Li and former village head Zhang and asks them to go to the village Committee. Then he goes to the old accountant and asks him to take the account book, which must be the internal account book, to the village committee, When you get old, your legs are weak.

"Old accountant, now everything can't be covered, the Town Committee has been angry, this time it's going to take a knife, you help to do so many false accounts, it's certainly not too late to walk, you are so old, if you are still in prison, that day" Zhao Hai of course is to scare him.

"Director Zhao, what do you say to do?" The old accountant called for help in a hurry. "Redeem the merit. You are retired old people. Village head Yang is a good man. He will sympathize with you. He will talk about love at that time. He should be OK!" Zhao Hai is a smart man. He knows that Yang Yu is not interested in the old accountant. He has to get the account book of the old accountant. As long as the evidence is in hand, he can cure the people he wants to cure. Therefore, the retired old accountant has no threat to Yang Yu, so Zhao Hai concludes that the old accountant is OK.

"It's going to offend a lot of people." The old accountant doesn't dare to do it. If he does, he will have more enemies in the village. After all, Yang Yu is a stranger. When he leaves, who will protect him? Like the eldest son of master Qin, he came directly to abolish him. The old accountant was afraid.

"We'll listen to whoever is in charge now. It's the Town Committee. Do you want to fight against the Town Committee? Even if you don't tell the truth, do you think the Town Committee has nothing to do with you? At that time, pull to Discipline Inspection Commission, torture! You old bone, ha ha, I'm afraid you can't make it. " Zhao Hai can also scare people. It's not ambiguous at all.

The old accountant is even more scared by Zhao Hai. It seems that he can only go one step at a time. Just behind Zhao Hai, I dare not go alone. Zhao Hai went back to the village committee when he found a poor family who did not receive the minimum living allowance.

Secretary Li and former village head Zhang really did not expect that Yang Yu would make things so big.

The Town Committee, the Discipline Inspection Commission and the finance department are all here. I heard that they called just now and called several people from the Discipline Inspection Commission to come here. It seems that this time, they are really coming.

Secretary Li used to be indifferent, but when he saw that the old accountant was also old, he couldn't sit down immediately.

"Bai Yezi, you did all these projects before? I'll ask you a question. If you tell the truth, I won't pursue you. If you lie, I'll cure you, expel you from the party, and don't get your pension. If the situation is serious, I have to go to jail! " The Secretary of the town Party committee didn't expect to deal with such things in an orderly way. It seems that Yang Yu underestimates him. He must have two skills to be the Secretary of the town Party committee.

The old accountant was afraid of being an official. He worked as an accountant in the village all his life. When he first met the Secretary of the town Party committee, he was a senior official. He was scolded by this, and his legs softened. He recruited all of them. He said, "the account book is here. Where the money goes, it's here."

The old accountant took out an old account from his chest and handed it to the Secretary of the town Party committee. The Secretary of the town Party committee turned it over and then handed it to the Discipline Inspection Commission.

"Secretary, it's all my village head who didn't make a good start. I didn't expect that there are so many officials who are not responsible for the people in my team. I'm really ashamed of the people. I think I'll take the blame and resign. " Yang Yu said that the trick had a perfect ending.

"Village head Yang, these things have nothing to do with you." Said the Secretary of the Town Committee.

He made a separate inquiry with the financial secretary, the director of the Town Commission, and the relevant personnel.

Until the evening, the Secretary said, "it's also the dereliction of duty of our town committee. I didn't expect so many people to influence the party's image. I will hand over all the village cadres who are involved in the case to the Discipline Inspection Commission for strict handling. You can wait for the notice. "

Yang Yu gave away a group of people from the Secretary of the town Party committee. Yang Yu said that he would introduce the mayor to him next time. The Secretary of the town Party committee was happy and said that he would be invited to dinner next time.

After the Secretary of the town Party committee went back, he set up a discipline inspection committee group to investigate and collect evidence about the corruption of village cadres in yunu village. If the case is serious, it is natural to deal with it. Who should deal with it? Yang Yu has already said hello.

A week later, the official punishment document came down.

Secretary Li and former village head Zhang were expelled from the party. Qin Yang, Niu Sheng and uncle Liu were all expelled from the party and went out to be village cadres. At the same time, Qin Yang was not only punished for taking bribes for contracting tea gardens, but also no longer had the right to contract tea gardens. Tea gardens will be contracted again.

And the rest of us are safe.

Yang Yu fought a beautiful turnaround. He not only gave Secretary Li a big blow, but also told him to behave better. When he was so old, he didn't want to make trouble. At the same time, he established his prestige in the village committee. The old and stubborn cadres were dismissed, and the rest of the disobedient were obedient.

At the same time, the villagers knew that the village committee had been greedy for so much money, and they hated them very much. At the same time, they also cheered Yang Yu. When they heard that Yang Yu was going to contract the tea garden again, the villagers cheered. At this moment, Yang Yu in this village, it is really become the earth emperor, only hand cover the sky.

Who dares to attack Yang Yu in the future? Yang Yu himself said: Laozi is the head of the village. Laozi is the biggest in this village. Everyone has to listen to me! When I do things, you all have to turn a blind eye. Of course, doing things here does not mean doing bad things, but stealing village women and other people's wives.

Yang Yu solved so many people in one breath, flattering, flattering, to please his villagers, that's more. Yang Yu has the final say in this village. Can he please?

When I came out of school, I didn't expect to meet aunt Zhao Yaxuan at the school gate.

"Village head Yang, you won't forget about me, will you?" Aunt Zhao said. Her husband has been working in the city for a week. This week, Yang Yu didn't go to find her, so she had to find Yang Yu herself. "Recently, the village committee has been very busy. You know, my aunt is looking for me?" Yang Yu also pretends not to know why.

"Do your duty and obligation, village head Yang won't cheat, will he?" Aunt Zhao said.

Aunt Zhao really can't hold back. Her husband has agreed to find a man to satisfy her, and Yang Yu has agreed to play the role of temporary husband. How can aunt Zhao waste such an opportunity?

When Yang Yu felt his head and didn't know how to say it, a voice came from behind: "Mom, how did you come?"

As soon as Yang Yu turns around, isn't this Li Ruixue, a girl student in her class?

This Li Ruixue is a beautiful embryo. It's completely inherited from her mother. Beauty doesn't mean that the key is to be mature. She has already developed well at the first day of junior high school. She

looks like a woman! Yang Yu took a look and became interested in this kind of mature little girl!

"Remember to come in the evening." Before leaving, aunt Zhao said. I took my daughter.

On the way, Li Ruixue asked, "Mom, why do you ask President Yang to come to our house at night?"

"Mom found you a temporary dad." Aunt Zhao said.

"Temporary dad?" Li Ruixue opened her eyes wide and was surprised.

## Chapter 498

[+ - Turn off](#) [Reset](#)

Li Ruixue still doesn't understand the meaning of a temporary father. Principal Yang is only six years older than her. Her brother is almost the same. Her father is far away. Besides, she has a father.

Yang Yu is also embarrassed to face Li Ruixue. He has become a temporary husband and wife with aunt Zhao. Is Li Ruixue not his own daughter? Aunt Zhao asked Yang Yu to come for dinner. Yang Yu was sorry to go. You said that villagers came to gather people at night. Besides, neighbors saw that I went to a left behind woman's house to have such a strange meal. It's not clear.

The rumor about sister-in-law Xu is still spreading. It's even more embarrassing to make another rumor about a temporary husband and wife.

Therefore, Yang Yu went to Aunt Zhao's home after nine o'clock and felt that no one would come. Aunt Zhao and her daughter just had a good bath and were watching TV in their bedroom. Aunt Zhao is making a fuss in her heart: Grandma's, this village head Yang doesn't come? I'll show him some color tomorrow, and dare to stand me up.

Aunt Zhao is very fierce.

Yang Yu looked around and saw that the next door neighbor's house was closed, so he secretly knocked on the door. This knock, aunt Zhao secretly happy, hurried to open the door.

"Why are you here? Let my aunt worry Aunt Zhao pulls Yang Yu in and closes the door. Then pull to the bedroom. Rural bedrooms are all in the house, and the windows are also wooden windows. Once closed, there is no light outside, just like no one at home, so people outside can't see what they are doing inside.

"Ruixue, go upstairs to bed." Aunt Zhao ordered.

"Principal Yang? Why did you come back to my house so late? " Li Ruixue still didn't understand. She was curious that principal Yang came to her home so late.

Yang Yu is depressed. How can he explain to Li Ruixue.

"Ruixue, let me tell you straight." Aunt Zhao cleared her throat. It's a long-term cooperative project, and she can't hide it from her daughter. It's better to explain clearly and say, "principal Yang is going to sleep here tonight."

"Mr. Yang doesn't have a villa at home, and there's no place to sleep?" Li Ruixue is very mature. She is very mature about men and women, but she just can't react for a moment.

"No, principal Yang sleeps with his mother." Aunt Zhao said.

"Ah? Mom, do you steal men?" Li Ruixue finally has a little understanding, suddenly think of temporary dad, don't say?

Aunt Zhao was said by her daughter to "steal", and she was not happy, so she had to say, "it's not stealing either. Your father knows about it. Your father is afraid that our mother and daughter will not be taken care of and will be lonely in the city, so let headmaster Yang be my mother's temporary husband and take care of you to go to school."

Li Ruixue was shocked when she heard this. Is there such a thing? It's amazing.

"Mom, does your temporary husband also include doing that?" Li Ruixue asked a question that embarrassed everyone.

Aunt Zhao listened and nodded in embarrassment.

"Oh, I see." Li Ruixue suddenly fully enlightened, said with a smile: "what temporary dad, I still wonder, has been unable to understand, the original mother wants a man, need a man to moisten, dad is not, this cheap all to Yang principal, ha ha, is not it?"

Yang Yu is really a pat on the forehead, want to cry without tears ah, this words from a daughter mouth to his mother said, how so awkward.

"What did you say about mom?" Aunt Zhao said awkwardly.

"Ma, you are so licentious!" With that, Li Ruixue spat out her tongue and ran out.

"You are such a child." aunt Zhao chased after her and tried to beat her, but she didn't catch up. Looking at Yang Yu, he said, "you don't say a word."

What can Yang Yu say? Looking for a stool, also ready to sit down to watch TV, the result of aunt Zhao up a TV to turn off.

"Watch what TV, do your husband's duty as soon as possible." Aunt Zhao said.

Yang Yu looked at the time and said, "Auntie, it's still early."

"My aunt has taken advantage of you for nothing. Aren't you interested? You want your aunt to take the initiative? Don't you dislike your aunt? " Aunt Zhao is a little unhappy. How could Yang Yu not be interested? Now he is most interested in village women, especially the licentious left behind village women and widows.

"Aunt, I'm not polite. Don't blame me for being rude." With that, Yang Yu picked up her aunt and threw her on the bed. Then she went straight to pull her pants. After a while, Yang Yu took off her aunt completely. But aunt Zhao had already been suffocated and tried hard to take off Yang Yu's clothes.

Two people did not have two minutes, started the movement, the light has not turned off.

At this time, suddenly heard footsteps, or ran into the house, this is not others, it is aunt Zhao's daughter Li Ruixue.

"Mom, you are so quick." Li Ruixue looked at the naked principal Yang bullying his mother: "I'll come in and get the exercise book." Then he ran out in a hurry. Just this time, after Li Ruixue went out, he quietly hid outside the window and peeped through the cracks of the board.

You can see it clearly.

The nightlife of Yunv village is always so colorful. It seems that it is dark and harmonious outside, but the room is full of rough waves, which can't be seen by outsiders at all.

The next day, aunt Zhao's face was red. Although Yang Yu left early in the morning, Li Ruixue, her daughter, did not forget to tease: "Mom, you are so happy to be moistened by principal Yang. I'll go to find a boyfriend to moisten you." "How old are you, thinking about men when you grow up? " Aunt Zhao said.

Li Ruixue is really ready to find a man. She wants to find her own temporary father instead of others.

Yang Yu issued a notice today: the tea garden at the top of Beishan Mountain is open to the public for contract and further expansion. It has been divided into ten parts. Every family will contract it. There are even reward and punishment system and competition system. If the maintenance and management of the tea garden is not good, the contract right will be withdrawn.

This is a reform of the system, so it's better for one person to contract and make one person rich than to divide resources to form competition and encourage management.

As soon as this notice is issued, there will be an endless stream of people who want to contract!

Yang Yu back to them is a sentence: fair, just, I can't go through the back door!

But the people who came to find Yang Yu trampled on the threshold.

"Village head Yang, just tell me. What do you want your sister-in-law to do? My sister-in-law is willing to do anything. Why don't you give a piece of this tea garden to my family?" Said Han. Han also wanted to wrap a piece of suck.

, Han Sao, I really don't has the final say. You go to the village committee first, and there are many contract fees. Our audit conditions are also very large. "Said Yang Yu. This time, the contract was carried out according to the process, and there was no fraud. Even Yang Yu himself didn't mean that any sister-in-law gave the body a package.

The conditions of audit are very complicated. Firstly, the contract fee is the basic. Secondly, the rich families like Qin Yang and he Yuanwai do not give the contract. Thirdly, the village officials do not give the contract. Yang Yu, Zhao Hai and Li ruorrong do not give the contract. Fourthly, the same family does not give the contract within three generations, so the resources are separated. Fifthly, those with bad reputation and lazy are always stealing chickens You don't pay for the ruffians in dog business.

Priority should be given to the hardworking poor households. If there are special circumstances, the contract fee can be reduced or remitted on credit.

In fact, Yang Yu has some ideas in his mind. Can't he not seek benefits for his acquaintances? Unfortunately, Wang Ren, Lin Yiyi's sister left, otherwise, Yang Yu would definitely keep a piece. There are also Ji Ming's family, who are poor and left behind children. However, if they are given them, I'm afraid they won't have time to take care of them. Yenai is also old, so the tea garden may not be well maintained.

And widow Liu, with stupid two cows, life is like walking on thin ice. Yang Yu wants to win them a share.

When it comes to acquaintances, Lin Yina, Yu Sao, Xu Sao, and Han Qingfang's family next door should all help, so Yang Yu tried their best to sign up.

This weekend, a lot of people came home.

The Third Sister Li Yuanxi came home, the second sister also came back, the family rarely together, and Han Qingfang, Zhang meiruo also came back, which made Yang Yu have to want to get together.

On Saturday night, Yang Yu called her cousins, Han Qingfang, Zhang meiruo, Shen Feifei and Bai Xue to her villa to have a drink. They seldom came home as neatly as this time.

Everyone was sitting on the sofa, watching TV, drinking, playing cards and chatting. Yang Yu wondered why they all went home today.

"Miss Yang, you don't know what festival tomorrow is, do you?" Han Qingfang asked.

Yang Yu touched his head. He really didn't know. Zhao Hai didn't tell him what the big festival is tomorrow and what needs to be arranged, so he had to shake his head.

"What is the greatest wealth of our village?" Han Qingfang asked.

"Yunu river." Yang Yu answered without thinking.

"Yes, so tomorrow is the festival of our Yunv River, which is to thank the Yunv river that gave birth to our lives." Han Qingfang said.

After listening to this, Yang Yu felt that there was some truth. His vegetable land depended on the river, and so did he Yuanwai's fish pond. He wanted to sacrifice the river and thank him. But Yang Yu really didn't know there was such a festival. Tomorrow would be the festival. As a village head, he should arrange it quickly.

"What are the activities?" Yang Yu asked. Now he knows why everyone came back this weekend. That's why. To put it bluntly, it's Thanksgiving.

"There is a very important activity, like cousin so lecherous, certainly like." Second cousin Li Yaxi said.

Yang Yu was stunned for a moment. The first festival in his mind is the milk festival in Hongxing Village next door. Does it mean that there is such a thing in Yunv village? Yang Yu was immediately hanged appetite, quickly asked.

"Our ancestors thought that this river was spiritual, and even had gender, which was female. That's why it was called Yunv." The second cousin continued. Yang Yu was even more curious. For the first time, he heard that there are still men and women in this river? Interesting.

"You can finish it in one breath." Yang Yu asked curiously.

"The ancestors thought that the women who had been soaked in the yunu river would be able to give birth to white and fat babies. Therefore, every time this festival, girls aged 16 to 20 in the village had to swim naked in the river, so that the aura of life nurtured by the yunu river could enter the body of women." The second cousin has finished.

After that, some girls stopped talking.

Yang Yu was stunned for a long time. He suddenly looked at his cousin and all the girls and asked, "cousin, do you come here like this? Tomorrow, you're all going to swim naked in the Yunv river?" Yang Yu asked with wide eyes. Everyone nodded!

Poof! Yang Yu immediately vomited blood. He was sorry to spit blood. Have all the goddesses like my

cousin ever swam naked? Is that how Hua Yuyan, Li ruorong and Li Ruoshui come here? I hate that I didn't get a chance to see all the goddesses.

However, this group of beauties also need to swim naked? It's different to go to a nightclub, even to a Haitian feast. However, it's early autumn and it's past the swimming season. Although it's still hot occasionally, it's still a little cold.

"What about us men? Can you stand by the bank? Can I go down and swim naked with you?" Yang Yu is very concerned about this problem.

This is a man's greatest welfare.

"I know my cousin cares about these things." The second cousin went back to her.

"Of course, I can't go down the river, or I will be bullied to death by Mr. Yang. ha-ha." Han Qingfang laughs.

By the end of the party, it was nearly 12 o'clock. Li Yunxi, her cousin, wanted to stay and sleep with her cousin. However, with her sister, she was embarrassed to say that she had not slept in the villa. Because of face, many people are hard to stay and sleep.

Therefore, Yang Yu simply left no one and left. After he left, Yang Yu quietly called Han Qingfang. Han Qingfang turned back.

In the room with only two people left, on the bed.

"You broke up with sister Ruoshui, then I'm your formal girlfriend, right?" Han Qingfang asked.

"Of course." Yang Yu replied.

"You don't even come to school to see me." Han Qingfang said.

"Did you find a boyfriend at school?" Asked Yang Yu.

"Of course not, people's heart, body is your person, but also find a boyfriend why." Han Qingfang said and threw herself into Yang Yu's arms.

"That night, my boyfriend satisfied you well." Yang Yu said with a smile that he wanted to be gentle with Han Qingfang for a long time.

This is the girl he has done the most times, and he is not tired of doing it. The reason is very simple, that is, Han Qingfang is a girl who is easy to climax. And look at this beauty climax expression is Yang Yu's favorite.

It was Yang Yu's first time to meet Yun River Festival.

When he went to Zhao Hai in the morning, Zhao Haicai said that everything had been arranged by the village committee. The reason why he didn't tell Yang Yu was that everyone thought that the village head was too busy. We could do this kind of thing if we could. After listening to this, Yang Yu didn't know whether to cry or laugh, but it's good that these boys can take the initiative to work and don't want him to play.

Yang Yu has seen the bodies of most of the girls in the village. However, Yang Yu wants to see the ketone body of Er Mei, because Er Mei is too hot and fierce, so she has to be discouraged.

"Cousin, you think too much, want to see my body, dream. "Er Mei is still so arrogant.

"It doesn't make sense not to let us men see it. "Yang Yu doesn't think it's right. The milk festival in Hongxing Village is all casual. Why can't men watch the naked swimming of female children in their own village?

But it's something that our ancestors came down with. It's said that men's approach to the Yunv river will scare the river fairy away, affecting the fertility of girls. What kind of person is Yang Yu? He hopes that other men can't watch it, but he can watch it himself. At noon, every family went to the Yunv River to worship, some with braised pig's head, pig's hoof, sheep's hoof, fruit and so on.

Three sticks of incense should be inserted and placed along the river for several hours for the river immortals to taste.

By 3 p.m., all the qualified girls were gathered at the downstream stream, where there was a pool. In summer, everyone was swimming here, which was a familiar place. Today, the sun is very strong and it is not cold.

The boys are standing far away in the field, can't get close to, can only look far away.

"I said director Zhao, do you think we can abolish this one that we men are not allowed to appreciate?

"Yang Yu joked with Zhao Hai.

"That's not allowed. "Said Zhao Hai.

"Why? "Yang Yu is very puzzled. They are all men. Is Zhao Hai not lustful?

"Why? My daughter's in there. ha-ha. "Zhao Hai laughed.

It's a pity that Yang Sanyu, a girl who is familiar with Shiyu, can't see two cousins this time. What's more, several tents were built temporarily to prevent freezing.

Yang Yu can only watch drily. Li ruorong is in charge of the work there.

At a quarter past three, everyone made a sacrifice to the Yunv river. Then the girls stripped off their clothes and went to the river one after another.

Looking at the figures like loach, Yang Yu can only be anxious, which is cousin, which is Shen Feifei can not recognize, all the same. The girls were in a position in the river with their legs wide apart.

"Director Zhao, what are you doing?" Yang Yu asked curiously.

"What else can we do? Let Xianqi go into your body. Only in this way can you have the best life." Said Zhao Hai. Yang Yu understood immediately. It makes sense. This custom is so interesting sometimes. After about ten minutes, the girl got ready. But just then, someone fainted.

"What's going on?" Li Ruo Rong yelled.

"Yaxi sister seems to faint, seems to sink!" Someone called. All of a sudden, everyone was in a panic.

"Something's wrong!" As soon as Yang Yu saw the situation, he knew there was a problem, and he rushed down regardless of the rules.

At this time, people found that Li Yaxi's body floated up, as if drifting towards the depths. Here are all women, there are no men, Li Ruo Rong a see, nothing said into the water.

Yang Yu is fast running, jumping directly from the ladder.

When a group of naked girls saw Yang Yu rushing in, they were not shy. Yang Yu didn't care to see the spring, but quickly asked, "what happened?"

"Yaxi seems to faint and sink." Han Qingfang said.

Yang Yu can't think much about it. As soon as he drags his shoes, he rushes into the river of Yunv. He says to himself: second sister can't do anything.

Yang Yu holds his second cousin up naked. Fortunately, the rescue is timely and he wakes up. Also did not think much, took clothes to help her cover the body, and then carried back home. The second cousin didn't scold her cousin this time. My cousin hurried to call Dr. Wu.

"It doesn't matter. I'm overworked and too weak. That's why I fainted. Just take a good rest and mend my body." Dr. Wu said, and then prescribed a few pairs of Chinese medicine, and left.

"Don't go to the workshop in the future, just stay at home." Yang Yu said.

Obviously, the second cousin was too active in the processing workshop, and the thunder was broken. Everyone was very distressed by Dr. Wu's words.

My aunt killed an old hen and was ready to make up for her two younger sisters. She certainly didn't eat well outside.

Because on Sunday, you don't have to go to school. Yang Yu also tries to stay at home with his family. In the evening, Mrs. Xu and her husband Liu Tian came to her aunt's house to find Yang Yu. They also carried a basket of native eggs.

Yang Yu guessed that there should be nothing else except the contract of tea garden.

Since talking about business, Yang Yu invited them to his villa.

"Sister Xu, uncle Liu, you are here this time," Yang Yu asked. I don't think it's because of the tea garden. Can't I still rely on the stealing last time?

"We're here for the tea garden." Xu said embarrassed.

Yang Yu has also guessed that if it wasn't for the relationship between Xu's sister-in-law, Yang Yu must have driven out. Recently, too many people have come to this matter, and they are tired of it: "have you signed up?"

"I did." Liu Tian laughs foolishly. He is the most embarrassed. Last time, because Yang Yu cheated on his wife, he had a brain fight. He lost not only Yang Yu's face, but also his own face. They all said that family ugliness should not be publicized. Now he has become the laughing stock of the villagers. As for Yang Yu, the villagers still admire her. They all said that you can taste her ass.

"Village head Yang, I'm sorry about the previous incident. I was reckless. I'm ashamed of you." Does Liu Tian want to apologize? Also difficult for him, his wife was on, but also come to apologize? What kind of wind is blowing here? It's just driven by interests.

"If you lose your face, you'll lose it. It's OK. But the problem is that people outside say that when sister-in-law Xu was last treated by me, your house was repaired. It's like a business. I don't know how many people come to do the sex trade for the contract of this tea garden." Yang Yu is naturally on the crest of the wave.

As soon as I cleaned up the team of the next village committee, I went into the pit. It's not good if I get bitten back.

Liu Tian nodded repeatedly. I'm sorry to ask for more about the tea garden. If I send my wife to village head Yang again, it seems to be a shame.

"After everything has been done, I'll admit it. This time, I'll tell you straight. My husband wants me to sleep here again tonight." Mrs. Xu said, this sentence has flavor, but the hidden meaning is: This is my husband sold me, I will follow him.

But Mrs. Xu didn't say that I asked Yang Yu to sleep another night, not for the tea garden, but for her husband to sell me and be angry with you.

Liu Tian did not speak.

"Sister-in-law, it's no good. People have been gossiping about it. If you want to return it," Yang Yu disagrees.

"What are you afraid of? Now the whole village knows what you've done to me. What's the difference between one more time and one less time?" On the contrary, sister-in-law Xu was arrogant.

Liu Tian hesitated and couldn't hold a word for a long time. Has the final say never mind. "

, " Liu Shu, I can say that if your wife sleeps here, it's not related to the tea garden. It's not a deal. Tea garden is not my final rule now. " But Yang Yu put the ugly words in front of him!

But thinking about it, Yang Changcun still didn't agree? Village head, it's always said on the surface. I can't say in front of you that the deal is done, right?

Mrs. Xu really stayed, and she was really fooled by Yang Yu for another night.

But this night, it was a little different. Mrs. Xu was very cooperative and worked very hard. The whole process was very good.

The next day, the contract for the tea garden was arranged.

This list has been discussed by the village committee. Finally, it was checked by Yang Yu. Of course, the village committee naturally gave Yang Yu enough face.

Mrs. Xu, Cui Qiang and Han Qingfang are all listed. Then Ji Ming's family, as the object of protection, divides up a small part and asks others to help. The signer is Ji Ming himself. That is to say, the money earned by the tea garden will be directly sent to Ji Ming or her grandmother, but her parents won't get it.

Why do you say "Fa"? That's because Yang Yu has made a unified brand of the tea garden, and even unified sales. But the quality of tea and the harvest are divided according to the contract. In addition, a few mu of land has been reclaimed around the tea garden to plant new tea trees.

The new land was contracted out separately, giving preferential measures.

They all applauded for grabbing a piece of meat from the landlord's house this time. They even applauded Yang Yu. Yang Yu said with a smile, yes, yes, I am the village head.

But the sisters in law and aunts don't think so. Some people who come to give gifts say like this: "village head Yang, I have nothing to give you, or I'll give you my body?" After listening to this, Yang Yu wanted to cry without tears.

Originally, I was enjoying myself in the happy laughter, but suddenly some villagers came to report the funeral!

"Mr. Yang, it's not good." That villager flustered says.

"What's the matter again?" Yang Yu asked.

"Mr. Sun, he drank again last night. He was as drunk as mud. As a result, he entered the haunted house by mistake and died!" Said the villager.

Who is this old man sun? He is a lonely old man with no children. When his wife leaves, he is the only one left. He loves drinking very much. He is also a drunkard and a tramp in the village. Not many people will care about such people, Yang Yu has applied for the minimum living allowance for him.

Yang Yu and the others hurried to the ghost house. It's terrible to see the death. Two eyes were dug out and rolled beside. It's terrible.

This is the third time that Yang Yu has been killed by a ghost house since he came to the village.

"Yes." Yang Yu scolded and yelled: "director Zhao, organize a team tomorrow and tear down the ghost house."

When Zhao Hai heard this, he cried and said, "village head, you can't tear it down."

"There will be victims in the future." Yang Yu shouts, the door is locked and many warning signs are pasted, but there are still many passengers or children who don't know how to break in, and the result can be imagined.

"You forgot? The last time we dealt with the mass grave, we thought it was ok, but nothing serious happened? It's only the house that has been demolished. We have to ask the ghost to go. " Zhao Hai said that the mass burial of the gang left him with a lingering fear.

After listening to this, Yang Yu calmed down. This is reasonable.

Demolishing houses is not the root of the problem. Burials are a bloody lesson. We can't make any more mistakes.

"Then we'll set up an investigation team, and I'll lead the team. I've found out about it. I can't always have trouble." Yang Yu said.

The villagers helped to clean up the body.

This is the only haunted house left in the three terror forbidden areas of panic village. Yang Yu decides to check him out this time, so as not to be afraid.

"Divide the work, Zhao Hai. Go to the archives of the village committee to find out who the house belongs to. Li ruorong, together with your sister, ask the old people in the village if they know what this haunted house is about, who used to live in it and what happened. Other people come with me and go into the haunted house to have a good look at the house and see if there are any clues." Yang Yu immediately divided the work.

When they heard the orders, they immediately went out to work.

Yang Yu with a few bold villagers, took a flashlight into the haunted house. This time, Yang Yu wants to really see what's going on in this haunted house? Why is the room red? Why is it always a groan?

Why didn't you have an accident that time? Who lived and what tragedy happened? In my mind, Yang Yu has a lot of questions.

The haunted house during the day is not so terrible, with a sense of cool, not gloomy feeling, a lot of cobwebs, with a strong smell of mildew. When the sun comes in, most of the places are full of light, and there are still some holes in the house, which makes it very interesting.

The house comes in from a yard in the middle. After entering, there is a small yard behind it. It is built around this yard. The first floor and the second floor are rooms. There are two staircases. One is in the middle of the corridor on the first floor, which is the stairway Yang yuheel walked through when he came here. It is a circular staircase. The other staircase is from the small yard. It looks like an outer staircase. Yang Yu has also passed this staircase. That night, Su Xiaoxiao pointed himself to this staircase.

"What do you think the whole pattern of this haunted house looks like?" Yang Yu asked,

"village head Yang, I don't think it's like the place where our ordinary families live, it's a bit like Yichun hospital." A village cadre said.

"Brothels?" When Yang Yu was reminded by him, he suddenly realized that there were so many rooms in the house, and the whole pattern really looked like an ancient brothel.

"That's not right. We're in a deserted village. Are brothels here? How can there be business?" Another villager said.

Yang Yu is right when he thinks about it. There must be no reason for brothels to open in the countryside. Yang Yu continued to walk and observe. The doors of each room were opened. Most of the rooms had beds, but they were in tatters. The rotten wood was covered with dust and cobwebs.

Every room is almost the same, bed or some broken furniture, some are covered with white cloth. Looking from some small decoration of the room, it has a long history, at least not since the reform and opening up.

After a tour, I didn't find many clues. We have to wait for the news from Zhao Hai and Li ruorong.

In the evening, relevant personnel gathered in the meeting room of the village committee.

"Let's talk about my situation one by one. Let's go in and check the haunted house. According to the pattern, it's like a brothel. Even if it's not a brothel, it should be something like our red light district. It looks very old. It is estimated that it was during the period of the Republic of China and the Anti Japanese war. There's no other clue. What about you?" Yang Yu asked.

Zhao Haixian said: "I have checked the files of the village, there is no record, there is no residence archive, there is a family who once lived here temporarily, but that family has already moved away, I am also trying to contact." When Zhao Hai finished, everyone turned their attention to Li ruorong, hoping that she could have some clues.

Li ruorong, however, said: "the old people in the village are not clear about the origin of the house. It seems that when our grandfather's generation, the haunted house was already there, but our grandfather's generation had almost gone, and there are not many people left to understand the truth of the haunted house. I met a 90 something old woman and she said something very interesting

This aroused the curiosity of the public, and quickly asked what to say.

"She said," why don't I see a haunted house?" Li ruorong learned to say.

This is not surprising. How can such a big haunted house not be seen in the village? It's a lot of laughter.

"People who are 90 years old have bad eyes and can't see normally." Zhao Hai said.

After such a summary, it seems that everyone knows little about the origin of the haunted house, its owner and what happened. It must be very difficult to find out such a long time ago.

"Village head Yang, it seems that there is no clue. Shall we invite the psychic to go?" Zhao Hai said again.

"I asked about it the last time I was in a mass grave." Yang Yu said. Last time, the psychic said that some ghosts ran away and some didn't come here. Of course, it also included the ghosts of the blind ghost house. At that time, Yang Yu asked the psychic to see if he could help them.

But the psychic shook his head and said, "no, that's a group of hundred year old ghosts. I can't provoke them. You are also provoked."

"A hundred year old devil? No wonder it's so fierce. " Li said.

"Zhao Hai, go and look for the family that used to live temporarily to see if it can still be found. Maybe you know something." Yang Yu said.

Then the meeting broke up.

But tonight, something happened.

At two o'clock in the morning, when all the people in Yunv village were immersed in their sleep, suddenly, the beautiful cry came from Yunv village.

The cry is very loud, and it's not one person crying, but a group of women crying. It's sad and sad, and it's not cold. It's obvious that the cry is not from a family's home, it's from the blind ghost house.

It's a terrible cry.

Early in the morning.

What happened last night, all of a sudden, started to stir up.

"Do you hear me? The cry last night? It's terrible. " Lin Zhiyu said in the class.

"Yes, it's more terrible than the Mountain Ghost roar before." The students talked about it one after another.

Chen Yunmei stopped Yang Yu in the office and asked, "headmaster Yang, what happened to the cry last night? What the hell are these places? Why are they so terrible? " Chen Yunmei was not satisfied with coming here to support her education. Now the deserted village is still haunted. Last time there were zombies, which scared her to death.

"What are you afraid of? If you don't do something bad, the Ghost won't come to you." Yang Yu said.

"Then you stole so many women, the ghost will come to you." Chen Yun does not show weakness, but goes back to the top. Although Yang Yu is not afraid, he is still said to have goose bumps. Will there be this cry tonight? Will you come to find yourself, as Chen Yunmei said?

You know, Yang Yu once saw the ghost in white.

The investigation of the haunted house is still going on. There is really no clue, unless you try to enter the haunted house at night? After Yang Yu had such a bold idea, he took Li ruorong and Zhao hai to his

villa to sleep at night.

It was dusk.

Yang Yu, Li ruorong and Zhao Hai stand on the roof of Yang Yu villa.

"You call us here to see the scenery?" Li said. The scenery on the rooftop is really good. The terrain is high. Half of the village is in front of you. You can see it clearly, and the breeze is blowing. It's very comfortable.

"It's really a sight to call you here." Yang Yu said with a smile, took out a telescope, or military, infrared, handed to Li ruorong, said: "have a look."

Li ruorong took the telescope and really looked at it.

Yang Yu continued to smile and said, "I found out today that the house opposite me is a ghost house!"

As soon as he finished, Li ruoreng put down her telescope and looked at Yang Yu. She turned her head and looked at the ghost house. She saw the gate yard clearly.

"I once saw the ghost of a woman in white in a haunted house." Yang Yu said.

At this time, Zhao Hai seemed to be enlightened and said: "village head Yang, you asked us to come here, don't you want us to use this telescope to check the situation of ghosts on the opposite side tonight?"

"That's right!" Yang Yu said decisively.

"Well, village head, you know I'm timid. I don't have the courage to see such a thing." Zhao Hai stammered, very reluctant to accept the task.

"What are you afraid of? So far away from the haunted house, even if we really see something dirty, we will not come here. There is no evidence that the female ghosts in the haunted house have left the haunted house, so we are very safe. Besides, there are three of us. What are you afraid of? " Yang Yu tries to persuade."I really can't do it. If you ask Zhao Xu to come, he's an atheist. He's certainly not afraid. I'm afraid of ghosts. I believe in ghosts. I pee when I see ghosts." Zhao Hai almost cried. He's not afraid of it. It's really dirty.

"If you're afraid, go downstairs and invite the Duke of Guan to come up, and let him accompany us at night. It must be OK." Yang Yu continued.

"If you are not afraid, why do you call us here? Can't you just look at it by yourself? " Li said with a smile.

Yang Yu touched his head and couldn't refute a word he said.

"I'm not afraid of girls alone, and you two big men are still afraid of nothing. It's settled tonight." Li said and went downstairs. Yang Yu and Zhao Hai, you look at me, I look at you, also followed downstairs. The ghost house directly opposite the villa is quietly located on the hillside of the back mountain. During the day, it is peaceful.

Will there be any more women crying tonight?

Yang Yu secretly pulls his girlfriend Li ruorong into his room, while Zhao Hai sleeps in another room.

Li ruorong is not a woman, but a demon. Her body and expression are amazing. If you have to give a place to all the women you know, Li ruorong's coquettishness is definitely the first. Li ruorong and Yang Yu have a passionate bow in bed. Li ruorong is crying for her father and mother because Yang Yu is dry. Yang Yu does not let her go at all. Such a gorgeous and arrogant goddess is completely under Yang Yu's masculine style.

Li ruorong lay on Yang Yu's chest and said softly, "you are breaking up with my sister now. Can we make it public about our relationship?"

"Aren't you afraid to make your father angry?" Yang Yu said that he is not afraid of secretary Li now. He is afraid of Li Ruoshui. Although he broke up, it is not because of their feelings. The feelings are still there. When he meets two people in school, he also looks at each other.

In this eye, it's all sentimental.

"I'm not afraid of him." Li said arrogantly that she was not afraid of her father, which was very different from Ruoshui.

Yang Yu did not answer directly, but changed the topic: "do you want more?"

"Why are you so fierce? I think you can learn from trinket and marry seven wives. I can't make it tonight. I can't make it tomorrow morning. " Li ruorong turned over and wanted to escape from Yang Yu's clutches. Yang Yu looked at the time, and it was exactly zero. When he wanted to press on Li ruoreng, suddenly.

Suddenly, the silence of the village came crying!

It's the cry of a woman with sorrow in her sad beauty. It's like singing and crying. It's heartbreaking to hear. The night in this deserted village is a terrible place.

Hearing the cry, Yang Yu jumped up from the bed, dressed quickly, went out of the room with a telescope, knocked on Zhao Hai's door and rushed to the roof. Zhao Hai was huddled in the quilt and didn't dare to get up to go to the rooftop.

Yang Yu was also frightened and flustered. When he ran to the rooftop, he didn't dare stand outside to look at it. Instead, he hid behind the concrete guardrail and sat on it. The concrete fence is one meter high, which can just cover the body.

After a few minutes, Zhao Hai and Li ruorong also came up. He also sat next to Yang Yu.

"Which of you will look first?" Yang Yu is going to pass the night telescope.

But Zhao Hai didn't dare to answer and pushed the telescope.

"Two useless men!" Li ruorong said, took the telescope, white two big men one eye. Li ruorong turned over, knelt down on the ground, put the telescope on the concrete fence, then put his eyes close to the past, adjusted the orientation, and looked in the direction of the haunted house.

After watching the clock for a minute, Li turned around and returned to his original position.

"See anything?" Yang Yu and Zhao Hai asked in unison.

Li ruorong thought for a moment, shook his head and said, "nothing."

After hearing this, Yang Yu was disappointed. He clearly remembered that he had seen a ghost in his aunt's attic.

"Even if there is a ghost, it's in the room. Why do you come out? In my opinion, we might as well go to the ghost house to install some monitors during the day, so that we can be clear." It's a pity that when they talked about the video, they thought about it.

Yang Yu can't figure out what this piece of blood red is. It's also blood red in the room through the door. It's also blood red in the dream. It's also blood red in taking a video. I don't know what it is.

"That's a good suggestion. Tomorrow you go to the market and buy some monitors." Yang Yu said. If the ghost house is in the eye, the ghost can't crawl out of the computer to catch you, can't it?

Just when Yang Yu and his wife were discussing, a white shadow appeared in the ghost house. The white shadow has been staring at the villa here, ready to say, is staring at Yang Yu three people to see.

"I'll see, too." Yang Yu took the telescope, still very surprised, there should be ghosts! Said, turned around, kneeling on the guardrail, picked up the telescope, aimed at the haunted house, looked at the past, began. The courtyard of the haunted house was empty. It seemed that there was nothing in it. Then Yang Yu continued to move his telescope to see other parts.

All of a sudden!

"Ah?" All of a sudden, Yang Yu screamed and retreated, and the telescope fell from the roof with a bang.

Yang Yu's face was pale. He was scared away for several meters. His pupils contracted sharply, his back was cold, and his lips were shaking. What terrible thing did he see?

Li ruorong and Zhao Hai are also scared. Will they be scared like this when they see the bold village head for the first time?

"Village head?" Zhao Hai saw the scene and knew that village head Yang was not joking with him. The village head must have seen something extremely terrifying. Otherwise, it's impossible to frighten him like this. Even if he saw a ghost, it's impossible to frighten him like this, right?

Yang Yu didn't respond. He was still in a state of panic. It was as if his soul had been emptied and his eyes were free. Li ruorong quickly got up, turned his head and looked back. He didn't have anything. Then he came forward, put Yang Yu in his arms and said, "it's OK, it's OK." It is also the first time Li ruorong has seen Yang Yu scared like this. Both Li ruorong and Zhao Hai believe that Yang Yu must have seen something terrible, which is enough to frighten people to death.

See Yang Yu's this appearance, two people believe, all believe that the two male donkey friends who are not afraid of heaven and earth why will be directly scared to death.

"Go downstairs." Li ruorong said to Zhao Hai, who came over in a hurry and helped Yang Yu down the stairs.

On the sofa in the living room.

Yang Yu curled up in the blanket, sweating all over, didn't speak, and his eyes were staring all the time.

"Sister ruofong, what should we do? It seems that the head of the village is scared. Do you want to call Dr. Wu?" Zhao Hai also felt his sweat.

Li ruorong took a look at Yang Yu and said, "I guess he's just scared. He should be OK later. Go and help pour a cup of hot water."

Li ruorong fed Yang Yu a cup of hot water. Yang Yu slowly recovered. Zhao Hai watched anxiously.

"I'm fine." Yang Yu tries his best to control his emotions, but he is still scared out of his wits by the scene he saw just now. Yang Yu seems to have guessed what the red color is. He finally knows why the two donkey friends were scared to death.

If my heart was not good enough just now, I would have stopped beating.

What did Yang Yu see?

That night, Zhao Hai and Li ruorong slept in the living room until dawn.

Seeing that Yang Yu is OK, Zhao Haicai leaves and goes to the city to see if there are monitors for sale. Naturally, Li did not mention what happened last night, nor did he ask what he saw.

Yang Yu also didn't want to mention last night's matter, pressed in the heart, went to school peacefully. Then I made a few phone calls with the nightclub in the city. After listening to the situation, I need Yang Yu to pass in a few days. Maybe the nightclub will open. Naturally, Yang Yu is very happy.

Students and teachers are still discussing the ghost crying last night.

There are also village women who come to Yang Yu to inquire about what's going on in this haunted house. If they can invite a Taoist to come back and do something, Yang Yu thinks about it. Let the village cadres contact a Taoist with high power to come here. Whether it's useful or not, it's also necessary to show the villagers and make them feel at ease.

this village cadre worked very awesome. It was estimated that they were very scared in their hearts, and invited a Taoist priest to come over in the afternoon.

Yang Yu is naturally welcome.

"The poor way is to get the cloud view, and the master to get the cloud." It's fun to watch the lord talk.

"Deyun view?" Yang Yu repeated it, as if he was familiar with it.

"Deyun temple is the most famous temple in Xianju, Zhejiang Province. The master of Deyun temple has strong magic power and usually doesn't go out. This time, we've really spent a little money before we can move." Said the village cadre. Yang Yu listened, took out the mobile phone Baidu, the result is really Baidu a cloud view, listen to the introduction, not ah.

It's as famous as the Puxian temple in Miao village. It has made great contributions, has a great reputation, and has made great achievements. Yang Yu belittled these village committee members and didn't ask how much they spent.

Yang Yu looks at the highly respected Taoist deyunzi again. He has extraordinary bearing and sharp eyes. He should have some skills. He quickly asks the logistics to prepare the food and wine for the ritual in the evening.

Zhao Hai also came back at night and bought things.

"I asked a Taoist to do something. Let's see the situation first." Yang Yu gave an order. Zhao Hai put the

things in the village committee and followed the people to prepare the things for the ritual.

Yang Yu still has some impression and credibility on this Taoist practice. Because I grew up watching uncle Lin Zhengying's zombie movies, uncle Lin always played the role of Taoist, exorcising demons and beating zombies, which left a great impression on Yang Yu.

It's not like the night before. It's not like the night before.

Who's afraid of the master?

Therefore, deyunzi was directly working in the courtyard of the soyan ghost house, so the villagers and village cadres were not afraid, so they gathered around and waited for the Taoist monk to catch the ghost.

Deyunzi took a look at the ghost house and said, "I'm afraid there's more than one ghost!"

After listening to this, all the villagers, including Yang Yu, had the same idea: Master Gao Ming, you can see it at a glance. It seems that Yunv village can finally be quiet this time.

Deyunzi put out his finger to calculate, and said: "hum, a group of minions, look at your arrogance, old monk, let you show your original shape!" With that, deyunzi drew out a peach sword and began to fly and dance. He didn't know what he was doing, just like performing acrobatics.

Yang Yu is a little puzzled when he looks at it. As far as he knows, it's very simple and low-key for people with real ability to act or exorcise and catch ghosts. For example, mother-in-law Tianyan, psychic medium and soul seeker, Yang Yu has seen such people's real ability, and has never been so boastful. They are all very crisp.

The psychic said that they were evil spirits. He didn't dare to touch them. How could Yunzi say that they were minions? Is it true that the magic power is very high? Yang Yu was puzzled. At this time, suddenly heard a bang, the candle on the table was burning, and then, a gust of wind hit, the candle went out. The ghost house went dark as soon as it was destroyed. The door of the haunted house closed quietly.

The villagers suddenly began to panic.

Deyunzi's forehead exuded a drop of cold sweat, heart way: isn't it? What a ghost? Run! But he pretended to be calm and said, "don't be afraid, I'm here."

As soon as the word "Zai" was uttered, he heard Yunzi scream and scream, and his hands were empty. Because of the darkness, people didn't know what had happened. I saw who yelled: "run, the devil is coming!"

Who's this noise, the scene on the spot out of control, everyone rushed out to the only small door, but the door is how also can't open. The villagers were in a hurry. They climbed out of the wall and the

scene was in chaos.

"Calm down, everyone!" Yang Yu shouts. Seeing deyunzi in the middle of the yard, he is still frantic and screams. He doesn't know what happened.

Suddenly, I don't know what fell down and rolled to Yang Yu's feet.

At this time, the wind stopped, the candle burned again, and there was light in the yard. All the villagers were quiet and turned to see the Taoist monk standing still.

Yang Yu took a look at the ground, two eyes. Scared to retreat two steps, and then a closer look at the cloud, is dead, like a sculpture, and open the eyes, but the eyes were hollowed out, blood down the cheek, blood red, dripping on the ground.

And the eye bead son on the ground, also don't know where to drill out a dog, gave those two eye beads to eat on the spot.

All of a sudden, the ghost house became quiet.

No one dared to speak. There was a dead silence. At this time, there was another creaking sound. The door opened again. At the sight of the villagers, they fled desperately.

"Village head, what should we do?" Zhao Hai asked eagerly.

"Get the body out first, and we'll talk about it tomorrow." Yang Yu said. It's only 11 o'clock now. In another hour, when the Yin Qi is the heaviest, no one can protect anyone.

Unexpectedly, the highly respected deyunzi was killed by the fierce ghost!

Yang Yu held an emergency meeting all night and scolded: "I asked you to invite eminent monks, not a swindler."

"We don't know that Yunzi is so useless. I think it's quite famous." Said the village cadre.

"Now not only has no money, but also dies in our village, how to explain!" Yang Yu is very angry, but he is also responsible for this. He takes these fierce ghosts too lightly, but he didn't expect them to be fierce. No wonder mediums don't dare touch it. Now, we can only peel the ghost house layer by layer like an onion to see what the essence of the ghost house is.

Only by finding the root can we find the key to exorcism.

"It's better to rely on others than yourself to install the camera tomorrow." With Yang Yu's words, the meeting ended.

Tonight, Yang Yu did not dare to sleep in the villa. Instead, he went to the attic of his aunt to sleep. He secretly pulled his cousin to sleep together and nestled in her chest. Yang Yu felt very warm and at ease.

The next morning, the ghost village will be reborn, no place will be terrible.

Yang Yu and Zhao Hai installed five or six cameras in their rooms, inner courtyard, outer courtyard and corridor. Waiting for the results of the night. But Yang Yu's heart is very afraid. Since he saw the terrible thing the night before yesterday, Yang Yu wakes up every night in a nightmare.

Then, I heard crying.

Now it's hard to be quiet, which makes the villagers miserable.

"Village head Yang, is there any way to deal with the ghost house?" The village women all came to inquire.

"You ask me, I ask who, I'm more anxious than you." Yang Yu's mood fluctuated so much that he scolded all the village women away. It's really irritating. This village is neither his own nor his hometown. If it wasn't for working here and my aunt and cousin here, Yang Yu, the village head, would not have wanted to be.

Nowadays, nightclubs in the city are too busy. The headmaster's salary is only in his early 2000s a month. It's not enough to drink porridge. Nightclubs now make millions of profits a month and tens of millions a year. He really doesn't want to take care of the affairs of the village committee.

"Yang Lin, don't you have the ability? Why can't you take the ghost?" Yang Yu asked Yang Lin, she is not a person in this world, according to reason, with the ghost world is the same.

"Although ghosts, like us, are all in five-dimensional space, they are of different races and systems. Moreover, I am now the flesh of a three-dimensional world, so I can't help them." Yang Lin said.

"The devil of the East and the West doesn't understand?" Yang Yu laughed. Anyway, he doesn't know what kind of five dimensional world it is, or what kind of system it is. Is there a world cup, or is there a country where 1.3 billion people can't make it to the world cup?

"But I know a little more than you do." Yang Lin said.

"All ears." Yang Yu said. "Go to the historical archives of the county to see if you can find a warlord named Yuan Zhen. Maybe we can find some clues." Yang Lin said.

Yang Yu kept it in mind and muttered: Warlord? The Republic of China?

During the day, Yang Yu is trapped by all kinds of troubles. There are many meetings in the county school, and he doesn't want to go. The ghost house has not been solved, and the nightclub has to be

busy.

When Yang Yu is taking a nap at school, Zhao Hai suddenly rushes in.

"What's the rush? Don't tell me what happened again?" Yang Yu jumped up in fright.

"I found the family that used to live in that haunted house." Zhao Hai said excitedly.

"Really?" Yang Yu said, "I'm very happy to get up and jump out of bed."

Zhao Hai leads the way to the next village. Yang Yu doesn't ask what village it is, so he follows. On the way, Yang Yu meets a man, sister Zhao Ying.

"Miss Yang, where are you going?" Asked sister Zhao Ying.

"Go to your village." Zhao Hai interjected.

"To whom?" Zhao Ying asked.

"Old man Liu!" Zhao Hai replied.

Zhao Ying's face became a little surprised, but he said with a smile: "he should be at home, but he is an old man with a strange and violent personality. You'd better be careful."

Old man Liu is not eccentric, he is a little crazy.

After Yang Yu and Zhao Hai went, they were still talking to themselves. They didn't know what they were saying. The house is very shabby. It's a mud house. It's quite old, and the house is even poorer.

"Mr. Liu Dagen?" Cried Zhao Hai. The talent turned around, confused looking at two people, and turned his head back, talking to himself.

Zhao Hai took a look at Yang Yu, and then asked directly, "uncle Liu, have you ever lived in the haunted house in Yunv village?"

As soon as he said this, he was surprised. He turned his head and said, "how do you know?" Zhao Hai takes another look at Yang Yu and admires him. The old man actually lived there.

"This is my village head. Many people have been killed in that haunted house. We want to clear it up." Zhao Hai said.

"Clear? Ha ha. " Liu old man sent out a sneer, said: "Qing can't, that ghost is too fierce."

Seeing this, Yang Yu found a stool to sit in front of Liu Dagen and said, "Master Liu, what do you know? Tell me, there is nothing in the world that cannot be cleared

"You have a big voice." Uncle Liu said, "well, I'll tell you about it."

Mr. Liu lived in 1996, almost 20 years ago. At that time, Mr. Liu was in his forties, a family of four, a daughter in his twenties and a son in his teens. At that time, uncle Liu's old house didn't pay attention. It was burned down and there was no place to live. The four members of the family had to wait for starvation, so they moved into a haunted house.

That's a lot of guts.

In 1996, he was already haunted, but he was not as fierce as he is now. Now the ghost doesn't know whether he is practicing or what. He is too fierce.

At the beginning, it was OK. Nothing happened during the day, but after a few days, something went wrong. This night, when I sleep in it, it's always windy, and my family always see phantoms. Once, when my daughter was sleeping, she woke up in the middle of the night and found a woman lying next to her.

At that time, the scared soul was gone.

This kind of thing often happens, such as bathing, always feeling behind someone, sleeping, always feeling someone staring at you to sleep, that day is really like walking on thin ice. Although, always haunted at night, but somehow nothing happened. But one night, something happened.

At that time, Zhuzi, a 20-year-old girl, was killed by the ghost.

The next day, Mr. Liu moved out of the haunted house and the village, and came here to live temporarily for 20 years. His wife also left, and his son worked outside, leaving him a lonely old man.

"Uncle Liu, have you met them?" Yang Yu asked.

"I haven't seen them face to face, but it seems that they all wear red clothes. Wrong, they should be red cheongsam, just like those famous prostitutes in the old Shanghai beach. Their makeup is rouge. The scariest thing is, "said Liu Dagen.

"What is it?" Yang Yu and Zhao Hai asked at the same time.

It's almost dusk to leave Liu Dagen's home.

"Village head Yang, do you think the white shadow you see is Liu Dagen's daughter?" Zhao Hai asked on

the way.

"Probably." Yang Yu also thinks so. Just now Liu Dagen showed Yang Yu the picture. It's like, very like.

At this time, on the way, Yang Yu met Xiaomei, who came home from school.

"Miss Yang." Xiaomei was very happy to see Yang Yu.

"Uncle Zhao, why don't you go back first? I'll take a look at my students' home and talk to their parents about their study." Yang Yu lied again. Zhao Hai didn't think so much about it. It's normal for the teacher to talk to his family about his grades.

But Yang Yu, you are a headmaster now, and you usually take part-time sports and music classes. You know the grades of fart, don't you find a reason to support Zhao Hai, and then go to find Zhao Ying to sleep?

Seeing that Zhao Hai had left, Yang Yu was relieved to smile at Xiaomei and said, "go, go to your house."

Xiaomei's development is very fast. Nearly a year has passed, the place has protruded a lot, and the whole person is not so shy. She becomes cheerful and mellow, and says, "Miss Yang is looking for my mother to sleep again?"

"Can't I sleep with you?" Yang Yu said with a smile.

"No, Mr. Yang's is too big, so my mother can bear it. I'll wait until I grow up." Xiaomei can say that.

It seems that they are all damaged by Yang Yu.

"Let Mr. Yang check the development in the evening." Yang Yu joked.

"No, I'm not." Xiaomei said, "what a stranger."

Yang Yu leads Xiao Mei to her home. Zhao Ying is busy in the vegetable field. When he sees Yang Yu coming, he is also very happy. He quickly puts down his work and goes to pour tea, cook and prepare dinner.

"Sister Ying, I don't need to pour this tea. Besides, don't cook so many dishes. I only need a pot of green vegetables." Said Yang Yu.

"Why did you go to old man Liu's house?" Zhao Ying goes to panning rice and talks with Yang Yu. While Xiaomei takes the desk and chair to write her homework, Yang Yu gives him guidance by the way. "There is a haunted house in the village. It's very noisy. Old man Liu lived there, so he asked about the situation." Yang Yu said casually.

"Oh, haunted. That's horrible. "Zhao Ying and Xiao Mei can't hear the cry here, but they feel terrible when they think about it.

Yang Yu looks up at sister Zhao Ying. It's still the beautiful village woman.

"By the way, sister Ying, didn't your husband come back?" Yang Yu asked.

Zhao Ying laughed and said, "I came back once, gave some money and then left again. "Zhao Ying said casually.

"Don't mention my dad. I'm angry when I think about it. "Xiaomei next to her is also pursing and muttering.

Yang Yu didn't know what to say.

"Miss Yang, if not, you can be my godfather. Come and live with my mom when you have time.

"Xiaomei's calculation is very good.

"What are you talking about? Do your homework. "Zhao Ying's face turned red.

"Cut! Mom, don't you know? Now many of the people who work outside are temporary couples. Who knows if dad is looking outside. "Xiaomei is very unhappy.

"You talk nonsense! Look for a fight. "Zhao Ying is very angry with her daughter.

"Forget about it. Do your homework. "Yang Yu quickly opened the topic and helped Xiaomei review her lessons.

After dinner, Yang Yu didn't choose to leave, and it was already dark. The village is very sparsely populated, with few houses and few people. At night, there is almost no one.

"Miss Yang, do you want to take a bath in the backyard? My mother also went. "Xiaomei said with a smile.

Yang Yu looks at Zhao Ying. Zhao Ying is a little embarrassed, and he is also embarrassed.

"Miss Yang, what are you embarrassed about? You haven't seen me and my mother's body before. Besides, we've seen your body, too. " When Xiaomei talks about it, she makes a slip of the tongue. Zhao Ying still doesn't know that his daughter and Yang Yu have always had that kind of relationship, and Yang Yu doesn't know how many times she's been married.

Yang Yu was so scared that he rushed out, took the water pipe and played with Xiaomei, which made her wet. When Zhao Ying meets her, she laughs. Xiaomei hides behind her mother. Yang Yu goes over and pulls Zhao Ying over, which makes her wet.

"Mom, Miss Yang bullied us, we snatched it." With that, Xiaomei and Zhao Ying rush up and grab the water pipe with Yang Yu.

Everyone had a good time.

In the end, everyone was wet. But no one would be the first to strip. Or Xiaomei has insight, said: "teacher Yang, we women are not shy, you are a big man, also mother-in-law, quickly take off the bath, or you will catch a cold."

Yang Yu was afraid of something else, so he took off all his clothes and trousers. Zhao Ying and Xiao Mei took a look at Yang Yu's place at the same time and found that they were as upright as pillars, and their faces were red. Seeing this, Yang Yu pulled Xiaomei over and said, "it's your turn to take off."

Then she went to take off Xiaomei's clothes. After taking off her clothes, she found that the girl's chest was much bigger and a little mature. It was estimated that it would take shape in half a year, but the hair below was still very rare.

When Zhao Ying met him, he couldn't manage so much. He took off all his clothes.

Three people, like loach, stick together, rub soap on each other, rub bath on each other.

Yang Yu also took advantage of this opportunity to touch sister Zhao Ying's chest several times. Zhao Ying is not polite. He rubs Yang Yu's root for a long time. Everyone has no opinion, so he takes a bath.

"Wash up quickly. Or you'll catch a cold." Zhao Ying said to Xiaomei. Yang Yu aims the water pipe at Xiaomei and flushes it clean. Then he rushed to Zhao Ying, and finally he came back.

"What are you doing? Go to bed. It's so cold." Zhao Ying said to Xiaomei.

Xiaomei didn't choose to go upstairs. Instead, she went to her mother's bedroom. After the towel was dried, she got into the bed. At this time, Zhao Ying was also chilly by the wind. After drying, he went to bed. Yang Yu was the last to go to bed.

The atmosphere suddenly became awkward.

"I didn't expect it to be so cold." Yang Yu broke the deadlock in a hurry. In fact, the temperature was ok, but the water ice was a little bit.

"That teacher Yang is not quick to warm up my mother." Xiaomei said. This boy is really sensible. As soon as Yang Yu heard that it was reasonable, he took Zhao Ying over and sat down on himself. His skin was completely close to him. Then Yang Yu's quilt passed from the back and covered up sister Zhao Ying.

"Is it warm like this?" Yang Yu said with a smile.

"It's warm in a man's arms." Xiaomei gave a sentence to the top. The word "man" was also used. What a word full of androgens.

"You child, go upstairs," said Zhao Yingxun.

"Mom wants to do that with Miss Yang, right? I won't go. " Xiaomei has become coquettish.

Yang Yu just doesn't like Xiaomei. But Zhao Ying certainly refused. How could he do that in front of his daughter?

However, when Yang Yu went in, Zhao Ying was soft and didn't care about anything. Can let Zhao Ying cry, Yang Yu also in front of her face, the daughter Xiaomei also gave up.

The next day.

A lot of cameras have been installed in the haunted house, and the computer was originally intended to put Yang Yu's villa home, which was rejected by Yang Yu. Do you want to scare people to death? Finally, it was put into the meeting room of the village committee.

"Tonight, everyone stay with me, and my eyes see clearly. We need to have a good look at the ghost," Yang Yu said. However, I can still remember what happened when I peeped through the telescope that night. What I saw that night was really terrible.

I hope I don't see it again tonight.

"Village head, it's OK for me to stay, or I'll go first." Someone wants to run away.

"No, you can sleep here. The rest room in the back is OK Yang Yu vetoed: "why, are you worried about this fierce ghost crawling out of this computer?"

"Who knows, in case she does climb out?" The village cadres faltered.

This sentence amused everyone.

"Zhenzi, did you think you got out of the computer?" Zhao Hai replied.

At dusk, the camera was turned on ahead of time. The whole process of operation has been checked and photographed clearly. But at night, because it's too dark, it's not clear.

"It's too dark. What should I do? You can't go to the haunted house and get a lamp, can you Zhao Hai said.

"Ghosts with light will not come out. Ghosts with lights will go out as soon as they come out. Just make

do with it." Some village cadres said.

We also think it's reasonable. Yang Yu can't think of a good way. Fortunately, there are still several cameras that can see a little bit because of the moonlight, and some of them are completely dark.

"Let's go to sleep first. Get up in the middle of the night." Yang Yu said.

So some people play cards, some sleep on their stomach.

At about zero, almost everyone fell asleep. Yang Yu is also snoring on the table to sleep. Almost everyone couldn't oversleep because there was no crying tonight. The light in the meeting room is always on.

At this time, the light flashed, the computer monitoring screen, suddenly appeared some shadows floating, and then all the cameras, have become red.

Because the light flashed a few times, at this time, someone woke up.

The village cadre rubbed his eyes and found that all the cameras turned red somehow.

The villager was very confused and thought that there was something wrong with the camera. Then he went forward, opened his eyes to see the red picture, and said to himself: what is the red? Look left and right. I don't know what it is. He patted the computer, but didn't do it.

The clap woke everyone up. Everyone opened their eyes in a daze.

"Why is it all red?" Zhao Hai asked the village cadre in front of him.

The village cadre turned his back to the picture and his face to the crowd, and said, "how do I know? I wake up like this." At this time, the villager found the village head's face extremely ugly.

"Village head, why do you look so ugly?" The village cadre said to Yang Yu.

"Nothing." Yang Yu said, but the sweat on his forehead is rolling out, his back is cold, and his eyes never dare to look at the computer picture.

"Village head, what do you think we should do now?" The villager turned his head to look at the red, and even put his eyes to look at it, hoping to see some clues.

Yang Yu covered his eyes with one hand and said, "maybe it's broken. Otherwise, turn off the camera first and open it later."

We thought it was reasonable, so we turned off the camera.

But the red picture is still there.

"Village head, it seems to have crashed." The village cadre said.

"Pull the power directly." Yang Yu ordered.

The village cadre turned off the power in a hurry, and the picture disappeared. After half an hour, when the camera was turned on again, there was no red, but the normal display.

Yang Yu just looked up, as if there was nothing in the picture.

"Nothing." The village cadre was bold after all.

When he said no, suddenly, in the corridor, a white shadow floated by. I can't see my face clearly because I'm facing my back.

The crowd was startled.

"She is Liu Juan, the daughter of old man Liu." Yang Yu said.

As soon as she finished, the white shadow woman suddenly stopped and seemed to hear Yang Yu's voice. Then he turned his head slowly. Everyone held their breath.

"He knows we're monitoring her?" I don't know who said it.

The ghost was about to turn her face around, but suddenly, with a click, the picture was full of stars.

"What's the matter?" Everyone asked in unison.

"It's electromagnetic interference." Yang Yu's conclusion is not right.

"At the critical moment, I can't see anything." Zhao Hai also added.

With that, the stars disappeared and the picture came back, but the picture turned red again. "It's turning red again." Zhao Hai wondered: "what is this red?"

Yang Yu did not dare to see the red again. He was already suspicious of what the red was. If he told the villagers what the red was, especially the bold villagers who had just come to see it, he would have scared all the village cadres to death.

"That's all for tonight. There's no clue. The power is off. Go back to sleep." Yang Yu told me to come.

They were puzzled, but they left happily.

Yang Yu is a little afraid to go out. The ghost house and the villa are facing each other. He is a little afraid to sleep alone. If he thinks about it, he will go back to his aunt's attic to sleep. Yang Yu was walking alone on the night road in the countryside. He did not dare to chop. In particular, he did not dare to look at the ghost house, so he looked at the road under his feet.

Early in the morning, a bad news came.

The village cadre died last night and his eyes were gone! The village cadre who put his eyes close to the red picture is dead! He died at the door of his home. The door of his home hasn't entered yet. In the morning, when my wife opened the door, she saw her husband standing there, his fingers standing up, as if he was holding something, and his eyes fell on the side.

How did you get to the village?

Suddenly, Yunv village fell into a panic again, saying that the fierce ghost was coming out.

After hearing the bad news, Yang Yu rushed to the county archives for the first time, where he might be able to find out the truth.

Yang Yu searched the county archives for a whole day, and finally found some historical records about yunu village, as well as the warlord named Yuan Zhen. It turns out that during the period of the Republic of China, Yuan Zhen warlord once hid in Yunv village because of the defeat of his troops.

Yuan Zhen lived in a haunted house, where he raised dozens of women for his own amusement. Most of the women were captured by nearby villages. These dozens of women almost became comfort women for soldiers' entertainment.

But the good time is not long. Other warlords are coming. Therefore, Yuan Zhen did extremely cruel things.

"The question is, how do you solve this?" Although Yang Yu knows the course of most things, he can't find a solution. There are only a few records on the ghost house, but there is a sentence on it that frightens Yang Yu's Soul: all those who have seen that eye will die.

Yang Yu's cold sweat was cold from head to foot.

Yang Yu rushed back to Yunv village overnight, because one night later, one more person might die. An emergency meeting of the village committee was held overnight, and Zhao Hai, Li ruorong and others were present.

"I know the secret of the haunted house. We'll find a way to crack it." Yang Yu said.

This said, everyone has spirit, curious looking at Yang Yu.

"Our village's soyan haunted house has always been a forbidden area and has a long history. Countless people have been killed by fierce ghosts. Donkey friends, killers, WA and villagers all have one common feature in their death, that is, they have no eyes. At first, I was confused about what the red thing was. My cousin and I both dream that we have been to the haunted house at night. When we look through the door, we see a piece of red. Our camera is also a piece of red. The videos of donkey friends and so on are all red. What is this piece of red Yang Yu said.

The villagers also don't understand. What is that red?

"Yes, village head, what is red?" Asked the villager.

"That's" Yang Yu took a deep breath and said, "that's an eye!"

"Ah!" When Yang Yu said this, the villagers jumped up from their positions.

"Those ghosts have no eyes. Their eyes have been dug out. They are empty, leaving only blood. When I look into the room through the door, the ghost also sticks to the door and looks at you through that eye. There is only one door between you and him. The red in our camera is just their eyes without eyes staring at us with blood, so it's red." When Yang Yu said these words, he was scared.

Can you imagine the horror of hindsight?

You look inside through the door, and the ghost is looking at you through the door, but you don't know it's eyes?

When Yang Yu saw the red eye in front of his eyes that night, he used the telescope to look at the red eye for the first time. To put it bluntly, when Yang Yu knelt on the guardrail to see, a female ghost was lying on the wall of his villa. She also put her eyes together and aimed at the telescope to look at Yang Yu.

What a terrible thing it is!

Similarly, Yang Yu didn't dare to look at the camera that night, because it was a pair of eyes. The eyes that had been dug and were bleeding were pasted on the camera.

After listening to these words, people are not cold but millet.

"During the period of the Republic of China, a warlord fled and stationed here. At that time, the warlord commander Yuan Zhen lived in that haunted house. He captured dozens of village women from nearby villages to serve as comfort women day and night. He hardly regarded those women as human beings.

Later, other warlords chased and killed them here. Yuan Zhen fled, but he wanted to take these women with him. But that night, some women fled and were arrested. In a rage, Yuan Zhen dug all the women's eyes, which means, look how you escape! Of course, the end can be imagined, that group of women all died in the haunted house, the bones should still be there now, the bones Yang Yu saw that night, piled up like a mountain, Yang Yu also heard the cry that night, also saw three younger sister like women, eyes dug out by themselves, finally turned into white bones, all in the expression of this message. " Yang Yu said in one breath.

"It's too cruel." Said the villagers.

"Of course, those women were all wearing red Qipao, and they were very resentful. Dozens of women's resentment accumulated, and finally they became ghosts and didn't want to leave this room. Moreover, not only that, the people who have been killed will continue to flow down, and the ranks will continue to expand. In the end, I'm afraid this deserted village will become a ghost village. " Yang Yu continued.

"What can I do, village head?" Asked Zhao Hai.

"I don't know." Yang Yu said, I really don't know. If you think about it, the spirit mediums don't dare to control it. Taoist Yunzi was killed directly by the fierce ghost. Now who dares to drive this ghost house? No one with ability dare to come.

"Why don't we find the bones, bury them and give them a place?" Zhao Hai suggested.

"I'm afraid not. What they resent most is the atrocities Yuan Zhen committed against them, unless they take Yuan Zhen's flag." Li said that she was a woman and sympathized with the victims.

At this time, Yang Yu thought of a person!"I have a way. Notice goes down, want to forbid night, who is not allowed to close to a step of soyan haunted house Yang Yu said. Then the meeting broke up. Just hope, tonight, no one's in trouble. Can think of that sentence: all people who have seen the eyes will die. Yang Yu has seen it.

After Yang Yu returned to the attic, he really didn't dare to sleep. He turned on the light and put Guan Gong in his room.

However, when people arrive at one or two o'clock in the morning, their eyelids will fight and they are sleepy. Yang Yu curls up and falls asleep in the corner.

Suddenly, the light went out, and the door was locked. A wind came in from the window. Yang Yu shivered and woke up in his sleep. Looking around, he found that the room was dark and chilly. Yang Yu felt that the atmosphere was not right, so he went to get the Guan Gong. As a result, he only heard a slap, and Guan Gong fell to the ground and smashed.

Yang Yu screams that it's not good. He gets up in a hurry and prepares to go downstairs. He finds that the door is locked and can't be opened. Just then, Yang Yu felt someone. Yang Yu turns around slowly,

clings to the back of the door and looks at the window. He sees a hand.

This fingernail is long, the skin is pale, slowly, revealed a head from below!

"Ah Yang Yu was so scared that he quickly covered his mouth and did not dare to make a sound.

However, when he saw the head, Yang Yu was still scared out of his wits.

A head of black hair, spread down, completely covered his face, wearing a red cheongsam, is climbing up the room, this posture, just like Zhenzi climbing out of the TV.

Night, silence.

Yunv village is shrouded in the sad and beautiful cry.

Yang Yu leaned his back against the door and shivered. The female ghost had climbed into the room. The black hair covered her face, but Yang Yu could feel it. The blood from her eyes was dripping down her hair. The female ghost lies on the ground and crawls towards Yang Yu step by step.

"Open the door, open the door!" Yang Yu drags the door, but it can't open. Yang Yu is so anxious that he is sweating. Do you want a female ghost to dig his own eyes? The female ghost comes step by step and is about to climb to Yang Yu's feet.

At this time, the door suddenly pulled.

"Cousin!" It was my cousin who opened the door. She looked into the room and turned pale.

"Run Yang Yu yelled, but without thinking about it, he pulled up his cousin and was ready to run downstairs. Just as he ran to the second floor, when he was ready to go downstairs, another woman in red Qipao was climbing up the stairs. The old elder with red fingernails was long.

"What to do?" My cousin cried in fear.

"Where's my aunt?" Yang Yu roared and asked. Her cousin shook her head. At this time, the second sister came out of the room, looked at it, and trembled all over. Yang Yu also doesn't care, a toward the little aunt's room to run, directly hit the door to go in. As soon as I went in, I found that my aunt was curled up on the bed, and her legs were weak. In front of her, a female ghost was crawling towards her.

Yang Yu looks around and finds a mirror. He says ghosts are afraid of mirrors and don't know whether it's true or not. He takes it up and throws it to his aunt. She catches it, and the ghost's shadow shines into the mirror. She steps back.

"Come here!" Cried Yang Yu.

The little aunt threw down the mirror and ran to Yang Yu without asking much.

When they rushed out of the door, they found that the road was completely blocked. There were ghosts climbing up the stairs, behind them, and in the attic above. Yang Yu is quick in his wits, pulls up his cousin and goes to the third sister's room. He rushed into the room and couldn't turn on the light.

"Block the door!" Yang Yu shouts and runs to the side window. Fortunately, there is no ghost here. Next door is Cui Qiang's house, which is only about two meters away. The window of Cui Qiang's bathroom on the second floor is open. At this time, there are already a group of female ghosts outside crazy smashing the door.

"I can't stand it!" Three women also make the strength of sucking.

Yang Yu looked at the bed to see if he had any tools to use. After a lifetime, he pulled out the bed board and built a bridge between Cui Qiang's bathroom and his third sister's window.

"You go ahead, I'm in the way!" With that, Yang Yu came over, blocked the door and yelled, "go!"

The three women took a look at Yang Yu. She was in a hurry. She bit her teeth and rushed to the window. At this time, the door was broken open a hole, Yang Yu looked at a day, that is an eye, blood red eyes, still bleeding. When the three women had successfully arrived at the opposite side, Yang Yu let go and ran to the window. After a few steps, he got into the bathroom and ran directly.

Unexpectedly, the ghosts continued to climb along the wooden bridge.

Such a movement, or wake up, Cui Qiang and Lin Yina. Lin Yina is still naked. Seeing such a terrible scene in the bathroom, her legs suddenly soften. The corridor has been blocked.

"On the roof!" Cried Yang Yu. Six people ran to the roof of the third floor.

However, on the roof only to find that there is really no way. If you can't get down, there's no way up. Can you just jump? And at this time, a piece of female ghost red brush is approaching them. All the people had to step back until they reached the edge. Yang Yu looked down, the height of the third floor.

They may be able to mutate into black cats and jump, but they are struggling.

"What to do?" Cui Qiang was very worried. He saw that there was no way to retreat. There were more than a dozen female ghosts crawling towards them. All the places they climbed were bloodstains.

For ghosts, Yang Yu's exorcism force has no way at all, and it doesn't seem to be applicable.

All of them took a deep breath. At this critical moment, suddenly. All of a sudden, something in the sky was shining. As soon as the light was shining, the female ghosts were in agony and began to cry and howl. With their hair shaking, they could see their faces and eyes clearly.

The eyes of the ghost.

It's a pair of terrible eyes. Yang Yu's hair is creepy when he thinks about it. He once looked at each other with these eyes a few centimeters apart. This kind of feeling is really frightening.

The female ghosts were shot and fell under the stairs one after another. Then they turned into blood and disappeared.

The strange light also disappeared, and a blue and white porcelain fell from the sky, which happened to fall on the hand of a woman on the road above.

"Puxian Bodhisattva?" Yang Yu was surprised. Yes, it's the Bodhisattva and her assistant.

A moment later. The crowd gathered at my aunt's house.

"Fortunately, Bodhisattva Puxian arrived, otherwise we might all be ghosts. I'm going to see you tomorrow morning Yang Yu was relieved at last. Since the Puxian Bodhisattva came, it must have been saved.

"These ghosts have lost their ghost nature and become fierce ghosts. It's very dangerous. I'll come here and wish you a hand." Said the Bodhisattva. "I don't know if there is any way to solve it?" Yang Yu asked sincerely.

"Their resentment mainly comes from their eyes. Find their eyes and the problem will be solved." Said the Bodhisattva.

"It was a hundred years ago, and there were beads." Yang Yu is puzzled.

"Yes!" Puxian Bodhisattva said: "the eyes Yuan Zhen dug out in those days were not burned. Instead, they were put in a glass bottle and buried." Said the Bodhisattva.

After listening to these words, people are even more creepy. Yuan Zhen is really a pervert. What's the peace of mind when he digs the eyes of these prostitutes and keeps them? It's like a eunuch saving her own life.

However, most perverts do have this habit. Wang Ren likes to collect human skin. The perverts in the silent lamb also like to collect human skin, and the perverts in the pursuer are even more terrifying. It's disgusting to collect human heads.

"But even if it's preserved, it's probably all rotten. It's been so many years." Yang Yu said.

"No, the liquid is made of witch doctor's honey. It's no problem to keep it for a hundred years." Said the Bodhisattva.

"Yes. Tomorrow I will mobilize the village cadres to look for them. " Yang Yu said.
