

She Shocks The Whole World After Retirement - Chapter 1058 – 1060

Your Father Allowed You to Get Married?

1058 Your Father Allowed You to Get Married?

There was also a hat on the back of the man's pajamas. Two long rabbit ears hung from the hat.

He was wearing rabbit pajamas and smoking while embroidering...

Seemed like this new overseer had eccentric hobbies.

No one could figure out the personality of the new overseer, nor did they dare to rashly disturb him.

"Hehe." The man suddenly laughed.

Hearing his laughter, Yu Huang and the others immediately raised their heads to look at him.

The man still didn't turn around. He had his back to them and focused on the embroidery as he said with a smile, "I really didn't expect you guys, who were tortured by the other participants on the Doomsday Battlefield four years ago, to appear in front of me unscathed."

Yu Huang and Sheng Xiao's expressions changed.

It seemed that their every move in the Doomsday Battlefield was seen by the battlefield manager.

The new overseer was the director of the Doomsday Battlefield Administration four years ago—

Si Cheng.

Four years ago, Si Cheng had noticed a group of participants from an unknown bottom-tier peripheral world on the Doomsday Battlefield. Among them, two had awakened the extinct Black Qing Sky Dragon Beast Form and the Divine Feather Phoenix Beast Form.

Back then, he had even paid special attention to the performance of these two Beast Tamers.

In Si Cheng's opinion, the one who awakened the Divine Feather Phoenix had the strength to enter the Master Ranking. Similarly, the one who awakened the Black Qing Sky Dragon also had the strength to enter the Grand Master Ranking List.

Unfortunately, the former was unlucky enough to meet the daughter of the Zhan family. Before she could enter the final battle circle, her arms were cut off by Zhan Jianxue and she was eliminated from the battlefield. The latter was besieged by three Grand Master experts of the Great World and was tragically eliminated. Regretfully, he could only stop at the 1,000th place.

If he had not been besieged, his ranking would have been higher.

Si Cheng thought highly of Sheng Xiao. He had a feeling that Sheng Xiao would travel to the Great World in less than ten years and make great achievements.

But he didn't expect Sheng Xiao to appear in front of him in just four years.

Who really shocked Si Cheng was Yu Huang.

Four years ago, when he found out that Yu Huang had been tortured by Zhan Jianxue and had her arms cut off, he thought that Yu Huang would be crippled for the rest of her life.

This was because Si Cheng knew very well that a talented child like Yu Huang must be a prodigy in her world, yet such a prodigy's arms had been cut off by the participants of the Great World on the Doomsday Battlefield, and she had almost lost her life. Her confidence had been dealt a blow, and there was a high chance that she would never recover from this setback.

Therefore, Si Cheng's impression of Yu Huang wasn't as deep as Sheng Xiao's.

The day before yesterday, when Si Cheng heard that his most capable subordinate, Philand, had been reported by a female Beast Tamer who had ascended from a small world, his first reaction was that it was ridiculous. His second reaction was shock, and his third reaction was curiosity.

What kind of woman dared to report the supervisor of the Time Pavilion?!

Si Cheng ran to check the identity of the informant.

After reading Yu Huang's information and knowing that she was the one who awakened the Divine Feather Phoenix and had participated in the Doomsday Battlefield four years ago, Si Cheng was truly surprised.

He thought that Yu Huang had fallen from her position four years ago and would never be able to stand up again. Who knew that not only did she stand up, but she also used only four years to appear in front of him?

The moment he arrived, she toppled his capable subordinate.

This woman was like an unkillable cockroach, a cactus that could take root and grow in the desert.

After Philand was taken away, the town needed a new supervisor to temporarily take over Philand's work. As the director of the Cang Lang Continent's Space Administration, it was really a waste of talent for Si Cheng to come to the town to be a supervisor. However, he really wanted to see what kind of woman Yu Huang was with his own eyes.

With this thought in mind, the director came to Ascension Town.

"Allow me to introduce myself." Si Cheng inserted the embroidery needle into the silk cloth, then he turned around, but remained sitting on the stool.

Si Cheng lowered his eyes and flicked the cigarette ash. Then, he said to Sheng Xiao and the others calmly, "My name is Si Cheng. I'm the director of the Cang Lang Continent's Space Administration. I'm also the director of the Doomsday Battlefield Administration."

He was indeed the director of the Doomsday Battlefield Administration.

Then it wasn't surprising that he knew about their performance in the Doomsday Battlefield.

"Which one is Yu Huang?" Si Cheng suddenly raised his head and asked.

Yin Rong and the others looked at Yu Huang worriedly, afraid that Si Cheng was trying to take revenge on Yu Huang.

Yu Huang had naturally thought of this too.

What would come would eventually come.

Yu Huang took a step forward and lowered her eyes as she bowed to Si Cheng and said, "Mr. Si Cheng, I am Yu Huang."

Yu Huang had her head lowered, so Si Cheng couldn't see her facial appearance. He stared at the high ponytail of black hair on Yu Huang's head and said curiously, "You're bold enough to report my capable subordinate the moment you arrived at Ascension Town. You're very bold! Raise your head and let me see you properly."

His tone was very calm. He didn't sound angry, but he didn't look very happy either.

Yu Huang couldn't figure out Si Cheng's true thoughts.

She hesitated for a moment before slowly raising her head and looking straight at Si Cheng.

When he saw Yu Huang's beautiful face clearly, Si Cheng's nonchalant gaze suddenly became stunned.

"Your name is... Yu Huang?" Si Cheng's tone was no longer as calm as before.

There was a hint of excitement in Si Cheng's tone.

Yu Huang thought mockingly, "Could it be that Si Cheng was planning to kill her to avenge Philand?"

"I'm Yu Huang."

Si Cheng stared straight at Yu Huang for a long time before saying, "Come closer and let me take a closer look."

Sheng Xiao became vigilant.

Yu Huang frowned, but she didn't follow Si Cheng's instructions.

Yu Huang thought, "Just because you asked me to come closer, I have to come closer?"

No.

Despite seeing that Yu Huang was motionless, Si Cheng wasn't angry. Instead, he stood up from the stool and strode to Yu Huang.

Despite seeing this, Yu Huang was still calm.

Sheng Xiao placed his hand on the Dragon Sword. His skin was slightly red. Black dragon scales could be seen under his red skin.

Sheng Xiao had already activated his spiritual power to its strongest state.

If Si Cheng dared to hurt Yu Huang, Sheng Xiao would protect her even if he had to fight to the death.

Si Cheng sensed Sheng Xiao's fighting spirit and anger, so he stopped half a meter away from Yu Huang. Then, Si Cheng turned to look at Sheng Xiao and asked with a

smile, "What? Are you worried that I will hurt her? Since you're so concerned about her, do you like her?"

Yu Huang smiled. "Sheng Xiao is my husband."

A stunned expression appeared on Si Cheng's face.

"Husband?" Si Cheng actually frowned and scolded Yu Huang. "You're already married? You're only 25 years old, so you're still a little girl. Your father allowed you to get married at this age? Is he out of his mind? What is he thinking?!" Si Cheng's tone was filled with anger. It sounded like he was quite angry with Yu Huang's father.

Yu Huang was speechless.

Si Cheng's attitude made her feel that something was wrong.

From Si Cheng's words, it seemed like he not only knew her age, but he also seemed to know her father.

Otherwise, he wouldn't have scolded her father in such a 'familiar' tone.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

1059 Old Acquaintance

Thinking about how her father had trained in the Cang Lang Continent back then, Yu Huang felt that it was very likely that he knew this man called Si Cheng. Yu Huang pretended to be surprised and asked Si Cheng, "Mr. Si Cheng, could it be that you knew my father?"

"Hmph." Si Cheng didn't answer this question directly. Instead, he asked Yu Huang, "Why is your surname Yu?"

Yu Huang pursed her lips.

From Si Cheng's words, he seemed to know what her surname should be.

Yu Huang smiled and asked Si Cheng, "If my surname isn't Yu, what should my surname be?"

Si Cheng smiled mysteriously and said, "Little girl, it's fine if you lie to other people, but you can't fool me. Your eyes are simply very similar to your mother's." Si Cheng said with certainty, "You're Yin Mingjue's daughter, right?"

Yu Huang was speechless.

Damn!

This person really knew her father.

Yu Huang smiled and was about to deny it when she heard Si Cheng say, "Back then, after your mother gave birth to you, her life was in danger. Your father could only entrust you to me and bring your mother to the Sea God Clan's Dragon God Palace to recuperate. At that time, you were like a kitten. You were very thin and refused to eat. You cried all day long. In order to coax you, I even caught a white Companion Beast for you. Later, with a Companion Beast sleeping beside you, you stopped crying."

"Didn't your parents tell you about these things?" Si Cheng was quite resentful. He didn't expect that Yin Mingjue never told his child about him.

Upon hearing the details of the Companion Beast, Yu Huang believed Si Cheng's words.

However, Yu Huang didn't know Si Cheng well, nor did she know if he was a friend or foe of her father. She wasn't stupid enough to take the initiative to reveal her identity.

Yu Huang shook her head and told Si Cheng, "You're mistaken. I'm not Prime Master Mingjue's daughter. I'm just a junior who's filled with admiration for him. As for eyes, there are so many people in the world, so it's inevitable that some people have similar eyes."

"Who are you trying to fool?!" Si Cheng tapped Yu Huang's eyebrows and said, "You have the aura of that Companion Beast on you. You're Yin Mingjue's daughter."

Yu Huang raised her eyebrows. This time, she was really surprised. "The aura of a Companion Beast?"

"Yes." Si Cheng nodded and told Yu Huang, "That Companion Beast is very wild. In order to prevent it from hurting you, I fused a drop of its blood into your glabella." Si Cheng's right hand brushed past Yu Huang's forehead gently, and Yu Huang sensed an invisible but irresistible force sucking away the thing between her eyebrows.

Soon, a drop of bright red Companion Beast blood emerged from the skin between Yu Huang's eyebrows.

As Si Cheng stared at the drop of blood, he smiled mysteriously and said, "Look, I told you you were Yin Mingjue's daughter."

Yu Huang was speechless.

The evidence was conclusive, so Yu Huang could no longer deny it.

“Little Huang’er.” After knowing that Yu Huang was Yin Mingjue’s daughter, Si Cheng addressed her intimately as he said, “You really don’t know me? Didn’t your father mention me to you? That shouldn’t be the case.” Si Cheng was considered a prominent figure in the Cang Lang Continent.

He and Yin Mingjue were as close as brothers, so Yin Mingjue should have mentioned him to his daughter.

Besides, if he knew that Yu Huang was about to ascend to the Great World, Yin Mingjue should have mentioned his existence to Yu Huang all the more. That way, if Yu Huang happened to ascend to the Cang Lang Continent, she would have someone to rely on.

Yin Mingjue was quite unreliable.

To think that in the past twenty years, he had missed Yin Mingjue quite often.

Now, it seemed that his longing hadn’t been reciprocated.

Yu Huang asked Si Cheng, “Mr. Si Cheng, are you very familiar with my father?”

Seeing that Yu Huang really didn’t know about his existence, Si Cheng was extremely angry.

The director of the Cang Lang Continent’s Space Administration actually revealed an angry expression.

Si Cheng scolded angrily, “Nonsense! I’ve known him since the first day we entered school. We were roommates. When he pursued your mother, I was the one who helped him come up with ideas. Otherwise, with his blockhead brain, would he have been able to woo the demoness? After graduation, when the two of them got married, I was also the witness. Even the first sip of milk you drank was personally mixed by me! Besides, when his disciple, Ji Linyuan, was almost killed, I was the one who risked my life to save him.”

“I’ve done so much for Yin Mingjue, but that bastard never mentioned me to you?” Si Cheng found it unbelievable.

When Yu Huang heard Si Cheng’s complaints, she finally believed that he and her father were close buddies.

Yu Huang lowered her head and said in a low voice, “Mr. Si Cheng, it’s not that my father is ungrateful or cold-hearted. My father didn’t have the chance to tell me his story with you at all because he died 25 years ago.”

Si Cheng nodded and said, "Oh, he died. No wonder... what?" After Si Cheng realized what Yu Huang said, he was instantly stunned. "You said your father..." Si Cheng couldn't finish his words.

He pursed his lips and narrowed his eyes.

After a long silence, Si Cheng asked in a gloomy tone, "How did he die?"

Yu Huang had mixed feelings. For a moment, she didn't know where to start. In the end, Sheng Xiao told Si Cheng about Yin Mingjue's death.

After Si Cheng found out the truth about Yin Mingjue's death, he remained silent for a long time.

As expected of Yin Mingjue.

Si Cheng suddenly said, "Back then, countless large families in the Cang Lang Continent extended an olive branch to Mingjue. Even the Patriarch of the War God Clan, Zhan Jiuxiao, personally invited him to join the War God Clan. However, Yin Mingjue rejected all of them. At that time, I even mocked him for being stupid and not understanding the ways of the world, but he said..."

Si Cheng looked at Yu Huang and the others as he said with a sad expression, "Yin Mingjue said that he didn't come to the Cang Lang Continent to further his studies and work hard to become a super expert to stay in a super Great World to enjoy wealth and glory. His dream is to let his hometown escape the status of a small world and let his hometown become a medium world, a large world, or even a super Great World! He said that since his hometown is still suffering, he doesn't dare to enjoy prosperity."

With that, Si Cheng's tears welled up again.

He couldn't lose his composure in front of these juniors again, so Si Cheng turned around and closed his eyes tightly while trying to hold back his tears.

His hometown was still suffering, so he didn't dare to enjoy prosperity.

As a powerhouse who made a name for himself in a super Great World, Yin Mingjue decisively rejected the invitations of countless large factions and had his hometown on his mind at all times.

This was a very noble mindset.

Sheng Xiao and the others lowered their heads guiltily. They were far inferior to Prime Master Yin Mingjue.

Yu Huang was even sadder than Sheng Xiao and the others.

Although she was Yin Mingjue's daughter, she didn't know Yin Mingjue as well as Sheng Xiao did. Sheng Xiao had even seen Yin Mingjue and spoken to him in his childhood. However, Yu Huang could only try her best to piece together memories of her father from the words of others.

When she thought about how her father was such a loyal person who was so devoted to his hometown, Yu Huang felt proud of him.

What their father had done was also what they were doing.

Yu Huang vowed that she would fulfill her father's dream for him!

At this moment, Si Cheng regained his composure.

He turned around and looked at the seven young juniors in front of him as he said, "The seven of you bear the burden of saving your hometown. This means that you guys are destined to suffer a lot in the Cang Lang Continent. The Cang Lang Continent is very big, so there are countless opportunities and challenges here, but there are also many prejudices and arrogance. I hope you can all become people like Brother Mingjue. Even after experiencing prosperity, you still can't forget your original intentions."

With that, Si Cheng turned on the supercomputer and said in a businesslike manner, "Hand over your mission assessment documents."

Yin Rong and the others hurriedly took out the assessment documents they had prepared and handed them to Si Cheng.

Si Cheng picked up the first assessment document and shouted, "Estelle."

Estelle stood up.

Si Cheng said, "Name, age, blood type, beast form..."

Estelle answered them one by one. In the end, he obtained an A-rank identity card.

Si Cheng shouted again, "Donor."

"Feng Yuncheng."

"Meredith."

"Yin Rong."

...

In the end, the five of them all obtained A-rank ID cards.

Usually, those who could obtain an A-rank identity card were mostly genius Beast Tamers from Great Worlds or other super Great Worlds. It was already very impressive for Yin Rong and the others to be able to obtain an A-rank identity card.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

1060 High Hopes

They solemnly merged their identity cards with their left arms. From now on, they were also legal residents of the Cang Lang Continent.

At this moment, another ascender came with assessment documents. Seeing that others had come, Yu Huang and the others couldn't continue to disturb Si Cheng.

"Mr. Si Cheng, we'll take our leave first." After saying goodbye to Si Cheng, Yu Huang and the others were about to leave.

However, Si Cheng stopped them. "Wait a moment."

Everyone stopped.

In the next second, seven colored notices appeared in the void in front of them.

Si Cheng said, "This is the recruitment notice of the various universities in the Cang Lang Continent this year. You guys can take it back and study it carefully." After a pause, Si Cheng looked at Donor and Estelle meaningfully as he said, "Cang Lang Academy is indeed the most prestigious Beast Tamer Academy, but it's not suitable for everyone. If any of you plan to cultivate the two-person battle mode, I suggest that you consider the Special Beast Tamer Academy."

Donor and Estelle exchanged looks and raised their hands to hold the notice at the same time. Then, they bowed to Si Cheng gratefully. "Thank you for your guidance, Mr. Si Cheng."

"Yes, let's go."

Then, the seven of them turned around and left.

However, Si Cheng stopped Yu Huang. "Yu Huang."

Yu Huang stopped and turned around to look at Si Cheng.

Si Cheng smiled and said, "Your father once told me that he hopes that one day, a new name will appear under his name on the celebrity rankings."

Si Cheng hoped that the person would be Yu Huang.

He had high hopes for Yu Huang.

Yu Huang nodded seriously and said, "I'll work hard. Goodbye, Mr. Si Cheng."

"Goodbye."

* *

The seven of them successfully registered their identity cards, so logically speaking, they should have left. However, Lin Jiansheng said, "Let's wait another day. I'll talk to Mr. Zhang tonight." He was still unwilling to give up custody of Ah Kong.

He Zhiqiu also said, "Xiao Ya said that she would give us an answer within three days, so I want to stay and wait for an explanation."

He Zhiqiu was still brooding over the ten years he had been deceived.

"...Alright, then let's stay for another night." Yu Huang was still waiting to be rewarded with 10,000 spirit stones.

That night, Lin Jiansheng didn't stay in the tent with Yu Huang and the others. He ran to Mr. Zhang's cotton shop.

Mr. Zhang was about to close the door when he saw Lin Jiansheng. He narrowed his eyes and increased the speed of closing the door.

Lin Jiansheng teleported and appeared behind Mr. Zhang.

Mr. Zhang turned around and glared at him. Then, he said angrily, "Do you really think I don't dare to beat you up?!"

Lin Jiansheng said, "I'm a Purifying Spirit Master, so I can sense the existence of souls. If you have any item that has Qing Ya's remnant soul, I can help you find Qing Ya's reincarnation."

Mr. Zhang was speechless.

Mr. Zhang said, "If you want to use Ah Kong's custody to exchange for this information, then I choose to give up." Qing Ya was already dead. So what if he found her reincarnation?

Was the person who reincarnated still Qing Ya?

Seeing that Mr. Zhang was unmoved, Lin Jiansheng suddenly sat on the ground and said shamelessly, "Then I'll sit here and wait until you agree."

Mr. Zhang snorted. "Then sit there until you die."

Mr. Zhang walked past Lin Jiansheng and headed upstairs. However, he met Ah Kong at the corner of the corridor. Mr. Zhang lowered his head and looked at Ah Kong. He had probably guessed Ah Kong's thoughts, so he said coldly, "I won't let you go with him."

Ah Kong was Qing Ya's child, so it was impossible for him to let Ah Kong leave with Lin Jiansheng.

Ah Kong suddenly reached out his hands and held Mr. Zhang's hand timidly. The child's hand was so soft and small, but when Mr. Zhang's right hand was grabbed tightly by Ah Kong, he didn't even dare to move.

Ah Kong told Mr. Zhang in a low voice, "They all said that my mother was going to marry you and give birth to a child with you, but I jinxed my mother to death. I'm your nemesis and jinxed the woman you loved to death."

Mr. Zhang's gaze froze slightly. He asked Ah Kong hoarsely, "Who told you this?"

At the thought of a possibility, Mr. Zhang revealed an angry expression. He pointed downstairs and said with a dark expression, "Did Lin Jiansheng tell you to say that?"

Ah Kong shook his head and said, "One day, you drank too much and thought I was asleep, so you sat by my bed and scolded me for being my nemesis and killing my mother." Then, Ah Kong added softly, "I wasn't asleep. I still remember it."

Mr. Zhang was stunned.

He remembered that it happened last month. That day was Qingya's death anniversary. Mr. Zhang felt bereaved, so he went to the canteen to drink for a long time. When he returned and saw the child sleeping quietly on the small bed in the living room, he couldn't help but feel hatred.

If it wasn't for this child, Qing Ya wouldn't have died.

So that night, Mr. Zhang said a lot of harsh words when he was drunk.

Unexpectedly, Ah Kong was awake.

Mr. Zhang regretted his actions and hurriedly apologized to Ah Kong. "I was drunk that day! I didn't mean it, Ah Kong..."

Ah Kong shook his head and said firmly, "You're lying, Mr. Zhang. That's what you really think. You hate me for jinxing mother." Children actually weren't that naive, especially sensitive children like Ah Kong, who had grown up taking potluck and was at the mercy of others.

He knew that Mr. Zhang hated him, but he still pretended not to know anything.

Because he wanted to live.

In the entire town, only Mr. Zhang was willing to give him a bed and a room to hide from the cold.

Ah Kong continued, "Mr. Zhang, you're very good to me in every way, but you don't love me." As Ah Kong looked downstairs, he cried and said, "Uncle Lin looks very intimidating and seems like a bad person, but he loves me. If someone loves me, then I'll be happy to follow him even in the wind and rain."

Ah Kong suddenly knelt down. Then, he grabbed Mr. Zhang's hand and leaned his head on his knee. He begged him while crying, "Mr. Zhang, can you give me to him?"

Mr. Zhang looked at the little kid kneeling in front of him in silence and anguish.

He finally understood what regret felt like.

Back then, Qing Ya had also knelt on the ground and begged him like this. She said, "Brother Ah Yu, I really didn't cheat on you. I don't know where this child came from, but I swear that you're the only man I've ever had. Don't chase me away, okay?"

But he still chased Qing Ya away.

Back then, Qing Ya knelt on the ground and begged him not to let her go, but Ah Kong knelt on the ground and begged him to let him go...

How laughable.

Mr. Zhang pulled Ah Kong's hand away and strode upstairs. Then, he slammed the door shut with a loud bang.

Ah Kong was so frightened that he trembled.

He sat on the stairs and pursed his lips without daring to make a sound.

He was afraid that if he cried too loudly, he would anger Mr. Zhang.

Suddenly, the door behind him opened. Mr. Zhang threw a brand new bag to Ah Kong and shouted at him with red eyes, "Leave! Don't come back after you leave! Regardless of whether you're doing well or not, don't come back!"

With that, Mr. Zhang closed the door.

After Ah Kong wiped the tears off his face, he picked up his bag and opened it. He found his birth certificate, some books, and a pendant containing his mother's ashes. And... a bank card.

Ah Kong recognized the bank card. It was Mr. Zhang's bank card.

Ah Kong put down his bag and knelt on the corner platform. Then, he kowtowed to the tightly shut door three times and said, "Mr. Zhang, I will never forget your kindness in raising me. I will come to see you again in the future."

There was silence inside for a while before Mr. Zhang roared, "Get lost!"

Ah Kong picked up his bag and rushed downstairs.

Lin Jiansheng caught him and wiped the tears off his face as he asked him, "Why are you crying?"

Ah Kong hugged Lin Jiansheng's neck tightly and buried himself in it. He sobbed and said, "I won't be taking potluck anymore. I will only eat your family's food."

"Nonsense. That's our family's food." Lin Jiansheng carried Ah Kong up with one hand and let him sit on his arm. He carried Ah Kong and as he walked, he said, "Kong Qing, if you follow me, you will be able to eat delicacies and drink nectar..."

Mr. Zhang stood at the window and stared at Lin Jiansheng and Ah Kong's backs as they left. He pursed his lips and scolded, "What delicacies? You're so poor that you can't even afford buns!"
