

She Shocks 111

Chapter 111: The Second Gift

Now that she was drunk, Yu Huang was even more unrestrained.

She reached out and pinched Sheng Xiao's waist. Then, she touched his perky and robust butt. She mumbled, "Why does this boyfriend feel so real?"

Sheng Xiao could not bear it anymore. He finally pushed Yu Huang away cruelly. "Stop pretending. I know you're not drunk." If she was really drunk, she would call people to settle accounts instead of touching him.

Now that her disguise had been exposed, Yu Huang felt a little embarrassed.

She slowly moved her head away from Sheng Xiao and stood up straight. Her eyes were clear. She was not drunk at all.

Yu Huang, who had returned to her normal state, was even more crafty. She crossed her arms and looked up at Sheng Xiao. "I want to know why Supreme Master Sheng, who should be in Divine Realm Academy, appeared in the Prosperous Capital at night."

Sheng Xiao pursed his lips. His expression was unnatural.

Yu Huang looked up at the stars above her head and teased Sheng Xiao. "Could it be that the stars in the Prosperous Capital are better than those in the Divine Realm Academy, so you came here to admire the stars?"

The moonlight shone on Yu Huang's golden mask. It gave off a pale yellow light, like starlight. Sheng Xiao stared at Yu Huang and replied, "Yes, I'm here to admire the starlight."

Yu Huang fell silent.

Seeing that she was no longer making a fuss, Sheng Xiao took out the gift he had prepared from his pocket and handed it to Yu Huang. "This is for your graduation."

It was a ring.

Yu Huang was shocked. She did not take it. She asked Sheng Xiao, "You gave me a ring?" Although she liked him, she did not intend to accept Sheng Xiao's proposal so early.

Sheng Xiao knew that Yu Huang was overthinking. He explained, "It's just an interspatial ring."

Yu Huang was embarrassed when she heard the explanation. She thought that Sheng Xiao had given her a proposal ring.

After knowing that this thing was only an interspatial ring, Yu Huang accepted it generously. An interspatial ring was very expensive, and her mentor, that scrooge, only had one. It was filled with all his treasures.

Yu Huang had an interspatial bracelet, but the storage space of that bracelet was too small. It was not enough. She planned to buy an interspatial ring. Sheng Xiao's gift was timely.

Yu Huang put the ring on her left index finger and asked Sheng Xiao, "Is it expensive?"

Sheng Xiao, who hadn't been short of money since he was a child, said, "It's not expensive." The ring was jade-colored. It looked beautiful on Yu Huang's finger, so Sheng Xiao looked at it a few more times.

Yu Huang asked again, "Is this thing vulnerable to breaking?"

"It won't break. It's supported by spiritual power."

"That's good." Yu Huang noticed that Sheng Xiao still had the school badge of Divine Realm Academy on his chest. She narrowed her eyes and asked, "Did you really come from Divine Realm Academy?"

Sheng Xiao's eyes flickered. He did not explain.

Yu Huang knew that she had guessed correctly.

"Don't tell me that you came to the Prosperous Capital from the Divine Realm Academy through the space station to see me." Yu Huang was observing Sheng Xiao's expression and reaction when she asked the question.

She saw Sheng Xiao blink twice and knew that she had guessed the truth.

Yu Huang suddenly felt touched.

She reached out to hug Sheng Xiao. She was afraid that he would reject her. She said, "I'm going to Rakshasa Empire after the results of the college entrance examination are out. So, don't move. Let me hug you for a while."

"Rakshasa Empire?" Sheng Xiao forgot to push her away. He asked Yu Huang, "What are you going there for?"

Yu Huang was afraid that Sheng Xiao would be worried about her after knowing her real motive for going to Rakshasa Empire, so she did not tell him the truth. "I'm going to do something. I'll be gone for three months. Don't worry, I won't miss the opening ceremony of Divine Realm Academy."

Sheng Xiao smiled when he heard her words. "Are you so sure that you can enter Divine Realm Academy?"

Yu Huang said self-righteously, "Of course. If the school doesn't accept me, it will be breaking up a couple."

Sheng Xiao could not outargue her, so he shut up.

In fact, Yu Huang was not sure if she could be accepted into the Divine Realm Academy. However, she had tried her best on the college entrance examination. If the Divine Realm Academy did not accept her in the end, then she could only use her mentor's connections to get in through the back door.

"I should go back." Sheng Xiao asked for leave. He had to leave after seeing Yu Huang. "I hope that we can meet again in Divine Realm Academy three months later."

Yu Huang saluted Sheng Xiao. "Yes, sir!"

Yu Huang sat on the stone railing on the bridge. She watched as Sheng Xiao got into the car and left. Then, she lowered her head and twirled the interspatial ring on her index finger. She whispered, "Coward."

She understood that Sheng Xiao must have rushed to see her after seeing the message.

However, that guy was arrogant and refused to face his feelings for her directly, so he lied and said that he was here to give her a gift.

Yu Huang kissed the interspatial ring and sighed. "Little Jade, you are our token of love."

Yu Huang jumped down from the railing and walked home.

The next day, Yu Huang ran to the flower bird market and chose dozens of ugly plants. She tried to control her Psychic power to purify them.

However, she tried for a week and failed every time.

On this day, the package Yu Donghai had bought online arrived. It was a brand new kitchen knife.

Yu Huang went to the outside of the district to get the delivery under the bright sun. She carried the package home. When she passed by a small flower bed, she realized that the neighbor's old lady was planting pumpkins that were about to die.

Yu Huang had long noticed that the pumpkin seedlings had formed small pumpkins. However, those pumpkins would not grow up. Every time they grew to the size of a baby's fist, they would stop growing and gradually die.

Yu Huang realized that this pumpkin was sick and needed purification.

She stopped and placed her right hand on the small pumpkin while gently extending her psychic energy into the pumpkin.

She closed her eyes and let her psychic energy wander slowly along the roots of the pumpkins while trying to figure out why they were sick.

This process was clearly very simple, but Yu Huang spent more than ten minutes to successfully find the cause of the illness. It turned out that there was a mutated worm the shape of a tree root hidden at the root of the pumpkin seedling. The worm was devouring the life force of the little pumpkin.

This was probably a plant parasite that survived by sucking plant fruits.

Yu Huang began to chant the Purifying Spirit Art silently. As she chanted, she injected more psychic power into the pumpkin. Her psychic power slowly surrounded the huge insect and killed it before purifying it.

This was the simplest and most basic Purifying Spirit Art, but it exhausted Yu Huang's energy. After the purification, Yu Huang was so exhausted that her forehead was covered in sweat and her fingers were trembling.

However, Yu Huang was somewhat excited. This was the first time she had successfully executed the Purifying Spirit Art after becoming a Purifying Spirit Master!

She looked at the newborn pumpkin seedling and felt satisfied and relaxed. She became much more cheerful.

Would every Purifying Spirit Master feel satisfied and happy when they successfully purified a life?

Just as this thought flashed through her mind, Su Tingxue's voice suddenly sounded in Yu Huang's mind. "You've discovered it, right? In fact, when a Purifying Spirit Master is purifying others, he is also purifying himself."

It had been a long time since Su Tingxue appeared. If it wasn't for the lingering soul consciousness in Yu Huang's Spiritual Abode, Yu Huang would have thought that Su Tingxue had already vanished.

Yu Huang sneered. "I thought you were going to pretend to be dead until forever. Why did you suddenly appear?"

Su Tingxue's voice sounded very weak. She said, "I can feel that I'm about to disappear. I'm trying to conserve as much energy as possible."

Yu Huang smiled at her. "You've been dead for six hundred years. Why are you still holding on?"

Do what?

Of course, she wanted to see that person die tragically with her own eyes!

"Yu Huang." Su Tingxue's tone suddenly became serious and stern. "I might not live to see the day you become truly powerful. Don't you want to know the real condition to become a level-10 Purifying Spirit Master?"

Yu Huang was somewhat surprised. "You plan to tell me?"

Su Tingxue tempted her. "If you're willing to acknowledge me as your mentor, I'll tell you."

"Be your disciple?" Yu Huang rejected her immediately. "Forget it!"

Seeing that Yu Huang rejected her suggestion firmly and quickly, Su Tingxue was angry and annoyed. "What's wrong with acknowledging me as your mentor? I'm much better than that dabbler of yours."

"Perhaps you're more powerful than him, but you won't love me more than him." Just because Yu Huang didn't say anything didn't mean that she didn't know what was going on. "After Mentor found out that I had fallen into the Time Valley, he dared to risk his life to enter the Lou Lan Ancient Pavilion to find me. Would you?"

During the period of time when the Lou Lan Ancient Pavilion was closed, the energy of the Time Valley would become even more chaotic. During this period, even those powerful Grand Master Beast Tamers did not dare to barge into the ancient pavilion.

As a Purifying Spirit Master, Lin Jiansheng still charged into the Lou Lan Ancient Pavilion without hesitation despite knowing that there was danger.

Just based on this alone, that old man was worthy of Yu Huang calling him her mentor for the rest of her life.

In her entire life, Yu Huang only recognized this one mentor.

Su Tingxue fell silent after hearing Yu Huang's words. "I didn't expect you to be so loyal."

Yu Huang clicked her tongue.

Su Tingxue continued, "Since you value friendship so much, why did you shoot your parents and kill 100,000 people in the base? I thought you were really heartless."

Yu Huang would occasionally dream about her previous lifetime in the dead of the night. Su Tingxue lived in the Yu Huang's Divine Abode, so she could naturally pry into Yu Huang's dream.

Su Tingxue's question clearly angered Yu Huang, who immediately became agitated. "Shut up!"

It seemed that the fact that she had shot her parents with her own hands had a huge impact on her.

Su Tingxue was unwilling to shut up. She questioned Yu Huang again, "Have you never wavered after being misinterpreted and insulted by so many people? I really want to know what kind of faith you have that you would stay in that position for a hundred years and personally kill your infected compatriots."

What kind of faith did she have back then?

Yu Huang stared at the pumpkins in front of her who had regained their vitality and said softly, "For the future of humanity."

Every monitor at the base had to swear with their lives on the first day they took office—

"I swear with my life that I will forever be loyal to the base and to humanity. I promise that I will treat all infected people equally and will never show mercy to the infected just because they are my family, friends, and lover. I swear that I will exterminate every infected person and protect all my fellow humans in the base. I believe that humanity will have a brighter future!"

Even now, Yu Huang still clearly remembered all the contents of the oath.

Only by believing that humanity still had a future could the supervisors firmly carry out their task.

Chapter 112: Number One in the Class, Number One in the Grade Are All Me

If there had to be someone who was the ultimate prosecutor and a sinner, Yu Huang hoped that it would be her.

Because she was a monster, she had no sense of pain. Even after the apocalypse, when the surviving humans wanted to seek revenge on her, when the blades and spears pierced her, she would not feel pain.

A person who could not even feel pain in death was most suitable to be pushed out to suffer.

Yu Huang asked in a self-deprecating manner, "Do you think I'm very saintly and laughable?"

Was it funny?

No, this was clearly respectable.

When Su Tingxue spoke again, her tone was filled with admiration. "Yu Huang, you're really impressive." Su Tingxue felt that she was inferior to Yu Huang. "I really like you. If we lived in the same era, I would definitely become good friends with you."

Su Tingxue thought about how she was a dead person and had no hope of revival. Yu Huang was also a girl that she found pleasing to the eye. Su Tingxue was willing to tell Yu Huang the true secret of a Purifying Spirit Master.

"After I became a Level 5 Purifying Spirit Master, my cultivation level encountered a bottleneck, and I had the feeling that I would never advance. Thus, I began to go out for inspiration. On the way, I encountered mutated plants that were Purifying Spirit Plants. When I encountered Beast Tamers with impure beast bloodlines, I purified spirits for Beast Tamers. Slowly, I discovered that after I successfully cast the Purifying Spirit Spell on others, the hatred and killing intent in my heart were slowly purified, and my cultivation level was gradually rising."

"At that moment, I finally understood the truth of a Purifying Spirit Master. We Purifying Spirit Masters never purify others, but ourselves. After I let go of my hatred, my cultivation level began to advance by leaps and bounds, and I quickly became a Level 9 Purifying Spirit Master."

Hearing this, Yu Huang sensed that something was wrong. "Since you have already let go of your hatred, why did you plant the Spirit Restraining Parasite on the Su family?"

Su Tingxue remained silent.

Just as Yu Huang thought that Su Tingxue had fallen asleep again, Su Tingxue finally opened her mouth. "The Spirit Restraining Parasite was something I researched in my early years. After I understood the true meaning of Purifying Spirit Masters, I hid that thing in the forbidden room. However, someone sneaked into the forbidden room and saw the recipe for the Spirit Restraining Parasite. He secretly planted the Spirit Restraining Parasite on the Su Clan."

"It was only twenty years later, on the day my cultivation level was about to break through to the level-10 Purifying Spirit Master level, that the six great cultivation families worked together to take down my old nest. They found the recipe for the Spirit Restraining Parasite in my study room and tied me up before sending me to the Su family without any explanation, then forced me to kneel down and apologize to them. At that time, I knew that someone had actually used me to deal with the entire Su family."

"However, the six families refused to listen to my explanations. They insisted that I was the one who did it and even called for witnesses..." At this point, Su Tingxue seemed to have been agitated.

She instantly turned into a ghost and roared, "Xuan Ye! That heartless man Xuan Ye actually used me and betrayed me!"

"Xuan Ye! You'll die a horrible death!"

“I’m going to kill you! I’m going to hell with you!”

Su Tingxue’s voice became sharp. Yu Huang felt a headache when she heard her cries. She quickly deactivated her Spiritual Abode’s sense of hearing and took the bag home.

After returning home, Yu Huang felt that Su Tingxue should have regained her composure. She then opened her sense of hearing and her Spiritual Abode.

As expected, Su Tingxue had already calmed down. She said to Yu Huang, “Sorry, I lost control just now. I disturbed you, right?”

“I understand.” When a woman was betrayed by a jerk, she would often lose her mind. Yu Huang was very understanding.

“Alright, tell me directly what I have to do to become a Level 10 Purifying Spirit Master.”

Su Tingxue was also exhausted and wanted to sleep. She made a long story short and told Yu Huang, “In order to become a level-10 Purifying Spirit Master, you have to let go of the evil obsession in your heart and do more good. The cause you sow will bear the fruit. The amount of good you have done will bear the fruit.”

“Remember, don’t commit any heinous crimes.” With that, Su Tingxue fell asleep.

Don’t commit any heinous crimes?

Yu Huang’s hands had long been covered in blood. In the future, they would continue to be stained with blood. She knew that she had sinned deeply. It looked like she was destined to be unable to become a Level 10 Purifying Spirit Master in her lifetime.

Forget it, she would just take it one step at a time.

Bang!

The door was pushed open from the outside.

Yu Donghai walked in while sweating profusely. He went to the kitchen and washed his hands while urging Yu Huang, “Ah Huang, quickly open your phone’s college entrance examination scores website. The results will be out in three minutes!”

Yu Huang had almost forgotten about the important matter.

Yu Huang opened the college entrance examination scores website. It was not time yet, so she could not find any information on the website for the time being. Yu Huang opened the class group chat and saw that the students in the group were discussing who would be the first in class and who would be the first in the grade.

Yu Huang also joined the discussion. She said, “There’s no need to guess. I’m the top student in the class and the top student in the grade.”

The entire class fell silent.

At this moment, the homeroom teacher, Li Shi, suddenly sent Yu Huang a private message.

Yu Huang left the class group and opened her private message chat with Li Shi. She saw that Li Shi had sent her a stranger's name card.

Li Shi: "Yu Huang, this is that psychologist's name card. If you're not busy, I'll go to your house now and bring you to see him."

When Li Shi sent this message, he had already taken his car key and left the house, preparing to go to Yu Huang's house to look for her.

The results of the college entrance examination were about to be announced. Li Shi was worried that Yu Huang would do something stupid after receiving the blow of the college entrance examination's scores.

That was a life!

She would only turn 19 next month!

Yu Huang did not know whether to laugh or cry. She knew that any explanation was useless. She decided to wait until the results were announced before speaking the truth.

In the class group chat, Jiang Shangfeng ran out to warm the atmosphere: "Haha, the results are coming out soon. Everyone, go to the college entrance examination results website to take a look. I hope everyone can get into the university they like."

The group of students were all smiling.

Vivian suddenly said, "The results are out! Screenshot.jpg."

Vivian scored 631. She was bound to get into a top university.

Yu Huang opened the college entrance examination results website, entered her own admission ticket information, and clicked to check her results—

Examiner Yu Huang, total score: 696.

Mathematics, 100; Literature, 99; World Language, 100; Morals and Law, 98; History, 99; Biology, 100; Chemistry, 100.

This score was exactly the same as the score Lin Jiansheng had given Yu Huang!

Yu Donghai immediately went crazy. He hugged Yu Huang's shoulder and shook it. "Ah Huang! Ah Huang! You got 696 points!" He was too excited, and his words were full of spittle.

Yu Huang felt dizzy from Yu Donghai's shaking and hurriedly said, "Father, stop shaking me. I feel dizzy."

Only then did Yu Donghai let go of Yu Huang and force himself to calm down as soon as possible. After sitting down on the chair, Yu Huang took a screenshot of the college entrance examination results list and opened the class group chat.

In the group, everyone blew up—

Zhu Nuowen: "I got 623. Screenshot.jpg. Hahaha, with my score, I should be able to enter political law school."

Jiang Shangfeng: "Hehe, 655, screenshot.jpg. @ Vivian, babe, we can go to the same university!"

Vivian: "Kiss @ Jiang Shangfeng."

Julia: "I got 490. It's about the same score I estimated."

Jiang Shangfeng saw the latest news and hurriedly came to the group to type: "Damn! Have you guys seen the news? There's an impressive person in the Prosperous Capital this time. The total score is 700, and this person got 696 points! I wonder which high school he's from. Is he human?"

Vivian: "Is it a human?"

Zhu Nuowen: "Is it a human?"

The entire class was shocked.

Chapter 113: Provincial Top Scorer, Yu Huang!

All the students in Class 7 were shocked by the genius who scored 696.

Zhu Nuowen said, "This score is very ridiculous. The person who can achieve this abnormal score is most likely a genius from Shengdu High School."

Another female surnamed Zhang said, "It's also possible that it's Munden Private Academy. I've long heard that Munden Private Academy's Yin Yunhao's scores are very amazing. It might be him."

Everyone's analysis was logical and well-founded, but none of them believed that the examinee was a student of Yong Hui High School.

At this moment, Yu Feng asked silently, "I saw that you guys had been arguing for a long time, but why didn't anyone vote for our school? Why can't that student be a student of Yong Hui High School?"

Seeing Yu Feng's question, Jiang Shangfeng explained, "The one with the best results in our school is none other than Dongfang Song of Class 1, but I have already asked my friends in Class 1. They said that Dongfang Song's total score is 680."

Dongfang Song, who had always occupied the first place in the level, only scored 680 points this time. Who could surpass him?

Furthermore, although Yong Hui High School had been established for more than 200 years, there had never been a top scorer.

All the provincial top scorers in the Prosperous Capital had come from Shengdu High School and Munden Private Academy. This resulted in the students with the best scores being more willing to go to Shengdu High School and Munden Private Academy.

Under such circumstances, how could Yong Hui High School produce a provincial top scorer?!

Jiang Shangfeng remembered the bet between Yu Feng and Conway Entertainment. He asked Yu Feng again, “Yu Feng, have you seen the results? How much did you get?”

Vivian hurriedly asked, “Did you get... at least 680 points?” If Yu Feng couldn’t get 680 points, then she would suffer humiliation in front of the entire country’s netizens.

Yu Huang said, “I saw it. I got 696 points.”

Everyone was speechless.

Vivian thought that Yu Feng was joking, and she was immediately angered. She directly sent a voice message to her: “Yu Feng, what time is it, yet you’re still joking?! Did you see the results? How much did you get, and... is it at least 680 points?”

Vivian felt worried when the number 680 was mentioned.

According to Yu Feng’s grades, it would be considered extraordinary if she could score 480 points. As for 680 points, that was something they did not even dare to think about.

[Tsk, why don’t you guys believe me? Do you guys only believe me when you see the screenshot of my college entrance examination results? Alright, I’ll show it to you guys.]

Yu Feng opened the photo album and sent the screenshot to the class chat.

Seeing that Yu Huang had sent a screenshot, Vivian opened the screenshot immediately.

She opened the screenshot and her gaze was immediately attracted by the three pure black and thick numbers in the middle of the picture—

696

It was really 696!

Vivian couldn’t help but swear: “Damn!”

And then...

Jiang Shangfeng: “Damn!”

Zhu Nuowen: “Damn!”

The others: “... Damn...”

They never expected that the genius they had been discussing for a long time was hiding in their class group chat. She was not a top student from Shengdu High School, nor was she a god student from Munden Private Academy. She was Yu Feng, whom no one in her class thought highly of!

Yu Feng sent another message in the group: “I’ve been saying that I want to become the top scholar, but you guys didn’t believe me. Do you believe me now? Are you convinced?”

Jiang Shangfeng: “I’m convinced.”

Julia: “I’m impressed!”

Vivian, who thought that her old opponent, Yu Huang, would be inferior than her after her face was disfigured, once again shut down when she saw Yu Huang's college entrance examination results.

Where did this Goku come from?! Why couldn't she be crushed?

She had thought that Yu Huang would be unable to recover from her setback after experiencing so many setbacks and would become dejected. In the end, she first successfully awakened her beast form and became a Beast Tamer. Then, she got into the top scorer of the college entrance examination in Prosperous Capital!

Was this d*mn woman trying to cut off her paths?!

Vivian was so angry that her hands trembled when she typed: "Yu Feng, I don't want to see you ever again!"

Yu Feng chuckled and turned off her phone. She fell asleep immediately. After studying hard for three months, her efforts had finally paid off. Yu Feng could finally put down the heavy burden on her shoulders and sleep for a while.

...

The class chat was extremely lively, and as the homeroom teacher, Li Shi was driving towards Yu Feng's house.

He had no time to look at the group messages. He still didn't know that Yu Feng scored 696 points and became the provincial top scorer. At this moment, his phone suddenly rang. The caller was the principal.

Li Shi did not dare to neglect the principal and hurriedly picked up the phone. "Hey, principal, what's the matter?!"

"Congratulations, Li Shi!" The principal's loud voice revealed his excitement.

Li Shi was a little stunned. "Congratulations on what?"

"What are you pretending for?! Li Shi, you're really impressive this time. You actually taught a provincial top scorer for our school! She's the first provincial top scorer in the history of our school!"

Li Shi was confused. "Provincial top scorer?" Li Shi thought of something and his heart rate increased. He said in disbelief, "Could it be that Jiang Shangfeng from our class exceeded his usual performance and became the top scorer of the province?"

Jiang Shangfeng was the student with the best grades in Class 7, so when Li Shi heard the principal say that there was a top scorer in his class, he naturally thought that it was Jiang Shangfeng.

"What Jiang Shangfeng? Huh? Don't you know? Yu Feng from your class scored 696 points for the college entrance examination. She's the top scorer of the province in the Prosperous Capital! She's the top scorer of the national college entrance examination!"

Ever since Yong Hui High School was established, there had never been a provincial top scorer. The principal was so happy that his hands were trembling.

If Yu Feng became the provincial top scorer, he would become the principal who had nurtured the provincial top scorer for the first time in the history of Yong Hui High School. This would definitely be the most meaningful stroke in his teaching career!

The principal muttered to himself excitedly, "Yu Feng can get the best actress award when she is serious about filming. If she is serious about studying, she can become the top scorer. What a treasure! She is indeed a person who does things silently."

Li Shi could not hear what the principal was saying at all. There was only one thought in his mind—

Yu Feng really became the provincial top scorer!

Recalling what Yu Feng had said to him before the college entrance examination, Li Shi realized that Yu Feng was not joking at that time. She was serious!

The principal did not hear Li Shi's reply and knew that Li Shi must have been stunned by this shocking news.

The principal asked Li Shi, "Come to the school quickly and report the good news with me to Yu Feng's family! Our school has finally produced a provincial top scorer. This time, it's my turn to hold my head high in front of those guys from other high schools."

Li Shi had already arrived at the entrance of Yu Feng's estate. He turned off the engine and rubbed his numb face from the shock. Then, he said, "I'll wait for you outside her neighborhood."

After hanging up, Li Shi took out a cigarette from the cigarette box with trembling fingers. He sat in the car and finished smoking it. Only then did he calm down a little.

He shook his head and laughed while cursing. "Damn it, I actually became the homeroom teacher of the provincial champion!" This might be the best moment in his life.

...

Yu Huang was sleeping soundly when she suddenly heard a knock on the door.

She immediately woke up and sat up in bed. She heard her father say from outside the door, "Get up quickly. Mr. Li and the principal are here!"

Yu Feng hurriedly took off her home clothes and changed into a short-sleeved sportswear.

Yu Feng hurriedly took off her home clothes and changed into a short-sleeved sportswear.

Yu Huang was speechless.

There was no need to be so eager.

The principal was all smiles as he hung a bright red silk banner around Yu Feng's neck. He held her hand and said excitedly, "Miss Yu Feng, congratulations on becoming the top scorer of our province's college entrance examination! You've helped our school become the first provincial top scorer in history! Thank you for making our school proud!"

The dean of the Academic Affairs Office stood beside the principal with a camera and hurriedly recorded this historic moment with a camera.

Li Shi also rushed over and held Yu Feng's hand. He sighed with emotion. "Yu Feng, I was blind before. You've really done our Class 7 proud this time!"

Yu Feng blinked her eyes at Li Shi and asked him, "Teacher Li, are we still going to the psychologist?"

Li Shi was caught between laughter and tears. He waved his hand and said, "You don't have to go." Yu Feng had already become the top scorer. Why would she still go and see a psychologist?!

Yu Feng had won the first top scorer trophy for Yong Hui High School. After discussion, the school's authorities decided to give Yu Feng 100,000 yuan as a compliment.

Yu Feng hesitated for a moment before accepting the money. After the principal and the others left, she turned around and handed the bag of money to Yu Donghai. "Father, donate the money to the adoptive center for invalids."

Yu Donghai was stunned for a moment, then hurriedly nodded and promised, "I'll donate it tomorrow."

The moment the school leaders left, Jiang Shangfeng and the others came with congratulatory gifts. Their congratulatory gifts were very ordinary. There were fruits, potted plants, and even mutton.

Jiang Shangfeng and the others placed the mutton on the kitchen stove and said to Yu Donghai bluntly, "Yu Huang is the top scorer on the examination. We'll be eating at your house tonight!"

Yu Donghai smiled and said, "Okay! Let's eat at my house tonight!"

Yu Donghai spent more than two hours cooking a huge table of dishes. The group of youths ate while fantasizing about the future, and their words were filled with lofty aspirations.

Yu Donghai occasionally took a sip of wine and listened to their conversation quietly. He couldn't help but recall his youth.

After the meal, Jiang Shangfeng and the others took the initiative to wash the dishes and clean the floor. After they cleaned the home, the group of friends left.

Yu Donghai stared at the clean and tidy kitchen and said to Yu Feng, "These are all good children. When you weren't around, they came to my restaurant every day to patronize my business. Sometimes, they even helped me clean the table."

Jiang Shangfeng and the rest were the first group of friends Yu Feng had made in this world. Yu Feng cherished these friends very much. She opened the window and looked at the backs of Jiang Shangfeng and the rest who were laughing and leaving. She said softly, "They are very kind. Kind people won't have bad luck."

Knock, knock.

Knock, knock.

Knock, knock.

There was a sudden knock. It rang three times, twice each time.

When Yu Donghai heard this unique method of knocking on the door, his thin face suddenly flushed with excitement. "Go, Ah Huang, open the door!"

Yu Donghai was extremely excited, causing Yu Huang to become nervous as well. "Father, who's outside the door?"

Yu Donghai said, "It's the Divine Realm Academy!"

Chapter 114: Acceptance letter from the Divine Realm Academy

Upon hearing this, Yu Huang hurriedly walked to the door and sized up the situation outside the door through the peephole. There was no one outside the house, but there was a translucent alligator baby floating in the air.

Yu Huang immediately recognized the crocodile as the projection of a certain important figure's beast form.

Beast form clones was an ability only Prime Masters possessed!

Yu Huang's heart suddenly beat faster. She licked her lips and turned back to Yu Donghai. "Father, there's a crocodile beast clone outside the door."

Yu Donghai said excitedly, "That's the Divine Realm Academy's principal's clone beast form. Every person who receives the invitation to enter the Divine Realm Academy will receive the acceptance letter sent by the principal using his alligator clone!"

"Quick, open the door!"

Yu Huang hurriedly opened the door.

The moment the door opened, the alligator baby turned into a silver light and entered the room.

The crocodile baby floated in the void in the rented living room. When Yu Huang and Yu Donghai got closer, it suddenly disappeared. Following that, a simple-looking admission notice appeared where the crocodile baby had disappeared.

There was a knot on the notice. Yu Donghai told Yu Huang, "Go and open that knot."

Yu Huang did as instructed.

Just as she opened the knot, the acceptance letter, which was originally the size of an ordinary textbook, suddenly expanded to a huge notice about a meter long and 80 centimeters wide.

The notification letter automatically opened the title page, and the miniature image of the Divine Realm Academy appeared above it. This was the first time she had seen the legendary Divine Realm Academy, and Yu Huang subconsciously wanted to find the Central Square.

When Yu Donghai saw that Yu Huang was searching for something, a hint of sorrow flashed in his eyes. He told Yu Huang, "The Divine Realm Academy occupies an extremely wide area. The miniature image above is only the entrance to the Divine Realm Academy. The central square is on another mountain, and you can't see it in the miniature."

Yu Huang only stopped when she heard this.

The closed black gate of the Divine Realm Academy slowly opened to both sides. A green-robed elder's avatar appeared behind the gate. His avatar's projection was very small. His appearance looked very kind, but his eyes were as dark as ink and unfathomable.

Upon seeing this old man, Yu Donghai suddenly took a step back, bent down, and respectfully greeted, "Principal!"

Seeing this, Yu Huang followed suit and bowed towards the elder.

The old man was only a wisp of consciousness that the principal of the Divine Realm Academy had placed on the notice of admission. He did not have any independent consciousness, so he was unable to hear Yu Donghai's voice.

The old man spread his arms towards Yu Huang and said in a kind tone, "Hello, Yu Huang. I am the principal of the Divine Realm Academy. On behalf of the Divine Realm Academy, I officially invite you to join the Divine Realm Academy and become a member."

With that said, the elder vanished. The acceptance letter returned to its normal size and landed in Yu Huang's palm.

Yu Huang opened the letter of acceptance and discovered that the building and dean of the Divine Realm Academy had disappeared. On the letter of acceptance, there were only a few lines of bold handwriting—

Yu Huang:

People from the five continents and three seas gather from all directions.

This September, the Divine Realm Academy will be waiting for you to come.

The seal was exactly the same as the school badge of the Divine Realm Academy. Two winding snakes were wrapped around a scepter, and a pair of wings spread out on the scepter.

Yu Donghai's hands trembled as he gently stroked the notice on Yu Huang's palm, and a nostalgic expression appeared in his eyes. "How many years has it been since I've seen the academy's notice? It's truly been a long time."

Yu Huang passed the notice to Yu Donghai. "Father, hug it to sleep tonight and let you recall your youth."

Yu Donghai scolded her with a flushed face, "Is that how you talk about your father?" Although he said that, Yu Donghai really did not intend to return the letter to Yu Huang.

He laid in bed and carefully looked at this notice. He could not help but think of the moment more than a hundred years ago when he personally received the notice of acceptance from the Divine Realm Academy.

He was incomparably excited.

When he thought about how Yu Huang was about to report to the Divine Realm Academy, Yu Donghai's eyes welled up with tears. She had finally officially embarked on her journey.

God had to bless her!

You have to bless her!

The next morning, while the night owls were still sleeping soundly and the office workers were still washing up at home, the Prosperous Capital's Education Department announced an explosive piece of news.

Prosperous Capital's Education Department: "Congratulations to our Yong Hui High School's Yu Huang for becoming the provincial top scholar with 696 points and being accepted into Divine Realm Academy!"

The official Weibo post included four photos. The first two were photos of Yu Huang wearing the top scholar silk banner and photos with Yong Hui High School's principal and homeroom teacher, Li Shi.

The third photo was of Yu Huang holding the notice of admission to the Divine Realm Academy in her left hand. The fourth photo was a close-up shot of the notice of admission to the Divine Realm Academy.

As soon as this news was announced, it caused a commotion in the entire Divine Moon Empire!

The directors and celebrities who had worked with Yu Huang in the past all forwarded this message and gave her their most sincere blessings.

Meanwhile, the group of people who dissed Yu Huang after she was dumped by Xuanyuan Jing didn't post anything on Weibo.

Those girls who were still unwilling to disperse from Yu Huang's fan club finally felt proud after being sullen for nearly a year.

They all ran to Su Qianqian's Weibo to leave comments—

Little Phoenix Greatest Of All Time: "Miss Su, I have received the acceptance letter of Divine Realm Academy. When are you going to my house to have tea? I have black tea, Longjing tea, and chrysanthemum tea, but I'm still short of a can of top-grade green tea. Why don't you help bring some?"

Emperor: "I came to ask Miss Su, is Divine Realm Academy considered a top school? Ah Huang has received the admission notice of Divine Realm Academy. Is she qualified to treat you to a cup of good green tea?"

Then, it ignited the battle under the official media account of Conway Entertainment—

Love Huang: "When her future was ruined and she got dumped, all of you mocked her. After a year of hiding and enduring, the girl I love so much has finally become stronger. She has been reborn and returned in a high profile manner. She is destined to be a god out of your league!"

Sunday Without Closing: "You guys are in hell, so you want to drag her into hell with you. But some people are destined to be special. Trash news agency, prepare to live-stream an apology!"

...

After being scolded, Su Qianqian and Conway Entertainment did not dare to say a word.

That morning, the president of Conway Entertainment was pressured by the public, so he could only turn on the live-stream and lead all his staff to stand in front of the camera to bow and apologize to Yu Huang.

Seeing that Conway Entertainment had really apologized to Yu Huang, the netizens were overjoyed. Su Qianqian, on the other hand, was shocked and panicked.

She realized that if she did not show her sincerity, Yu Huang might really ruin her.

Left with no choice, Su Qianqian could only look for Yu Huang in private.

Su Qianqian found Yu Huang's rental apartment according to the address. She knocked on the door and waited obediently for Yu Huang to open the door.

Yu Huang opened the door and was surprised to see Su Qianqian. "Why are you here?"

Su Qianqian took off her sunglasses and squeezed into Yu Huang's rented room through the door with a fawning expression.

She saw that the house Yu Huang was living in was so dilapidated and small. No matter how good her acting skills were, it could not hide the surprise and disdain in her eyes. "You're staying in this dilapidated house?" |

"This house is enough for two people to live in." Yu Huang poured a cup of water and handed it to Su Qianqian. "My family lacks green tea and only has plain water. You can have it."

How could Su Qianqian not hear the sarcasm in Yu Huang's words? She put down her teacup and told Yu Huang bluntly, "I was the one who exposed the scandals some time ago. I have to apologize for this. I can compensate you for the psychological damage, but can you not expose my matters?"

Su Qianqian had the public image of a pure and innocent girl. If her dirty secrets were to be exposed, her career as a star would be ruined.

Yu Huang shrugged. "Sure."

Seeing that she agreed so easily, Su Qianqian looked suspicious again. "You agreed so easily?"

"Of course not."

Su Qianqian knew that things were not that simple. "What do you want me to do?"

“You said last time that you also had something on me.” Yu Huang grabbed Su Qianqian’s wrist and approached her while asking coldly, “Tell me, what thing do you have on me?”

Su Qianqian’s gaze flickered. Clearly, she was unwilling to say it.

Yu Huang threatened her, “I have a monitor at home. If you don’t want to tell me, I’ll post what you begged me to do online. Tell me, when your fans and business partners find out your true colors, will they still pamper and praise you as usual?”

Su Qianqian was never Yu Huang’s match. As long as Yu Huang used her brain slightly, she could crush Su Qianqian’s intelligence.

Su Qianqian was afraid. With tears in her eyes, she said, “I’ll talk!”

Only then did Yu Huang let go of her wrist. “Tell me quickly!”

Su Qianqian held back her tears and said, “One time, when you were drunk, you told me that the reason why your resources in the entertainment industry are so good is because someone is supporting you. That person is asking you to do things for him. As long as you follow his requirements, you will have endless resources.”

Yu Huang was stunned when she heard that.

Was that so? Why had she never seen those images in Yu Huang’s memories?

Su Qianqian was lying to her?

Seeing that Yu Huang did not believe her, Su Qianqian stomped her feet and explained with reddened eyes, “It’s true! You worship that person very much. You even said that you would quit the entertainment industry when you were 20 years old and study the Purifying Spirit Art with that person. You wanted to become a Purifying Spirit Master!”

She even said that she wanted to learn the Purifying Spirit Art from that person?

So the person whom Su Qianqian had mentioned was actually a Purifying Spirit Master?

Her instincts told her that this matter was not that simple. She asked Su Qianqian, “Then did I tell you what I was helping that person for?”

Su Qianqian thought about it carefully for a moment before shaking her head and saying, “You were also very drunk back then. Your tongue was a little loose when you spoke. I heard you mention something about evil spirits.”

Su Qianqian looked at Yu Huang suspiciously. She said, “I thought you were helping that person nurture an evil spirit!”

Evil spirit?

Yu Huang suddenly widened her eyes.

It was the Spirit Restraining Parasite!

Chapter 115: Shocking Discovery

Yu Huang was shocked.

She found a reason to chase Su Qianqian away and quickly returned to the room. She entered the Spiritual Abode and woke Su Tingxue up.

Su Tingxue had yet to rest. When Yu Huang forcefully woke her up, she was extremely weak and she asked weakly, "Why are you looking for me?"

Yu Huang asked her anxiously, "Senior, a Purifying Spirit Master can purify beast forms and plants. Can a Purifying Spirit Master purify human memories?"

Su Tingxue sneered. "Isn't that child's play? Any level-six Purifying Spirit Master can master the technique of memory eradication."

After her guess was verified by Su Tingxue, Yu Huang suddenly had a bad premonition.

If Su Qianqian was not lying, then she had really revealed this to Su Qianqian. Then, who was the person who was secretly using her identity to spread the Spirit Restraining Parasite? Why was he spreading the Spirit Restraining Parasite?

Why did that person look for her?

The more Yu Huang thought about it, the more panicked she became. She asked Su Tingxue, "If there is someone who is proficient in Spirit Restraining Parasites, can he tell who was poisoned?"

"Nonsense, isn't that simple? If you're a gynecologist, can't you tell that a grown woman is pregnant when you see her stomach bulge?"

Yu Huang fell silent again.

Her mind was in a mess, something she had never experienced before.

In an instant, many things that she had overlooked rushed into her mind.

She couldn't figure out who wanted to kill the Host.

In the beginning, Yu Huang had always thought that the person who wanted to get rid of her was a career enemy. He could be a big star or a member of the Creation 101 team.

However, after she heard Su Qianqian's words, Yu Huang had another bold guess—

Was it possible that the person who wanted to kill her was the person the Host had always been loyal to?

Perhaps it was because the Host had revealed their deal to Su Qianqian and angered that person, so that person wanted to kill the Host.

Perhaps the Host suddenly realized that the harm of spreading the Spirit Restraining Parasite was too great and felt guilty, and wanted to cut off all ties with that person, so that person decided to kill her...

After some analysis, Yu Huang felt that the first possibility was relatively small. If the other party really wanted to kill her to silence her, then as an insider, Su Qianqian should also be murdered.

However, Su Qianqian was still alive and well. This eliminated the first possibility.

Then her second hypothesis was very likely to be the truth.

Because the original owner of the body felt guilty and refused to do anything for that person again, so in order to protect himself and hide his true motive, that person erased a portion of Yu Huang's memories without permission, luring her to swallow the poison and then tried to burn her to death...

This way, all the mysteries that confused her could be explained.

If all these conjectures were true, then the person hiding behind the Host was too terrifying. Who was he? Was he still hiding in the dark and peeping at her actions?

Yu Huang was suddenly enraged. It didn't matter if he was a human or a ghost. As long as that person existed, Yu Huang would definitely find him!

She thought about how her master had once said that there were fewer and fewer Beast Tamers who had successfully awakened their beast forms in the Holy Spirit Continent. Yu Huang could not help but suspect: Could it be that it was not that there were fewer Beast Tamers, but that someone was obstructing the Beast Tamer's awakening?

The more she thought about it, the more Yu Huang felt that this was highly likely.

She quickly went to the Purifying Spirit Academy and told Lin Jiansheng about her discovery. Lin Jiansheng was writing his thesis at that time. As a Level 8 Purifying Spirit Master, Lin Jiansheng would occasionally publish a few papers related to Purifying Spirit Masters for the younger generation to read.

After he heard Yu Huang's conjecture and analysis, he could not write another word.

"Is what you said true?" Lin Jiansheng looked at Yu Huang in shock and doubt.

Yu Huang frowned and said, "If Su Qianqian isn't lying, then it's most likely true." In fact, when Su Qianqian said those words, Yu Huang had secretly inserted her psychic energy into Su Qianqian's mind.

When a person was lying, the energy waves released in their brain would become more intense. However, Su Qianqian's brain energy was very stable at that time. It was obvious that she was not lying.

"If Su Qianqian isn't lying, then it's very likely that you were used by someone in the past and a portion of your memories were erased by that person."

Lin Jiansheng said to Yu Huang, "Sit properly. I'll help you investigate."

Yu Huang was worried that Lin Jiansheng would find out about the things that happened in her previous life, so she deliberately put on a frivolous look and said, "Teacher, you can't check my memories, right? Then who did I kiss and..."

Lin Jiansheng said angrily, "Shut up! I'm just checking if your memory is complete!"

Only then did Yu Huang feel relieved.

She sat down cross-legged on the ground. Lin Jiansheng stood behind her and inserted his Psychic power into Yu Huang's mind to examine her memories carefully.

This process lasted for two to three minutes. At a certain moment, Lin Jiansheng suddenly exclaimed in surprise, "Huh?"

Lin Jiansheng retracted his power and said with an ugly expression, "One of your memories is blurry and chaotic. This proves that someone has indeed erased a portion of your memories."

Yu Huang's expression was even uglier than Lin Jiansheng's. She muttered, "Mentor, not everyone's beast form is as overbearing and powerful as mine. If someone is really deliberately spreading the Spirit Restraining Parasite, those Spirit Restraining Parasites will quickly devour the beast in the children's bodies. In this way, no one will be able to tell that they have been poisoned by the Spirit Restraining Parasite. They will only think that they do not have beast nature and are destined to be unable to awaken their beast form..."

Upon hearing Yu Huang's analysis, Lin Jiansheng's expression was very serious. He had clearly realized the severity of the problem.

Lin Jiansheng slammed his palm on the stool and scolded angrily, "How shameless! If the truth is as you have guessed, how many good seedlings have we missed all these years?!"

Lin Jiansheng rubbed the stubble on his chin in frustration and muttered in confusion, "But the Spirit Restraining Parasite should have been destroyed long ago. Who else knows the method to create the Spirit Restraining Parasite?!"

Upon hearing his words, Yu Huang suddenly widened her eyes.

Xuan Ye!

Yu Huang asked Lin Jiansheng, "Mentor, how old is Saint Xuan Ye this year?"

Lin Jiansheng didn't understand why Yu Huang suddenly mentioned Xuan Ye. He casually replied, "He's more than 600 years old, right? He's an old monster. He's about the same age as the principal of Divine Realm Academy."

Yu Huang asked again, "Back then, there were very few Purifying Spirit Masters, right? How did Saint Xuan Ye embark on the cultivation path of a Purifying Spirit Master? Who led him into the sect? He must have had a mentor."

Lin Jiansheng and Yu Huang had great chemistry. When he heard Yu Huang's series of questions, he instantly guessed what she was thinking. "Saint Xuan Ye naturally has a mentor."

Without waiting for Yu Huang to ask, Lin Jiansheng gave the answer. "He is Su Tingxue's only disciple!"

Yu Huang's jaw dropped in shock.

What was going on? Didn't Su Tingxue say that Xuan Ye was her man? Why did her mentor say that Xuan Ye was Su Tingxue's disciple?

A mentor-disciple relationship?

Chapter 116: The Strongest Mercenary Group

Lin Jiansheng looked at Yu Huang thoughtfully and asked her, "Are you suspecting Saint Xuan Ye?"

Yu Huang analyzed as she said, "Su Tingxue had already been beheaded in public. Even her bones were thrown into the black dome. Now that the Spirit Restraining Parasite has reappeared, it can't be Su Tingxue who did it, right? Saint Xuan Ye is Su Tingxue's disciple. Isn't it normal for him to know the method to create the Spirit Restraining Parasite?"

"Mentor, can't I suspect him?"

Upon hearing Yu Huang's analysis, Lin Jiansheng lamented how bold she was to even suspect Saint Xuan Ye.

"Your analysis is indeed reasonable, but that's impossible. Not to mention whether Saint Xuan Ye really knows the secret technique to concoct the Spirit Restraining Parasite, even if he knew, he would not do so."

Yu Huang asked Lin Jiansheng, "Why not?"

Lin Jiansheng flicked his sleeves and sat down. "It's a long story. Make me a cup of tea first."

Yu Huang hurriedly poured a cup of tea and passed it to Lin Jiansheng with both hands. "Mentor, drink slowly. Tell me slowly, I'll listen."

"Why would you suspect him, child?..."

Lin Jiansheng took a sip of tea and said, "You don't know the secret of that year. Not only is Saint Xuan Ye a member of the Su Clan of Kui Mountain, but he is also the son of the Su Clan's Leader. Back then, it was Saint Xuan Ye who discovered the existence of the Spirit Restraining Parasite at the first moment and informed the six families to seek their help."

"You probably guessed what I said. That's right, the person who exposed Su Tingxue's crimes was Saint Xuan Ye! The person who advocated burning the Spirit Restraining Parasite was also Saint Xuan Ye."

"If there is anyone in this world who hates the Spirit Restraining Parasite and Su Tingxue the most, it would definitely be Saint Xuan Ye! It is precisely because of this Spirit Restraining Parasite that the Su clan of Kui Mountain declined. Why would Saint Xuan Ye, who hates the Spirit Restraining Parasite, do such a thing? What does he want?"

Lin Jiansheng's words were filled with trust and protection for Xuan Ye. This made Yu Huang feel troubled.

Not to mention whether Xuan Ye was the mastermind behind the Spirit Restraining Parasite, even if he was, Yu Huang could not easily expose his true identity.

Back then, after Su Tingxue was caught by the six families, no one was willing to believe her no matter how hard she tried to explain herself. Now, even if Yu Huang raised her loudspeaker and publicized Xuan Ye's crimes, everyone would probably only treat her as a lunatic and not a bad person.

After hundreds of years of pretending, as a Level 9 Purifying Spirit Master, Xuan Ye's pure and honorable image had long been engraved in everyone's minds. If Xuan Ye was really the mastermind, Yu Huang had to show real evidence if she wanted to expose his true identity.

"No matter what, your discovery today gave us a good idea. I will contact Divine Realm Academy and tell them our guess. If we confirm that the decline of Beast Tamers these years is related to the Spirit Restraining Parasite, then our Holy Spirit Continent will be in chaos."

"Okay, I understand."

Yu Huang took out the Divine Realm Academy's acceptance letter from her interspatial ring and handed it to Lin Jiansheng.

Lin Jiansheng picked up the notice and read it carefully. A smile finally appeared on his face. "Very good. After entering the academy, you have to study hard and live up to expectations."

"I will, Mentor."

Lin Jiansheng returned the notice to Yu Huang and asked her, "You're going to Rakshasa Empire the day after tomorrow. Have you finished things with your father?"

Yu Huang replied, "I've told you the truth. Although you're worried about my safety, you still support my decision."

"That old fart knows his place. Alright, you go back first. When you return from the Rakshasa Empire, I'll personally send you to the Divine Realm Academy."

"Okay."

That day, as the sky lit up, Yu Huang left Prosperous Capital alone and headed for the Rakshasa Empire.

Yu Donghai stood at the entrance of the estate and looked at Yu Huang's lonely but determined back view. His eyes gradually welled up with tears.

Young Master, your daughter is stronger and braver than you expected. You will be relieved if you know.

...

The summer of Blazing Realm Continent was particularly hot. Everyone who lived here, be it men or women, were all dressed up in the summer. Most of the men were bare-chested, revealing their muscular upper bodies that were covered in scars and sinister tattoos.

The women casually put on suspenders or breastfeeds and used short skirts to cover their butts. No one would find it strange if they just swaggered down the street.

Due to the high temperature of 40 degrees, Yu Huang was only wearing a red hooded shirt that exposed her narrow waist. Her long legs were hidden under a pair of work pants.

She held a cup of local ice fruit drink in her hand. As she drank, she walked towards the mercenary trading building in the middle of the city.

Along the way, there were always people peeping at Yu Huang. They saw her fair skin that formed a stark contrast with the other women, and looked at her slender waist and beautiful face that couldn't be hidden by her mask.

However, they only watched and didn't dare to really approach her. Ever since a masked girl from Rakshasa Empire appeared last year, they didn't dare to be too presumptuous when they saw a girl in a mask.

Ever since the royal family's regime was overthrown, the Rakshasa Empire had been ruled by an organization called the 'Night Hunt'. The mercenaries and fugitives who lived here had to survive under the protection of the Night Hunt.

The casinos, auction houses, medicine halls, boxing halls, and mercenary trading markets in this city were all part of Night Hunt's operations.

The mercenary trading building was very lively. It was packed with mercenaries and criminals seeking jobs.

Yu Huang stepped into the trading building and immediately attracted many surprised gazes.

Yu Huang did not have any evil aura at all. She did not look like someone who came here to earn a living. She looked more like a female celebrity who was here to film a movie.

She had fair skin and a slender body. Why did she come to the mercenary trading hall?

Was she looking for a man?

Yu Huang ignored all the gazes and walked straight to the huge screen in the main hall. She raised her head and looked at the introduction of the various large mercenary groups on the screen.

The top three were the Shark Mercenary Group, Lone Wolf Mercenary Group, and the Eliza Mercenary Group, which was composed of female servants.

These three groups were the group that had successfully hunted the most demon beasts among the mercenary corps. It was very difficult to join them.

A girl who was only wearing a black bra and shorts walked to Yu Huang's side and struck up a conversation with her. "Young lady, this is your first time here, right? Don't you know the rules?"

Yu Huang tilted her head and looked at the person who spoke.

The other party had deep-set facial features. She was not very beautiful, but her sexy red lips were very feminine. She had healthy honey-colored skin and a ruthless gaze.

Yu Huang nodded. "Yes."

The woman told Yu Huang, "If you want to join the mercenary group, you have to go to the work desk to fill in your resume. After that, someone will interview you. After the interview, you can enter the group."

Yu Huang said, "Thank you." She turned to leave, but was stopped by the woman.

"Hey, little girl!"

Yu Huang turned around and looked at the woman calmly. She raised her eyebrows slightly. "Is there anything else?"

The woman kindly reminded Yu Huang, "Little girl, if you want to survive in Rakshasa Empire, don't trust your companions easily. Remember, never have your back turned to your companions."

In this place, a second ago, he might be your friend, but in the next second, he might kill you because of a pill.

Yu Huang looked at her meaningfully before saying, "Thank you." She squeezed into the crowd and got a watch from the staff.

Yu Huang handed over the form that she had filled out. After waiting silently for an hour, she heard someone shouting on the radio, "Wu Feng, go to Hall 3 for the interview!"

Yu Huang walked straight towards Hall 3.

In Hall 3, there were three men in suits. They were dressed like elites, and they looked like people from a different world.

These people should be staff members of the Night Hunter organization.

The interviewer sitting in the middle held Yu Huang's resume in one hand. He stared at the name on it for a moment before looking up and asking Yu Huang, "Wu Feng?"

Yu Huang said, "Yes."

"A fake name?"

Yu Huang raised her eyebrows and asked, "Do you need to give your real name before killing demon beasts?" Which person in the Rakshasa Empire didn't have a few lives on their back and a few charges?

Who wouldn't have a few fake identities when they were out and about?

After being retorted by Yu Huang, not only was the interviewer not angry, but he also laughed. "I hope you can have the courage to face the demon beasts when you reach the abyss."

Yu Huang's resume was randomly filled in, and none of the content was real.

When the interviewer saw Yu Huang's attitude, he knew that the resume in his hand was worthless. He put down the resume and placed his hands on the table. He asked formally, "Which mercenary group do you want to go to?"

Yu Huang did not hesitate and replied calmly, "Sharks."

The Sharks Mercenary Group was the most powerful mercenary group in the Rakshasa Empire. It had achieved great results and had once worked together to capture the demon core of a level-five demon beast. This result was also quite good among the independent beast tamers.

Therefore, after hearing Yu Huang's reply, the three interviewers were in disbelief.

"You want to go to the Sharks Mercenary Group?" They found it unbelievable when they saw that Yu Huang's thin arms and legs that seemed like they could be broken with a twist.

"Young lady, the Sharks Mercenary Group doesn't accept..." The interviewer wanted to say useless, but when he met Yu Huang's clear but firm eyes, he changed his words at the last moment." A child. "

Yu Huang was not angry that she was underestimated by the interviewer.

She put the hat on her head and looked up at the interviewer. "Bring me to the test."

Strength was always more convincing than words. It was useless to say more. She would attack directly!

Seeing that Yu Huang was determined to enter the Sharks Mercenary Group, the interviewer passed the application form to Yu Huang and pressed the button in front of him.

Soon, a staff member walked in. The interviewer told the person, "Take her to interview the Sharks Mercenary Group."

The staff member looked at Yu Huang in surprise and didn't say anything. He called Yu Huang away.

After Yu Huang left, the three interviewers shook their heads. "A newborn calf isn't afraid of a tiger. This girl isn't old, but she's quite brazen."

Another person smiled and said, "She's so fair and clean-looking. Why would she come to the mercenary group to suffer? It's so much better to sell alcohol in the Earth Nightclub!"

Chapter 117: Yu Huang Stays a Virgin for True Love

Yu Huang followed the staff all the way to the arena behind the building.

The staff shouted at a tall man in the crowd, "Gulli! There's a little girl who wants to join your shark team. Show her what you got!"

Upon hearing this, the man who was chatting with his friends with his back facing Yu Huang turned around.

His exposed chest was full of wounds left by the claws of demon beasts. It was a shocking sight, but it was the battle mark he was proud of.

Gulli's cold eyes swept over Yu Huang's slender body. He frowned and complained to the staff, "Luo An, why do you bring everyone here?!"

The staff member shrugged helplessly. "I was just following orders."

Gulli glared at Luo An before turning his gaze to Yu Huang's face. There was undisguised disdain in his eyes. "You can leave. Our team is not a charity organization that takes in the old, weak, and sick!"

Just as Gulli finished speaking, Yu Huang suddenly moved.

She broke the concrete floor under her feet and flew up. When she landed, her left leg erupted with terrifying energy as she stomped on Gulli's shoulder.

Bang!

The tall man who was 1.9 meters tall was actually hit by Yu Huang until his body tilted and he almost knelt on the ground.

Yu Huang used the force to flip over and landed lightly behind Gulli. She then kicked out with her right leg at lightning speed.

Her right leg kicked Gulli's side face at a 180 degrees angle.

"Ah!"

Gulli spat out a mouthful of blood and stumbled to the right.

Before Gulli could stop, Yu Huang reached out and grabbed Gulli's arm with both hands.

Yu Huang pulled Gulli and used her head to hit Gulli's stomach. She injured Gulli so much that his internal organs were about to shatter.

"Ugh!" Gulli cried out in pain, but was propped up by Yu Huang again.

After a rush of dizziness, Gulli was mercilessly thrown out by Yu Huang, and his body landed directly in front of Luo An's toes.

The entire process happened in the blink of an eye. Gulli did not even have the chance to fight back.

Luo An was speechless.

Everyone suddenly fell silent.

As the vice-commander of the Shark Mercenary Group, this was the first time Gulli had been abused so badly by an interviewee.

Everyone looked at Yu Huang with shocked gazes. How was this a weak little girl? She was simply a raging young girl!

Gulli laid on the ground with his consciousness somewhat disoriented. After more than ten seconds, Gulli regained his consciousness and propped himself up.

Gulli turned to look at Yu Huang.

Yu Huang held the application form in her hand. She raised her chin slightly and waved the application form at Gulli. She asked arrogantly, "Deputy Commander Gulli, do you think I'm qualified to join the Sharks Mercenary Group?"

Gulli felt a slight pain in his teeth, but he looked at Yu Huang as if he was a hungry wolf that had seen meat.

He rubbed his chest and limped towards Yu Huang before snatching the application away from her.

Gulli took out a pen from his pocket and bit off the pen cap before signing his name.

After signing, Gulli extended his right hand towards Yu Huang and grinned. "Welcome to the Sharks Mercenary Group!"

...

The mercenary group had their own dormitory, which was very close to the exchange grounds.

Yu Huang was assigned to a small room. There was only a bed and a small closet inside.

When the sky was almost dark, a woman shouted from the canteen downstairs, "Everyone, come down to eat!"

Yu Huang immediately ended her cultivation and went downstairs to the canteen.

All the food was stored in a stainless steel basin. There were a total of seven dishes, five plates of meat, and two plates of vegetables.

The meat and veggies were delicious and enticing. It didn't look like ordinary beef and mutton.

Gulli also came. He saw Yu Huang sniffing the food. He smiled and placed his arm on Yu Huang's shoulder. He asked her, "Have you eaten demon beast meat before?"

So it was demon beast meat.

Yu Huang shook her head. "I've never eaten it before."

"Then you'll have a treat tonight. This is your first day in the Sharks Group. You can eat meat as you please. In the future, you'll have to collect food according to your contribution."

"Oh."

In order to achieve the goal of drinking and eating meat, Yu Huang would strive to the end.

She took a large plate and went to get a pile of meat. Everyone here had a big appetite and everyone took it that way.

Gulli was somewhat surprised to see Yu Huang take a pile of meat.

He stared at Yu Huang's narrow waist and asked her, "Can you finish it?" Yu Huang looked very weak and did not look like she could eat much.

Yu Huang put down the plate and gave Gulli a cold look. She retorted arrogantly, "If I don't eat more, how can I pin you to the ground?"

Gulli immediately thought of how he had been pressed onto the ground by Yu Huang and rubbed against it. His muscles began to ache again.

Seeing that the deputy regiment commander had finally met his nemesis, everyone laughed.

"Wu Huang, you're so impressive. There aren't many people in our entire team who can make the deputy regiment commander suffer."

Gulli scolded back in embarrassment, "Everyone, eat. We still have to go into the mountain tomorrow!"

“Sorry, deputy regiment commander!”

Everyone laughed.

At this moment, a bright male voice sounded from outside the canteen. “Everyone, you all seem very happy. Did something happen that I didn’t know about?”

“The captain is back!” Everyone stopped eating at the same time and stood up to look at the door.

Yu Huang stood up as well. From afar, she saw a thin man walk in.

Unlike these half-naked men who didn’t care about their image, the regiment commander was a well-dressed man. He looked to be in his thirties. He was wearing a light gray shirt and black casual pants. There was a gentle smile on his handsome face.

However, the shirt was covered in blood, making the man’s smile appear more dangerous.

“Huh?” Noticing that there was an unfamiliar little girl in the crowd, team leader Ge Meng walked to Gulli and raised his chin at Yu Huang. He asked him, “Is this the new member?”

Gulli knew what his regiment commander was worried about. He hurriedly pointed at the wound on his waist and told Ge Meng, “Bro, don’t underestimate this girl. These scars on my body were caused by this little girl.”

Hearing this, Ge Meng was a little surprised. As the regiment commander, he knew Gulli’s abilities the best. When he heard that Yu Huang had defeated Gulli, he was a little suspicious.

He stared at Yu Huang and asked curiously, “Are you an adult?”

Yu Huang nodded. “19.”

“And she’s a little girl.” Ge Meng pointed at the plate in front of her. “Eat more. You’re going to the abyss with us tomorrow.” If she was unlucky, this beautiful meal tonight might be her last meal.

“Yes, Regiment Commander.”

“Regiment Commander, how was the harvest this time?”

Ge Meng sat down, and someone hurried to get him some food.

He took out a handkerchief and wiped the sweat off his face. Then, he said, “Not bad. We killed a level-four demon beast. Our harvest for this month is considered complete.”

No matter how powerful the Sharks Mercenary Group was, they had to rely on the protection of the ‘Night Hunt’ in order to survive. The Sharks Mercenary Group also had performance requirements. They had to pay the Night Hunt 50 level 1 Monster Cores, 20 level 2 Monster Cores, and 5 level 3 Monster Cores every month.

One level 4 Monster Core was worth 200 level 1 Monster Cores, so their harvest this time was quite bountiful.

“That’s great!” The deputy regiment commander was a little excited. The smile on his face had just bloomed when he heard Commander Ge Meng say, “The regiment commander of the Eliza Mercenary Group is dead.”

The canteen suddenly fell silent.

The deputy’s expression changed. “That bitch Eliza is dead?”

“Yes, their team encountered a Rank 6 demon beast. I heard that Eliza and the others were eaten by the demon beast, and there wasn’t even a corpse left.”

The atmosphere in the cafeteria was heavy. No one said anything.

This was how their lives were. Maybe the person who was still lying in your bed tonight would die tomorrow.

A beast tamer trained in such a cruel environment was far from what a beast tamer like Xuanyuan Jing who cultivated in the academy could compare to.

Her mentor was indeed right for letting her come to Rakshasa Empire to train hard.

Yu Huang did not cultivate that night because she was going to the abyss tomorrow.

She had only slept for more than five hours when she heard people gathering downstairs. Yu Huang hurriedly got up and went downstairs. The mercenaries downstairs were already prepared and were lining up to get into the car and prepare to set off.

Seeing that Yu Huang had come down herself, Gulli stood beside the car and waved at her. He teased her, “I was going to let you sleep more for a beauty sleep, but I didn’t expect you to wake up yourself.”

Yu Huang ignored Gulli.

This was a military truck. There were two rows of seats in the truck, and the middle was filled with weapons.

Yu Huang was about to get into the car when Gulli pulled her arm and said, “Go sit in the front passenger seat. The journey is quite long, so it’s quite boring for you to sit with a group of old men.”

Yu Huang was fair and cute, and she looked easy to bully. Gulli was worried that she would be harassed while sitting with a group of men.

Yu Huang felt Gulli’s compassion. Without another word, she took off her mask.

When the mask was removed, that ugly face was revealed. Yu Huang heard many people gasping.

Gulli looked at Yu Huang’s face in a daze and momentarily forgot to say anything.

Yu Huang put the mask back on. “I’m ugly,” she said to Gulli. “They’re not interested in me, and you shouldn’t be interested in me.”

Yu Huang had someone she liked in her heart, so she had to keep herself a virgin for him.

Gulli was speechless.

Yu Huang swiftly climbed into the car. The group of men sitting in the car were all peeping at her. Yu Huang asked expressionlessly, "What? You still want to see my face?"

Everyone hurriedly shook their heads. "Don't misunderstand. We're just a little surprised."

Yu Huang nodded. Then, she crossed her arms and leaned against the car while closing her eyes to rest.

Gulli climbed into the driver's seat with a gloomy expression. Seeing that he looked dejected, Gulli suddenly laughed. "Isn't it very uncomfortable to be rejected?"

Gulli forced an ugly smile at Ge Meng. He said, "I haven't even confessed yet. Good lord, she took off her mask directly. I was so shocked."

Ge Meng shook his head and laughed. He told Gulli, "This girl is sober. She's not the kind of girl who will come up to you just because you curl your finger. Put away your thoughts that you shouldn't have. If she is really as powerful as you say, then this person's motive for coming to the Sharks must not be pure."

A young girl who could defeat Gulli could very well run to the Eliza Mercenary Corps to show her prowess. Why did she have to come to their nest to suffer?

What did the girl want to do by coming to the Sharks?

Since Ge Meng was able to sit firmly in the position of the Sharks Mercenary Corps' regiment commander, he was not as gentle and harmless as he looked.

What Gulli couldn't think of, Gulli had to think of.

Chapter 118: Rank Six Demon Beasts!

The car became more and more bumpy as it drove. They even passed by the Black Dome.

Yu Huang sat on the tail of the car and stared at the mountain that was cut into two by Sheng Xiao. She could not help but think about how she jumped into the Purgatory Sea alone last year.

Unknowingly, almost a year had passed.

Back then, her relationship with Sheng Xiao was innocent. Now, they had already kissed.

Yu Huang touched the ring on her index finger. When she thought of the person who gave the ring to her, she felt happy.

When it was almost dark, they finally arrived at the abyss.

The Abyssal Origin Forest was about half the size of the Divine Moon Empire, and there were countless kinds of demon beasts living in it.

The Rakshasa Empire was at the southernmost end of the abyss. This group of mercenaries often came to the abyss to hunt demon beasts. They were very familiar with the outermost area of the abyss.

The car drove into the primitive forest for more than two hours before there was no road. The captain, Ge Meng, jumped down from the front of the car and shouted, "All of you, get off!" There was no road ahead, so they could only walk.

Yu Huang grabbed a gun and a backpack filled with weapons and jumped out of the car with the members.

Gulli walked at the front of the group, Ge Meng at the back, and Yu Huang at the center.

She was a newcomer and it was her first time entering the abyss. She was also the only girl in the team. Everyone took good care of her.

The sky was getting darker and darker, so it was not suitable for them to continue forward. Ge Meng suggested setting up camp and resting.

After starting the fire, everyone sat around the bonfire and chatted while eating their dry food.

Since she was a newcomer, everyone was most curious about Yu Huang.

Ge Meng asked her, "Yu Huang, where are you from?"

Yu Huang said, "The Divine Moon Empire."

Ge Meng nodded and said, "I've been to the Divine Moon Empire before. It was a prosperous country." His eyes were filled with yearning for the Divine Moon Empire. He continued, "The Divine Moon Empire is the first country on the Holy Spirit Continent to abolish slavery. It's very impressive."

Yu Huang only smiled and didn't speak.

Ge Meng asked Yu Huang, "Why were you forced to come to the Rakshasa Empire? Did you commit a crime?"

There were only three types of people in Rakshasa Empire. One, criminals, two, mercenaries, three, itinerant cultivator beast tamers.

Yu Huang neither looked like a mercenary nor a Beast Tamer. Ge Meng thought that Yu Huang had wandered to Rakshasa Empire as a criminal.

Yu Huang knew that Ge Meng was suspecting her identity. She pondered for a moment before saying, "I'm not a criminal."

"Then why did you come to Rakshasa Empire?"

Gulli and the others also looked at Yu Huang curiously while feeling somewhat baffled. If she wasn't a criminal and wasn't trying to avoid capture, then why had she come to the Rakshasa Empire?

Yu Huang said, "My ex-fiancé was a Beast Tamer. He forcefully broke off the engagement with me because of my disfigurement. In a fit of anger, I made a bet with him, betting that I could defeat him after a year. I heard that the Rakshasa Empire is a place that can hone one's abilities. The Sharks Mercenary Group is the most powerful mercenary group, so I wanted to come and give it a try."

Hearing Yu Huang's explanation, Ge Meng clearly did not believe her, but he did not pursue the matter.

Yu Huang knew that Ge Meng did not believe her explanation when she saw his expression. However, she did not care. She came here to train herself anyway. She did not need to care about anything else.

At night, the men shared a tent while Yu Huang stayed alone.

Before they slept, Gulli and his men sprinkled a layer of insect repellent powder outside the tent to prevent low-level demon beasts from attacking them when they were asleep.

When it was sprinkled near Yu Huang's tent, Gulli told her, "I have a lot of lovers in Rakshasa Empire, and all of them are as beautiful as flowers. They won't look the same from Monday to the weekend. I have a beauty complex. Don't worry, I won't pester you."

Yu Huang glanced at the bottom triangle of Gulli's tent mysteriously and reminded him kindly, "Remember to go for checkups regularly." With that, she pulled open the tent's zipper and entered.

Gulli stood outside the tent with a dazed expression.

Ge Meng called to him, "Come back and sleep."

Gulli returned to his bro's side with a bitter expression. He felt somewhat wronged. "That girl actually asked me to go for a checkup! What does she mean?"

Gemmon rolled his eyes at him. "She's worried that you might get sick from messing around. Who asked you to brag and change things up once a week..."

Gulli was extremely embarrassed. "I was just embarrassed by her rejection!"

Ge Meng shook his head and sighed. This fool!

The next day at daybreak, everyone set off.

They had just approached the domain that bordered the outer and middle areas of the forest when they encountered a Tier 3 demonic beast.

It was a demonic beast that resembled a leopard. Its body was pure black, but it had six legs and two tails. Each tail was filled with thorns.

The black panther was dozing on a tree. When it heard the sound of footsteps, it immediately stood up and bared its teeth at Ge Meng and the others while threatening them.

When Ge Meng saw that the leopard had discovered them, he immediately pulled out his gun and shouted, "Everyone, pay attention. It's a level-three demon beast, Snow Seeker Panther!"

Upon hearing this, everyone quickly gathered into a circle and fired at the leopard in turn.

Although the level-three demon beast was intelligent, it was not as intelligent as humans. After being shot, it immediately became angry.

The demon beast suddenly jumped towards them and bit off a man's arm. It stepped on the gun in his hand and roared at the sky!

"He's calling for a companion!" Ge Meng looked confused. He said, "The Plum Leopard has always lived alone. Why does he have a companion?"

Gulli thought for a moment and guessed, "Maybe it's calling its parents to help?"

"But the Plum Leopards don't live with their parents."

Yu Huang had a different thought. She stared at the Plum Leopard's lower body and said, "This leopard is in heat. He's calling his spouse. We probably interrupted his rendezvous with his lover by breaking into his territory."

Thus, it was enraged!

The enraged leopard suddenly attacked them. Ge Meng shouted, "Change the formation!"

They quickly changed formations and continuously fired at the leopard.

After biting off two members, the leopard finally collapsed to the ground due to his serious injuries.

Joy appeared on everyone's faces. They were about to cut open the leopard's stomach to see if there were any demon cores in its body.

At this moment, a furious roar suddenly sounded from afar. "How dare you!"

The moment the cry stopped, a pale yellow shadow emerged from the forest and landed firmly beside the black leopard.

It was a female snow leopard with beautiful light yellow fur.

The female leopard arched her back and said to Ge Meng and the others, "You injured him. I want you to pay with your blood!"

Ge Meng's expression changed greatly. "It's a level-six demon beast!" Only a level-six demon beast could speak human language!

Their mercenary group had previously exhausted all their strength and gone through great pains to capture a level-five demon beast. Now, they had actually encountered a level-six demon beast!

In front of a level-six demon beast, the entire team would die!

Ge Meng looked at Yu Huang and thought to himself that this girl was really unlucky. The first time she entered the abyss to hunt, she had encountered the strongest one.

Gulli also cursed. "Damn, why did this level-three male leopard find a level-six female leopard? Are all female leopards nowadays no longer picky?"

"When a man and a woman get married, they care about being well-matched in terms of social status. This female leopard found a third-level trash. Why on earth is this? Is it because that male leopard is good at sweet-talking or because he has a strong waist and martial arts skills? Huh?"

Gulli, who had just been mercilessly rejected by Yu Huang last night, was even jealous of a male leopard now.

Chapter 119: Mutated Flying Beast!

The IQ of a Rank 6 demon beast was very high. Since it could speak human language, it naturally understood Gulli's meaning.

Upon hearing that Gulli had insulted her spouse, the protective female leopard lowered her head to look at her dying spouse. She was heartbroken and enraged.

"All of you, die!"

With a roar, the female leopard opened her mouth and spat out five to six light yellow bayonets.

The bayonet was a weapon formed by the power of demon beasts. Once it caused damage to ordinary humans, it was very difficult to recover.

In this critical moment, Yu Huang quickly summoned Xuan Yu and released her beast spiritual power to create a protective shield around her.

Her cultivation was still shallow. A protective shield could barely protect her alone. Even if she wanted to help the person beside her, she was powerless.

The moment the protective shield protected Yu Huang, the mercenaries beside her were pierced by the bayonets and fell to the ground one after another. In the blink of an eye, blood flowed like a river.

"Ah!"

"Commander, save..." They died before they had a chance to finish the sentence.

Yu Huang stared at the blood flowing under her feet. She saw that the mercenaries who had been laughing and joking with her just now were lying on the ground without moving at all.

She was not heartless. Looking at the dead people, she still felt sad.

But she quickly suppressed her pity and sorrow and raised her head to look at the other two people who were still alive.

Ge Meng and Gulli were still alive.

The bros were able to survive because Ge Meng had released his golden toad beast form at the critical moment. The golden toad was much larger than her Dark Feather. It squatted in front of Ge Meng and shielded the bros behind it, blocking the female leopard's attack for them.

Ge Meng was actually a Beast Tamer!

Yu Huang stared at the golden toad in front of Ge Meng in surprise. Ge Meng also looked at the small Phoenix flapping its wings on Yu Huang's head in surprise.

The two of them looked at each other.

Gulli hid behind Ge Meng. He stared at Yu Huang's beast form phoenix with widened eyes. He was shocked and angry. "Little girl, you're a Beast Tamer! You lied to us!"

Yu Huang smiled mockingly and retorted, "I lied to you guys, but the regiment commander also lied to us."

Out of the corner of his eye, Gulli saw his dead buddies on the ground and immediately stopped talking.

Since he had already revealed his trump card, there was no need to hide it anymore. Ge Meng told Yu Huang, "My beast form is the Golden Toad. I'm currently at the intermediate-stage of the Scholar Realm. Miss Wu Huang, you..."

Yu Huang also said, "I've just awakened my beast form for a year. I'm only an early-stage Scholar."

Ge Meng nodded. His gaze swept over the corpses on the ground before landing on the female leopard.

When the female leopard saw that Ge Meng and Yu Huang were both Beast Tamers, her gaze became more vigilant. She temporarily held back and they did not know what she was thinking.

Ge Meng said to Yu Huang, "A level-six demon beast is very powerful. Miss Wu Huang, if we work together and fight desperately, we might be able to get a chance of survival. Should we work together?"

Back then, in order to save Yu Huang, Yu Donghai had charged into the abyss alone. The Magic Snake he had encountered was a Rank 6 Demonic Beast.

At that time, Yu Donghai was already a Supreme Master. He had only managed to survive after being forced to self-destruct his beast form by the Magic Snake. On the other hand, Yu Huang and Ge Meng were only two Beast Tamers and they were Scholars. Even if they joined forces, they might not be able to defeat this Rank 6 Plum Leopard.

However, danger had already arrived. If they did not resist, they could only wait for death. Yu Huang would rather die in battle than sit idle!

Currently, Yu Huang could only join forces with Ge Meng.

Yu Huang turned to look at the female leopard and said to Gmund, "Let's join forces!"

After the two of them reached an agreement, Ge Meng suddenly flew up and kicked Gulli more than ten meters away. Gulli laid on the ground and howled. He heard Ge Meng shout, "Hide!"

Gulli also understood that his combat skills were useless in front of a Rank 6 demon beast. He protecting himself would be the greatest help to his bro.

Gulli gritted his teeth and hurriedly hid in a pile of Juey Grass.

After clearing the obstacles, Ge Meng and Yu Huang quickly moved closer to each other. With their backs facing each other, no one dared to reveal their backs to each other. Clearly, they did not trust each other.

Seeing that the two of them had quickly reached an agreement, the female leopard looked down at her dead spouse with sorrow in her eyes.

These humans deserved to die!

"Meow!"

The female leopard roared into the sky and arched her back in a semicircle. The four legs behind her kicked the ground, and her body flew up gracefully as she took the initiative to attack the two of them.

Ge Meng did not hesitate and immediately released his ultimate move. He shouted, "Golden Bell Shield!"

The golden toad cried out twice before its body suddenly expanded to two meters tall. Its stomach also became extremely large.

"Caw!" It opened its mouth and spat out a stream of pale golden sticky liquid towards the female leopard, enveloping her entire body.

The sticky substance was corrosive. The moment it landed on the female leopard, her skin began to corrode.

If it were an ordinary level 2 demon beast, it would probably rot to death on the spot after being sprayed by the golden toad.

However, as a Rank 6 demon beast, the Plum Leopard was thick-skinned and had rich spiritual power. This bit of corrosion could not do anything to it.

The female leopard summoned her spiritual power and easily evaporated the remaining corrosive things on her body.

Seeing this, Yu Huang quickly released Xuan Yu. "Purifying Evil Phoenix Flame!"

Xuan Yu flew above the female leopard. It flapped its small wings, and with every flap, the temperature increased by a few degrees.

Xuan Yu flapped its wings ten times in a row and absorbed all the spirit energy in the air into his body. Only then did it convert the spirit energy into the Purifying Evil Phoenix Flame

.

The sinful phoenix flames that filled the sky landed on the female leopard's body, immediately igniting its fur and burning every inch of its skin.

"Meow!"

The female leopard opened her mouth and let out a pained howl. She stared at Yu Huang with hatred in her eyes while her body rolled on the ground to extinguish the flames.

However, the flames were very strange. No matter how the female leopard rolled, it could not extinguish them.

"Human, you can forget about dealing with me with this little trick of yours!" The female leopard endured the pain and stood up while trembling.

The Purifying Evil Phoenix Flame burned it into a fireball, but it continued to glare at Yu Huang maliciously. "I'll bury you guys with me!"

The Plum Leopard suddenly meowed at the sky. Its six legs kicked the ground forcefully, and its burning body wriggling freakishly.

Yu Huang saw that the female leopard's body was releasing a weak red light. That light quickly reached the tail of the female leopard's butt. Its two tails suddenly curled up and quickly fused into one.

At the same time, the bones on its back that had been burned by the Purifying Evil Phoenix's flames began to move strangely. Following the recombination of the bones, a pair of small red wings appeared on its back!

The female leopard flew up into the sky. Only then did the wings on her back spread completely.

The fully extended red wings actually had the power to blot out the sky!

Yu Huang and Ge Meng watched this scene in shock. Ge Meng said with a trembling voice, "It's actually a mutated flying beast!"

A demon beast that lived on land should not have a pair of flying wings! Unless it had a special opportunity that caused its body to mutate, and only then could it have a pair of wings that could fly!

However, shouldn't such a naturally-endowed ferocious beast live in the inner and central circles of the abyss? Why did it actually run to the outer circle to mess around with a third-level demon beast?!

It seemed that love not only made people ignorant, but it also made demonic beasts ignorant!

Ge Meng immediately thought of the death of Eliza. "Could it be that Eliza's team was swallowed by this mutated flying beast yesterday?!"

Yu Huang could feel the terrifying pressure emanating from the female leopard's body. She immediately said to Ge Meng, "What are you standing there for? Run!"

If he didn't run now, wouldn't he be eaten?!

Yu Huang broke into a run!

Ge Meng hurriedly ran in the opposite direction of Yu Huang.

Gulli looked at Yu Huang and then at Ge Meng. He realized that he could not catch up to anyone and could only hide in the bushes while trembling.

The Purifying Evil Phoenix Flame on the female leopard's body had yet to be extinguished. It was in so much pain that it lost all rationality. There was only one thought in its mind—

Kill the little girl who had set fire to it! Tear apart her body, drink her blood, and eat her flesh!

The female leopard flapped her wings and appeared a hundred meters away in the blink of an eye.

Yu Huang only sensed a shadow flying past her head. She hurriedly stopped in her tracks and raised her head to see a female leopard appear in front of her and block her path. There was a hint of human mockery in her eyes.

In its eyes, Yu Huang was probably a little rat, and it was the cat that played with rats.

Yu Huang's expression changed slightly, and she turned around and ran in another direction.

The female leopard teleported and blocked her path again. "Continue running! Let's see how far you can run!"

Yu Huang gritted her teeth and really changed directions to continue fleeing.

Every time Yu Huang ran in another direction for a distance, the female leopard would quickly fly in front of Yu Huang and stop her.

After going back and forth a few times, Yu Huang realized that she could not escape from the female leopard's pursuit.

Yu Huang stopped running.

Seeing that she had stopped, the female leopard swung her head and meowed. She asked sinisterly, "Why aren't you running anymore?"

A heavy machine gun suddenly appeared in Yu Huang's hand. She carried the gun and fired at the female leopard. The female leopard did not expect Yu Huang to still have such a move. It was not prepared and was accidentally shot in the left eye by Yu Huang.

"Meow!" Blood flowed out of the exploding eyeball and covered its beast face.

The Purifying Evil Phoenix Flame on her back had yet to be extinguished when one of her eyes was shot blind by Yu Huang again. The female leopard was completely angered by Yu Huang.

"Shameless human, go to hell!" The female leopard flapped her wings frantically, and the feathers on her wings began to fall off one by one.

"10,000 Heart Piercing Arrows!"

The female leopard roared angrily, and those feathers instantly turned into tens of thousands of wind blades that descended from the sky and attacked Yu Huang together.

In that instant, the entire sky was filled with sharp feather blades!

Yu Huang's pupils dilated. If ten thousand arrows pierced her heart, she would have nowhere to escape!

Chapter 120: Blood Battle! Gain the Vermillion Bird Demon Core!

At that moment, Xuan Yu did its best to transform into a protective shield to protect Yu Huang. However, the feather swords were too dense and domineering. Xuan Yu only lasted for two to three seconds before it was injured.

The protective shield shattered, and Xuan Yu let out a cry. Her petite body instantly vanished from the spot and returned to Yu Huang's body.

Hundreds of feather blades mercilessly pierced through Yu Huang's body. It was truly like ten thousand arrows piercing through her heart!

Yu Huang fell to the ground with bloody holes all over her body. Just as a sharp blade was about to pierce through Yu Huang's heart, a thick black fog suddenly emerged from Yu Huang's body.

The black fog condensed into a translucent woman's graceful figure in the air. That person had white hair and black clothes. A single look from her gave people an endless amount of pressure.

The woman extended her translucent right hand and flipped her fingers in the void in front of her. A powerful psychic force drove the sky full of swords.

The woman retracted her fingers, and all the swords stopped at the same time. They stopped in the air without moving.

Then, Su Tingxue pressed her right hand down and thousands of swords fell onto the ground. They lost their spiritual power and turned into light red feathers.

Seeing this, the Plum Leopard strangely stopped all its attacks and stared at Su Tingxue warily. For a moment, it didn't dare to move.

Yu Huang narrowed her eyes as she stared at the woman in the air. She had naturally guessed this woman's identity.

Su Tingxue glanced at the seriously injured Yu Huang and said, "Lass, let's make a deal."

Yu Huang was speechless.

Su Tingxue said, "If you agree to help me revive, I'll help you kill this female leopard. How about that?" Su Tingxue finally revealed her true motive.

That day, after Yu Huang consumed the Purifying Spirit Sacred Pearl, Su Tingxue hid a trace of her soul force in Yu Huang's Spiritual Abode and escaped Sheng Xiao's grasp.

Su Tingxue was framed by Xuan Ye and beheaded by the six major cultivation families. She felt hatred and was unwilling to die like this.

She wanted to revive, kill that traitor Xuan Ye, and make the six great cultivation clans kneel down and kowtow to her!

If she wanted to revive, she needed someone to help her. Yu Huang was the best candidate.

However, this girl was stubborn and would never negotiate with her. Su Tingxue had been waiting for a suitable opportunity.

Now, the chance had come!

Yu Huang's mouth was filled with the smell of blood. She licked the corner of her bleeding mouth. "Deal!"

"A verbal promise is invalid." Su Tingxue was not easy to fool. Yu Huang was very cunning, and Su Tingxue was afraid that she would go back on her words.

Yu Huang raised her index and middle finger, which were stained with blood, and swore to the heavens. She said in a weak voice, "I swear on my soul that I will definitely help Ms. Su find a way to revive in the future and help you return to the mortal world! If I violate my oath, I will explode and die!"

Su Tingxue was satisfied after hearing Yu Huang's oath.

She stood up again and floated in the void while looking at the female leopard.

The female leopard instinctively felt that Su Tingxue was a terrifying existence. A hint of hesitation flashed across its right eye and it wanted to escape.

The female leopard flapped her wings and turned to leave.

Su Tingxue floated a thousand meters into the sky and closed her eyes.

The female leopard flew towards the middle layer of the primitive forest. After flying for more than 500 meters, she felt a terrifying energy wave appear behind her.

The female leopard suddenly stopped and turned to look behind her. She saw that the woman standing in the sky had opened her eyes. Wherever her light gray eyes looked, everything was destroyed!

This was the power of destruction!

Seeing this, the female leopard's fur stood on end.

"Meow!"

The female leopard let out a cry of horror and fled even faster.

However, no matter how fast they flew, could they be faster than people's vision?

In the blink of an eye, Su Tingxue's gaze caught up with the female leopard. The female leopard felt as if she was frozen by magic.

It could clearly feel a terrifying force following her tail and entering its body, charging straight at her head!

"Meow!"

After a heart-wrenching cry of pain, the female leopard lost all consciousness and fell headfirst into the dense forest below.

After using the sure kill Eye of Destruction, Su Tingxue's soul was completely exhausted. Her body immediately disappeared from the void and turned into a faint black mist that returned to Yu Huang's Spiritual Abode.

Yu Huang tried to call Su Tingxue in the Spiritual Abode. "Ms. Su?"

No response.

Yu Huang guessed that Su Tingxue had fallen asleep because of her exhausted soul, so she stopped shouting.

Yu Huang's injuries were too serious. She was like a sieve as blood flowed out of her body. Yu Huang could clearly feel the call of the Grim Reaper.

Yu Huang wanted to switch her mind and restore her body, but she didn't even have the strength to do so.

Yu Huang felt as if she was about to die. She looked at the sky above her and could not help but recall the day she knelt on the mountain peak and committed suicide.

That day, the sky was as blue as this. It was quiet all around, but she did not feel any pain then. Now, the pain of death was unbearable.

So death was actually this painful.

Yu Huang's consciousness slowly dissipated. Just as she was about to lose all consciousness, she suddenly thought of something.

Rebirth Pill!

Her mentor had said that as long as a person was still breathing, they could escape from danger by taking the Rebirth Pill!

Yu Huang used all her strength to raise her finger and place it on the interspatial ring. With a thought, the bottle containing the Rebirth Pill flew out of the interspatial ring.

The bottle landed beside her arm. Yu Huang gritted her teeth and endured the pain as she struggled to roll over. She laid on the ground and picked up the bottle. She used her teeth to bite open the bottle stopper with great difficulty, and a green pill filled with vitality rolled out of the bottle.

The pill rolled to Yu Huang's lips and was stained with mud. Yu Huang did not mind it at all. She opened her mouth and swallowed the pill mixed with mud.

Following that, Yu Huang lost all consciousness.

...

After an unknown period of time, a few drops of rain landed on Yu Huang's face, waking her up.

Yu Huang opened her eyes and realized that it was raining. She hurriedly opened her mouth to swallow a few mouthfuls of rainwater. Only then did she feel better.

Yu Huang raised her hand and pressed it against her abdomen. She discovered that the few bloody holes in her abdomen had already healed, leaving only scars.

She was not dead!

Yu Huang hurriedly stood up and checked her entire body's injuries. She confirmed that all the wounds had healed and that she had really survived. She was relieved and afraid.

If not for this Rebirth Pill, she would have died long ago.

The rain was heavy, but Yu Huang could still smell the burning smell of flesh. She frowned and guessed that this smell might be from the corpse of that Rank 6 demon beast.

Yu Huang followed the smell of burned flesh. She moved through the forest for more than twenty minutes and saw the corpse of the dead Plum Leopard.

To Yu Huang's surprise, the Purifying Evil Phoenix Flame on the female leopard's body had yet to be extinguished. They had been burning the female leopard's corpse. After half a day of burning, the female leopard's corpse was only left with a small blob of black flesh.

Yu Huang looked at the ball of fire in shock and bewilderment. She didn't expect the Purifying Evil Phoenix Flame to actually have such power.

Her cultivation level was still shallow now, so she was unable to unleash the true might of the Purifying Demonic Phoenix Flame. When she was truly powerful in the future, wouldn't the Purifying Demonic Phoenix Flame be able to burn through everything?

Anything that was touched by the Purifying Evil Phoenix Flame would probably be burned into nothingness.

Yu Huang walked over and extended her hand to gently wipe the top of the Purifying Evil Phoenix Flame. The flame was extinguished.

Yu Huang stared at the black meat in front of her toes and muttered to herself for a moment. Then, she took out a dagger and peeled the meat apart while searching for the Monster Core.

This was her first time doing such a thing, and she was somewhat unfamiliar with it.

After Yu Huang flipped through it for a while, the dagger suddenly touched a hard thing. Yu Huang's eyes lit up. She hurriedly separated the meat and saw the Monster Core hidden in it.

It was a red demon core the size of a newborn baby's palm. The demon core was filled with complicated patterns.

It was said that the form of the owner of the Monster Core would be printed on the surface of each Monster Core. However, the patterns on the Monster Core did not look like a Plum Leopard. Instead, it looked like the shape of a certain flying beast.

Could it be that this leopard had coincidentally swallowed the Monster Core of a Rank 6 flying demon beast and thus increased its cultivation level and even obtained a pair of wings that allowed it to fly?

Yu Huang could not help but think: If I absorb the energy of this Monster Core, will she be able to inherit the demon technique of the Monster Core?

Besides, the Beast Tamer Formula she cultivated had the effect of duplicating other people's beast form and cultivation techniques. Could it also duplicate the demon technique of the owner of the Monster Core?

Thinking of this possibility, Yu Huang felt tempted.

She quickly put away the Monster Core and found a hidden cave to stay in. She used two days to recuperate. After her injuries were mostly healed, she specially freed up two hours to eat.

Fortunately, there was a lot of food hidden in her storage device. Yu Huang, who was already hungry, ate until her stomach was full. Then, she laid down and slept soundly.

After eating and drinking her fill, Yu Huang was in high spirits when she woke up.

Only then did she take out the Monster Core from her interspatial ring. After two days of dispelling it, the bloody smell on the Monster Core was already very faint. Yu Huang moved closer to the Monster Core and took a sniff. She could smell a domineering fire-element aura.

It seemed like the owner of this Monster Core was also a fire-type flying demon beast.

What kind of demon beast was that?

Yu Huang carefully observed the patterns on the Monster Core. The more she looked, the more she felt that the patterns resembled those of a phoenix. However, there were no phoenixes on the Holy Spirit Continent.

Yu Huang recalled that when she was searching for a flying beast form in the Myriad Book Pavilion, she had seen a beast form that resembled a phoenix. This beast form was called Vermillion Bird. It was a close relative of the phoenix, but it did not have the divine might of a phoenix.

In a world without the Phoenix, Vermillion Bird was the king of all birds.

The more Yu Huang thought about it, the more excited she became. She disguised the entrance of the cave and entered seclusion to absorb the energy of the Monster Core.

With the tragedy of absorbing the Purifying Spirit Sacred Pearl for the first time, Yu Huang did not dare to foolishly swallow the Monster Core.

She separated a trace of psychic power and wrapped the demon core with her psychic power, slowly purifying the demonic beast's evil aura and demonic nature inside the Monster Core.

This was Yu Huang's first time doing this, so she was very unfamiliar with it. She fumbled for a while before she slowly grasped the technique of purifying spirits.

Under Yu Huang's patient guidance, the evil aura and demonic aura in the Monster Core were purified bit by bit. The process was very slow.

Outside the cave, the sun rose and set while exchanging places with the moon to protect the land.. After about five days, Yu Huang finally purified the demonic aura in the Monster Core.
