

## She Shocks 281

### Chapter 281: The Lying Sheng Xiao

Yu Huang's skin was completely changed. She said to Sheng Xiao, "Drag me into your space storage and let me hide inside to change my clothes."

This was the advantage of the Holy Spirit Continent. They could open the small black room anytime and anywhere. Nothing they did there would be discovered.

"Okay."

Yu Huang was locked into the storeroom by Sheng Xiao. It was dark inside. She quickly took off her ragged clothes, changed into a long-sleeved shirt, and wore a dark blue suit.

Sheng Xiao let Yu Huang out. He saw that she was dressed in a suit. She looked valiant and valiant. He could not help but take a few more glances. Finally, his gaze landed on Yu Huang's face, and he subconsciously asked her, "Why aren't you wearing a mask?"

Yu Huang raised the mask in her hand and said, "This mask is a little big and doesn't feel comfortable wearing it. Where did you get it?" It was obvious that this was a mask a man wore.

Sheng Xiao explained, "Donor gave it to me." Seeing that Yu Huang had not realized that her appearance was restored, Sheng Xiao reluctantly reminded her, "Touch your face."

Yu Huang subconsciously touched her face and felt her smooth and flat right cheek. Yu Huang was stunned. "Huh?" She let out a shocked voice. "My face is healed?"

Sheng Xiao nodded. "Yes."

Yu Huang pressed, "Since my face has recovered, why did you give me a mask?"

Sheng Xiao said nothing.

Yu Huang narrowed her eyes and looked at Sheng Xiao. She asked, "What are you worried about? Are you afraid that others will see my face?"

Sheng Xiao explained awkwardly, "The skin on your face was changing. I borrowed a mask to cover it for you."

Yu Huang flipped open the mask and stared at the clean mask. "You're lying. The mask is clean. There's no skin that I shed off at all."

If what Sheng Xiao said was true, the mask should be stained with Yu Huang's ruined skin.

Sheng Xiao was a little embarrassed when his lie was exposed.

He could not admit that he was unwilling to let others see Yu Huang's beautiful face after discovering that her appearance was restored.

But how should he put it?

It sounded too petty.

Sheng Xiao did not want to explain. He decided not to say anything and just stayed silent.

Yu Huang saw through him at a glance. She said, "You're afraid that if I'm too beautiful, more people will covet me?"

Sheng Xiao blushed when his thoughts were exposed. But, he refused to admit it.

As long as he didn't admit it, this matter didn't exist.

Yu Huang did not pursue the matter.

Yu Huang took out a small mirror and stared at her reflection. She realized that her current appearance had changed slightly from the original owner's.

In the mirror, Yu Huang's skin was fair, like a freshly cooked egg that had been peeled. It was tender and smooth, with no flaws at all. Her eyes looked more like those of a phoenix's.

The current Yu Huang looked a little different from when she was a celebrity. She was less pure-looking and more feisty-looking.

Yu Huang looked up at Sheng Xiao. She said, "I look more like myself now." This referred to Yu Huang's own appearance, not that of the original owner of this body.

Sheng Xiao looked at her a few more times. "You're very beautiful." The real Yu Huang was even more beautiful than the famous Yu Huang. Her almond-shaped eyes were especially charming and sexy. Just one look at them would make one's legs go weak.

At that moment, a gust of wind blew a few red leaves to Yu Huang's feet. Yu Huang picked them up and stuck them in her hair. She looked up and smiled brightly at Sheng Xiao. "Am I beautiful?"

Sheng Xiao looked at her and saw the image of Yu Huang with the red tree leaf on her head. For some reason, he suddenly thought of Yu Huang in a black-gold battle robe and a phoenix feather on her head.

Sheng Xiao suddenly pressed his chest. He felt puzzled and even wanted to cry.

He subconsciously asked Yu Huang, "Have you ever dressed in a black battle robe and a phoenix feather hat before?"

Yu Huang thought about it and shook her head. "No."

"Is that so?" Sheng Xiao was puzzled. If Yu Huang was not dressed like that, what was up with the scene that flashed across his mind just now?

Trying hard to ignore the discomfort, Sheng Xiao told Yu Huang, "You look good wearing a red hairpin."

"Is that so?" Yu Huang said, "Then I'll wear it often in the future."

Yu Huang tucked the red leaf behind Sheng Xiao's ear and put on the silver mask again. "Let's go to the Cong Lang Mystic Realm."

"What are we going to do there?"

Yu Huang looked up at the Spirit Gathering Tree and said, "I was entrusted by someone to do something."

Sheng Xiao took off the leaf behind his ear and planted it on Yu Huang's head after some thought. Yu Huang looked back at him and smiled. Then, she crossed her arms and strode toward the Cong Lang Mystic Realm.

Sheng Xiao stared at her slender back and felt satisfied when he saw the leaves on her head.

The two of them descended the mountain and quickly arrived at the Cong Lang Mystic Realm.

The Cong Lang Mystic Realm's door was closed. It was the same as when they left. Yu Huang and Sheng Xiao stood at the door, but they did not go in. Sheng Xiao looked up at the third floor. "There's a strong smell of blood."

With such a strong smell of blood, there were probably corpses scattered all over the place and blood flowed like a river.

The two of them looked at each other. Then, Sheng Xiao hit the door with his spiritual energy.

The door was opened, and the portrait of the beauty on the wall fell to the ground again. The ground was also a mess. The two of them walked side by side into the first floor hall of the Cong Lang Mystic Realm Tower. Yu Huang walked to the corner of the wall and picked up the painting from the ground.

Sheng Xiao told her, "A wave of people broke in just now."

Yu Huang wiped the painting and hung it on the wall. She suddenly shouted in a low voice, "Li Nu."

The moment Yu Huang shouted out this name, the woman in the painting suddenly turned her head. Her hollow eyes stared at Yu Huang quietly.

A moment later, the woman in the painting opened her red lips and said softly, "It's been more than three thousand years since anyone called me Li Nu."

Suddenly, there was a flash in the painting. A woman in a pink tube top dress appeared in front of Yu Huang and Sheng Xiao. The woman was a soul, but because she was strong, her soul looked very focused.

The woman stood in the mess. The corner of her pink skirt swept across the ground as she slowly walked towards the Cong Lang Mystic Realm's entrance.

Li Nu leaned against the door and looked at the Spirit Gathering Tree on the top of the mountain. She said, "He has been gone for three thousand years, so I waited for three thousand years. He said that he would come back and find me."

"But he can't come back..."

Li Nu turned around and stared at Yu Huang. She said, "You have the master's aura on you. Have you seen the master?"

Yu Huang nodded and said, "Prime Emperor Cong Lang has always been with you. He couldn't bear to see you degenerate into a demon. He hopes that you can let go of your grudge and reincarnate."

Li Nu smiled bitterly and said, "Master can't reincarnate, so why should I?" Li Nu stared at the mess on the ground, and hatred welled up in her eyes. "It's all those people's fault!"

Yu Huang frowned and asked her, "What happened here?"

"What happened?" Li Nu's demeanor suddenly became imposing. She raised her arms and roared with a ferocious expression, "I'll show you what you've done!"

The sky suddenly darkened.

Yu Huang and Sheng Xiao noticed the change in the light. Their expressions were grave.

Sheng Xiao told Yu Huang, "The grievance aura on Li Nu is too strong. This is the grievance aura realm that she condensed with her grievance aura. She pulled us into the grievance realm. We can only walk out of this array by eliminating her grievance. Otherwise, we will become those dolls upstairs."

Yu Huang nodded with a heavy heart. "I understand."

Realizing the severity of the problem, Yu Huang did not dare to lower her guard at all.

The sky darkened completely. Yu Huang could not even see her fingers in front of her. But, Sheng Xiao held her left hand tightly. The next second, the world spun and the two of them appeared again. They found that they were still in the Cong Lang Mystic Realm.

However, the Cong Lang Mystic Realm, with natural treasures everywhere, was like a fairyland at this time. Clearly, they had been brought to the Cong Lang Mystic Realm thousands of years ago by Li Nu.

The two of them looked up and saw a man and woman.

Amidst the high mountains and flowing water, a man in a wolf-patterned robe stood at the peak of the mystic realm. Behind him stood a slightly plump woman in a pink dress.

The man placed his hands behind his back and said to the woman, "Li Nu, my cultivation has stopped at the Prime Emperor realm for a long time and I have been unable to break through to the Divine Master realm. I have a feeling that my life is coming to an end."

Hearing this, Li Nu felt extremely uncomfortable. She walked to the man's back and hugged his narrow waist from behind. She pressed her face against the man's back and said softly, "Master, wherever you are, I will be there."

It was Prime Emperor Cong Lang and Li Nu.

## **Chapter 282: Xuan Ye**

Cong Lang gently held the round little hands on his waist. He said, "Li Nu, the outside world is even more exciting."

Li Nu shook her head. "You're the one who excites me."

Cong Lang sighed softly. "Little fool."

Li Nu only wanted to stay by Cong Lang's side. Other than that, she was unwilling to go anywhere.

Cong Lang told Li Nu, "After I die, bury my Beast Heart on this mountain peak and let me transform into a Spirit Gathering Tree to accompany you forever."

Li Nu nodded with trembling eyes. "I will obey the Master's orders."

"Li Nu, when I die, bring me to the world you were born in. Didn't you say that you came from a small world? I'll accompany you back to your hometown."

"Okay."

"Li Nu." Cong Lang turned around and hugged Li Nu. He stroked Li Nu's hair and sighed. "If there is a next life, I will come back to find you. Li Nu, without me, you have to live well alone. Don't make me worry."

"... Okay."

Li Nu turned into a leopard cat and entered Cong Lang's arms.

Seeing the civet cat, Yu Huang suddenly exclaimed, "The civet slave is actually a civet cat, similar to Auntie's civet cat."

Sheng Xiao stared at the civet cat for a moment before saying, "They look alike, but they're not the same."

Then, the scene changed.

Prime Emperor Cong Lang fell. Li Nu dug out his Beast Heart and buried it at the top of the mountain. A silver-white Spirit Gathering Tree broke out of the mountain.

During the quiet years, Li Nu had always been in the Cong Lang Mystic Realm. She sat under the Spirit Gathering Tree and held a carving knife as she carved out her master's appearance one by one.

She kept those wooden figurines on the third floor of the Cong Lang Mystic Realm, with her previous works. There was one doll that had been baptized by her love and actually developed consciousness.

It could speak and chat with the leopard cat.

Chatting with a doll that looked like her owner had become Li Nu's way of relieving boredom.

On this day, the Cong Lang Mystic Realm finally brought Li Nu back to her hometown, the Holy Spirit Continent. On that day, the Cong Lang Mystic Realm broke through the spatial restriction and descended into a valley on the Divine Realm Continent.

The appearance of the Cong Lang Mystic Realm caused a commotion in the Holy Spirit Continent. Before long, the entrance to the mystic realm was forcefully opened, and a group of powerful people charged into the Cong Lang Mystic Realm.

At the same time, the space in the mystic realm suddenly shook. It was the change in Li Nu's mental state.

In Li Nu's impression, this group of people had no specific facial features. Their faces were distorted black. It was obvious that Li Nu hated them.

Yu Huang and Sheng Xiao were dragged into Li Nu's grievances. So, the beast tamers who trespassed into the mystic realm could not detect their presence.

After this group of people broke into the mystic realm, they quickly discovered the existence of the Spirit Gathering Tree.

"What tree is that?!"

"The spirit energy around that tree is very rich. Does anyone know what tree it is?"

A man in a long red robe looked up at the Spirit Gathering Tree. He said, "It's a Spirit Gathering Tree. Normally, only after a powerful Prime Emperor powerhouse dies will their Beast Heart and skeleton be able to cultivate a Spirit Gathering Tree. This Spirit Gathering Tree is so large. I think that the Prime Emperor skeleton and Beast Heart buried beneath it must be extremely powerful!"

"It's even stronger than the Spirit Gathering Bone at the bottom of the Divine Realm Academy's Cultivation Hall?" It was no secret that the Prime Master Goldfeather's skeleton had been refined by a disciple into a Spirit Gathering Bone after her death.

The Purifying Spirit Master said, "It's many times stronger."

Hearing that, the Beast Tamers standing beside the Purifying Spirit Master were very excited. "If only we could bring such a treasure out of the mystic realm."

"The Yin Clan planted a vermillion elm tree and is so smug about it. If we can plant a Spirit Gathering Tree together, that would be truly extraordinary!"

Staring at the Spirit Gathering Tree, these powerful beast tamers were all envious. "Why don't we dig out this Spirit Gathering Tree and bring it out?"

Hearing this, the red-robed Supremacy frowned and said, "The Spirit Gathering Tree is the resting place of the Prime Emperor. If you dig up the tree, you are digging up a person's grave. This is wicked."

"Haha!" Someone laughed loudly. That person said, "Supremacy Xuan Ye, we can do such a wicked thing. You won't touch it, okay?"

Yu Huang and Sheng Xiao were shocked when they heard Xuan Ye's name.

Sheng Xiao suddenly told Yu Huang, "The Cong Lang Mystic Realm appeared for the first time three hundred years ago. Saint Xuan Ye and a group of Grand Master beast tamers were the first batch of people to enter the mystic realm. We don't know what happened to them. In the end, only Saint Xuan Ye walked out alive."

"To date, only Saint Xuan Ye is still alive." Three hundred years ago, Saint Xuan Ye was still a Supremacy.

Their conversation was interrupted by the beast tamers.

Dozens of powerful beast tamers flew towards the Spirit Gathering Tree. They used their spiritual power together and wanted to uproot the tree from the soil.

Sensing the abnormality, Li Nu immediately ran out from inside the Cong Lang Mystic Realm Tower.

Li Nu flew towards the Spirit Gathering Tree. Her back was facing the tree's thick tree roots, and she spread her arms to protect the tree roots behind her. Her slightly fat body looked slender and small compared to the tree roots.

Li Nu stared at the trespassers warily and said coldly, "This is my master's resting place. No one is allowed to touch it!"

Seeing that there was actually a living fat beauty in the Cong Lang Mystic Realm, the group of beast tamers were somewhat shocked. "Huh? Why is there someone alive in here?"

At that moment, Xuan Ye suddenly said, "She's not human."

The group of beast tamers immediately turned to look at Xuan Ye and asked curiously, "Not human? Could it be a ghost? Then this ghost is a little too lifelike."

Supremacy Xuan Ye shook his head slightly. He said, "She's not human. She's a demon beast incarnated by a divine demon." The so-called divine demon referred to a demon beast that had broken through the intelligence of a demon beast. Like humans, it was a demon beast that could cry and think.

These types of divine demons could cultivate non-stop. After their cultivation level broke through to level 10, they could transform into human form. The Icy Night T-Rex from the Divine Realm Academy was now a divine demon.

Li Nu, on the other hand, was a cat. Strictly speaking, Sheng Xiao's mother was also a divine demon.

After knowing Li Nu's identity, the beast tamers looked at her as if she was a piece of delicious meat.

Someone said, "I heard that divine demons who have transformed into human form are highly nutritious drugs. It is said that after eating their flesh, ordinary people can also awaken their beast form. After drinking their blood, those who are seriously ill can revive, and those who have broken bones can regenerate their flesh, blood, and bones!"

One of the beast tamers rubbed his hands and stared at Li Nu with greed in his eyes. He shouted, "Capture her and let the younger generation of the tribe eat her flesh to help them awaken their beast form and improve the strength of the various tribes. Isn't that good?"

### **Chapter 283: You Reap What You Sow**

"That's right. Divine demons are rare treasures. We can't waste them!" After saying that, they wanted to join forces to deal with Li Nu.

At this moment, Xuan Ye said, "Although she's a demon beast, she can be considered a human after transforming into human form. Everyone here is a person of virtue and prestige in the cultivation world. I'm afraid it's inappropriate to do this."

Because Xuan Ye's face looked blurry, Yu Huang could not see Xuan Ye's expression clearly, but she could hear a hint of sadness in Xuan Ye's tone.

However, the group of beast tamers said, "Demon beasts are demon beasts. After transforming into human form, they are still demonic beasts. Humans eat demon beasts, and demon beasts eat humans. This is the law of nature!"

However, Xuan Ye said, "How can it be the same? Divine demons are considered human after they transform into human form. If they marry a human, they can also give birth to a human child. Isn't this considered human?"

"But this divine demon didn't marry us and have children with us! Xuan Ye, Purifying Spirit Masters are kind and soft-hearted. If you can't stand it, just leave!"

Supremacy Xuan Ye thought about it, but didn't leave.

Ten Grand Master experts jointly launched an attack on Li Nu. No matter how capable Li Nu was, she could not escape. In the end, she was captured and locked in a cage.

She laid in the cage and watched helplessly as they dug up the Spirit Gathering Tree.

However, the Spirit Gathering Tree was filled with Cong Lang's powers. No matter how hard these people worked together, they could not move the Spirit Gathering Tree at all.

After realizing that they could not take the Spirit Gathering Tree away, this group of people dragged the cage containing Li Nu to the Cong Lang Mystic Realm realm.

"There are so many treasures here! Look, these are actually Heaven Grade Pills!"

"This is also a Heaven Grade Pill!"

"An eighth-grade divine artifact!"

"Witch-level cultivation technique!"

This group of Beast Tamers, who usually looked sagely and were of high prestige, revealed their true colors at this moment. They plundered all the treasures on the first and second floor of the Cong Lang Mystic Realm, leaving a mess.

Soon, this group of people went to the third floor.

Only Xuan Ye was still on the first floor. He stood in front of the metal cage and looked at Li Nu, who was in the cage. He asked, "Do you want revenge?"

Li Nu looked at Xuan Ye warily and said nothing.

Xuan Ye said, "You know about the divine demon's fury?"

Li Nu looked around but did not say anything.

However, Xuan Ye said, "It seems like you know." Xuan Ye looked up at the third floor and heard the commotion upstairs. He said, "If you're taken away by them, they'll cut off your flesh and eat it. They'll even divide the energy in your core."

"In that case, you won't be able to accompany your master anymore. You can't protect this mystic realm anymore. Little demon, are you really willing to see that happen?"

With that, Xuan Ye turned and left.

When Li Nu heard the commotion upstairs, she thought those people were smashing her dolls. She clenched her fists and growled, "I'm willing to self-destruct my core and body. I hope that the heavens will lend me strength. I want to set up a Heart Summoning Array in this mystic realm. I want everyone with evil intentions to die!"

After saying that, Li Nu suddenly self-destructed and the entire mystic realm shook.

On the third floor, those beast tamers were about to leave with their treasures when suddenly, a powerful resentment aura enveloped them. Immediately after, silver light flashed. These beast tamers didn't even have the ability to resist before they were struck by the force and fell to the ground.

They were lying on the ground. Some had lost their heads, and others had their hands.

An illusory soul floated into the third floor. She picked up the dolls that they had destroyed and thought about it. According to the posture of the dolls that had been destroyed, she refined the beast tamers on the floor into dolls...

Fifteen years later, a new batch of Beast Tamers intruded into the Cong Lang Mystic Realm Tower. Hundreds of people rushed into the Cong Lang Mystic Realm Tower and were affected by the Heart Summoning Array. What they saw was still an ancient pavilion filled with treasures.

Just like the first batch of Beast Tamers, this batch of Beast Tamers began to fight over treasures as soon as they entered the ancient pavilion. Their mannerism was too unsightly, and in the end, they were unable to leave the ancient pavilion.

Too many powerful Beast Tamers had died in the Cong Lang Mystic Realm. Sensing the abnormality in the Cong Lang Mystic Realm, the Beast Tamer Alliance set a rule that no longer allowed powerful Beast Tamers to enter.

Since then, the beast tamers who entered the mystic realm had become inexperienced young beast tamers.

These young beast tamers had not been exposed to too much darkness. The greed in their hearts was not deep. Most of them were able to leave the Cong Lang Mystic Realm safely. Only a very small number of people with evil intentions would be imprisoned in the Cong Lang Mystic Realm Tower forever.

In the end, Yu Huang and Sheng Xiao saw themselves in Li Nu's memories.

The door that had been shut for 15 years was pushed open again.

In the painting, Li Nu rolled her eyes and saw a man and woman walk in through the open door.

The two of them circled the room. Immediately after, the woman bent down and picked up the portrait on the ground. With gentle movements, she wiped the footprints off the portrait and hung it on the wall opposite the door...

After watching Li Nu's memories, Yu Huang and Sheng Xiao were trapped in the hall on the first floor of the Cong Lang Mystic Realm.

The door was clearly in front of them, but they could not walk out. The two of them stood in the hall like they were frozen and could not move.

Li Nu stood in the darkness. She said, "My master was so kind. He could have chosen to reincarnate, but he made me bury his Beast Heart on the mountain peak forever. He abandoned the chance of reincarnation and turned into a Spirit Gathering Tree."

"My master cares about all the living beings in the world, but all the living beings in the world have let him down!" Li Nu's entire body was filled with viciousness. She left behind tears of blood and cried as she said, "I want everyone with evil intentions to die with him!"

Yu Huang suddenly said, "Prime Emperor Cong Lang asked me to tell you something."

Li Nu fell silent.

She stood silently in the darkness while staring at Yu Huang, and she didn't speak.

Yu Huang said, "He asked me to tell you not to touch the doll's ears when you talk to him in the future. He's afraid of itchiness."

"Wh-what?" Li Nu suddenly rushed out of the darkness. She grabbed Yu Huang's arm and asked her excitedly, "What did he say?"

Yu Huang said, "Prime Emperor Cong Lang didn't completely disappear. Afraid that you would be lonely, before he died, he injected a trace of his Spiritual Strength into the doll. He's gone, but a part of his weak soul has always been in the doll's body to accompany you."

"Li Nu, your master has always been with you."

Li Nu released Yu Huang's hand in shock.

She staggered to the third floor. She found a doll with a limp arm among the pile of broken dolls. This doll was the one who could only speak.

That doll's ears had long been smoothed by Li Nu's touch.

Li Nu hugged the doll and cried loudly. "Master!" Li Nu's sobs were heart-wrenching. She hugged the doll tightly, as if she was hugging a beam of light that surged into the darkness.

#### **Chapter 284: Yu Huang Is Amazing In All Aspects, Except For Being Ugly**

Li Nu's cries woke the doll up.

After three hundred years, the doll spoke again. "Li Nu, wash me clean. I don't like the smell of blood." The way the doll spoke was unique, as if he was trying hard to say every word. Although his tone was stiff, his words were clear.

When Li Nu heard the doll, she quickly said, "Okay, I'll wash it off for Master. I won't touch blood again."

Li Nu hummed in relief when he heard Li Nu's guarantee. "Li Nu, take me to the place where you were born."

"... Okay."

The Cong Lang Mystic Realm suddenly shook. It was Li Nu's resentment being dispelled.

This commotion shocked everyone in the mystic realm.

“Get out! The Cong Lang Mystic Realm is closing!”

Hearing that, the two thousand plus beast tamers flew up one after another towards the exit of the Cong Lang Mystic Realm. Soon, there was no one else in the mystic realm except for Yu Huang and Sheng Xiao.

At this moment, the Spirit Gathering Tree on the peak of the mountain also started to shake. Yu Huang heard the sound of leaves swaying and walked out of the Cong Lang Mystic Realm Tower. When she looked up, she saw the Spirit Gathering Tree uprooting from the soil.

The Spirit Gathering Tree trembled in the air. Its body became smaller and smaller until it turned into a huge heart.

It was Cong Lang’s Beast Heart, his energy source!

That Beast Heart automatically flew in front of Yu Huang and floated there without moving. Yu Huang reached out to hold the Beast Heart and turned back to see Li Nu walking down the third floor with a doll.

Li Nu glanced at the beast heart in Yu Huang’s hand and said, “Master gave the rest of his energy to you. Miss, I hope you’ll treat this power well.”

Yu Huang nodded and said, “Don’t worry, Miss Li Nu. Yu Huang definitely won’t do anything inhumane.”

Hearing that, Li Nu was relieved.

Li Nu bowed to Yu Huang again and said gently, “Please bring me and Master back to my hometown. We want to take a look there.”

Yu Huang asked, “Where is your hometown?”

Li Nu said, “In the center of the abyss.” In the center of the abyss, it was rumored that the strongest demon beast in the entire Holy Spirit Continent lived there.

Yu Huang told Li Nu, “I’m too weak to enter the center of the abyss, but I’ll send you to the vicinity.”

“Thank you, Miss Yu Huang.”

Yu Huang put Li Nu and the doll into her space ring. Before the Cong Lang Mystic Realm collapsed, she left the mystic realm with Sheng Xiao.

...

On the Light Sea, there were five luxury cruises filled with Beast Tamers who had escaped from the mystic realm.

All the beast tamers looked up at the huge coffin in the sky with regretful expressions.

“Sigh, I felt aggrieved about my trip to the Cong Lang Mystic Realm. Not only did my cultivation level not increase, but I also didn’t get any treasures.”

“Come on, how many times has the Cong Wolf Mystic Realm been opened? If there were really treasures, they would have been snatched up long ago. How could it be our turn?”

“If you want to blame, blame Yu Huang who appeared midway. She actually snatched our spirit energy bodies by herself. She is too freaky.”

At the mention of Yu Huang, everyone’s emotions were even more complicated.

What was so special about her that she could receive Prime Emperor Cong Lang’s favor?

Prince Donor stood on his cruise ship. He said to his followers, “Sheng Xiao’s woman is quite good in other aspects, besides her ugly appearance.”

In terms of cultivation talent, even Donor was envious and impressed by Yu Huang.

“Where are Sheng Xiao and the others?” Donor realized that Sheng Xiao and Yu Huang had not come out. “Are they locked in the mystic realm?”

On the boat next door, Yin Rong was counting the students of the Divine Realm Academy. Their academy had a total of 94 people who had entered the Cong Lang Mystic Realm, but only 90 people had successfully walked out.

“Where are the other four?” Yin Rong asked her schoolmates in a low voice.

Zhong Luoxue said, “Shi Ming and the others seem to have gone to the Cong Lang Mystic Realm Tower. I haven’t seen them since.”

Yin Rong’s gaze sank when she heard this. “They went to the Cong Lang Mystic Realm Tower as well?”

“Yes.”

Yin Rong looked at Xiao Shu, who shook his head at her. This meant that Shi Ming and the others had probably been turned into dolls and were unable to walk out.

Yin Rong asked, “Has Yu Huang and the others not come out yet?”

Xiao Shu said, “Not yet.”

Lie Gang looked up at the giant coffin above his head and said, “The coffin is shaking! The Cong Lang Mystic Realm is closing!”

“Oh no, Professor Sheng and Yu Huang are still inside!” At that moment, Yin Rong suddenly regretted telling Sheng Xiao about what happened in the Cong Lang Mystic Realm Tower.

The Cong Lang Mystic Realm Tower was very creepy and could easily kill hundreds of Beast Tamers. No matter how powerful Professor Sheng and Yu Huang were, they were only Supreme Master and Master Beast Tamers.

The two of them would not be a match for Cong Wolf.

Wasn't asking them to go to the Cong Lang Mystic Realm Tower suicide?

When they thought that Sheng Xiao and Yu Huang might have been killed, Yin Rong and Xiao Shu regretted it. Xiao Shu said with a dark expression, "If we had known earlier, we would not have cared about their lives!"

However, at this point, regret was useless.

Yin Rong said, "Let's call Professor Gold and see if he can enter and bring Professor Sheng and the others out." Otherwise, once the Cong Lang Mystic Realm was closed, no one would be able to save them.

Xiao Shu nodded. "Alright." He took out a signal flare and was about to fire it when the coffin in the sky suddenly let out a violent explosion.

Bang!

Bang bang!

Prime Emperor Cong Lang's coffin suddenly exploded into countless pieces. At the same time, two black figures were thrown out of the mystic realm.

They were Sheng Xiao and Yu Huang.

The moment they were thrown out of the mystic realm, Yu Huang and Sheng Xiao released their protective shields at the same time. However, the destructive power created by the explosion of the Cong Lang Mystic Realm was enough to break the energy shield around them.

The energy barrier was shattered. Yu Huang was struck by the energy attack and the mask on her face was also shattered.

1

Yu Huang's body fell into the deep sea as the shattered mask was swept away by the seawater. She floated along with the waves.

Yin Rong and the others jumped into the deep sea without hesitation. They pulled Sheng Xiao and Yu Huang out of the water immediately.

Zhong Luoxue and Yin Rong held Yu Huang's arm and brought her out of the sea.

Xuanyuan Chen and the others were already on the cruise. When they saw that Yin Rong and the others had saved Sheng Xiao and Yu Huang, Xuanyuan Chen flew to the surface of the sea, grabbed Sheng Xiao and carried him onto the cruise. Donor spread his wings and came to the sea. He took Yu Huang from Zhong Luoxue and Yin Rong.

Donor placed Yu Huang beside Sheng Xiao roughly and reached out his right hand to his subordinate.

The subordinate knew very well how obsessed the prince was with cleanliness. Seeing the prince reach out his hand, he quickly handed a clean handkerchief to Donor.

As Donor wiped his hands, he said to Yin Rong and the others, "Miss Yin Rong, quickly see if they can still be saved."

Xiao Shu glared at Donor. "Do you even know how to speak properly?!"

Donor shrugged.

He threw away the handkerchief and crossed his arms over his chest as he stared at Sheng Xiao. He said gloatingly, "If Sheng Xiao drowns, I will laugh about it forever."

### **Chapter 285: Jealousy**

Yin Rong glanced at Donor coldly. "Shut up!"

When Donor saw that the beauty was angry, he closed his mouth unwillingly.

Yu Huang and Sheng Xiao choked on the seawater and were lying on the deck without moving.

Xiao Shu and Yin Rong hurriedly squatted down and performed an emergency spell for the two of them. When Yin Rong saw that Yu Huang's face was blocked by the black hair, she casually pushed the hair off her face.

She parted her black hair and a beautiful face was revealed.

Yin Rong was stunned on the spot when she saw her fair and beautiful face.

"Has Yu Huang's face recovered?"

When they heard Yin Rong, all their schoolmates and Donor looked at Yu Huang in surprise.

A young girl with wet clothes was lying on the ground. She had fair and flawless skin, and her facial features were exquisite. At this moment, her eyes were closed, and her eyelashes were still thick and curled after being wet.

Donor glanced at her again and again. He suddenly said, "Miss Yin Rong, if you don't know how to give first aid treatment, I can help you."

1

Yin Rong ignored Donor.

She pressed hard on Yu Huang's chest a few times. Yu Huang coughed and opened her mouth to spit out seawater. Her tightly shut eyes suddenly opened, and her gaze was dignified and cold.

The asleep Yu Huang was a fairy, and the awakened Yu Huang was a queen. No matter what vibe she gave off, she was shockingly beautiful.

Yu Huang propped herself up on the deck and said to Yin Rong, "Senior Yin Rong, thank you."

Yin Rong looked at Yu Huang's face curiously and was unable to conceal her shock as she said, "Yu Huang, has your face recovered?"

Seeing that her classmates were all staring at her face and even revealed looks of disbelief, Yu Huang explained coldly, "The tribulation lightning injured me too heavily. My body has been reconstructed, and my burns have all healed."

"It's really a blessing in disguise." Yin Rong was stunned by Yu Huang's beauty and for a moment, she didn't know what to say.

At that moment, Sheng Xiao was saved by Xiao Shu. Sheng Xiao opened his eyes and saw Yu Huang sitting beside him safely. He felt relieved.

Sheng Xiao asked Yu Huang, "How do you feel? Are you okay?"

"I'm fine."

Yu Huang looked up at the sky. Over there, Cong Lang's coffin had already been destroyed. Sunlight tore through the clouds and landed on the sea of light.

Someone stared at the sky and sighed. "The next time we come will be 15 years later."

Yu Huang thought of the Beast Heart in her interspatial ring. She pursed her lips and said in her heart, 'There won't be a next time.' She brought the Spirit-Gathering Tree out, so the Cong Lang Mystic Realm disappeared from this world.

Just as Yu Huang was about to stand up, a well-defined man's hand suddenly appeared in front of Yu Huang. "I'll pull you."

Yu Huang looked up along his arm and met Donor's loving smile.

Before Yu Huang could speak, Sheng Xiao suddenly placed his hand on Donor's palm. His gaze was malicious as he said, "Please help me."

Donor despised Sheng Xiao. He wanted to withdraw his hand, but Sheng Xiao grabbed his wrist tightly.

1

Donor pulled Sheng Xiao up reluctantly.

Sheng Xiao stood up. He stood face to face with Donor. Sheng Xiao bent down and whispered into Donor's ear. "Don't think about what doesn't belong to you, Donor."

Donor was not afraid of Sheng Xiao. He smiled provocatively and asked Sheng Xiao, "What can you do if I want to?"

"Feel free to try. See if my sword can blind your eyes."

Donor shuddered and muttered, "Petty!"

Yu Huang was also helped up by Zhong Luoxue. She casually tied her wet hair into a ponytail and said to Yin Rong, "Yin Rong, after we reach the shore, you take the other students back to school first. Professor Sheng and I need to take a long trip."

Yin Rong asked, "Where are you going?"

Yu Huang shook her head and said, "It's a little far and will take some time. Yin Rong, please help me apply for leave from Professor Gold."

"... Okay!"

They were in the deep sea, and reaching the nearest dock required two days of sailing.

That night, Yu Huang brought a cup of coffee to the deck to admire the moon. On the boat next door, Donor was also drinking with a crystal cup.

He noticed that Yu Huang had come out and immediately flew to her side with a glass of water.

As if infected with a virus, Yu Huang immediately moved to the side.

Donor shamelessly followed.

Yu Huang decided not to dodge.

Donor stood beside Yu Huang. He smiled at her, and when he smiled, he was naturally handsome and seductive.

However, Yu Huang had lived for more than two hundred years and had seen countless handsome men. Even if Donor smiled brightly, he was unable to cause ripples in Yu Huang's heart.

Donor asked Yu Huang, "Miss Yu Huang, do you want to see the stars?"

Yu Huang sneered. She said, "You can pluck the star?"

"Yes!" Donor put down the cup and said, "Watch!" With that, Donor suddenly struck the sea of light with his palm. Immediately, waves hundreds of feet high rolled up on the sea.

When the seawater fell again, flying fish emitting golden light jumped on the surface of the sea like stars shining in the sky.

Yu Huang stared at those stars in a daze.

Such a beautiful fish must taste delicious!

Donor thought that Yu Huang was shocked by this beautiful scenery. He said proudly, "These are Golden Radiance Flying Fish, unique to the Light Sea. Every time night falls, these Golden Radiance Flying Fish will emit colors like starlight."

"How is it? Isn't it beautiful?"

It was indeed beautiful.

However, Yu Huang's attention was not on the beauty of the fish. She tilted her head and asked Donor, "Is the fish delicious?"

Donor was speechless.

Donor said in shock, "You actually want to eat the beautiful Golden Radiance Flying Fish!"

Yu Huang touched her stomach and murmured, "I suddenly feel like eating grilled fish."

Donor's expression instantly became complicated. He said, "We elves don't eat meat. I don't know if the Golden Radiance Flying Fish is delicious, but I heard from the beastmen that this type of fish is the most delicious..."

As soon as Donor finished speaking, he saw Yu Huang spread her Vermillion Bird wings and fly to the sea. She reached out and grabbed a lively Golden Radiance Flying Fish.

Yu Huang returned to the deck with the fish. She threw the fish on the deck and called Sheng Xiao.

Sheng Xiao had just finished showering and was putting on his clothes. When he saw Yu Huang calling, he held the phone in his right hand and buttoned his left hand. "Wine?"

1

Yu Huang said on the phone, "Have you heard of the Golden Radiance Flying Fish? Come out quickly, and let's roast fish."

Sheng Xiao smiled. "Okay."

After hanging up, Yu Huang prepared the charcoal fire and the grill. Donor stared at the struggling Golden Radiance Flying Fish on the deck and felt pity for it.

### **Chapter 286: Untitled**

When Sheng Xiao came out, Yu Huang was giving orders to Prince Donor while starting a fire. Prince Donor loved cleanliness the most. When had he ever done such a thing?

But when the beauty asked, Donor could not bear to refuse.

Donor frowned and used a small dagger to cut a few small wounds on the fish before sprinkling salt and removing the fish.

After marinating the fish, Donor said to Yu Huang, "Ah Huang, the fish is marinated."

Sheng Xiao's expression darkened when he heard him call her Ah Huang. Yu Huang reminded Donor, "Call me by my name."

Donor said, "It's so intimate to call you Ah Huang."

Yu Huang sneered. "I'm not close to you. You felt so disgusted when you saw me a few days ago that you wanted to throw up."

Hearing that, Donor was not ashamed at all. He said frankly, "That was in the past. You know that I'm most afraid of ugly things. It's an undeniable fact that you were ugly back then. But you're prettier now. It's not wrong for me to get close to you."

Donor was a very despicable person, but he knew it so clearly that Yu Huang could not hate him. Of course, she could not like him either.

Realizing that Donor was a sham and couldn't be shaken off easily, Yu Huang decided not to bother with Donor anymore.

Sheng Xiao heard their conversation clearly from a distance. He despised Donor, but he believed that Yu Huang would not be moved by Donor's sweet words.

Who was Yu Huang?

She was a little ancestor.

Could a little ancestor be moved so easily?

Sheng Xiao walked over and hugged Yu Huang's waist. He lowered his head and kissed Yu Huang's forehead. "Why do you want to eat grilled fish?"

Yu Huang said, "I haven't eaten it before. I want to try."

Sheng Xiao nodded. "This fish tastes good. You can try it."

Donor immediately brought the cured fish over and placed it on the grill. He told Yu Huang, "Does Ah Huang want to eat fish? I'll help you roast fish. This is the first time I've grilled fish for a girl personally."

Donor started roasting the fish earnestly.

Yu Huang and Sheng Xiao grilled oysters and other seafood.

It took Donor some time to roast the fish. He smiled warmly and handed the fish to Yu Huang. "Ah Huang, try it, okay?"

Yu Huang took the fish and thanked him. Then, she handed the fish to Sheng Xiao. "Brother Xiao, Prince Donor grilled the fish for you."

Sheng Xiao glanced at Donor, whose expression was dark. He took the grilled fish and took a bite. Then, he frowned. "It's so salty."

"Impossible!" Donor refused to believe it. He snatched the fish and tore off a piece of fish. The moment he put it into his mouth, he frowned from the salty taste.

However, he had to swallow the fish he cooked no matter what.

Donor finished the fish in silence and soon showed signs of allergy. Donor, who had never eaten meat, had no idea that he was allergic to the Golden Radiance Flying Fish.

Donor kept scratching his neck and throat. Yu Huang noticed his movements and asked him, "What's wrong?"

Donor said, "It itches!"

He pulled open his shirt and Yu Huang saw the rash on his body. "You're allergic."

Sheng Xiao also said, "You're indeed allergic." He told Donor expressionlessly, "I heard that someone was once allergic to Golden Radiance Flying Fish. His entire body was covered in rashes. These rashes can't be eliminated once they grow. Donor, you're going to be disfigured."

Donor's eyes widened in horror. "I have to go to the hospital! I can't be disfigured!" He immediately spread his wings and flew in the direction of the elven royal family, then disappeared in the blink of an eye.

Yu Huang elbowed Sheng Xiao's chest. "Why are you scaring him?"

Sheng Xiao said, "He's an eyesore."

Without Donor chattering in her ear, Yu Huang immediately felt the world become peaceful. The two of them ate the grilled fish and returned to their room.

The cruise ship reached the shore after two days. After it reached the shore, Sheng Xiao and Yu Huang bade farewell to everyone and took a plane to Rakshasa Empire.

The Rakshasa Empire was the same as before. It was chaotic and disorderly.

The two of them stopped for a night in Rakshasa Empire. The next morning, they drove themselves to the periphery of the Abyssal Origin Forest.

"The car can only drive up to here." Yu Huang jumped out of the car. She released Li Nu from the storage space. "Li Nu, we can only send you up here."

"Alright." Li Nu hugged the doll and looked up at the place where she was born. After confirming that this was the place where she was born, she turned back to Yu Huang and said, "That person called Xuan Ye has the bloodline of a divine demon in him. I'm guessing that one of his parents is a divine demon as well."

"Are you sure?" Yu Huang was shocked by this news.

Li Nu nodded and said, "We divine demons can sense each other's existence. There is indeed divine demon blood in Xuan Ye's body."

Saint Xuan Ye's father was the patriarch of the Kui Mountain's Su family. He was naturally a human. If Xuan Ye had the bloodline of a divine demon, it could only be from his mother.

Yu Huang asked Sheng Xiao, "Is Saint Xuan Ye's mother a divine demon?"

Sheng Xiao said, "We don't know much about Saint Xuan Ye's identity. We only know that he was born in the Su family of Kui Mountain and was born by a beautiful concubine of the Su family's Patriarch. He is the disciple of the Purifying Spirit Grand Master Su Tingxue."

"It seems like Saint Xuan Ye deliberately hid his mother's identity."

Li Nu was not stupid. Now that she had awakened, she could discover many strange things by thinking about the past.

"Xuan Ye recognized me as a divine demon. If he really took pity on me, he wouldn't have revealed my real identity. He deliberately told those people my identity so that they could anger me and force me to activate the divine demon's fury."

"That person is very suspicious." After saying that, Li Nu carried the doll into the center of the abyss.

Along the way, she encountered many demon beasts. Her body exuded the aura of a divine demon, so those demon beasts did not dare to offend her.

Li Nu carried the doll all the way into the center of the forest and came to a small cave.

Li Nu, carrying her doll, was sitting on a rock in front of the cave. By this time, she was almost translucent.

“When I was young, I looked up at the stars and thought about what the outside world was like and what the legendary Upper World was like.”

The doll asked, “Did you find the answer?”

Li Nu stroked the doll’s ear and said, “I found it. To me, the outside world, the upper world, the cosmos, all look like Master.”

The doll did not answer. After a while, he said, “Little silly cat.”

“Master.” Li Nu looked down at the doll. “I’m going to disappear.”

The doll was silent for a moment. “I’ll watch you go.”

“What about you, Master?”

The doll said, “I’ll go with you, but this time, you can go first.”

“... Okay.”

Very soon, Li Nu disappeared. After she disappeared, the doll fell on a rock and became ashes.

In this world, there was no longer Cong Lang or Li Nu anymore.

### **Chapter 287: The Most Lame Couple**

After sending Li Nu to her destination and watching her leave, Yu Huang and Sheng Xiao got into the car and returned the way they came.

On the way, Sheng Xiao asked Yu Huang, “How do you know about the relationship between Li Nu and Cong Lang?”

Yu Huang said, “On the day of the lightning tribulation, I absorbed too many spiritual bodies from the Spirit Gathering Tree, and I sensed Cong Lang’s obsession.”

The Spirit Gathering Tree naturally had its own spiritual awareness. After discovering that Li Nu had embarked on an evil path, Cong Lang was extremely sad. “He made a deal with me. He was willing to give me his Beast Heart, in hopes that I could resolve Li Nu’s grievance and help her escape from her predicament.”

Sheng Xiao asked again, “What are your plans about the Beast Heart?”

Sheng Xiao thought that Yu Huang wanted to absorb the Beast Heart to improve her cultivation. He warned Yu Huang, “The Beast Heart energy of a Prime Emperor is very powerful. Although some of the energy of the Prime Emperor Cong Lang has been absorbed by other beast tamers, it is still not to be underestimated. If you forcefully absorb it, you will probably go down the deep end.”

Absorbing the Beast Heart of others was the same as forcefully absorbing demon cores to increase one’s strength. Ultimately, it was not a proper cultivation method.

Yu Huang said, “I plan to bury it deep under the academy’s Cultivation Hall.”

Sheng Xiao was shocked. “You want to give it to the school? You don’t want it?”

Yu Huang shook her head. She said, "If you eat too much at once, you'll become fat. You'll choke to death very easily." Having lived to her age, she was able to withstand the temptation and understand that there was nothing in this world that came without effort.

"If I bury Cong Lang's Beast Heart and Prime Master Goldfeather's Spirit Gathering Bone together, the spiritual energy in the Cultivation Hall will definitely become even denser. At that time, the students will definitely be able to cultivate twice as fast with half the effort."

Yu Huang sighed and said, "I only hope that before the calamity arrives, the academy will produce a few experts."

It was better to reap the fruits of success together. So what if she became a powerhouse alone? What the Holy Spirit Continent needed was even more powerhouses.

Sheng Xiao glanced at Yu Huang. "Stop the car."

Yu Huang thought that it would be convenient for Sheng Xiao to get off the car and stopped the car at the side.

"You can go." After saying that, Yu Huang took out her phone and wanted to send the photos taken in Cong Lang Mystic Realm to her father and Lin Jiansheng.

Just as she unlocked her phone, her head was suddenly held by a pair of large hands.

Yu Huang turned her head according to that force and saw Sheng Xiao's handsome face enlarging in her vision. Without giving her a heads up, Sheng Xiao kissed her boldly.

Yu Huang never multitasked when they kissed. She put down her phone and placed her arms on Sheng Xiao's shoulders while she kissed him back attentively.

Without the mask in the way, the kiss became relaxed and enjoyable.

There was passion burning in Sheng Xiao's heart. Yu Huang's enthusiastic response added fuel to the flames. His emotions were getting more and more intense.

He kissed her lips and her eyes, sometimes gentle and sometimes roughly.

Their breathing became labored and they were deeply immersed in the kiss.

Sheng Xiao only let go of Yu Huang after a while and leaned back in his chair. He narrowed his eyes to calm his breathing. His eyes were red.

Sheng Xiao looked at the winding mountain road in front of him lazily. He looked satisfied but also unsatisfied.

When Yu Huang saw Sheng Xiao's lustful look, she looked at herself through the rearview mirror. She felt a little embarrassed when she saw her teary eyes, flushed face, and swollen lips.

She placed her hands on the steering wheel and turned to ask Sheng Xiao, "Why did you kiss me suddenly?"

Sheng Xiao's posture did not change. He only glanced at her from the corner of his eyes. He licked his lips and said helplessly, "You looked especially charming just now."

Yu Huang was unmoved by all the temptations. Her clear-headed and calm demeanor was really very charming.

Sheng Xiao loved Yu Huang more and more.

Although Yu Huang did not understand Sheng Xiao's aesthetics and hobbies, she was still happy that Sheng Xiao was so obsessed with her. She picked up a piece of paper and handed it to him. "Wipe it. There's saliva at the corner of your lips."

Sheng Xiao was speechless.

His eyes flickered and his ears turned red. Now, he felt shy.

Yu Huang started the car again and stepped on the accelerator. For some reason, she suddenly pulled the hand brake up.

Sheng Xiao asked her in confusion, "Why aren't you leaving?"

Yu Huang said, "No, my legs are weak from your kiss. You drive."

Sheng Xiao said, "...Okay."

After getting out of the car, Sheng Xiao hunched his back as he walked to hide the change in his body.

Yu Huang jumped down from the driver's seat and easily noticed the change in Sheng Xiao's body. She whistled frivolously. "Wow, not bad."

Sheng Xiao glared at her and pulled her away from the driver's seat. He got into the car. Yu Huang smiled at him and ran to the front passenger's seat.

On the way back to the Rakshasa Empire, they passed through the Black Dome and the Purgatory Sea.

The Black Dome had already been cut into two by Sheng Xiao's sword. Two years had passed, but the Black Dome was still barren. However, the hilltop of the Purgatory Sea was covered in green grass.

Yu Huang stared at the Purgatory Sea and sighed endlessly with emotion in her heart.

At that time, she was just a little girl who was struggling to condense a Psychic Pearl. In the blink of an eye, she had already become a Master.

Master!

Yu Huang pointed at the plain in front of her and said, "The first time I met the Fourth Brother was at the foot of the Black Dome Mountain. That night, we sat beside the bonfire and chatted. At that time, we were on guard against each other. Now, we have become good friends."

Sheng Xiao knew who Yu Huang was referring to. It was Feng Yuncheng, the handsome student.

He had a good relationship with Yu Huang and they were even combat partners. In the academy, the two of them often hung out together.

Sheng Xiao was upset when he heard Yu Huang reminisce about how she met Feng Yuncheng.

Sheng Xiao did not want to hear Yu Huang talk about other men. He wanted to distract Yu Huang. He asked her, "What about us? Where was our first meeting?"

Yu Huang fell silent.

Sheng Xiao found it strange. "Why aren't you talking? Was our first meeting terrible?"

"A little."

Sheng Xiao cared a lot about his and Yu Huang's past. He wanted to know how they fell in love.

Yu Huang rarely talked about their past. Now that the opportunity had presented itself, Sheng Xiao could not bear to give up.

Sheng Xiao said, "I want to know. Tell me."

Yu Huang touched her nose and said guiltily, "The process of our acquaintance is definitely related to my ex-fiancé."

"Xuanyuan Jing?" Although he had lost his memory, Sheng Xiao had investigated Yu Huang's past and naturally knew that she and Xuanyuan Jing were engaged.

Sheng Xiao was even more puzzled. "Why is it related to Xuanyuan Jing?"

"Mmm... After I was disfigured, Xuanyuan Jing ran to the hospital to break the engagement with me. Coincidentally, you went to the hospital to investigate a young Beast Tamer's strange death and happened to see the scene of me being dumped by Xuanyuan Jing..."

Sheng Xiao's focus was curious. He said, "Does that mean that Xuanyuan Jing has become our matchmaker?"

Yu Huang was stunned. After thinking about it, she realized that it was true. "Yes, you can say that."

Sheng Xiao's mood suddenly became better. He said, "When we get married, send an invitation to Xuanyuan Jing to thank him for setting us up."

Yu Huang didn't know whether to laugh or cry. "Are you trying to snub him? I'm Xuanyuan Jing's ex-fiancée and I even defeated him twice in a row. Do you think he will attend our wedding?"

Sheng Xiao said, "How would he dare not to attend Young Master Sheng's wedding?" Sheng Xiao looked proud when he said that.

Yes.

Although in the Divine Moon Empire, the Xuanyuan Clan and the Sheng Clan were both among the six major clans, the Sheng Clan had always been ranked in the top three on the Holy Spirit Continent's list of one hundred major cultivation clans, while the Xuanyuan Clan was ranked below the top forty.

In front of the Sheng family, the Xuanyuan family was just a sidekick.

Who would dare not to attend Young Master Sheng's wedding? No matter how indignant he was, he had to suppress his anger and attend the wedding.

When Yu Huang thought of that scene, she felt inexplicably satisfied. "Then... let's give it a try?"

"Okay."

Thank you for reading on myboxnovel.com

The two of them chatted and laughed as they returned to the capital of Rakshasa Empire. They stopped the car in front of a hotel. Sheng Xiao told Yu Huang, "At the end of October, Rakshasa Empire will hold a grand auction. Do you want to take a look?"

Yu Huang had been in the Holy Spirit Continent for so long and had yet to participate in an auction. She was naturally interested.

"Okay, then. We'll stay in this hotel tonight."

"Okay."

### **Chapter 288: How Freaky?!**

In Rakshasa Kingdom, all the hotels, casinos, auctions, and mercenary groups were owned by the Night Hunt Organization. Sheng Xiao brought Yu Huang to the Carlton Hotel, the most expensive and luxurious hotel in Rakshasa Empire.

Sheng Xiao asked for a presidential suite with a price of 1,000 spirit stones a night.

In the Rakshasa Empire, neither money nor virtual currency could work. This place only recognized spirit stones. Each Beast Tamer had their own card with spirit stones stored in it.

Yu Huang also had such a card, but she did not have any savings in it.

A thousand spirit stones was equivalent to a hundred thousand coins.

Sheng Xiao held the card with two slender fingers. The receptionist grabbed the card with both hands and wanted to pull the card out from Sheng Xiao's fingers, but she did not succeed.

"Sir?" The receptionist looked at Sheng Xiao in confusion. She did not understand why he did not let go.

Sheng Xiao asked her, "The auction in October hasn't started yet, has it?"

The receptionist smiled professionally. She told Sheng Xiao, "The auction will be held in two days, guest."

Sheng Xiao said, "Please give me two more tickets for the auction."

The receptionist smiled and said, "Customer, the auction ticket is personally sent by the host. You can't buy it with money."

Sheng Xiao shook the Spirit Stone Card in his hand and interrupted the receptionist impatiently. "I have 500,000 Spirit Stones. Give me two cards."

Hearing the price of 500,000 spirit stones, the receptionist's smile immediately became cordial. "Okay, customer. I can buy two third-class tickets for you. Please wait a moment!"

The receptionist took the card from Sheng Xiao and said, "Please give me your identity cards."

Sheng Xiao gave them their Beast Tamer ID cards. The receptionist was shocked when she saw their names.

As the number one genius on the Holy Spirit Continent, few beast tamers on the continent did not know Sheng Xiao's name.

As the only cultivator on the continent, Yu Huang's fame almost exceeded Sheng Xiao's.

The manager at the front desk glanced at Yu Huang's identity card and realized that two lines of energy had appeared in the column that represented her cultivation level.

These two energy lines showed that Yu Huang had broken through to the Master realm!

The receptionist looked at Yu Huang in shock.

According to the content in the thread #Exposing the daily life of the big shot couple from the Divine Realm Academy, Yu Huang had just awakened her beast form two years ago.

In just two years, she had become a Master. This was lightning speed!

How freaky!

The receptionist took a deep breath and her attitude became even more respectful. "So, it's Supreme Master Sheng and Master Yu. Please wait for a moment. I'll check in for you now."

The receptionist quickly checked in for the two of them.

When she returned the room card, identity card, and Spirit Stone Card to Sheng Xiao, the receptionist told Sheng Xiao, "His Majesty was very happy to know that Supreme Master Sheng and Master Yu came to Rakshasa Empire in person. He said that he would give you two a couple invitation personally."

The couple invitation letter allowed the two of them to enter at the same time with the same invitation letter. This master of theirs was also very attentive.

The two of them had just registered their stay when the boss of the Night Hunter organization received the news. This was quite fast.

Sheng Xiao took the card and said, "You can send it to our room."

"Okay."

Sheng Xiao hugged Yu Huang's waist and walked to the elevator with her.

They took the elevator in silence. When they entered the room, Sheng Xiao and Yu Huang removed all the listening devices in the room immediately. Then, they sat down on the sofa.

Yu Huang said, "Everyone says that everyone who enters Rakshasa Empire is under the surveillance of the boss of Night Hunt. This is true."

As soon as they registered, the boss of the Night Hunt noticed them. This person was really powerful in the Rakshasa Empire. "I wonder who the boss of the Night Hunt is."

"No matter who it is, he will walk out from behind the scenes one day."

Yu Huang thought of the black-robed woman she had met that night in the capital. The other party knew about her situation in the Rakshasa Empire. She wondered if she knew the boss of the Night Hunt.

Could it be that the boss of the Night Hunt was a member of the Blood Peacock Organization?

Sheng Xiao asked Yu Huang, "Do you want to shower?"

Yu Huang nodded. "Yes."

"Then shower first."

Yu Huang pushed open the bathroom door and saw a large luxurious bathtub in the bathroom. She walked out of the bathroom and deliberately said to Sheng Xiao, "Brother Xiao, the bathroom is huge. There's also a Jacuzzi. Aren't you going to shower with me?"

Every time Yu Huang called him "Brother Xiao", she was doing it with ill intentions.

Sheng Xiao looked up and saw the decor in the bathroom. He stared at the huge bathtub for a while longer before he suddenly stood up and walked towards Yu Huang.

Sheng Xiao stood in front of Yu Huang. He raised his chin and opened his arms. "Help me take it off."

The black shirt covered Sheng Xiao's muscular body. One could vaguely see his muscles under the thin material.

Yu Huang heaved a sigh of relief and personally unbuttoned Sheng Xiao's shirt. The buttons were opened, revealing the man's muscular body. Yu Huang took a glance at him and quickly unbuttoned the last two buttons before entering the bathroom.

Sheng Xiao followed her.

Under Sheng Xiao's gaze, Yu Huang started to take off her clothes.

She took off her coat and shirt, and only her underwear was left. Yu Huang suddenly turned around and narrowed her almond-shaped eyes as she said to Sheng Xiao, "Why don't you help me?"

Sheng Xiao swallowed hard.

He suddenly strode out of the bathroom and slammed the bathroom door shut. His hoarse voice came from outside the door. "Wash yourself!"

Yu Huang revealed a smug expression.

Yu Huang had won this match again.

Yu Huang took a comfortable bath and changed into her pajamas before coming out. Sheng Xiao heard her, but did not look up at her. He walked past Yu Huang and into the bathroom. He closed the door and focused on showering.

When Sheng Xiao walked out of the bathroom after showering, he saw Yu Huang sitting on the bed in a light blue negligee. She was holding something that looked like an eyeball in her palm. She stared at the ball without blinking.

Sheng Xiao asked, "What is that?"

Every time Yu Huang practiced with the Eye of All Things, she had to concentrate. So, she could not hear what Sheng Xiao was saying. Naturally, she would not answer.

Sheng Xiao sat down beside her and stared at the Eye of All Things.

To Yu Huang, the Eye of All Things was a black hole that absorbed her spiritual power, but to Sheng Xiao, it was a big glass pearl. Even if he stared at the glass pearl forever, there would be no reaction.

After advancing to become a Master, Yu Huang's spiritual energy had become much more robust. In the past, she could only last for half an hour, but now, she could last for an hour.

An hour later, Yu Huang felt mentally exhausted.

Stopping the practice, Yu Huang covered the Eye of All Things with a piece of velvet cloth. She turned her head to say to Sheng Xiao, "This is the Eye of All Things. Through it, I can train my Eternal Eye and master the power of prophecy as soon as possible. My spiritual power is too weak now. I need to improve my spiritual power as soon as possible."

Sheng Xiao said, "You are a Purifying Spirit Master. Cultivating the Purifying Spirit Technique can improve your spiritual power quickly. What are your plans?"

Yu Huang said, "I'm prepared to go to the Broken Cliff with Mentor."

Sheng Xiao did not remember going to the Broken Cliff with Yu Huang and Lin Jiansheng to save Anna. He remembered that the Broken Cliff was a place where one could never return from.

"Broken Cliff is filled with danger. Are you sure you want to go?"

"Yes, with Mentor accompanying me, it shouldn't be too dangerous."

Sheng Xiao was not a coward. Since Yu Huang had decided to go to the Broken Cliff, he would not stop her.

Except...

"How long are you going to be gone? We're having a wedding at the end of the year. You can't miss the wedding."

Yu Huang poked Sheng Xiao's eyebrows with a smile. "I promise I can return before the wedding."

"That's good."

After making up her mind, Yu Huang called Lin Jiansheng.

Lin Jiansheng picked up the phone. When Yu Huang heard the commotion on the other end, she asked him, "Mentor, where are you? It's so noisy over there."

Lin Jiansheng took a bite of the toothpick beef and said, "I'm eating barbecue in the Rakshasa Empire!"

Yu Huang instantly sat up straight when she heard this. "You're in the Rakshasa Empire as well?"

Lin Jiansheng hit the nail on the head. "Why, you're here too?"

Yu Huang laughed and said, "Mentor, give me your address. I'll come find you immediately."

Lin Jiansheng told her the address.

### **Chapter 289: The Coquettish Yu Huang**

After hanging up the phone, Yu Huang kicked Sheng Xiao. "Mentor is having barbeque in Rakshasa Empire. Come, let's go too."

Sheng Xiao was shocked. "Why is Supremacy Lin in the Rakshasa Empire?"

"I don't know."

The temperature difference in Rakshasa Empire was large between day and night. She could wear a suspender during the day and a coat at night. Yu Huang wore a tight-fitting shirt with a pair of high-waisted jeans and a casual denim jacket.

She put on her sneakers. Her legs were slender and her hips were perky. She walked side by side with Sheng Xiao on the streets of the capital of Rakshasa Empire. Many people were looking at her along the way.

Many people were looking at her face, her breasts, her waist, her buttocks and thighs.

In short, there was nothing about her that was not good looking.

Sheng Xiao wanted to block their gaze for her, but Yu Huang was so beautiful. He could block her from the front but not the back.

He was extremely vexed.

Fortunately, the restaurant where Lin Jiansheng ate the barbeque was not far from their hotel. They arrived at their destination very quickly.

Yu Huang saw Lin Jiansheng from afar. He was sitting at the open-air table in front of the barbecue shop while eating barbecue.

Lin Jiansheng was wearing a black suit. His egg-shaped bald head was shining under the night light. Instead of a Purifying Spirit Master, he looked more like a local resident of Rakshasa Empire.

He exuded a fierce bandit vibe.

However, such a ferocious man was carrying a snow-white spirit pet in his arms.

Lin Jiansheng had not yet discovered Yu Huang's arrival. However, the spirit pet in his arms, Yu Huang, smelled its little master's aura immediately. Yu Huang immediately jumped out of Lin Jiansheng's arms. It passed through the crowd and ran towards Yu Huang.

Lin Jiansheng shouted, "Yu Huang, where are you running to?!" Lin Jiansheng looked in the direction where Yu Huang was running. He only felt at ease when he saw Yu Huang.

Yu Huang arrived in front of Yu Huang in a few leaps. "Mmm!" Yu Huang tip-toed and jumped into Yu Huang's arms.

Yu Huang grabbed Yu Huang and lifted it up with both hands while rubbing her forehead against Yu Huang's. It was unknown how Lin Jiansheng fed her, but after only two to three months, Yu Huang had become much fatter.

Yu Huang's originally dark hair also became glossy and its eyes were bright. When it looked at Yu Huang, its eyes were filled with only Yu Huang's reflection.

Yu Huang rubbed Yu Huang and said, "Yu Huang, did you miss me?"

Yu Huang cried, "Mmm!"

Sheng Xiao walked to Yu Huang's side and patted its head. He asked Yu Huang, "Is this the spirit pet you won from the Yin family called Yu Huang?"

When she thought about how Sheng Xiao could not remember the past, Yu Huang caressed the soft flesh on the back of Yu Huang's head and neck. She told Sheng Xiao, "It likes to drink the holy water of the elves the most."

"This little one is so pampered." After Sheng Xiao lost his memory, he had been wondering why he made that bet with Donor. Now, it seemed that he made the bet with Donor for Yu Huang's spiritual pet.

Sheng Xiao took out the two bottles of holy water from his interspatial ring. He unscrewed the stopper of one bottle and placed the mouth of the bottle in front of Yu Huang's nose.

Yu Huang sniffed its nose and immediately revealed a longing gaze that said, "I want to drink it."

Sheng Xiao did not give it to her. He held the bottle and said to Yu Huang, "Call me brother-in-law and I'll give it to you." He had heard Yu Huang call herself sister just now.

Yu Huang could not help but glance at Sheng Xiao. It seemed that even if he had lost his memory, Sheng Xiao was still the same Sheng Xiao who asked a soul pet to call him brother-in-law.

Yu Huang stared at the holy water and cried out, "Mmm!"

Sheng Xiao took it that Yu Huang had called him brother-in-law.

Sheng Xiao patted Yu Huang's head and praised it. "Good child, you're so sensible." He brought the bottle to Yu Huang's mouth and gave it a sip.

In the distance, Lin Jiansheng's heart ached when he saw this scene.

He rushed up and snatched the bottle of holy water from Sheng Xiao's hand. Lin Jiansheng said with concern, "This water is precious. One drop of it can last Yu Huang for a few days. If you take it, Yu Huang will not have any for a month."

When he saw Lin Jiansheng, Sheng Xiao quickly took a step back and bowed to him. "Good morning, Mentor."

Lin Jiansheng glanced at Sheng Xiao and then at his disciple. She said in a strange tone, "Look, look. Even my son-in-law knows how to greet me. What about you?"

Yu Huang walked forward and hugged Lin Jiansheng's arm. She shook it gently and shouted coquettishly, "Mentor! Ah Huang, long time no see. I miss you."

Lin Jiansheng's expression instantly changed. "Alright, alright, let's go eat barbecue."

Yu Huang carried Yu Huang and walked to the barbecue table with Sheng Xiao. Sheng Xiao suddenly lowered his head and said to her, "You've never been coquettish with me."

Yu Huang thought about it and realized that she had never acted coquettishly to Sheng Xiao. "Do you want me to act coquettishly to you?"

Sheng Xiao thought about it carefully and said, "Try."

"Sure."

After the two of them sat down, Lin Jiansheng ordered many ingredients in one go. There was beef, mutton, and demon beast meat.

Seeing this, Yu Huang cried out in shock, "Mentor, have you struck it rich? You're actually willing to order such an expensive meat dish!"

Lin Jiansheng took a bite of the lamb chop and pointed his index finger at Sheng Xiao. "He's here. How can I foot the bill?"

Yu Huang was speechless.

Sheng Xiao's expression did not change. "Mentor, you're right. I should treat you to this barbecue."

Lin Jiansheng chuckled and shouted to the barbecue stall owner, "Get me a batch of No. 7 medicinal wine!"

The boss immediately brought over a bottle of No. 7 medicine.

Lin Jiansheng opened a bottle of medicinal wine for both Yu Huang and Sheng Xiao. He told them, "Medicine No. 7 is a specialty of Rakshasa Empire. It's a medicinal wine made from the bones of Magic Snakes and snake blood. It's very beneficial."

After a pause, Lin Jiansheng stared at Sheng Xiao and said meaningfully, "Especially to men."

Sheng Xiao understood what Lin Jiansheng meant. When he thought about how he and Yu Huang had not taken things to the final step, he was afraid that things might get out of hand if he drank too much. He did not dare to drink anymore.

Yu Huang stared at Lin Jiansheng with a spurious smile. She said, "Then Mentor, you have to take it easy. You're a bachelor. Why are you drinking this?"

After being snubbed by his disciple, Lin Jiansheng suddenly felt that the wine loste its taste. "Shut up."

Sheng Xiao changed the topic and asked Lin Jiansheng, "Mentor, what are you doing here?"

Lin Jiansheng said, "I'm here to participate in the auction."

The auction at the end of October in the Rakshasa Empire was the grandest auction in the Holy Spirit Continent. Many important figures would disguise themselves and enter the auction hall to bid for a few treasures.

Hearing that, Yu Huang asked Lin Jiansheng, "Mentor, is there something you want at the auction?"

"Yes." Lin Jiansheng moved the chair under him to Yu Huang's side. He leaned close to Yu Huang's ear and said in a voice that could only be heard by the two of them, "At the auction, there was a Level 8 Spirit Tool called the Spirit Nurturing Drum. This thing can nourish the soul."

Yu Huang immediately understood everything. "They were bought for Senior Su, right?"

"Okay."

Yu Huang instantly revealed a teasing expression. She said, "A Level 8 Spirit Tool is very valuable, isn't it? Mentor, you might not even be able to afford it even if you went bankrupt. You and Senior Su have only known each other for a short time, but your feelings for each other are already so deep?"

Lin Jiansheng's gaze became slightly shifty as he said ambiguously, "I once had a relationship with Senior Su. I want to repay my gratitude."

"Yo, Senior Su died 600 years ago. You're only slightly more than a hundred years old. How did the two of you get acquainted?" Yu Huang picked up Medicine No. 7 and took a sip. She smacked her lips and said, "Senior Su is quite beautiful. Mentor, you must have developed a crush on Senior Su, right?"

Lin Jiansheng blushed and scolded angrily, "Who makes fun of their mentor like you?"

Yu Huang shrugged. "I was just saying what I thought. Mentor, why are you blushing?"

Lin Jiansheng moved the chair back to its original spot and decided to stay away from Yu Huang.

Seeing that her mentor was angry, Yu Huang decided to stop.

When she saw Sheng Xiao eating the beef in silence, Yu Huang suddenly reached out her left hand and patted the back of Sheng Xiao's hand.

Sheng Xiao put down the skewer and looked at her in confusion. "What's wrong?"

Yu Huang smiled gently at Sheng Xiao. "Brother Xiao, I want to eat lamb ribs. Feed me." She winked at Sheng Xiao.

Sheng Xiao's hair stood on end.

Lin Jiansheng was also frightened by Yu Huang's actions. He rolled his eyes at Yu Huang and scolded her. "What are you doing? Speak properly!"

Yu Huang glared at Lin Jiansheng. "I'm acting coquettishly with my boyfriend. Master, if you're not used to it, you can find a girlfriend."

Lin Jiansheng was speechless.

Sheng Xiao blinked.

Oh, so she was acting coquettish towards him.

### **Chapter 290: Young People Show Off PDA, Regardless of the Situation**

To be honest, Yu Huang acting coquettish was scarier than her being angry. Sheng Xiao had goosebumps.

Sheng Xiao touched the goosebumps on the back of his hand secretly. Then, he put on his gloves and cut a piece of pork ribs for Yu Huang with a knife.

He placed the lamb ribs in his bowl and used a knife to carefully remove the meat from the ribs before placing them all on Yu Huang's plate.

"Here."

His meticulousness made Lin Jiansheng envious. A dangerous thought surfaced in Lin Jiansheng's mind: He wanted to become a woman and find a boyfriend.

He took a sip of the medicine and felt a chill down his spine.

Young people nowadays were really mushy when they fell in love.

It was nothing like their era. Back then, they liked a person very reservedly. They acted coquettishly and showed their love behind closed doors.

Now, they were showing off their love in broad daylight and did not care about the feelings of the elderly.

Yu Huang stared at the mutton in her bowl. She felt that it was strange when she acted coquettishly to Sheng Xiao. She picked up her chopsticks and ate the mutton quietly. She was so embarrassed that she did not say anything else.

After having her fill, Yu Huang took off her gloves and picked up a wet tissue to wipe her hands.

She inserted her fingers into Yu Huang's smooth fur and massaged the back of his neck while saying to Lin Jiansheng, "Mentor, I want to go to Broken Cliff with you."

Lin Jiansheng had drunk a few glasses of wine and seemed to be drunk. Hearing that, he looked at Yu Huang for a few seconds before burping.

"Broken Cliff? Sure."

Lin Jiansheng put down the wine glass and took a bone that he had eaten clean from before from the plate that was filled with leftover food. He placed it in his mouth again and bit it. He kept biting and biting, but he could not bite off any meat.

Sheng Xiao said to Yu Huang, "Mentor, you're drunk." He was so drunk that he looked like a dog gnawing on a piece of pork ribs.

Yu Huang pressed her hand to her forehead and shook her head helplessly. "Settle the bill."

"Okay."

Sheng Xiao got up and went to settle the bill. When he returned, he helped Lin Jiansheng up from behind the table with Yu Huang. Yu Huang asked Lin Jiansheng, "Mentor, which hotel are you staying in?"

Lin Jiansheng leaned against Sheng Xiao's shoulder weakly and said nothing.

Sheng Xiao said, "Bring him to our place for the night." There were two bedrooms in the presidential suite, one big and one small. If they brought Lin Jiansheng to their suite, they would have to squeeze on one bed.

Yu Huang nodded. The two of them carried Lin Jiansheng back to their room. Lying on the bed, Lin Jiansheng slept soundly and was not on his guard at all.

After they had barbeque, everyone smelled like barbeque. Sheng Xiao said to Yu Huang, "I'll take a shower. Take care of Mentor first."

"Okay."

Yu Huang poured a glass of water for Lin Jiansheng and brought it to the bed. She stared at the sleepy man on the bed and said expressionlessly, "Stop acting, Mentor."

Lin Jiansheng did not react.

Yu Huang continued to expose Lin Jiansheng's disguise. "The Holy Spirit Continent has a preferential policy for high-level Clear Spirit Masters. Every country's first-tier cities have a free hostel for high-level Purifying Spirit Masters. However, the Rakshasa Empire is the only exception. Mentor, isn't it just to save on the hotel fees for one night? Do you have to act to this extent?"

The person on the bed slowly opened his eyes.

Lin Jiansheng scratched his bald head in embarrassment and asked Yu Huang, "How could you tell that I was acting?" He felt that his acting skills were not bad.

"Father said before that you loved to drink the most when you were young. There was never a time when he could drink more than you." How could a mere seven glasses of medicinal wine make Lin Jiansheng drunk?

Lin Jiansheng sat up on the bed and sneered. He explained, "Your mentor is embarrassingly poor now. The Spirit Nurturing Drum is an eighth-grade spirit weapon. If I don't spend money sparingly, how can I participate in the auction?"

Yu Huang sneered. She did not believe Lin Jiansheng at all. "You're a Level 8 Purifying Spirit Master. How can you be poor?"

In this world, a Purifying Spirit Master was also known as a Wealth Beckoning Master. If a Purifying Spirit Master could purify all living creatures, naturally, there would be Beast Tamers with low beast forms who would pay Lin Jiansheng to help them.

Lin Jiansheng was the president of the Prosperous Capital's Purifying Spirit Master. Yu Huang did not believe that he was poor.

Lin Jiansheng couldn't quibble anymore. He rolled his eyes and said, "I just love money. If I can spend less on myself, I'll cheat others. Even if you look down on me, your mentor, you won't be able to change your mentor anymore."

Yu Huang was caught between laughter and tears. "What nonsense are you talking about?"

Lin Jiansheng pointed at the cup of water. "Pour me a cup of water."

"Okay."

Yu Huang poured a glass of water for Lin Jiansheng.

Lin Jiansheng drank the water and asked Yu Huang, "Did you gain anything from this trip to the Cong Lang Mystic Realm?"

Yu Huang took out her identity card and handed it to Lin Jiansheng.

Lin Jiansheng held the document and lowered his head to see two lines of energy light up on Yu Huang's document. His hand trembled, and he raised his head to stare at Yu Huang in disbelief as he exclaimed, "You're a Master?"

Yu Huang nodded. "Yes, I'm a Master."

"Your speed is really..." Lin Jiansheng held his forehead and lowered his head while laughing. He lamented, "Everyone says that Young Master Sheng is the number one genius on the continent. I think he's still a long way off from you."

Yu Huang took back her identity card and carefully put it into her wallet before saying, "The Cong Lang Mystic Realm has been destroyed."

Lin Jiansheng was shocked. "How could it be destroyed? What happened?"

Yu Huang directly took out Cong Lang's Beast Heart. The moment that Beast Heart appeared, Lin Jiansheng felt a powerful and pure energy from it.

"Whose Beast Heart is it?"

Yu Huang said, "It's from Prime Emperor Cong Lang."

Lin Jiansheng took a light breath. "Impressive. Other people go in to absorb Prime Emperor Cong Lang's energy, but you stole his energy source."

Good heavens!

Yu Huang had to explain. "It wasn't stolen. The Prime Emperor gave it to me."

Hearing Yu Huang's explanation, Lin Jiansheng expressed his doubt. "Why would he give it to you? Could it be because you're beautiful?"

At the mention of beautiful, Lin Jiansheng couldn't help but reach out and pinch Yu Huang's cheeks. He said, "You've done a good job at making this human skin mask. It's even more exquisite than your father's mask. It's just like a real person's skin when you touch it. You can't even feel any burn marks. Who did you find?"

Yu Huang was caught between laughter and tears. "What human skin mask?! This is my own face."

"You regained your looks?"

"Okay."

Lin Jiansheng asked, "Are the baby fish in the Cong Lang Mystic Realm really that magical?"

"It's not the baby fish's effect, but tribulation lightning," Yu Huang told Lin Jiansheng. "The tribulation lightning I suffered this time was extremely powerful. There was actually resentment from the Black Qing Sky Dragon Race hidden in the lightning. After I was struck by the lightning tribulation, my body was seriously injured, and my skin ruptured. Later, when my muscles recombined, my appearance recovered."

"The tribulation lightning has the aura of the heavens. Perhaps this is why it helped me recover my appearance."

Lin Jiansheng sighed with emotion. "This is really a blessing in disguise."

He touched Yu Huang's face carefully again to confirm that it was really Yu Huang's face. He was instantly relieved. "This is great. Now that you've recovered your looks, no one will dare to say that you're not worthy of that boy from the Sheng family!"

Lin Jiansheng knew that some people were secretly slandering Yu Huang for being ugly and not worthy of the Sheng family's chosen one. Naturally, he felt upset.

Now, Yu Huang had recovered her looks, and no one could criticize her again.

"Rest early. After the auction is over, we'll go to Broken Cliff." Lin Jiansheng had long wanted to bring Yu Huang to Broken Cliff to train in seclusion.

Yu Huang said, "I have to go back to the academy first. After I give the Prime Emperor Beast Heart to the Principal, I will accompany you on a long journey."

Lin Jiansheng was shocked. "You want to hand the Prime Emperor's Beast Heart to the dean? Keep it for yourself. It will definitely be useful when you break through the cultivation limits in the future."

Yu Huang shook her head. She said, "Mentor, you once said the cultivation path depends on diligence. Therefore, be it learning knowledge or cultivating, you have to take it one step at a time. You have to walk a path and see the scenery along the way before you can appreciate the scenery."

Hearing Yu Huang's words, Lin Jiansheng felt a little ashamed. "Hearing you say such things, I actually feel like I'm listening to a senior impart her knowledge. You're young, but you're levelheaded and mature."

She was as mature as an old witch.

Yu Huang smiled but didn't say anything.

"Rest early, Mentor."

That night, Yu Huang slept with Sheng Xiao.

This was not the first time the two of them had slept on the same bed. They did not feel uncomfortable lying together. However, Sheng Xiao controlled himself. He did not dare to get too close to Yu Huang. He was afraid that he would lose control.

Yu Huang noticed Sheng Xiao's attitude, so she did not tease him.

She would let him off first. When they got married, she could tease him however she wanted.
