

She Shocks 251

Chapter 251 True Paradise

“Lord of the Night Hunt?” The other party smiled ambiguously and said, “No, I just happened to have heard the story of the head harvester.” The other party reached out his right hand to Yu Huang. “Hello, Yu Huang.”

Yu Huang stared at that hand.

It was an especially youthful looking hand. It was extremely smooth, not like a man’s, but more like a woman’s.

Yu Huang was shocked. She held the hand and heard the other party say, “Do you want to accompany me to see the real Peacock Feast?”

The real Peacock Feast?

Yu Huang narrowed her eyes.

She had come to the Peacock Feast on the spur of the moment, but the other party had deliberately waited for her here, so it was obvious that he had come prepared. She seemed to be unable to find a reason to refuse his invitation.

“I’m extremely willing. However, please allow me to make a call.” Yu Huang said shamelessly, “When I’m outside with a stranger, I should at least call the elders in my family, right?”

Yu Huang took out her phone and sent the same message to Lin Jiansheng, the dean, Professor Mu, Madam Sheng, and Sheng Xiao.

After doing all of this, Yu Huang put away her phone in front of him.

The person opposite her was clearly shocked by Yu Huang’s blatantly suspicious attitude. “You’re really an interesting person.”

Yu Huang smiled and instructed Yin Rong and the others before following them to the elevator lobby. After they entered the elevator, Yu Huang’s shoulder was suddenly grabbed tightly by a hand

Yu Huang was dragged into a dark spatial teleportation station. This person actually tore open a spatial rift with his bare hands! This was an ability that only Prime Masters possessed!

After a rush of dizziness, the two of them finally stopped.

Yu Huang stabilized her body and looked up to see a gorgeous crystal lamp hanging above her head. A thick red carpet covered the entire hall. Even if there was a river of blood on it, it would still be the same color.

Yu Huang, in her high heels, followed behind the big shot in black and walked towards a closed door.

The door opened automatically and the female attendant standing inside bowed respectfully.

“Welcome.” The female attendant was wearing a short red dress with a low collar. She walked in a charming manner as she brought them to a long and seemingly endless narrow path.

Yu Huang's heels stepped on the soft and thick carpet without making a sound.

The entire world fell silent, as if they were in hell.

Beside her, the black-clothed person's hoarse voice sounded again. He said, "Jingdu might be the most prosperous place in the Divine Realm Continent, but this is the darkest place in the Divine Realm Continent. Welcome to the Paradise World."

The two women in front finally stopped.

In front of them, there was darkness.

It was supposed to be darkness, but the woman stretched out her hand and pushed forward. Only then did Yu Huang realize that it was a huge door that had fused with the darkness. The huge door was pushed open, and what appeared in front of Yu Huang was an abyssal arena!

The entire Bestial Battle Arena was about 300 meters high and was extremely wide. The ceiling above their heads was decorated with man-made moons and stars.

The female attendant bowed and said gently, "Guest, your private room is upstairs. Please follow me."

Yu Huang and the black-clothed person walked up the stairs together. They were brought to the door of a private room with the number "6."

"Honorable guest, please come in."

The female attendant pushed open the door. The black clothed man glanced at Yu Huang and was the first to stride in.

Yu Huang stood outside the door and pondered for a moment before entering.

Although the private room was small, it was beautifully decorated. There were tea cups and chairs, and everything was beautiful and luxurious. Between the private room and the Bestial Battle Arena, there was a wall of energy light that isolated them. This wall could block the prying eyes of outsiders, but the people in the private room could still watch the changes outside.

Yu Huang sat on the empty chair beside the man in black. As soon as she sat down, there was a tray in the female attendant's hand, as if she was performing a magic trick, and on it were many exquisite desserts and rare fruits from the Holy Spirit Continent.

"Guest, please enjoy your rest time. We'll wait outside the door for your orders." After saying that, the female attendants left, and only Yu Huang and the black-clothed person were left in the entire private room. Yu Huang saw a fruit that looked like a fire dragon fruit. This type of fruit was especially rare in the Holy Spirit Continent. In the post-apocalyptic era that Yu Huang lived in, fruits were also extremely scarce.

She picked up a piece of dragon fruit and ate it. The fruit juice stained her cherry-red lips.

The black-clothed person stared at Yu Huang for a moment, then pointed at the Bestial Battle Arena below and asked her, "Are you curious about what the real Peacock Feast is like?"

Yu Huang wiped her hands with a soft handkerchief, then stood up and walked to the back of the wall of light before looking down at the Bestial Battle Arena.

Previously, when she was standing below, Yu Huang was unable to clearly see the layout of the Bestial Battle Arena. Now, as she stood on high ground, she was finally able to clearly see the Bestial Battle Arena.

It was a peacock platform made of white jade. It looked very clean and beautiful. However, Yu Huang could smell a rich and lingering bloody aura from the peacock arena.

The man in black told her, "In a moment, you will see the Peacock Feast."

Yu Huang nodded and was about to turn around and return to her seat when a snake woman in a blood red dress suddenly appeared in the void with a microphone in her hand.

She floated in the air above the Bestial Battle Arena, at the same height as all the private rooms. Her long black tail hung down from the Bestial Battle Arena below.

Yu Huang didn't like creatures like snakes.

"Dear guests, the Peacock Feast is about to begin. Gamers who wish to participate in the game, please offer your chips."

With that said, Yu Huang saw movement in several private rooms.

After a series of Spiritual Energy fluctuations, there were some additional stakes on the small trays outside each private room. On the tray in front of Yu Huang, there was also a silver-gray medicinal pill.

Snake Girl looked at all the private rooms and said, "Congratulations to the guests in booth three, five, six, ten, and 12 for becoming today's players."

The chips given by these five private rooms were the most valuable.

Yu Huang glanced at the medicinal pill and walked back to her seat before sitting down.

"Then, let's begin distributing cards." With that, the Snake Girl waved her right hand, and a pile of strange-looking cards appeared in front of her.

Snake Girl put down the microphone and washed the cards with her slender fingers.

After washing the cards, she dealt them one by one.

When she sent it to Yu Huang's private room, the Snake Girl asked the guest inside the wall of light, "May I ask which lady should I send the cards for room 6 to?"

She asked 'which lady', which meant that the two people in the room were ladies.

Yu Huang glanced at the black-clothed person. The black-clothed person's lips curled up slightly. She said, "Give it to me."

The Snake Girl then continued passing out the cards.

The card passed through the energy light wall and landed on the coffee table between the two small tables in the private room.

After quickly handing out the cards, Snake Girl flew to the top and her body was almost touching the ceiling. She pressed her right hand into the void and Yu Huang saw that on the peacock-shaped arena, there were many small rooms that were like a maze.

There was a passageway between the cubicle and the cubicle that could accommodate a person.

Snake Girl looked down at the players' private room and chuckled with pursed lips. She said charmingly, "Next, players, please show your cards!"

All the players in the room picked up their cards at the same time. Soon, someone threw the first card out

"Civilian, teacher!"

The Snake Girl slapped the button at the corner of the Bestial Battle Arena with her right hand when she heard this, and then a man in a black suit was teleported to a cubicle in the Bestial Battle Arena.

The man wore a mask with the words "Civilian Teacher" on it.

At this moment, another person threw out a card

"Civilian, thug!"

Snake Girl hit that button again. Following that, another man in black appeared in another small cubicle in the Bestial Battle Arena. This man was also wearing a mask, and the words on the mask were "Civilian Thug."

The players stopped playing. Below, the two people in the small cubicle moved at the same time.

They explored in silence in the maze of the Bestial Battle Arena. Soon, they met each other in a small cubicle.

Without any warning, the two of them started punching each other.

A few minutes later, the teacher was beaten to the ground. Blood came out of his mouth. As it flowed in the small cubicle, one of the peacock's feathers was lit.

The so-called Peacock Feast was to use the blood of the figures on the poker cards to dye every peacock's feather red.

After the teacher died, his corpse was quickly dragged away by a group of hyenas.

Then, someone threw out another card

"Civilian police!"

A man in a police mask appeared in the Bestial Battle Arena. He started a fight with the thug, but in the end, the police was defeated by the burly thug.

Then, someone else played

“Beast Tamer, early-stage Scholar!”

The moment the Scholar appeared, the thug died.

“Beast Tamer, early-stage Master!”

Then, the Scholar was killed.

“Beast Tamer, Sheng Xiao!”

Yu Huang’s pupils dilated. She saw a player with the word “Sheng Xiao” on his mask being teleported to the beast fighting state.

The player called Sheng Xiao looked very similar to him in terms of figure and hairstyle.

He should be a Beast Tamer too. His body was filled with spiritual waves. “Sheng Xiao” appeared and killed the early-stage Master.

Then, someone threw out another card “Mayor, Lu Yubei!”

‘Lu Yubei’ and ‘Sheng Xiao’ met in the cubicle. The two of them quickly released their beast forms and entered a new round of battle. No one wanted to die. Everyone wanted to live a few more minutes.

eN IO

In the end, ‘Lu Yubei’ fell under Sheng Xiao’s sword.

Another card flew out

“Elven Prince, Donor!”

The two of them started another fierce battle. This time, it ended with Donor being killed by Sheng Xiao.

Suddenly, someone said in a hoarse voice, “Sheng Xiao, as expected of the only person who successfully broke through the Central Pagoda.” His hoarse voice sounded very similar to the man in black beside Yu Huang.

It seemed like these people had used voice changers.

Another guest in the private room said in a similarly hoarse voice, “He’s probably number one in the kingdom.”

The guest in private room 4 next door also spoke. His voice was as hoarse as the two people before. “If he breaks through to the Grand Master level, I’m afraid he will be even more invincible.”

“... So,” someone mused before finally tossing out a Grand Master card.

The Grand Master card was tossed out, and ‘Sheng Xiao’ was killed!

The person finished the second half of his sentence. “... Wouldn’t it be better to kill him before he grows up?”

Chapter 252 There’s a Traitor

Yu Huang was expressionless when she saw 'Sheng Xiao' fall. She frowned, but her expression was still calm.

The game continued. Later, the number of cards the players had decreased, but the identity of the cards became more and more impressive

"Elvin Queen!"

"Grand State Master!"

"Divine Realm Academy's Principal!"

"Merman Race's Dino!"

Their game was actually using the entire Holy Spirit Continent as the chessboard and the entire continent's people as the chess pieces!

How audacious was this!?

After a round of battle, the Merman Race's 'Dino' became the final player. He stood in the middle of the Beast Fighting Arena, and every feather on the peacock arena beneath him was dyed red.

It was a red, demonic, and nauseating blood peacock!

Someone started to laugh.

"This card always wins at the end."

"That old monster to be the number one powerhouse in the Holy Spirit Continent?" After saying that, someone threw out the last card in his hand

"Upper World, Supremacy!"

Right at this moment, a person in white clothes and a mask with the word Supremacy on his head was transported to the Beast Fighting Arena.

That Supremacy and Prime Emperor Dino started a fierce battle. The battle lasted for half an hour before it ended. The final outcome was 'Dino' suffering a crushing defeat. That Supremacy from the Upper World laughed arrogantly!

Everyone stood up and applauded.

Yu Huang couldn't see them, but she could hear their excited applause. "No matter how strong Dino is, he can't beat that Supremacy in the end."

"In the end, the Holy Spirit Continent will experience a calamity!"

The cultists began to fantasize about the future.

Right at this moment, the black-clothed person who had been sitting beside Yu Huang and quietly dealt cards suddenly laughed. When she laughed, everyone in the private room fell silent at the same time. The applause also stopped.

"Do you really think this is the end?"

Hearing the black-clothed person's words, everyone was clearly puzzled. Someone asked, "Number Six, what are you trying to say?"

The big shot in black held the last card in her hand. She said, "This time, there's one more card in our game."

Hearing that, everyone fell silent. No one said anything. They were all guessing who the additional card would be.

The black-robed big shot turned her head to look at Yu Huang. Her eyes were clearly hidden under the cloak, but Yu Huang knew that she was 'looking' at her. She was not looking at her appearance, but at her soul.

Suddenly, the big shot in black swung her hand at the Beast Fighting Arena, and the last card appeared above the Beast Fighting Arena! All the players stood up at the same time and leaned forward to look at the card in the void.

On the card, there was a young woman. She had two wings on her back and a Psychic Sphere floating above her right hand.

Snake Girl tapped her finger lightly and the card turned over, revealing the identity information at the bottom of the card

The Eternal Eye!

When these words appeared, the artificial moon above Snake Girl's head suddenly emitted a strong incandescent light. Under the light, the energy wave wall in front of all the boxes lost its effect, and the players hiding in the boxes revealed their true forms!

No one had any secrets under the Eternal Eye.

Where you came from, what you looked like, and what you would do in the future would be clearly seen by the Eternal Eye!

The Eternal Eye could see through all schemes and plots in the world!

Yu Huang raised her head and looked towards all the private rooms. She realized that everyone was wearing a long robe. Their faces were hidden under the long robes, and their appearances couldn't be seen clearly.

They were like a group of black hands hiding in the dark and stirring up trouble.

Suddenly, someone sucked in a deep breath and stared at the card. "The Eternal Eye appeared?"

At this moment, the Snake Girl spoke. She said, "Last month, a fifteen-year-old youth in the Prosperous Capital posted on the Beast Tamer Alliance's internet saying that he wanted to find a girl who could foresee the future. In the thread, he said that he should have died two years ago, but his fate was changed by a woman with a black veil on her face!"

Snake Girl suddenly looked towards booth number 6. She stared at the young woman sitting on the chair and said with a smile, "In recent years, the Grand State Master has been searching for the Eternal Eye Awakened. Miss Yu Huang, you should know, right?"

At this moment, Yu Huang understood.

She could no longer hide the fact that she was the Eternal Eye.

The person in black brought her here and deliberately showed her their game. This group of people hiding in the darkness was deliberately declaring war on Yu Huang, who represented the Holy Spirit Continent's camp!

They were telling Yu Huang that they knew all about the elites of the Holy Spirit Continent. Even the appearance of the Eternal Eye was within their expectations.

Yu Huang suddenly smiled.

She stood up and stood behind the energy wall while looking up at the Snake Girl. A faint golden light suddenly flashed in her brown eyes.

Snake Girl felt uneasy and terrified, as if her soul was being seen through by Yu Huang.

Her gaze trembled slightly as she heard Yu Huang say, "You will have your tail cut off and your inner core dug out. Your inner core will be swallowed by that Prime Emperor. Your final destination is to become that Prime Emperor's energy body..."

Snake Girl's face turned pale!

Seeing this, the black-clothed person asked with interest, "I'm very curious. In your Eternal Eye, what is my ending?" Yu Huang had yet to fully master the ability of the Eternal Eye. She could only observe one's future through one's eyes. She stared at her for a moment before shaking her head. "I can't see clearly."

The person in black suddenly laughed.

Right at this moment, the black-clothed person sensed a powerful aura approaching. She paused while holding the wine.

The black-clothed person faced Yu Huang and said in a meaningful tone, "Yu Huang, tell the group of people behind you that we're going to get the Holy Spirit Continent!"

After saying that, everyone in the Beast Fighting Arena disappeared in an instant.

They had really disappeared.

At the same time, a handsome man in a long robe and a silver-white hat with crane patterns on it appeared in the private room. He stared at Yu Huang for a moment and only felt relieved when he saw that she was fine.

"You're messing around. Why did you come if you knew it was dangerous?"

Yu Huang turned her head and stared at the blood peacock below. She said, "They specially prepared something for me to see. If I don't come, won't I be letting down their good intentions?"

The Grand State Master walked to her side and looked down at the blood peacock with her. He said, "The blood peacock is an organization on the Holy Spirit Continent. They appeared five hundred years ago. This organization is extremely mysterious. They come and go without a trace. No one knows who the members of the organization are, let alone where their headquarters are."

The Grand State Master told Yu Huang, "You are the first person to be approached by the blood peacock."

Yu Huang felt her heart sink. She told the Grand State Master, "Lord Grand State Master, they know about the Eternal Eye's awakening."

The Grand State Master was also shocked.

As soon as he reached out, one of the stars on the ceiling fell.

The Grand State Master stared at that star and didn't see him do anything before that star was obliterated into ashes.

"There's a traitor," he said.

Chapter 253 Second Heart Blood

It was no secret that the Grand State Master had been searching for the Eternal Eye all these years.

However, very few people knew that the Grand State Master had contact with Yu Huang. The attendants in the Divination Tower were all people who had signed a death contract with the Grand State Master. They would not betray the Grand State Master.

A while ago, after the Central Pagoda challenge ended, the Grand State Master had once secretly visited a few friends. Although those friends did not have any sincere friendship with him, they were all big shots from all over the Holy Spirit Continent.

The survival of the Holy Spirit Continent was closely related to them.

The traitor had to be one of the friends he visited. Or... some.

The Grand State Master's gaze became more sinister.

The little mouse hiding in the dark better wish he wouldn't catch him.

"Since the secret of your Eternal Eye has been exposed, there's no need to hide it anymore." The Grand State Master looked at Yu Huang and said, "Let's form a mentor and disciple relationship to impart skills."

However, Yu Huang said, "Back then, when I acknowledged Supremacy Lin as my mentor, I promised that I would only acknowledge him as my mentor in this life. Grand State Master, please don't force me to be a person who goes back on my word."

The Grand State Master narrowed his eyes. He leaned against the railing outside the private room and frowned. "If you don't become my disciple, I have no reason to impart my skills to you."

Ha, he was the one who begged her to be his disciple.

After some thought, Yu Huang said, "Why don't you be my adoptive father? Taking one's adoptive father as a mentor was perfectly justifiable."

The Grand State Master inhaled lightly. "You..."

The Grand State Master stared at Yu Huang for a few seconds before suddenly holding his forehead and laughing. He was laughing so hard that his entire body was trembling. He didn't know what Yu Huang meant by her words.

After laughing, the Grand State Master said, "You remind me of the past. Back then, I wanted to take your father as my disciple. He had already taken the old principal as his mentor and he said the same thing as you."

The Grand State Master lowered his hand from his forehead. He looked at Yu Huang with relief and said with awe, "You are really similar to your father."

Yu Huang felt even more regretful when she heard about her father from these elders.

"It seems like I can forget about taking in a disciple for the rest of my life. Since that's the case, I'll acknowledge you as my adopted daughter." Saying so, the Grand State Master extended his beautiful index finger and tapped between Yu Huang's eyebrows. Instantly, his Spiritual Energy entered Yu Huang's body.

"I left a strand of my Divine Sense in your body. It's a type of restraint. If you encounter danger in the future, you can call me with your Divine Sense."

"Okay."

The Grand State Master sat on the stool that the person in black had previously sat on. He straightened his posture and pulled the two ropes that hung down from his hat to the length of both sides while tying the rope on his long robe to the middle.

After putting on his clothes, the Grand State Master said to Yu Huang, "Let's toast to tea."

There was ready-made tea on the small coffee table and also a clean cup. Yu Huang poured a cup of tea and knelt in front of the Grand State Master with both hands holding the tea. She looked up at the Grand State Master's pair of bright blue eyes and said respectfully, "Godfather, please have some tea!"

The Grand State Master took the tea and took a sip. Then, he put down the teacup and said to her, "Time was tight, so I didn't prepare a gift for you. Tell me what you want. Godfather will try my best to satisfy you."

Yu Huang's heart burned with greed. "I want a drop of your heart blood!"

The Grand State Master's expression changed slightly.

“Heart blood?” He instantly thought of Yu Huang’s display at the Yin Clan that day, and he said while seeming to be lost in thought, “Could it be that the cultivation technique you cultivate is able to replicate another person’s beast form and cultivation technique by refining the blood of another person’s heart?”

In the end, he was an old person. Even without Yu Huang saying it clearly, he had already guessed the truth.

Yu Huang’s heart thumped while her eyelids trembled, and she didn’t answer.

The Grand State Master stared at her for a long time before smiling. “What an extremely good cultivation technique. The person who created this cultivation technique is really a talent.”

He was very curious about how eccentric the person who created such a heaven-defying cultivation technique was.

As for Yu Huang, how lucky must she be to receive the recognition of such a cultivation technique? “How lucky of you.”

The Grand State Master took out a piece of jade from his interspatial ring. There was a smear of heart blood on it.

The Grand State Master handed the jade pendant to Yu Huang and said, “This is a smear of my heart blood that was left behind after I was injured three hundred years ago. Take it.”

The heart blood of big shots like them was very valuable. Even if they were injured, they would leave behind items stained with heart blood.

One was to keep it for future use, and the other was to guard against anyone using their heart blood to commit evil.

Yu Huang received the piece of jade and her heart raced.

“Thank you, Godfather!”

Yu Huang kowtowed hard to the Grand State Master.

Sheng Xiao was willing to give her his heart blood because he loved her. The Grand State Master was willing to give his heart blood to her today for the sake of the world and the entire Holy Spirit Continent.

When the Grand State Master saw that Yu Huang knew how to be grateful, he knew that his efforts had not been in vain.

When the Grand State Master saw that Yu Huang knew how to be grateful, he knew that his efforts had not been in vain.

“We’re old and have lived long enough, but you’re still young.” He placed his hand on Yu Huang’s head and sighed. “I hope that after the calamity, you young people can still live. Our Holy Spirit Continent can still continue to exist.”

The Grand State Master’s words made Yu Huang extremely sad.

Only people like them, who could predict the future, could understand the pain of knowing that a calamity would happen and that there was no way to avoid it. Yu Huang held the jade pendant tightly and said, "The Holy Spirit Continent will be fine."

The Grand State Master grabbed Yu Huang's shoulder. "Let's leave this place first!"

After she was brought out of the Underground Beast Arena by the Grand State Master, Yu Huang finally knew that she had been brought to the beastman race's Underground World by that black-clothed person.

The Grand State Master tore open a spatial rift and brought Yu Huang back to the Divine Moon Empire. When they returned, the sky was almost bright.

The Grand State Master brought Yu Huang back to the Divination Tower and closed the door. He gave Yu Huang a spirit weapon that looked like an eye.

"What is the Eye of All Things?"

The Grand State Master told Yu Huang, "The Eye of All Things is an eye condensed from the blood of all the known creatures in this world. Among the three thousand worlds, there is a large world called the Divination World. In that world, fortune-telling and beast-taming masters are respected. When I was young, I went to the Divination World to study." "The large family clans in the Divination World use this Eye of All Things to train their children's divination powers. When you can see the deeds of every creature in it when they were alive, you can use your eyes to see the past and the future."

After getting the brief, Yu Huang hurriedly lowered her head to stare at the Eye of All Things.

As soon as she met that eye, she felt as if her spiritual power was being sucked into it.

Chapter 254 Beaten For Being Sharp-tongued

Realizing that the Eye of All Things could actually absorb her spiritual power, Yu Huang hurriedly placed it between her legs and used the fabric of her long skirt to cover it.

Yu Huang raised her head and stared at the Grand State Master. She said with lingering fear, "This thing seems to be absorbing my spiritual power."

The Grand State Master nodded and explained, "The Eye of All Things uses spiritual power as food. The stronger your spiritual power, the more information you can pry. You're a Purifying Spirit Master, and your spiritual power far exceeds that of ordinary Beast Tamers. This is your advantage."

Yu Huang was a Purifying Spirit Master, so her mental strength was powerful to begin with, but when she looked straight at the Eye of All Things, she felt as if she was being stared at by an abyss.

Her little spiritual power was not enough.

From the looks of it, she had to speed up her cultivation of the Purifying Spirit Art.

The two of them chatted about the cultivation method for the Eye of All Things for a long time. In the blink of an eye, it was time for lunch.

The Grand State Master said to Yu Huang, "Have you eaten the imperial feast? Are you interested in staying to taste it?"

Yu Huang naturally wouldn't refuse. "Alright."

As the Grand State Master of the Divine Moon Empire, Mo Xiao was the most respected person in the Divine Moon Empire. Even the Emperor had to treat him respectfully.

His three meals a day were all prepared according to the emperor's standards.

But Mo Xiao was not a spendthrift.

When they were born, the Holy Spirit Continent was not as rich as it was now. At that time, many people in many places could not eat.

Mo Xiao had seen the miserable scene of starving people on the Holy Spirit Continent and had also seen the scene of people trafficking their children to eat. Because he had suffered that pain, Mo Xiao was the most uncomfortable with extravagance.

Because of Mo Xiao, the entire royal family became thrifty.

Mo Xiao usually ate three fixed dishes and one soup. Seeing that Yu Huang was willing to stay for dinner, Mo Xiao ordered the waiter to inform the kitchen to make two more dishes.

Logically speaking, Mo Xiao was already an Prime Master, so he should have abstained from eating long ago. But Mo Xiao was still like a commoner and would eat at a fixed time.

Mo Xiao put down his chopsticks after eating two bowls of rice. Seeing that there was still a lot of food on the table, he leaned lazily against the seat and said to Yu Huang, "Eat more, don't waste it."

Seeing that Yu Huang's arms and legs were thin, Mo Xiao frowned slightly and said, "Look at how thin you are. You can even float in the wind. Eat more meat and gain some weight."

Yu Huang was a little embarrassed. Why did both her godfather and mentor feel that she was very thin? Which young girl these days didn't covet her good figure?

Family members and kin probably thought otherwise.

Yu Huang was already full. When she heard the Grand State Master's words, she could only continue to bury her head in her food. She ate until her stomach swelled up and finally finished all the food.

After the meal, the Grand State Master allowed Yu Huang to leave.

When Yu Huang drove back to the hotel, almost all the participants from the other 32 high schools were already there. Many young beast tamers were checking in.

Yu Huang swept her gaze over them and noticed that amongst these participating academies' teams, there was actually not a single female Beast Tamer.

It seemed that the cultivation world was also biased against women.

Yu Huang had not returned for the entire night. Yin Rong and the others were worried about her. When they heard Yu Huang's footsteps, their teammates, who were gathered in Xiao Shu's room to play cards, hurriedly opened the door and walked out.

"Yu Huang, why have you only returned now?" Xiao Shu leaned against the door and shook the phone in his hand. He said to Yu Huang, "Professor Sheng called me a few times. He's rushing here now."

Yu Huang was shocked. "Isn't Sheng Xiao in seclusion?"

"You went missing last night. How can he still be in seclusion in peace?"

When Yin Rong saw that Yu Huang was not wearing the gown she wore last night, her heart skipped a beat.

Yu Huang left with a stranger last night and did not return after a night. When she returned, she changed her clothes. Could she have been raped by a stranger last night...

Yin Rong's expression instantly became worried. She walked over and held Yu Huang's hand. She asked, "Yu Huang, are you okay?" Her question was very ambiguous.

Zhong Luoxue looked at her worriedly.

Yin Rong and the others had higher cultivation levels than Yu Huang. Yu Huang couldn't hear their thoughts, but she could guess what they were worried about. Her heart warmed up, and she told everyone, "I'm fine. I was picked up by the Grand State Master."

"The Grand State Master personally went to save you last night?"

"... Yeah, kinda."

After knowing that Yu Huang had been with the Grand State Master, Yin Rong and the others relaxed.

"Let's play cards!" After they confirmed that nothing had happened to Yu Huang, everyone felt at ease and shouted as they played cards again. The moment Yu Huang heard "cards," she could not help but recall her experience last night. "You guys play cards. I'll rest for a while."

"Okay." Yin Rong thought of something and called Yu Huang back. She said to her, "The participants are all here now. The organizers will invite everyone to a gathering tonight. This is an unspoken rule before the competition. Don't forget it."

Yu Huang was a newcomer to the basketball competition and indeed did not know this rule. She nodded and said, "I'll attend on time."

With that said, Yu Huang opened the door and entered the room.

She took a shower and changed into her nightdress. She laid on the bed and quickly fell asleep. The Eye of All Things was very wicked. Yu Huang only looked at it for a few seconds before she felt listless.

Yu Huang slept peacefully that night.

When she woke up, it was almost dark.

They had already stopped playing card games next door. Yu Huang looked at the time and saw that it was already 7.15 pm. There were still ten minutes before the gathering time. Yu Huang quickly changed into the Divine Realm Academy's uniform and knocked on Yin Rong's door.

Yin Rong had also changed into her school uniform. Seeing that she was awake, she said, "It's good that you're awake. We're waiting for you. Let's go."

It turned out that everyone was already prepared. They just wanted Yu Huang to sleep a little longer, so they all stayed in their rooms to do their own things. Seeing that Yu Huang had woken up, everyone walked out of their rooms and went downstairs to attend the gathering

The restaurant on the fifth floor was very spacious. There were 34 tables and one table for each of the 33 high schools. The organizer's staff sat alone.

During the meal, the participating players of the various high schools tacitly put on their school uniforms. The young beast tamers put on their uniforms, and all of them looked energetic and extraordinary.

Each table had a sign with the name of a high school. Whenever a high school basketball team entered the venue, the staff would bring them to their respective tables according to the names on their uniforms.

Before long, the hall was filled with more than twenty tables. The first to arrive were all last-rate academies, and the last to arrive were all famous academies.

The party started at 7:30 am. The people from Divine Eagle Academy waited until 7:25 am before arriving late.

The Divine Eagle Academy was second on the Divine Realm Continent's universities' rankings. Even though they had the Divine Realm Academy above them, the Divine Eagle Academy still liked to be the last to appear.

The uniform of the Divine Eagle Academy was a dark blue British-style suit. The Divine Eagle school badge on the left chest was decorated gaudily. From afar, everyone could see the blue color. They knew that the Divine Eagle Academy was here.

The Divine Eagle Academy was a first-tier institution. They had always disliked the other lower-tier colleges. When this group of boys walked in, they did not greet the students of the other colleges. They only nodded at the organizers and walked to their table to sit.

Everyone was unhappy, but they could not say anything. In the cultivation world, strength was always the most important. Beast Tamers who could enter the Divine Eagle Academy were definitely stronger than them.

wa

ers

In front of the strong, the weak had no right to ridicule.

Because Yu Huang slept and was delayed for some time, the Divine Realm Academy arrived a few minutes later than the Divine Eagle Academy.

When they heard footsteps outside the door, everyone turned to look outside. Seeing a dark coffee-colored school uniform, everyone knew that the people from the Divine Realm Academy had arrived.

There was a line of nine people, six men and three women.

The person in the lead was Yin Rong.

Because her beast form was that of a unicorn, Yin Rong's aura was naturally gentle and calm, which was very deceptive.

Yin Rong had a head of black hair with a gentle smile on her fair face. She didn't look like an outstanding Beast Tamer, but like a dancer.

Behind her was the basketball team leader, Yin Yang. Behind Yin Yang was the long-haired Xiao Shu, Zhong Luoxue, and the others.

Yu Huang and Liuli Feng were the least experienced and were ranked last.

Yin Rong, Yu Huang, and Zhong Luoxue were the only three women at the entire gathering. In the past competitions, almost no women had participated in the basketball competition.

Everyone was shocked to find that there were three women on the basketball team sent by the Divine Realm Academy this year.

Someone from the Divine Eagle Academy sneered. "Last year, the Divine Realm Academy's basketball team sent a female student, Liuli Luoluo. This year, three females came. What? Is there no man in the Divine Realm Academy?"

Xiao Shu suddenly summoned his unicorn beast form and walked towards the Divine Eagle Academy.

The unicorn leaped thirty feet and landed on the Divine Eagle Academy's table. It kicked the man who had spoken earlier to the ground.

Xiao Shu walked to the Divine Eagle Academy's table and glanced at the man on the ground disdainfully and arrogantly. Then, he stared at all the basketball players in the Divine Eagle Academy and sneered. "The quality of your academy's teaching is really worrying. It didn't teach you guys anything but how to gossip."

"Don't be too arrogant!" This was Xiao Shu's second time participating in a competition. The representative team leader of the Divine Eagle Academy naturally knew him.

Xiao Shu's beast form had already jumped onto their table to show off. If they could still endure it, that would be too spineless.

Xiao Shu snorted. "If you can beat me, I'll allow you to be arrogant." Xiao Shu opened his arms and said to them frivolously, "Come, hit me!"

The people from Divine Eagle Academy were instantly enraged. Everyone released their beast forms and looked like they were about to fight.

When Yu Huang saw this, she finally understood why there was a ban on gang fights in the basketball competition between Beast Tamers.

It seemed that there had always been instances in the past where students would fight because of disagreements.

The Divine Eagle Academy and the Divine Realm Academy had always been at odds. There would be friction before every basketball match. In the official arena, they fought even more fiercely.

Everyone was used to it.

Chapter 255 The Imposing Yu Huang

Seeing that everyone from the Divine Eagle Academy had released their beast forms, the Divine Realm Academy naturally could not afford to be outdone. Yin Rong was the first to summon her unicorn. Seeing this, Lie Gang, Yin Yang and the others also summoned their beast forms.

In the chaos, a phoenix's cry suddenly sounded

Swish!

The phoenix bird's sharp voice hurt everyone's eardrums.

A dazzling red light gathered above the basketball team of the Divine Realm Academy. The water in the air and the drinks in the cups were instantly evaporated by the beast's energy!

Everyone was shocked as they watched the wine in the cup evaporate in an instant. Everyone raised their heads in shock and looked towards the end of the Divine Realm Academy's team of nine.

They saw that there was a girl dressed in the uniform of the Divine Realm Academy standing there. The girl's pair of straight and beautiful long legs were exposed under her leather shorts. Her feet were wearing combat boots, and she wore a phoenix-patterned golden mask on her face. The mask covered her eyebrows, revealing half of her fair face.

Above her head, a dignified and noble fiery red phoenix spread its wings. Its phoenix-like eyes were narrowed as it stared at everyone present, as if it was staring at delicious prey.

This was the extravagance of a super beast form.

Phoenix mark golden mask? Divine Feather Phoenix? That was Yu Huang!

She awakened the Super Beast Divine Feather Phoenix! She was the Beast Tamer, Yu Huang, who possessed S-grade potential of the combat-type! She was the only dual cultivator in the Holy Spirit Continent!/
please keep reading on MYBOXNOVEL(dot)COM.

After those students from the low level academy recognized Yu Huang's identity, they looked at her with fiery gazes. To be able to see the legendary Yu Huang, even if they were defeated, they would have no regrets.

After recognizing Yu Huang, the morale of the Divine Eagle Academy students suddenly dropped. In front of a Super Beast State Awakened, they had no right to be arrogant.

The organizer naturally could not allow the two academies to fight. If they really fought, the entire building would be buried with them.

A man in a suit stood up from the side of the organizer's table. He persuaded them like a peacemaker. "Alright, children. Group fights are prohibited during the basketball match. Don't break the rules."

This person was Manager Su, from the organizing party, and was a Supreme Master. Everyone had to show him respect.

Yin Rong immediately smiled. She looked at Manager Su and said gently, "Manager Su, you're right. When we're out, every word and action of ours represents our academy. We almost broke the rules of the competition just now. It's our fault. However..."

Yin Rong smiled and glanced at the Divine Eagle Academy. She then said, "If I remember correctly, the basketball match is called the Beast Tamer Basketball Association, not the male Beast Tamer Basketball Association."

After saying that, Yin Rong looked straight into Manager Su's eyes and asked with a smile, "Manager Su, what do you think?"

Manager Su subconsciously glanced at the Divine Eagle Academy team with a gloomy and unhappy gaze. Under his gaze, the Divine Eagle Academy students lowered their heads one after another while looking guilty.

Manager Su smiled and said, "Yin Rong is right. Since it's a friendly match between beast tamers, it's only right for female students to participate in the basketball match."

a

on

He deliberately paused for a moment and continued, "You are all Beast Tamers from Beast Tamer Academies. When you're outside, you should pay attention to your words and actions. Don't smear your school's name because of your personal character."

The people from Divine Eagle Academy all had gloomy expressions. No one dared to retort Manager Su.

The other colleges' participating players applauded and shouted, "You're right!"

The Divine Eagle Academy students' expression darkened.

Yin Rong said to Xiao Shu, "Xiao Shu, come back."

Xiao Shu immediately retracted his beast form and returned to Yin Rong's side. The group of people then walked to the table with the Divine Realm Academy written on it and sat down. During the meal, dozens of people were secretly watching Yu Huang.

They were really too curious about Yu Huang.

Yu Huang, on the other hand, was very calm and wasn't nervous at all. She ate and drank heartily and was especially comfortable.

Yin Rong poured a cup of wine for Yu Huang. "Try it. This is the sunlight wine that elves like the most. It's fresh, sweet, and delicious. It's most suitable for girls."

Yu Huang took the wine glass and thought about it carefully. After confirming that no one owed her money recently, she thought that even if she was drunk, she would not call around to collect debts. Only then did Yu Huang drink the wine.

The wine was really delicious. It was not strong at all. Instead, it was very sweet and only had a faint wine taste.

Yu Huang finished a cup and thought about it before drinking another cup. In the end, two-thirds of the bottle of wine entered Yu Huang's stomach.

After the gathering ended, Yu Huang's expression was calm. Her speech was coherent and she did not look drunk at all. However, after leaving the dining room, when everyone turned left towards the elevator lobby, Yu Huang slammed into the wall opposite the corridor.

"Be careful!" Zhong Luoxue pulled Yu Huang back and stared at her for a long time. Zhong Luoxue asked dubiously, "Yu Huang, are you drunk?"

Yu Huang said, "I'm not drunk." With that, she led the way towards the elevator.

Seeing that she walked calmly, everyone thought that she was deep in thought just now.

After entering the elevator, the nine of them stood very close to each other. Xuanyuan Jing was standing diagonally in front of Yu Huang. Yu Huang recognized Xuanyuan Jing and suddenly said, "Does it hurt a lot to be struck by lightning?"

Xuanyuan Jing was speechless.

The others were speechless too.

Xuanyuan Jing turned around to look at Yu Huang and saw that there was something wrong with her condition. He thought about it and said, "Are you drunk?"

Yu Huang shook her head and said, "I'm not drunk."

She leaned against the elevator wall and hugged her right elbow joint with her left hand. She touched her chin with her right thumb and index finger and suddenly said, "I always thought that a jerk being struck by lightning was a proverb. Only after I knew you did I realize that this sentence was true."

Xuanyuan Jing's expression darkened. He gritted his teeth and said, "You're really drunk." If she could even say such a thing, Yu Huang was clearly quite drunk.

Yin Rong hurriedly covered Yu Huang's mouth and said to Xuanyuan Jing, "She's drunk. Don't be angry with her."

Xuanyuan Jing nodded and turned around. He walked away from Yu Huang and stood at the front.

Ding dong!

Finally, the elevator door opened.

Xuanyuan Jing was the first to walk out. His footsteps were fast, and he looked like he was running away. When Xiao Shu saw Xuanyuan Jing almost hitting the corner of the wall, he felt pity for him.

Everyone pulled Yu Huang towards her room. After turning a corner, they walked out of the elevator and saw a man standing at the door of Yu Huang's room.

Who else could it be but Sheng Xiao in a blue shirt and black pants?

When she saw Sheng Xiao, Yin Rong quickly pushed Yu Huang to Sheng Xiao. Sheng Xiao quickly held Yu Huang. Yin Rong said, "She seems to be drunk. Take care of her."

Everyone thought that Yu Huang and Sheng Xiao had slept together already. So, there was nothing wrong with letting Sheng Xiao take care of Yu Huang.

Chapter 256 Come Here, Child

Yin Rong and the others left, leaving Sheng Xiao and Yu Huang looking at each other in confusion.

Sheng Xiao saw that Yu Huang's eyes were clear and she did not look drunk. He asked her, "How do you feel?"

Yu Huang waved her hand. "I'm fine. I'm not drunk." She paused and said, "I'm really not drunk." Then, she took out the room card from her pants pocket.

Yu Huang walked to the door and placed the room card on the wall while swiping it.

Swipe.

Swipe.

Swipe.

Yu Huang suddenly kicked the door and cursed softly, "What kind of lousy door lock is this? Why did it malfunction?!"

Sheng Xiao clasped his forehead.

He walked over and hugged Yu Huang from behind. Sheng Xiao bent down and held Yu Huang's hand with his right hand, then placed the room card on the door lock and the door opened.

Yu Huang glared at the suddenly opened door and mumbled, "F** k, how can a door lock discriminate against age?"

These days, even the door lock liked young hunks and despised old women like her.

Yu Huang entered the room and bent down to take off her combat boots before walking towards the bed.

Sheng Xiao closed the door and helped her arrange her shoes. He lowered his head and took off his shoes. Suddenly, he heard Yu Huang say, "What are you doing? Come and sleep with me!"

Sheng Xiao was speechless.

Yu Huang had never told him that she would act like this when she was drunk. She was surprisingly bossy.

Sheng Xiao leaned their shoes against each other. His size 45 shoes were longer than Yu Huang's. Sheng Xiao stared at their shoes for a moment before entering the bedroom.

Yu Huang had taken off her school jacket. She was wearing a tight tank top and leather shorts as she sat by the bed. She waved at Sheng Xiao. "Come here, child. Sleep with me."

Sheng Xiao felt that it was strange when she called him a child.

Sheng Xiao walked over and sat down beside her.

As soon as he sat down, Yu Huang pressed his chest against the bed. Of course, Sheng Xiao willingly let her. If he did not want to, even ten drunk Yu Huangs would not be able to push him down.

Yu Huang opened her arms and hugged Sheng Xiao's shoulders. She placed one leg on his waist, then leaned her head close to his neck and blew into his mouth. "I heard that something happened to me. You came here specially to see me, right?"

Although she was drunk, her speech was calm, showing that she was sober. It was just that after she was drunk, she completely shed her disguise and became innocent. She said whatever she was thinking.

For example, right now, she was happy to see Sheng Xiao. So, she said it out loud.

Before Sheng Xiao could finish speaking, Yu Huang asked him, "Do you love me a lot? Sheng Xiao, look, you lost your memory, but you still like me a lot."

Sheng Xiao listened to her nonsense without saying anything. Seeing that he did not say anything, Yu Huang became frantic. She suddenly sat on Sheng Xiao's stomach and grabbed his neck with both hands. She shouted fiercely, "Say something!"

Sheng Xiao could not speak because his neck was pinched.

Yu Huang was enraged. "Why aren't you saying anything? Answer me!"

Sheng Xiao thought, Let go of me. Yu Huang narrowed her eyes. "If you don't say anything, I'll bite you!" She suddenly lowered her head and bit Sheng Xiao's collarbone.

At that moment, the hands released Sheng Xiao's neck and pressed on his shoulders.

Sheng Xiao was "bitten" by her unwillingly. Soon, he was mesmerized and his entire body flushed. He could not hold it in anymore. He quickly pushed Yu Huang away and hid her under the blanket.

"You're drunk." Sheng Xiao's breathing was unstable, but he pressed the blanket tightly with both hands to prevent Yu Huang from coming out and biting him.

Yu Huang laid obediently under the blanket. She stared at Sheng Xiao's face for a moment before sighing. "You're so beautiful."

Good wine paled in comparison to Sheng Xiao!

Yu Huang mumbled a lot more. In the end, Sheng Xiao fed her a cup of calming tea and made her fall asleep. Only then did the bedroom quiet down.

After she fainted, Yu Huang fell into an especially good sleep.

Sheng Xiao sat by the bed with mixed feelings. He listened to Yu Huang's calm breathing and looked down at his restless body. Then, he suddenly took out his phone and called his father.

Madam Sheng led the villagers to a square dance in the square of Yufu City.

Sheng Lingfeng stood on the city wall of Yufu City and stared at the lively Yufu City. When he thought of the words the Grand State Master had said to him a while ago, he couldn't help but feel a sense of grief.

Was the calamity really coming?

Just as he was feeling sad, his phone suddenly rang in his pocket.

Sheng Lingfeng was surprised to see that it was Sheng Xiao. Why would this boy call him if nothing happened? Could something have happened?

Sheng Lingfeng picked up the phone and called out, "Xiao'er." Then, he heard his son say, "Father, the engagement ceremony at the end of the year will be held as usual."

Sheng Lingfeng suddenly smiled. "Why have you changed your mind?" He teased Sheng Xiao on purpose. "You were the one who said that young people should focus on cultivation and didn't want to get engaged to Yu Huang."

Sheng Xiao felt a little awkward after being ridiculed by Sheng Lingfeng.

He held Yu Huang's hand and unconsciously squeezed it. Even though he could not remember the process of him and Yu Huang knowing each other, nor could he remember the sweet moments between them, his body had long remembered Yu Huang.

He craved her.

He didn't want to wait another moment.

"Anyway, we have to get engaged!" The sooner the better!

Sheng Lingfeng found it funny. He told Sheng Xiao, "Silly boy, you won't forget the person you like even if you lose your memory."

Sheng Xiao thought about it for a moment before saying, "You're right." "If there's nothing else, I'll hang up." After Mrs. Sheng finished square dancing, Sheng Lingfeng wanted to pick her up and go home with her.

Sheng Xiao said, "Yu Huang is playing basketball in Jingdu. You and my mother will come to watch the finals." He was informing Sheng Lingfeng, not discussing it with him. Sheng Xiao hung up without waiting for Sheng Lingfeng's reply. Sheng Lingfeng shook his head and chuckled.

He flew to the square and landed beside Madam Sheng. Madam Sheng was wiping her sweat with a handkerchief. When she saw him, she asked, "Who were you on the phone with?"

Mrs Sheng saw it all.

Sheng Lingfeng told her, "It's Xiao'er. He called me and told me that the engagement will be carried out according to the original plan. He also told us that we must go see Yu Huang's basketball match."

Madam Sheng was delighted. "That's great!" She was worried that Sheng Xiao would lose Yu Huang, her future daughter-in-law, after he lost his memory. Madam Sheng was happier than anyone else when she found out that Sheng Xiao and Yu Huang were still as loving as before.

She was over the moon. She said naggingly, "Do you think I should wear a dress or a suit on the day of the finals? Which set of jewelry will look better? What do you think about me going to customize a banner? When the time comes, let's bring two attendants with us. As soon as Yu Huang goes on stage, let them pull up the banner and shout slogans!"

Mrs. Sheng became more and more excited. "I can't wait."

Sheng Lingfeng was speechless. He had a feeling that if Yu Huang married into Yufu City in the future, his wife would ignore him.

At the thought that he might compete for her favor with his daughter-in-law, Sheng Lingfeng felt a headache.

Chapter 257 Gift from the Future Mother-In-Law

Yu Huang woke up early in the morning. She turned around and saw a shirt hanging on the clothes rack. She recognized it as Sheng Xiao's shirt and remembered that he came last night.

Then, what happened last night surfaced in her mind like a lantern.

Yu Huang smacked her head speechlessly. She was about to smack herself again when she heard Sheng Xiao's voice from the washroom. "Stop. If you smack yourself again, you won't be able to play basketball today."

OIII.

Yu Huang put her hand down immediately. She looked up at the washroom and saw Sheng Xiao without his shirt.

The young man's body was really sexy.

Yu Huang felt her fingers itch when she saw Sheng Xiao's chest and abs. She wanted to touch them. But, she was a girl. She had to be reserved.

Yu Huang lowered her head reluctantly and picked up the ball gown on the bedside table. She said to Sheng Xiao, "Turn around. I'll change."

Sheng Xiao took the shirt off the hanger and turned around to put on his clothes with Yu

Huang.

He put on his shirt and, after some thought, took out the cloud-patterned collar pin from the storage device to wear it at the collar.

Sheng Xiao turned around and looked at Yu Huang.

Sheng Xiao's gaze darkened when he saw Yu Huang in her jersey. He lowered his head and tidied his cufflinks. Then, he said casually, "Don't lose your jersey after the competition."

Yu Huang said, "They'll design a new one next year. There's no need for this in the future."

"Yes, there will be." Sheng Xiao's words made no sense to her. Yu Huang did not understand what use the clothes had.

Yu Huang squatted in front of the suitcase and looked for her sneakers. Sheng Xiao touched the collar pin and asked her, "Did you give me this collar pin?"

Yu Huang turned back to look at his collar and saw the cloud-patterned collar pin. Yu Huang nodded. "Yes, didn't we buy it at the school fair together?"

Yu Huang then remembered that Sheng Xiao had lost his memory.

She walked to Sheng Xiao with her sneakers and looked up at him. "Yin Rong said that this is the Three Lives Stone that can bring us three lifetimes of love. You liked it a lot, so I bought it for you."

Sheng Xiao felt a little guilty. He did not dare to tell Yu Huang that he had despised the collar pin and thrown it into the trash can.

So this was their token of love.

Fortunately, he eventually picked it up from the trash can.

Naturally, Yu Huang did not know about this. She put on her sneakers and tied her slightly curled black hair up in a ponytail, making her look athletic. Sheng Xiao suddenly walked toward her and said, "Don't move."

Yu Huang stopped moving.

Sheng Xiao took out a red headband from his pocket and put it on Yu Huang.

"Done."

Yu Huang looked at herself in the mirror and realized that there was a word "phoenix" embroidered with golden thread on the headband. The word was embroidered exquisitely. It was obvious that it was not something Sheng Xiao could embroider.

Before Yu Huang could ask, Sheng Xiao explained, "My mother made your headband. There's a strand of my father's hair under the word phoenix. My father's beast form is a pixie. Pixies have the ability to get rid of bad luck and bring good luck to people. This is a lucky belt. Wear it well."

After knowing that this was a gift from her future in-law, Yu Huang couldn't help but touch her headband. "Don't worry, I definitely won't lose it."

Sheng Xiao called breakfast into the room.

After they had their breakfast, Sheng Xiao put on a cap and left with Yu Huang.

Yin Rong and the others knew that Yu Huang would come with Sheng Xiao, so they went to the basketball stadium beforehand.

Nearly 300 participating players were all gathered in the basketball stadium. Everyone was wearing the uniforms of various universities and stood in their respective camps. When Yu Huang appeared, the male students of the other universities could not help but steal glances at her.

They glanced at her mask, her figure, her fair legs, and her entire body.

Sheng Xiao sat at the back of the Divine Realm Academy's audience seats. He felt suffocated when he saw many boys watching Yu Huang

These bastards, what were they looking at? Weren't they afraid of getting a sty? Yu Huang greeted Xiao Shu and the others, then stood beside Liuli Feng and waited for the match to begin.

Ordinary basketball courts were usually made of cement or rubber ground with soft wooden boards. However, the ground of the Beast Tamer basketball courts was made of diamond!

This material had no other advantage except for its resistance!

Opposite Yu Huang and the others stood the Divine Eagle Academy's basketball team. Because of the conflict last night, the Divine Eagle Academy's players were glaring at Yu Huang and the others. Yu Huang was infuriated by their gazes. The blood in her entire body flowed faster. She clenched her fists and her bones creaked.

She could not wait to play basketball!

Beautiful and sexy cheerleaders skipped out in mini-skirts and danced with energy. When Yu Huang saw those young and beautiful girls, she felt like she had become younger.

After the cheerleaders left the court, Manager Su, in a black suit, flew to the sky above the open-air basketball stadium.

Manager Su held a wooden frame in his hand, and it was unknown what was inside.

He glanced at the team members below and shouted, "Every basketball team manager, please draw lots!" After saying that, he threw the wooden frame into the sky, and instantly, 33 balls of light flew into the sky.

There was a number on each ball of light.

When Manager Su threw out the ball of light in the wooden box, Yin Rong, who was standing at the front of the team, immediately released the Three-Eyed Unicorn and flew up into the sky without a word.

She went straight to the ball of light with the number 1 on it.

At the same time, the basketball managers of the other academies also flew into the sky. Like Yin Rong, their target was also ball 1.

For the No. 1 ball of light, the basketball managers of 33 academies fought in the sky.

Of the 33 basketball managers, only Yin Rong was a woman. In order to get the number 1 ball of light, everyone was fighting desperately. Who would still care about 'ladies first'?

Yin Rong was actually not at a disadvantage even though she was fighting a group of men.

Yu Huang asked Xiao Shu, "Xiao Shu, why does everyone want to snatch Ball 1?"

Xiao Shu explained, "Because with the number 1 ball, you have the right to choose the opponent first."

No wonder.

High in the sky, Yin Rong stroked the unicorn's head, and it obediently bowed its head.

Faint white energy was released from the horn. At the same time, the other 32 basketball managers moved slowly.

Yin Rong cultivated a spatial cultivation technique that could reduce the enemy's movement speed and slow them down.

Yin Rong seized this opportunity to fly up from the unicorn's body. She successfully snatched the No. 1 ball of light and landed in front of Yu Huang and the others with a smile on her face.

When she landed, the effects of the time cultivation technique disappeared, and the 32 people returned to normal.

Seeing that the No. 1 ball had been snatched away by Divine Realm Academy's Yin Rong, the basketball manager of Divine Eagle College glared fiercely at Yin Rong before indignantly snatching the No. 2 ball.

Yin Rong wiped the sweat off her forehead and turned around to ask Yu Huang and the others, "Everyone, which academy should we choose in the first elimination match?"

Xiao Shu did not hesitate and said bluntly, "I think Divine Eagle Academy is very suitable."

In the past years, the Divine Eagle Academy had always been the top three winners. If they challenged the Divine Eagle Academy at the beginning, this was too...

Exciting!

Yin Rong licked her lips as her eyes flashed. She asked the others, "What do you guys think?"

Yin Yang analyzed logically. "The strength of the Divine Eagle Academy cannot be underestimated. I suggest that everyone not act rashly."

Yu Huang touched the headband on her head and said, "I think Xiao Shu's suggestion is more interesting. Isn't it more exciting to defeat the strongest opponent at the beginning?"

Xiao Shu gave Yu Huang a thumbs up. "That's right! Let that bunch of b*stards see how powerful Divine Realm Academy's women's army is!"

Yin Yang thought of what happened last night and frowned. He said, "That's fine too. Let them be defeated by the women's army of Divine Realm Academy at the beginning to teach them a lesson."

“Then.” Yin Rong threw the No. 1 ball of light into the sky and smiled evilly. “Let’s treat Divine Eagle Academy as a front dish!”

The basketball manager of the Divine Eagle College, who was still fighting for the number 2 ball in the sky, did not know that their academy had become the prey of the Divine Realm Academy.

Chapter 258 The Opening Game is the Royal Game

After nearly half an hour of the battle, everyone obtained their respective ball of light.

The players all went to the rest area to wait while the 33 managers stood in a circle. Manager Su stood in the middle of them and said, “Next, the team with the number 1 spot, choose your opponent first!”

Yin Rong walked to Manager Su.

In front of her, there were 2 to 33 balls of light. Those basketball managers of the last-rate academies, afraid that they would face the Divine Realm Academy in the first round, were a little nervous.

The Divine Eagle Academy had never thought that the Divine Realm Academy would choose them. Therefore, they didn’t care about Yin Rong’s decision at all.

It was only when Yin Rong’s hand reached out for the number 2 ball that the manager of the Divine Eagle Academy saw her action and a look of anger instantly appeared on his face.

“Yin Rong! What are you doing?!”

Yin Rong calmly picked up the No. 2 ball and turned to Manager Su. “Manager Su, the No. 1 ball has the right to choose first. I can choose any school, right?”

Although Manager Su was shocked, he still nodded. “According to the rules, that’s right.”

Yu Huang gave the Divine Eagle Academy’s basketball manager a provocative look. “The women in our academy can’t wait to pamper your academy’s handsome boys. Why, are you afraid?”

The manager of the Divine Eagle Academy took a deep breath and said angrily, “Then let’s fight!”

In the past, the Divine Realm Academy had always been low-key and gentle. But this year, the basketball manager sent by the Divine Realm Academy seemed to be especially belligerent.

She looked very gentle, but she was very arrogant.

In the elimination rounds, any academy that was eliminated would lose the qualification to advance. If the Divine Eagle Academy lost to the Divine Realm Academy and wanted to continue competing for the top three, they would have to challenge five academies consecutively to obtain the opportunity to continue competing.

The Divine Eagle Academy was naturally confident in getting into the top three. However, it was originally very easy to get into the top three. Because of the actions of the Divine Realm Academy, they had to work harder this time./ please keep reading on MYBOXNOVEL(d0t)COM.

The Divine Realm Academy was publicly shaming the Divine Eagle Academy!

Those who had bought tickets to watch the battle realized that the first match today was between the Divine Realm Academy and the Divine Eagle Academy. Everyone instantly felt excited and motivated.

Who would have thought that the opening would be the King's Tournament!

If the Divine Eagle Academy didn't want to lose, they would naturally do their best to win against the Divine Realm Academy. Yin Rong said to Yu Huang and the others, "The players sent by the Divine Eagle Academy are mostly students above the 8th grade. Other than one substitute player who is at the late-stage Scholar cultivation level, the rest of the players are all Masters."

On their side, Yu Huang, who was an official player, was at the late-stage Scholar level.

Yin Rong said to Yu Huang, "In order to win, they will definitely target you. Yu Huang, be mentally prepared."

Yu Huang said, "I'll try to fight for a longer time."

Yin Rong chuckled. "There's no need to say that."

The nine people stood in a small circle with their fists clenched. They clenched their fists and shouted, "Divine Realm Academy, victory is assured!" After shouting, the nine people separated.

Under Yin Yang's lead, Xiao Shu, Lie Gang, Zhong Luoxue, and Yu Huang flew to the basketball court. The next second, the five players from the Divine Eagle Academy flew to the basketball court.

The basketball court of the beast tamers was a hundred times bigger than an ordinary basketball court. Energy barriers were built around the basketball court to prevent the basketball from flying out of the court and injuring the audience.

However, once the basketball crashed into the energy wall, it would be out-of-bounds.

Everyone stood according to their positions. Manager Su shouted, "On both teams, each team will have one player jump!"

A tall man with dyed blue hair walked out from the Divine Eagle Academy's side. He was very tall and his jersey could not hide his muscular body.

His name was Poison Assault, and his name sounded like he was not to be trifled with.

On the Divine Realm Academy's side, Lie Gang was sent out.

Lie Gang's figure was tall and sturdy, like a little King Kong. His body size was comparable to that of Poison Assault's. The two of them stood opposite each other across a white line and stared at each other fiercely.

Manager Su whistled and threw the ball into the air.

The ball flew into the sky but did not fall. It floated quietly in the sky while waiting for the players to snatch it. At the same time, Lie Gang and Poison Assault summoned their beast forms.

Lie Gang's beast form was the King Kong Beast, while Poison Assault's beast form was the polar bear of the same species as Sheng Yang's. However, his polar bear was much stronger and larger than Sheng Yang's.

Lie Gang roared and punched the ground. "Nine-Layered Pagoda! The first pagoda!"

With a punch, the diamond basketball court shook.

"Nine-Layered Pagoda! Second Pagoda!"

The second punch smashed down, and a layer of energy light wave spread in all directions. When it was affected by the energy wave, all the players released their energy shields and tried their best to resist Lie Gang's attack.

"Nine-Layered Pagoda! Third Pagoda!"

The diamond court beneath Lie Gang cracked.

At the same time, Poison Assault also drew a white array under his feet. He fought side by side with his beast form polar bear.

Waves of white light rose from under their feet. The polar bear's body grew bigger and bigger, and eventually, it actually rivaled the height of the King Kong.

When the energy was gathered, the polar bear attacking him suddenly jumped up. It leaped hundreds of feet and fell from the sky. The air was oppressed by its energy and let out whimpering sounds.

Lie Gang and his King Kong punched at the same time

"Nine-Layered Pagoda! Sixth Pagoda!"

When the King Kong's fist smashed down, the diamond beneath him was smashed into more than ten pieces. The King Kong pounded his chest and roared as he raised his head and raised his hands to face the polar bear that fell from the sky!

The shattered rocks attacked the polar bear.

The air under the polar bear distorted. As soon as the gravel approached the polar bear, it was completely swallowed. The polar bear roared angrily and the gravel activated by the King Kong turned into dust. "Roar!"

The polar bear pressed heavily on the King Kong's body. Lie Gang suffered a backlash and clutched his chest while letting out a muffled groan. Blood flowed out of the corner of his mouth.

After defeating Lie Gang, Poison Assault quickly flew into the sky.

He slapped the basketball into the Divine Eagle Academy's camp.

Poison Assault was the strongest person in the Divine Eagle Academy basketball team. He was 35 years old and his cultivation level was already at the peak of the late-stage Master Realm. He was one of the top three in the Divine Eagle Academy's expert ranking.

It was not shameful for Lie Gang to lose to him!

Seeing the ball land on the Divine Eagle Academy's court, Yin Yang said in a low voice, "Snatch it!"

Hearing this, Yu Huang suddenly spread the Vermillion Bird wings on her back and flew towards the Divine Eagle Academy's court in the blink of an eye.

The vanguard of the Divine Eagle Academy was shooting the ball into the basket. Just as the blue ball was about to fall into the ball, a red light flashed and the ball was held by a slender hand.

Everyone raised their heads and focused their gazes before recognizing that the person who seized the ball was actually Divine Realm Academy's Yu Huang.

Yu Huang stepped on the basketball hoop on the opponent's court and quickly flew back.

Seeing that the rear guard of the Divine Eagle Academy had jumped up to stop her, Yu Huang did not hesitate to throw the ball out and shouted, "Xiao Shu! Catch!"

Xiao Shu jumped up and grabbed the basketball. He didn't dribble the ball and sent it to Lie Gang, who was the closest to the ball frame. Lie Gang immediately took the ball and scored!

"Divine Realm Academy, one point!"

Yu Huang was stopped by the opponent's rear guard in the sky. The opponent punched towards Yu Huang's mask. Yu Huang somersaulted backward and used her legs to kick the opponent's fist.

Yu Huang and the opponent's rear guard were both sent flying towards the opponent's court.

Just as she was about to hit the opponent's basketball hoop, Yu Huang flapped her wings to stabilize her figure and in the blink of an eye, she flew back to the camp of the Divine Realm Academy.

At this moment, the people from Divine Eagle Academy had already rushed to the Divine Realm Academy. Both sides started to fight over the basketball in the Divine Realm Academy's territory.

Because Yu Huang could fly, she had a natural advantage in snatching balls. She was targeted by the two players on the other side. It was two against one, and the opponents were both Master level. Yu Huang should have had a hard time.

However, she had lived in the post-apocalyptic era for two hundred years. Her close-combat skills far exceeded those of these twenty to thirty-year-old children. In a situation where she could not use cultivation techniques and could only use spiritual power to fight, Yu Huang was actually not at a disadvantage.

During the fight, Yu Huang could even take the time to say to Xiao Shu and the others, "Go ahead and score points. I'll help you delay their vanguard and captain!"

'S SCO

Hearing that, Xiao Shu and the others scored two shots in a row, as if they were on stimulants.

"Intermission!"

Manager Su whistled. Everyone stopped and stopped snatching the ball.

At that time, the Divine Realm Academy scored 3 points and the Divine Eagle Academy scored 0 points.

Chapter 259 The Despicable and Cunning Yu Huang

The cheerleaders went on stage and danced. Yu Huang returned to the resting area and sat on the chair. Sheng Xiao came to her side quietly and massaged her shoulders. He made her look like a big shot.

Sheng Xiao stared at her sweaty hair and praised her sincerely. "You did well." Especially when she broke into the local basketball court and snatched the ball at the beginning. She looked so cool.

Yu Huang felt a little shy. She sat up straight and reached out her left hand to Sheng Xiao. "Water."

Sheng Xiao gave her a bottle of Spirit Gathering Water. "Drink this to replenish your energy."

Yu Huang drank a bottle of Spirit Gathering Water and instantly revived on the spot.

During the second jump, the team from the Divine Realm Academy sent Xiao Shu, while the other side sent Cen Feng.

This time, the jump was even more intense than the previous one. Xiao Shu and Cen Feng fought until they were bleeding profusely. In the end, Xiao Shu won.

Xiao Shu slammed the basketball onto the stadium of the Divine Realm Academy. Zhong Luoxue snatched the ball and turned around with the ball in her hand. She stood at the three-point line and threw the ball through the air.

Bang!

It hit the basketball hoop!

"Divine Realm Academy, three points!"

Seeing that the Divine Realm Academy actually got a three-pointer, the Divine Eagle Academy started to panic.

They all ran to the venue of the Divine Realm Academy. After a few fights, the people from the Divine Eagle Academy snatched the basketball. The players from the Divine Realm Academy chased after them. However, this time, the Divine Eagle Academy was on high alert. They refused to give Yu Huang and the others a chance to ambush them.

The Divine Eagle Academy consecutively scored one three-pointer, two one-pointers.

After winning this round, Divine Eagle Academy regained its arrogance.

The fight between the two sides became even more intense. In the chaos, Yu Huang's headband was torn off by someone, and her black curly hair fell down.

That red headband was wrapped around her head, blocking the hair that hung down her forehead. Under the mask, Yu Huang's eyes were sharp, and she stared at the opponent until his entire body went cold.

The player panicked and the ball in his hand was snatched away by Yu Huang.

Yu Huang dodged her opponent's attack with a slide and threw the ball towards the court of the Divine Realm Academy. Yin Yang jumped up and caught the ball, then shouted, "Luoxue, catch!"

Zhong Luoxue picked up the ball as she ran. After she caught the ball, she took a three-step hurdle and threw the ball into the ball!

“Divine Realm Academy, one point!”

Manager Su whistled again. “It’s intermission!”

After only two rounds, Yu Huang was already drenched in sweat and her jersey was drenched. She was a little exhausted and took the initiative to say to Yin Rong, “Change people. I have to rest.”

When Yin Rong saw her disheveled hair, her heart ached for her. “It’s been hard on you. Have a good rest. Dongfang Shunan, you’ll fight for Yu Huang next!”

Dongfang Shunan nodded. “Okay.”

Zhong Luoxue also said, “Let Xuanyuan Jing take my place. I’m tired too.”

“Xuanyuan Jing, go!”

“Okay.”

In the third segment, Dongfang Shunan and Xuanyuan Jing replaced Yu Huang and Zhong Luoxue to go on stage. The Divine Eagle Academy cooperated well and got three points, while Divine Realm Academy only got one point.

After some discussion, Yu Huang and Zhong Luoxue decided to return to the competition venue. Lie Gang was seriously injured, and it was time for Liuli Feng to take the stage. After losing the vanguard, Lie Gang, this match was very difficult for them.

When there were only three minutes left, the total score of the Divine Eagle Academy was 11 points, and the Divine Realm Academy’s was 12 points.

The two sides had similar scores, but the basketball was snatched by the Divine Eagle Academy. If the other party scored smoothly, the two sides would be tied. If the other party scored three points, Yu Huang and the others would lose.

The atmosphere instantly became confrontational.

Xiao Shu, his eyes red, stared at the ball. He lifted his jersey and wiped his sweat. Suddenly, he said, “Whoever steals that ball for me, I’ll treat him to a Kola beast tonight!”

The Kola Beast was extremely expensive and delicious. Everyone wanted to eat it, but no one was willing to spend that money.

Yu Huang heaved and said, “One is not enough. Two!”

Xiao Shu said, “Alright!”

When there were only two minutes left for the match, the vanguard of the Divine Eagle Academy was dribbling a basketball while trying hard to avoid the double attack of Xiao Shu and Liuli Feng.

Realizing that he could not protect the basketball, he deliberately shouted loudly, “Captain, catch!”

Hearing that, Zhong Luoxue and Yin Yang subconsciously ran towards the enemy captain.

But while the little vanguard shouted for the captain to take the ball, he threw it to the big vanguard. The big vanguard saw the ball and quickly jumped up to catch it.

The little vanguard heaved a sigh of relief when he saw that the big vanguard had caught the ball.

Zhong Luoxue and the others' eyes turned red when they saw this. "We fell into a trap!" The ball fell into the hands of the vanguard. The Divine Eagle Academy would definitely score this point.

Just as the enemy vanguard was about to throw the ball, Yu Huang suddenly tapped her glabella and shouted, "Black Qing!"

Black Qing Sky Dragon suddenly emerged from between Yu Huang's eyebrows and roared loudly in the sky above the court.

"Roar!"

"Roar!"

Hearing this dragon roar, all the Divine Eagle Academy players were stunned.

Where did this dragon come from?

Everyone raised their heads to look at that Black Qing Sky Dragon.

Wasn't that Sheng Xiao's bestial form? Why was his bestial form on the court when Sheng Xiao was not on the court?

The appearance of Black Qing Sky Dragon also attracted the attention of the vanguard.

Seizing the opportunity, Yu Huang moved!

Everyone felt a shadow slide past them. In the blink of an eye, the shadow jumped up and snatched the basketball from the vanguard's hand.

"Yu Huang snatched the ball!" The vanguard came to his senses and quickly chased after Yu Huang.

SI

Seeing this, Xiao Shu and the others ran back to their own stadium.

Yu Huang's foot was grabbed by the opposing vanguard. She threw the ball at Xiao Shu and the others. "Catch!" Just as she threw the ball, she was grabbed.

The vanguard gritted his teeth in anger and threw Yu Huang onto the court.

Yu Huang's body was smashed onto the diamond ground and she lost consciousness from the pain. Fortunately, that ball was caught by Zhong Luoxue.

Zhong Luoxue dribbled the ball all the way and took another three-step hurdler before putting the ball into the hoop.

Bang!

Score!

“Divine Realm Academy, one point!”

Manager Su whistled and flew to the top of the court. He shouted, “The competition time is up! Divine Realm Academy versus Divine Eagle Academy, 13 to 11. The Divine Realm Academy wins by two points! Congratulations, Divine Realm Academy!”

The competition ended and everything was settled.

The people from Divine Eagle Academy glared fiercely at Yu Huang. Just as they were about to walk towards Yu Huang, Xiao Shu and the others immediately walked over. Each of them had their arms crossed. They interrogated the players from Divine Eagle Academy, “What are you doing?! The competition is over. Do you want to fight?”

They could fight however they wanted in the competition. Fighting outside the competition time was a serious violation.

The Divine Eagle Academy players glared fiercely at Yu Huang and scolded indignantly, “Despicable!”

Yu Huang was already unable to sit up on the ground. However, she slowly raised her right hand and pointed her middle finger at the Divine Eagle Academy!

No one from the Holy Spirit Continent had seen this gesture before. The players from the Divine Eagle Academy looked at her in confusion and asked warily, “What does this gesture mean?”

Yu Huang said without blushing, “I meant to praise you guys.”

Was that so?

They felt that it did not seem like the case.

Chapter 260: Sheng Xiao: Baby

Seeing that they didn’t believe her, Yu Huang said, “It really is a praise.”

Hearing that, the players from the Divine Eagle Academy cursed and went off the stage. Seeing that they had walked away, Xiao Shu lowered his head and asked Yu Huang, “What does that hand signal mean?”

They did not believe that the gesture meant praise at all. The people from the Divine Eagle Academy knew very well. It was just that they did not recognize the gesture and could not find out the real meaning from Yu Huang, so they did not pursue the matter.

That was why their expressions were so ugly when they left the venue.

Beast Tamers had good hearing. Yu Huang built a soundproof wall around them and said, “It means f*ck you.”

Xiao Shu and the others were speechless.

It was indeed not a nice gesture.

“Can you still get up?” Zhong Luoxue asked Yu Huang.

Yu Huang laid on the ground, and all the bones in her body were in pain. She shook her head and said, “Give me a hand.”

Zhong Luoxue and Xiao Shu helped Yu Huang up.

Yu Huang was wearing a sports bra. After she stabilized herself, she lifted her jersey. Everyone saw that there was a huge bruise on her thin waist, especially on the left side of her waist. The injury was even more severe.

Yu Huang pressed the rib on her left waist and took a deep breath in pain. She looked up and said to Zhong Luoxue and the others, “It seems like it’s broken.”

Yin Rong happened to walk over and heard Yu Huang’s words. She immediately turned to Manager Su and shouted, “Manager Su, Yu Huang has a fracture. We need a Healer!”

Sheng Xiao was walking toward them.

His footsteps were originally calm, but after he heard Yin Rong’s words, he immediately quickened his pace.

Sheng Xiao took Yu Huang from Zhong Luoxue. He placed her gently on the stretcher bed and said, “Don’t be afraid. We’ll stay with you.”

Yu Huang’s face was originally tense as she pretended that it didn’t hurt.

Sheng Xiao held her hand and comforted her. Yu Huang thought, I can trust him. It’s okay to show my weak side in front of him occasionally.

As such, Yu Huang finally gritted her teeth and groaned in pain.

Sheng Xiao, Xiao Shu, and the others escorted Yu Huang to the medical room of the basketball stadium. Lie Gang was sitting inside to receive treatment. When he saw Yu Huang being sent over, anger appeared on his face.

Lie Gang asked Yu Huang, “Those bastards from the Divine Eagle Academy teamed up to beat you?”

Xiao Shu shook his head. “No, because Yu Huang snatched the ball from Divine Eagle Academy at the last minute, she was injured by the vanguard of the Divine Eagle Academy.”

She was beaten because she was not as capable as the other party.

Lie Gang nodded and asked, “Did we win?”

“We won.”

Xiao Shu touched his red hair and touched the wound on his forehead. He shouted in pain, “Rong Rong, Rong Rong, take a look. My face is ruined. Blow it for me.”

Yin Rong rolled her eyes at him. “Be serious. Hurry up and send Yu Huang to receive treatment.”

Xiao Shu immediately became serious and hurried to send Yu Huang to the treatment room with Sheng Xiao.

The Beast Tamer who treated Yu Huang was none other than the Prince's mother, the current Empress Dowager, Jiang Ruixue.

Jiang Ruixue was a Supreme Master Healer. She had a huge healing ability. When Anna was injured, it was Jiang Ruixue who helped her treat her.

Seeing that there were too many people in the treatment room, Jiang Ruixue said softly, "All of you, go out and wait."

Naturally, that included Sheng Xiao.

Sheng Xiao and the others left the treatment room immediately.

After everyone left, Jiang Ruixue released her beast form to treat Yu Huang. Seeing that Yu Huang was awake and seemed to be in a good state, Jiang Ruixue chatted with her.

She said, "Professor Night Owl, thank you for your contribution to the military power of the Divine Moon Empire."

Yu Huang was shocked that Jiang Ruixue recognized her. "Empress Dowager, you know me?"

Jiang Ruixue said, "Why do you think I'm here? I was entrusted by someone." Because Mo Yuelou was seriously injured, he could not come to watch the battle, so he asked Jiang Ruixue to attend on his behalf.

Jiang Ruixue was initially unwilling to come. After knowing that Yu Huang was Professor Night Owl, Jiang Ruixue decided to come and see her.

The fact that the other party was a woman made Jiang Ruixue admire her to begin with, and she was also such a young woman. Jiang Ruixue's attitude towards Yu Huang could be said to be reverent.

Jiang Ruixue said, "It's a great kindness that you are willing to sell those weapons to the Divine Moon Empire at the lowest price. I want to thank you on behalf of this country and for my two children who have been fighting bloody battles on the battlefield all year round."

She was respectful and grateful to Yu Huang.

When Yu Huang heard Jiang Ruixue's words, she suddenly thought of her adoptive mother during the doomsday era. No matter how powerful a woman was or how high her status was, for the sake of their child, they were just ordinary women.

Yu Huang smiled at Jiang Ruixue and said, "As a citizen of the Divine Moon Empire, this is my duty."

"Professor Night Owl, you are selfless."

Yu Huang's injuries this time were not considered serious, and were far less severe than Anna's injuries last time.

After treating Yu Huang, Jiang Ruixue was in a good state.

She stroked Yu Huang's head with a loving gaze and suddenly said, "Professor Night Owl is so young. Are you in a relationship? Yuelou has yet to marry. You have seen my child. What do you think of him?"

Unexpectedly, she was also a person who loved to play matchmaker, and she was even doing it for her son.

Since she was ugly, the queen definitely wouldn't fancy her. She was impressed by Yu Huang's identity as Professor Night Owl, as well as her identity as a Super Beast Awakened and a Purifying Spirit Master.

Yu Huang's fame in the Holy Spirit Continent was almost comparable to Sheng Xiao's. If she married her to Mo Yuelou, she would definitely bring the greatest benefits to the Mo clan.

It was not just the imperial family. Even the Mo clan would be glad to see it happen.

However, Yu Huang was only interested in extorting money from Mo Yuelou and was not interested in Mo Yuelou as a person.

Yu Huang was about to refuse when Sheng Xiao suddenly pushed the door open and walked in.

He bowed to the empress dowager, Jiang Ruixue, and said calmly but respectfully, "I'm Sheng Xiao from the Sheng family. Please accept my humble greeting."

With that, he looked up and said to Yu Huang with a faint smile, "Darling, Xiao Shu is ordering food. He's asking if you want to eat nectar roasted beast or spicy beast?"

The way he called her "darling" startled Yu Huang so much that her bone that had just been healed almost split open again. "...spicy." Yu Huang felt shy and embarrassed, and she revealed a rare display of bashfulness.

Jiang Ruixue, on the other hand, looked at her and Sheng Xiao in surprise. She asked in surprise, "Are you and Sheng Xiao a couple?"

Yu Huang saw that Sheng Xiao's black eyes were fixed on her. He looked like he was going to cut her off if she dared to shake her head.

Yu Huang hurriedly nodded and said, "Yes, we are dating and have known each other for a long time."

Jiang Ruixue was disappointed. She shook her head and said, "What a pity..."

Sheng Xiao's expression darkened.
