

Authors Note

Hi, my loves!

đ

Lei has decided to make a book on our very precious Serenity Agnello.

đ

No, this will not be a crossover with Moonlight (Nicholas, Daisy & Angel's son) If I ever do decide to make a book about him (will be likely knowing me) it will be separate from my other books.

I'm sorry to disappoint the ones who had hoped it would be! I thought about it for a second but quickly agreed that I didn't want that, and I had already pictured the male lead as someone else and a different plot too.

Besides that, I do hope you all enjoy this book. I was so excited to make it, especially the plot & characters :))

đ

If you are new, you do not need to read any of my previous books to read this one, it is a stand-alone.

I do recommend playing the music I add during each chapter, it makes the experience all the much better.

Updates will be slower, hopefully I'll be getting a chapter out weekly.

Also, side note: Please do not give me hate for translations! I try my best, there is nothing more I can do if the statement is incorrect, blame google translate!

If I see any sort of hate I'll be muting your ass <3

đ

I'm also back to first-person POV.

Anyways, ENJOY! I love you all to the ends of the earth and much beyond that.
