**Jungkook:**

We can just have Jhope hyung's consent. I will talk to him if you are scared.

**Jungkook:**

But please. Give me a chance.

**Her:**

No. I cant tell him. Not yet. I cant lose him.

**Jungkook:**

Then what about me? Are you just going to ignore your feelings?

**Her:**

I dont know Jungkook. Im scared and confused. I know that this isnt right, my mind keeps on telling me this isnt right but it feel like it is.

**Her:**

My heart says it is.

**Jungkook:**

Then be with me. Date me. I will make this right. Date me secretly.

**Jungkook:**

I'll be there in 30 min.

**Her:**

Are you sure you really wanna date me?

**Jungkook:**

Of course I am. You are the only thing that is good in my life. I know you've heard that I bring bad luck but with you, I feel like Im the luckiest guy on the whole world. On the entire galaxy even.

**Her:**

You sound poetic tonight.

**Jungkook:**

First date should be memorable right?

**Her:**

I guess so.

**Jungkook:**

I'll see you in a bit, beautiful.

**Jungkook:**

Are you okay? Did jhope hyung hurt you or something?

**Jungkook:**

I've never seen jhope hyung that angry, he was scary. I hope you're fine.

**Her:**

Im okay. Let's just talk tomorrow. Im sorry about the scene earlier.

**Jungkook:**

I really thought he would hurt you because he was a bit harsh when he pulled you out of my car.

**Her:**

Im sorry if he pushed you too hard.

**Jungkook:**

Its okay. He's really strong though. Im just glad that he didnt hurt you.

**Her:**

Yeah. But he's not talking to me right now.

**Jungkook:**

Let it subside. Im sure he will talk to you eventually.
