

Part Seventeen

Serena's POV

When I'm just about to open my eyes in the morning, I notice a large, muscular body under mine.

I smile at the fact. I look up at him to see the sun hitting his face beautifully. His long black eyelashes, perfectly arched eyebrows, and his lightly tanned skin, glowing.

"So pretty." I whisper as I admire his face.

The arm wrapped around my waist tightens, and I get embarrassed.

He's awake, he heard me.

"What was that, baby?" He asks when opens his eyes and smiles.

My eyes slightly widened and I reply, "U-um, well, I was saying that you look pretty."

Both of his hands move down to my uncovered bum, and he squeezes it. I gasp at the feeling.

"Baby, you know what that does to me right?"

I shake my head, confused.

"You can't give me any compliments, printsesssa. I will take that as an invitation to taste your pretty little body."

His words brought me back to last night.

Flashback

"I haven't tasted you yet." He told me.

I was still panting, just from his fingers.

He gave me a quick kiss on my lips and then moved his head to where my parts are.

"W-wait I-, OH!" I couldn't even finish what I was trying to say because I felt his warm tongue on me.

It feels so good.

My hands immediately went to his hair, with a tight, unconscious grip.

I tried not to moan, but it was so hard. So, daddy's hand covered my mouth. But, he moved his tongue faster, in circular motions.

I tried to clench my thighs, but I ended up squeezing his head.

He removed his hand from my mouth, and put my hand on my mouth, instead. Then, he tightly grabs both of my thighs, and opens them, even wider.

He took advantage of that, and pushed his tongue inside of me.

Now, my legs were shaking a bit.

Oh my goodness!

"D-daddy!" My words come out mu led into my hand.

"Does daddy's tongue feel better than his fingers, little girl? Only daddy can make you feel this way, right?"

His tongue moving so good inside of me, I couldn't even think straight.

When I didn't answer him, he took his tongue from inside of me and just lightly licked the top of my parts.

It still felt good, but his tongue inside me felt better. I whined at the loss.

"Answer me, printsesssa."

I was still trying to gather my thoughts, but I guess it took too long because he removed his tongue from my folds altogether.

I finally say, "Yes! Yes, daddy, only you can make me feel so good!"

"Good girl." He says into my folds, the vibrations making my legs shake again.

Daddy put his tongue back inside me but this time, he moved his tongue faster and rougher.

The sounds his mouth was making in my folds turned me on so much more.

Oh my gosh, I'm about to cum, again!

I think daddy noticed because when I look down at him, his eyes were on me and they had such a dark and feral look in them.

But when daddy hummed as he licked me, I exploded.

My thighs were shaking in his hands, one of my hands gripped onto his head and the other, on top of my mouth, trying to mu le the sound of my uncontrollable moans.

Every time he touches me, he always makes me explode like this.

End of flashback

"Daddy!" I squeal, swatting at his chest.

"I mean it, babygirl."

Even though I did get a little flustered, I ignore him and quickly kiss him on the lips.

Then he he brushes a loose curl out of my face, and he pushes it back into my bonnet.

Then I notice, he put my bonnet on again for me.

"I love you so much." I tell him as I tightly wrap my arms around his torso, and hug him.

"I love you, baby."

We just sat there for a moment, hugging each other and appreciating each other's company.

Then Farrah busts in my room.

"Renie! Renie! Renie!" She exclaims.

I sit up on my bed, the covers wrap around my waist.

"Yes, honey?" I ask as I smile at her energetic being.

She reaches up and signals that she wants to be picked up. So, I reach down and I li her onto my bed.

She notices Roman laying down next to me, "Oh, hi, Roman!"

"Hi, little fairy."

I smile at the new nickname, Farrah seems to love it.

I ask her what she wanted when she came in here and she says, "Nothing, I just really missed you."

I hug her in my arms, "Aw, Farrah. I missed you more."

She's so cute, we see each other every single day, and I make sure I spend time with her. Maybe it's because I didn't tuck her in yesterday.

"How about we spend the day together?" I ask her.

"YAY!" Is all she responds with.

"Okay, honey," I kiss her forehead. "You go inside your room and I'll meet you in there and we can look for your outfit together, okay?"

She nods and then she runs out of my room, and into hers.

I look at Roman and see he has a big smile on his face.

I was about to ask him why he's smiling so big, but then I remember, he has to leave soon, and go to work. I pout at the thought of him leaving.

"What's the matter, baby?" He asks as he sits up, facing me, so he can rub my thighs under the covers.

He's so a ectionate, one of the many things I love about him.

"It's just that, you have to go soon. You have to go to work."

"Not today. I'm o today, princess."

I look up at him, surprised. "Really?!"

"Yeah. I could take you and Farrah out today, too, if that's okay with you."

"Omg, of course it is."

I kiss him on the lips, get out of bed, and walk into Farrah's room to help her get ready.

Once I got Farrah ready, I needed to get ready. When I walked in my room, Roman was dressed and he told me he needed to go back to his house and shower and stu. But, he'll be back.

Farrah's currently watching cartoons, so I too the time to get in the shower, style my hair, and get dressed.

=====

We are currently in the car, still in the driveway of my house.

I got an extra car seat for Farrah from the garage, so now she's on her iPad watching cartoons.

"Do you want to go to the aquarium?" He asked me.

When he drove back to my house, he walked in with breakfast for us. I thought that was really sweet, so I gave him lots of kisses, of course. So, we already ate breakfast.

"Omg, yes! She'll love it, but let's surprise her." I told him, I'm lowkey excited to go to the aquarium, too.

"You're so cute, moya lyubov" He says and then he kisses my lips. [my love]

During the drive to the aquarium, all three of us talked and laughed. Well, it was more like Farrah talked, we listened and we laughed the jokes she thought we funny. But, her cute little laughs were just enough to make us laugh with her.

Roman found a parking spot, he opens the door for me to get out of the car and he opens the door for me to unbuckle Farrah from her car seat.

I quickly kiss his cheek and then I get started on unbuckling her.

In the midst of Farrah whining a bit about her cartoons being turned o, Roman smacks my bottom.

I whip my head around to glare at him, and then quickly turn back around, a tiny bit flustered.

I put her iPad in my purse and she holds onto my hand once we're out of the car.

"Where are we, sissy?" She asks me.

I smile down at her, "You'll see soon."

As soon as we walk into the building, paintings and murals of sea creatures are visible. When Farrah sees this, she starts jumping up and down and screaming, "YAY!"

Then she thanks me for taking her to the aquarium and hugs my legs.

When I look up at the lit up board with all of the prices for admission, I slightly wince. This is not cheap.

Even though we're two families away from getting to pay for our wristbands, Roman's already taking out his wallet.

"No." I tell him, and then I reach in my bag to get mine.

"Baby, didn't we have a talk about this?" He asks me.

"Yes. But, listen-" I stop my sentence briefly because he grabs my wrist as a warning, but I continue, "I was the one who agreed to letting you take us out. Please let me pay, daddy."

I give him intense eye contact, or I try to atleast.

I end up breaking the eye contact because of the look he's giving me. I feel his lips near my ear and he says, "No."

I consider glaring at him and giving him the silent treatment, but he already knowing my thoughts and tells me, "Don't even think about it, Serena. Continue being stubborn, and see what happens, little girl."
