

She Chose to Be Strong After Her Rebirth and Won Everything Back

Chapter 10

Guest

It was Jacky Cheung's "You Will Always Be My Love", which was popular all over the streets back then. It was also a song that Qu Zhi loved very much.

When she was doing the housework alone at home, she repeated it many times until the child got tired of her and the song.

"That's amazing! Our Chuchu is going to be a singer in the future!" Liang Wen lifted Chuchu up and kissed her hard.

"I'll be a singer!" Chuchu's smile lit up the entire room.

The days quickly passed by as Qu Zhi busied herself.

Qu Zhi herself didn't expect that after nearly a month and a half of renovation, the few bedrooms in the house were almost done.

She decorated her and Liang Wen's bedroom very simply, but made the child's bedroom very beautiful.

Chuchu's room was decorated according to the most luxurious children's sample room in her memory. It was a little exaggerated, but it was very cute.

"Don't ruin your health even if you can't handle the renovation. My assistant Xiao Gu, his brother, does this..."

"I'm just missing the finishing touches."

Liang Wen's eyes widened in shock, while Qu Zhi nodded her head slowly with a hint of pride.

This speed was almost the same as a professional renovation team.

"Tom, tomorrow..." Liang Wen stuttered.

"What's tomorrow?" Qu Zhi smiled in satisfaction. This was the effect she wanted.

"Li Guo's family is coming tomorrow. Let's just take a look at the house together."

"Alright," Qu Zhi's heart skipped a beat.

That faker, Li Guo?

Qu Zhi remembered that in the beginning, Li Guo and Liang Wen were very close because of work. They could even call each other brothers. Later, when Li Guo saw that Liang Wen's family was living better than him, he began to be jealous and threw all kind of mess to Liang Wen.

His wife, Lin He, was not a good person either. On the surface, she was very close to Qu Zhi, but in reality, she looked down on her. They were not in the same circle to begin with.

Because of this couple, Qu Zhi and Liang Wen had taken many detours.

Qu Zhi remembered all of them.

The next morning, Qu Zhi and Liang Wen arrived at the new house.

The moment he entered the room, Liang Wen couldn't help but exclaim, "Wow, not bad."

Next to the living room was a balcony. The balcony was designed in a western style, and the railings were all European style. The breeze on the open-air balcony slowly blew the green daggers Devil's Ivy used to purified the air, forming a kind of quiet and peaceful scenery.

The light in the house was very good, and the sun was strong, covering the entire living room. The living room was painted a bright light yellow, and the other rooms were also painted in bright light colors. The tiles were also milky white, and the whole house looked warm and bright.

Qu Zhi wanted to sweep the dust in the corner again, but Liang Wen snatched the broom away.

“I’ll do it.”

Qu Zhi knew that he was trying to control his excitement.

She also knew that he was quite satisfied with what she had done.

She smiled in satisfaction.

“Honk, honk.” The guests had arrived.

“Oh my, Mrs. Liang...” before Lin He could finish, she was choked by the scene in front of her. “Oh my... This is too beautiful.”

Qu Zhi saw that her eyes were staring straight at her and couldn’t help but smile. “Come in quickly. Mrs. Li, have a seat on the new leather sofa. It’s very comfortable.”

“These... these were all designed by you, huh?” Lin He still couldn’t stop her eyes from looking around.

It was indeed beautiful. It was beautiful everywhere, because in this era, there were very few people who would decorate their houses in such a western style. “You’re still pregnant. It’s not easy for you.”

Li Guo also praised, “This layout is really good. This house is really beautiful.”

“It’s alright, nothing much.” Qu Zhi smiled and pointed out, “That’s Chuchu’s room. It’s the first one to be renovated. I’ll show you around.”

She had spent a lot of effort on Chuchu’s room and it was definitely presentable. Her room was the only one with wallpaper and there were

sequins embedded in the wallpaper. When the light was turned on, it was as bright as stars.

Her small bed was also custom-made. It was pink, and there was a little princess-like bedside lamp and a super large teddy bear sofa.

To make it easier for her to do her homework, Qu Zhi cleverly made use of the small space in the corner to make a small desk.

Lin He looked at the room and screamed in envy, while Qu Zhi's mind was filled with thoughts of Chuchu. How happy she must have been when she saw this little room that belonged to her.

While the two men were discussing business outside, the two women were talking about their own affairs in the bedroom.

"You're really talented, Mrs. Liang. Look at you, you're like a famous designer."

It was only then that Lin He noticed Qu Zhi's face. "Aiya, look, did you go for some facial treatment? I haven't seen you for a few days, but you've become so good-looking."
