The next day.

The mighty eye search began.

"Dig three feet and find it for me!" Yang Yu told me to come. Then they began to search desperately in the room, cellar and digging. As a result, a pile of bones was dug out under a room, which must be the bones of those wronged souls.

Yang Ruoyu turns over the wardrobe and finds Bai Ruoyu in his room. When the white cloth in a room opened, they were scared out of their souls.

On the floor of the room stood a large glass bottle, full of dust, but you can still see that it was full of an eye. Yang Yu vomited on the spot. The eye was soaked in a special yellow liquid. It seemed that the eye beads were still intact.

"I'll have it carried out." Li said.

When the villagers came, they covered the bottle, carried it out and put it with the bones.

"Puxian Bodhisattva, what shall we do next?" Yang Yu asked.

"Did the cat come?" Asked Puxian.

Zhao Hai got out of the crowd and said, "yes, I went to buy the stray cat in the city."

"Cats are very psychic animals. Their eyes can see ghosts. They are also the most Yin creatures. Ghosts are easy to get on their bodies." Said the Bodhisattva. After listening to this, Yang Yu remembered that he was a cat, and his eyes could see ghosts. It turned out that was the reason.

According to the command of Puxian Bodhisattva, the village cadres brought the cats in and let them out. Then they opened their eyes with white cloth. Unexpectedly, the cats didn't run around, just meow. At this time, it suddenly became dark.

Day becomes night.

Everyone's heart has also been raised to the voice, I hope that this time there will be no more problems.

After dark, people found that the bottle of eye beads was shaking, as if something came out of it. Now, the cats couldn't stay and ran around. Obviously, the evil spirit and resentment of the fierce ghost are actually accumulated from the glass bottle. Can we say that they are already on the cat?

"You no longer belong to this world, go to your world. "Said the Bodhisattva.

All of a sudden!

What's more shocking happened. A flower cat squeezed out of the crowd and said, "hum! What about Yuan Zhen? "

can a cat talk?

"Yuan Zhen died long ago. "Said the Bodhisattva.

"Dead? That's too cheap for him. I'm not only going to let him die, we're going to let their children and grandchildren die too! "That flower cat is also very fierce.

"Do you remember the two donkey friends who came to this village a few months ago? They are Yuan Zhen's great grandchildren. They are not here to travel. They are actually here to pay homage and apologize. "It's a pity," said the Bodhisattva. This is also said to all.

After hearing this, the cat stopped talking.

"Should they recognize you as well as your descendants here? "Said the Bodhisattva.

The cat shed tears.

People and ghosts, in fact, are the same. Many times, people are more cruel than ghosts.

At this time, I suddenly heard a clap. The glass bottle full of beads cracked. With a bang, the yellow liquid rolled out with eyes, and the crowd swarmed up. Finally, each cat found a pair of its own eyes.

At this time, according to the meaning of the Bodhisattva, the village cadres carried a stove. The cats put their eyes into the fire and burned them to ashes. And this time, not only Yang Yu, can clearly see that there is a translucent white shadow on the stove, slowly drifting to the sky.

The day slowly came back at dawn.

The haunted house is completely quiet. The villagers put the bones and ashes together, found a coffin, buried it, and set up a tombstone, which also engraved the names of more than 30 female ghosts.

Yunv village is no longer that terrible deserted village.

The mystery of the three terror forbidden areas has also been solved. Only about Christianity, about the black wings and white wings, I am always confused. And why can I become a cat? As Yang Lin said, I am a soldier in my angel Jihad?

Yang Yu doesn't want to think about these things. He wants to do a good job in the nightclub. When he has money and his career is stable, he will go back to the Yunv village to marry seven wives and live comfortably.

In the villa.

"Finally, I can sleep in peace of mind. These nights, I really don't sleep. "Yang Yu went to bed to have a good nap.

But as soon as I lay down, my second sister suddenly came.

"What are you doing here? "Yang Yu is very surprised. The second sister seldom comes to this villa. She always damages her cousin in private. It's great to have a villa. You have money, right? And so on.

"Can't I come? "The second sister said with her head up.

"My home is your home, your home is my home, this villa, second sister want, give you. "Of course, this is what Yang Yu said to coax Er Mei.

The second cousin, Li Yaxi, has been at home for a period of time and has recovered. However, that day, naked by this cousin holding, or some uncomfortable, a thought, this matter, she was not happy."I'm not interested in your shabby villa. You can see that you built it to raise women. "Said the second sister.

Poof! Yang Yu is a mouthful of blood spurted out, how can these two younger sisters see through Yang Yu's heart every time?

"I'll get you a cup of tea! "Yang Yu said and got up to go to the kitchen.

"I don't want tea. I want orange juice. "Two younger sisters shout to Yang Yu. Yang Yu went to the kitchen to pour a glass of orange juice, ready to carry it upstairs, but it stopped. Thought: to the two younger sister under the two times of aphrodisiac, did not succeed in her rape, how can so bear?

It's only three times. Yang Yu really didn't believe it. He found the bottle of aphrodisiac from the drawer box below, poured a little into the orange juice, and then carried it upstairs.

"Here you are. "Yang Yu didn't say too much and made too many mistakes. Besides, the two younger sisters were very suspicious.

But this time, the second sister may be thirsty, and without saying anything, she took a big drink. Yang Yu climbs onto the bed and leans on the bed side by side with her two younger sisters. She takes a sneak look at her eyes. Although she knows that the effect is not so fast, she still looks forward to her reaction. The previous two times, she drank at night and spent her time in bed. Now it's afternoon and daytime. I don't know if there will be some differences.

"If you want to sleep, I'll go downstairs. "The second sister took another sip of orange juice and prepared to go downstairs.

Yang Yu then hastily said: "after you go home, you haven't talked to me. We brother and sister also have a chat. It's not because your cousin held you naked last time and looked at your body. Are you angry? "

as soon as this sentence came out, the second cousin got angry, grabbed the pillow and hit Yang Yu. She said angrily," don't mention that. "

not mentioned? Yang Yu said: "I thought that as fierce as the second sister, so man's body must be very bad. Unexpectedly, those two places are so mature and tasteful." Yang Yu continues to tease. Li Yaxi heard this, more angry, the whole person rushed in the past, ready to teach his cousin.

In the past, Yang Yu was always hiding from being beaten. But this time, Yang Yu may have been a ghost. He felt relaxed. He not only didn't hide, but also grasped the two younger sisters' hands. Then he turned over, and the whole person was just on the two younger sisters.

They looked at each other.

"Get out of here! "The second sister, who is under the pressure, struggles to scold. But Yang Yu just didn't roll away, and said: "you always say that my cousin is a big wolf, a big rascal, and a bad son. It seems that I haven't played a rascal on my second sister at any one time, right? This time, I really became a big sex wolf. "

" you "Li Yaxi was so angry that he scolded," are you going to go away? "

Yang Yu shook his head firmly. With this shaking, Li Yaxi became more and more angry. He tried his best to struggle. However, he was pressed by Yang Yu. His hands were pressed down and his body was pressed down. His only legs could move, but he could not kick anyone. He could only struggle out of thin air.

"Second sister is also a normal woman, I don't believe it, you don't have normal physiological needs? "Yang Yu originally said this sentence to himself, because the previous two aphrodisiacs failed, while others tried it once, and each time they became a female dog.

Yang Yu wants to see the second sister become a female dog.

"You "Li Yaxi heard his cousin say such dirty words in front of her for the first time. However, you have not yet said the word, suddenly, cousin a mouth closed in the past, kiss Li Yaxi's mouth.

Li Yaxi is so scared that her eyes are staring out. Her heart beats like a rabbit. She never dreamed that her cousin would really play a hooligan and do such immoral things. Li Yaxi reaction is very fast, quickly side over the head, bite the mouth. However, Yang Yu's brutality came out.

With one hand, he pressed Li Yaxi's hands, and then with the strength of his arm, he jammed the second cousin's head to keep her from moving. With the other hand, he clamped Li Yaxi's nose. At this moment, Li Yaxi could only open his mouth, and Yang Yu took the opportunity to kiss him.

But he didn't dare to stick his tongue into Yaxi's mouth. He was afraid of being bitten off by his cousin.

This cousin can do everything, but a little bit to try to get in, to see if the second sister will bite. Then he let go, for fear of suffocating the second sister.

Li Yaxi's mouth is pried open by her cousin. She wants to bite it down. She has made up her mind. As soon as her cousin reaches in, she will bite off his tongue. Who wants her cousin to play a hooligan? But, but when my cousin's tongue is entangled with my own.

Li Yaxi found that he did not want to bite, that kind of feeling let her drift up, aphrodisiac also played a drug. No matter how strong the chastity and martyr are, they will die under this desire for immortality.

When Yang Yu saw that his cousin didn't bite, he felt that there was a play. Instead of touching his chest, he directly touched the underwear on the surface.

Li Yaxi was lying naked on the bed, sweating profusely. The sheets were wet, his body was still shaking, and his mind was not fully awake.

She didn't expect that no matter how hard she struggled or how she rejected her cousin, when she mingled with her cousin, she found that her whole body was soft and stupid. She let her cousin vent on her body and let her cousin butcher her. She didn't know what was wrong with her body.

In the end, she couldn't control it and cried out, which also means that she was completely conquered by her cousin.

Yang Yu went to school. When Li Yaxi woke up, he curled up in a daze in the corner.

Physical education class, let the students free activities, his heart is also thinking, two younger sister so fierce, fierce woman, he put her on, launched ruthless, will certainly let himself eat not tease go. At that time, this matter may still spread out, and it will be serious if it can not be calmed down.

When Lin Zhiyu pulled Yang Yu to play games, he was not interested.

"Miss Yang won't miss women again, will she?" Lin Zhiyu is a little bitch.

"Do you believe the teacher raped you some other day?" Yang Yu is not in the mood to joke with her.

Lin Zhiyu sticks out his tongue and runs away. Yang Yu looked at her swaying butt and shook his head. After class, Yang Yu dares to go to the city at dusk, because the new nightclub chain will open tonight.

It opens at 9 p.m., so it's too late. Yang Yu called several women he knew in the city, especially Su Xinqi's row of young model sisters. It's a good facade. It's very comfortable to see. Yang Yu also rarely changed his suit and went to battle. He personally welcomed some guests at the gate.

The mayor certainly can't come. He's afraid it's not suitable for this occasion, so he asked a member of the bureau below to congratulate him. Naturally, there are also some rich people from the head office, adding a lot of color. In addition, naturally, there are a group of gangsters who come to make trouble. Of course, the trouble is not a smash. It's Zhang Liang and brother scar who come with their brothers.

"I tell you that in the future, my field will depend on you. Don't let people smash me. I will pay you double the protection fee." Yang Yu laughs.

"Elder brother, if you don't pay the protection fee, I'll help you. We've managed to unify all the gangsters in the county. The next step is the city. There are still many remaining gangs in the Black Hawk gang." Zhang Liang said.

"It's OK. I'll back you up. Let's have fun tonight. It's all free." Said Yang Yu.

At this time, a little brother came out from behind and asked with a silly smile, "brother Yang, can that woman do it? "

" if you have money and skills, you can go there. I'm in a proper business. ha-ha." Yang Yu laughs.

"There are a group of gangsters on the opposite side. They seem to want to make up their minds. Do you want me to ask my brother to deal with them?" Brother scar's eyes were sharp and he said calmly. Yang Yu took a look at the other side. There were about ten people. It seemed that they had come to make trouble.

"Don't worry. If it's noisy, we can make an example to the guests. We are safe here." Said Yang Yu.

He invited everyone in, and then looked at the gangsters, as if they were still waiting.

And Su Xinqi has been accompanied by Yang Yu, the other sisters went to greet the guests. Finally, even Su Yan and Su Jian's father and daughter also came. Su Jian's official position was restored, so he had to come. At that time, Su Yan is a little uncomfortable. There is a beauty standing beside Yang Yu. It seems that the relationship is very ambiguous.

"Uncle, what are you doing here?" Su Xinqi saw her uncle Ma Liang coming.

"What? Can't I come?" Ma Liang also looked at Yang Yu with a smile and praised him: "you are so amazing. I didn't expect that your spring paradise nightclub is yours? Isn't this from COSCO?"

"it used to be, and then it became mine." Yang Yu also gave Ma Liang a big hug. If Ma Liang hadn't brought his team over that day, he would have lost the battle.

After a while, Qin long and Qin Shuhe came to celebrate.

Now I don't know who is the benefactor of the relationship between lord Qin and Yang Yu, but it's the one who trusts each other most.

Yang Yu also gave Qin ye a heavy hug, and then took a look at Qin Shuhe and nodded.

"I knew you had a future!" Qin long praised. Now he has more assets than Yang Yu.

"Thanks to master Qin's help, I can't be today without you." Yang Yu also said humbly, this is a big truth.

It's nine o'clock sharp.

The opening ceremony officially started. The fireworks flew all over the sky, firecrackers started, and dragon and lion dances were invited, which made the atmosphere extremely grand. With Zhang Liang's best brother in town, the gangsters on the other side didn't dare to make trouble. Looking at it from a distance, I finally couldn't find the starting point, so I left.

Yang Yu spoke on the platform, thanks a lot of people, and also introduced a lot of people who are helpful to him, as well as some senior officials and rich people. Now Yang Yu knows all these people, and he invited them to come here, so that everyone knows each other and exaggerates the whole network.

The following guests know that Yang Yu is the mayor's brother, but I didn't expect that he could invite so many dignified people."Let's have fun tonight. It's my treat. It's free." Yang Yu is also very generous. There are many activities and games on the spot. Of course, they are all very charming festivals.

Yang Yu is also in a good mood tonight. He is finally going to be a rich man. At that time, like Qin Shuhe, Murong muxue, and female stars, he will have the money to pull over to fight in the evening and taste the taste of being a star.

Yang Yu goes back to the sofa in the main hall to have a rest, and then he has to toast table by table.

"Unexpectedly, you know a lot of women, and they are all beauties." Su Xinqi said.

"No, they're all your sisters." Yang Yu explained.

"My sisters are all looking at your face, not my face." Su Xinqi is a little jealous.

"I have several women in the countryside. Don't be jealous." Yang Yu said softly.

"You?" Su Xinqi was so angry that she hit Yang Yu hard.

The whole opening ceremony was very smooth. Yang Yu knew in his heart that the network was the most important thing in business, so he toasted table by table. Even some of his younger brother's tables were modest toasts. Until three o'clock in the morning, the crowd slowly dispersed.

Yang Yu just gave it to others, and he drank too much. On the edge of being drunk, Su Xinqi and Luoxi helped Yang Yu to the upstairs room, took a bath for him, took off his clothes, and then went to bed to sleep.

"Sister Su Xinqi, do you want to sleep here or not?" Asked Luo Xi.

"Why do you ask?" Su Xinqi is confused.

"If you're not here, I'll help you with your boyfriend tonight." Luo Xi said shamelessly.

"Su Xinqi is so angry that she is ready to push Luoxi out.

"I know you've been pushed out by Luoxi.

Su Xinqi mercilessly white eyes, Yang Yu on the bed, a belly of gas, this boyfriend, don't know how many women outside, but, excellent man which is not a bunch of women around? Su Xinqi also took a bath, turned off the light, went naked into the quilt and ate Yang Yu's guy.

Yang Yu slept until two or three o'clock in the afternoon. When he woke up, he found a woman in the quilt eating her own guy. When he opened the quilt, he found that it was not su Xinqi, but Luoxi.

"What about Xinqi?" Yang Yu asked.

"She has something to do. She went back first and let me take care of you. Why, do I feel sick?" Luoxi said happily.

"You know how to eat! I've been eating since last night." Yang Yu said with a smile.

"You really wronged me. It was su Xinqi who ate it last night. I just came here." As soon as Luoxi's words came down, someone knocked at the door.

Bai Xiang came in. Seeing that Bai Xiang was in a panic, Yang Yu knew that something must have happened.

"What?" Asked Yang Yu.

Bai Xiang looked at Luoxi and saw that she didn't even cover her chest. He said in a hurry, "someone has come to make trouble. "

as soon as Yang Yu heard this, he knew that it was the gangsters last night, and quickly asked," what about Zhang Liang? "

" we are facing each other, but there are more people on the other side than us. Brother Liang is still calling brother. "Bai Xiang is a little afraid. He knows that those people are not easy to provoke.

"Come downstairs with me. "Luoxi quickly took the clothes for Yang Yu to wear.

On the way, Bai Xiang said: "they took the guy. Director, you have to be careful. "

Yang Yu replied," just in time. "

but when Yang Yu went down, he was still frightened by the show. There are dozens of people, each with a knife. And Zhang Liang and brother scar did not expect that the other side would come with so many people and weapons. Yang Yu glanced at the hall. A middle-aged man with a big head was sitting on the sofa in the middle of the room, and a pistol was standing in front of the table.

"His name is leopard. He was a member of the Black Hawk gang. He was very cruel. "Brother scar whispered two words behind Yang Yu's ears.

Yang Yu walked to the man with a smile and sat down in front of him.

"Who let you sit? "The leopard takes a look at Yang Yu and finds that this man is very young and doesn't look sharp. It's estimated that he was not born into a gangster, so he has more courage.

"Leopard, right? "Yang Yu said softly, looked up at the leopard, and continued:" after that, all your brothers belong to me. "

" ha ha! "

the audience burst into laughter. Leopard is even more laughing, this is the funniest joke he has ever heard, the back of dozens of younger brother is also not laughing ah.

"You can still smile now, just smile more, you can't smile later! "Yang Yu said this.

Suddenly, the leopard really did not smile, but picked up the pistol aimed at Yang Yu, coldly said: "you say it again? See who can't laugh. "

Yang Yu was very calm. Instead, he poured himself a glass of water, took a sip of it, and then put it down. He looked as if he didn't care about the leopard at all. Then he said coldly," I'll give you another chance to get out of here. "Leopard did not expect that the young man was so crazy and laughed: "do

you really believe that I shot you? "

as soon as the dead word was said, the leopard's face suddenly changed. Everyone's face changed.

Chapter 506

Yang Yu's hand didn't know when it changed, so he caught the leopard brother in his hand. Leopard's hand is also stuck in it, the shooter can't take it out, people are scared out of their wits by this sudden change, is this man a monster?

That leopard elder brother's face is more iron green, made the strength of sucking, found also can't break away from the beginning.

This scene not only scared each other's younger brothers, but also scared Zhang Liang's own brothers to death.

Yang Yu is terrible.

"Believe it or not, I'll crush you on the spot." Yang Yu said coldly, his eyes full of murderous. When he didn't have a killer, he threw it away, and the leopard brother flew out. Hard hit the wall, pain can't get up, now he dare not use the gun against Yang Yu.

"I'll say it for the last time, either you're mine or you're all dead." With that, Yang Yu left first.

At this time, a brother rushed to help brother leopard up. Brother leopard was bent, as if his ribs were broken. After a hard word, the brothers withdrew. The rest of Zhang Liang and other brothers were still in a daze and didn't react.

"Brother Liang, was it me who was dazzled just now?" There is a younger brother behind quietly asked. Zhang Liang doesn't know what's going on. It seems that he took time to ask, how did he get a mutant hand.

Yang Yu is very arrogant to drive away the rest of the gang of Black Hawks, and back to the room, wash, Luoxi scouts from beginning to end, Yang Yu found that this Luoxi is really a slave life, scouting is very comfortable.

The school and the village committee have nothing to do recently, so Yang Yu plans to stay here for a few more days, manage the nightclub more, turn on the computer to read the news. At this time, a very conspicuous news is printed into his eyes: Recently, an infectious disease occurred in Guangzhou. At present, three people are infected, one died, and the remaining two are isolated, but what virus has not been found out yet.

Although Yang Yu is a little sensitive, he thinks it should be OK. It's not the Black Death virus.

"Brother Yang Yu, I have several sisters who are also models. I want to work part-time here. Is that ok?" Luo Xi nestles at Yang Yu's feet and acts like a kitten.

"But it's OK, but I have to test your sisters to see their skills." Yang Yu said jokingly.

"Ha ha, of course, it's no problem. Of course, if you are cheap, you have to give it to your brother first. Anyway, it's also cheaper for others." It's fun to talk about Luoxi.

"Well, bring it when you have time. I'll go back to the country in a few days." Yang Yu said.

Luoxi is very happy to contact them.

At this time, someone knocked at the door.

Yang Yu opened the door by himself. There were three people standing outside. One was general manager Bai Xiang, and the other two Yang Yu didn't know.

"Director Yang, someone is looking for him." Bai Xiang said.

Originally, it was not necessary for manager Bai to pick up the guests. Since manager Bai has taken over, the visitors must have something to do with it. Yang Yu quickly invited them into the room, but Bai Xiang said hello knowingly and didn't come in. Luoxi poured a cup of tea for her and then went out to contact her sister.

"Who are you?" Yang Yu asked.

"I'm Liu Haibo, director of the Municipal Public Security Bureau. He's detective Gao Fei." Said one of the older men.

Yang Yu said, "did the two policemen do something in a hurry?"

This words a, two people at the same time ha ha a smile.

Director Liu Haibo said: "brother Yang misunderstood. We have something to ask you for help."

Yang Yu was puzzled again. Did the director of the Municipal Public Security Bureau ask for his help?

Seeing that Yang Yu hesitated, Liu Haibo said hastily, "I said hello to your brother about this. He recommended us to come to you."

"My brother?" Of course, Yang Yu knew who he meant by elder brother. Since it was the mayor, he had to help him. He asked, "come on, what's the matter? If I can help, I'll help. " Besides, it's the most

important thing to have a good relationship with the Public Security Bureau.

With the support of the Public Security Bureau, the nightclub will be stable.

"Detective Gao, let's talk about it." Liu Haibo said to the detective next to him.

This detective Gao Fei is in his early 30s. He's very strong and has three-dimensional facial features. He's very tanned and looks a little ugly. Gao Fei moistened his throat and said, "here's the thing. A week ago, we received a murder case, which was so cruel that the victims were almost eaten up."

"What does it mean to be eaten up?" Yang Yu didn't respond when he heard the word.

"In addition to the large intestine, almost all parts of the body were gnawed out of shape. The meat on the heart, liver, arms and feet were gnawed into bones. Even the head is beyond recognition. " When Gao Fei went in at that time, even an old policeman like him vomited. Now I think of it, it's all disgusting.

"So perverted? Is it for animals? " Yang Yu can't imagine that if it was done by people, how could it be done? There is only one possibility that animals, such as local dogs and wolves, can eat them. That's possible."We think it's animal behavior, but that's not the point." Goofy hesitated again.

Yang Yu did not interrupt, but waited for the following.

"The crux of the problem is that the deceased was in a rental house with doors and windows locked. It can be said that it was a secret room. Now we can't even solve the mystery of the secret room. From the whole sign, we really can't see the murder." Said goofy.

Poof! Yang Yu vomited blood. Last time there was a case in which the victim was amputated and buried in the soil. The police concluded that he had committed suicide.

"Could it be a little creature? Like parasites? " Yang Yu thought of that time when he was at the bottom of the sea, the thing called mouthworm ate people so quickly that only bones were left, so he did not rule out the possibility of other creatures eating people.

"We extracted some saliva and dental impressions from the body of the deceased, and the preliminary conclusion is that saliva and dental impressions are human." Gao Fei's forehead began to sweat.

"People?" Yang Yu was really surprised this time: "how can people be so abnormal?"

"There are some cannibal perverts. They are often found in the news. It's just that in this case, it's rare to eat them raw or in secret room." Said goofy.

Yang Yu's mind, there is an idea, can it be a zombie? Zombies do eat people, and they also eat like this. However, zombies' intelligence quotient is very low, so it's impossible to get out of the secret room.

"What do you want me to do for you?" Yang Yu asked.

At this time, bureau chief Liu laughed and said, "before, the municipal Party committee had some strange things, but you solved them. This time, the mayor also attached great importance to the case, because the plot was too serious and the impact was very bad. We really can't think of a way, so we want you to follow us to solve the case." Liu said.

"I'm not a policeman. I'm not good at solving cases. Besides, you have detectives." Yang Yu is telling the truth. Can't you solve a case with so many capable people in your bureau?

"We think this case is very strange. We have been investigating it for a week, but we can't solve the mystery," said director Liu.

"And what?" Yang Yu asked Too horrible to look at, "as like as two peas, second cases of identical cases happened today,

is eaten up, and the scene is horrible. At the moment, the scene is still there. If you are interested in helping us look at it, it is best." Director Liu said that he was respectful to Yang Yu, not because he solved the case badly, but because he looked at the mayor's face.

In fact, they didn't mean to come to Yang Yu by themselves, but by the mayor. Otherwise, when a case is solved, they have to ask outsiders for help. How can the public security bureau have face.

"Now that my brother has spoken, I'm sure I'll take a look, but I'm afraid I can't help either." Yang Yu said modestly, for the sake of the mayor and the Public Security Bureau, Yang Yu is sure to help.

"How can it be? It must be nice of you to help." Liu said with a smile. Gao Fei also nodded. He was in charge of the case, and he didn't want others to interfere. Besides, he couldn't see what was outstanding about Yang Yu. He just recognized a brother.

"It's not too late, or shall we go now?" Liu suggested.

Yang Yu nodded. Before he left, he told Bai Xiang and Luo Xi, especially that he told Luo Xi to ask her sisters to wait in this room. In the evening, he would have a self-examination one by one. Then he got into the police car and went to the scene of the crime. By this time, it was dark. It's going to be night.

After driving for about 20 minutes, three people came to the scene. This time, they were not in the rental room, but an ordinary suite.

The whole scene has been sealed up for a long time. The neighborhood is full of people and police cars.

Yang Yu followed the director and the detective up the stairs. It was on the fifth floor, and the door was full of police. It seemed that no one dared to go in. When he saw the director, he immediately said that the director was good.

"Are they still in there?" Asked the director. The police nodded and said, "chief, you should be prepared. This time, it's more disgusting than last time. We all vomited."

After Yang Yu went in, he saw the scene and rushed back on the spot. He hid and vomited. The scene was too horrible, bloody and disgusting. Soon, even director Liu came out and vomited.

"Damn, this time is more disgusting than last time. I can't stand it. You can check it." Director Liu said a word, and no longer dare to go in.

Yang Yu really vomited. It's disgusting. A policeman came to pat Yang Yu on the back and said with a smile, "is this the first time I've seen this scene?"

Yang Yu stopped for a while, and when the delay came, he made full preparations and entered the scene of the crime again.

This scene is bloody.

The deceased was a family of three, two adults and a child. All of them were gnawed to the bone and internal organs, especially the child. Even the head was gnawed, and the tooth marks could be clearly seen. The suite is covered with blood, internal organs and broken limbs.

Three bloody corpses were opened. Their internal organs were flying all over the room. The face and flesh of their heads were also gnawed. The man's eyes were dug out and one eye was crushed. "Is it man-made?" Detective Gao Fei asked the forensic who was testing.

"Initially, it's a human tooth print, and the exact answer has to wait for a report." Said the medical examiner.

"What about the time and cause of death?" Goofy continued.

"The time of death should be last night, the cause of death should be excessive blood loss, and the specific report should also be waiting. However, according to my judgment, these people were killed alive because the scene was unbearable and there were many traces of struggle." The coroner replied. I'm a woman. She's pretty good-looking. She seemed to be numb to what she was watching.

"Xiao Zhao. "Gao Fei cried.

A policeman ran in, covering his nose and eyes. Gao Fei saw it, slapped it and said, "you've been a policeman for several years, but you're not as good as a rookie." Of course, Gao Fei refers to Yang Yu.

"Chief Gao, I can't eat for another week." Xiao Zhao, in his twenties, said with a smile.

"I'm sorry. I'll take all the surveillance videos of the community to the Bureau. I'll arrange people to see

if there are any witnesses. I'll ask the neighbors to see if they heard anything last night. I'll also ask the reporter to be clear. Let's get angry. What are we doing outside? What about the night view? "Goofy is not happy.

Xiao Zhao went out on horseback and gave orders.

Yang Yu began a lot of layout of the whole room.

Standard suite.

Yang Yu's inspection of each room showed that all the windows were locked, all the curtains were closed, and blood was everywhere. Yang Yu can imagine the scene of blood splashing and struggling when the man bit each other's neck. At that time, there was a family of three. It was a slaughter, just like a sow went to a slaughterhouse.

"Is the door locked, too?" Yang Yu asked.

"Yes. We knocked the door open A police officer said.

"Another chamber of secrets." Said goofy.

"All of them? There is no secret passage or the murderer may still be hiding in this room. " Yang Yu said a possibility.

"We've checked the wardrobe, the bottom of the bed and the study. There's no secret way. We've also checked the places where we can hide. There's no secret way." The police officer in charge of the scene replied.

Yang Yu thought for a moment and said, "could it be that when you open the door, the murderer sneaks out without paying attention. "

for this problem, the police officer was obviously not happy and said faintly," we all have colleagues at the door. If strangers go out, they will know. "

Yang Yu thinks that the murderer is so cruel that he can't have so much patience. Why waste his brain to build a secret room?

"As always, there is no possibility of going out in the airtight chamber. How did the murderer get out? "I can't fly.

"It seems that there is only one possibility left. After the killer went out, he locked the door and window through the mechanism rope." Said Yang Yu.

Goofy shook his head, he solved the case for so many years, never encountered such a thing, thought: you are a detective, Conan see too much, reality and animation is not the same.

"Detective Gao, I suggest checking out the window to see if there is any trace." Said Yang Yu.

But it's night now. I can't check it. It's tomorrow morning. Yang Yu's suggestion, Gao Fei nodded, because he had no good idea. Then, Yang Yu went into the bathroom and found a lot of blood in it.

"Strange, why is there blood here?" Yang Yu thought, and an idea came out: did the killer take a bath here before he left? So it can be seen that the killer is extremely calm.

Yang Yu looked at the bathroom, only a small window is open, this small window is as big as a head, let alone adults, even children can not pass through, so this discovery is useless.

After the scene inspection, Yang Yu and Gao Fei went out to ask people, and handed over the scene to the forensic and aftercare team.

"The door is locked and the windows are closed. How do you know there are dead people inside?" Goofy called the police and asked.

"Of course I didn't know there were people inside. I'm sister Ya's neighbor. I made an appointment to send my child to school every morning. I didn't respond to ringing the doorbell this morning or calling. Then I remembered that I heard some screams last night, and I called the police." Said the elder sister who called the police.

This is consistent with the confession of the first group of police who came here. At that time, the police knocked on many doors, but they didn't respond. Then they fell from the rope on the balcony downstairs, and something big happened. Then they broke the glass, opened the door, and blocked the scene for the first time.

"Is it possible for them to offend people? Any enemies?" Gao Fei's question is also a routine inquiry. For such a bad behavior, Vendetta is the most likely, but vendetta can not be linked, unless we can find common ground from the victims of the two cases.

However, in Yang Yu's opinion, it is not much different from the case of Heishan grandfather who smoked a living person and turned into a mummy. This time, it's either a freak like Wang Ren, or a monster, or some kind of cannibal creature.

But this time, Yang Yu was wrong. Things are far beyond his imagination.

I took the surveillance video from the property. I looked at the video last night and found no suspicious

person. Yang Yu thought, the other side arranged such a secret room, must also avoid the camera.

After going through this, I recorded a lot of statements, but few of them were helpful.

"It seems that we have to wait for the forensic report later. It's hard for you today. I'll call you if I have any clues. "Goofy said, but it's not an order, which means: we're off work.

Yang Yu looked up at the room on the fifth floor, then nodded and said, "I'll take a taxi myself. "

after leaving the scene of the murder, Yang Yu felt a little uneasy, because he felt the familiar taste, which was difficult to express, but the vague feeling was not very familiar.

"Whatever. It's about the police. "Yang Yu thought that he had better manage his nightclub.

When I got to the nightclub suite, it was Luoxi who opened the door.

Yang Yu went in on the spot.

There are three beautiful women standing in it. They are just beautiful. They are all dressed in self-cultivation clothes. The six beautiful legs are slim and flawless. They are all beauties in the world.

"Mr. Yang is good! "Three young models said hello to Yang Yu at the same time. The way the three beauties laugh makes Yang Yu float."Your friend? It's so beautiful. The entrance fee should be doubled. "That's what Yang Yu said, but he was sorry that such a beautiful young model was going to take a part-time job. Fortunately, he let himself feel better first.

Luo Xi immediately came to introduce Yang Yu: "they are three graphic models of fashion magazines, Xiaoxi, Xiaomeng and Xiaotao. "Luoxi was introduced one by one, using a nickname to facilitate Yang Yu's memory.

Yang Yu sits on the sofa, and Luoxi pours a glass of water.

"It's not easy for us to do this business. We don't earn money and we are angry with our guests. "Said Yang Yu.

"With Mr. Yang in charge, we can rest assured. "Xiaoxi said.

"All right. Come to work tomorrow night. I'll make the personnel arrangements. "Yang Yu said, stretching. At this time, Luoxi winked at the three sisters, and then said, "brother Yang Yu, I'll go back first, and let my sisters accompany you. "

Yang Yu did say that, but he was only half joking. He was not forced to be accompanied by others.

"So good! If three beauties accompany me, the salary will be doubled. "Yang Yu also likes to block their

mouths with money.

Of course, the three sisters were very happy to hear that. They said in a hurry, "brother Yang Yu, let me help you release the water."

"Brother Yang Yu, I'll massage you!" Three women really took the initiative to serve.

Put the water, Yang Yu to take a bath, three women rushed up to undress, Yang Yu asked with a smile: "do you have a boyfriend? If so, I'm going to green your boyfriend tonight. "

"Ha ha, brother Yang Yu, we are all your women. How can we have a boyfriend?" Peach said coquettishly.

"My woman?" Yang Yu repeated it deliberately.

"Yes, brother Yang Yu doesn't dislike us, does he? Aren't all the women in this nightclub yours? " Xiao Meng's voice is also very good.

At this time, Xiao Xi helped Yang Yu take off his underwear. He was surprised and yelled: "brother Yang Yu, your guy is really big."

With that, Xiaomeng and Xiaotao also looked down at the same time, their eyes were staring out, and said: "no wonder sister Luoxi is willing to serve her brother because of this."

"I'm so sorry you look at me like this." Yang Yu said with a smile.

"I'm sorry." Said, Xiaoxi the first to take off a clean, said with a smile: "brother, now funny?" With that, he made a gesture with his head. Yang Yu saw an eye, that figure, very beautiful, two words don't say, go up, grasped a chest.

Then, he said to Xiaotao and Xiaomeng, "who is the biggest of you three?" As soon as he finished, Xiao Tao and Xiao Meng took off their clothes one after another, stood in a row and said, "well, brother, who do you think is the biggest?"

Yang Yu touched all three.

At this time, Xiaotao said with a smile: "brother, I think it's boring to be bigger than anyone else."

"What should that be compared to?" Yang Yu wondered.

"It should be tighter than us." Said Xiao Tao.

"No, there should be more water than anyone else." Xiao Meng takes over.

"Yes! I'll see it right away." Yang Yu said, holding the three young models into the bathtub. Fortunately, this bathtub is specially made for Yang Yu. It's a big bathtub for four people. That's really a small idea.

Four loaches are playing in the big bathtub and making a lot of noise. These days, it's called moistening.

Said, the three young models in the bathtub were Yang Yu moisten a, tilted buttocks, lying in the bathtub, one by one moisten the past. Every time they moisten, their mouths are shouting the same words: "ah? Brother, your big, swollen! How swollen

Dead of night!

In the dark night, a man stood on the roof of the opposite building, looking in this direction, and said to himself, "I like you little pigs."

In the morning, I had a big sleep, and three young models were sleeping with me.

The nightclub is closed after work. Yang Yu went to the finance department and Bai Xiang. After the first day, his income was considerable, especially in the theme box. The evaluation was very good.

"Director, you may have to go there once more." After the account with Bai Xiang, Bai Xiang said.

"No, isn't the business license issued early? Any more questions?" Yang Yu asked.

"There should be no problem. I guess I want to embarrass us on purpose." Bai Xiang said.

"You mean we don't have enough money in private?" Yang Yu asked.

"Some people have a big appetite!" Bai Xiang said.

"Damn it Yang Yu scolded hard.

Yang Yu is very angry. Unexpectedly, he has to go to the industry and Commerce Bureau. Is the director of the industry and Commerce Bureau so short of money? But I can't help it. They are officials. You depend on them to eat this meal. Yang Yu smashed the wall with his fist, and then went there in his spare time.

After arriving at the Bureau of industry and commerce, Yang Yu went directly to the director of the Bureau. Because he had made an explanation before, it was easy to meet him.

"Director Leng, is there any problem with my license?" Yang Yu asked directly, because he was a little angry in his stomach, so he was a little excited. As soon as director Leng saw that he was the director of the spring paradise nightclub, he immediately changed his face and said with a smile, "director Yang, you don't have much to do. We have received a report saying that you are engaged in illegal business."

"Director Leng, I'm not a prostitute. My waiters don't work in sex. "Yang Yu is also straightforward.

"It's not. Yes, "director Leng said.

"What is it?" Yang Yu couldn't think of it, thinking: it must be director Leng who deliberately made trouble for himself.

"It's white powder!" Director Leng said, looking very serious. Yang Yu was surprised and thought: it's really out of thin air. It's only one day since I opened my business. Do you say that I sell white powder? What title does this give me.

Seeing that Yang Yu didn't believe it, director Leng added with a smile: "it's a good thing to report it to me. If I go to the Public Security Bureau, the problem will be big. I'm for you, director Yang. I'd better go back to check it. I can't touch the white powder."

Looking at director Leng's face and attitude, Yang Yu feels that he is not embarrassing himself. Is it true? Is there someone smoking in your nightclub?

Chapter 508

After watching the surveillance video last night, Yang Yu obviously made the security guard angry at the first time. Each box has a secret camera, which can monitor everything in the box, but the guests will not know. At the same time, it belongs to privacy and will be destroyed, unless something illegal happens, such as rape, murder and so on.

The security guard looked for several hours and finally found it.

It was Bai Xiang who reported to Yang Yu in person.

"It's true that the well-known second generation of rich people are taking ecstasy, but this guest is a familiar one, and his father's official is not small, so I'm afraid it's not easy to get into trouble." Bai Xiang still has some concerns.

"Give him a warning. If he takes drugs on our site again, he will be blacklisted and will not be allowed to come in later. In addition, the two nightclubs do a good job in personnel audit, and do not let people in casually. I want to establish a very strict membership system. Not everyone can come to my nightclub. " Yang Yu said.

In the afternoon, the forensic called and told me about three problems.

When Yang Yu went, the conference room was full of people.

There are at least 20 people. Gao Fei stands in the front. He is in charge of the case. Besides him and the director, there are many senior executives here.

After Yang Yu found a seat to sit down, Gao Fei officially began.

"At present, there are many similarities in the two cases of cannibalism. They are both secret rooms with extremely cruel means and cannibalism. According to the forensic report, the dental marks found at the scene are confirmed to be the work of the same person, but the dental marks are very special, and the number and distribution of teeth are a little different from those of people." Said goofy.

At this time, someone immediately interrupted: "since the difference with people is so big, it is not human, oh, can it be an animal?"

"No, by comparison, there are no biological teeth with this number and distribution, and they are most similar to people. It is estimated that this person has dental disease, or teeth have mutated." Goofy replied. At this time, the female forensic doctor also stood up and added: "not only the teeth are special, but also the fingerprints are very special. At present, I have identified so many human fingerprints. The fingerprints of this suspect are also different, but it can be confirmed that they are human. Therefore, I seriously suspect that the killer may be a deformed person or a mutation caused by radiation. "

Hearing this, the crowd began to whisper.

"For example, bien HOA in Vietnam, Hiroshima in Japan, and the Chernobyl nuclear accident may lead to mutant human beings." The forensic woman continued.

"Then we should strengthen patrol and inspection in all areas in this direction." The director said.

"Yefa did make an objective analysis, but I don't agree with it." Suddenly someone stood up again and said, all eyes turned to him. The man also stepped onto the stage and continued: "I'm a criminal psychoanalyst. According to the situation at the crime scene, it's totally unreasonable. It's because I've never been exposed to psychological contradictions. You see"

with that, the criminal psychoanalyst continued to turn on the light and put up the photos of the crime scene.

"You see, the scene is so chaotic. His murders and cannibalism are disordered and unplanned. Some people are killed by breaking their necks. Some people are killed by snow. There are all kinds of ways to die. It looks like a scene massacre. It's very confident, impromptu and casual. Moreover, the scene left us clues everywhere. Fingerprints, footprints and dental marks are all on it. There is no evidence No matter how to deal with it, the murderer is a person with extremely distorted psychology, abnormal, violent and full of self-confidence. "Criminal psychology experts said.

"This does not conflict with my analysis. "Said Ye rou.

"However, such a person has built a secret room for us to come out. At present, we still can't open the secret room. The doors and windows are all locked, there is no secret passage, and there is no hiding. He can't get out originally, but he just went out, and he deliberately avoided the surveillance video. Moreover, after eating, he took a cool shower. It can be seen that he is thoughtful and thoughtful. It's very clear that people who are not calm in handling affairs have plans and premeditations, and even they are challenging us. Such people are completely opposite to the psychological profile of the situation at the scene." Said the criminal psychologist.

The expert in criminal psychology is right. If a person is thoughtful, he will not make the scene like that. If he makes the scene like that, he will not have such a plan. What's the matter?

"Is there a connection between the victims?" Asked the director.

"They don't know each other and have nothing to do with each other. At present, they have nothing in common." Said Goofy.

"So how's it going now?" The Secretary asked again.

"We have checked people who have close relationship with the dead on both sides, such as lovers and enemies, but they are not likely to commit crimes. We are still looking for the source of shoe prints. At present, our reconnaissance direction is still on the common ground of both sides and people who may have motive to kill." Said Goofy.

"You are not in the right direction. Just now, Xiao Ye and Xiao Liu have said that this is a psychopathic and physically disabled person. This is already a serial murder case, and there will be another one. If we don't find out the suspect quickly, we can't stop the next one." The director said angrily. Goofy nodded.

At this time, the director turned his head and suddenly said to Yang Yu, "brother Yang Yu, what do you do with this case?"

Yang Yu didn't expect to be asked by name. Everyone turned their eyes to Yang Yu. Most people at the scene didn't even know who this man was.

But who knows, Yang Yu asked a question that puzzled everyone: "doctor Ye FA, if a person got the black death, would he eat people?"

"black death?" Dr. Ye FA repeated in surprise.

Everyone felt puzzled about how to suddenly ask irrelevant questions.

"No, people with black death will have bleeding, pneumonia, fever and other characteristics, but they will not eat people." Forensic medicine ye answered patiently.

Yang Yu thought: it has nothing to do with the black death. It should have nothing to do with religion. It's

just a case of serial murders by perverts. I'm relieved. So he asked, "last night I asked him to check whether there was any trace on the wall outside the crime. What happened to this? "

" it rained heavily last night. When I went there this morning, I washed clean and had nothing left. "Said goofy.

At present, Yang Yu also thinks that it is not the key to untie the chamber of secrets. If he catches people, the chamber of secrets will naturally be untied.

"If the killer is in the dark, we are in the light, and there is no reliable clue, then try to seduce him. "Yang Yu replied.

"What kind of seduction? "The director asked eagerly.

Just as they were waiting for Yang Yu to answer, suddenly, a police officer rushed in in a panic and yelled, "director, there's a clue. "

" say it. "Cried the director.

The policeman handed over a letter and said, "I just received it. "

as soon as the director opened it, his face changed, and then he spread the letter on the table. When everyone passed it on, they all looked at Yang Yu. Yang Yu feels puzzled. What are you looking at? When the note was handed to Yang Yu, Yang Yu's face turned pale and could not say a word.

On the letter, it says:

Yang Yu, don't get hurt. Let's play a game with you. I'll eat a person the night after tomorrow. Where can I eat? Here's a clue: Spring paradise nightclub.

Old friend, stay.

After reading the typesetting, Yang Yu was no less surprised than anyone else.

"Yang Yu, do you know the killer? Think about it. Who is it? "The director and the leaders asked eagerly.

How could Yang Yu think of it, thinking: my old friend? Playmates? Junior high? Who else could it be? My friends are all serious people. No one has any defect or abnormal heart.

"Think about it, Yang Yu. Look at the tone of this man's voice. He should have a grudge against you. You see, he calls your name directly and chooses the address in the spring paradise nightclub. Even his name is written with old friends. All these show that he is aiming at you and you must know him. "Said the criminal psychologist.

"For me? Aim at me, aim at me. Why eat people? Aim at me and revenge me. Those victims have nothing to do with me. I don't know them. If you hadn't invited me, I would have nothing to do with this case. "Yang Yu is completely confused.

Unexpectedly, things came to a god like turning point.

But Yang Yu couldn't think of such an old friend.

"Think about it. It's a matter of life. "The director is in a hurry.

Yang Yu is more anxious than him. Who will take the knife at the spring paradise nightclub? Luoxi? Su Xinqi? Those young models? The nightclub has just opened. If this happens, the business will be at least halved.

"I can't think of a suspect. "Said Yang Yu.

"At least we have a range of suspects. Otherwise, all the staff should go out and give us the list of your friends, especially those who have been involved in or in conflict. We should focus on the investigation and find them one by one. How about that? Better than nothing. "Said the director.

"I think there is a simpler method, fingerprint comparison. Let your friends go to the nearest police station and record their fingerprints. As long as the fingerprints are not correct, they can be eliminated quickly. This is a relatively fast screening method at present. "Ye said.

Yang Yu nodded. At present, he can only do it first. Then in the QQ class group message, mobile phone text messages, can contact the students try to contact, can ask the clues, and then also made a phone call to the village, inform Zhao Hai and Li ruorong, said today to the day after tomorrow, no one is allowed to leave the village, and then give him a list of people who are not in the village recently.

Zhao Hai and Li ruorong feel that the village head is baffled again.

I've been working on this all afternoon, and I've been busy till the evening. Fortunately, the murderer didn't start until late. At least it's safe tonight, and the police ruled it out all night. Yang Yu to lie back in the nightclub, double the manpower to strengthen the security.

This has been busy until the early morning, is too tired and sleepy, unconsciously fell asleep.

"Who?" Yang Yu jumped up in fright and turned on the light at the head of the bed.

"You scared the hell out of me. How did you get in?" Yang Yu asked. The woman in front of her is not

Luoxi, but her sister Mujing.

"The key from Luoxi." Mujing climbed up to the bed with a smile and said, "Luoxi has become your maid now? It's so good. "

"Do you also want to teach?" Yang Yu said with a smile, only to find that he was in a cold sweat and had a nightmare just now.

"My boyfriend will teach me. It's not your turn." Mu Jing said with pride. Yang Yu listened, more happy, said: "I like to train a woman with a boyfriend." Say, Yang Yu side body, pressure toward Mu Jing.

This is the day in the nightclub is comfortable, every night can change the woman to sleep, a young model sleep over.

However, after waking up in the morning, Yang Yu's life is not so easy. Mujing lies naked on Yang Yu's chest and asks, "do you get up so early?" Yang Yu nodded, too many things. Take the pen and paper, think in my mind, who have you offended, whose heart has a problem?

But Yang Yu can't think of it, Cui Qiang? Secretary Li? Former village head? Liu Tian? You said it's possible for them to retaliate against you, but when it comes to murder and cannibalism, forget it. What's more, these people are all at home recently. Zhao Hai has looked for them and they all have witnesses. They have never left the village at all.

My college classmates are all in other provinces. No one comes here. At least most of the primary and junior high school did not contact, only high school has a lot of good friends, but everyone has a good relationship, not abnormal and such a big hatred ah.

Yang Yu had no choice but to go to the police station.

Goofy, they didn't go back at all.

"Do you know him?" Gao Fei pulls Yang Yu over and asks.

Yang Yu took a look and was very surprised. He said, "he is my classmate in high school. What's the problem?"

"Are there any festivals between you?" Gao Fei asked.

"It's OK to have a holiday. I had sex with his girlfriend, but at that time everyone went out to play, got drunk and had an accident. And he didn't know about it. Is there a problem? " Yang Yu said that when everyone played in the KTV, it was Yang Yu who sent his girlfriend home after the dissolution. As a result, on the way, his girlfriend Fachun was killed by Yang Yu in the small lane.

But this matter, he this schoolmate certainly does not know.

"It's not just a problem, it's a big problem. He has a criminal record." Gao Fei asked.

"What criminal record?" Yang Yu asked anxiously.

"Steal the body." Said goofy.

"There's a long way to go between stealing corpses and cannibalism, and it's for profit, isn't it?" Yang Yu said. He did not believe that his classmate Xu Bo would be so abnormal, although he was not familiar with him.

"I've sent for him anyway, and I'll be detained here at night." Said goofy.

Yang Yu didn't seem to have many clues when he saw the police station. So, went to Yang Yu, surprised, octopus? Octopus also lives in the sea. Besides, even if it is a big octopus, it is also a big talent. Right, the whole community knows that there are big octopus. At this time, the little boy's mother ran over and took him away, and said: "I told you not to talk to strangers, and you are not obedient."

Yang Yu shook his head with a bitter smile and looked up at the octopus climbing out of the small window? Cannibals? Children love to talk nonsense, imagination is also very rich, Yang Yu wry smile, almost to be cheated by the children.

Back, Yang Yu's two nightclubs almost deployed a large number of police, as well as plain clothes police. Bai Xiang obviously doesn't know what happened.

"Are you sure you want to open in the evening?" Gao Fei asked.

"I temporarily closed the suite. If I don't stay tonight, there are only the hall and the box. There are so many people in front of my eyes. Besides, there are cameras in the box. It should be OK." Yang Yu said. He thought that he wanted to drive the whole night club out, not open, and arrange the staff to go home, so that the night club was empty, what else could the murderer do, but Yang Yu was afraid that he would not come.

"My people are all in place, and I don't believe they are guarding all night. He dares to do it in front of our police. That's too arrogant." Said goofy.

Yang Yu also made a special order, all the people are concentrated here at night, not allowed to go upstairs, not allowed to sleep upstairs, not allowed to act alone, violators fired. Yang Yu gave such a cruel order, the employees had to listen to it, although they didn't know what happened.

So Yang Yu specially controlled the number of people and only let some familiar customers in.

Until early in the morning, still safe, and Yang Yu has been with Gao Fei, in the security room monitoring.

"Luoxi, accompany me up and down the stairs. I'll go upstairs and make up." Luoxi's sister Xiaoxi said.

"The director said, don't go up." Said Luo Xi.

"Oh, I broke my make-up when I was drinking with my boss just now." Xiaoxi anxiously said: "look at me, how can I make the boss happy? How do you get tips? "

Luoxi was reluctant, but he went upstairs with Xiaoxi. Yang Yu from the monitor to see two women upstairs, hurried to Luoxi made a phone call, asked the reason, let them finish makeup early out.

However, ten minutes later, he didn't come out. Twenty minutes later, he didn't come out either. Yang Yu felt something was wrong. He called Luoxi in a hurry, but no one answered.

"Something's wrong!" Cried Yang Yu, rushing out.

"All team members, all team members, if there is a situation, team one, go upstairs." Goofy begins to direct the way.

Yang Yu is the first one to run up. He is very anxious. He has already seen the scene of two people's blood flowing into a river in his mind. In that case, Yang Yu will regret it all his life. How could this man pass under his nose?

Yang Yu took all the spare keys to the door with him, just in case, so without saying a word, he opened the door and went in. He did not dare to see the scene in front of him. He was afraid that it was bloody, but what he saw was spring.

Luoxi and Xiaoxi seem to be changing clothes, naked, and they are in peace.

"Chairman, why did you come in all of a sudden? We're changing Luo Xi asked suspiciously.

"It's been 20 minutes. Does it take so long to make up? I don't answer the phone Yang Yu is big.

"Chairman, why are you so angry?" Xiaoxi doesn't understand why so many policemen came here tonight.

Yang Yuhuo big out of the room, at this time, Gao Fei with the team came, asked: "how?"

"It's OK. In it, women are slow." Yang Yu said.

"It's almost three o'clock in the morning, and there seems to be no news. Is it in another nightclub?" A police officer reminded me. Yang Yu calls Liu Guangqiang in a hurry. The answer is that the place is safe.

It was almost six o'clock until dawn, but nothing happened.

"Grandma, nothing happened." Some police officers were disappointed.

"How dare the murderer come when we see this show? Isn't that death?" A policeman said with pride.

Gao Fei looked at Yang Yu and then said to his subordinates, "everyone worked hard all night. Let's go back and have a rest first."

At this time, the six o'clock rang.

Suddenly, there was a shout in the street. Everyone's field of vision looked in the past, and found that the shouting woman was looking up at a balcony on the opposite commercial building. A bloody man was hanging on the iron frame. His large intestine fell straight, and his blood was still fresh, dripping down the street.

"Play!" Gao Fei roared and rushed to lead Wu.

The blood is still dripping. It should have just finished eating. The murderer may be nearby. No matter where the murderer comes out of the community, he always takes this exit. The exit is just across the street. Yang Yu immediately scanned his eyes, hoping to see acquaintances or suspicious people.

At this time, suddenly someone patted Yang Yu on the shoulder. Yang Yu shivered. Looking back, he was the director of Liu Haibo.

"How's it going? Did it go well last night?" Director Liu Haibo asked.

Yang Yu pointed to the opposite, Liu Haibo's face immediately ugly, said: "let's go and have a look."

Yang Yu did not expect that director Liu came so early.

There is no much difference between the scene and the previous one. It is also a secret room. The window is an iron framed balcony, and people are directly thrown there.

And there was a note on the scene, which said: I said I would go to the nightclub to eat people, and play with you. This is also a letter, a group of donkeys. After reading this note, people's faces were ugly! Did you commit a crime right under the eyes of the police?

Yang Yu was so angry that he slapped himself in the face!

At this time, Yang Yu received a phone call.

"Yang Lin? What are you doing here? " Yang Yu is surprised that Yang Lin always comes quietly.

"I'm right across from you." Yang Lin said.

Yang Yu hurried to the window to have a look, did not see the person, asked: "where?"

"Your nightclub, room 508." Yang Lin said.

Yang Yu was surprised. Did you say that Yang Lin had already come here last night? I didn't see it and didn't know it. Yang Yu hurried back and knocked on the door of room 508. But when I went in, I found that there were three people in the room.

The uniform of the three people was black all over, wearing a black hat, and dressed like a Christian. The other two turned their backs to Yang Yu, so Yang Yu didn't know who it was.

"How do you dress like this? What are the two of them Yang Yu asked, still not sure why Yang Lin came to find herself from Yunv village this time.

At this time a person turned to come over, is Yan Ling, acquaintances. Yang Yu is curious about the other person's hesitation.

After a long time, the man turned around, but the black hat still covered his face and said, "Yang Yu, don't get hurt."

Yang Yu is surprised. The voice feels familiar. Who is it?

The man took off his black hat and looked up at Yang Yu with a smile.

"You?" Yang Yu was so scared that his eyes were staring out. He stepped back two steps and said, "aren't you dead?"

"I'm dead." The man said with a smile.

"What the hell is going on?" Who is this man? You certainly didn't expect that it was not someone else, but the great elder of Christianity who had been dead for a long time! This is what Yang Yu never dreamed of.

"He's not the elder." Yang Lin said suddenly.

Yang Yu is more puzzled. Is elder Mingming dead but alive? He is the elder, but he says he is not the elder.

"Don't play tricks. I'm very busy. There's a murder just happened across the street. It has something to do with me." Yang Yu asks eagerly, at the moment, there is a pervert murderer, who is coming to him.

"That's why we're here." Yang Lin said. The elder looked out of the window. The room was opposite the crime scene, and there seemed to be someone standing there looking at this side.

Yang Yu was puzzled again, thinking: come for murder? This has something to do with you?

"The war has begun." The elder turned around again: "the black death has spread. At present, thousands of people have been infected, and it will soon spread all over the world."

"What? Did you say the infectious disease reported in Guangzhou yesterday? However, there were only a few cases yesterday, and they have already been controlled. " Yang Yu suddenly froze, this what situation, what war.

"Do you believe what's on TV?" Yang Lin interjected.

"Can that stop it?" Yang Yu asked eagerly. It's the government's business to save the world.

The elder shook his head.

"How many people will die?" Yang Yu asked.

"It will be beyond your imagination!" Said the elder.

Yang Yu is silent. The elder must have some credibility.

"Come on, this battle will be fought sooner or later." Said the elder. He put on his hat and went out. Yang Yu didn't understand. But I can only follow the past. Where are we going? Yang Yu followed. Unexpectedly, the elder went to the crime scene opposite.

Director Liu, Gao Fei, ye Yizheng and others were also present.

"You're all right!" The elder said with a smile. When the policemen saw the elder, they changed.

"I didn't expect you to come in person?" It was Ye Rou who spoke instead. Yang Yu was very puzzled. Did the elder know these policemen?

"When I come, don't hide. Come out." Said the elder.

Yang Yu is completely confused. Who is the elder talking to? Is the killer hiding in this room. But this room is all in sight. There is no place to hide. And how did the elder know that the killer was hiding in the room?

After listening to these words, the police on the scene stood up one after another, looking at the elder four with serious expression.

And then something incredible happened.

All of a sudden. Director Liu, female forensic and other people raised their heads, and then opened their mouths. Then, the big mouth opened a little bit, just like a snake. Seeing this scene, Yang Yu was surprised that he couldn't say a word, and his eyes were about to fall off.

There's something more terrible coming out of their mouths! Oh, my God. Another one out of the human body?

Director Liu, the body of the female forensic doctor gradually split, starting from the mouth, just like being split in two by a knife, leaving only one body. And in this body, there is another person.

Out of the human body, the parasite was covered with mucus, just like an embryo, sticking together with the original body. The skin of the parasite is very white. This kind of whiteness is not the whiteness of the white race, but has not been seen for a long time, just like the white zombies we met at the bottom of the sea last time. However, it is different from them. The parasite has complete facial features. Apart from the feeling of wet, slippery and sticky skin soaked in water, the others are no different from people.

"Yang Yu, we meet again." The hairdresser broke the body first and came out. She was a beautiful naked woman. The woman shook her hair and said with a smile to Yang Yu.

Yang Yu looked silly and stammered: "pan caier?"

However, what surprised Yang Yu even more was just the beginning. Yang Yu was very familiar with the man who broke out of director Liu's body.

"Why don't you know me? Yang Yu, as I said, we will meet again. " Said the man.

"It's impossible!" Yang Yu shakes his head hard. All this is unexpected. First, the elder revives, but Yang Lin says that he is not the elder. Then he comes here and climbs out of the human body. One is an old acquaintance, Yunv village. But why do you eat people? Yang Yu can't understand why the cannibals are angels? Not the devil?

"Let me tell you why." Yang Lin turned over, looked at Yang Yu and said: "I use a metaphor, you human beings like to raise pigs to eat, but pigs may not know what they are raised for, and pigs may not know that they are killed and eaten when they are raised. And you humans are pigs in the pigsty now, and they and us are humans. To put it bluntly, angels and demons are the natural enemies of human beings. They feed on human beings just like you eat. "

"There are so many people dying in this world every day, such as car accidents, diseases, natural deaths, accidental deaths, wars, pestilence and so on. On the surface, it seems that it is human's own behavior, but in fact, most of the behaviors are controlled by our fifth dimension world. To put it bluntly, we are

hungry and want to eat people, so we let you die." Yang Lin said it was cruel.

This is a world view that Yang Yu has never heard of. This world view is incredible.

"We are pigs in pigsty, or ants on the ground, while you are human beings, which control the life and death of pigs. Poor ants don't know that the world is three-dimensional and think that it is God, just as human beings think that God is in control of fate?" Yang Yu said to himself.

"You can understand every mistake." Yang Lin said.

"What's the difference between angels and demons? What is the difference between Lucifer and Jesus, God?" Yang Yu asked, isn't this about God?

"God is the ruler of our world, and Lucifer" Yang Lin stopped for a moment, and continued: "Lucifer was originally the archangel, but because of anti God, anti cannibalism, he became a rebel, and also became the leader of the rebel, and finally became a comparison between the two groups, one black and one white."

Yang Yu thought that he could not understand this theory and world outlook at all. How could pigs and ants understand human civilization and world outlook?

"So you're eating pork now?" Yang Yu said very humorously.

"You are wrong." Pan caier said with a smile.

"They are invading the human world. There is a gap between the fifth dimension world and the third dimension world. This gap is the fourth dimension, which we call time. Because of time gap, cannibalism must be controlled by the rules set by time. As your world says: ecological balance, the dimension of time is to maintain ecological balance. God and Jesus also maintain this balance, but some angels try every means to destroy this balance, to slaughter and eat human beings. For example, the angel of color is pan caier in front of you, the angel of anger, Wang Ren in front of you, the angel of eating, and their subordinates. " Yang Lin said again.

Yang Yu can vaguely understand the meaning. From the former village head, the second elder and the devil, who will become a zombie and rot, to the Secretary of the provincial Party committee, who can occupy the body and control the reason, to the director Qiu's daughter, who has completely occupied the soul and body. Some of the people in front of him are only possessed by the soul, but now pan caier and Wang Ren are dead The Sutra is not a body attached to the soul, but a body attached to the body. The body comes to the three-dimensional world of human beings. It's a step-by-step evolution. It's breaking the balance. It's from nonadaptation to adaptation. It's from trying to hatching to breaking the shell. All these behaviors show that these people want to break the balance.

In this way, the purpose of the spread of the black death is actually the smuggling and trading of human body and soul.

"What's in it for them?" Yang Yu continued.

"There are too many benefits. All actions are benefits. Smuggling human beings can enable them to gain more rights, power, money, women and so on in our world." Yang Lin replied. "My last question is, since they break the law and are supposed to be controlled by God and Jesus, why do you want demons to control them? What else does it have to do with me?" Yang Yu is still very confused.

At this time, the elder said: "that's because the channel of the five dimensional and three-dimensional world is in your hands, they need this channel to transport human beings, but you are my man, you are my general, the leader of Jihad, so I came, and God is watching the play, or God wants to take you away from me."

Yang Yu was surprised again. Looking at the elder, he said, "are you Lucifer?" Yang Yu thought of the man he saw at the gate of hell when he was dying.

"You finally recognize me. Yang Lin and I are both possessed by the soul, and the body is a person in this world. But they, as you can see, even the flesh Said the elder.

"Although I still don't know what you are talking about, and I don't believe in the power you said, you can treat me as a pig. You can make the world what you want. I don't want to be a hero, and I don't want to save the world. It's none of my business, but I don't allow you to disturb my life, especially my women!" Yang Yu said. It's a warning.

"I don't think you understand. The angel of the road has said that the passage is in your hand. When you were at the bottom of the sea, you opened it once, and we took advantage of that opportunity to come here. We just want to open it for your convenience, and we want to open it for you. So, right now, we're coming to you. " Color Angel pan caier said.

Yang Yu now really knows the true identities of Yang Lin and pan caier. In fact, Yang Lin and pan caier have already possessed their souls.

"I don't want it yet. Take it if you want it." Yang Yu is very generous.

"No, if the passage is opened, the truth of the two worlds will be in disorder. At that time, the whole balance will be disrupted. At that time, the four-dimensional time will flow back, Nirvana will be reborn, a new multi-dimensional world and a new balance will be formed, and we will all die." Said Lucifer.

So interesting? Yang Yu felt like he was listening to the book of heaven.

"you are what the soul can do, but what we can do, but we have brought all our skills to us. Here is the three-dimensional world, not Lucifer has the final say." Pan caier said.

"Maybe I can't beat you here, but I can let Yang Yu open the channel, send you back, and seal it forever."

As soon as Lucifer finished speaking, he suddenly grabbed Yang Yu's hand, and the black fog penetrated from their touching skin.

"Don't you think about it!" Pan caier suddenly spread her wings and rushed to this side. Unexpectedly, Yang Lin also spread her wings, white and black, rushed out of the window and started fighting in the sky. And Wang Ren also rushed over, but Yan Ling welcomed the past.

The other little angels spread their wings one after another. Unexpectedly, Lucifer could also show a pair of big wings and shoot black arrows from his feathers. After being shot, the little angels fell to the ground in pain, and their whole bodies gradually turned black.

After Yang Yu found that he was caught by Lucifer, the power in his body was turbulent, and he had never been so powerful.

But at this time, Yang Lin was killed by the angel, Yan Ling is not angry angel's opponent. And the little angels struggled.

"I said, here, you are not my opponent!" Just said, suddenly, color angel and anger angel, drink angel a roar, vibration the whole building tottering. Yang Yu can feel that the strength of the three is greatly improved.

Then the three flew in. When Lucifer saw that the situation was not right, he grabbed Yang Yu and threw him out, but went to meet them. All of a sudden, the fierce battle shook the ground, and the whole building was broken down. Suddenly, three people rushed up from the fifth floor, directly from the ceiling, and made a big hole. You know, it's cement.

But they were safe.

Lucifer didn't take advantage of the three people. After a stalemate, Lucifer's physical strength obviously couldn't resist the three people. At this time, the angel of color suddenly launched a huge energy gun from his mouth, and passed Lucifer. The energy gun hit the building behind, and it was deafening and shaking. Unexpectedly, the gun was like a missile, and its power was so terrible.

Lucifer was lucky to escape, but at this time, a cross penetrated his body. Wang Ren, the angry angel, held a huge cross in his hand, and took advantage of Lucifer's escape to attack successfully. All of a sudden, Lucifer's skill quickly retreated. With his last breath, he punched in the past. Unexpectedly, Wang Ren was also pierced by a fist.

Wang Ren retreated in pain.

At this time, the angel of binge drinking did not know when his body became huge. He raised his hands like a huge hammer and headed for Lucifer. If the hammer hit him, Lucifer would not be able to return to heaven. Just want to hide, found that the wings can not make the strength.

See, the huge fist like Mount Tai, suddenly.

The fist fell on another person and the angel was shaken open. They looked up and found a black cat standing on the rooftop. The black cat's size was also huge, no less than that of the drunken angel. This black cat is no one else. It's Yang Yu, black pupil, whose body shape is completely changed. Lucifer didn't have the strength to hover in the air. He fell down and was caught by Yang Yu. However, seeing that the elder's whole chest was punctured, it was estimated that the body could not live, and the soul would leave automatically.

At the same time, Lucifer's body healed, just like Wolverine.

"Open the channel. I have a way to get them back." Said Lucifer.

nodded as like as two peas, and one of his palm on the floor. He began to meditate. Suddenly, from the palm of his hand, the center of the palm was formed with a huge seal on the roof. The seal was exactly like the seal on the bottom of the sea.

"No! Get rid of them Pan caier cried.

At the same time, the three rushed over, the angel of color shot a light gun from his mouth, and the angel of anger's Cross turned into a sharp sword to stab Yang Yu, while the angel of binge drinking came down from the sky with a huge fist, ready to give a fatal blow to Yang Yu's head.

Three different angles and different parts seal Yang Yu to death, and Yang Yu is basically sure to die.

However, Yang Yu is a black cat, the cat has extremely sharp action, the hand of the seal does not leave the ground, legs jump, avoid the light gun, the other hand directly grasp the angry angel, the angry angel's Cross knife penetrated the palm of Yang Yu's right hand, but a grasp of Wang Ren's neck, then, in one fell swoop to the sky, the angel's big fist hit Wang Ren's body On the body.

The results are predictable.

But it didn't work out. With a flick of Yang Yu's tail, he entangled pan caier and pulled him over.

Lucifer said with a smile, "they are all in the seal."

As soon as these words came out, people's faces suddenly changed.

I saw that Lucifer grabbed his heart, dug out his heart and put it on the seal. The blood rolled out, and the blood went along with the mark of the seal. In a few seconds, the seal went up in a red light.

Formed a huge cylinder, straight into the universe, and then in the earth's sky, opened a black hole.

Like a tornado, the red aperture cylinder sucked things, people and the angels in. Yang Yu felt that his body rose slowly, and finally the speed became faster and faster, so he felt that he was shuttling into a tunnel.

Yang Yu fainted.

When Yang Yu woke up, the scene in front of him changed completely. I was standing on a city.

"General, are you awake?" A woman nearby said.

Yang Yu opened his eyes and looked. It was Yang Lin and Lucifer.

"Where is this?" Yang Yu asked.

"Look at it for yourself. This is the fifth dimension world. You can understand it as the scientific truth in your world." Yang Lin said with a smile.

Yang Yu looked far away. The sky was black and the sun was red. The city is ten thousand meters high, and the bottom is not visible. However, when you see the distance, there is a vast expanse of white. You will look back at your own side, which is a dark area. The city is as huge as it is built in the sky.

"This is the holy war of heaven?" Yang Yu asked suspiciously,

"yes." Lucifer said, "this war will not last for thousands of years."

Yang Yu looked at this time and space, a more magnificent world that he had never seen before. He looked down along the city wall, down, down, down, and saw the human beings, just like the human beings who were kept in the pigsty door by angels. There are wars, killing, pestilence, death, hunger, disaster, greed, lust and so on.

At this time, Yang Yu inadvertently see his left palm, has no black mark.

"Black pupil will come back to life in a hundred years, but the seal is sealed by me forever. This war belongs to our world and has nothing to do with human beings. If you jump from here, you will return to your own world. " Said Lucifer.

Yang Yu looked at the crowd suspiciously, especially at Yang Lin, and said, "will you still exist in my world?"

Yang Lin smiles and says, "it's all over. But before you go, I'd better give you some presents. "

"What gift?" Yang Yu asked curiously.

Yang Lin put her mouth close to Yang Yu's ear and whispered a few words. Yang Yu looks at Yang Lin suspiciously and finally smiles. Standing on the city, looking down, looking down at the pigs in the pigsty, and I want to go back to my own pigsty.

Then he closed his eyes and really jumped down. Not long after he fell, Yang Yu's ears remembered the voice of fighting each other. No one knew how long this holy war would last. But Yang Yu knew one thing: he was completely free.

Through the fourth dimension, Yang Yu sleeps in time. He feels very comfortable, free and unrestrained. In front of Yang Yu's eyes, like a movie, he sees his birth, childhood, school, love, bed and old parents.

Finally, Yang Yu saw the terrible end of the world.

Yang Yu felt a pain in his brain, like having a long dream. In the dream, he saw those things constantly breaking out of the human body, and the world became a purgatory.

A voice seemed to ring in his ear: go back, go back, find the source, find the truth, this is the only way to stop human purgatory.

Suddenly, Yang Yu felt something disgusting coming out of his body.

"Ah Yang Yu wakes up with a start.

Everyone looked back at him.

Yang Yu looked around, brain pain, hard shot a few times, and then look here again.

This is a classroom full of people. Everyone and the teacher in front of the platform are looking at him.

What a familiar place! What a familiar face! Wait a minute, isn't this my classroom and classmates in junior three?

Yang Yu knew that he was dreaming again, or that he had been bewildered by Pan caier, so he had dreamed of his high school days before.

Yang Yu tried to recall what had happened before. It seemed that he was fighting a life and death battle. It seemed that he was defeated and the world was on the verge of purgatory.

Pop! Yang Yu slapped and said, "wake up, this is not the time to dream."

The fellow yeqinqin laughed and asked, "what's your nerve?"

For a moment, Yang Yu felt the real pain in his hand.

Yang Yu suddenly stood up, staring at the memory that had been in his mind for countless times, exclaimed: "God, this is not a dream, is it?"

Did I cross? Yang Yu recalled that this is not impossible. It was mentioned in the revelation of the Bible, the reincarnation of purgatory? Is this parallel world or pure time travel?

"What's the date today?" Yang Yu sat down and asked his deskmate. He didn't show the excitement after crossing like Shen Teng in Charlotte's troubles. After all, he has experienced this kind of thing twice, one of which played with the English teacher in high school.

"April 1st." Ye Qinqin replied.

"I asked which year." Yang Yu still wants to make sure that it's not a prank, but his body is getting younger, and ye Qinqin's shy appearance can't be made up.

Ye Qinqin looked at him like a psychopath and said, "in 2000."

Yes, the millennium.

I went back to 2000. Unexpectedly, N years have passed in the new century. Time flies. It turns out that reality is a dream.

"I'm here. What about my wives?" Yang Yu anxious, but they are not dead, still in this world, cousin is reading high school, right?

When I think about it, I calm down.

But the time travel still made him feel incredible and excited.

"Who knows if it's true or not? It's still a dream." Yang Yu thought and suddenly stood up.

"Yang Yu, what are you doing?" The English teacher looked at Yang Yu in surprise.

Yang Yu was not a good student before. He was a gangster in junior high school.

Therefore, the whole class of teachers are not satisfied with this kind of poor students.

"Miss Si, can I have a look at your steamed bread?" Yang Yu said directly.

When this word came out, everyone was silly!

Silk teacher's face is blue, angry stare eyes, that kind of embarrassed want to find a crack to drill down:
"you, Yang Yu, you!"

Teacher Si immediately grabbed the door and threw it over, then went out crying.

Miss Si is only 22 years old. She has just graduated from normal university and is not very old. This is her first semester. How can she meet such a student? I don't want to cry!

"It's real crying." Yang Yu didn't believe it, and next to a girl in another row in the corridor, he leaned on the table and looked at her.

"Yang Yu, what do you want?" The girl leaned back in horror.

This girl, Li Bi, is a class flower in class 6, grade 3 of junior high school. Different from other beauties, she has short hair and a pair of big eyes.

Li Bi is the dream lover of all the boys in the class, and Yang Yu also likes this goddess. But at that time, he was a poor student. He didn't do his job, and he was hanging around all day. At that time, all the girls liked to be a bully. After three years in junior high school, he didn't see Yang Yu.

Junior high school's Yang Yu has not developed well, has not completely opened, is not high also not handsome, studies is also bad, also very hooligan, who can like?

"What do you want?" Li Bi looks at Yang Yu in horror.

Yang Yu holds the back of Li Bi's head and presses her head. He kisses her and seals her mouth.

Everyone in the class was shocked!

Li Bi was even more astonished, and hurried to push Yang Yu. However, Yang Yu just closed her mouth and put his tongue into her mouth. With his other hand, he grabbed one of her Yufeng and rubbed it. The whole class of boys after watching, heart is broken!

Li Bi tried her best to push it, but she couldn't push it!

"Yang Yu, what are you doing?" Suddenly, behind a fierce voice sounded.

Yang Yu just left Li Bi's mouth and said very manly: "you are my woman after school, wait for me!"

The man behind quickly pulled Yang Yu away and said with a fierce face: "Yang Yu, what are you doing? Go outside and stop for you

Yang Yu looks at Li Bi. Li Bi touches her mouth and suddenly cries. This is her first kiss! To this son of a bitch? Li Bi cried angrily, and at the same time her face turned red. All the men in the class looked at Yang Yu enviously. The beautiful ban Hua was robbed of her first kiss by the hooligan Yang Yu. It's really envious.

Looking back, Yang Yu saw that it was Chen Ju, his math teacher and head teacher, but there was no bird for him. Instead, he pursed his lips and said to himself, "this kiss is so real!"

"Can't you really go back to the past?" Yang Yu rushed out of the classroom.

"You son of a bitch. Bully girls and teachers as much as possible, and call your parents to me. " The head teacher followed.

Yang Yu rushed out of the classroom and looked at everything outside. This is what it looked like in 2000. There was a banner outside to celebrate the new millennium. It's so real, so real. Did he really cross it? Why? Yang Yu recalled the scenes in his mind just now. He remembered a voice that he constantly asked: only by going back to the past and finding the source of the demon's broken shell can he prevent this doomsday.

It seems that there is a mysterious power to return to the past, to the Millennium 17 years ago.

"Pity my wives." Yang Yu sighed.

This is a blessing in disguise. It seems that since we have come, we can only settle down. As for the end of the world, he doesn't care about it.

Chapter 512

[+ - Turn off](#) [Reset](#)

Yang Yu looked at all the features in front of him. Compared with 2017, there was still a big gap. The head teacher didn't catch up with him, and Li Bi was still crying.

At this time, a boy patted him on the shoulder.

Yang Yu turned his head and remembered in his vague memory that he was Chen Bin, his classmate. The boy had played truant again.

Although we are only in the third year of junior high school, Chen Bin is already an old hooligan. He has been to nightclubs, touched his teacher's ass, and pulled girls to the woods. He has done everything wrong.

"Yang Yu, why didn't I see you all night? How did you change?" Chen Bin looks at Yang Yu suspiciously

and looks up.

In Chen Bin's eyes, Yang Yu not only grows tall, but also becomes very handsome.

"Good to see you." Yang Yu hugs Chen Bin. Before crossing, he is on the verge of death. To be exact, he is dead on that time axis!

I am reborn!

For Yang Yu, rebirth means too much to do.

"Looking at you like an idiot, Yang Bin said? Let's go and play volleyball on the court. "

"What's good about volleyball?" Yang Yu's mind is not a junior high school student.

"Woman, it's very revealing. There are so many beauties. Hey, hey. " Chen Bin has a bad smile.

"That's not interesting." Yang Yu said.

Chen Bin looked at Yang Yu with a puzzled look on his face and said, "the school flower you think about day and night is also here! You don't want to go? "

Yang Yu thought for a while, when he was in junior high school, he was only deeply impressed by Li Bi, the class flower. What school flower? I haven't heard of it. I think about it day and night? Is this a parallel world? And his memory of the past deviation?

After being told that, Yang Yu is going to see what happened.

On the way to the campus, Yang Yu found many female students looking at him and whispering:

"how handsome."

"Isn't he Yang Yu from class six? How come I haven't seen you for a few days. I've become so handsome!
"

Yang Yu went to the playground and found that it was full of people. Because it was the third class in the afternoon, many classes had no class or self-study. It seemed that they all came out to see beauty.

"Which is the school flower?" Yang Yu asked Chen Bin.

Before Chen Bin could answer, a volleyball came to Yang Yu.

A girl in a volleyball suit ran over. Her shorts were too short. She had a long, big Mei leg, and her chest was broken. She looked like 168.

A surge of people, issued a beautiful exclamation.

"Give me the ball back." That beauty says to Yang Yu disdainfully.

"She is the school flower." Chen Bin looks as if he is about to drool.

Yang Yu looked at it carefully. He was so scared that he stared and said, "pan caier? Did you come across it, too? "

Yang Yu thought that he was still in the battle of life and death with her a moment ago!

When I was in Wenjiu middle school, my school flower was pan caier, who was a whore in yunu village?

Yang Yu's jaw will be shocked!

"Psycho." Pan caier is not surprised. She doesn't know Yang Yu. She has been promoted to school flower. There are too many people who know her name. Pan caier directly took the volleyball, turned and left.

Yang Yu Leng is there, this pan Cai Er is so beautiful before? Although Yang Yu was also a village flower when she met her in the future, she was full of coquettishness at that time.

Yang Yu suddenly has a sixth sense. Can pan caier be the key to solve Kai's whole demon breaking out of the shell and purgatory?

Is it possible that pan caier is the origin of all these events?

"How's it going? Are you shocked? Isn't it beautiful? I tell you, the men who chase her, line up, can go around the school, really Chen Bin's mouth watered down.

Pan caier returned to the team, next to a teammate asked: "who is that man?"

"I don't know." Pan caier said he didn't know, but he still looked back at Yang Yu secretly and muttered in his heart: who is he? Why do you look so familiar? Why do I see him with my heart beating? Why does it feel familiar?

When Yang Yu sees that pan caier doesn't care about himself, he also thinks that he doesn't know himself. It's even more troublesome to know him! Maybe she doesn't know who she is now? So Yang Yu has to get to know her anyway. But Yang Yu is also a proud person. Looking at her just now, she is not happy.

Before the volleyball match started, Yang Yu left.

On the contrary, Pan Cai'er is absent-minded and always looks in the direction of Yang Yu. For the first time, she meets someone who is not interested in her volleyball match?

Yang Yu found a cold lawn to lie down, closed his eyes, to recall his junior high school memory.

At this time, a girl appeared in front of her.

"Well, how do you sleep?"

Yang Yu opened his eyes and looked up from the field of vision below. He happened to see the girl's white inner library.

"You wear Hello Kitty Neiku?" Yang Yu looks at her face in surprise. It's none other than her deskmate Ye Qinqin. It seems that she has finished school. Ye Qinqin quickly covered her school uniform skirt. Her face turned red and stammered: "you, where do you look?"

Seeing Ye Qinqin's red face and unnatural expression, he asked, "do you like me?"

When asked, Ye Qinqin's face is even more red. The girls in grade three are all in love and curious about the opposite sex. Now Yang Yu's mind is not a timid junior high school student. At that time, he was a late bloomer and didn't know anything. The girl didn't hold her hand. It's a great pity that so many women's resources around him were not used.

Yang Yu pulls Ye Qinqin.

Ye Qinqin fell into Yang Yu's arms. Yang Yu's hand touched Ye Qinqin's thigh.

"Yang Yu, what are you doing?" Ye Qinqin was terrified. She had never been touched by a man in her life. This deskmate touched her thigh as soon as he touched it, which was even more terrified. However, this is the school, and she did not dare to shout.

Yang Yu hugged her and said, "don't cry. My classmates and teachers have heard me. Who's bad luck?"

Ye Qinqin knows what kind of student Yang Yu is. She is a poor student and will not have any future in the future. She must be in a vocational high school. She is different. She depends on a key high school. If she is seen and known by the teacher, even if she is forced, the image of a good student will be gone.

"Yang Yu, don't touch it. It will be seen." Ye Qinqin is very nervous and afraid that someone will pass by.

This is a remote place where people will not come to play basketball unless there are trees behind the school.

Yang Yu is not afraid. He used to be afraid to make a girl's stomach bigger. NIMA, there is such a good contraceptive as condom in the world. What are you afraid of?

When Yang Yu saw that ye Qinqin did not cry, he put one hand into her clothes and grabbed her steamed bread.

"Ah Ye Qinqin trembled as soon as she was caught. She was never comfortable. She felt that her body didn't repel this kind of behavior, which made her even more scared!

Ye Qinqin is secretly in love with Yang Yu, but he still can't accept being touched like this.

"Someone's, Yang Yu." Ye Qinqin's hand has been pushing Yang Yu, but it can't be pushed away.

It's not Yang yuse. This NIMA is obviously pretending. It's overflowing. What's more?

Now junior three girls have been very precocious, with this flooding will know that this table to understand too much, is not a place.

When Yang Yu is ready to take off her Nei pants, ye Qinqin suddenly breaks free and runs out of the woods.

There are students outside, so Yang Yu doesn't dare to chase them.

"Remember to make up lessons in teacher Si's dormitory in the evening!" Ye Qinqin didn't seem to be angry at all. She cried to him with a smile and ran away after shouting.

Yang Yu a face of doubt, his third grade make-up classes? Think about it, when I was in junior high school, I studied by myself in the evening. It seems that my parents reported to make up lessons for me, but I didn't go there once.

"Well, with my current IQ, what lessons do I need to take?" Yang Yu continued to walk.

All of a sudden, he jumped up again and said to himself, "I'm reborn. Don't you hurry to earn money?"

so think, now that he has the ability of prophet, in 2000, what Apple 6, Alipay, share bicycles did not come out, Phoenix legend is still fighting soy sauce!

Since it's not a dream, we should plan our future well.

Do you want to be a star or the richest man? Or just publish some shocking papers?

It seems that he has no interest in these things. Life, old age, illness, fame, wealth and money are just

floating clouds. The most proud thing in life should be to have fun!

Yang Yu's character is free and easy, and he is not snobbish. He continues to lie down and sleep.

Before going to bed, he didn't look at his palmprint.

Ye Qinqin came out of the woods and was watched by her classmates.

"What do you do in the woods in broad daylight?" My best friend Chen Jiali asked with a bad smile.

"Nothing!" Ye Qinqin thinks of Yang Yu touching himself just now, and her face turns red.

Chen Jiali obviously didn't believe it. She said with a smile, "come on, it's no shame to play with men. Once the woods arrive at night, the girls are all doing that. Who am I curious about?"

"What are you talking about? I didn't do that." Ye Qinqin was said to be more embarrassed: "we are only junior three, they do, I am still young."

"Cut, come on, aren't you the one who peeks at that kind of video in the bedroom? Ha ha Chen Jiali said with a smile.

This is just an ordinary junior high school. The school atmosphere is even a little bad. After self-study in the evening, I don't know how many little lovers are shooting in the woods!

Yang Yu had a long sleep before he got up to eat in the dining hall.

"How handsome."

"He's really handsome. What class is he in? I haven't seen it before. Is it a cut in student? "

"Go up and ask."

As Yang Yu walked by with his meal in his hand, a group of girls stared at him, wondering: he was not so popular in the third grade of junior high school. Did he really change so much?

At this time, Yang Yu saw a row of beautiful girls sitting in a corner, where Pan Caier was sitting.

Yang Yu walked over and was about to sit down. Pan Caier said, "there are people here!"

"Then let her sit by." Yang Yu directly sat down and paid back to Pan Caier.

"You." Pan Caier was angry and gave Yang Yu a look.

At this time, Yang Yu leaned forward and stared at Pan Caier.

"What do you want?" Pan caier leaned back in horror.

At the same time, the two female students next to pan caier are looking at Yang Yu with admiration. But Yang Yu didn't have them.

Although I don't like Pan caier, a future little bitch, to tell you the truth, compared with other little girls, pan caier in grade three is already a beautiful girl. Her skin is white and translucent, which is as beautiful as Wu.

Yang Yu wondered why he, pan caier, Yang Lin, Wang Ren and other people gathered together in Yunv village? Obviously, everyone has bigger secrets, including the past and present life of Yunv village.

At this time, Yang Yu said word by word: "did you encounter dirty things?"

"Dirty things?" Pan caier obviously didn't respond and said: "you are the dirtiest here!"

"Did you get a ghost?" Yang Yu made it clear.

"You've just been haunted. There's no ghost in the world! "Psychosis." Pan caier is very spicy, pulling the sisters and saying, "let's change places to eat."

"Ah? Choi Er, it's good to eat here! " Sisters a little disagree, eyes also looking at Yang Yu.

At this time, a girl put a chicken leg into Yang Yu's bowl, blushed and said, "here you are."

"You Pan caier glared at her sister and sat back.

Yang Yu looked at the girl. She was so cute, shy and tender. She was the same type as her three cousins, which made him miss her.

See Yang Yu look at himself, face flushed, immediately bow to eat. At the beginning of love, the eyes are curious and clear to men.

"How much is your wechat?" Yang Yu blurted out.

Everyone was stunned.

Yang Yucai realized that in 2000, let alone wechat, even mobile phones were not popularized, Windows 98 came out, computer courses were opened in schools, and DOS was the best way to learn.

"That's inconvenient." Yang Yu is really depressed, unable to contact ah, said: "I am class six Yang Yu, if you want to find me, write to me in the class mailbox."

Yang Yu said to the girl, but his eyes were looking at Pan caier.

"Narcissism." Pan caier muttered.

Back to the era of letter writing, it's really memorable. The campus broadcast Andy Lau's "ice rain". Everything is so beautiful.

When Yang yuliu reached seven o'clock, ye Qinqin appeared.

"Let's go, Miss silk, to make up the lessons." Ye Qinqin and Yang Yu have to go.

Yang Yu didn't want to go. She had so many things to do in her life. What lessons to make up for? But when she heard that she was Miss Si, the most beautiful female teacher in her class and even in the whole school, she suddenly became interested. Didn't she tease her during the day? OK, go and apologize.

Yang Yu went.

When passing by the woods, Yang Yu frowned and looked at Ye Qinqin.

Ye Qinqin's face turned red.

"What's the situation?" Yang Yu asked her seriously.

Ye Qinqin shyly said: "what else can happen? Lovers are doing that kind of thing."

"Does the teacher care?" Yang Yu asked, what were you doing in junior high school? Haven't you heard that? There are many deviations between the plot of this world and the past in my memory.

"How to manage? It's not a pair of two teams. It's common." When ye Qinqin said it, she felt so natural: "besides, we are all 14 years old and 16 years old. It's the age to do that kind of thing."

Yang Yu was stunned. Can the girls in this ordinary junior high school be more coquettish than the village women in yunu village?

What ye Qinqin said represents her personal thoughts or the thoughts of all the girls. Is it difficult for her to jump into another woman's pit from her daughter's village?

After listening, Yang Yu took Ye Qinqin's hand and said, "let's go, let's go in."

"Ah? Don't Ye Qinqin's heart thumped, thinking of being touched there by him during the day, he felt nervous again.

"Yang Qinyu asked:" you will not be cold

"No way." Ye Qinqin replied.

"If you don't want to go to the woods, we can go to the toilet of the experimental building or the rooftop." Yang Yu said casually.

The toilet is a good place for schoolgirls to shoot guns.

"Are you crazy?" Ye Qinqin showed a look of panic, as if he heard something terrible, and said: "you dare to go to the experimental building because it's haunted? It's a restricted area at night

"Ah? Haunted? " Yang Yu is too familiar with dirty things. For some time before, he had Yin and Yang eyes. He always saw things that were afraid of cloth, which made people feel creepy. Especially the scene of the man who lived with a female ghost on his back, I still have a lingering fear when I think about it.

After all, there must be nothing wrong with her mother-in-law who has been in the next village for seven years.

"Yang Yu, how do I feel that you have lost your memory today? It's different from before." Ye Qinqin looks at Yang Yu with a puzzled face. He is much more handsome and calm than before. He doesn't look like a junior boy at all. The key is that he doesn't seem to know the school at all.

Yang Yu tried to recall the memory of junior high school. However, some places are really different. For example, the woods behind the playground do have memories. But in my impression, I don't feel that there are many men and women doing that kind of thing in it. In addition, teacher Si's make-up lessons were mentioned by his parents, but he didn't agree to go. In addition, the school flower is even less impressive, and it's impossible to be pan caier.

Apart from the inconsistency of parallel worlds, it may be the butterfly effect.

I went back to the past this time, and the change at a certain point caused the butterfly effect, which magnified some details.

"When I came home from school yesterday, it seemed that I was hit in the head. I can't remember everything." Yang Yu really pretended to be amnesia.

Ye Qinqin took a dubious look at Yang Yu and said, "I see the mountain behind the school. It used to be a mass grave. Our school is built on mass grave, so the school is often haunted. The first one is the laboratory building. You can't go there at night. It's said that the elevators there will automatically

switch on and off, There are also toilets in the laboratory, where girls often cry

Ye Qinqin didn't mean to frighten Yang Yu. He continued: "the second teacher's dormitory is that one. Now we are going to make up lessons."

Ye Qinqin pointed to a dormitory building in the dark ahead.

Looking from a distance, Yang Yu saw that the teacher's dormitory building was pitch black. It was very shabby. There was always some mysterious fog near the dormitory building, like the back mountain. It looked strange and gloomy.

"And the third?" Yang Yu asked.

"The girl's dormitory, room 404, is often dead, so it's empty now." Ye Qinqin explained.

"Ha ha." Yang Yu said with a helpless smile.

"What are you laughing at?" Ye Qinqin didn't understand. How could he still laugh? I was scared to death.

"Unfortunately, it's said that when I went to the village next door, I was afraid of the three big girls." Yang Yu's mind mixed up the future affairs again.

This school also has three haunted places. Is it a pure coincidence?

"I've never heard of any Yunv village." Ye Qinqin explained: "let's hurry to the teacher. We'll be late."

Yang Yu didn't leave. What's good about making up lessons? He grabbed Ye Qinqin's hand and said, "shall we go to the toilet of the experimental building to make love?"

"Who's going to make out with you? Besides, I won't go to such a terrible place even if I'm killed." Ye Qinqin thought of a word in his mind: do not do not die.

As soon as ye Qinqin refuses, Yang Yu embraces her, grabs her waist, presses her head, and kisses her. At the same time, she touches her clothes and grabs her milk.

This is the main road from the school teaching building to the teachers' dormitory building. Although everyone is studying in the evening, many students pass by and point out their bold behavior here.

"No, someone's watching." Ye Qinqin's mouth was sealed, and he could not speak.

Yang Yu kisses her and touches her forcibly, but ye Qinqin can't get away with it.

A woman who is in love for the first time is touched by Fu. She can't bear it. The place between her legs

is rolling out and immediately wet. Ye Qinqin groaned a little confused, her body was completely out of control.

After kissing for a few moments, Yang Yu loosened his mouth and said softly, "go to the experimental building, will you?" "It's horrible over there." Ye Qinqin's only reason is not against men's and women's affairs, but against going to that horrible experimental building.

"It's OK. I'm here. I saw the director of the political and educational department go to the grove just now. I'm afraid the grove can't go any more. I have to go to the experimental building. There's no one there." Yang Yu explained that this is the truth. Just now, the girl student screamed too loud. She was heard by the director of the Department of politics and education who was on duty and passed by. She had already been arrested.

It's a shame for parents to go to school and be criticized.

"I'll ask you, don't you want to break Chu?" Yang Yu bewitched him.

Ye Qinqin blushed, her sisters were broken, and she was ridiculed by them. Yang Yu was the boy she secretly fell in love with. She gave him the first time, and she was the most willing person. She said, "I want to break it. It's not small."

Yang Yu is also a black face, only 16 years old, say this kind of words? Sure enough, the female students here are a little different from the female students in my memory. They seem to be much more open, but they are a bit like the Post-00 students.

Yang Yu grabs Ye Qinqin and goes to the haunted experimental building.

Although Wen jiuzhong is in the city, the Huagai mountain behind the burials and the old buildings in the city on both sides are cultural relics. It seems that this area is extremely quiet and lifeless. In other words, the whole school is gloomy and lifeless.

This kind of place, does not recruit the ghost, where recruits the ghost?
