Chapter 151: Sheng Xiao, Let My Bloodline End With Me

Knowing that this thing was not a snack but a special nutritional agent, Yu Huang tore open the sealed membrane on the beverage can and drank up the beverage in a few mouthfuls.

The taste of this beverage was actually a little a popular drink. After drinking it, she felt her stomach warm up.

Yu Huang still wanted to drink after drinking it. She asked Sheng Xiao, "Is there more?"

Sheng Xiao could tell that she was pretending. He said, "I don't share things like that with others easily." Of course, good things could only be shared with family members.

Sheng Xiao tapped his finger on the interspatial ring and said, "I still have a lot of this. After you defeat Xuanyuan Jing, you can drink as much as you want."

Yu Huang felt sweet inside, but she said, "Mr. Sheng, you're heartless."

Twenty minutes later, the flying bird stopped in the central square. The students lined up and were led to the Hall of Fame by the vice dean and the Year Head.

The vice dean was in charge of the ritual and was a gray-haired female professor. She did not look old, and the students called her Professor Mu.

Dressed in a professor's robe, Professor Mu stood on the stage and said loudly, "All teachers and students, sing the requiem to comfort the souls!"

The students opened their mouths in unison and chanted the requiem.

The requiem had no lyrics. It was a majestic pure song with the aim of praising the greatness of the ancestors and the heroic act of sacrificing oneself to save others.

Yu Huang chanted the requiem and raised her head to look at the sky. She could vaguely see faint light flickering in the sky. They said that it was the souls of the ancestors who did not want to be rested and were continuously protecting this world.

After singing the requiem, everyone queued up to go to the statue to commemorate their ancestors.

The Hall of Fame worshiped six statues of their late predecessors. In the first place was a beautiful woman in a bright dress.

This woman was Prime Master Goldfeather, the founder of the Divine Realm Academy and the true founder.

According to the information recorded, Prime Master Goldfeather came from the Upper World. She was a battle-type Beast Tamer, and her cultivation level was unfathomable. She cultivated a Divine Rank spatial cultivation technique, and relying on her own strength, she established an independent space that was impregnable, and she established the Divine Realm Academy in this space.

In second place was the disciple of Prime Master Goldfeather, Prime Master Guan Xing, This Prime Master was also very outstanding. He had once led the Divine Realm Academy to the Upper World to participate in the Three Thousand Worlds High School Alliance Tournament and ranked in the top ten. Under his leadership, the Divine Realm Academy had once become one of the top ten schools in the three thousand worlds. Unfortunately, during the thousands of years of evolution, the Divine Realm Academy had long fallen off the stage of the top ten schools.

At third place was a man with a human body and a snake tail. He was called Prime Master Fu Tian by later generations.

Prime Master Fu Tian was a child born from the union of a human woman and a prince of the Beast Clan. He had been taken care of by his human mother and had spent his entire life working to improve the relationship between humans and nonhumans.

Three thousand years ago, the relationship between humans and non-human beings was extremely strained. It could be said that they were like fire and water that could not coexist. When they met, they would fight. This relationship only changed after Prime Master Fu Tian appeared.

Under the efforts of Prime Master Fu Tian, the humans signed a truce with the nonhumans and established a friendly cooperative relationship to start trade.

After three thousand years of development, humans and nonhumans could now coexist peacefully.

The fourth and fifth Prime Master were all people who had made outstanding contributions to the Holy Spirit Continent.

The sixth was the selfless Prime Master.

Professor Mu stood in front of the selfless Prime Master and raised her head to look at the statue of the Prime Master. Her eyes were slightly red as she choked on her tears and said, "The selfless Prime Master Yin Mingjue is a graduate of the 7005th batch of our school. He is also the personal disciple of our school's Dean."

Yu Huang was stunned.

Her father was actually the dean's personal disciple? In that case, wasn't the dean her grandteacher?

"19 years ago, 200 young heroes of the continent gathered at the Central Pagoda to charge into the pagoda, but they were attacked by an unknown force from the outside world. 199 top young Beast Tamers died in the Central Pagoda. In the critical moment, it was the Prime Master who sacrificed himself, to block the space-time gate and block the connection between the Holy Spirit Continent and the Upper World to save the Holy Spirit Continent from suffering."

"We will never forget this kindness!"

Professor Mu looked at the Prime Master and bowed down. He said loudly, "All teachers and students, bow three times to the Prime Master and forever remember the Prime Master's sacrifice!"

Upon hearing this, more than seven thousand faculty members bowed three times to the statue of the Prime Master. Some of the professors who knew Yin Mingjue were even secretly wiping their tears.

ae!

After the ceremony, on the way back, influenced by their predecessors, these students were all in low spirits.

Yu Huang lowered her eyes and looked at her hands. She was thinking about all these things. Sheng Xiao saw that she was not in a good mood and said, "Death is inevitable. You don't have to be sad."

Yu Huang looked up at Sheng Xiao and asked, "Were you sad when the Prime Master passed away?"

Sheng Xiao's eyes flickered. He looked into the distance and refused to answer.

How could he not be sad?

Sheng Xiao was a fan of the Supreme Master. He had admired the Prime Master since he was a child. He even thought about becoming the Prime Master's disciple after he awakened his beast form.

However, before he could awaken his beast form, the Prime Master passed away.

After a while, Yu Huang heard Sheng Xiao say, "Work hard to become stronger. Becoming someone like him who cares about everyone in the world is the best way to remember him."

Yu Huang suddenly laughed. "You're right."

At this moment, Yu Huang suddenly heard Xiao Shu asking Yin Rong, "Rong Rong, I heard that the Prime Master has a daughter who is still missing. Has the Yin Clan found her all these years?"

Yin Rong sighed and said, "Of course. In the first few years, the Patriarch sent many people all over the world to search for the child's whereabouts. But 19 years have passed, and there's still no news of that child. I'm afraid she's most likely dead."

"Sigh!" Xiao Shu turned around and looked at Yin Mingjue's statue in the Hall of Fame. He sighed. "That child's whereabouts are unknown. How can he rest in peace without her?"

Sheng Xiao suddenly said, "If she's alive, you have to see her to be sure. If she's dead, you have to see her corpse to be sure. If you don't see her corpse, how can you confirm that the child is no longer around?"

Xiao Shu and Yin Rong did not dare to say anything else when they heard Sheng Xiao.

Some time ago, they had heard a hot rumor. It was said that their Brother Xiao had an engagement with the daughter of the Prime Master! With this relationship, Brother Xiao naturally could not accept the news that the child might have passed away.

Yu Huang looked at Sheng Xiao with mixed feelings.

Sheng Xiao saw Yu Huang's complicated gaze and misunderstood her.

His engagement with the Yin family's young master was fake, but he did not know why it spread in the school. Sheng Xiao thought that Yu Huang had heard the rumors too. He felt guilty.

Sheng Xiao coughed unnaturally and explained in a serious tone, "The rumors are fake. I just can't bear to see his only daughter wandering outside. I want to find that child so that he can rest in peace."

Yu Huang knew that Sheng Xiao was telling the truth. She asked deliberately, "What rumor is it? I've never heard any rumors about you. Tell me."

So Yu Huang didn't know.

Sheng Xiao was relieved. He shook his head. "Nothing."

Yu Huang deliberately tried to frighten Sheng Xiao. She said, "If you don't want to tell me, I'll ask Yin Rong. They must know."

Xiao Shu's hearing was sharp. When he heard Yu Huang's words, he quickly turned his head and told her, "Don't you know? Brother Xiao and the little Young Master of the Yin Clan had an engagement before?!"

Yu Huang looked at Sheng Xiao with a faint smile. She said in a sarcastic tone, "Is that so?"

Sheng Xiao suddenly glanced at Xiao Shu coldly. "Would it kill you not to speak?"

Xiao Shu was startled.

Although Sheng Xiao was cold and merciless when he punished students who broke the rules, he would not flip out on someone for no reason.

Xiao Shu had known Sheng Xiao for many years. This was the first time he had suffered Sheng Xiao's anger.

Xiao Shu was confused. What had he done wrong?

Yin Rong hurriedly grabbed Xiao Yu's arm and pulled him back. She scolded him softly, "Are you stupid?! Mr. Sheng and our Young Master have an engagement, and the Young Master's whereabouts are unknown. You're still laughing at him? Why wouldn't he scold you?"

Xiao Shu was enlightened and quickly slapped himself.

However, Sheng Xiao's expression darkened when he heard Yin Rong's explanation.

He wasn't!

He didn't!

He had no engagement with the daughter of the Prime Master. That was just a joke between the Prime Master and his father. Now, everyone thought that he had an engagement with that child. He would never be able to clear his name.

Sheng Xiao was helpless. He turned around and glared at Yu Huang. He emphasized again, "I'm not engaged to the young master of the Yin family! That's just a joke between my parents! Even if the young master of the Yin family is still alive, I won't marry her!"

He was afraid that Yu Huang would misunderstand him. If he didn't explain clearly, he wouldn't feel at ease.

Yu Huang narrowed her eyes, as if she did not believe him. She deliberately emphasized, "That's your idol's daughter. Are you really not going to marry her?"

Sheng Xiao shook his head firmly. "No way!"

Yu Huang teased him deliberately, "Then what will you say if you marry her in the end?"

Sheng Xiao gritted his teeth and said, "I will have no children!"

Yu Huang suddenly put her two fingers together and pressed them against Sheng Xiao's lips. She spat and said, "Take back your words. Do you think I don't trust you?"

What no children? That would mean her children!

Sheng Xiao was relieved to see that Yu Huang still believed him.

At the front, Yin Rong and Xiao Shu heard the two people behind them muttering something. They turned around and were shocked to see Yu Huang pressing her finger on Mr. Sheng's lips.

Xiao Shu and Yin Rong muttered, "When did Yu Huang's relationship with Mr. Sheng become so good?"

Yin Rong didn't reply.

Although Sheng Xiao's voice was soft when he was explaining to Yu Huang, they still heard some of the conversation. Yin Rong thought to herself, 'Mr. Sheng has always been indifferent about rumors. Why did he explain it to Yu Huang?'

Could it be...?

Abold thought appeared in Yin Rong's mind, and her eyes suddenly lit up.

A new couple was born!

'Thus, on the way back to school, Yin Rong could not help but secretly peek at the two people in the back seat. When she saw how Mr. Sheng occasionally peeked at Yu Huang, Yin Rong knew that her guess was right.

No one expected that Mr.. Sheng had finally fallen in love with someone, and that was Yu Huang!

Chapter 152: Comprehending the Power of Divine Image

There was no need for lessons the entire day. There was also a group of Kong Ming Lanterns at night to pray for blessings.

After returning to school for lunch, the students took the materials to the field and personally made Kong Ming Lanterns. They drew on them and wrote prayers.

Yu Huang made a total of two Kong Ming Lanterns.

She picked up her pen and drew the outline of a loving couple on the first lamp. This lamp was placed for her adoptive parents in the end of the world. She prayed that her adoptive parents would come back alive and meet again. She prayed that they could have a baby of their own.

She then drew the outline of a family of three on the second lamp. It was for her mother, who had stayed behind in the Upper World alone. She prayed for her mother's health and for their family to reunite early.

Na Luo saw that Yu Huang had made two Kong Ming Lanterns. She walked over and took a closer look. Seeing that the paintings on the two lamps were different, she asked Yu Huang, "Is the family of three on this lamp you and your parents?"

Yu Huang acknowledged it.

Na Luo pointed at the couple in the other light. "Who is this again?" she asked.

Yu Huang was about to explain when Sheng Yang walked over. Her beautiful face was filled with a teasing smile as she asked Yu Huang, "Is it you and my brother?"

In the distance, Sheng Xiao's ears twitched. He suddenly looked at Yu Huang.

Yu Huang met Sheng Xiao's gaze. She shook her head and said, "No, they are a kind couple. They have passed away."

Sheng Xiao looked away.

He held his pen and did not paint for a long time. He stared at the Kong Ming Lantern in front of him for a long time before drawing an animal that looked like a duck. He wrote beside the duck: "The country is prosperous, the people are safe, and life is peaceful."

Yu Huang saw the little duck on Sheng Xiao's Kong Ming Lantern. She pursed her lips and smiled. Then, she heard Na Luo muttering beside her, "Yang Yang, why do you always associate Yu Huang with your brother?!"

Sheng Yang despised Na Luo for being stupid. Just as she was about to explain, she heard Na Luo say with a look of disdain, "Mr. Sheng is like a block of ice. He's seven years older than Yu Huang. He's so old, so how can you pair him with Yu Huang? I think Liuli Feng and Mr. Xiao Shu are both better than Mr. Sheng, right?"

Sheng Yang was speechless.

Sheng Xiao tilted the pen in his hand. The last stroke of the unfinished word 'Qing' suddenly moved to the right, ruining the vibe of the entire calligraphy painting

Yu Huang could not help but laugh when she saw Sheng Xiao's handwriting lengthening

"Na Luo, you're still young. You don't know how good an old man is." Yu Huang patted Na Luo's shoulder and told her, "When you get enlightened, you'll know how good an old man is."

Sheng Xiao narrowed his eyes. Why was a 26-year-old man deemed an old man?!

Na Luo understood what Yu Huang meant. She was indirectly admitting that she and Senior Sheng were indeed a thing. However, Na Luo could not understand why these two people had a good impression of each other.

Was it the chemistry between the strong?

As they chatted, the sky darkened.

Everyone lit up all the Kong Ming Lanterns and closed their eyes to pray for the last time before releasing the Kong Ming Lanterns.

Thousands of Kong Ming Lanterns were released at the same time and floated into the sky of the Divine Realm Academy. They would carry the hopes of countless people and hang in the sky forever by turning into stars.

Yu Huang looked at this dreamlike scene and her consciousness suddenly fell into a mysterious state. She did not notice that there were traces of weak pale golden light surging into her body from all directions.

Sheng Yang noticed Yu Huang's change and was somewhat shocked. "What is this?"

Doris happened to be standing beside Yu Huang and the others. After releasing the Kong Ming Lantern, she lowered her head and noticed the changes in Yu Huang.

When Doris saw this scene, she thought of something and hurriedly ran towards the vice dean. Her voice was trembling with excitement as she said, "Professor Mu, a student of ours seems to have realized the power of the divine image!"

Hearing this, Professor Mu was stunned. He grabbed Doris's hand and asked anxiously, "Where is that student?!"

"It's the freshman student from Class S, Yu Huang! Follow me!" Doris brought the vice dean through the crowd and arrived beside Yu Huang.

The vice dean watched as the weak golden light surged into Yu Huang's body. She grabbed Doris's arm and sighed. "It's really the power of the divine image!"

The surrounding students sensed this change and also looked at Yu Huang.

Sheng Xiao walked through the crowd to Yu Huang's side. He saw that Yu Huang's eyes were closed. It was obvious that she had realized something. Sheng Xiao did not dare to disturb Yu Huang. He looked at the vice dean and asked, "Professor Mu, what is the power of divinity?"

Professor Mu looked at Yu Huang with excitement in his eyes. He could not conceal his excitement as he said, "When I was a child, I went to the Upper World to study. I saw some documents about Divine Master in the Upper World."

"It is rumored that only Beast Tamers who have comprehended the power of the divine image have a chance of becoming a Divine Master! And those who have successfully comprehended the power of the divine image are called the seeds of the Divine Master."

Tears welled up in Professor Mu's eyes as she sighed with excitement. "God didn't abandon our Holy Spirit Continent! A Divine Master seed has finally appeared on our Holy Spirit Continent!"

Upon learning that the new student Yu Huang was actually a Divine Master seed, the expressions of the other students became complicated.

Some were happy for her, while others were jealous of her talent.

How young was she? How did she comprehend the power of the divine image?

When Sheng Xiao found out that Yu Huang had realized the power of divinity, he looked at her with a burning gaze. Yu Huang, you really keep giving me surprises.

Meanwhile, Xuanyuan Jing, who was standing at the back of the crowd, turned ashen after hearing Professor Mu's explanation.

He stared at Yu Huang's masked face in a daze and only felt that it was ridiculous and laughable. Didn't they say that there were no Divine Masters in this world anymore?

Yu Huang was born into an ordinary family and her looks were ruined. What right did she have to become a Divine Master seed?!

Although Yu Huang had extraordinary talent, there were many more talented Beast Tamers than her. Wasn't Sheng Xiao also an S-rank Beast Tamer who had awakened her super beast form?

Even Sheng Xiao could not become a Divine Master. How could Yu Huang?!

Why?!

Xuanyuan Jing suddenly thought of Yu Huang's determined and proud expression when she made a bet with him a year ago, and a suffocating feeling suddenly formed in his chest. "Hmph!" Xuanyuan Jing suddenly clutched his chest, and a trace of blood flowed out from the corner of his mouth.

He hurriedly wiped the blood from the corner of his mouth and staggered out of the field.

Nothing was more shocking than Yu Huang becoming a seeded contestant of Divine Master.

Yu Huang had no idea how great of a commotion the changes that had happened to her had caused.

Because her consciousness had already left her body and been pulled into a strange world.

This world was barren. There was only a desert as far as the eye could see. In the middle of the desert, there was a golden triangular tower that was very similar to the pyramids of Earth in her memories.

She stood outside the tower and pondered for a moment before walking in.

The golden light inside the pyramid was dazzling.

Yu Huang did not understand why she would appear here. With the thought of taking things as they came, Yu Huang decided to sit cross-legged in the pagoda.

Instead of wasting time, it was better to concentrate on cultivation.

Yu Huang sat there for the entire day.

When she opened her eyes again, she saw that she was still in the tower. She felt that she couldn't just sit without doing anything, so she got up and left the pyramid before walking towards the distant desert.

She walked in the desert for a day without seeing a single plant. She immediately gave up on the idea of leaving. From the looks of it, it was impossible for her to take the initiative to leave this place. She could only wait until the time was up before she was ejected from this world.

Yu Huang returned to the pyramid. With nothing to do, she decided to enter seclusion and research the Blazing Moon Art.

According to her memories, Yu Huang clumsily imitated the move Yin Mingjue used when he used the Blazing Moon Art. However, even though it was clearly the same action, Yin Mingjue seemed impressive when he did it, while she seemed to be messing around.

Yu Huang was somewhat dejected.

She remembered that her father had said that when practicing the Blazing Moon Art, the most important thing was comprehension, not imitation.

However, comprehending this thing had always been profound and difficult. Sometimes, you would spend ten years without being able to comprehend the profundity within it, and when you had a flash of inspiration, you might instantly comprehend the truth within.

After Yu Huang thought it through, she was in no rush to comprehend the cultivation technique. She decided to first learn the cultivation technique and its moves before pondering over the cultivation technique's soul.

Ten days passed in the blink of an eye.

On this day, after Yu Huang finished practicing her cultivation technique, she saw that the sky was about to darken again. Just as she was planning to sit down and rest like usual, her feet suddenly trembled, as if there was an earthquake.

Yu Huang hurriedly flew up and saw that this world had activated the self-destruct sequence. The desert instantly collapsed into nothingness, and immediately after, the pyramid was destroyed.

The entire world shook violently. Yu Huang felt as if she was being pulled by some kind of force again. When she opened her eyes again, she had returned to the real world.

She stood on the spot while many people surrounded her and chatted.

Seeing that Yu Huang had finally woken up, Professor Mu hurriedly came to her and stared at her carefully for a moment before asking, "Yu Huang, have you realized anything?"

Yu Huang rubbed her stomach and said, "I feel so hungry."

Everyone was speechless.

Yin Rong suddenly burst into laughter.

Some students directly ridiculed, "What's going on? Isn't she a seeded contestant of a Divine Master? Didn't she comprehend the power of the divine image? In the end, she only realized that she was very hungry. What the heck?"

"Looks like the seeded contestant of a Divine Master is only so-so."

Professor Mu glanced at the gossiping students behind her. Her usually gentle gaze suddenly became as sharp as a knife, scaring the students into closing their mouths.

“Divine Realm Academy is a place to teach you all to become successful, not a place to teach you all to become gossipy. If you have the time to ridicule others here, why don’t you go back and diligently cultivate to increase your cultivation level to see if you can comprehend the power of divinity?!”

After being scolded by Professor Mu, the students dispersed. However, the matter of Yu Huang becoming a Divine Master seeded contestant was destined to become a hot topic of discussion tonight.

After scolding away these narrow-minded students, Professor Mu then said to Yu Huang, “Yu Huang, follow me..”

Chapter 153: Still a Child

Yu Huang was brought to the office by Professor Mu.

Professor Mu was an elegant and noble old woman. Under her professor robe, she always wore a long silk dress. Her hair was always combed neatly, and the earrings she wore never clashed.

Just like her, her office was decorated in a very tasteful manner. The sapphire blue European-style curtains hung in front of the floor-to-ceiling windows, giving the entire office a sense of elegance.

Yu Huang stood in the vice-principal’s office wearing a crumpled school uniform while feeling out of place.

Professor Mu opened the fridge and took out a few pieces of bread and a box of yogurt. He placed them on a beautiful plate and placed them on the table in front of Yu Huang.

Yu Huang stared at the plate and instantly had the illusion that she was a princess of the royal family with a noble status.

Professor Mu smiled kindly and said to her, “Aren’t you hungry? Let’s talk while we eat.”

“Thank you, Professor Mu.” Yu Huang picked up the milk, took a sip from the straw, and took the initiative to ask Professor Mu, “Professor Mu, what is a Divine Master seed candidate?”

Earlier, when she woke up, she had heard someone mention Divine Master seed candidate. This was the blind spot of Yu Huang’s knowledge. If she did not know, she would not feel at ease.

Professor Mu told her, “Beast Tamers who have comprehended the power of a Divine Master are called Divine Master seed candidates.”

Yu Huang pointed at herself. “Did I comprehend the power of a Divine Master?”

“It’s you.” Professor Mu smiled kindly at her, as if she was afraid of scaring Yu Huang. She asked her gently, “Can you tell me what you experienced just now?”

Yu Huang recounted her experience. “Just now, I was suddenly brought to a world I had never been to before. That place was desolate and there was only a pyramid. I cultivated inside for ten days before I

was ejected from that world.”

“You actually stayed in that world for ten days?” Professor Mu sighed with emotion. “As expected of the power of the Divine Master. Ten minutes in the real world is ten days in the world of divinity.”

Yu Huang also realized that the flow of time in that world was different from the outside world’s. She felt that it was rather magical. Yu Huang asked Professor Mu, “Professor Mu, how can I comprehend the power of the Divine Master?”

Yu Huang also realized that the flow of time in that world was different from the outside world, She felt that it was rather magical. Yu Huang asked Professor Mu, “Professor Mu, how can I comprehend the power of the divine image?”²

Yu Huang herself was also confused. She said honestly, “I don’t know why either. When I saw the sky full of Kong Ming Lanterns earlier, I was suddenly pulled into that pyramid. If you didn’t mention it, I wouldn’t even know that I comprehended the power of the Divine Master.”

Professor Mu was a little disappointed. She said, “It seems that whether or not one can comprehend the power of the Divine Master depends on one’s talent.” The word ‘talent’ could kill a ship full of people with one strike.

“Professor Mu, can a Beast Tamer who has comprehended the power of the Divine Master become a Divine Master?” Yu Huang felt her heart burning with excitement.

“No.” Professor Mu shook her head and sighed. “Whether or not one can comprehend the power of divinity is the key to determining whether or not a Beast Tamer can become a divinity master. Very few people in the three thousand worlds have comprehended the power of a Divine Master, but not a single person became a Divine Master.”

“In the three thousand worlds, it has been many years since a Divine Master appeared.”

These words were like a bucket of cold water splashed on Yu Huang’s head. She immediately calmed down.

Seeing Yu Huang’s depressed expression, Professor Mu could understand her dejection. She comforted Yu Huang, “However, you being able to sense the power of the Divine Master is a form of affirmation from the heavens. Yu Huang, you have talent that others cannot compare to. I hope you won’t waste your talent.”

Yu Huang took note of Professor Mu’s earnest advice and only returned to the dormitory after finishing the few pieces of bread.

After returning to the dormitory, Yu Huang was pulled by Sheng Yang and Na Luo to sit on the sofa in the living room. She listened to them kiss up to her for a long time before she was allowed to return to her room to rest.

Yu Huang was lying on her bed, but she couldn’t fall asleep no matter what.

She did not understand why there were no Divine Masters in this world. Since there were no Divine Masters, why would there be Divine Master seed candidates?

Yu Huang only managed to fall asleep after half the night had passed. Just as she was sleeping soundly, she suddenly heard Professor Gold’s energetic voice shouting from the dormitory, “Yu Huang! Get down here! It’s time for class!”

With this roar, not only did Yu Huang wake up, but all the students in the dormitory were also awakened.

Yu Huang immediately put on her clothes and ran downstairs. Professor Gold led her to the back of the mountain.

Gold Ingot threw Yu Huang on the ground and placed the pressure stone on Yu Huang's head again. He said to her, "Don't think that just because you've comprehended the power of the Divine Master that you're so powerful. We still have to practice what we should."

Yu Huang did not refute Professor Gold's words. She got up and started training without a word.

To Professor Gold, he had only given Yu Huang a day off. However, Yu Huang had spent ten days in the pyramid. When she carried the weighting stone on her back again, she felt her spiritual power being suppressed and her movements becoming sluggish. Yu Huang actually felt a sense of familiarity. She walked three hundred steps in one breath. It was already dark.²

When Professor Gold saw that she could finish these three hundred steps without stopping, a look of satisfaction finally appeared in his eyes. However, he was afraid that Yu Huang would be too proud, so he said with a fierce expression, "That's still not enough. When you can move freely with the weight enhancement stone on your back and can spar with me for a while, you'll graduate from my place successfully."

Even someone as outstanding as Sheng Xiao took nine years to graduate from Professor Gold. Yu Huang felt that the road ahead was long. She nodded and said, "I will graduate successfully!"

"Hmph! Who knows." For the next half a month, Professor Gold stayed behind the mountain to train with Yu Huang.

The wind blew, the sun shone, and the rain poured. She trained everyday.

In the blink of an eye, it had been two months since Yu Huang entered the Divine Realm Academy. The Divine Realm Academy had finally given them half a day off while allowing them to take back their phones and contact their families.

Yu Huang, who had been cultivating diligently, suddenly found Professor Gold and requested for leave.

Professor Jin was sitting on a tree while chewing on a plate of spicy duck collarbone. He glanced at Yu Huang lazily and asked, "Why are you taking leave?"

'When Yu Huang smelled the enticing spicy aroma, her gluttonous spirit came alive.

She gulped and said, "The school is distributing cell phones today. I want to call my father."

Professor Gold asked her, "Who are your family members?"

".. Tm an orphan with only one foster father."

"Tsk, how troublesome!" Professor Gold threw all the remaining duck clavicles on the plate to Yu Huang and waved her away with an irritated expression. "Get lost, get lost!"

"Thank you, Professor Gold!"

Yu Huang took the duck collarbone with both hands while chewing as she ran in the direction of the academy. Professor Gold looked at her back and shook his head while sighing, "She's still a little kid."

Thank you for reading on myboxnovel.com

Yu Huang went to Doris' office to retrieve her phone. She really wanted to give her father a video call immediately. However, she felt that her body was dirty. Afraid that her father would be worried if he saw her, she returned to her room to take a shower and change into a red dress. Only then did she grab her phone and go to the small garden beside Weiyang Lake to contact Yu Donghai..

Chapter 154: Sheng Xiao Is in Love!

Yu Donghai knew that the Divine Realm Academy would be on break this afternoon, so he had been waiting for Yu Huang's call.

Yu Donghai's phone rang, and he hurriedly answered the call. Staring at Yu Huang's appearance on the screen, Yu Donghai finally smiled.

"Father."

"Is everything alright in school?"

"Yes."

Yu Donghai was relieved and asked her again, "What's the name of your professor?"

"professor Gold Ingot." As soon as Yu Huang finished speaking, she saw Yu Donghai's expression turn strange. She hurriedly asked Yu Donghai, "Father, you know Professor Gold Ingot?"

"How could I not know him?!" Yu Donghai revealed a helpless smile. He said, "That fellow is a cultivation madman. During our school days, he would challenge the young master in the arena every time. He gets miserably defeated every time. I have never seen anyone more stubborn than him."

This suited Professor Jin's personality.

"If that fellow finds out that the student he painstakingly fostered is the child of his sworn enemy. Tsk tsk, that scene would surely be very interesting." Yu Donghai hoped to see that scene occur.

Yu Huang did not dare to imagine that scene.

The two of them chatted for more than half an hour before Yu Donghai reluctantly said, "Let's talk again next time. You should also give your master a call."

"Okay."

After Yu Donghai hung up, Yu Huang gave Lin Jiansheng a video call.

Lin Jiansheng accepted the video call. Seeing that Yu Huang's gaze had become sharper after staying in the Divine Realm Academy for two months, he smiled and said, "It seems that Gold Ingot taught you well."

Upon hearing this, Yu Huang guessed a possibility. She asked Lin Jiansheng, "Mentor, did you ask the dean to give me to Professor Gold?"

Lin Jiansheng did not deny it. He said, "Gold Ingot is very good at teaching students. Cultivate well with him and you will achieve something."

"Tunderstand."

Lin Jiansheng asked her again, "Have you made any new friends?"

Yu Huang nodded and told Lin Jiansheng, "I live in the same dormitory as the youngest daughter of the Sheng family head. There's also a little mermaid girl."

Lin Jiansheng blinked his eyes indecently and said, "You didn't make friends with Mr. Sheng?" He deliberately emphasized the word 'friend'. Clearly, 'friend' wasn't referring to 'friend'.

Yu Huang was silent for a moment before saying, "This person isn't easy to win over."

"Useless! Don't call me again before you win him over. You're embarrassing me!" Lin Jiansheng was about to hang up the phone when he thought of something and said to her, "Remember to visit the Purifying Spirit faculty when you're free. You can learn something from the professors in the faculty." "Okay."

After ending the call, Yu Huang switched on her phone and surfed the internet. She read through all the major events that had happened in the past two months before turning off her phone.

Yu Huang stood up and was about to return to her dormitory when she suddenly received a message.

Sheng Xiao: "Where are you?"

Yu Huang raised her eyebrows and replied, "Central Lake"

Sheng Xiao replied, "Wait for me."

Although she did not know why Sheng Xiao was looking for her, Yu Huang still sat there and waited for him.

Soon, Sheng Xiao arrived.

Since it was the break, Sheng Xiao did not wear his school uniform.

The weather turned cold and he wore a navy blue windbreaker with a white shirt inside and a sapphire collar pin at the collar. His black trousers were wrapped around his long legs and he wore a pair of combat boots.

He was handsome and spirited.

Sheng Xiao walked toward Yu Huang from the other end of Weiyang Lake. He looked elegant and graceful.

Yu Huang was not obsessed with looks, but she liked Sheng Xiao's face very much. Yu Huang felt guilty when she thought about how she had fallen in love with such a young child at her age.

Sheng Xiao only realized that Yu Huang was still wearing a dress when he walked to her side. He stared at Yu Huang's arms and legs. He frowned and asked, "Aren't you cold?"

The people in this season wore clothes randomly. Because Yu Huang was in her beast form, she was more afraid of heat than most people, so she was still wearing a skirt.

Yu Huang extended her hand toward Sheng Xiao. She wanted him to touch the back of her hand to see if she was cold.

But Sheng Xiao misunderstood. He stared at Yu Huang's slender hand. His ears turned red. "It's not good to hold hands, is it?"

Yu Huang froze.

Tsk.

She retracted her hand and asked Sheng Xiao, "Why are you looking for me?"

Sheng Xiao said, "I'm taking you to the trading market. Are you going?" Yu Huang had been training behind the mountain for the past two months. Sheng Xiao guessed that she did not know that such a place existed in the school.

"Trading market?" As expected, Yu Huang did not know that there was a trading market in the Divine Realm Academy. She asked Sheng Xiao, "Where is it?"

"at the central square. Every afternoon on the 15th of every month, students and professors would set up stalls at the central square to sell some trinkets. Do you want to take a look?"

Yu Huang did not say anything. Her eyes scanned Sheng Xiao like X-rays.

His slightly long hair was combed carefully, revealing his clean and plump forehead. His chin was clean, and there was a sapphire collar pin on the collar of his white shirt.

No matter how she looked at it, he looked too dressed up.

Yu Huang narrowed her eyes and said, "Brother Xiao, are you inviting me on a date?"

"No." Sheng Xiao's gaze remained calm, but his slightly red ears betrayed his thoughts. "Are you going?" Why was this girl so annoying?

"I'm going!"

Sheng Xiao finally relaxed when she agreed.

"Then let's go."

The flying birds in the academy would only be used for free for the students during group activities. Usually, students would have to accumulate points if they wanted to ride the flying birds to a certain place.

Under such circumstances, everyone would usually go to the back of the mountain to catch a bird as a transportation means.

Yu Huang had the wings of a Vermillion Bird. She could fly directly. Sheng Xiao, who advanced to Supreme Master level, could also fly on objects. It saved them a lot of points.

Yu Huang spread her wings and was about to fly when Sheng Xiao took out a motorcycle from his interspatial ring.

Yu Huang retracted her wings and asked Sheng Xiao, "Shall we ride the bicycle over?"

Sheng Xiao nodded and got into the car. He took off another safety helmet and handed it to Yu Huang. "Come up."

Yu Huang took over the helmet and noticed that there was a brand new label on it. She knew that Sheng Xiao had just bought the helmet.

She might be the first person to sit behind Sheng Xiao's motorcycle.

Sheng Xiao saw her looking at the helmet and asked, "Do you know how to wear it?"

What did Yu Huang not know? She deliberately shook her head and asked him, "If I don't know, can you help me?"

Sheng Xiao really reached out and took the helmet from her hand. Seeing that there was no one around, he said, "Take off your mask." She could not wear the helmet unless she took off her mask.

Sheng Xiao had seen the scars on her face before. Yu Huang did not feel burdened at all. She took off her gold mask under Sheng Xiao's gaze.

Sheng Xiao stared at her scarred face and suddenly said, "There's a professor in the Department of Healing who is good at repairing skin. Shall I bring you to her when you're free?"

Although Yu Huang was already dazzling enough, her disfigured face was still a flaw. Sheng Xiao hoped that Yu Huang could regain her former appearance.

Yu Huang asked, "Can it be healed?" Although whether or not she was ugly or beautiful, Yu Huang would live well, being able to live beautifully was better than being ugly.

Sheng Xiao said, "We have to try."

Yu Huang understood that Sheng Xiao was not suggesting that she was ugly or embarrassing. He was sincerely hoping that she would lead a better life. She smiled at Sheng Xiao. "Sure, let's go for a try." "Okay."

Sheng Xiao put the helmet on Yu Huang and reminded her, "Sit tight."

Yu Huang crossed her legs and sat behind him. She put one hand around Sheng Xiao's waist.

Sheng Xiao lowered his eyes and looked at the hand on his waist. Then, he stepped on the accelerator. The motorcycle sped along the cement road at lightning speed.

Forty minutes later, they finally arrived at the central plaza.

The usually empty central plaza was especially lively today. The students prepared tables and cloths and set up stalls on the plaza, forming a circular market.

The items in the bazaar were sold in two ways. One was to exchange for items, and the other was to buy with points.

Sheng Xiao told Yu Huang, "You can tell me if you like something." He paused for a moment before continuing, "I have points."

Sheng Xiao told Yu Huang, "You can tell me if you like it." He paused for a moment before continuing, "I have points."

Yu Huang could buy anything she liked. But since Sheng Xiao had asked, she agreed. "Sure!"

The two walked side by side towards the market.

All the students in the school knew Sheng Xiao. When they saw Sheng Xiao walking with a woman with an enchanting figure and strolling around the market, they were all surprised.

Yin Rong was also setting up her stall at the market tonight. When she saw Sheng Xiao and Yu Huang appearing at the market together, she knew that her guess was right.

Yin Rong would come to the market on the 15th of every month to set up her stall. In the past six years, the number of times she saw Sheng Xiao at the market could be counted on one hand. This was the first time she saw him bringing a girl to the market.

In the Divine Realm Academy, inviting girls to the market was equivalent to a date.

Xiao Shu was helping Yin Rong. When he saw Sheng Xiao and Yu Huang, he could not help but mutter to Yin Rong, "Why is Brother Xiao here with Yu Huang?"

Yin Rong felt that Xiao Shu was blind. "Can't you tell? Senior Sheng is dating Yu Huang!"

Xiao Shu widened his mouth in shock and exclaimed, "What? Brother Xiao is dating?!"

Xiao Shu's voice was so loud that half of the people in the market heard him. Instantly, many people turned to look at Sheng Xiao and Yu Huang.

Their eyes were burning with disbelief.

'When they saw Sheng Xiao and his junior, they were wondering about their real relationship. Even though they had guessed that they might be dating, they were not sure.

However, Xiao Shu was one of the few people in the school who was close to Sheng Xiao. When he said 'Brother Xiao is in a relationship', it proved that Sheng Xiao was in a relationship.

'When they saw Sheng Xiao and the girl beside him, some people recognized that the girl was Yu Huang, who was in the first grade. Their expressions became ambivalent again.

It was shocking that Sheng Xiao would fall in love with a disfigured junior.

Sheng Xiao was outstanding. He had an excellent family background, ability and appearance. If he wanted to, all the unmarried girls in the Holy Spirit Continent would be willing to queue up for him to choose. But why did he fall for a disfigured girl?

But who would dare to comment in front of Senior Sheng?

No one dared.

Sheng Xiao noticed their gazes, but he did not care. He stood beside Yu Huang calmly and took the initiative to stand at the side where there was the most traffic. He did not want anyone to bump into Yu Huang.

Yu Huang noticed Sheng Xiao's thoughtfulness and liked him even more. He was such a good child. Not only was he good-looking, but he was also considerate of women and did not lust for beauty.

She really liked him.

Chapter 155: A Love Token

The two of them started to look at the first stall. The stall owner was a senior in the Healing Department. In front of his stall were many medicinal herbs. Every item had a price tag on it, and no bargaining was accepted.

Yu Huang saw a light silver grass. She was a Purifying Spirit Master and could sense the rich soul force emanating from the grass.

Seeing that Mr. Sheng's girlfriend was interested in the herb, the senior quickly picked up the introduction card beside the herb and told Yu Huang, "This is called Soul Concentrating Grass. It's very useful for beast tamers with damaged souls. Consuming this herb can condense the soul and prevent the soul from dissipating!"

"You have good taste. You saw the best thing here at first glance."

It was truly a case of someone giving her a pillow when she was sleepy. This Soul Concentrating Grass was what Yu Huang needed the most.

Previously, Su Tingxue fell into a deep sleep to save her soul. In order to stabilize Su Tingxue's soul, Yu Huang gave Su Tingxue the Spirit Gathering Grass that Saint Xuan Ye gave her last year.

But she still needed a more effective Soul Concentrating Grass to condense her father's soul.

Yu Huang asked the stall owner, "How much?"

The vendor extended two fingers.

Yu Huang frowned. "200 points?"

The stall owner revealed an awkward smile. "This is a Soul Concentrating Grass that can only be found beside a level 7 demon beast lair. 200 points cannot buy it."

Yu Huang heard Sheng Xiao say, "2000."

Yu Huang was speechless.

She did not have 2000 points. She would not have it even if she was sold.

Sheng Xiao did not know what Yu Huang needed it for, but as long as she wanted it, he would buy it for her. He had earned points for 14 years, and now, he finally had a use for it.

Sheng Xiao handed the point card to Yu Huang. "Use mine."

In the Divine Realm Academy, point cards were equivalent to bank cards. Whoever was willing to give their point cards to others was undoubtedly true love. Seeing Senior Sheng give his point card to that junior further confirmed their relationship.

Naturally, Yu Huang could not spend Sheng Xiao's points. She accepted the card but did not swipe it. Instead, she looked at the stall owner and asked, "Can we exchange?"

The vendor was taken aback.

He glanced at Sheng Xiao, who was standing behind Yu Huang. He saw that Sheng Xiao was frowning. He could not tell what Senior Sheng was thinking. So, he told Yu Huang the truth. "You can make an equal exchange, but you must give me something that I'm satisfied with."

Hearing this, Yu Huang took out three Monster Cores from her interspatial ring. She said, "There are three level 2 Monster Cores here. Is that enough?"

Hearing that, the stall owner was tempted.

If his Soul Concentrating Grass was put up for auction, it would sell for at least twenty thousand spirit stones. According to the auction market price, one level two Monster Core could only be auctioned for five thousand spirit stones, and three Monster Cores would be auctioned for fifteen thousand spirit stones.

After thinking for a while, the stall owner started to bid. "If you can give me another level-three Monster Core, you can take the Soul Concentrating Grass. I can also give you a few more items." The stall owner picked up a few types of Blood Clotting Grass beside the Soul Concentrating Grass and gave them to Yu Huang.

Yu Huang wasn't stupid.

She took back a level two Monster Core and took out a level three Monster Core. She said to the stall owner, "Two level two Monster Cores and one level three Monster Core for all the herbs in your stall. Do you want to sell them or not?"

She could also tell that the only valuable thing on this stall was the Soul Concentrating Grass. The rest were ordinary herbs that could be found anywhere.

The stall owner saw that Yu Huang was someone who knew her stuff and knew that she was not easy to fool. He was afraid that Yu Huang would go back on her words, so he quickly reached out and grabbed the Monster Core in Yu Huang's hand. "Alright, I'll give you everything!"

Yu Huang had lived in the abyss for three months and gained quite a lot. Yu Huang still had a lot of Monster Cores of this grade.

However, the students in the academy rarely interacted with demon beasts. Every year, when they went out on missions in June, they would also work together. The Monster Cores they hunted would usually be exchanged for spirit stones.

A grade 3 Monster Core like this was extremely precious to the stall owner. The stall owner had no reason to reject Yu Huang's business.

The corners of Yu Huang's lips curled up as she bent down and stored all the herbs into her interspatial ring.

Sheng Xiao was a little disappointed when he saw that Yu Huang had bought all the items in front of stall number one with her own ability. He wanted to spend money for Yu Huang, but she was a rich lady herself.

The feeling of having points but no one to help him spend them made Sheng Xiao very depressed.

Yu Huang could tell that Sheng Xiao was upset when she saw his lips pursed tightly.

In order to appease this guy's fragile heart, Yu Huang said, "There's a jewelry store in front. Buy me some jewelry."

In order to appease this guys fragile heart, Yu Huang said, "There's a jewelry store in front. Buy me some jewelry."

1

The person selling the jewelry was none other than Yin Rong.

In front of Yin Rong was a long square table covered with a pure white piece of cloth. There were many exquisite accessories placed on it, and practically every female student would stop and buy one or two when they arrived at her stall.

Yin Rong noticed that Sheng Xiao and Yu Huang were walking toward her stall. She noticed that Senior Sheng even wore a collar pin for today's date. She thought for a moment and quickly took a stone collar pin from her jewelry.

When Yu Huang and the others approached, Yin Rong smiled warmly at Yu Huang and said, "Yu Huang, are you buying jewelry? Why don't you buy a collar pin for Senior Sheng?"

Without waiting for Yu Huang to speak, Yin Rong eloquently explained, "Look at this brooch. It doesn't look as gorgeous and exquisite as Senior Sheng's brooch, but its meaning is unique."

"Do you know that the white jade carved on this stone is also known as the Three Lives Stone? If a woman were to give this jade to a man, it would mean that she would be happy with him and would be willing to spend three lifetimes with him."

After hearing Yin Rong's explanation, Yu Huang's expression became a little complicated. She hadn't expected Yin Rong to be this kind of senior.

She was able to praise this ordinary stone-patterned jade stone to the skies. With her eloquence, she should really be a salesperson. She would definitely become the number one sales person in the Divine Moon Empire.

Although he knew that it was fake, Sheng Xiao looked at the collar pin with anticipation.

Would Yu Huang give him this?

Yu Huang was speechless when she saw the look in Sheng Xiao's eyes. He was a smart child. Why would he believe that?

Seeing that the stone-collared brooch was priced at 20 points, Yu Huang took out her point card. "I'll buy it." It was not an expensive item, it was worth it to make him happy.

'When he saw that Yu Huang had bought the collar pin, Sheng Xiao suddenly turned to look at her. His gaze was burning with passion.

Yu Huang had a feeling that Sheng Xiao would rush over and kiss her if it was not for the fact that the occasion didn't allow it.

Yu Huang's heart skipped a beat. She was too embarrassed to look at Sheng Xiao.

After Yin Rong collected the points, she quickly passed the needle to Yu Huang. Yu Huang took the needle and coughed. She lowered her head and said to Sheng Xiao, "Your collar needle must be very expensive. If you break it and lose it, it will be a pity to lose it!"

Then, Yu Huang stuffed the stone collar pin she had just bought into Sheng Xiao's chest pocket. She said, "Change into this. It's cheap. It won't be a pity even if you lose it."

Sheng Xiao did not say anything. He looked at Yu Huang deeply and told her seriously, "It will be a pity to lose it."

Yu Huang was stunned.

This guy.

Sheng Xiao took off the blue collar pin in front of Yu Huang. He put the stone collar pin on her solemnly. He touched the collar pin gently and told her, "I like this gift very much."

Yu Huang's face blushed with embarrassment as she hurried to the next stall.

Sheng Xiao followed her closely.

As soon as the two of them left, Xiao Shu said to Yin Rong, "You can predict everything like a god. Who would have thought that Senior Sheng would really fall for Yu Huang?"

Yin Rong was like a hardcore fan shipping a couple. She looked at the two of them with her eyes flickering as she said, "I'm suddenly looking forward to how Xuanyuan Clan's young master will react when he finds out about Yu Huang and Senior Sheng."

Xiao Shu sneered. "He deserves it!"

Xiao Shu picked a stone ring from Yin Rong's stall and said, "This thing looks pretty good. It's not expensive anyway. Rong Rong, give me one too!"

Yin Rong smiled gently at him and took back the ring. "There's a lot of them by the cliff at the back of the mountain. Go find them yourself."

Xiao Shu grinned, but his eyes were filled with disappointment.

Sheng Xiao and Yu Huang went through all the stalls in the market. In the end, Yu Huang picked a comb made of jade. The jade comb was a low-level magical weapon. It could be used to comb one's hair to keep one's mind clear.

The price was 50 points.

This time, Sheng Xiao did not wait for Yu Huang to swipe her card. He swiped his own card and gave her the comb.

'When they returned to the academy, Sheng Xiao accompanied Yu Huang to the female dormitory before saying goodbye to her. Yu Huang held the comb and asked him, "Did we go on a date tonight?"

Yu Huang thought that Sheng Xiao would continue to avoid the question. But Sheng Xiao nodded and said, "Of course."

Yu Huang laughed. "Then what is our relationship now?"

Sheng Xiao still said, "Our relationship depends on whether you can defeat Xuanyuan Jing."

Even at this point, he still had such a tsundere attitude. Yu Huang rolled her eyes and scolded him, "Serves you right for not being pursued!"

Yu Huang turned around and entered the dormitory building, only to meet Doris, who was patrolling downstairs.

Doris reached out and patted Yu Huang's shoulder. Yu Huang thought that Doris was going to hit her so she quickly hid away.

Doris took back her dogma book and stood elegantly in the middle of the corridor. She said to Yu Huang, "You're really surprising to be able to take Sheng Xiao down."

Sheng Xiao had grown up under the watch of Doris and the other professors. The other students started dating then broke up again and again, but Sheng Xiao was still single. The professors were worried for him.

Now, it was Sheng Xiao's turn. His girlfriend was also an outstanding girl. Doris and the others were happy to see that happen.

Unfortunately, this girl's appearance was damaged.

Yu Huang was a little embarrassed when she heard Doris. She immediately ran upstairs.

Doris walked out of the dormitory building. Seeing that Sheng Xiao was still standing at the foot of the building, she laughed and teased him.. "We've only been apart for less than two minutes and you're already reluctant to leave?"

Chapter 156: For Love, You Could Protect the World. For Hatred, You Could Destroy the World(3)

I

It was Sheng Xiao's first time in a relationship. Naturally, he felt shy and very uncomfortable. His ears started to turn red again.

Doris teased him. "You're usually an aggressive child when fighting. Why are you so shy when you're in love?"

Sheng Xiao begged for mercy. "Professor, please don't make fun of me."

"Alright, alright. Let's not talk about you anymore." Doris's expression turned serious. She turned to him and asked, "How's your preparation for the Central Pagoda challenge next year?"

At the mention of serious matters, Sheng Xiao immediately regained his usual cold demeanor. He said, "I'm fully prepared."

Doris sighed. "It's been 19 years since the Prime Master passed away. No one knows what happened inside the spacetime door in the Central Pagoda. Before you find out what happened to the spacetime door, even if you manage to enter the last level, don't go near it easily. Do you understand?"

Sheng Xiao nodded. "I understand."

"Alright, go back and rest. I'll keep an eye on your little girlfriend for you." After a pause, Doris smiled wickedly again and said, "If someone tries to steal your girl, I'll be the first to punish him for you!"

1

Sheng Xiao pursed his lips. He ignored Doris's teasing and left.

Doris shook her head. "This child is obviously over the moon. Why does he always keep a straight face? Doesn't he know that girls like cheerful men?"

There was only a month left until the quarterly group arena. Most of the senior students were undergoing combat training to prepare for the quarterly group arena.

During this period of time, the number of students who went to the Mission Hall to snatch missions had obviously decreased by a lot. On the other hand, the freshmen knew that they would not be able to enter the top 500 of the student rankings, so they were not in a hurry to increase their combat strength. They still resigned themselves to doing missions to earn points.

Gold Ingot had heard about Yu Huang and Xuanyuan Jing from somewhere. He sat on a tree with a plate of pork trotters and asked Yu Huang, "You have a match with Xuanyuan Jing of the third grade?"

Yu Huang was practicing the Blazing Moon Art with the pressure stone on her back. Her progress was extremely slow. She raised her head, revealing a face full of sweat, and said, "Mn, there is indeed such a thing."

"Although you have the Super Beast form and you are also an S class Beast Tamer with potential, that child had awakened his beast form five years ago. He had cultivated for more than two years in this academy. His combat experience is richer than yours and his cultivation level is far above yours. It will be very difficult for you to defeat him."

Yu Huang naturally understood this as well. She said, "I won't give up so easily."

Gold Ingot clicked his tongue and said, "Cultivate diligently during the last month. If you lose to Xuanyuan Jing during the quarterly competition, you won't have a good time."

Yu Huang nodded and continued to cultivate.

Gold Ingot stared at her cultivation technique for a moment before suddenly shaking his head and saying, "If you practice like this, you will never be able to master the Blazing Moon Art."

Yu Huang stopped and looked up at Professor Gold. She asked humbly, "Professor, how should I train?"

Gold Ingot asked, "What kind of person do you think the Prime Master is?"

Yu Huang answered after some deliberation, "He has the ability of an expert, and a selfless heart."

Gold Ingot smacked his lips and nodded unwillingly. "That's right, that guy is indeed such a person. Then do you know how he comprehended this Blazing Moon Art?"

Yu Huang naturally shook her head. "I don't know."

Gold Ingot jumped down from the tree. He placed the soy pork trotter on a large rock.

Gold Ingot placed his hands behind his back and said as he walked, "Many years ago, the Prime Master represented the Divine Realm Academy and led five students to the Upper World to seek knowledge. And I was one of the students."

Recalling the events of a hundred years ago, Gold Ingot also felt a bit emotional. He said, "Although our Divine Realm Academy is one of the top universities in the Holy Spirit Continent, among the three thousand worlds, our Divine Realm Academy can only be considered a bottom tier academy."

"In the Upper World, if we want to go to the Institute for Advanced Studies, we have to go through many tests. Among our group, only Yin Mingjue and I were accepted by Cang Lang Academy."

Gold Ingot revealed a proud expression. Being accepted by Cang Lang Academy was one of the few things Gold Ingot could brag about in his life.

Yu Huang was also very surprised when she learned that Gold Ingot had gone to Cang Lang Academy with her father to seek knowledge. She really wanted to ask if Gold Ingot knew her mother, but she couldn't expose her identity, so she endured it.

"So, the Blazing Moon Art is a cultivation technique that was created by the selfless Prime Master when he was studying at the Cang Lang Academy?"

Gold Ingot said, "Sort of."

"Sort of?"

Gold Ingot clicked his tongue twice and said, "Speaking of this Blazing Moon Art, I have no choice but to name a woman called Jing Rujit

Yu Huang's eyes widened when she heard Gold Ingot mention her mother, Jing Rujiu.

She didn't dare to ask any more questions and just listened quietly.

Gold Ingot continued, "Yin Mingjue is a very abnormal fellow. Even in the Cang Lang Academy, where everyone is a genius, he's considered one of the best. In the sixth year of his enrollment in Cang Lang Academy, Yin Mingjue was allowed to represent Cang Lang Academy to participate in the Three Thousand World Higher Education Prefecture Alliance Tournament. At that time, Cang Lang Academy had a total of 10 students, and among them was the publicly acknowledged goddess Jing Rujiu."

Yu Huang's breathing quickened as she cautiously asked, "Could this girl called Jing Rujiu be the wife of the Prime Master?"

"I'm not sure about that, but at that time, they were indeed a couple. After my studies ended, I returned to the Holy Spirit Continent. As for whether they got together after that, I'm not sure."

Yu Huang nodded and hurriedly asked, "What happened during that competition?"

“Jing Rujiu’s cultivation is strong. She was the strongest ace of Cang Lang Academy and also the team leader. In the final match of the championship, in order to win, the opponent’s academy used an unscrupulous scheme to heavily injure Jing Rujiu. And in the Higher Education Prefecture Alliance Tournament, the competition doesn’t care about life and death. Even if Jing Rujiu dies in battle, that would be for the school’s honor.”

Thus, even if Jing Rujiu was killed by the other party’s academy, the other party’s academy would not be punished. At most, he would receive some moral condemnation.

“In order to save his lover, Yin Mingjue suddenly comprehended the Blazing Moon Art at the critical moment. He only used one move to defeat all the students of the opposing team. That battle made Yin Mingjue famous in the Cang Lang Continent!”

Even now, when he recalled that battle, Gold Ingot still felt his blood boiling. There weren’t many people of the same generation that he admired in this lifetime, and Yin Mingjue was definitely one of them.

After explaining the background of the Blazing Moon Art, Gold Ingot stopped and lowered his eyes to look at Yu Huang. He asked her, “Do you understand now? The birth of the Blazing Moon Art is not for the sake of becoming a strong person to rule the world, but to protect the person you love.”

“When you practice the Blazing Moon Art, you must hide your love in your heart.” Human emotions were a strange thing. Love and hate were both a kind of powerful ability. For love, you could protect the world. For hatred, you could destroy the world.

Chapter 157: Yu Huang: How Perverted!

After learning about the birth process of the Blazing Moon Art from Gold Ingot, Yu Huang finally understood why her father had left those words in the cultivation technique’s image.

Yu Huang bowed to Gold Ingot and said, “Thank you for your teachings, Professor. I will study this cultivation technique well.”

“You can continue practicing. I’ll go look for something to eat first!” Gold Ingot was a Taotie Beast, so he was very greedy. He did not stay with Yu Huang for long before running off to look for delicious food.

After Gold Ingot left, Yu Huang continued to cultivate the Blazing Moon Art and attempted to bring her love into it.

She loved her father, her father, her adoptive parents and her mentor. She loved Sheng Xiao very much too. But, even if she practiced the Blazing Moon Art with this love, she still could not bring out the true power of the technique.

She really could not understand this cultivation technique. Yu Huang felt that the time was not right, so she decided to put the Blazing Moon Art aside and focus on practicing controlling the Purifying Evil Phoenix Flame.

A month passed in the blink of an eye.

Winter had arrived. The forest behind the Divine Realm Academy's back mountains was red. Leaves fell onto the ground, layer upon layer, and dyeing the entire mountain range red.

At dusk, a fire phoenix soared in the sky against the setting sun.

"Swish!" Xuan Yu circled in the sky a few times. Sensing Yu Huang's call, it swooped down with a cry and landed on Yu Huang's shoulder.

After this period of painstaking cultivation, Yu Huang's cultivation had improved greatly, and her spiritual energy had become much richer. Xuan Yu had even grown a little.

Currently, Xuan Yu's appearance was completely different from that of a small duck. A few gorgeous red feathers had grown on its wings, making it look like a phoenix.

Yu Huang rubbed Xuan Yu's head, and Xuan Yu raised its head to kiss Yu Huang's chin. Yu Huang suddenly heard the sound of footsteps, and the person walked towards her while stepping on the withered leaves of the mountain. His footsteps were steady, and he seemed like an acquaintance. Yu Huang turned her head and looked down the path.

"The winding stone stairs were covered with fallen leaves. Sheng Xiao was wearing a blue low-collared sweater and a navy blue coat.

It had been a month since she last saw Sheng Xiao and missed him. Yu Huang patted Xuan Yu's head. Xuan Yu turned into a red light and flew back to Yu Huang's forehead.

Yu Huang then asked Sheng Xiao, "Senior Sheng, why did you come to the mountain to look for me today?"

In fact, Sheng Xiao came to visit Yu Huang often. But, he did it secretly so that Yu Huang would not find out. But, Sheng Xiao would never tell Yu Huang about it.

Sheng Xiao walked to Yu Huang. He stared at Yu Huang's collarbones and long arms outside her white cami. He guessed that Yu Huang must have been training so hard that she forgot to eat and sleep and had no idea what season it was now.

Sheng Xiao took off his coat and put it on Yu Huang. He told her, "Tomorrow is the day of the competition. Don't practice today. Rest for half a day."

Yu Huang was shocked. "Tomorrow is the group arena competition?"

"Yes." Sheng Xiao asked, "Are you nervous?"

Yu Huang's smile instantly vanished. The day of the arena competition had arrived, which meant that she and Xuanyuan Jing were going to compete officially.

Sheng Xiao took out two bottles of wine from his interspatial ring. He shook the wine pot and asked Yu Huang, "Do you want some?"

Yu Huang looked at the wine, shook her head and laughed. "What is this? A party before being tortured?"

Sheng Xiao said, "Let's celebrate our victory in advance."

“alright!”

Yu Huang carried the pressure stone on her back and sat down with Sheng Xiao on a big rock.

Sheng Xiao opened the pot and passed a bottle of wine to Yu Huang. “This is Green Plum Wine. My mother brewed it.”

Yu Huang took a sip.

Even though it was Green Plum Wine, Yu Huang still felt that it was very strong. She told Sheng Xiao, “I can’t hold my liquor well and I’m not good at drinking either. When I drink too much, I like to call people to settle accounts.”

Naturally, Sheng Xiao remembered since Yu Huang had settled accounts with him. “It’s alright. You don’t have your phone with you anyway.”

Yu Huang thought about it and agreed. Relieved, she drank a large mouthful of wine and even burped. “It’s really delicious. Your mother’s craftsmanship is really good.”

Sheng Xiao said subconsciously, “If you like it, you’ll have plenty of chances to drink it in the future.”

Yu Huang could tell what Sheng Xiao was implying. However, she was too focused on the competition to flirt with him.

In next to no time, the pot of wine was almost finished by Yu Huang.

Yu Huang, her eyes filled with a hint of drunkenness, stared at the pattern of green plums on the wine pot. She felt that the plums looked like green apples.

She knew she was drunk and quickly shook her head. “I’m drunk,” she said.

“Then stop drinking.” Sheng Xiao reached out to take the wine bottle from Yu Huang’s hand, but she refused to let go.

She looked down at Sheng Xiao’s well-defined hand and suddenly let out a long sigh. She said guiltily, “My dear Sheng, you have no idea how guilty I feel!”

Sheng Xiao was speechless.

He, unsure if “dear Sheng” meant him or not, hesitated. “... You’re really drunk.”

Sheng Xiao looked at Yu Huang’s tipsy face and asked curiously, “Why do you feel guilty?”

Yu Huang rubbed her hand against Sheng Xiao’s.

Sheng Xiao moved his fingers but did not retract them.

Yu Huang turned her head to look at Sheng Xiao’s young and beautiful body. The guilt in her eyes intensified. Yu Huang bumped her head against Sheng Xiao’s chest. She mumbled incoherently, “I shouldn’t have craved for your body. I feel guilty...”

Sheng Xiao was confused.

What nonsense was this drunk talking about?

Holding back his laughter, Sheng Xiao asked Yu Huang patiently, “Are you craving for my body?”

The alcohol made Yu Huang slow down. She thought about it and decided to be truthful.

She nodded seriously. “Yes.”

Sheng Xiao asked again, “How do you crave my body?”

Yu Huang raised her right hand and pressed her index and middle fingers on the mole beside Sheng Xiao’s Adam’s apple. She said in a daze, “You should wear a turtleneck sweater in the future. I don’t want to bite you whenever I see your mole.”

Yu Huang’s words made Sheng Xiao feel numb all over.

Sheng Xiao did not dare to ask any more questions. He was afraid that he would not be able to control things if he asked too much. After all, he was still young and vigorous. His body could not take any titillation.

Yu Huang's fingers were still on Sheng Xiao's Adam's apple. Her breathing slowed down and she fell asleep.

She breathed hot air into Sheng Xiao's collarbone. Naturally, he did not dare to move.

Yu Huang woke up. It was late at night.

She opened her eyes. The first thing she saw was Sheng Xiao's clean jawline. The second thing she saw was the starry sky.

Her head felt a little stiff. It was only then that Yu Huang realized that she had fallen asleep on Sheng Xiao's lap. She was even wearing Sheng Xiao's coat.

Sheng Xiao was meditating with his eyes closed.

Yu Huang didn't dare to move. She laid there for a minute before she remembered what happened before she got drunk.

She had embarrassed herself more than she ever had for the past two hundred years.

Yu Huang got up quietly from Sheng Xiao's arms. Her movements were gentle but it still woke Sheng Xiao up.

Sheng Xiao held her shoulders and helped her sit up. Then, he said, "Are you sober?"

Yu Huang quickly took off her coat and stuffed it into Sheng Xiao's arms. She tidied her hair and lowered her head. "I have a habit of talking nonsense when I'm drunk. I didn't say anything weird to you, did I?"

Sheng Xiao looked at her with a complicated expression. "You did."

Yu Huang's expression stiffened slightly.

Normally, Sheng Xiao should have answered no.

Yu Huang could not pretend that she did not hear Sheng Xiao's reply. She lowered her head and asked softly, "What did I say?"

Sheng Xiao was straight to the point. "You said you're craving my body."

Swish!

Yu Huang quickly stood up, jumped off the rock, and walked out of the forest. As she walked, she said, "I want to go back to the dormitory and have a good sleep to conserve my energy."

Sheng Xiao knew that she was angry and wanted to escape.

Yu Huang was walking slowly with the pressure stone on her back. Sheng Xiao followed behind her slowly. He was trying to scare her. "That's not all. You even said that you like me a lot and miss me even in your dreams."

Yu Huang subconsciously said, "Nonsense. I didn't say those two sentences..." After she finished speaking, Yu Huang realized that she had fallen into a trap.

This b*stard looked like a decent person, but when he was up to no good, he was quite the troublemaker.

Yu Huang turned around and saw Sheng Xiao's half-hearted smile. She gritted her teeth and said, "Sheng Xiao, there are a lot of people in our school who want your body. Why? You're so handsome and elegant. Why can't others think about you?"

Seeing that she had finally admitted it, Sheng Xiao's smile became even more obvious. He bent down and almost touched Yu Huang's forehead. He said, "Of course I won't allow anyone to think about my body, but you can."

Yu Huang pushed him away. "How perverted!"

Damn it!

While they were fooling around, Gold Ingot's voice rang above their heads. "Hey, it's the middle of the night. Sheng Xiao, why aren't you staying in the dormitory? Why are you with Yu Huang in the woods?" Hearing the voice, both of them were shocked.

Yu Huang and Sheng Xiao looked up at the same time. They saw Gold Ingot leaning against the trunk of a big tree. They did not know how long he had been sitting there and peeping.

No matter how thick-skinned Yu Huang and Sheng Xiao were, they felt embarrassed now. Sheng Xiao's face flushed.

Yu Huang pulled Sheng Xiao behind her and hid him. She pointed at Gold Ingot and said angrily, "Professor Gold Ingot, you're old, so don't be disrespectful."

Gold Ingot covered his eyes and said in an exaggerated tone, "Then I beg you to feel sorry for me, this old man. Don't be lovey-dovey in the territory where I cultivate."

This was indeed Gold Ingot's territory.

Now, it was Yu Huang's turn to be speechless.

Sheng Xiao regained his composure. He took a step forward and stood beside Yu Huang. He looked up at Gold Ingot and asked, "Professor Gold, why are you looking for Yu Huang?"

Gold Ingot said, "Nothing much. I just came to see how my student's preparations are going and whether he has the confidence to enter the top 500 in the group arena competition. I just didn't expect you to be more concerned about your little junior than me."

Sheng Xiao and Yu Huang were both Gold Ingot's students. They were indeed fellow apprentices.

"Junior" was a proper title, but Gold Ingot had a different meaning.

Sheng Xiao and Yu Huang knew how improper Gold Ingot was. They did not answer him.

Gold Ingot saw that the two of them had suddenly fallen quiet and naturally felt bored.

He reached out his hand to brush away the pressure stone on Yu Huang's head and said, "I will also go watch the battle. Don't disappoint me and embarrass me."

With that said, Gold Ingot's figure disappeared.

Chapter 158: Expert Ranking

Professor Gold came and went like the wind.

After he left, Sheng Xiao and Yu Huang looked at each other. For a moment, they did not dare to talk to each other. They were afraid that Professor Gold would come out from behind another tree if they said something.

After a while, Yu Huang coughed and asked Sheng Xiao, "Do you want to participate in the competition too?"

"Of course."

Seeing that Yu Huang was still unclear about the rules, Sheng Xiao told her, "Every disciplinary officer in the Divine Realm Academy is appointed by the top expert on the list. In the Four Seasons Competition, the disciplinary officer must accept the challenge from the second strongest person on the list.

This battle is called group arena competition."

"If I guard the arena, I will continue to be a disciplinary officer. If I do not hold the arena successfully, I will hand over the position of disciplinary officer."

After hearing the explanation, Yu Huang suddenly felt that the school was inhumane. "Is the competition that intense? Have you ever lost before?"

Sheng Xiao looked proud. "I have never lost before!"

Sheng Xiao looked proud. "I have never lost before!"

3

What Sheng Xiao did reminded Yu Huang of what happened during the beast awakening ceremony last year. That day, Sheng Xiao also tapped her forehead with his finger and blessed her with good luck.

But it was useless. She still did not awaken her beast form.

Yu Huang grabbed Sheng Xiao's finger and said, "I don't believe in this anymore."

Sheng Xiao frowned. "What do you believe then?"

Yu Huang let go of Sheng Xiao's finger and smiled. She said, "I believe in myself." Then, she turned around and walked down the mountain. Without the pressure stone, Yu Huang walked briskly and soon reached the bottom of the slope.

Sheng Xiao looked down at Yu Huang's upright figure and smiled.

The next morning, Sheng Yang and Na Luo walked out of the room after dressing up for battle. They saw Yu Huang sitting in the living room.

"Yu Huang, when did you come back last night?" Na Luo didn't hear anything.

"Around two."

Yu Huang stood up, and when she saw that Sheng Yang and Na Luo had already finished packing up, she said, "Let's go. We'll have a full meal this morning, and only then will we be able to display our strength in the combat arena."

"Alright!"

The group arena competition was held once every three months. It was held four times a year, and each cycle lasted five days.

Today was the first day of the group arena competition, and the atmosphere in the academy became tense. The students were all rubbing their fists and rubbing their palms while preparing to show off their skills in the group arena.

As soon as she walked out of the dormitory, Yu Huang discovered that a translucent wall had appeared in the sky above the Divine Realm Academy. This had never appeared before.

She asked Sheng Yang, "What's that?"

Sheng Yang raised her head to look at the wall and told Yu Huang, "This is the top 500 rankings of the academy. Every time the group arena competition is held, this ranking list will float in the sky. In the group arena competition, whoever enters the rankings and is kicked out will be updated immediately."

“Tsk tsk.” Yu Huang shook her head and sighed, “In order to urge us to improve, the academy is really willing to do anything.”

Sheng Xiao was ranked first on the rankings. His name was written in bold golden font. Behind his name was written: 150 battles. 150 victories. 0 losses.

He was the undisputed God of War!

The person in second place was a senior named Xuanyuan Chen. His name was written in light silver, and the name at the back was: 145 matches. Victory: 90 matches. Defeat: 55 matches!

Yu Huang had never seen Xuanyuan Chen before, but she had heard of his name. Xuanyuan Chen was a cousin of Xuanyuan Jing, and this person was a martial arts fanatic.

Sheng Yang whispered into Yu Huang’s ear, “Xuanyuan Chen lost all 55 matches to my brother.”

Impressive!

‘When Na Luo heard Sheng Yang’s words, she looked at Sheng Xiao like a fangirl for the first time. “Senior Sheng is amazing.” She turned to look at Yu Huang. She finally felt that Senior Sheng and Yu Huang were quite compatible.

On the other hand, the 3rd position on the rankings board was a female senior called Liuli Luoluo. Her name was in light blue, and behind her name was written: Battle 158, Victory: 120, Defeat: 38.

1

Liuli Luoluo was the only female student in the top ten of the expert rankings. Yu Huang, wanting to get to know her, stared at Liuli Luoluo for a while longer.

When Sheng Yang saw that Yu Huang was interested in Liuli Luoluo, she immediately felt a sense of danger. She used a hostile tone to tell Yu Huang, “Liuli Luoluo is Liu Lishao’s elder sister. You met Liuli Shao last year at the Lou Lan Ancient Pavilion. You have to stay away from Liuli Luoluo. This woman is especially evil!”

It was rare for Yu Huang to see Sheng Yang so hostile towards a girl. She thought that the two of them had formed a blood feud. Yu Huang hurriedly asked, “Do the two of you have a feud?”

“It can’t exactly be called a feud...” Sheng Yang curled her lips and said, “This woman’s chest is especially big, and she once said to my face that I’m flat-chested. Hmph! When I become a master, I’ll surely blast her chest apart! I’ll let her have a taste of flat-chestedness!”

Chest size was Sheng Yang’s taboo. Sheng Yang would remember Liuli Luoluo’s insult for the rest of her life.

Yu Huang was speechless.

Na Luo stole a glance at Sheng Yang’s front and retorted softly, “She’s indeed insulting you. You’re not flat-chested. You still have a little.”

Sheng Yang shot a cold glance at Na Luo and said through gritted teeth, “Na Luo, I’ll be the first to challenge you later.”

Na Luo covered her mouth as she giggled. Yu Huang lowered her gaze and glanced at Sheng Yang before she added in a low voice, “I think Na Luo is right.”

“Should we sever ties?”

“Hahaha!”

The three of them laughed for a while before quieting down.

Na Luo looked up at the rankings and said with a yearning expression, “When can I enter the expert rankings?”

Sheng Yang said, “Before I graduate, I must enter the top ten of the expert rankings!”

Yu Huang stared at the top three positions on the ranking list and couldn’t help but lick her rosy lips. She said, “Set a small goal. I want to kick your brother down from the top position before graduation!”

‘When she heard this, Sheng Yang couldn’t help but pour cold water on Yu Huang. “Then you probably won’t be able to wait until that day.”

Yu Huang chuckled and said, “That’s easy. If I win, I’ll immediately graduate and marry your brother. If I can’t win, I’ll stay in the Divine Realm Academy forever.”

Sheng Yang scolded her, “You’re so shameless!”

“alright, let’s go eat breakfast.” Yu Huang wrapped her arms around Sheng Yang and Na Luo’s shoulders and brought them to the canteen.

During the group arena, the food in the canteen was even more sumptuous. In order to accumulate strength, Na Luo earned 10 points in one go and bought two plates of food.

‘As she ate the sausages and ate the porridge, she even took some time to tell Yu Huang, “The more I eat, the more energy I have. I’ll have more explosive power during the competition later.”

Yu Huang gave the mackerel on her plate to Na Luo. “You can do it.”

“Thank you...”

Every year, the Four Seasons Grand Tournament would be held in the central plaza. The plaza there was large, and one would only be able to use it in battle.

After dinner, the three of them hurriedly took a bird to the central square.

The central plaza was divided into 36 circular arenas. The three departments of the 12th grade could compete at the same time. A ring-shaped viewing platform was built next to each arena, making it convenient for the students of the various departments to watch the progress of the competition. Not only that, but there was also a huge projection screen above the plaza. When the group arena truly began, the real-time videos of all 36 arenas would be projected onto the screen.

No matter which viewing area one sat in, as long as one raised their head, they could see the entire competition schedule on the square.

It had only been a few years since the development of the airdrop technology, and it was currently widely used in large-scale international entertainment activities. Only the top international singers and actors could use such a device.

Divine Realm Academy was indeed rich!

This was all thanks to the contributions of students like Feng Si.

Yu Huang was still thinking about Feng Si when she saw Feng Si walking towards her quickly. “Yu Huang! How are your preparations? Are you confident in defeating Xuanyuan Jing?”

Yu Huang said, “I’ll give it my all.”

She noticed that Feng Si had taken off his glasses and was wiping the lenses with a piece of flannel.

This was the first time Yu Huang had seriously looked at Feng Si without his glasses. His eyes were a beautiful amber color that was clear and charming. He was born with a fair face and indeed had the potential to be a pretty boy.

Yu Huang asked him, “What’s the degree of your short-sightedness?”

Without looking up, Feng Si said, “I’m not short-sighted.”

Yu Huang was baffled. “Why are you wearing glasses if you’re not nearsighted?”

Feng Si adjusted his glasses and said, “Don’t you think I look more handsome and refined with my glasses on?”

Hearing this, Sheng Yang pretended to retch.

Yu Huang burst out laughing. She said, “No wonder your beast form is the Charming Colored Butterfly.” The beast form attribute was the most realistic reflection of a Beast Tamer’s heart. It was precisely because Feng Si was narcissistic that he had awakened the Charming Colored Butterfly. Feng Si’s expression immediately turned ugly.

“Alright, let’s not talk about this anymore.” Yu Huang asked Feng Si, “You’re a Beast Tamer with D-rank potential. In a while, when those new students see that you’re easy to bully and want to challenge you, will you accept the challenge or forfeit?”

For the strong, coming to the group arena competition was an opportunity for them to display their skills and climb up the rankings. But for the freshmen, the group arena was a proper assessment competition.

The total score for the annual assessment of the Divine Realm Academy was 100 points. Among them, the Four Seasons group arena took 50 points, and the graduation assessment mission took 50 points every July.

In every examination, students had to achieve a score of 60 before they could be considered to have passed. Only then would they be able to enter the next grade.

According to the rules of the group arena, every student had to participate in at least five challenges every year, and they had to win one match before successfully completing the graduation assessment mission. Only then would they be able to successfully graduate.

Those who failed for three consecutive years would be expelled from the school and kicked out.

Hence, Feng Si, who was defined by the crystal tablet as a D-rank potential, became the easiest opponent to defeat. He would definitely become the pitiful person who was challenged the most.

How could Feng Si not know this?

He resigned himself to his fate and said, "There's nothing we can do. We can only deal with whatever comes our way." His parents had spent a lot of money to send him to the Divine Realm Academy. Even if he was beaten up, he would have to endure it for three years before he could pack up and leave. Yu Huang patted Feng Si's shoulder sympathetically. "All the best."

The group arena competition was about to begin. Feng Si saw that almost all the students from the Support Department were here. He patted Yu Huang's shoulder and said, "I'm going to get beaten up. All the best!"

Feng Si turned around and ran towards the Support Department.

Chapter 159: Dirty Rumors

Seeing how optimistic Feng Si was, even Sheng Yang admired him. She said to Yu Huang, "I can't bear to see Feng Si getting beaten up by the people from the Support Department later."

"Not necessarily." Yu Huang tilted her head and asked Sheng Yang, "Even though they know you're trash, would your parents spend a huge sum of money to send you to the Divine Realm Academy?"

Sheng Yang thought for a while before saying: "No, but they will do their best to help me raise my cultivation level."

Yu Huang nodded. She said, "The Sheng Clan, the head of the Hundred Great Cultivation True Clans of the Holy Spirit Continent, would not do such a foolish thing for the sake of their child. Then, as a third-class clan, why would the Feng Clan send their child to the Divine Realm Academy?"

Sheng Yang was stunned. "You mean."

"Feng Si is definitely not as simple as we think he is." The fact that Feng Si dared to snatch the Purifying Spirit Sacred Pearl from the Black Dome indicated that he wasn't someone who would resign himself to fate.

He definitely didn't come to the Divine Realm Academy to slack off.

After listening to Yu Huang's analysis, Sheng Yang felt that she was still too young. She only looked at appearances, in contrast to Yu Huang, who saw the big picture.

Right at this moment, a series of inspiring war drums suddenly resounded throughout the square.

Professor Mu flew high into the sky. She stared at the young faces beneath her and announced in a loud and clear voice, "Divine Realm Academy's fourth season's arena matches officially begin!"

'As soon as Professor Mu finished speaking, more than two hundred figures flew out from the distant forest, either sitting or standing in the sky. They were all professors from the academy.

Sheng Yang told Yu Huang, "During the group arena competition, the professors will stand guard here as the referees to prevent students from cheating and preventing others from beating their opponents to death."

"I see."

'The group arena competition was divided into four segments.

1. The class's internal group arena competition.

Second, the group arena competition between classes.

Third, the group arena competition between grades.

4, the group arena competition between masters.

'The first segment was the group arena competition

that every student had to participate in. The school would write the names of all the students on paper and put them into a box. All the students would line up to draw lots.

'Whoever drew it would have to fight with it. Whether the opponent was strong or weak depended on luck.

'As the only student in Class S, Yu Huang had no opponents, so she had to accept a challenge from a Class A student after the group arena competition match.

The group arena competition was going to be held for five days. The first two days were usually class competitions. The third day was the interclass challenge. The fourth day was the intergrade challenge. The fifth day was the challenge between the masters.

The battle between Yu Huang and Xuanyuan Jing would happen on the fourth day.

"The class draw will begin now!"

The students all stood up and walked towards the arena. Soon, some students returned to the spectator stand with small slips of paper.

Liuli Feng sat diagonally in front of Yu Huang.

He sat down and opened the small slip of paper. After seeing his opponent's name clearly and feeling that he was not a threat, he turned around and said to Yu Huang, "Tomorrow afternoon, I will challenge you as the representative of Class A."

Yu Huang's gaze was indifferent as she stared at him, and she let out a lazy grunt.

'When Liuli Feng saw Yu Huang's attitude, he wasn't sure if she would accept his challenge. "Will you accept my challenge?"

Yu Huang was amused by Liuli Feng's childish behavior. "Yes."

Yu Huang's eyes were the finishing touch on her face. Her eyes were glistening brightly. When she smiled, they curved into a pair of crescent moons, and her eyes were as bright as stars.

'When Liuli Feng saw Yu Huang's smile from a close distance, he was somewhat stunned. He couldn't help but think: If Yu Huang wasn't disfigured, then those so-called top ten beauties in the academy would probably have to step aside.

After getting Yu Huang's affirmation and achieving his goal, Liuli Feng turned around.

He stared at the people drawing lots on the stage for a while, then suddenly turned around and said to Yu Huang, "Actually, you're not ugly. We all know that those rumors are fake. You don't have to care too much."

Yu Huang was stunned.

She leaned forward suddenly and was very close to Liuli Feng. "What rumors?" she asked him.

Yu Huang's sudden approach made Liuli Feng a little nervous. A hint of a blush appeared on his face.

Liuli Feng stammered and explained, "They... they said that you're ugly and Senior Sheng liking you must be your... your..."

Liu Lifeng was too embarrassed to say these words. He gritted his teeth and said, "In short, if you hear these rumors, just treat them as bullshit!"

Even if he didn't say anything, Yu Huang could roughly guess what the latter half of the rumor was about. She said thoughtfully, "They say I'm frivolous and I'm good in bed?"

Liuli Feng's face turned even redder. "It's... it's all rumors."

He did not deny it. It seemed that Yu Huang had guessed correctly.

Yu Huang retracted her upper body and sat in her own seat. When she saw Liuli Feng looking at her with an uneasy expression, she said, "It's alright. I'll let them know that not only am I good in bed, but I'm also good at hitting people."

Liuli Feng wanted to persuade her a little more, but he wasn't eloquent. He was afraid that he would make things worse by saying too much, so he decided to keep his mouth shut.

Soon, Sheng Yang and Na Luo came back from drawing lots.

Both of their expressions were very strange, as if they had swallowed a fly. Yu Huang sensed that their mood wasn't quite right, so she asked, "What's wrong?"

Na Luo handed the small piece of paper in her hand to Yu Huang and said, "See for yourself."

Yu Huang opened the note and lowered her head to look. She saw Sheng Yang's name.

She was speechless.

"How coincidental."

Sheng Yang exhaled and said to Na Luo, "Na Luo, friendship doesn't matter in the competition. I won't go easy on you during the competition."

'Don't worry,' said Na Luo. 'I won't go easy on you either.'

Na Luo took back her note. She noticed that Yu Huang's gaze was a little gloomy. She could sense that Yu Huang was in a bad mood, so she asked, "Yu Huang, did someone make you unhappy?"

'When Sheng Yang heard this, she also looked at Yu Huang's face. Indeed, there was no mirth in Yu Huang's eyes. She looked gloomy, as if someone who had stolen her point card.

Sheng Yang rarely saw Yu Huang truly angry. Who had provoked her?

Yu Huang glanced at the two of them and suddenly said, "You heard those rumors, right?"

Both Sheng Yang and Na Luo fell silent upon hearing this.

Seeing this reaction, what did Yu Huang not understand? "Tell me, how did the rumors spread?"

Na Luo did not dare to say it. She was afraid that Yu Huang would go crazy after hearing those unbearable rumors.

Na Luo was not there at the time. When she heard the rumors, she was so angry that she wanted to capture the person who spread the rumors and beat him up, let alone Yu Huang herself.

Sheng Yang avoided the topic and said, "The rumors aren't very nice. They're all saying that you're not good enough for my brother. You must have used other means to become my brother's girlfriend."

Yu Huang asked, "What method?"

Sheng Yang did not dare to speak anymore.

Seeing that they were in a difficult position, Yu Huang didn't force them. She asked Sheng Yang, "Did you find out? Where did these rumors come from?"

Rumors were related to Sheng Yang's best friend and her brother. Yu Huang believed that Sheng Yang had inquired about it.

Sheng Yang had indeed asked around.

'When Yu Huang asked, Sheng Yang immediately revealed an indignant expression on her pretty face.. She asked Yu Huang, "Do you still remember the girl called Yin Ya from the third grade?"

Chapter 160: Sheng Xiao Challenges Yin Ya

"Yin Ya?" Yu Huang thought for a while and then asked uncertainly, "Is she the girl who started a dispute with us in the Mission Hall three months ago? The one who was punished by Senior Sheng to be confined?"

Yep." Seeing that Yu Huang also remembered Yin Ya, Sheng Yang told her, "In the beginning, I only suspected her and wasn't sure. For this reason, Na Luo and I specially went to bribe a female senior from their class and only found out the whole story from her."

Yu Huang asked, "What exactly happened?"

"Didn't Yin Ya get locked up for three days? She might have developed hatred towards you and had been looking for an opportunity to make fun of you. Last month, she saw you going to the market with

my brother. Yin Ya was so angry that when she came back, she started a rumor saying that she saw you coming out of my brother's dormitory with your clothes in a mess..."

Even Sheng Yang was disgusted by Yin Ya's manipulative actions. She spat and said, "This little bitch is good at stirring up trouble! As a member of the Yin Clan, she is really a disgrace to the Prime Master!" Na Luo also cursed, "This person is really too outrageous!" Na Luo pressed Yu Huang's shoulder and said, "Don't be angry. We'll avenge you!"

She and Sheng Yang had planned to challenge Yin Ya in the arena competition and beat her up until she cried for her parents.

However, Yu Huang shook her head and said, "No, I have to take revenge personally." She had to teach Yin Ya the principle of getting beaten up if she said something wrong.

At the same time, the drawing of lots for the third grade combat specialization had ended.

Professor Doris, the referee, held a microphone and said, "The two students who have drawn the number one, please come on stage!"

Upon hearing that, two girls immediately stood up from the third grade's Class B's seats. They were about to head to the ring when they suddenly heard someone shouting, "Why is Senior Sheng here!"

The two girls looked up at the sky in surprise and saw a tall figure flying down from the sky on his sword before steadily landing on the arena of the third grade's Combat Department.

Sheng Xiao's sudden appearance stunned Doris, who was the referee, and all the students in the stands.

"Sheng Xiao!" Doris frowned. "What are you doing here?"

Sheng Xiao held his sword with both hands and bowed to Doris.

He straightened up, looked straight at Doris, and suddenly asked, "Professor Doris, according to the rules, every student can challenge the student they want to challenge during the arena matches, regardless of class, age, gender, right?"

Doris hesitated for a few seconds. Then, she nodded and said, "According to the rules, that's right." She could not guess what Sheng Xiao was up to. "What do you want to do?"

Sheng Xiao continued, "Similarly, the rules of the arena didn't specify that students cannot challenge their opponents on the first day, right?"

Sheng Xiao's voice was not loud, but there was an aggressive air about him. Doris could guess what he was trying to do. She was surprised.

Ever since Sheng Xiao became the disciplinary officer of the academy, he had never taken the initiative to challenge a student, let alone a third-year student.

Although she was surprised, she had to follow the rules since Sheng Xiao asked. She replied, "By right, students can challenge their opponents on the first day of the competition."

Doris asked hesitantly, "Sheng Xiao, who do you want to challenge?" Recalling the changes that had happened to Sheng Xiao recently, she guessed something and asked in disbelief, "Are you going to

challenge Xuanyuan Jing?”

Was he trying to stand out for his girlfriend?

On the spectator stand, Xuanyuan Jing and Doris had obviously thought the same thing. His expression instantly turned gloomy.

Sheng Xiao was bullying him!

Sheng Xiao did not answer her question. He lifted his head and looked at Class A of the third grade.

Xuanyuan Jing thought that Sheng Xiao was really going to stand up for Yu Huang and issue a challenge to him. He was both angry and scared. His handsome face turned livid from anger and his lips trembled from fear.

Sheng Xiao did not call out that person's name. A guillotine was hanging above Xuanyuan Jing's head.

The two female students who were about to go on stage knew that they did not need to go on stage for the time being when they saw how aggressive Sheng Xiao was. They sat back down and watched the show quietly.

The commotion in the third grade's Combat Department had long been seen by everyone through the air feed.

Sheng Yang stared at Sheng Xiao's figure on the screen and asked in confusion, "What is my brother doing?"

Na Luo said, "Could it be that he really wants to challenge Xuanyuan Jing on behalf of Yu Huang?"

Yu Huang looked at the imposing man on the projection screen and shook her head. "He wouldn't do that."

Yu Huang could not help but smile when she guessed Sheng Xiao's real motive.

Sheng Xiao's gaze lingered on Xuanyuan Jing for almost half a minute. His gaze was full of oppression and Xuanyuan Jing did not dare to look at him directly.

Sheng Xiao scoffed. "Xuanyuan Jing will be challenged by others. He is not qualified to be challenged by me."

These words were insulting enough, but when Xuanyuan Jing heard these words, he heaved a sigh of relief.

But if the person Sheng Xiao wanted to challenge wasn't Xuanyuan Jing, then who was it?

Sheng Xiao looked down and shifted his gaze from Xuanyuan Jing to another girl.

The woman's facial features were exquisite, and her slightly curly blonde hair was draped behind her head while emitting a gentle golden glow under the sunlight.

She was the famous beauty of the third grade, Yin Ya, a core disciple of the Yin Clan.

Everyone found it unbelievable that Sheng Xiao had his eyes on Yin Ya. Was he going to challenge a third-year girl?

Sheng Xiao's gaze was so cold that Yin Ya felt a sense of cold terror.

She felt flustered at the thought of what she had done.

Yin Ya deliberately said those words to smear Yu Huang's name. Her original intention was to vent her hatred. However, she didn't expect the rumors to spread so quickly. Now, it had reached the point where all the students in the school knew about it.

Judging from the look in Sheng Xiao's eyes, he must have heard the rumors. So, was Sheng Xiao here to seek justice for Yu Huang?

Yin Ya lowered her head and felt uneasy.

On the arena, Sheng Xiao slowly raised his index finger and pointed at Yin Ya's name, just like how Satan did on the Life and Death Book.

"Yin Ya of the third grade Combat Department Class A, I challenge you!"

The entire venue was in an uproar!

"Senior Sheng actually wants to challenge Yin Ya! He's a senior who has graduated a long time ago. How dare he issue a challenge to a three-year-old girl? Isn't he bullying her openly?"

"Huh? In Senior Sheng's eyes, there is no difference between men and women when it comes to beast tamers. When did he ever show mercy when punishing those female students? I think Yin Ya must have offended Senior Sheng."

"What did Yin Ya do?"

'When Xuanyuan Jing saw that Sheng Xiao was going to challenge Yin Ya, he thought of the rumors that had been spreading in the school recently about Sheng Xiao and Yu Huang. He had a vague guess. Could those rumors be spread by Yin Ya?

However, Xuanyuan Jing was still angry. He could not understand what was so good about Yu Huang that even Sheng Xiao, who was at the top, was willing to jump into the mud to support her!

The professors standing in the sky were puzzled when they heard that Sheng Xiao wanted to challenge a third-year girl, but they did not stop him.

They watched Sheng Xiao grow up. He knew the limits and was the most sensible person. He would never bully a girl for no reason.

If any girl was targeted by him, it must be that girl who did something wrong.

They trusted Sheng Xiao completely.

After being challenged by Sheng Xiao in front of all the teachers and students in the school, Yin Ya had to crawl to the ring and get beaten up.

Yin Ya stood up with trembling legs. She looked at Sheng Xiao with a pale face and said in a trembling voice, "Yin Ya... accepts the challenge!" How could she not accept the challenge?

No!

When they realized that Sheng Xiao was going to challenge Yin Ya, the other rings stopped their matches. They looked up at the huge screen above them and watched the battle attentively.

'When Yin Ya arrived at the ring, she looked at Sheng Xiao with tears in her eyes. Seeing Sheng Xiao's indifferent expression, she clearly understood how ruthless this man was. In the face of a woman's tears, his heart did not soften in the slightest.

Knowing that Sheng Xiao would not let her off today, Yin Ya gritted her teeth and summoned her beast form.

Yin Ya's beast form was a golden-eyed python. The python's body was pitch-black and it was 30 feet long. There were black horns on its head, but there was only a single golden pupil on its head.

Yin Ya was the strongest beast tamer in the third grade besides Xuanyuan Jing. In the past, when she faced challengers, she always had a proud expression when she released her beast form.

However, when she unleashed her beast form today, she looked like she was about to cry.

The golden-eyed python was summoned. It rolled around in the air several times before returning to Yin Ya's back. It curled its tail around Yin Ya and put its tongue on her shoulder.

The woman and snake looked mighty and imposing.

Sheng Xiao nodded coldly.

He held the sword in his right hand and drew a simple sword flower in the air. The tip of the sword pointed towards the sky, and the battle suit on his body suddenly started moving without any wind.

The sky was suddenly filled with dark clouds. It was as if a storm was about to come. At the same time, a thick, black beastly spiritual energy emerged from between Sheng Xiao's eyebrows and shot into the sky.
