Jungkook:

Hyung lets talk.

Jungkook:

Where are you right now?

Jhope:

Im out. I'll be staying the night in my hometown.

Jungkook:

Why do you have to do this? Why do you have to make her choose?

Jungkook:

This is unfair! You knew she would always choose you!

Jungkook:

I am fighting fair and square.

Jungkook:

I love her hyung. Dont take her away please.

Jhope:

Dont you dare try to deceive me because I know better Jungkook.

Jungkook:

What do you even know?

Jhope:

Stop toying her. She is not a toy you can play and fuck around.

Jhope:

She is my best friend. A sister by heart. I cannot bare to watch her tear up because of you. ^đ

Jhope:

And I would rather turn my back on her just so I can never see her tears.

Jungkook:

How sure are you that I will only break her heart?

Jhope:

I am completely sure. I know what you are thinking Jungkook.

Jhope:

Dont act stupid. You will hurt 3 people in the process.

Jhope:

Dont you dare hurt Jimin again. ^đ

Double update :)
