"Where is jungkook? I thought he wanted to talk to me?"

"Oh honey do you really think that he would talk to you? He' s with another girl now, he doesnt give a shit about you anymore. So why would he talk to you?"

"Then why did you told me to come in here. And why are you here? Why are you alone?"

"Isnt it obvious? I was lying to you so I could be near you. Now that you are vulnerable, I can easily take advantage of you"

"W-why would you lie? Dont come near me or else I will shout."

"Try shouting. The only one who can hear you are the bugs inside this building."

"I said dont come near me!"

"What? What would you do?"

"I will tell everyone that you raped me!"
