

## She Shocks 331

### Chapter 331: The State Master Makes His Move And Has A Surprising Discovery!

Lin Jiansheng hurriedly explained, "It's like this. Ah Huang and I have been training in seclusion in the Broken Cliff recently. Today, we came to the north of the Broken Cliff and realized that the resentment aura there is thinner than anywhere else. The ground is barren and there isn't even a single tree. That's why we felt that something was amiss."

"Just now, I used my psychic power to investigate the ground. When I found that it was more than two thousand meters deep, I actually encountered an extremely powerful resentment aura. That resentment aura easily repelled my psychic power."

Upon hearing this, Mo Xiao said thoughtfully, "Are you suspecting that some powerful demon beast is buried here?" After a pause, Mo Xiao continued, "Or... a senior expert?"

"Yes." Lin Jiansheng said humbly, "Grand State Master, please help us investigate the situation."

The Grand State Master had advanced to the Prime Master realm several hundred years ago. Now, he was already half a step into the Prime Emperor realm. If he was invited to check on the situation, he would definitely gain something.

Mo Xiao nodded and said, "There will definitely be a Spirit Gathering Bone in the burial ground of super demon beasts and super experts. That's good. I'll take a look."

Whether it was the buried demon beasts or experts, obtaining a Spirit Gathering Bone was a good thing for the Divine Moon Empire.

"Ah Huang, step back!"

Upon hearing this, Yu Huang spread open her Vermilion Bird wings. Her left hand held Kong Qing while her right hand held the spirit pet, and she swiftly retreated a kilometer away.

Mo Xiao closed his eyes. In the next moment, nine enormous black tails appeared behind him. At the same time, six dense black energy rays appeared above his head.

Six rays of light. That was the symbol of honor that only a Prime Master Beast Tamer possessed.

Beast Tamers who had reached the Prime Master level could merge with their beast form, or they could move alone with their beast form. Moreover, the Beast Tamer's beast form was no longer an energy form, but a real animal with a physical body.

Therefore, the nine tails on Mo Xiao's back were not energy entities but the tails of real nine-tailed foxes. The tails were completely open and swaying at the same time. It was truly stunning.

Yu Huang, her eyes green with envy, stared at the nine tails in a daze.

Kong Qing murmured, "What a beautiful tail. What kind of demonic beast's tail is this?"

"Nine-tailed fox."

Although Kong Qing did not know what a nine-tailed fox was, it sounded very powerful. He licked his lips and subconsciously said, "This nine-tailed fox must be very delicious."

As a monster, Kong Qing had to evaluate everyone according to how delicious they were. For example, Yu Huang's phoenix that only knew how to spew fire was not delicious in Kong Qing's eyes.

Yu Huang slapped Kong Qing on the head. "Shut up. Don't let the Grand State Master hear this."

Kong Qing quickly shut his mouth.

Mo Xiao's nine tails released black spiritual energy rays at the same time. The powerful energy rays drilled into the soil at the same time. The plain began to shake, and the entire Broken Cliff shook.

When the spiritual force reached two thousand meters deep underground, Mo Xiao also sensed the existence of the resentment.

The grievous energy shot out boundless energy and attacked Mo Xiao. Mo Xiao was already prepared. He shouted, "Wind, rain, lightning, listen to my orders!"

In an instant, the entire sky of the Cangyuan Empire above the Broken Cliff turned dark in an instant. Countless lightning bolts ran across the sky in an aggressive and terrifying manner.

The commoners and beast tamers of the Cangyuan Empire were frightened by this energy and ran out of the house at the same time to look up at the sky of their country.

At the same time, the surrounding countries also noticed the changes in the sky of Cangyuan Empire. Everyone looked up at the sky.

Such powerful energy fluctuations could only be done by Beast Tamers of the Prime Master level. Which Prime Master was doing this?

In the sky, the lightning bolts gathered above the Broken Cliff and gradually turned into the shape of a nine-tailed fox. Everyone found it unbelievable when they saw the black nine-tailed fox.

"It's the Grand State Master of the Divine Moon Empire!"

Mo Yelou stood in front of the Grand State Master's office building. Together with the advisors, they looked up at the mighty Nine-Tailed Fox in the distant horizon and said absent-mindedly, "Grand State Master! Why did he go to the Cangyuan Empire?"

Many big shots, who was affected by the energy fluctuation, immediately rushed to Broken Cliff. The dean of the Divine Realm Academy, Xuan Ye, and the chiefs of the various clans were all present.

Soon, the Broken Cliff became lively. Dozens of big shots surrounded the northern sky of Broken Cliff and quietly observed the Grand State Master's actions.

Mo Xiao opened the palm of his right hand and pulled forcefully in the void. The lightning nine-tailed fox in the sky landed on his body and could no longer be released.

"Nine Tails Appear, Heaven and Earth Collapse!"

Mo Xiao grabbed the lightning nine-tailed fox and smashed it into the plain soil below him. The lightning struck all the way into the ground two thousand meters deep.

Boom!

Bang!

Bang!

Bang!

As the lightning continued to strike, the entire northern plains exploded into nine parts.

Mo Xiao shouted loudly, "Rise!"

The 9 pieces of flat land that were 2,000 meters deep were lifted up by Mo Xiao. They were lifted by a majestic spiritual energy and floated in the sky.

In an instant, the northern plains disappeared, replaced by a two thousand meter deep crater.

All the Beast Tamers who had come to watch the fun looked at the bottom of the huge pit at the same time. Mo Xiao and Lin Jiansheng also looked down.

At the bottom of the giant pit, there was actually a dense web of iron chains! These iron chains were fixed to the mountain walls around Broken Cliff. Each iron chain was as thick as a baby's fist.

The chains had been corroded by mud for two thousand years, and they were already rusted. And these chains, which seemed to be in disorder, passed right through the middle of an amber.

And in the middle of the giant amber was a man with a human body and a snake tail!

The man's inky blue hair, his beige skin, and his dark blue blood-stained robe were clearly visible!

When they saw this scene, everyone was shocked!

Who was imprisoned and tortured to death here?

All the Beast Tamers flew towards the bottom of the deep pit at the same time. Yu Huang followed behind the Grand State Master and Lin Jiansheng and flew into the deep pit.

The Grand State Master, Lin Jiansheng, Xuan Ye, and the dean of the Divine Realm Academy naturally stood at the front because they were the strongest.

Due to her special status, Yu Huang was fortunate enough to stand behind the Grand State Master and Lin Jiansheng.

As they got closer, they realized how long the tail was.

It was at least ten meters.

"Who is this person?" Judging from his attire, he should have lived two to three thousand years ago.

There were many Beast Tamers present, but none of them recognized him.

Suddenly, the dean of the Divine Realm Academy cried out in alarm, "Isn't this person..." His narrowed eyes opened completely, and his golden pupils were filled with shock and astonishment.

Everyone looked at the dean.

The Grand State Master asked the dean, "Who is this person?"

The dean trembling as he said, "This person is..."

"Prime Master Fu Tian!"

### **Chapter 332: Killing Potential Divine Masters**

Prime Master Fu Tian!

Hearing this name, everyone was stunned.

Prime Master Fu Tian was a child born from a human woman and the prince of the Beast Clan. He had devoted his entire life to improving the relationship between humans and non-human beings.

Currently, the reason why the beastmen and humans were able to maintain a strained peace and maintain trade relations was all thanks to everything that Fu Tian had done.

In the central square of the Divine Realm Academy, there was a statue of Prime Master Fu Tian.

However, since the Small Hall of Fame was built six hundred years ago, the sculptors and chief designer had never seen the true appearance of this senior, so those sculptures were only conceptual works.

Among them, there was the image of a human with a snake's tail. As for his appearance, it was naturally in the image of a handsome and righteous man.

Among the six statues, only Yin Mingjue's statue was identical to his true looks.

Therefore, the younger generation all knew that Fu Tian was a hybrid with a human body and a snake tail, but they did not know what he looked like.

The dean had never seen Prime Master Fu Tian before, but he had seen Prime Master Fu Tian's sword before. The dean pointed at the sword beside the man in the giant amber and said, "This is Prime Master Fu Tian's sword!"

The Heaven Subduing Sword was Fu Tian's beast-like intrinsic sword. According to the records, although the Heaven Subduing Sword was a sword, it was more like a double-headed ax.

Upon hearing the dean's reminder, everyone finally noticed that Fu Tian was holding a double-headed ax.

"This is indeed the Heaven Subduing Sword." The Grand State Master said, "I have read through the records of the Heaven Subduing Sword and saw the drawing of this sword. It is indeed exactly the same as this Heaven Subduing Sword."

This person's identity had been affirmed by the dean and the Grand State Master. It was highly likely that he was Prime Master Fu Tian.

After figuring out this person's identity, the confusion in everyone's mind deepened.

"How could it be Prime Master Fu Tian! Didn't Prime Master Fu Tian fly to the Upper World three thousand years ago? It's said that he cultivated in the Upper World for several hundred years and couldn't break through to the Divine Master Realm for a long time, so he died of old age. But why is his corpse imprisoned here? It's... it's even pierced by chains and turned into amber."

That's right, didn't Prime Master Fu Tian go to the Upper World? Why was he here?

The Grand State Master was also puzzled. He said, "According to what I know, this senior has superb talent and was lucky enough to comprehend the power of the Divine Master. After he successfully improved the relationship between humans and the beastmen, he passed through the Central Pagoda and went to the Upper World. After that, he never returned."

Even if he was dead, his corpse shouldn't have appeared in the Holy Spirit Continent.

Everyone looked towards the Grand State Master.

"Unless... what?" Xuan Ye asked.

The Grand State Master looked up at Prime Master Fu Tian's face, which was in anguish. He said, "Unless, Prime Master Fu Tian simply didn't succeed in passing through the Central Pagoda to the upper world!"

"That's impossible!" Xuan Ye immediately denied it and shook his head. He said, "When Prime Master Fu Tian decided to go to the Upper World back then, many good friends sent him off. They all saw him enter the Central Pagoda with their own eyes! This can't be fake."

At this moment, Yu Huang suddenly said, "Perhaps he was killed in the Central Pagoda."

As soon as these words were spoken, it shocked everyone into looking at Yu Huang in unison. This included Yu Huang's future father-in-law, Sheng Lingfeng.

Sheng Lingfeng and Yu Huang looked at each other. When he remembered that Sheng Xiao had lost his memory in the Central Pagoda, he agreed with Yu Huang's bold guess.

Yu Huang's guess sounded bold and disrespectful, but it was also the most reasonable.

The Grand State Master narrowed his eyes and said, "If this person is really Prime Master Fu Tian, then there's a high chance that he didn't manage to successfully enter the Great World. And no matter where he was killed, that person was able to kill him in the dark and hide him here without anyone knowing. This is enough to prove that that person is even stronger than Prime Master Fu Tian!"

"It is said that when Prime Master Fu Tian entered the Central Pagoda, he was already half a step into becoming a Prime Emperor. That murderer's strength is probably..."

Perhaps he had already reached the Prime Emperor cultivation level.

Even though the Grand State Master did not reveal all of his conjectures, everyone present was very smart. They had the same thoughts as the dean.

The thought of a Prime Emperor Beast Tamer hiding in the Holy Spirit Continent made everyone's scalp tingle.

How glorious was Prime Master Fu Tian when he was still alive?!

The dean's heart ached when he thought of how such a valiant and powerful Prime Master had been killed and imprisoned here.

He sighed and said, "In the past ten thousand years of the Holy Spirit Continent, there were only two with the power of the Divine Master. The remaining one is none other than Yin Mingjue."

The dean subconsciously stroked his little beard. He said with a thoughtful expression, "These two people are the hope of the Holy Spirit Continent. However, what is heartbreaking is that Prime Master Yin Mingjue sacrificed himself in the Central Pagoda to save the people, while Prime Master Fu Tian was killed and hidden here..."

The dean could not help but make a bold guess. "Could it be that that person is eradicating people with Divine Master power because he doesn't want a Divine Master to appear in the Holy Spirit Continent?"

The dean's analysis sent chills down their spines.

Lin Jiansheng cursed, "Why did he do that?!"

No one knew why that person wanted to secretly kill people with Divine Master power. Could it be that he hated Beast Tamers and did not want the Holy Spirit Continent to become more powerful?

Sheng Lingfeng stared at the chains that pierced through Fu Tian's body. He said, "I heard that after a person dies, their body will be chained to the ground. As time passes, their soul will lose consciousness and lose the chance to reincarnate. Prime Master Fu Tian has been hidden here for more than three thousand years. He has been infected by the grievances in this Broken Cliff. I'm afraid his soul has already become a ghost."

"Quick, let's save Prime Master Fu Tian!"

Hearing this, all the Beast Tamers worked together and broke the chains one by one.

These metal chains were made of special materials. Ordinary spiritual swords and sharp weapons could not cut them off at all. They also had to use rich spiritual force. Fortunately, there were many Beast Tamers present. One for each person, and they were quickly cut off.

Taking advantage of the chaos, the dean turned around and glanced at Yu Huang, who was hiding behind the Grand State Master. Coincidentally, Yu Huang also raised her head and their gazes met.

Seeing Yu Huang's pretty face turn slightly pale, the dean's heart ached as he silently shook his head.

Yu Huang opened her mouth and lowered her head again.

Regardless of whether it was Prime Master Fu Tian or Prime Master Yin Mingjue, they had both comprehended the power of the Divine Master. As for Yu Huang, she was the newest person with Divine Master power. Presumably, she would be targeted by that person sooner or later.

Perhaps she had already been targeted by that person.

Yu Huang let out a breath, and then heard the sound of chains being broken one by one. After the chains broke, they smashed onto the hard amber.

It was easy to break the amber apart, but it might also shatter Fu Tian's body into pieces.

### **Chapter 333: Of Course He Needs to Sabotage**

Xuan Ye said, "This amber is afraid of fire. Miss Yu Huang, please use your True Phoenix Fire to roast the amber."

Hearing this, Yu Huang did not refuse. She immediately summoned the Divine Feather Phoenix.

As soon as the petite Xuan Yu appeared, it transformed into a gorgeous and majestic fiery red phoenix. The phoenix flew above Prime Master Fu Tian and flapped its wings while sending down countless Purifying Evil Phoenix Flames.

The Purifying Evil Phoenix Flame attached itself to the amber and quickly melted.

Sheng Lingfeng and the others placed their right palms on their left chests and bowed respectfully to Prime Master Fu Tian. "Please forgive us for offending you, Prime Master."

Everyone walked forward and pulled out the chains that had passed through Prime Master Fu Tian's body.

Prime Master Fu Tian was instantly turned into amber. Thousands of years had passed, yet the flesh and blood in his body had not rotted. When the chains were pulled out, blood flowed all over the ground.

Seeing this, everyone felt sorry for him.

Soon, all the chains were pulled out. Without the chains, Prime Master Fu Tian's massive body suddenly fell to the ground.

The Prime Master was lying on the ground in an extremely miserable state.

Xuan Ye took the initiative to step forward. He said, "The Prime Master has been imprisoned here for thousands of years. His soul has long turned into resentment." He looked around and everyone realized that there were many light gray layers of resentment surrounding him.

Xuan Ye said, "I'm here to purify his soul. May his soul be reincarnated soon."

Xuan Ye summoned his Purifying Spirit Scepter and was about to begin Spirit Purifying when Lin Jiansheng strode out and stood beside Fu Tian.

"Prime Master Fu Tian was very powerful. Saint Xuan Ye, I'll do it with you."

Fu Tian had been imprisoned for three thousand years, and his grievous energy was comparable to that of a super fiend. Lin Jiansheng had been influenced by Su Tingxue and Yu Huang, so he suspected Xuan Ye. Naturally, he would not just watch as Xuan Ye became Fu Tian's Purifying Spirit Master.

Perhaps, Xuan Ye would become a level-10 Purifying Spirit Master after this purification.

Lin Jiansheng naturally wanted to ruin such a good opportunity!

As soon as Lin Jiansheng said this, Xuan Ye raised his eyes and looked at him. His eyes were filled with compassion and benevolence, but Lin Jiansheng felt his scalp tingle when he looked at him quietly.

But he could not retreat.

Lin Jiansheng was born with white hair. Over the past few days, a few short white hairs had appeared on his head.

He rubbed his hands on his short hair and said considerately, "Prime Master Fu Tian is very powerful. His soul's grievous energy must be hard to deal with. Saint Xuan Ye, as a Purifying Spirit Master, you and I share the responsibility of purifying all the vengeful spirits in the world. Let's do it together."

The bystanders also said, "Yeah, two together would definitely be more effective."

Upon hearing that, Xuan Ye nodded with a smile. "Supremacy Lin..." After saying that, Xuan Ye saw Lin Jiansheng summon his Purifying Spirit Scepter.

The Purifying Spirit Scepter was a divine weapon condensed from the psychic power of a high-level Purifying Spirit Master. The top of the Purifying Spirit Scepter was a Psychic Sphere that contained a Psychic Pearl.

A Supremacy's Purifying Spirit Scepter had eight Psychic Pearls and a Saint had nine.

However, at this moment, there were nine Psychic Pearls in the Psychic Sphere in Lin Jiansheng's hand!

Nine pearls meant that Lin Jiansheng was a Purifying Spirit Saint!

Xuan Ye was a little surprised. He said, "A few days ago, I discovered that a Purifying Spirit Master had broken through to Level 9. So it's Supremacy... Saint Lin."

Xuan Ye nodded at Lin Jiansheng and said with a smile, "Congratulations on successfully breaking through to Level 9 and becoming a Saint."

The other beast tamers were also surprised. "Saint Lin, congratulations!"

"Congratulations, Saint Lin is not even 190 years old this year. He broke through to level 9 at such a young age. Congratulations!"

It had taken Xuan Ye more than 600 years to become a Level 9 Purifying Spirit Master!

Lin Jiansheng felt smug, but he still maintained a calm expression on his face. He humbly replied, "Thank you, everyone. I was just lucky."

Lucky.

In order to break through to level nine, Xuan Ye had once jumped into the Purgatory Sea. Even now, when he recalled the pain he had endured in the Purgatory Sea, Xuan Ye still remembered it vividly.

He knew better than anyone that there was no such thing as luck in cultivation.

"Saint Lin is too modest. There is no such thing as luck in cultivation. To be able to break through to level nine, you must have experienced some hardships. I still have to congratulate you!"

He used to look down on Lin Jiansheng, but now, he was wary of him.

Who would have thought that Lin Jiansheng, who looked like a boorish man and was the most out of tune, would break through to level nine so quickly?

Fu Tian's corpse was still lying on the ground. Lin Jiansheng didn't want to be in the limelight, so he changed the topic. "Alright, let's do Spirit Purifying for Prime Master Fu Tian first."

"Okay."

Lin Jiansheng and Xuan Ye raised their Purifying Spirit Scepters at the same time and chanted a profound and long incantation.

The Beast Tamers closed their eyes.

Two Saints cleansing their spirits at the same time. This was a rare opportunity for them.

Not only could a Purifying Spirit Master cleanse the spirits of the dead, but they could also purify the beast form. They could also purify the demonic thoughts in the bodies of Beast Tamers.

This was a rare opportunity. Everyone held their breaths as they accepted the cleansing of the two strands of pure spiritual energy.

Only Yu Huang opened her eyes wide and carefully observed the surroundings.

She noticed that under the effect of the Purifying Spirit Power, a very faint black gas floated out of the dean, the Grand State Master, and the other Beast Tamers.

At the bottom of the crater, the faint gray fog surrounding them grew thicker and thicker. Gradually, the entire crater turned pitch-black. Even the sky in the north of the Broken Cliff dimmed.

Fu Tian's resentment was so deep and extensive.

Yu Huang suddenly understood why the mastermind had buried Prime Master Fu Tian in the Broken Cliff. For someone as powerful as Prime Master Fu Tian to be tortured to death, the resentment in his body would definitely be boundless.

Burying him elsewhere would definitely attract attention and be exposed.

However, it was different for the Broken Cliff. Broken Cliff was the most famous burial ground in the Holy Spirit Continent, where corpses were dumped. This place was already filled with strong resentment. It was the least suspicious to bury Prime Master Fu Tian here.

However, the mastermind definitely did not expect that such a powerful demonic creature like Kong Qing would be born in the Broken Cliff. What was even more unexpected was that Kong Qing, who should have been the ultimate destroyer, had turned into a kind-hearted naive kid and even revealed the abnormalities in the north to Yu Huang.

Kong Qing hugged Yu Huang and realized that the surroundings were pitch black. He could not help but extend his hand secretly.

Yu Huang was immersed in her own thoughts when her fingers were suddenly held by a pair of cold hands. She was so frightened that she immediately came back to her senses. Realizing that it was Kong Qing's hand, Yu Huang hurriedly held it.

### **Chapter 335: Senior Screenwriter**

Knowing that Lin Jiansheng was deliberately trying to snub him, Xuan Ye took a deep breath and suppressed the gloominess in his heart.

Recalling the Eye of Destruction that Lin Jiansheng had used for Spirit Purifying, Xuan Ye could no longer suppress his curiosity and suspicion. He asked Lin Jiansheng directly, "Saint Lin, where did you learn the Eye of Destruction?"

Lin Jiansheng laughed. "What Eye of Destruction?" He tried to brush past the topic.

Xuan Ye saw through his intentions at a glance. His expression was cold as he said, "Saint Lin, no one in this world understands the Eye of Destruction better than me. What are you pretending for?"

Xuan Ye was the person who had the most contact with Su Tingxue in this world. Since they were former lovers, how could he not know the Eye of Destruction?

Lin Jiansheng could fool others, but he definitely could not fool Xuan Ye.

"Eye of Destruction?" Lin Jiansheng raised his brows and said, "About a hundred years ago, a mystic realm appeared near Kui Mountain. I went to the mystic realm with Prime Master Yin Mingjue and accidentally met a beautiful woman. I obtained this cultivation technique from her."

"Kui Mountain?" Upon hearing the words "Kui Mountain" and "Mystic Realm", Xuan Ye immediately recalled the past from more than a hundred years ago.

Su Tingxue's nest was near Kui Mountain. However, after she was captured back then, she hid her nest. After 500 years, Su Tingxue's nest reappeared in the form of a mystic realm, attracting countless people to visit it.

Lin Jiansheng's excuse successfully convinced Xuan Ye.

Xuan Ye sneered. "You are really lucky." Back then, he begged Su Tingxue, but she refused to impart this move to him. She said that the Eye of Destruction would harm one's soul.

From Xuan Ye's point of view, after Lin Jiansheng cultivated the Eye of Destruction, he still looked like an idiot. He didn't seem to have lost his soul.

Clearly, Su Tingxue was just unwilling to impart this technique to him.

Thinking of this, Xuan Ye felt somewhat unhappy.

At this moment, Lin Jiansheng suddenly approached Xuan Ye and stood in front of him.

Lin Jiansheng lowered his voice and said, "Later on, I went to search for information and discovered that the Eye of Destruction was a unique cultivation technique created by Purifying Spirit Grand Master Su Tingxue. Saint Xuan Ye, you are the person closest to that senior. No one in this world knows the Eye of Destruction better than you. Is the cultivation technique I learned really the Eye of Destruction?"

Lin Jiansheng's eyes were filled with curiosity and fear. It was as if he was afraid that others would find out about his relationship with Su Tingxue and that he would be despised by the righteous people.

Seeing this, Xuan Ye's doubts were completely dispelled.

The older he got, the more muddled he became. He actually suspected that Su Tingxue had ties to Lin Jiansheng.

Su Tingxue had long been thrown into the Black Dome and her soul had dispersed. Ever since the Black Dome was destroyed by that brat from the Sheng family, the last trace of that woman in this world had disappeared.

There was no Su Tingxue in this world anymore.

Noticing that Xuan Ye was deep in thought and did not reply, Lin Jiansheng urged him anxiously, "Saint Xuan Ye, please give me an accurate answer."

Xuan Ye glanced at Lin Jiansheng before nodding. "This cultivation technique was indeed created by her."

Upon hearing this, Lin Jiansheng hurriedly exclaimed, "Saint Xuan Ye, Su Tingxue has been dead for so many years. The Kui Mountain's Su family has also taken revenge. Su Tingxue is willing to pass the Eye of Destruction to me probably because she likes me. Although this old witch isn't a good person, this cultivation technique is a good thing. You can't forbid me from practicing the Eye of Destruction just because of the feud with the Su family of Kui Mountain."

"Saint Xuan Ye, you are a highly respected saint. You must be magnanimous."

Xuan Ye glanced at him speechlessly. He could not understand how this cowardly, stingy, and indecent fool could easily break through to become a Level 9 Purifying Spirit Master.

Was it really a fluke?

"She is dead. Bygones are bygones." This meant that he would not pursue the matter of him practicing the Eye of Destruction.

After figuring out the whole story, Xuan Ye was about to leave. When he brushed past Yu Huang and Kong Qing, Xuan Ye suddenly stopped and looked down at Kong Qing.

Yu Huang calmly held Kong Qing's hand.

Half of Kong Qing's body was hidden behind Yu Huang's legs, but his head stuck out from behind Yu Huang's waist. He opened his pair of innocent green eyes and looked at Xuan Ye directly and curiously.

Lin Jiansheng noticed that Xuan Ye was looking at Kong Qing, and his heart skipped a beat. He had a bad feeling. Could it be that Xuan Ye had recognized Kong Qing at a glance?

Xuan Ye stared at Kong Qing's face for a moment. He frowned and suddenly turned back to ask Lin Jiansheng, "This is your... son?" When did Lin Jiansheng secretly give birth to a child? He had never heard of it before.

Lin Jiansheng heaved a sigh of relief and waved at Kong Qing. "Son, come here!"

Upon receiving the call, Kong Qing hurriedly crawled out from behind Yu Huang and ran towards Lin Jiansheng. Kong Qing hugged Lin Jiansheng's thigh. "Daddy!"

Lin Jiansheng carried Kong Qing with a smile. He scratched Kong Qing's nose before telling Xuan Ye, "This is my son, Kong Qing. He's ten years old this year."

When Kong Qing's identity was confirmed by Lin Jiansheng, Xuan Ye's expression changed subtly. He said sarcastically, "Saint Lin, you're very good at keeping a secret."

Lin Jiansheng stopped smiling and said sadly, "I only found out about this child recently."

Having read many novels and storybooks on the Alliance's website, he improvised a story. He said, "Ten years ago, when I was out training, I met Kong Qing's mother. His mother was a tavern owner. His mother and I separated after a month. Some time ago, his mother passed away due to an accident and asked someone to bring Kong Qing to find me. Only then did I know of this child's existence."

When Yu Huang heard Lin Jiansheng's words, the corner of her mouth had a suppressed smile.

Xuan Ye had never read novels or watched dramas. He believed it. He looked at Lin Jiansheng with pity in his eyes and sighed. "It's indeed a special encounter."

Knowing that Kong Qing lost his mother at such a young age, Xuan Ye thought of some childhood memories and his heart softened.

He casually took out a Level Three Spirit Tool from his interspatial ring and handed it to Kong Qing. "Kong Qing, right? This is our first meeting. This is my greeting gift to you."

It was a small bracelet that could protect children from evil.

Under Lin Jiansheng's silent consent, the biggest evil monster, Kong Qing, reached out to take the small bracelet and even thanked him obediently. "Thank you, Uncle."

"You're welcome." Seeing that Kong Qing was no longer young, Xuan Ye said to Lin Jiansheng, "He's already 10 years old. It's time for you to send him to school. You can't let him lead a muddled life with you."

"Of course."

"As long as you know what you're doing."

After Xuan Ye left, Lin Jiansheng subconsciously touched the cold sweat on his forehead.

However, Kong Qing threw away the bracelet and muttered, "This thing is so hot. I don't like it." The cold Exorcism Bracelet was like a hot potato for Kong Qing.

### **Chapter 336: Su Xuan Ye's Mother**

Lin Jiansheng hurriedly picked up the bracelet and scolded him, "You child, it's not a good habit to throw things around. This thing is worth a lot. If we sell it, we won't have to worry about our food for the entire year."

Upon hearing this, Kong Qing's eyes lit up. "Then sell it and use the money to buy sweet potatoes to make syrup."

Yu Huang quietly listened to their conversation and felt bad for Saint Xuan Ye.

"You really scared me to death just now. I thought Saint Xuan Ye recognized Kong Qing's identity at first glance." Yu Huang carried Yu Huang and walked to Kong Qing's side. She raised her hand and touched Kong Qing's head.

Lin Jiansheng was also shocked. At this moment, his heart was still thumping wildly. He said, "Luckily, Kong Qing looks like me."

"Yeah."

...

After Prime Master Fu Tian's grievous energy was purified by Purifying Spirit Masters, the grievous energy barrier and monsters in the Broken Cliff surged towards the north. Soon, the entire north became a grievous energy barrier.

The Nightmare Spider also ran to the north to continue weaving its web.

The three of them carried Yu Huang and walked back. As they walked, Lin Jiansheng said, "This time, I succeeded in Spirit Purifying for Prime Master Fu Tian. The psychic power in my body has become much richer. I think Xuan Ye is the same. I'm afraid that before long, Xuan Ye will break through to Level 10."

Before Yu Huang could speak, Su Tingxue spoke in Lin Jiansheng's mind.

Su Tingxue said, "If you cultivate slowly, it might take you another 20 years to reach level 10. If you encounter super monsters, you can break through immediately."

After pausing for a while, Su Tingxue concluded. "He's only missing an opportunity now."

Lin Jiansheng nodded. "Indeed."

Su Tingxue suddenly sneered and asked, "Old witch?"

Lin Jiansheng touched his nose guiltily and said, "I said that to fool Xuan Ye."

Su Tingxue laughed and told Lin Jiansheng, "I'm not an old witch. Everyone who has seen me praises me for my beauty. Back then, Xuan Ye's father loved me so much that he would run to my mountain every few days to give me rare treasures. You might not know, but Xuan Ye's father, Su Tianqi, was known for being handsome in the Divine Moon Empire back then."

A woman that Su Tianqi was passionately pursuing naturally had stunning looks.

When Lin Jiansheng heard this, he was shocked. "But weren't you and Xuan Ye a couple? Xuan Ye's father was also involved? What was going on?"

Su Tingxue said, "My relationship with Xuan Ye wasn't publicized."

"...That's true." Because they had never made their relationship public, whenever people mentioned Su Tingxue and Xuan Ye, they simply thought that they had a mentor-disciple relationship.

“However, did Xuan Ye’s mother have any objections to Su Tianqi courting you?”

“His mother?” Su Tingxue said, “Xuan Ye’s mother died a long time ago.”

Lin Jiansheng recalled that Yu Huang had once said that Li Nu had once told Yu Huang that Xuan Ye had the bloodline of a divine demon.

In that case, it was highly possible that Xuan Ye’s mother was a divine demon. Recalling this, Lin Jiansheng hurriedly asked Su Tingxue, “Do you know that Xuan Ye’s mother is a divine demon?”

“Divine demon?” Su Tingxue was shocked. “This... I didn’t know.”

As a member of the Su family, Su Tingxue grew up in the Su family as well. Later on, her beast awakening attempt failed and she was bullied and humiliated. That was why she left the Su family with hatred.

When Su Tingxue was young, she had met Xuan Ye’s mother.

Su Tingxue told Lin Jiansheng, “When I was young, I also grew up in the Su family. I even met Xuan Ye’s mother. She was really gentle and beautiful. Every time she went out, those men would peep at her through the cracks of their doors. My father was once beaten up by my mother because he peeped at her.”

Su Tingxue had a deep impression of Xuan Ye’s mother. “But aren’t divine demons all fierce and cruel? How can Xuan Ye’s mother be a divine demon?”

Su Tingxue was the person who understood Xuan Ye’s background the most in this world. Seeing that Su Tingxue was willing to talk about the past today, Lin Jiansheng took the opportunity to ask more.

He asked again, “How did Xuan Ye’s parents meet?”

It was too long ago and Su Tingxue couldn’t remember clearly.

She thought about it seriously for a moment before saying, “I heard from my mother that Mr. Su brought people to the Abyssal Origin Forest to hunt for the demon cores of high-level demon beasts. He saw her, who was in trouble, and brought her back to the Su Clan.”

Having said that, Su Tingxue immediately thought of a possibility and made a bold guess. “Could it be that she was a divine demon in the abyss?”

Lin Jiansheng narrowed his eyes and looked at Kong Qing, who was jumping up and down in front of him. He thought of some legends and said, “Legend has it that ten thousand years ago, the human race, the non-human race, and the demon beasts experienced hundreds of years of war. In the end, the demon beasts suffered a crushing defeat and were forced to retreat into the Abyssal Origin Forest, never to come out again. And among those demon beasts, there were many divine demons who had broken through to level 10.”

“Now, there must be many powerful divine demons hidden in the abyss. Xuan Ye’s mother might be one of them.”

“In that case, the Patriarch’s wife might really be a demon god.” Under the premise that the Patriarch’s wife was a divine demon, Su Tingxue thought of some things that she had neglected.

She said, “When I was 13 years old, Madam Su suddenly died. It was said that she had contracted an infectious disease. In order to prevent the people from being infected, Patriarch Su endured the anguish and burned Madam Su’s body into a pile of ashes. He didn’t even dare to bury her near Kui Mountain and found a place far away to dispose of her ashes.”

“Now that I think about it, there’s something fishy about this. The Patriarch and Madam had always been loving. Even if the Patriarch’s wife was infected, the Patriarch shouldn’t have been so heartless.”

Upon hearing this, Lin Jiansheng suddenly stopped in his tracks. He said, “Senior, have you ever thought that Madam Su did not get an infectious disease and her body was not burned to ashes? She was just...”

Su Tingxue asked, “Huh? Just what?”

Lin Jiansheng took a deep breath and said sinisterly, “She was eaten.”

Su Tingxue exclaimed in shock, “How is that possible?! That’s our Patriarch’s wife!”

“How is that impossible?!” Lin Jiansheng said to Su Tingxue, “According to ancient records, divine demons who have taken human form are highly nutritious divine medicines. After eating their flesh, ordinary people can also awaken their beast form. After drinking their blood, those who are seriously ill can revive, and those who have broken bones can regain their flesh and bones!”

“What if Patriarch Su accidentally discovered that Madam Su was a divine demon and had evil intentions?”

Su Tingxue was shocked by Lin Jiansheng’s words.

She remained silent for a long time.

After a long while, Su Tingxue sighed and said, “If you’re right, some things can be explained.”

“Oh really?” Lin Jiansheng was very curious. He asked, “Can you tell me in detail, Senior Su?”

Su Tingxue said, “Not long after Madam died, the old patriarch, Xuan Ye’s grandfather, was suddenly able to get out of bed and walk. His body also recovered very well. It was also that year that a total of 86 youths from the Su family participated in the Beast Form Awakening Ceremony and 85 people successfully awakened their beast forms. Only I didn’t successfully awaken my beast form.”

“That year, the Su family was in the limelight. Everyone predicted that the Su family would become the seventh great cultivation family of the Divine Moon Empire. Those were the most glorious years for the Su family.”

### **Chapter 337: The Flirtatious Sheng Xiao**

**Translator: Henyee Translations Editor: Henyee Translations**

Precisely because Su Tingxue was the only one among the youths who had failed to awaken her beast form, she became the most useless and humiliated person among her peers.

Upon hearing this, Lin Jiansheng had his own judgment. "Among the 86 youths, 85 youths had successfully awakened their beast form. This is not because the youths of the Su family are geniuses, but because they have all eaten the flesh of a divine demon."

"That might be the truth." At that time, Su Tingxue felt inferior. In addition, she was young and did not think about how many shady things were hidden behind the glory.

Now that she thought about it again, she realized the truth.

Su Tingxue said, "For the past hundreds of years, I've been thinking about a question. Why did Xuan Ye plant the Spirit Restraining Parasite on the entire Su family? Why did he frame me? Today, I might have guessed the truth."

Lin Jiansheng had also guessed it. He said, "Because Xuan Ye discovered the truth about his mother's death. He was filled with hatred for his father, grandfather, and even the entire Su family. He did all of this to avenge his mother."

"...Yes!" Su Tingxue confirmed Lin Jiansheng's guess. "I thought of the same thing as you. You didn't live in that era and didn't know Xuan Ye, but I did. Xuan Ye was a few years younger than me. In my impression, Xuan Ye had a very intimate relationship with his parents. However, when I left the Su family and saw Xuan Ye again, Xuan Ye was already 19 years old. At that time, he had already been chased out of the Su family."

"At that time, I couldn't figure out why the Patriarch was so cruel to Xuan Ye. Was it because he couldn't awaken his beast form? Now that I think about it, it's probably because the father and son's relationship soured because of Madam Su's death. The Patriarch couldn't kill his son to silence him, so he exiled him."

Thus, the mystery that had puzzled Su Tingxue for more than six hundred years was finally explained.

"Xuan Ye, that bastard! He wants revenge but is afraid of death." Su Tingxue cursed angrily. "What a jerk. He's both despicable and upright! When I'm reborn, the first thing I will do is kill him!"

Su Tingxue cursed Xuan Ye and lost control of her emotions.

She, who had lost her rationality, was no different from an ordinary ghost. Lin Jiansheng despised her noisiness and hurriedly blocked his hearing. When they returned to the cave, Lin Jiansheng turned on his hearing again, and Su Tingxue had already fallen asleep.

He exhaled and hurriedly poured a pot of lime wine to warm himself by the bonfire.

Staring at the little remaining Green Plum Wine in the bottle, he smacked his lips and sighed. "Mrs. Sheng is so good at brewing. I've finish drinking the Green Plum Wine. We're going back soon."

Spring had already arrived outside the Broken Cliff, but the dark energy in the Broken Cliff was heavy, and it was still cold and damp. Yu Feng covered Lin Jiansheng's legs with a thin blanket and said, "Then next time I go to the Sheng family, I'll ask Auntie for more."

Lin Jiansheng chuckled and said, "You should call her Mom next time."

Yu Feng blushed and did not refute Lin Jiansheng's words.

Suddenly, Lin Jiansheng handed a brocade bag to Yu Feng. "Take this."

Yu Feng took the brocade bag and opened it. She discovered that there were four mini bombs inside. She asked in confusion, "Mentor, what are these?"

1

Lin Jiansheng said, "This is a Rank 8 spiritual artifact space bomb. If you throw the bomb into the void, the void will automatically open a spatial passageway for you to escape."

A Level 8 Spirit Tool was priceless. Lin Jiansheng gave Yu Feng four at once.

To a stingy person like him, this was painful.

Lin Jiansheng placed his feet on the bonfire and roasted it. His socks gave off a faint stench. He shook his big feet and said to Yu Huang, "Someone is secretly killing people with Divine Master power. Ah Huang, I can't be by your side to protect you all the time. Remember, if you encounter an absolute expert, run if you can't win."

Yu Feng stared at the small bomb in the brocade bag, and her eyes welled up with tears. Yu Feng hugged Lin Jiansheng's shoulder. "Mentor! Thank you, Mentor."

Lin Jiansheng pushed her head away and said in disdain, "Get lost. Don't be mushy. I lent this to you. When you become rich in the future, you have to return it double."

"Alright!"

Yu Feng smelled the stench of his foot and hurriedly let go of Lin Jiansheng. She asked Lin Jiansheng, "Mentor, how many days has it been since you changed your socks?"

Lin Jiansheng said, "I'll change if it's worn out."

Yu Huang was speechless.

As expected of a bachelor.

"Go and cultivate. Try to break through to a Level 4 Purifying Spirit Master during the remaining time."

"Okay."

Just as Yu Feng was about to leave, Lin Jiansheng stopped her. "Wait."

Yu Huang looked at him. "What's wrong, Mentor?"

"Xuan Ye's mother is indeed a divine demon. His mother is very likely to have been eaten by his father and his clansmen. Because he wanted to take revenge against the Su family, he stole the method to make the Spirit Restraining Parasite from Senior Su and planted the Spirit Restraining Parasite in the entire Su Clan."

"I even suspect..." Lin Jiansheng thought of Yu Huang's Spirit Restraining Parasite and said, "The person who secretly planted the Spirit Restraining Parasite all around the world is most likely him."

Yu Feng's expression changed slightly. "Mentor, are you sure?"

“These are all the conclusions that Senior Su and I came to after careful analysis. Ah Huang, you’re right. Xuan Ye is a person with deep secrets. In the future, we have to be careful when we face him.”

Yu Huang nodded and asked, “Then, Mentor, do you think that the boss behind the Blood Peacock Organization might be him? I heard from my adoptive father that the Blood Peacock was born five hundred years ago. Xuan Ye’s age and motives match it.”

However, Lin Jiansheng shook his head and said, “Ah Huang, let’s not jump to conclusions. This is prejudice in itself. We have to collect evidence first before finding the mastermind according to the evidence.”

“I understand, Mentor.”

Yu Huang left the cave with her sword.

Due to the resentment aura spreading to the north, the resentment aura barrier in the Broken Cliff had become thinner. In the past, Yu Huang could not see her legs when she walked in the resentment aura barrier, but now, she could see her legs and shoes.

In the end, she arrived at an ancient battlefield ruin. This was also the place where Lin Jiansheng had broken through to become a Level 9 Purifying Spirit Master.

Yu Huang found a monster the size of a small truck. She first used her psychic power to cage the monster before sitting down to slowly purify it.

During the process of purifying the spirit, Yu Huang had to calm her mind and focus. Furthermore, her heart had to be filled with everything beautiful.

She started to think about some wonderful things.

She thought about her adoptive parents in her previous life, her mentor, Anna, and Sheng Yang. In the end, she could not help but think of Sheng Xiao. When she thought of Sheng Xiao, Yu Huang’s heart was filled with endless wonderful emotions.

She thought about everything that had happened since she met Sheng Xiao. The monster slowly let go of its anger.

The resentment in its body began to dissipate, and the psychic power returned to Yu Huang’s body.

By the time Yu Huang completely purified the monster, a day and night had passed.

Yu Feng stood up and moved her somewhat stiff legs. When she turned around, she saw a tall man standing behind her.

The man was wearing a black shirt and a white cashmere coat. The side of his hair seemed to have grown a little longer, and it lazily and casually stuck to his handsome and deep face.

Those starry black eyes were smiling as they focused on Yu Huang.

This was not Sheng Xiao.

Sheng Xiao said that he would only be here a few days later.

Yu Huang muttered, "The monsters here are indeed powerful." The monster that transformed into Sheng Xiao was much more powerful than the one before.

His face and gaze were extremely similar to Sheng Xiao's.

It was not an exaggeration to say that they were exactly the same.

Yu Huang stared at the 'monster' and said, "You're very powerful. You know how to transform into my man to charm me, but I don't buy it."

Yu Huang released her psychic cage and enveloped the other party without a word. Then, she sat down and began Spirit Purifying.

Sheng Xiao was speechless.

He had come all the way here to see his girlfriend, but she only wanted to send him to hell.

Tsk.

The 'monster' sat quietly in her psychic cage. Yu Huang chanted the Purifying Spirit Incantation a few times, but she did not hear anything. She opened her eyes and glanced at the psychic cage.

The monster was sitting safely in the psychic cage with a smile on its face.

Yu Huang was speechless.

Sheng Xiao suddenly raised his right hand and placed it on the button of his shirt.

He unbuttoned his shirt one by one, revealing his muscular and attractive chest. Yu Huang stared at Sheng Xiao, who was in the psychic cage. She understood that she had made a mistake.

1

Sheng Xiao's shirt was half open. He hooked his finger at Yu Feng and said, "Come and touch me. Let's see if my skin is like a real person's."

### **Chapter 338: Kong Qing: What Are You Doing?**

The man in front of her had his shirt half-open. His smile was mischievous. It was different from the Sheng Xiao Yu Huang knew.

What was her impression of Sheng Xiao?

He was a decent man who would rather tighten his toes than make a sound when he was about to lose his composure in the hot spring.

However, such a serious person was currently flirtatious.

Yu Huang stared at Sheng Xiao for a moment. She confirmed that the person in front of her was not a monster but the real Sheng Xiao. She frowned and said sternly, "Don't be flirtatious."

Sheng Xiao shook his head and buttoned up slowly.

After doing all that, Sheng Xiao suddenly waved his hand and broke the psychic cage. He walked to Yu Huang and pressed her into his arms. He held her face and kissed her hard.

Yu Huang was stunned for a second, then she came back to her senses and grabbed Sheng Xiao's collar. She kissed him passionately.

After being apart for months, they had vent their longing for each other in this passionate kiss.

When they separated, Yu Huang was panting slightly.

Sheng Xiao raised his head and held Yu Huang's face with both hands. He leaned his forehead against Yu Huang's forehead as he panted softly. His wide and powerful back arched slightly. It moved up and down with his breathing.

Sheng Xiao suddenly hugged Yu Huang's legs and lifted her up.

Yu Huang immediately hooked her arms around Sheng Xiao's narrow waist.

Sheng Xiao pressed Yu Huang against the trunk of a large bare tree. He asked in a seductive voice, "Is a monster's kissing skills as good as mine?"

These words were a trap. Yu Huang would not fall for it.

Yu Huang grabbed his collar and said, "Monsters don't have mouths. I haven't tried it before."

Sheng Xiao tilted his head and glanced at the monsters floating in the distance. He narrowed his eyes and asked in a menacing tone, "If they had mouths, are you going to try?"

Yu Huang was amused by Sheng Xiao's sudden jealousy.

Yu Huang pressed her index finger on Sheng Xiao's voluptuous wings. She pressed them gently and said, "Your lips are beautiful. I want to try again."

Sheng Xiao's gaze darkened.

His Adam's apple bobbed as he said hoarsely, "You can try however you want..."

"Mmm." Yu Huang grabbed Sheng Xiao's collar and pulled his face to hers. She raised her head and kissed him.

The rich resentment was a natural barrier that hid this passionate couple. The two of them kissed until their clothes were a little messy.

Sheng Xiao had finally done what he had missed doing for a long time.

As he ate, he suddenly felt that there was something more in the mist. Sheng Xiao opened his eyes and found a pair of green eyes hidden in the mist.

Sheng Xiao was shocked. He looked into the eyes again and realized that there was a child in the mist.

The child held a cloth bag in his left hand and a small hoe in his right. It was unknown how long he had been standing in the mist of resentment.

The child was not tall and was hidden by the thick fog. So, Sheng Xiao did not notice him immediately.

Sheng Xiao and the child looked at each other.

Yu Huang noticed that Sheng Xiao suddenly stopped moving, as if someone had pressed the pause button. She hummed in confusion. "Huh? What's wrong?"

Sheng Xiao said, "There's a child."

Sheng Xiao guessed the child's identity. It was most likely the child who had answered the phone last time.

Yu Huang turned around and saw Kong Qing.

Kong Qing threw down the hoe and ran towards Yu Huang in small steps.

He pulled Yu Huang's coat and looked up at her. Then, he glanced at Sheng Xiao, who looked embarrassed. He asked curiously, "Yu Huang, what were you doing just now?"

Yu Huang realized that her posture was too intimate. She quickly pushed him away.

Sheng Xiao staggered back and rubbed his lips. He was curious about Yu Huang's answer.

Seeing that Yu Huang was silent, Kong Qing said, "I've been watching from the side for a long time. He's been biting you. Yu Huang, who is he? Why did you let him bite you?"

The child was innocent, but his question made Yu Huang and Sheng Xiao feel so awkward that they wanted to bury themselves in the ground.

Especially Sheng Xiao.

Sheng Xiao was embarrassed when he was seen doing such a thing by a child and being asked the reason.

Yu Huang tidied her open collar. She coughed and cleared her throat. Then, she said to Kong Qing, "He's Sheng Xiao. We were... doing something a couple can do."

Kong Qing seemed to understand.

He was relieved to know that Sheng Xiao was not going to eat Yu Huang.

"He's that rich man." Kong Qing looked at Sheng Xiao like a money-grubber. He said, "I'm Kong Qing. We talked on the phone last time."

It was indeed that child.

Sheng Xiao stared at Kong Qing and sized him up. He saw that Kong Qing's appearance was very similar to Lin Jiansheng's. Then, he believed that Kong Qing was Lin Jiansheng's son.

"When did Mentor have such an old son? I've never heard of him." Who in the Divine Moon Empire did not know that Lin Jiansheng was single?

Yu Huang said to Kong Qing, "Kong Qing, go back to the cave and find Mentor. Tell him that Sheng Xiao is here. Prepare more food tonight."

"Oh, okay."

Kong Qing picked up the small hoe on the ground and walked into the mist of resentment.

After Kong Qing left, Yu Huang told Sheng Xiao about Kong Qing's identity. "Kong Qing is not Mentor's son. He is a monster born in the Broken Cliff. A few years ago, he met Mentor during the evolution process and grew into a human form according to his appearance."

Sheng Xiao found it magical. He said, "Although the monsters in the Broken Cliff can transform, they can't last long. But this strange... child looks no different from ordinary children. When did such a powerful monster appear in the Broken Cliff?"

Yu Huang said, "He's a super monster."

Sheng Xiao widened his eyes. "Super monster?"

Sheng Xiao thought of the information he had read when he was young. He said, "According to the information, there are places like the Broken Cliff in the Upper World. Every time the grievous energy in that place accumulates to the peak, a super monster will be born. Such super monsters are born to be super Destroyers. When they grow up completely, they can destroy the world."

Sheng Xiao stared in the direction where Kong Qing had disappeared. He said in disbelief, "That child looks so innocent. How is he a super monster?"

"He doesn't seem like it, but if a monster born in a place of resentment and can grow by continuously absorbing resentment isn't a super monster, then what is?"

Sheng Xiao was speechless.

That's right. In every document, those super demons were monsters that could grow by continuously absorbing resentment. In the Upper World, there was a super demon that had become a human.

### **Chapter 339: Changing Rumors**

**Translator: Henyee Translations Editor: Henyee Translations**

Sheng Xiao asked Yu Huang, "Super demons shouldn't exist. What are your and Mentor's plans?"

"Kong Qing has an incomparably deep dependence on Mentor. Mentor treats him as his son and takes care of him. He will teach Kong Qing to be a good person. If one day, Kong Qing loses control, I think that even without anyone saying, Mentor will be the first to purify his spirit."

Sheng Xiao nodded. "Supremacy Lin has always been levelheaded when it comes to such matters."

Hearing Sheng Xiao's address for Lin Jiansheng, Yu Huang reminded him with a mysterious smile, "It's no longer appropriate to call him Supremacy Lin."

Sheng Xiao was puzzled. "Why not?"

Yu Huang raised her chin and said proudly, "My mentor broke through to Level 9 a few days ago. He's Saint Lin now."

Sheng Xiao was shocked. "A Purifying Spirit Saint? The Purifying Spirit Master who broke through to the level 9 Saint realm a few days ago was your mentor?"

“Yes!”

Amazing.

“Ever since he broke through, Saint Lin has been living a leisurely life. Let’s go and bring you to see our Saint Lin.”

“Let’s go.”

The two of them chatted about recent events as they walked towards the cave.

Speaking of the recent major events, Yu Huang could not help but mention the discovery of Prime Master Fu Tian a few days ago. “He was made into amber and chained up for three thousand years. Who would have thought that Prime Master Fu Tian, who flew to the Upper World three thousand years ago, had been secretly killed and hidden in this Broken Cliff?”

Yu Huang felt grief when she thought about the tragic circumstances of Prime Master Fu Tian’s death.

Sheng Xiao was shocked when he heard about it. “Does that mean that the dark force is secretly killing people with Divine Master power?”

“Yeah.”

Yu Huang stopped in her tracks and looked up at Sheng Xiao. “Sheng Xiao, I’m also someone with Divine Master power.”

Sheng Xiao knew what Yu Huang was worried about. He said, “After we get married, our lives will be intertwined. No one can kill you secretly. Marriage will connect us forever. If you are in danger, I will rush to you immediately.”

Because of his amnesia, Sheng Xiao did not remember that he was also someone with Divine Master power.

1

Yu Huang said, “The other party is very powerful. Even if you rush over, you won’t be able to save me.”

Sheng Xiao did not hesitate. He said, “Then, I’ll die with you!”

Yu Huang pursed her lips and smiled.

“Alright, let’s die in battle.”

“Yeah.”

As they spoke, the two of them finally returned to the cave.

The moment Kong Qing returned, he told him about Sheng Xiao’s arrival. After knowing that Sheng Xiao was here, Lin Jiansheng asked Kong Qing to leave the Broken Cliff and go to the forest to catch an ear rabbit.

When Sheng Xiao and Yu Huang returned, Lin Jiansheng was plucking the rabbit’s feathers by the bonfire.

Sheng Xiao congratulated Lin Jiansheng when he saw him. "Congratulations on your breakthrough and becoming a Saint!"

When Lin Jiansheng heard this, he smiled. Then he restrained his smile. "Alright, we're all family. Don't be so formal."

"Alright, Mentor."

As soon as Sheng Xiao sat down, Lin Jiansheng pushed the basin towards Sheng Xiao's leg. "Come, since we're family, help me deal with this lop rabbit."

The rabbit had long been killed. Its fur had been scalded by boiling water, so it was very easy to pluck its fur.

As the young master of the Sheng family, Sheng Xiao rarely did such a thing. However, he did not complain. He picked up the rabbit and started to pluck it.

"Yu Huang, come and help too. Let's eat the spicy rabbit tonight. I'll go prepare the ingredients." Lin Jiansheng's interspatial ring had everything. There were condiments, pots, bowls, and basins.

"Okay."

Kong Qing was busy with Lin Jiansheng. He had never eaten spicy rabbit before and was very curious about this dish.

"Daddy, is spicy rabbit delicious?"

Lin Jiansheng snorted. "Of course it's delicious."

Kong Qing smacked his lips. "I've never eaten it before," he said.

"How do you usually eat it?"

Kong Qing said, "If I catch a rabbit, I swallow it directly." Kong Qing recalled the taste and said, "Rabbit meat isn't delicious. It has more fur and less meat, but its bones are very crispy. When you bite it, it's crunchy."

Lin Jiansheng stared at the ginger slices on the chopping board. At the thought of that scene, he felt so disgusted that he wanted to vomit.

Kong Qing continued, "Snakes are the most delicious! There is a kind of snake-shaped demon beast in the Broken Cliff. They are especially big, and they have fewer bones, fewer thorns, and more meat. The key is that snakes are especially stubborn. Sometimes, only their tails are left, but their tails will still jump. I love eating snakes the most."

At the mention of snakes, Kong Qing was a little hungry. "Father, I'll go catch a snake for you guys. Wait!" With that, Kong Qing ran to the entrance of the cave and disappeared in the blink of an eye.

Seeing that Kong Qing had run away, Sheng Xiao asked Lin Jiansheng, "Mentor, where did Kong Qing go?"

Her mentor crushed the garlic with a knife. "He went to catch a snake."

Yu Huang said, "I like to eat snakes. Snake meat is fresh and tender. Making soup out of it is the best."

Sheng Xiao suddenly looked up at her and asked, "Do you like to eat dragons?"

Yu Huang immediately shut her mouth.

Sheng Xiao smiled and said, "According to the ancient records, the Divine Feather Phoenix likes to eat dragons the most. The most common way to eat is to dig out the heart of a dragon's body and drink dragon blood raw. Then, they will stew dragon meat soup."

As he imagined that scene, Yu Huang's bloodline flowed faster. Her eyes were even a little red. Sheng Xiao understood when he saw Yu Huang's reaction.

"Even if you want to eat it, suppress the urge." Sheng Xiao stuffed a mouthful of rabbit fur into Yu Huang's mouth. "Eat it."

Yu Huang spat out her rabbit fur and looked at Sheng Xiao's body with a strange expression. She suddenly said, "When you reach the Grand Master level, Black Qing will have a physical body."

Sheng Xiao understood Yu Huang's hint. "Why? Do you want to eat Black Qing?"

"How could I bear it?" Yu Huang blinked at Sheng Xiao. "I was just thinking about it."

Sheng Xiao told Yu Huang, "Actually, the Black Qing Sky Dragon Clan likes the Divine Feather Phoenix the most. If our Black Qing Sky Dragon catches a Phoenix, we will make their wings into honey flavor and barbecue their bodies. Then, we will sprinkle some cumin. That taste will be... too delicious."

"I'll wait for you to become a Grand Master and for little Xuan Yu to have a physical body."

Yu Huang immediately felt her blood run cold.

Lin Jiansheng was amused by their conversation. He said, "It's in the nature of a species to desire to eat one's nemesis, but falling in love with one's nemesis is nature's surrender to the soul. Have you guys heard of a legend?"

Sheng Xiao asked, "What legend?"

After Yu Huang plucked the rabbit fur clean, she carried the lop rabbit to the chopping board in front of Lin Jiansheng.

As Lin Jiansheng dissected the lop rabbit, he spoke about the legend.

"Ten thousand years ago, the Demon Beast Continent of the Upper World was not called the Demon Beast Continent, but the Divine Feather Continent. At that time, tens of thousands of demon beasts lived on the main road. Among them, there were two innate divine demon races. They were the Black Qing Sky Dragon Clan and the Divine Feather Phoenix Clan."

Yu Huang immediately looked at Sheng Xiao when she heard the names of the two races. She said, "Sheng Xiao told me about this before."

Sheng Xiao was surprised. "Did I?"

"Yeah."

Yu Huang said, "It is said that the Black Qing Sky Dragon Clan and the Divine Feather Phoenix Clan are natural enemies. If a Prime Master of the Black Qing Sky Dragon Clan can swallow a Prime Master Phoenix, he will be able to break through and become a Divine Master."

After a pause, Yu Huang continued, "Legend has it that there was a dragon in the Black Qing Sky Dragon Race who fell in love with his nemesis, the Divine Feather Phoenix. For that Phoenix Bird, the Black Qing Sky Dragon did many traitorous things. In the end, his dragon flesh was shaved off and even his dragon bone was refined into an alchemy bone."

Sheng Xiao had no impression of what Yu Huang said. "I don't remember anything. I might have seen that information when I lost my memory."

Lin Jiansheng shook his head when he heard Yu Huang's words. "What Sheng Xiao said is not accurate. If the Black Qing Sky Dragon with the cultivation of a Prime Master can swallow a Divine Feather Phoenix with the cultivation of a Prime Master, it can indeed become a Divine Master. However, I heard another version of the legend in the Demon Beast Continent."

Lin Jiansheng said, "When I was young, I stayed on the Demon Beast Continent for a period of time. The reason I could recognize that your beast form was not a duck, but a phoenix was because I had been to the Demon Beast Continent and seen some information about a phoenix."

So that was how it was.

Yu Huang asked curiously, "Then what's the version that you heard?"

Lin Jiansheng said, "The first to fall in love with the other party was not that dragon, but that phoenix."

Yu Huang was surprised. "This is completely opposite from the version Sheng Xiao heard."

1

"Rumors change as they are spread."

### **Chapter 340: Dragon Race's Crown Prince**

Lin Jiansheng told them, "The phoenix in the story is actually the young master of the Divine Feather Phoenix Clan. When this young master was still an egg, she was once stolen and separated from her clansmen. Later, that egg was picked up by the dragon race's young master and hatched by the Dragon Race's crown prince. The first person that the phoenix saw when it broke out of its shell was the Dragon Race's crown prince."

"The Dragon Race's Crown Prince was worried that his clansmen would eat this small Phoenix, so he let it go. More than ten years later, a famous war god appeared in the Divine Feather Phoenix Clan. This war god led the Divine Feather Phoenix Clan to kill their way into the Black Qing Sky Dragon Clan and forced thousands of Black Qing Sky Dragon's people to jump into the Endless Sea."

"This Endless Sea is just like the Time Valley on our continent. The energy inside is chaotic and can instantly pulverize living beings. If all the Black Qing Sky Dragon Race jumped into the Endless Sea, the race would be exterminated."

“In order to retain the bloodline of the clan, the Dragon Clan’s Patriarch sealed the Dragon Clan’s Crown Prince in the abyss of the clan before he died. However, he was still discovered by the Divine Feather Phoenix Clan’s War God. They captured the Dragon Clan’s Crown Prince and even dug out his Monster Core, making him a cripple at the mercy of the Phoenix Clan.”

“Later, in order to save this Crown Prince, Young Master asked the Crown Prince to be her slave.”

Sheng Xiao said thoughtfully, “She protected him by letting him be under her watch as a slave. This young master was very thoughtful.”

“That’s right,” Lin Jiansheng said. “This Young Master was devoted to the Dragon Race’s Crown Prince. In order to retrieve the Monster Core and help the Dragon Race’s Crown Prince regain his freedom, she actually married the Prime Emperor Battle God.”

Yu Huang was greatly shocked when she heard this. She said, “Wouldn’t that Young Master become a traitor of the entire Phoenix Clan by doing this?”

“That’s right. It’s said that as soon as the Dragon Clan’s crown prince left, that young master consumed a divine-rank poisonous pill called the Divine Extermination Pill to die to atone for her crimes.”

Yu Huang and Sheng Xiao looked at each other and sighed. “What happened after that?”

“Later, the Dragon Clan’s Crown Prince hid in the Lower World and cultivated to the Prime Emperor realm. He returned to the Divine Feather Continent to seek revenge on the War God. However, he went crazy when he saw the body of the Phoenix Clan’s Young Master.”

Yu Huang sighed with emotion. “What a tragic couple.”

Sheng Xiao felt his heart ache when he heard the story. He stared at the sparks burning in the bonfire and asked softly, “What about the alchemy bone?”

“Didn’t I say before that a Prime Master phoenix can break through to become a Divine Master after eating a Prime Master Sky Dragon? When the Young Master was alive, she was already a Prime Master. The Prime Emperor War God told the Dragon Clan’s Crown Prince that as long as the Young Master consumed the Divine Transforming Pill, she could become a Divine Master and the poison of the Divine Extermination Pill would be eliminated.”

Yu Huang instinctively said, “That Dragon Clan’s crown prince wouldn’t foolishly agree, right?”

“Yeah, he agreed.”

“Then... what happened? Did the Young Master survive?”

Lin Jiansheng shook his head. “No.”

Sheng Xiao felt suffocated. He frowned and asked, “Why not? The Dragon race’s crown prince was willing to be an alchemy bone. Why didn’t he succeed?”

Yu Huang could hear the unwillingness in Sheng Xiao’s voice. She looked at Sheng Xiao in surprise. This was just a story. Why did he have such a huge reaction?

Lin Jiansheng said, "The Young Master was actually successfully revived, but she gave up the chance to become a Divine Master and willingly sacrificed her soul and body to request the heavens to revive the Dragon race's crown prince."

"The Dragon race's crown prince returned to the human world as a Divine Master. Unfortunately, his lover had forever disappeared from the world."

"This..." Yu Huang was stunned by this turn of events.

Sheng Xiao was stunned.

After so many twists and turns, he became a Divine Master because of his lover's sacrifice. The Dragon Race's crown prince was probably devastated.

Yu Huang did not dare to imagine how desperate she would be if she were the Dragon Race's crown prince.

Lin Jiansheng continued, "You all know about the marriage compact, right? Actually, the marriage compact was requested by the Dragon Race's crown prince."

This was another blind spot of knowledge that Yu Huang and Sheng Xiao did not understand. Sheng Xiao asked Lin Jiansheng, "What price did the Dragon Race's crown prince pay for this marriage?"

Lin Jiansheng's expression instantly became one of admiration. He said, "The Dragon Race's crown prince was willing to have his cultivation level stripped of nine layers and was suppressed at the foot of the Soul Formation Mountain. He endured the pain of his soul being whipped by lightning day and night. He only wanted to ask the heavens for a marriage compact and a chance for his lover to reincarnate."

Lin Jiansheng sighed. "Everyone knows that the marriage compact is impossible to resolve, but they don't know that the marriage compact was something that the Dragon Race's crown prince risked his life to get in order for his lover to reincarnate."

After putting down the kitchen knife, Lin Jiansheng turned around and stared at the young man beside the bonfire. He said, "I'm saying all this because I want you to cherish this hard-won relationship. Because the lover you can hug anytime you want is something that others can't get even if they risk their lives and suffer day and night."

Sheng Xiao nodded solemnly. "Mentor, I will cherish my relationship with Yu Huang."

Yu Huang asked, "Is the Dragon Race's crown prince still alive?"

Lin Jiansheng said, "During the years I lived in the Demon Beast Continent, the Soul Formation Mountain had lightning every day. It's said that the heavens were punishing the Dragon Clan's crown prince with lightning. He's probably still alive and waiting for his lover to see him."

1

Yu Huang sighed with emotion. "This senior is really devoted."

By the time the story was over, Kong Qing also caught the snake he wanted.

"Yu Huang, Sheng Xiao, help me!" Kong Qing sounded breathless.

Lin Jiansheng pursed his lips towards the outside of the cave and said, "After all, he's a child. He can't move heavy things." However, Kong Qing was not an ordinary child. How big was a snake that even he couldn't move?

Yu Huang and Sheng Xiao quickly got up and ran out of the cave. They saw Kong Qing and the dragon snake that was tied up by Kong Qing with ropes!

It was a patterned dragon snake with a black horn on its head. The dragon snake was about 50 meters long and more than a meter in diameter. With a rough estimate, it probably weighed a ton.

Kong Qing pulled the rope and climbed up the cave in small steps. He was so tired that he panted as he muttered, "This snake is a little big. I can't pull it anymore."

Sheng Xiao raised his eyebrows and asked Kong Qing, "Is this your food? Do you usually eat this?"

Kong Qing nodded. "A snake like that has a lot of meat and is delicious. It tastes better than a monster." As he stared at the snake, he was about to drool.

Sheng Xiao told Yu Huang, "This is a level 6 Magic Snake."

Rank 6 Magic Snake?

It was this thing that forced her father to self-destruct his beast form?

Sheng Xiao looked at Kong Qing's small body and said, "As expected of a super monster."

Yu Huang stared at the snake and was hungry at the thought of the delicious snake soup. Sheng Xiao said slowly, "My mother is a python too."

Yu Huang was speechless.

When she thought about how her mother-in-law was also a python, Yu Huang immediately dispelled the thought of eating a snake.
