

## She Shocks 431

### Chapter 431: It Hurts A Little, and I Can Never Let It Go

“Could it be a mistake?” Yu Huang still couldn’t believe it.

Sheng Lingfeng also knew that it was difficult to believe this matter. No matter how impressive the current movie scripts were, even they couldn’t come up with such a plot.

“This is absolutely true. Prime Emperor Zhengyang was bewitched and is now pregnant with a demon fetus.”

Lin Jiansheng was so shocked by this news that he cursed—

“F\*ck!”

He was indeed bewitched.

“I heard that the Caro Clan is trying to hire a high-level Purifying Spirit Master to give birth to the demon fetus.” With that, Sheng Lingfeng looked at Lin Jiansheng and said with a smile, “They will probably look for you in the next two days.”

Lin Jiansheng was the most powerful Purifying Spirit Master in the world. The demon fetus was formed by demonic energy, and only he had the ability to do so.

The Caro Clan would definitely visit him personally.

“Currently, this news is being kept a secret. Other than Caro Xiangfu and a few elders, only Professor Edward knows. It’s not appropriate to publicize this matter. Let’s wait and see.” After Sheng Lingfeng finished speaking, he suddenly laughed frivolously.

Sheng Xiao frowned when he heard him laugh. “What are you laughing at?”

Sheng Lingfeng held his forehead and shook his head. He teased, “Prime Emperor Zhengyang was in the limelight some time ago. Everyone says that he’s omnipotent. It seems that there’s indeed nothing he can’t do...”

Upon hearing this, Lin Jiansheng also revealed a malicious smile. He said, “He’s really omnipotent.”

“Hehehe.”

Yu Huang and Sheng Xiao looked at Yu Huang’s mentor and Sheng Xiao’s father, who were smiling strangely. They felt helpless.

Kong Qing stayed on the peach tree outside the house. He tied a pocket on his wide white T-shirt in front of his abdomen. He stuffed three to four sweet-smelling peaches into his pocket and climbed to the meditation room through the window frame.

Sheng Lingfeng saw Kong Qing jump in like a monkey. He thought of something and asked Kong Qing, “Did you take the final exam?”

The Holy Spirit Continent was on summer break at the end of June. Kong Qing had already finished his final exams.

“I did.”

Kong Qing gave the peaches to Yu Huang and Sheng Xiao.

Sheng Lingfeng asked again, “What score did you get?”

Kong Qing placed the smallest peach in front of Sheng Lingfeng and pouted.

Seeing this, Sheng Lingfeng knew that this kid didn’t do well. He pointed at Saint Ling Xiao and said, “Kong Qing, your father entered the Divine Realm Academy as the top scorer of the college entrance examination back then. As his son, you should surpass him.”

Kong Qing’s eyes widened in shock. He asked Lin Jiansheng, “Really?”

Lin Jiansheng stroked the short beard on his chin and said proudly, “Although I don’t look smart, I was a top student. Yu Huang was able to enter the Divine Realm Academy back then because of me.”

Kong Qing instantly felt that he had embarrassed Lin Jiansheng.

He hugged a peach and took a few bites. Suddenly, he said, “I heard you guys say that Prime Emperor Zhengyang was possessed.”

Sheng Lingfeng hurriedly shook his head and said, “You heard wrongly.”

“I didn’t hear wrongly,” Kong Qing said with certainty. “He’s possessed.” After saying that, Kong Qing lowered his head and took a bite of the peach. The corners of his lips curled up quickly, revealing a smile that was as evil as a little demon’s.

Of course he would be possessed.

At the banquet held by the Caro Clan, Kong Qing had once shaken hands with Caro Zhengyang. That time, Kong Qing had silently injected a trace of demonic energy into Caro Zhengyang’s body. The demonic energy created by the super demonic creature couldn’t be purified at all.

If he wanted to purify the demonic aura in Caro Zhengyang’s body, he had to purify Kong Qing first.

However, super demonic creatures had powerful magic power. Apart from powerful Purifying Spirit Masters like Lin Jiansheng and Su Xuanye, ordinary Purifying Spirit Masters were unable to purify him.

And it was impossible for Lin Jiansheng to purify Kong Qing.

Therefore, the demonic aura would stay in Caro Zhengyang’s body!

Sheng Lingfeng didn’t notice Kong Qing’s abnormality, but Lin Jiansheng caught the funny smile on Kong Qing’s lips. Lin Jiansheng continued to discuss things with Sheng Lingfeng and the others, but he had been secretly observing Kong Qing.

It wasn’t until two in the morning that everyone returned to their rooms to rest.

The Yin Clan was under Ji Linyuan’s control and was being rebuilt in an orderly manner. Yu Huang and Sheng Xiao stayed in Yufu City for the time being. Lin Jiansheng and Sheng Xiao walked with Yu Huang and the others for a while before bidding farewell to them in front of a small building.

After returning to the small building, Kong Qing ran to search the icebox.

Kong Qing was a super demon. He could only grow by eating the resentment of the dead. Eating ordinary demon beasts and spirit herbs could only fill his stomach, but wouldn't let him continue to grow. Therefore, he still looked so short.

Kong Qing was hungry every day. He stood on a small stool and rummaged through the fridge. He found two cans of yellow peach sour milk and a small watermelon. Kong Qing sat down at the dining table with the watermelon and yogurt. He cut the watermelon into two and gave half to Lin Jiansheng.

No matter what delicious food he ate, no matter how hungry Kong Qing was, he would always give Lin Jiansheng half.

Lin Jiansheng sat down opposite Kong Qing. He didn't touch the watermelon and only watched Kong Qing eat.

After Kong Qing finished eating, Lin Jiansheng said, "Let's have a long chat tonight."

A hint of confusion flashed across Kong's green eyes. He asked in confusion, "Aren't you going to sleep? I'm a little sleepy."

"Let's talk first. We'll sleep after we're done."

"... Okay."

Kong Qing lowered his head and played with his fingers. He fooled around all day long, so he had some mud hidden under his fingernails.

Kong Qing stared on the mud between his fingernails and heard Lin Jiansheng say, "You once told me that when your mother was about to give birth, your father heartlessly abandoned her at the Broken Cliff. When your mother was eaten alive by the Nightmare Spider, she kept calling your father's name, right?"

Lin Jiansheng had a good memory. He remembered that Kong Qing had told him this back then.

Kong Qing's movements became slower.

Under Lin Jiansheng's scrutinizing gaze, Kong Qing couldn't lie, nor did he want to lie to Lin Jiansheng.

"In that case, you have all the memories of when you were about to be born?" Kong Qing was a super demonic creature. He was essentially a Demon Fetus that had grown up by absorbing the resentment of the tens of thousands of vengeful spirits under the Broken Cliff. With his special identity, it was normal for him to have memories of before he was born.

Kong Qing took his hands off the table and placed them under it.

The hands were trembling slightly and turned into nothingness.

Sensing the change in Kong Qing's magic power, Lin Jiansheng suddenly raised his voice and shouted, "Kong Qing!"

Kong Qing was brought back to his senses by Lin Jiansheng's voice. His hands grew out from his arms again, and the chaotic magic power on his body gradually stabilized. Kong Qing nodded and whispered, "I still remember."

Lin Jiansheng looked at Kong Qing with heartache. He wished that he could turn back time and return to the day when Kong Qing suffered and save the mother and son from the Broken Cliff.

"Because you clearly remember how miserable your mother looked when she died, you will never be able to let go and forgive Caro Zhengyang, right?"

This time, Kong Qing didn't say anything. He pursed his lips tightly and revealed a stubborn look. After a long while, he asked aggrievedly, "Why should I let it go?! Daddy, people who hadn't been bitten to death by the Nightmare Spider can't understand that kind of pain at all."

Kong Qing recalled the pain at that time. His round face was pale. He held his chest and recalled in pain. "When the Nightmare Spider's teeth slowly bit off my mother's flesh and blood, my mother was in so much pain that she cried and shouted. In the end, she didn't even have the strength to cry out in pain. Those spiders spent four days and three nights before they finished eating her flesh and blood!"

"Daddy! Can you imagine?! She was just an ordinary woman who was pregnant. Just because she was an obstacle to Caro Zhengyang's path to promotion and wealth, she suffered such inhumane treatment. Who can tell me what kind of logic is this?!"

"While my mother was being eaten by the Nightmare Spider while she was pregnant, Caro Zhengyang married a beautiful woman!"

"I will never forgive him!"

Kong Qing wiped his tears and beat his small body with his hand. He cried and said, "It hurt too. At that time, I was about to be born. I was already a baby. When the Nightmare Spiders ate me like a cake, it was really, really painful..."

Kong Qing finally revealed his fragile and aggrieved side. He hugged his small body tightly and cried until his body was trembling.

Lin Jiansheng couldn't bear to continue listening. He walked around the dining table to Kong Qing's side and hugged him. He comforted him softly, "Don't cry anymore. Kong Qing, Daddy will protect you from now on. No one will bully you anymore. Be good and stop crying."

Kong Qing suddenly hugged Lin Jiansheng and couldn't help but ask, "Why aren't you my father?"

Why couldn't a child choose his own father?

If every child had the right to choose their parents before they reincarnated, Kong Qing would rather not be human.

Kong Qing felt disgusted when he thought about how he had Caro Zhengyang's bloodline.

**Chapter 432: A Scumbag Should Be Punished**

Kong Qing cried for a long time before venting his resentment.

Lin Jiansheng waited for Kong Qing to calm down before carrying him back to their bed. Kong Qing was already an adult, but he still insisted on sleeping on the same bed as Lin Jiansheng. Only with someone lying beside him did he feel at ease.

The father and son cuddled on the bed while Kong Qing curled up in Lin Jiansheng's arms with his back facing him. Kong Qing's sleeping posture was always like that of a fetus, and he could only fall asleep by curling up.

Lin Jiansheng patted Kong Qing's arm gently and said, "You were the one behind Caro Zhengyang's incident, right?"

Kong Qing sniffed and admitted it. "It's me." He grabbed Lin Jiansheng's arm and said angrily, "You're not allowed to interfere in this matter. Even if the Caro Clan comes looking for you, you're not allowed to interfere in this matter."

"Alright, I don't care." Ever since Lin Jiansheng heard Sheng Lingfeng mention that Caro Zhengyang had formed a Demon Fetus, he had suspected Kong Qing. Other than Kong Qing, Lin Jiansheng couldn't think of anyone else who could cast an evil spell on Caro Zhengyang.

But the question was, how did Kong Qing cast the evil spell on Caro Zhengyang?

Caro Zhengyang was a Prime Emperor. How could he not sense the additional magic power in his body?

"Kong Qing, how did you manage to bewitch Caro Zhengyang so discreetly? His cultivation level is high, so why couldn't he sense that your demonic aura had already entered his body?"

In the darkness, Kong Qing pursed his lips and revealed a somewhat evil smile. He told Lin Jiansheng, "As early as when the Caro Clan held the Prime Emperor banquet for Caro Zhengyang, when I shook hands with him, I injected my main body's demonic aura into his body."

After a pause, Kong Qing continued, "I'm his child. His bloodline flows in my body. My demonic aura can be detected by anyone in this world, but he won't, because my demonic aura and me are a part of him."

"I see..." Caro Zhengyang really had it coming.

"Then can he take out this Demon Fetus?"

Kong Qing shook his head. "No. There's only one way for him to take out that Demon Fetus." Kong Qing suddenly squeezed Lin Jiansheng's hand tightly. He said, "Kill me, and the demonic aura in his body will naturally disappear."

However, in this world, only Lin Jiansheng and Su Xuanye had the ability to kill Kong Qing.

Lin Jiansheng subconsciously hugged Kong Qing's trembling body and said, "Daddy will always protect you. I won't hurt you, nor will I let Su Xuanye hurt you."

The evil smile on Kong Qing's lips slowly turned gentle and innocent. "I believe you."

Kong Qing turned around and burrowed into Lin Jiansheng's arms. He grabbed the collar of Lin Jiansheng's pajamas and said in a choked voice, "He has to experience all the pain that my mother has endured. This is only the beginning. The terrifying thing is yet to come."

Originally, Kong Qing wanted to find Caro Zhengyang and kill all the people of the Caro Clan, just like how the ancient mermaid slaughtered the entire Merman Clan. However, he didn't want to do that. If he killed Caro Zhengyang, it would be called revenge. If he killed the entire Caro Clan, it would be called slaughter.

His father didn't like children who killed the innocent.

He wanted to be a good child.

Lin Jiansheng said, "Alright! I support you!"

Caro Zhengyang was indeed a jerk. He should be punished.

...

At this moment, the Caro Clan disciples and elders still didn't know about Prime Emperor Zhengyang being possessed.

As the president of the Beast Tamer Alliance, Caro Zhengyang had three working assistants under his name. Caro Zhengyang hadn't appeared to deal with the matters of the alliance for two weeks. The documents that he needed to look through had already piled up into a small hill.

The assistant piloted the helicopter and moved all the documents that Caro Zhengyang needed to handle to the floating island in the Divine Sea.

The assistant was wearing a black suit with a white shirt and a dark blue tie around his neck. The assistant was a wandering cultivator with a Supreme Master cultivation level. His name was Fu Yu'an. He had worked for the Alliance for more than twenty years and had already assisted three Presidents.

The first president he had assisted was Yin Mingjue's father, Yin Sikong. The second president was Sheng Lingfeng, and Caro Zhengyang was the third.

Therefore, although Fu Yu'an only had the cultivation of a Supreme Master, his status and authority in the Alliance Headquarters weren't inferior to those vice presidents. If the President was compared to the Emperor, then Fu Yu'an was the Grand Tutor who assisted the Emperor.

Fu Yu'an alighted from the helicopter and was immediately respectfully invited to Caro's small courtyard.

This was Fu Yu'an's first time coming to an island in the sky. He couldn't help but feel speechless and curious about the extravagance of the Caro Clan. He sized up the island with a shocked expression.

It was true that the Caro Clan was rich and powerful.

"Secretary Fu." The chief steward brought Fu Yu'an into the magnificent banquet hall and invited him to sit on a pure leather sofa. As soon as Fu Yu'an sat down, the sofa under him spoke in human language and said, "Dear guest, do you need a massage mode?"

Fu Yu'an was shocked.

He stood up and turned to look down at the sofa. Only then did he realize that there was a pair of black beast eyes on the back of the sofa. "This is...?" After living for almost a hundred years, this was the first time Fu Yu'an had seen such a strange sofa.

Seeing that Fu Yu'an was frightened, the chief steward hurriedly explained, "Secretary Fu, don't be afraid. The skin of this sofa is made of the skin of the Jade Beast. The nerves of the Jade Beast grow in the pores of its skin. The skin of the Jade Beast is delicate and is most suitable for making a sofa. After this kind of demon beast dies, its consciousness will exist with its skin. It has the ability to massage guests and automatically adjust the temperature of the sofa."

"Secretary Fu, please sit for a moment. I'll go get Prime Emperor Zhengyang."

"... Okay."

Fu Yu'an stared at those eyes. When he thought about how this skin was peeled off from a demon beast, he couldn't bear to sit down.

1

Fu Yu'an simply stood there and waited for six to seven minutes. Then, he heard heavy footsteps of someone coming down the luxurious spiral staircase. Fu Yu'an's hands immediately hung in front of him. He turned around and lowered his head in the direction of the stairs. "President, I heard that you're not feeling well. Are you feeling better?"

Caro Zhengyang replied weakly, "I'm in good spirits."

Although he said that he was in good spirits, Fu Yu'an felt that Caro Zhengyang wasn't in a good state of mind. His voice sounded tired and weak.

Fu Yu'an looked up and was shocked to see Caro Zhengyang's pale face.

With Prime Emperor Zhengyang's current cultivation, what illness could torture him to this extent?

Beast Tamers like them wouldn't catch a cold. If they were seriously ill with cancer, there were also high-level healers who could treat them. Prime Emperor Zhengyang's cultivation level was high and his status was noble. If he was sick, as long as the news was released, the threshold of the Caro Clan would be filled with healers from everywhere.

Why was he so sick?

Caro Zhengyang pointed at the sofa and said, "Sit down. Let's sit down and talk."

Fu Yu'an sat down on the sofa uneasily.

The sofa probably sensed Fu Yu'an's uneasiness, so it didn't ask him if he needed a massage or to adjust the temperature of the sofa.

Caro Zhengyang leaned against the armchair sickly and looked at Fu Yu'an with narrowed eyes. He said, "I haven't been to the Alliance for a long time. I must have accumulated a lot of documents to deal with. I heard that you brought all the documents over. I'll get Zhong An to bring someone to get them."

Fu Yu'an was indeed here to deliver the document, but seeing that Caro Zhengyang was sick and didn't have much strength to speak, how could he be heartless enough to let him handle official business? Fu Yu'an thought for a while and said, "President, I see that you're mentally exhausted and not suitable for work. Why don't I bring the document back first and let you deal with it after you recover?"

Caro Zhengyang waved his hand and said, "The documents that need my approval aren't small matters. They can't be delayed." Caro Zhengyang called out, "Zhong An."

The main butler quickly bowed. "Prime Emperor, please speak."

"Get someone to bring the documents over and put them in my study."

"Okay."

Caro Zhengyang then said to Fu Yu'an, "Secretary Fu, since you're already here, stay for lunch before returning."

As the chief secretary of the Alliance, Fu Yu'an was busy with work, so he naturally wouldn't eat here. "There's no need to stay to eat. I came this time because I have something to discuss with you."

"Huh? What is it?"

Fu Yu'an said, "In the past week, all the major families on the Holy Spirit Continent have been investigating the traitors. Currently, a total of 2,165 members have been found to have submitted to the Blood Peacock Organization. More than 100 of them have been dealt with by their families. However, we have no idea how to deal with the remaining 2,005 traitors. Directly beheading them will also be a huge loss to our cultivation world. The vice presidents' opinion is to detain them first. After the battle is over and the Blood Peacock dies, we will deal with them all. President, in your opinion, where should we imprison them?"

"That many?" Caro Zhengyang was clearly shocked by this number.

Fu Yu'an said, "These are only the traitors counted by the major families. There must be many members of the Blood Peacock Organization hidden among the itinerant cultivators."

Caro Zhengyang's expression turned cold. He thought about it and said, "The war is imminent. We definitely can't let Su Xuanye save these people. Why don't we lock them up in the Beast Tamer Prison? That's the most heavily guarded place in the world. I believe Su Xuanye will be helpless even if he wants to save them."

Fu Yu'an said, "The vice presidents have the same thoughts as you." Indeed, the Beast Tamer Prison was the most heavily guarded place on the Holy Spirit Continent. It's indeed a good idea to imprison these people in the Beast Tamer Prison.

"In order to prevent Su Xuanye from breaking into the prison to save people, I suggest letting the vice presidents take turns to guard the prison to ensure that nothing goes wrong."

"Okay."

The two of them chatted for a while more before they saw Zhong An return with three to four people and a pile of documents.

Fu Yu'an noticed that Caro Zhengyang was in weak spirits and frowned. He stood up and bade farewell. Caro Zhengyang politely invited him to eat, but Fu Yu'an still rejected him firmly.

After Fu Yu'an left, Caro Zhengyang sneered. "This person is quite a fence-sitter."

The chief steward stood beside Caro Zhengyang and said, "Apart from being famous for his level-headedness, Fu Yu'an has assisted three presidents and has never eaten at any of the presidents' houses. He doesn't take sides or make enemies."

Caro Zhengyang sneered. "He's just a dog of the Alliance!"

With that, Caro Zhengyang suddenly felt nauseous. He punched the sofa, got up, and ran to the toilet.

After vomiting, Caro Zhengyang walked out of the bathroom with a dark expression and cursed softly, "Damn it, did you send someone to invite Lin Jiansheng?!" Caro Zhengyang had always looked down on Purifying Spirit Masters and felt that Purifying Spirit Masters were trash who had failed to awaken their beast form.

Unexpectedly, one day, he would actually look forward to a Purifying Spirit Master saving him!

The steward didn't even dare to breathe loudly. He only replied softly, "He went early in the morning."

It had been half a day. Why wasn't Lin Jiansheng here yet?

Caro Xiangfu was so useless!

...

Caro Xiangfu stood in front of Jingdu's Purifying Spirit Academy. After waiting for a moment, he finally saw someone come.

However, the person was wearing an ordinary Purifying Spirit Master robe, not Lin Jiansheng's purple robe.

Seeing this, Caro Xiangfu's expression darkened.

What was Lin Jiansheng doing? Why wasn't he willing to come and see her personally?

The person who came was a registered disciple of Lin Jiansheng. He was also a Level 7 Purifying Spirit Master called Huo Sanyang.

Caro Xiangfu recognized this person. The corners of his mouth twitched before he said, "Good afternoon. May I ask why your master, Saint Ling Xiao, didn't come to see me?"

Huo Sanyang looked troubled. He said, "It's not that my master refused to come to see you, but you really came at the wrong time. In the battle of the Eight Towers Mountain, due to the sacrifice of the souls of the Yin Clan, his cultivation level increased greatly, causing his psychic power to be unstable. In order to stabilize his cultivation level and strive to defeat Su Xuanye in the battle two months later, my master ran to Broken Cliff to enter seclusion early yesterday morning."

"If he had known that Prime Emperor Zhengyang was possessed, he wouldn't have gone."

"If only you had come a day earlier."

Caro Xiangfu looked at him suspiciously.

What a coincidence.

### **Chapter 433:**

“Then do you know when Saint Ling Xiao will return?” Lin Jiansheng was the Purifying Spirit Master with the highest cultivation level. Only he could purify Prime Emperor Zhengyang. If he could hurry back to Jingdu, Caro Xiangfu was willing to wait for him.

Huo Sanyang’s expression became even more hesitant when he heard this. “Uh... I’m not sure either. Before Saint Ling Xiao left, he said that the resentment aura under the Broken Cliff is deep, and it’s a place suitable for cultivating the Purifying Spirit Art. I reckon he’ll stay in the Broken Cliff for some time.”

Caro Xiangfu’s expression turned ugly.

This was too coincidental.

“Alright, I understand.”

After Caro Xiangfu bade farewell to Huo Sanyang, he hurriedly returned to the Caro Clan.

The main butler saw Caro Xiangfu walking towards them from afar and hurriedly ran upstairs to Caro Zhengyang’s room. “Prime Emperor, the Patriarch is back.”

Caro Zhengyang leaned against the head of the bed. There was a small trash can beside the bed. The trash bag in the bucket had been changed.

The room’s new ventilation system was on, and the vase on the table had the Purifying Odor Grass that could remove odors. Even so, the room was filled with the smell of vomit that couldn’t dissipate. The main butler opened the door and smelled the stench. He didn’t dare to show any discomfort on his face.

Caro Zhengyang asked in a sickly manner, “Did Lin Jiansheng come with him?”

The main butler stopped in his tracks and said in a low voice, “I didn’t see Saint Ling Xiao.”

“Huh?” Caro Zhengyang’s expression instantly became menacing, and the room was enveloped in a tense atmosphere.

Even a Grand Master would sweat from fear, let alone a butler who was only at the Master Realm. The butler immediately held his breath.

Caro Zhengyang asked sternly, “Lin Jiansheng didn’t come with him?”

“... I don’t think so.” The main butler didn’t dare to answer anymore.

Caro Zhengyang snorted and scolded, “Useless trash!”

No one knew if he was scolding Caro Xiangfu or Lin Jiansheng.

At that moment, Caro Xiangfu also came up the spiral staircase.

As he walked on the stairs, Caro Xiangfu sensed an invisible spiritual pressure in the air that made his feet tremble. In the Caro Clan, the only person whose cultivation level surpassed his was that ancestor.

The ancestor was showing his might again.

Caro Xiangfu didn't dare to waste any more time. He hurriedly quickened his pace and braced himself to walk towards Caro Zhengyang's room.

"Ancestor." Caro Xiangfu stood outside the door and greeted him respectfully.

Caro Zhengyang snorted. "Get in here!"

Caro Xiangfu hurriedly bent down and walked into the room. He lowered his head and stood at the end of the bed. His nose smelled the disgusting smell, but he didn't dare to show it.

Without waiting for Caro Zhengyang to ask, Caro Xiangfu took the initiative to tell him everything. "Ancestor, Saint Ling Xiao's cultivation level increased too quickly a few days ago, causing his psychic power to be unstable. He left for Broken Cliff in seclusion yesterday morning."

Caro Zhengyang didn't say anything. He only stared at Caro Xiangfu with a gloomy gaze.

Caro Xiangfu didn't need to raise his head to know that his ancestor was glaring at him. Caro Xiangfu lowered his head even more and said softly, "The elves also have a Level 9 Purifying Spirit Master. Why don't I personally go to the elves and invite that old Saint to examine you?"

In the current world, there were only three Level 9 Purifying Spirit Masters. Among them, Lin Jiansheng was the closest to becoming a Purifying Spirit God, followed by Su Xuanye, and the old lady of the Elven Royal Family was the last.

Caro Zhengyang desperately wanted to take away the monster in his stomach. Hearing this, he closed his eyes and said, "Three days! I'll give you three days at most!"

Caro Xiangfu didn't dare to say anything and quickly left.

After leaving Caro Zhengyang's small building, Caro Xiangfu's expression instantly became distorted. He touched his big stomach and spat on the grass with a gloomy expression. He cursed, "Old fart!"

On the day that Caro Xiangfu received control over the Caro Clan from his dying father, he heard from his father that there was an underground palace hidden under the old site of the Caro Clan. Seven hundred years ago, an ancestor entered the underground palace and entered seclusion. He had yet to come out.

His father reminded him that if that ancestor came out, he had to follow that ancestor's orders.

At that time, Caro Xiangfu thought that since the ancestor had been in seclusion for seven hundred years, he might have died long ago. Perhaps even when he abdicated and his son and grandson were already old, the ancestor still hadn't come out.

Unexpectedly, on a stormy night some time ago, lightning suddenly flashed and thunder rumbled in Black Eagle City, where the old site of the Caro Clan was located. Five tribulation lightning struck down from the sky in succession. The ancestor of the Caro Clan actually ended his seclusion, broke through to the Prime Master cultivation level, and left the underground palace!

Although Caro Xiangfu was the nominal patriarch of the Caro Clan, he was actually just a dog to Caro Zhengyang.

A dog had to be loyal. If you were unloyal and disobedient, you would be beaten by your master.

Caro Xiangfu was only a Grand Master Beast Tamer. Even if Caro Zhengyang wanted to kill him, he could only wait for death.

Caro Xiangfu took a deep breath and hoped that this old man would die soon. It would be best if he died while giving birth. When he died, the Caro Clan would be back in his hands. Wouldn't he be able to continue leading the Caro Clan to become rich and embark on the path of common wealth?

Caro Xiangfu piloted the aircraft towards the Light Sea.

When the aircraft flew over the Xixia Sea, Caro Xiangfu looked at the blood-stained sea below and was deeply shocked. It had been almost two weeks, but the blood of the Xixia Sea had yet to be washed away by the sea. How many merfolk had died?!

At the thought of the ancient merman who had exterminated the Xixia Sea, Caro Xiangfu felt his hair stand on end.

They were all lunatics!

...

When Caro Xiangfu went to the Elve Clan to invite their Purifying Spirit Saint to the Divine Realm Continent to exorcise the demons for his ancestor, something strange happened in the Divine Moon Empire.

The cause was that after the Xuanyuan Clan investigated the traitors in the clan, when they were preparing to hold a funeral for the clansmen who had sacrificed themselves heroically on the Eight Towers Mountain, they discovered that a few clansmen had died in a strange manner. They didn't seem to have been killed by righteous cultivators. When these people died, their hair had all turned white, and their skin was wrinkled, as if they had died instantaneously from organ failure.

At that time, the person in charge of dealing with the corpse was a steward of the Xuanyuan Clan. The steward felt that something was amiss, so he sent someone to call the patriarch, Xuanyuan Shen, and the elders over to take a look.

"Patriarch, Steward Zhou found a few corpses that have abnormal causes of death. He wants you to go over and take a look." When he heard the news, Xuanyuan Shen was on the phone asking people about the whereabouts of Zhou Buwen.

That day, the Eight Towers Mountain was in chaos, and Zhou Buwen took the opportunity to escape. Xuanyuan Shen had been searching for him these days.

Upon hearing this, Xuanyuan Shen hung up the phone and quickly walked towards the morgue. Just as he walked out of the villa, he saw a beautiful woman walking over with a group of male bodyguards carrying branded jewelry and shopping bags.

The woman had her black hair coiled up and was wearing a dark blue tight-fitting dress with high slit corners and rivets on the sides.

This dress made the woman look sexy and seductive.

The beautiful woman was holding a puppy in her arms. When she saw Xuanyuan Shen, she rolled her eyes.

When Xuanyuan Shen saw his wife, he snorted and said sarcastically, "You dress like a vixen who lacks a man. You're shameless, but I'm not!"

The beautiful woman glanced at Xuanyuan Shen's perverted-looking face. She reached out and held the face of a bodyguard behind her. She leaned forward and bit the mouth of the bodyguard. "I don't lack men at all."

With that, the woman waved her hand. "Let's go back to the house." The woman twisted her waist to go back to her building. A group of handsome young bodyguards followed her upstairs.

Xuanyuan Shen was instantly enraged when he saw that she had ignored him. He turned around and scolded towards the woman's back, "Are all the women of the Liuli Clan so shameless? If I had known that you were so slutty, I wouldn't have married you back then!"

"F\*ck! If you want to scold me, then scold me. Why are you scolding my family?!" The woman's high heels immediately flew towards his face.

Xuanyuan Shen quickly grabbed the high heel. When he looked up, he saw the woman's beautiful face filled with anger.

"Xuanyuan Shen, have you forgotten that it was you who raped me and forcefully impregnated me with your child back then? That was why my father agreed to let me marry you! If it weren't for you, I would have long become the Patriarch of the Liuli Clan. It wouldn't have been Liuli Xiangsi's turn to sit in that position!"

"If Ming'er finds out that his father is a rapist, will he be ashamed of you?" With that, the woman turned around and went upstairs.

### **Chapter 434: Despicable**

Xuanyuan Shen was both ashamed and angry at the mention of the past.

Liuli Nuonuo was Liuli Xiangsi's junior. At that time, she was the most beautiful girl in the Liuli Clan. Unlike the feisty Liuli Xiangsi, Liuli Nuonuo was innocent and reserved.

Xuanyuan Shen studied at the Divine Eagle Academy when he was young. When he was in the eighth grade, he represented the academy in the Holy Spirit Continent's Advanced Beast Tamer Academy Alliance Tournament. When he first saw Liuli Nuonuo, who represented the Divine Realm Academy in the competition with Yin Mingjue, Sheng Lingfeng, and the others, he fell in love with her at first sight.

However, the Divine Eagle Academy and the Divine Realm Academy were very far apart. More than a hundred years ago, the Holy Spirit Continent didn't have a phone, and only had cable phones. In order to

pursue Liuli Nuonuo, Xuanyuan Shen specifically went to learn the love technique and used his spiritual power to write letters to Liuli Nuonuo every day.

However, the Divine Realm Academy was an independent space that would automatically intercept external spiritual power, so the letters he wrote didn't reach Liuli Nuonuo.

After graduating from the Beast Tamer Academy, all the disciples of the large families returned to their respective families to serve their families. During that period of time, the disciples of the few large families often joined forces to participate in various training. Only then did Xuanyuan Shen have the chance to approach Liuli Nuonuo.

During an independent space training, Liuli Nuonuo and Xuanyuan Shen became partners. When the two of them were exploring an illusion array, Liuli Nuonuo mistook Xuanyuan Shen for Yin Mingjue and mustered up the courage to confess to him. Xuanyuan Shen was at a loss for what to do at that time and hugged Liuli Nuonuo.

However, Liuli Nuonuo leaned into his arms and shouted, "Senior Mingjue."

At that moment, Xuanyuan Shen felt crestfallen.

It turned out that the woman he had admired for many years actually had another person in her heart.

That person happened to be the most dazzling genius, Yin Mingjue!

After knowing that his love rival was actually Yin Mingjue, Xuanyuan Shen felt helpless. He thought that he was considered a prodigy, but compared to Yin Mingjue, he was still far inferior.

At that time, Yin Mingjue had just turned 30 years old. There were still eight years before he participated in the Central Pagoda challenge and headed to the Upper World. During those eight years, Yin Mingjue outshaded the descendants of the aristocratic families, and Xuanyuan Shen could always hear all kinds of news about Yin Mingjue.

Yin Mingjue had captured a level-eight demon beast alone!

Yin Mingjue had discovered a divine-grade cultivation technique in a ruin!

Yin Mingjue had broken through to the Supreme Master Realm!

The day Yin Mingjue broke through to the Supreme Master Realm at the age of 35, he had once again given the other descendants of the aristocratic families a blow. A 35-year-old Supreme Master had never existed in that era, so one could imagine how dazzling Yin Mingjue was back then. At that time, almost all the women secretly admired him.

When Yin Mingjue was 38 years old, he decided to participate in the Central Pagoda challenge and head to the Upper World to train.

Everyone believed that Yin Mingjue could pass through the Central Pagoda and successfully head to the Upper World. Before he set off, the Divine Realm Academy alumni who had studied with him prepared a farewell party for him in advance.

Xuanyuan Shen was the heir of the Xuanyuan Clan, and he had also obtained an invitation.

Even though he knew that he would see Liuli Nuo peeping at Yin Mingjue with an admiring gaze, he still had to bite the bullet and participate in the farewell party. This was because he was the successor of the Xuanyuan Clan, and he represented the Xuanyuan Clan. As the successor of the Xuanyuan Clan, it was his duty to befriend the powerful Yin Clan.

That farewell party was very impressive.

That farewell party was very impressive.

However, Yin Mingjue was immersed in cultivation at that time and had yet to understand love. In the face of those women's love confessions, he rejected them calmly and decisively.

Liuli Nuo held a glass of wine and stood quietly at the back of the crowd. She looked at the powerful and calm man in a daze, and the love in her eyes was so intense that it was almost impossible to hide. However, after she personally watched Yin Mingjue reject every woman's confession of love, she understood that if she confessed to him, she would only end up like those women.

Liuli Nuo's heart ached.

She put down her wine glass silently and turned to go to the courtyard outside the hotel.

Liuli Nuonuo sat in the courtyard while feeling dejected. Suddenly, she saw a small unicorn holding a cup of good wine and delivering it to her.

Everyone knew that Yin Mingjue's beast form was a unicorn.

Liuli Nuonuo stared blankly at the unicorn that was formed by spiritual power. She picked up her wine glass in surprise and turned to look at the banquet hall behind her. She saw a man standing behind the mist outside the banquet hall. The tree branches blocked the man's figure, but she could vaguely see that the man was wearing a dark blue shirt.

Yin Mingjue was wearing a dark blue shirt that night.

Liuli Nuo's heart raced!

She thought that this glass of wine was Yin Mingjue expressing his goodwill to her, and the woman who loved Yin Mingjue with all her heart drank the wine brewed from grapes with excitement.

The alcohol content wasn't high, but Liuli Nuonuo's face was flushed.

She sat on the chair with her back facing Yin Mingjue and used all her courage to confess to him. "Senior Mingjue, are you still there?"

The man behind her didn't respond, but he deliberately broke a branch and made a sound.

When Liuli Nuonuo heard this commotion, she knew that Yin Mingjue was still standing behind the tree and listening.

Liuli Nuo's heart beat faster and faster. Her small hand held the glass of wine tightly. She lowered her head, and even the cold moonlight couldn't make her stop blushing. Liuli Nuo stared at the beautiful crystal glass and said shyly and excitedly, "Senior Mingjue, I like you. The first time I saw you when I entered the academy at the age of 15, I fell for you."

Liuli Nuonuo grabbed the wine glass and pressed it hard. She gritted her teeth and said, "I know you don't love me, and I know that I'm not worthy of you. I just want to convey my feelings to you and let you know that there was once a timid girl who secretly liked you for 21 years."

From 15 to 36, Liuli Nuonuo spent 21 years liking Yin Mingjue.

The person behind her still didn't speak, but the unicorn appeared in front of Liuli Nuonuo again. The unicorn gently rubbed the edge of Liuli Nuonuo's skirt, as if it was comforting her.

Seeing this, Liuli Nuonuo's eyes were filled with tears. She leaned back in her chair and shed two streams of tears.

Even when Mingjue rejected her, he was so gentle and calm.

"Alright, Senior, go ahead. I'll be fine after resting for a while."

Seeing that Liuli Nuonuo was still calm, the man standing behind the mist turned around and walked towards the banquet hall. Hearing footsteps, Liuli Nuonuo opened her eyes and looked at the man's back. The navy blue shirt and black suit pants made the man's tall figure look even more slender and tall.

Liuli Nuo closed her eyes and felt a little tired. She leaned against the back of the chair for the wind to blow away that sense of powerlessness.

Yin Mingjue walked into the banquet hall and saw Xuanyuan Shen walking out. Coincidentally, Xuanyuan Shen was also wearing a dark blue shirt today. The design was similar to Yin Mingjue's. At this moment, Xuanyuan Shen had already taken off his suit jacket and placed it on his arm. He looked like he was about to leave.

Seeing that Xuanyuan Shen was about to leave, Yin Mingjue stopped and said to him, "Are you leaving?"

"Yes, it's getting late. I'll go back and rest first." Xuanyuan Shen cupped his fists at Yin Mingjue and said, "Brother Mingjue, I wish you all the best tomorrow. I wish you success in passing the trials and successfully heading to the Upper World. I hope that when you return, you will return in glory!"

"Thank you."

Yin Mingjue thought of something and said, "Nuonuo seems to like the glass of wine you made just now."

A dark look flashed across Xuanyuan Shen's eyes when he heard this. He said, "You rejected her?"

"... Well, since I'm not interested in her, I naturally have to make things clear." Liuli Nuonuo's feelings for Yin Mingjue were too obvious, and Yin Mingjue had long sensed it. Liuli Nuonuo was a good girl, and Yin Mingjue didn't love her, so he naturally wouldn't give her any room to fantasize.

Liuli Nuonuo was Yin Mingjue's friend. He could reject those other girls expressionlessly, but he couldn't reject Liuli Nuonuo so mercilessly. That girl was innocent and kind. Yin Mingjue hoped to let her maintain her dignity, so he hid behind the tree and deliberately didn't appear.

He was afraid that Liuli Nuonuo would be embarrassed if he told her everything in front of her.

He heard that Xuanyuan Shen was a good mixer. Before Yin Mingjue came out, he specially asked Xuanyuan Shen to make a glass of low-grade wine for Liuli Nuonuo.

Yin Mingjue patted Xuanyuan Shen's shoulder and said with a smile, "Goodbye. I hope you can surprise me the next time we meet."

"... Goodbye."

After Xuanyuan Shen said goodbye to Yin Mingjue, he left the banquet hall alone.

He came to the courtyard and saw Liuli Nuonuo leaning against the back of the chair while sleeping. Then, he carefully walked to her.

When Liuli Nuonuo heard the commotion, she opened her eyes and saw Xuanyuan Shen, who was wearing a dark blue shirt. For some reason, after drinking wine, she felt dizzy and had double vision. "Minjue?" Why was Senior Minjue back again?

Xuanyuan Shen saw that Liuli Nuonuo had mistaken him for someone else. He smiled self-deprecatingly and suddenly opened his arms to pick her up.

Liuli Nuonuo cried out in alarm and wanted to struggle, but she discovered that her body was weak and powerless. Liuli Nuonuo used her nails to pinch the flesh in her palm until it bled. The pain cleared her mind a little. Only then did Liuli Nuonuo recognize that the person hugging her wasn't Yin Mingjue at all, but Xuanyuan Shen.

"Xuanyuan Shen!"

"What are you doing?! Put me down!"

Liuli Nuonuo wanted to push Xuanyuan Shen away, but she realized that her body was weak.

Xuanyuan Shen chuckled and stuffed her into a car. He drove, and Liuli Nuonuo leaned against the back seat weakly. Liuli Nuonuo wanted to escape, but she didn't even have the strength to sit up.

Where was her spiritual power?

Xuanyuan Shen saw her actions in the rearview mirror. He said calmly, "You drank the 'Spirit Energy Powder' willingly."

When she heard this, her beautiful face instantly turned pale.

Spiritual Energy Powder was actually a kind of medicine for lovemaking. If one party was willing to drink it, their spiritual energy would dissipate in a short period of time, allowing the other party to do whatever they wanted. And earlier, Liuli Nuo Nuo thought that the glass of wine was given to her by Yin Mingjue, so she drank it willingly.

### **Chapter 435: Anna Is A Fiendish Cultivator**

There was something wrong with the glass of wine Mingjue gave her?

No!

Impossible!

Mingjue wouldn't do such a despicable thing!

Thinking of that glass of wine and thinking of Xuanyuan Shen's famous mixing technique, Liuli Nuonuo understood. "Xuanyuan Shen, did you mix that cup of wine?"

Xuanyuan Shen sped up and didn't reply.

Liuli Nuo cursed angrily, "Xuanyuan Shen, you're despicable and shameless!"

He was despicable and shameless?

Xuanyuan Shen sneered. "If I can get you by being despicable, then so be it."

As Xuanyuan Shen drove, he said, "Yin Mingjue is going to the Central Pagoda tomorrow. All these years, you and I have been very close. Everyone knows that I've admired you for a long time. Tomorrow, when they see that you and I are a couple, they will only think that you were heartbroken over getting dumped by Yin Mingjue and agreed to my pursuit."

Xuanyuan Shen turned around and glanced at the flushed Liuli Nuonuo. His gaze was deep as he said, "Don't you understand? All these years, I've been friends with you so that everyone would think that we were childhood sweethearts. It was all for this day. I've been planning this for a long time."

He had long known that with Yin Mingjue's shocking talent, he definitely wouldn't be satisfied with just staying on the Holy Spirit Continent. A person like him would definitely travel to more exciting worlds to seek more knowledge.

Xuanyuan Shen knew that Yin Mingjue had high standards and wouldn't get married and have children that early. Liuli Nuonuo's feelings for Yin Mingjue wouldn't be reciprocated in the end. All these years, Xuanyuan Shen had been friends with Liuli Nuonuo to create the illusion that they were very close. He had been waiting for this day.

He wanted to obtain Liuli Nuonuo the night Yin Mingjue left the Holy Spirit Continent. That way, even if they suddenly got together, it wouldn't arouse anyone's suspicion.

They would only think that Liuli Nuonuo had come to a realization after seeing Yin Mingjue leave and agreed to Xuanyuan Shen's courtship.

He had planned for 15 years for this night!

When Liuli Nuonuo heard Xuanyuan Shen's words, she instantly fell into despair. Xuanyuan Shen had planned for this day for so long, and she had nowhere to escape!

That night, Liuli Nuonuo was brought to the hotel prepared for them by Xuanyuan Shen. She was brought to his bed and became his woman.

The next day, at dawn, the descendants of the aristocratic families who came to participate in the farewell party knocked on the door of Xuanyuan Shen's room. They roared with laughter as they barged into his room and called for him to wake up, then he accompanied them to send Yin Mingjue off. In the end, when the door was pushed open and they saw Xuanyuan Shen and Liuli Nuonuo sleeping in each other's arms, the descendants of the aristocratic families were all stunned.

The day Yin Mingjue left, Xuanyuan Shen and Liuli Nuonuo became a famous couple.

Everything was going according to Xuanyuan Shen's plan. It was just that Xuanyuan Shen underestimated women. He thought that by obtaining Liuli Nuonuo and letting the world see them sleeping together, he would be able to win her heart.

But women had never been people men could control.

When they loved someone, they could do it without hesitation or reservation. When they hated someone, they could also be ruthless.

They got married after she got pregnant. After they got married, Xuanyuan Shen thought that with this child, they could live happily ever after. However, Liuli Nuonuo treated him as an enemy and felt disgusted just by looking at him.

...

Xuanyuan Shen felt a little regretful when he thought about everything he had done to obtain Liuli Nuonuo when he was young. Sometimes, he wondered if Liuli Nuonuo would have been moved by his love if he hadn't used those despicable methods.

But he chose the most despicable and undesirable method.

He borrowed the hand of the person she loved and brought the most poisonous wine to her mouth.

He used her beloved Yin Mingjue...

Xuanyuan Shen came back to his senses and realized that he was still holding onto Liuli Nuonuo's high heels. He gently put down the high heels and turned to go to the morgue. However, when he turned around, he saw Xuanyuan Jing and the other two outside the villa.

Xuanyuan Shen had four children, three men and one woman. Among these four children, only the eldest, Xuanyuan Ming, was the child of him and his wife, Liuli Nuonuo. Xuanyuan Yao, Xuanyuan Jing, and Xuanyuan Sisi were his and his lover's illegitimate children.

And as Liuli Nuonuo had said, Xuanyuan Ming was indeed forcefully given birth to.

At this moment, his eldest son, Xuanyuan Ming, whom he was most proud of, was looking at him with a livid expression and disgust in his eyes. Xuanyuan Ming had clearly heard what his mother had just said.

Xuanyuan Ming had once asked the elders about his mother's past. His grandmother and the others all said that his mother was especially pure and kind when she was young. Xuanyuan Ming couldn't understand why his mother, who was pure and kind when she was young, would later become a woman as bold and unrestrained as Auntie Xiangsi and the others.

All these years, he had watched his mother play around with various men, but she ignored his father and even openly cheated on him. Xuanyuan Ming had also complained that his mother was insensible and shameless.

Who knew that the truth would be like this?!

Xuanyuan Ming looked at Xuanyuan Shen in disappointment. When he thought about how he was actually the son of a rapist, he hated his birth and his father. Xuanyuan Ming gritted his teeth and scolded Xuanyuan Shen, "Patriarch Xuanyuan, you disgust me!"

After cursing, Xuanyuan Ming turned around and ran.

Xuanyuan Yao and Xuanyuan Jing looked at their father in shock.

They had always known that their father and his wife didn't have a harmonious relationship. She had even messed around with the infamous rapist many years ago. They had always thought that she was promiscuous. They didn't expect that the real culprit was their father.

Xuanyuan Shen's expression was also very ugly when his scandal from his youth was discovered by the children. Xuanyuan Shen let out a sigh and pretended that nothing had happened as he walked towards Xuanyuan Jing. "Why are you guys looking for me?"

Xuanyuan Jing was momentarily unable to digest this shocking news and didn't know how to face his respected father. Thus, when he heard Xuanyuan Shen's question, Xuanyuan Jing remained silent.

Xuanyuan Yao was older than Xuanyuan Jing and was more mature. He quickly calmed down. Xuanyuan Yao told Xuanyuan Shen, "There are a few strange corpses in the morgue. We want you to go over and take a look."

"Let's go."

Xuanyuan Shen walked in front while the two children followed behind. Their gazes instantly became complicated.

...

In the spacious and cold morgue, there were six corpses. They were all Beast Tamers who had died in the battle of the Eight Towers Mountain.

Three of them had already changed into burial clothes and were waiting for cremation.

There were also three corpses lying on the other three iron beds. The corpses were covered with white cloth. They had just been dragged out of the freezer and were still emitting cold air.

The few Patriarchs had already arrived and were waiting for Xuanyuan Shen.

"The Patriarch is here."

Seeing Xuanyuan Shen arrive, Steward Zhou hurriedly came up to him and said, "Patriarch, I've checked these three corpses. Their causes of death is completely different from those of the other victims. In my opinion, they weren't killed at all. It's more like they suffered some kind of torture and died in an instant."

Xuanyuan Shen knew how serious this matter was. He didn't dare to delay even for a moment. He walked forward, put on his gloves and mask, and lifted the white cloth. Instantly, the three corpses in strange states appeared in front of them.

The corpse's skin looked severely dehydrated. Their dry white hair were draped behind their heads, and their eye sockets were deeply sunken. Their withered skin sagged against their cheekbones, and they looked very miserable.

These three people were guest elders raised by the Xuanyuan Clan. They were originally itinerant cultivators who later submitted to the Xuanyuan Clan.

Xuanyuan Shen naturally recognized them and clearly remembered that they were all strong men with thick black hair when they were alive.

"Have you done an autopsy?"

Steward Zhou said, "I brought the forensic doctor."

Upon hearing this, a forensic doctor in a white robe, hat, gloves, and a mask walked into the morgue with a toolbox. Under the gazes of Xuanyuan Shen and the others, the forensic doctor held a knife in one hand and skillfully cut open one of their abdomens.

After cutting open the abdomen, the forensic doctor carefully took out the person's internal organs and placed them on the tray.

Seeing the pile of failing organs, a knowledgeable elder of the Xuanyuan Clan immediately exclaimed, "This is the appearance of one's internal organs failing and dying after their spiritual power is instantly sucked dry! It's a demonic cultivator! Only those Beast Tamers who cultivate the demonic path will rely on absorbing the spiritual power of the Beast Tamer to increase their cultivation!"

"A fiendish cultivator sneaked in during the Battle of the Eight Towers Mountain!"

Xuanyuan Shen's expression changed drastically.

"Go to the Yin Clan and retrieve the surveillance camera footage from that day!"

The Yin Clan's homecoming banquet that day was held very grandly, so it was impossible for there to be no surveillance cameras. If they wanted to find out exactly what had happened to the three guest elders of the Xuanyuan Clan, they would know once they checked the surveillance cameras!

...

Yu Huang and Sheng Xiao had just returned to Eight Towers Mountain from Yufu City. Before they could take a sip of tea, they saw the main butler walking into the hall quickly and shouting at Yu Huang from afar, "Young Master! Patriarch Xuanyuan is waiting outside the mountain gate with three corpses. He said that three of his family's guests were killed by a demonic cultivator in the battle of Eight Towers Mountain. He wants to check the surveillance camera footage from that day!"

Yu Huang's hand, which was holding the teacup, shook slightly when she heard this.

Fiendish cultivator?

Yu Huang and Sheng Xiao looked at each other and thought of Anna. Yu Huang suddenly patted the back of Sheng Xiao's hand. She said, "If the news of the demonic cultivator gets out, Anna will become the public enemy of the world. Contact the old dean immediately and inform him about this!"

Sheng Xiao knew how serious this matter was. He didn't dare to neglect it. He quickly said, "I'll call him now."

"Yes."

Yu Huang followed the butler to the living room. Sheng Xiao called Di Ruofeng personally to report the situation to him. When Di Ruofeng found out that Xuanyuan Shen had gone to the Yin family to check the surveillance cameras, he knew the fact that Anna had awakened the Mutated Devouring Beast couldn't be concealed.

Di Ruofeng looked at the unconscious little girl on the bed and frowned with a frustrated expression.

The Icy Night T-Rex shrank its body and laid on Anna's bed. It had heard what Sheng Xiao said on the phone just now. Seeing that Anna wasn't awake, the Icy Night T-Rex looked up and asked Di Ruofeng, "Old man, will you hand Anna to Xuanyuan Shen?"

Di Ruofeng stared at Anna with hesitation in his eyes.

His eldest disciple had sacrificed himself to save the world. Was he really going to send his youngest disciple out to die?

If he handed Anna over, Anna would definitely die.

If he hid Anna, how was he going to answer to those Beast Tamers who had died tragically?

#### **Chapter 436: The Girl Is Afraid Of Pain, So Remember to Be Gentle**

As the dean of the Divine Realm Academy, Di Ruofeng knew better than anyone how destructive a fiendish cultivator would be when she fully matured.

In the nearly ten thousand years of the Holy Spirit Continent's existence, there had been a few famous fiendish cultivators. These fiendish cultivators were all demons who killed without batting an eye. In their eyes, human lives were like ants. They could kill anyone they wanted without any mercy.

In the era of demonic cultivators, the Holy Spirit Continent was plunged into misery and suffering.

Therefore, once they discovered that there were young Beast Tamers with the potential to become demons, the alliance would kill them in advance before they completely awakened or grew up.

The Mutated Devouring Beast that Anna had awakened was even a top-grade demonic beast form. Once it tasted the taste of devouring spiritual power, it would awaken its demonic nature and be unstoppable. When Anna woke up, she would constantly have the urge to devour the spiritual power of other Beast Tamers.

She would become possessed. Only by successfully devouring the spiritual power of others would she feel satisfied.

Over time, Anna would no longer be Anna, but a slave of the Mutated Devouring Beast, a machine that only knew how to kill.

Di Ruofeng knew very well that killing Anna with his own hands was the best choice.

But...

Looking at Anna's innocent face, Di Ruofeng thought of Anna accompanying him every day and calling him mentor in a sweet voice. He couldn't bring himself to be that ruthless.

This child was kind-hearted!

Seeing the hesitation in the old dean's eyes, the Icy Night T-Rex was worried that Di Ruofeng would hand Anna over to those Beast Tamers. Its body suddenly expanded by five to six times, and it was about to burst in this bedroom.

The Icy Night T-Rex looked down at the old dean from above. There was actually a pleading look in his ice-blue eyes. "Old man, I've been with you for so many years, but I've never asked you for anything. Today, I'll ask you for a favor. Don't hand her over to those people. Those people will kill her! They will turn her into ashes!"

If other Beast Tamers died, they would still have a chance to enter reincarnation.

However, Anna was a fiendish cultivator. Beast Tamers had always been cruel to fiendish cultivators. They would definitely turn Anna into ashes and prevent her from entering the cycle of reincarnation.

The Icy Night T-Rex definitely couldn't accept this outcome!

The Icy Night T-Rex stared at the petite girl on the bed. It gritted its teeth and said, "I can bring her to the center of the abyss to hide. I will protect her and not let her harm anyone else. Old thing, if she dares to hurt anyone again, I..."

The Icy Night T-Rex closed its eyes and said ruthlessly, "I'll personally destroy her beast heart and kill her!"

No matter how powerful a Beast Tamer was, once their Beast Heart was destroyed, they would become ordinary people.

Even demonic cultivators were no exception.

The Icy Night T-Rex's gaze was firm. He would rather destroy Anna himself in the future than hand her over to those sanctimonious hypocrites.

How could the old dean be willing to either?

The old dean stared at Anna for a moment and suddenly made up his mind. He said to the Icy Night T-Rex, "Freeze me."

"W-what?" The Icy Night T-Rex thought that he had heard wrongly.

The old dean had been upright all his life. This was the first time he had done something that went against the public good. He felt guilty. He said, "Ice me and then take her to hide. Hide in a place without humans."

"Little T-Rex, I know you like this girl. I'm at ease with leaving her to you."

“But you have to remember that Anna is a very dangerous existence. If she can’t control her demonic nature and wants to slaughter humans, you have to stop her! If you can’t stop her, then... then kill her.” Di Ruofeng caressed Anna’s soft face and sighed softly. “This girl is afraid of pain. Remember to be gentle when you kill her.”

The Icy Night T-Rex nodded solemnly. “I’ll take good care of her.”

With that said, the body of the Icy Night T-Rex instantly shrank to the size of a human.

He gave Di Ruofeng a deep look before saying, “We’ve signed a contract. If I’m still alive, she’s still alive. If the contract is broken one day, it means that she’s dead and so am I.” The Icy Night T-Rex bent down and carefully picked Anna up with its front claws. He said to Di Ruofeng, “Old man, I’ll see you again if fate allows it!”

After saying that, the Icy Night T-Rex suddenly opened its bloody mouth and spat an ice ball at Di Ruofeng.

Di Ruofeng was hit by the ice ball, and his old body was instantly frozen.

If no one came to save him within two hours, he would die from hypothermia.

After successfully freezing Di Ruofeng, the Icy Night T-Rex immediately returned to its normal size. It carried the petite Anna and broke through the courtyard to fly out of the capital.

The Icy Night T-Rex flew into the sky, and the temperature in Jingdu dropped a few degrees.

Eight Towers Mountain, Yin Clan.

Yu Huang and Xuanyuan Shen stood in the surveillance room to check the surveillance video from the day of the battle. When they watched it the first time, Xuanyuan Shen had yet to notice anything unusual. When they watched it the second time, Xuanyuan Shen noticed Anna’s abnormality.

Xuanyuan Shen pressed the pause button and pointed at Anna’s face. He asked Yu Huang, “Yu Huang, what are you doing?”

At the side, Ji Linyuan suddenly reminded Xuanyuan Shen sternly, “Patriarch Xuanyuan, the person standing beside you is no longer the little girl who allowed the Xuanyuan Clan to bully her. The current her is the patriarch of the Yin Clan. Please pay attention to your address.”

Since Yin Mingchong was dead, as the young master, Yu Huang naturally became the Yin Clan’s new Patriarch. Even if she was young and her cultivation was still low, she was still a young Patriarch recognized by all the Yin Clan’s elders and disciples.

As the patriarch of the Xuanyuan Clan, Xuanyuan Shen really shouldn’t have called her by her name.

Xuanyuan Shen also realized that his address was inappropriate. He stared at the young and beautiful woman beside him and immediately sighed with emotion. Who would dare to believe that the little girl who only dared to stand afar and respectfully call him Uncle Xuanyuan a few years ago had actually become the patriarch of a clan?!

After Ji Linyuan's reminder, Yin Mingchong changed the way he addressed her. "Patriarch Yin, I want to know why you suddenly flew to this woman's side during the battle." Xuanyuan Shen zoomed in on the frozen image and stared at Anna's dazed gaze. He narrowed his fox eyes and said thoughtfully, "From her actions, it seems like her consciousness has been possessed."

He was an old fox who had lived for more than a hundred years. Anna's change couldn't escape his eyes.

Yu Huang explained, "This is a friend of mine. She's also a young disciple my grand master took in two years ago. Her name is Anna. During the battle that day, Anna suddenly had a mental problem. I just ran over to protect her."

"If Patriarch Xuanyuan wants to investigate, you will know that Anna's beast form is the most useless ant. That day, the battlefield was chaotic. Anna might have been frightened."

"Ant beast form?" Xuanyuan Shen was a little surprised.

Everyone knew that ants were at the top of the useless beast form list. This girl called Anna had awakened an ant beast form, so she shouldn't have the potential to become a demon. "However, Dean Di has very high standards. In his life, he only took in Mingjue as his disciple. This girl called Anna must have something outstanding about her."

Yu Huang nodded. "She can control demon beasts. The old dean took a fancy to her abilities and accepted her as his disciple."

"Oh really?"

When Xuanyuan Shen heard Yu Huang's answer, he still felt that something was wrong.

He watched the video again.

Suddenly, he shouted, "Stop!"

The staff in the monitoring room immediately pressed the pause button.

Xuanyuan Shen walked to the big screen and pointed at Anna's glabella. "What is this?! Something crawled out from between this girl's eyebrows!" Xuanyuan Shen walked behind the staff member. He bent down and moved the mouse to slow down the video.

Xuanyuan Shen watched as the ant quickly crawled to the front of a Xuanyuan Clan guest and jumped onto his arm to take a bite. Soon, the guest's hair turned white and he fell to the ground.

"It's this thing!" Xuanyuan Shen discovered the truth, and his expression instantly darkened. "There's a problem with Anna's beast form. She's definitely not an ordinary ant!"

How could there be an ant that could instantly kill someone with a light bite?

This was clearly a demonic beast form that no one knew about!

The ant's appearance was just its disguise!

Every time the little ant approached a Beast Tamer, that Beast Tamer would instantly die with white hair. Xuanyuan Shen was completely convinced that Anna was a demonic cultivator.

Xuanyuan Shen's expression instantly turned ashen as he roared at Yu Huang, "Yu Huang! You're protecting a fiendish cultivator!"

Xuanyuan Shen didn't believe that Yu Huang didn't know beforehand.

Ji Linyuan was about to protect Yu Huang when he saw her covering her mouth with shock in her eyes. She shouted in shock, "Heavens, what's with Anna's ant beast form? Is it poisonous?"

Yu Huang opened her innocent eyes and asked Xuanyuan Shen with feigned curiosity, "Patriarch Xuanyuan, were those beast tamers poisoned by Anna's ant?"

Xuanyuan Shen looked at Yu Huang suspiciously when he heard this.

From her words, it seemed like she really didn't understand the uniqueness of Anna's beast form.

"You really don't know?" Xuanyuan Shen asked suspiciously.

Yu Huang shook her head in confusion. She said, "I don't know. Anna is especially timid. She used to be a student of the Divine Eagle Academy. When she was bullied in school, she didn't dare to fight back. I always thought that her ant beast form was useless. I didn't expect her ant to be poisonous!"

She deliberately used the term 'poison' to replace 'magic' in order to convince Xuanyuan Shen that she was innocent.

Yu Huang continued, "Anna was once bullied by the people from the Divine Eagle Academy and was forced to jump off the Broken Cliff. When I found her, she was eaten by the Nightmare Spider and almost became a half-human, half-demon monster. It was all thanks to my mentor who purified her spirit that she was saved. I'm afraid even Anna herself doesn't know that her ant is poisonous. If she knew, she would have poisoned those bastards from the Divine Eagle Academy to death long ago."

Yu Huang's words were a little childish, but Xuanyuan Shen completely believed that Yu Huang was unaware of this matter.

### **Chapter 437: Protect the World With You, and Betray Justice With You**

Xuanyuan Shen placed his hands behind his back and acted like an elder as he explained to Yu Huang arrogantly, "This isn't poison, but demonic nature. This friend of yours called Anna didn't awaken an ordinary ant beast form, but a beast form with a terrifying demonic nature! This child is a demonic cultivator!"

With that, Xuanyuan Shen made a copy of the surveillance camera footage and was about to leave with it.

Yu Huang's expression changed slightly.

She quickly followed Xuanyuan Shen and asked him, "How do you plan to deal with Anna?"

Xuanyuan Shen sneered and said mercilessly, "Demonic cultivators should be killed!"

Xuanyuan Shen saw that Yu Huang was young and didn't know how terrifying demonic cultivators were, so he told her, "Demonic cultivators are monsters that shouldn't exist in this world. Back then, after Prime Master Jing An cut off the head of a demonic cultivator, under the witness of thousands of Beast Tamers, she crushed the demonic cultivator's beast heart in public and crushed his bones to pieces, cutting off his path to reincarnation!"

"Of course, this little girl called Anna should also have her head chopped off, her beast heart crushed, and her bones burned! We must not give her any chance of revival!"

Yu Huang looked at Xuanyuan Shen's righteous appearance, and the smile in her eyes suddenly disappeared. When they dealt with Su Xuanye, she had never seen him so proactive. When he bullied Anna, whose cultivation was weak, he was very proactive.

Xuanyuan Shen lowered his head and played with the surveillance backup thumb drive in his hand. He said matter-of-factly, "Dean Di has always been righteous. If he knew that his little disciple was a fiendish cultivator, he would definitely take the initiative to hand over the child and let us deal with him!"

After saying that, Xuanyuan Shen immediately took out his phone and said, "It's about a demonic cultivator. It's a major event in the entire cultivation world. I have to inform the alliance to destroy the demonic cultivator together!"

Demonic cultivators were cruel. Xuanyuan Shen wasn't stupid enough to go and destroy a demon alone.

Everyone had to go together!

Xuanyuan Shen called Fu Yu'an from the Beast Tamer Alliance in front of Yu Huang and explained that Anna was a fiendish cultivator.

On the phone, Fu Yu'an's response was very formal. "Send me the exact evidence. If the news is true, we will announce it."

"... Okay."

After hanging up, Xuanyuan Shen complained about Fu Yu'an in a low voice, "This dim-witted person. Three guest elders of the Xuanyuan Clan have died. Isn't that enough to explain everything? He still has to look at the evidence?!"

Although he was impatient, Xuanyuan Shen still decided to send the copy of the video to the headquarters of the Beast Tamer Alliance in Jingdu for Fu Yu'an and the other vice presidents to see.

When Xuanyuan Shen saw that Yu Huang was still standing beside him, he thought that Yu Huang was curious about his next plan, so he said, "Once the alliance confirms that Anna is a fiendish cultivator, they will definitely announce this news on the website. At that time, when the righteous Beast Tamers see this news, they will definitely join forces to eliminate the fiendish cultivator."

When Xuanyuan Shen saw Yu Huang's slightly pale face, he thought that she was young and afraid of trouble. "This is the first time you've seen a fiendish cultivator in your entire life, right? Don't be afraid. For such a big matter like subduing a demon, old fellows like us will naturally take action. When your generation completely grows up, you will also shoulder the heavy responsibility of subduing a demon."

Xuanyuan Shen continued, “However, although you’re young and shouldn’t have participated in the battle to subdue the demon, you’re still the Yin Clan’s Patriarch now. You have to force yourself to grow up. Why don’t you follow us to capture that demonic cultivator alive and witness the moment when that demonic cultivator’s bones are reduced to ashes?! Don’t worry, I’ll protect you.”

The corners of Yu Huang’s lips curled up slightly. She said, “...Okay.”

\* \*

Xuanyuan Shen went to the headquarters of the Beast Tamer Alliance and handed the copy of the video to Fu Yu’an.

The appearance of a demonic cultivator was of great importance, so Fu Yu’an couldn’t make the decision on his own. He immediately contacted the vice presidents and gathered them together to organize a video conference.

This meeting was secretly held for an hour.

An hour later, Yu Huang saw that the Beast Tamer Alliance would announce on the official website that Anna was a fiendish cultivator and invite righteous Beast Tamers to surround Anna.

Operation Demon Subduing had officially begun!

With Xuanyuan Shen as the leader, all the self-proclaimed ‘righteous’ Beast Tamers in the Divine Realm Continent gathered in Jingdu and set off for the small building where Di Ruofeng lived. Di Ruofeng also had his own house in Jingdu, which was very close to Lin Jiansheng’s villa and manor. It was on the same mountain.

Yu Huang and Sheng Xiao went to Di Ruofeng’s house with Ji Linyuan.

“Dean Di!”

Xuanyuan Shen stood at the door and shouted Di Ruofeng’s name.

“Dean Di, today, the righteous Beast Tamers of the Divine Realm Continent came to ask you for someone. Your little disciple, Anna, took the opportunity to devour the spiritual power of three guest elders of the Xuanyuan Clan during the battle of the Eight Towers Mountain, causing them to die of organ failure! After investigation, we confirmed that she is a demonic cultivator!”

“Every time a fiendish cultivator appears, the continent will definitely be plunged into misery and suffering!”

“The Divine Realm Academy is the number one high-level Beast Tamer Academy on the continent. Countless great people on the continent have graduated from your school. In the past, in the many demon-subduing activities, your school has always insisted on eliminating fiendish cultivators! I think that as the dean of the Divine Realm Academy, Dean Di should be a righteous person! I hope that you can take the initiative to hand over your fiendish cultivator disciple as a warning to others!”

Xuanyuan Shen’s words were defeating.

However, the tightly shut door didn’t open. A Beast Tamer began to mutter—

“What’s going on? We received confirmation that the old dean still lives in Jingdu. He’s inside. Why doesn’t he open the door? Could it be that he’s unwilling to hand over the fiendish cultivator?”

“Everyone says that Dean Di is righteous. When this really happened to him, he’s being protective?”

“Sigh, looks like the dean of the Divine Realm Academy is only so-so!”

Xuanyuan Shen’s expression darkened when he saw that the dean was unwilling to open the door. When he spoke again, his tone had already become stern. “Dean Di, what? Are you unwilling to hand over that fiendish cultivator?”

There was still no movement from the door.

There was a commotion.

“What’s going on?”

“Dean Di really plans to cover up for his little disciple?”

At this moment, Yu Huang stood up.

Yu Huang said, “He isn’t that kind of person. Perhaps he’s not at home at all.”

Xuanyuan Shen immediately retorted, “Dean Di’s cultivation level is high. Even if he’s not at home, with so many of us coming to his house with great fanfare, he should have sensed the commotion and taken the initiative to appear.”

Xuanyuan Shen revealed a spurious smile and said, “It seems that the Divine Realm Academy is only so-so. With such a dean, tsk tsk...”

Hearing this, some of the Divine Realm Academy graduates standing in the crowd revealed angry expressions. “Xuanyuan Shen, stop being sarcastic. No matter what, the Divine Realm Academy is stronger than your Divine Eagle Academy!”

Seeing that they were about to quarrel, Yu Huang reached out and pushed open the door.

“Won’t we know if he’s there or not when we go in and take a look?” With that said, Yu Huang was the first to enter. After entering, she even turned around and said to Xuanyuan Shen, “Patriarch Xuanyuan, don’t worry. He didn’t set up any array formations in the courtyard. It’s safe.”

Sheng Xiao chuckled when he heard Yu Huang’s words. He strode into the room with her.

Xuanyuan Shen’s expression was a little gloomy. How could he not tell that Yu Huang was mocking him for being timid and not daring to barge into the Prime Master’s private residence?

Xuanyuan Shen took a deep breath and brought the others into the courtyard.

As soon as they entered the courtyard, they found that the villa where Di Ruofeng lived had been destroyed by something. The roof had collapsed! Sheng Xiao suddenly flew upstairs. He saw something and shouted in panic, “Dean! Why are you like this?!”

Hearing this, Yu Huang, Xuanyuan Shen, and the others flew upstairs. In a bedroom that had been destroyed the most, they saw the old dean, who had long been frozen into an ice popsicle.

The old dean stood by the bed and stabbed at the bed with a dagger in his hand, as if he was going to commit murder on someone sleeping on the bed. From his posture, he had been frozen into an ice popsicle in an instant.

Yu Huang exclaimed, "It was that Icy Night T-Rex!"

Di Ruofeng had a Icy Night T-Rex, and that T-Rex had the ability to instantly freeze things. This was something many people knew. The only person who could instantly freeze Di Ruofeng while he was caught off guard was the T-Rex.

Seeing this, Liuli Xiangsi smiled mockingly at Xuanyuan Shen and said, "Patriarch Xuanyuan, you really wronged our dean earlier. Our dean has always been a righteous person. He must have discovered the truth that Anna is a fiendish cultivator and wanted to kill her personally, but he was instantly frozen by the Icy Night T-Rex that betrayed him."

"Hmph!" Xuanyuan Shen snorted and said, "That Icy Night T-Rex is Dean Di's pet. How could it betray Dean Di so easily? I can't say for sure, but this might be an act put on by Dean Di!"

"I don't like what you're saying." Liuli Xiangsi stroked the dean's frozen face with heartache. She said, "Patriarch Xuanyuan, you're not a senior of the Divine Realm Academy. You might not know, but this Icy Night T-Rex's Ice Seal Technique is very powerful. Anyone who is successfully frozen by him, be it a Grand Master or a Prime Master, will have their spiritual power instantly sealed. In at most two hours, those who are frozen will die from hypothermia."

"Even our dean is no exception."

Liuli Xiangsi looked at the old dean's eyes with heartache and said sadly, "You said that the dean was putting on a pitiful act. Did he have to risk his life? We don't know how long our poor dean has been frozen and if he can still be saved."

Liuli Xiangsi wiped her nonexistent tears and scolded, "Poor dean, he was actually murdered by that ingrate disciple and the Icy Night T-Rex."

After what Liuli Xiangsi had done, Xuanyuan Shen could no longer accuse Di Ruofeng of shielding his disciple.

"Retreat!" Yu Huang suddenly summoned Xuan Yu to save the old dean.

As soon as Xuan Yu appeared, the temperature in the cold room suddenly rose, and the ice that had frozen the dean was slowly melting.

Ordinary people really couldn't withstand the power of the Purifying Evil Phoenix Flame. When Liuli Xiangsi saw that her curly hair, which had just been done, was about to explode from the Purifying Evil Phoenix Flame, she, who was vain, immediately flew downstairs and retreated far away. Xuanyuan Shen and the others didn't want to delay Yu Huang's rescue, so they also retreated unwillingly.

As soon as they left, Sheng Xiao said, "It escaped with Anna." The two of them looked at each other. They knew that the old dean was putting on a show, but they didn't expose him.

Sheng Xiao looked at his watch and said, "When it flew away, it called out to Eight Towers Mountain. It was ten in the morning. Now... there are still six minutes to twelve." If they had come six minutes later, the old dean would have frozen to death.

Yu Huang sighed. "He's gambling with his life."

"Yes."

Sheng Xiao thought of something and said, "Wherever the Icy Night T-Rex goes, the temperature will plummet. It will definitely attract the attention of the Beast Tamers. Now that the news that Anna is a demonic cultivator has been announced, it won't be easy for the Icy Night T-Rex to escape with her. Stay here and take care of the dean. I'll help them."

Then, Sheng Xiao turned to leave to help Anna. Yu Huang stopped him anxiously. "Sheng Xiao! Anna is a demonic cultivator. If you do this, you will become an enemy of the righteous beast tamers."

Sheng Xiao stopped in his tracks and looked at the group of people downstairs. He suddenly turned his head and smiled at Yu Huang. "But she's the friend you care about the most. You believe her. You want to protect her, don't you?"

Yu Huang was speechless.

"The person you want to protect is also the person I want to protect. I'm not afraid of becoming the enemy of the world. I'm just afraid of letting you fight alone." Sheng Xiao walked back and hugged Yu Huang's head. He lowered his head and kissed her forehead. He said, "You've fought alone for long enough during the apocalypse of Earth. In this life, I will protect this world with you and betray justice with you."

#### **Chapter 438: What's Despicable is the Human Heart**

"You fought alone for long enough during the apocalypse. In this life, I will protect this world with you and betray justice with you." Sheng Xiao let go of Yu Huang and turned to leave.

However, Yu Huang grabbed his wrist again and said calmly, "I believe that Anna is kind by nature, but if she really loses her rationality and becomes a bloodthirsty demon, I also hope that you can kill her decisively."

Yu Huang understood that the moment Anna completely lost her consciousness, she would already be dead. Killing her first before her cultivation fully matured was indeed the only way.

"Brother Xiao, once you realize that Anna has lost control... kill her. Also, be careful."

"Okay."

Time was tight, and they couldn't afford to waste it.

Sheng Xiao let go of Yu Huang's hand and jumped out of the back window without hesitation.

He knew that this trip might end up in him jeopardizing the common good and he would be slandered and condemned by all the righteous Beast Tamers in the world, but he still went without hesitation because that was what Yu Huang wanted to do.

As Yu Huang controlled the Purifying Evil Phoenix Flame to melt the old dean, she stared blankly at the back window.

\* \*

The Abyssal Origin Forest was at the border of the Blazing Realm Continent and the Ice Realm Continent. It was close to the Black Dome Purgatory Sea and was adjacent to the Rakshasa Empire.

The Rakshasa Empire was the territory of the Blood Peacock.

Because the Abyssal Origin Forest was close to the Rakshasa Empire, in the past, there were often people who went to the abyss to kill demon beasts and obtain Monster Cores. However, ever since the identity of the Blood Peacock was exposed, there were indeed very few Beast Tamers who dared to approach the Abyssal Origin Forest.

The center of the primitive forest was surrounded by the most ferocious and powerful super demon beasts on the Holy Spirit Continent. There were many powerful divine demons among them. To Beast Tamers, the center of the primitive forest was an area that was filled with danger and couldn't be approached. However, to the Icy Night T-Rex, that was the only place where he and Anna could hide.

Although he was only a peak level 6 demon beast, he had awakened his divine sense and was a divine demon. All divine demons had the potential to become a Demon Gods. The demon beast world was very protective for divine demons. If the Icy Night T-Rex wanted to live in the center of the primitive forest, those demon beasts definitely wouldn't object.

Because demon beasts were oppressed by humans, they were more unified than humans.

The Icy Night T-Rex carried Anna and flew above the Divine Realm Continent towards the border of the Blazing Realm Continent.

The Icy Night T-Rex spread its ice-blue wings. As it flapped its wings, the scorching temperature in the sky instantly plummeted. The water vapor turned into rain and condensed into ice that smashed towards the town below.

"Why is there suddenly hail?" Jade Empire was a small country near the Divine Sea in the Divine Realm Continent. This country's economic lifeline was mainly tourism. The climate in this country was mild, and it had been more than ten years since there had been hail. Moreover, the weather forecast this morning didn't say that there would be hail today.

This hailstorm came suddenly and injured many people.

"This hail is unusual." In the capital of the Jade Empire, the Purifying Spirit Academy, a Level 6 Purifying Spirit Master walked out of the house. He flew to the top of the building of the Purifying Spirit Academy and looked up at the sky. He noticed a dragon-shaped demon beast flying past in the deep sky.

"There's an ice T-Rex in the sky!" Recalling the latest news announced on the Beast Tamer Alliance's official website, the Purifying Spirit Master immediately exclaimed, "It's Dean Di's Icy Night T-Rex! It's the one who took away the fiendish cultivator!"

The Purifying Spirit Master immediately shouted, "That fiendish cultivator is high in the sky. Don't let her go!" With that, he took the lead and flew into the sky.

Upon hearing this, some Beast Tamers who happened to be traveling in the Jade Empire summoned their beast forms and flew into the sky.

\* \*

The Icy Night T-Rex glanced down at Anna.

The temperature in the sky was relatively cold, and the Icy Night T-Rex wrapped a down blanket around Anna. Anna's small body was curled up under the blanket, revealing only her petite and exquisite face. At this moment, her face was red from the cold air, and she looked pitiful.

The unconscious Anna was unable to use her spiritual power to resist the cold.

At this moment, she was as weak as an ordinary person.

The Icy Night T-Rex knew that he was the ice source, but he didn't dare to let go of Anna and could only hug her tighter.

"Anna, we're about to leave the Divine Realm Continent. When we fly past the Blazing Realm Continent and reach the Primordial Forest, we'll be safe." The Icy Night T-Rex tightened its claws and stuffed Anna into its arms before flapping its wings even faster.

After flying for another two thousand meters, he suddenly discovered two sword-wielding Beast Tamers and a Purifying Spirit Master holding a Psychic Scepter standing in the sky in front of him.

From the spiritual energy halo that lit up above their heads, two of them were Supreme Masters.

The figure of the Icy Night T-Rex suddenly stopped.

He hugged Anna tightly, and his ice-blue beast eyes reflected the aggressive figures of the three Beast Tamers.

"Leave the fiendish cultivator behind, and we'll let you live!" The three of them weren't confident that they could eliminate the Icy Night T-Rex, so they deliberately stalled for time while hoping that an expert would come to help later.

The Icy Night T-Rex had followed Di Ruofeng for so many years, so how could it not see the fear in their eyes? He understood that they were stalling for time and waiting for other experts to help, but how could the Icy Night T-Rex give them this chance?

The Icy Night T-Rex spoke in human language and said angrily, "Human! Let us go. Otherwise, don't blame me for killing you guys!" He was a demon beast. Demon beasts killed, and humans killed demon beasts. It was the survival of the fittest.

Upon hearing the Icy Night T-Rex speak in human language, the three beast tamers panicked a little. "T-Rex, you ambushed and severely injured Prime Master Ruofeng, then kidnapped and protected a fiendish cultivator. Your actions are truly disgraceful! Today, the three of us will represent the entire cultivation world to punish you!"

After saying that, the two Supreme Masters suddenly threw the long swords in their hands at the Icy Night T-Rex. The long swords shot out. Just as they were about to approach the Icy Night T-Rex, they transformed into a strong leopard and a funny-looking pug.

The dog and leopard both used their sure-kill techniques on the Icy Night T-Rex.

“Lightning Claw!”

“The contempt of a king!”

The leopard jumped up and raised its front claws high. Its two claws instantly became extremely sharp and could cut through iron like mud. The claws grabbed at the Icy Night T-Rex with a sharp aura. The Icy Night T-Rex hugged Anna and quickly retreated while spitting an ice ball at the leopard!

The leopard was frozen by the ice ball and immediately lost its mobility.

At the same time, the pug also shot a look of disdain at the Icy Night T-Rex. It looked at the Icy Night T-Rex with disdain. After he glanced at it, the Icy Night T-Rex immediately sensed that the demonic power in its body had been suppressed.

Taking advantage of this opportunity, the Purifying Spirit Master immediately released his psychic net.

A psychic net that was as precise as a fishing net sprinkled down from the sky. The psychic net spread out in an attempt to capture the Icy Night T-Rex and Anna!

The Icy Night T-Rex saw that the psychic net was getting closer and closer to him. They had nowhere to escape. Its eyes instantly turned red with anxiety. “Roar!” The Icy Night T-Rex carried Anna and teleported a hundred meters away. However, the psychic net seemed to have eyes and chased after the Icy Night T-Rex.

The psychic net was completely opened and successfully imprisoned the Icy Night T-Rex and Anna!

The Icy Night T-Rex’s icy blue eyes turned red. His wings were suppressed by the psychic net and were completely retracted. He could no longer fly. He curled up in the cage and struggled while carefully protecting the girl he liked.

He stared at the Purifying Spirit Master with bloodshot eyes and begged, “Merciful Purifying Spirit Master, I hope you can let Anna go. Anna is really kind. She has never hurt anyone before. That day at the Eight Towers Mountain, her loss of control was really an accident! Please!”

When the Purifying Spirit Master heard the Icy Night T-Rex’s words, he was somewhat shocked.

A demon beast that could say such words must have already awakened its divine consciousness.

The Icy Night T-Rex in front of him was actually a divine demon!

A divine demon!

A young divine demon that roamed the Holy Spirit Continent and was far away from the protection of demon beasts!

The Purifying Spirit Master's eyes suddenly lit up when he looked at the Icy Night T-Rex. He had heard that divine demons were full of treasures. Eating them was equivalent to cultivating for a hundred years.

This Purifying Spirit Master was actually the President of the Jade Empire's Purifying Spirit Academy. His name was Tamor, and he was 223 years old this year. He was an old acquaintance of Lin Jiansheng's and could be considered his senior.

More than fifty years ago, he and Lin Jiansheng had broken through to become Level 6 Purifying Spirit Master level one after another. Now, fifty years had passed, and he was still stuck at Level 6. On the other hand, Lin Jiansheng had already broken through to Level 9 and become the expert closest to becoming a Purifying Spirit God.

Now, even the Blood Peacock Su Xuanye was suppressed by him.

Tamor looked down at his snow-white hair and the back of his hand, which was covered in wrinkles and age spots. He knew that if he didn't break through his cultivation level soon, he would naturally age and die.

Humans were greedy. When they were 30 years old, they wanted to live to 100 years old. When they were 100 years old, they wanted to live another 100 years.

Tamor had lived for more than two hundred years. The more he lived, the more he felt that the world was exciting and precious, and the more he was afraid of death and aging. And this divine demon in front of him was the opportunity for him to break through.

Tamor's gaze flickered slightly. He suddenly turned around and said to the two injured Beast Tamers behind him, "The two of you are seriously injured. Why don't you go to my Jade Empire's Healing Center for treatment? I'll personally escort this demon beast and demonic cultivator to the Divine Moon Empire!"

Tamor was a respected Purifying Spirit Master in the Jade Empire. The two Beast Tamers believed his words without a doubt.

Hearing this, the two of them didn't force it. After hurriedly saying goodbye to Tamor, they left the battlefield.

After watching the two of them leave, Tamor walked to the Icy Night T-Rex and said, "Follow me!"

The Icy Night T-Rex thought that they would definitely die. He felt crestfallen, and he only stared at the back of this old thing with hatred in his eyes. He swore that if there was a next life, he would definitely kill this old thing with his own hands!

Tamor flew high in the sky with the Icy Night T-Rex for a while before suddenly landing in a vast and uninhabited forest.

This place was close to the Broken Cliff, and there were many demon beasts living here. Summer was the season for demon beasts to reproduce, so hunters generally didn't barge in to hunt.

In the battle of the Eight Towers Mountain, the ancient merman had personally said that she would fight them to the death in Broken Cliff in two months. Therefore, the already terrifying Broken Cliff became even more uninhabited.

Tamor had specially brought the Icy Night T-Rex here because he thought that since there was no one here, it would be easy to handle.

Tamor stared at the dragon in the psychic net. A faint smile suddenly appeared on his old face.

That smile made the Icy Night T-Rex feel uneasy.

The Icy Night T-Rex subconsciously hugged Anna tightly and looked at the Purifying Spirit Master warily. He roared angrily, "Despicable human! If you want to kill or torture me, just do it!"

The Purifying Spirit Master suddenly said, "Do you like the fiendish cultivator in your arms very much?"

The Icy Night T-Rex snorted. "None of your business!"

Tamor didn't care if he was scolded.

Tamor sized up the overly huge body of the Icy Night T-Rex. When he thought about how the body of this divine demon in front of him was comparable to a hundred years of cultivation, he couldn't help but feel his heart burn. "How about we make a deal?"

The Icy Night T-Rex looked at Tamor suspiciously and didn't say anything.

Tamor smiled and suggested, "How about this? I can promise to let go of this fiendish cultivator in your arms."

These words clearly made the Icy Night T-Rex tempted. The Icy Night T-Rex was finally willing to look Tamor in the eye. The Icy Night T-Rex asked skeptically, "What are your conditions?"

"Condition..." Tamor knocked the head of the Icy Night T-Rex with the Psychic Scepter in his hand. He looked straight into the Icy Night T-Rex's ice-blue beast eyes and said with a creepy expression, "Let me eat you."

The Icy Night T-Rex was stunned.

Wasn't he a Purifying Spirit Master?

Didn't they say that Purifying Spirit Masters were kind-hearted cultivators?

Humans were really complicated.

### **Chapter 439: I'm Willing to Be Banished With You**

Tamor said, "You know you're a divine demon, right? Tyrannosaurus, if you're willing to be eaten by me, I'll let her go!"

The Icy Night T-Rex looked down at Anna. Seeing that Anna was about to freeze to death, he realized that Anna couldn't accompany him anymore. If he kept hugging Anna like this and couldn't find a safe place to hide, Anna would freeze to death sooner or later.

For the first time, the Icy Night T-Rex hated its own abilities.

“You only have a minute to consider. If your answer is unsatisfactory to me, then I...” Tamor looked at the woman in its arms and smiled disdainfully. He said mercilessly, “I can only hand her over and let them grind her bones to dust.”

“Do you know what it means to grind bones to dust?” Tamor slowly explained to the Icy Night T-Rex what it meant to grind bones to dust. “It means to first crush her beast heart, then cut off her head. Then, pull her spine out of her body, break her bones one by one, and cremate them separately...”

“As for those who are reduced to ashes, they will never have the chance to reincarnate.”

The thought of Anna being treated so cruelly made the Icy Night T-Rex tremble with anger.

He knew that it was all true.

Those people were really capable of it.

They claimed to be righteous, but most of them were despicable people. All of them were even more evil than demon beasts.

The Icy Night T-Rex would never allow them to hurt Anna like that!

The Icy Night T-Rex suddenly released its front claws and carefully placed Anna on the ground. “I heard that there’s a place called Broken Cliff in this world. The demonic aura there is deep, so it should be suitable for demonic cultivators to survive.” The Icy Night T-Rex didn’t know that their current location was near Broken Cliff.

The Icy Night T-Rex told Tamor, “If you can help me send her to Broken Cliff, I’ll promise you that I’ll willingly become your food.”

The reason why he wanted to bring Anna to the primitive forest was because he was a divine demon and a member of the demon beasts. The demon beasts would willingly accept him and the person he loved. However, without his protection, Anna couldn’t survive in the primitive forest.

She would be torn apart and eaten by those demon beasts.

The demonic aura in the Broken Cliff was deep. Perhaps Anna would have a chance of survival there.

Tamor agreed without thinking. “Alright, deal!”

Tamor personally released Anna from the psychic net. He bent down and was about to pick her up when he realized that the little girl lying in the blanket had opened her eyes.

“Is my Tyrannosaurus something you can eat?” The woman’s voice was cold with mockery and disdain.

Tamor realized that the fiendish cultivator had awakened. He suddenly retreated and immediately controlled his psychic power to transform into a long sword with pure psychic power. Tamor raised the long sword and stabbed at Anna’s heart!

Demonic cultivators were the same as demonic creatures. What they were most afraid of was not the spiritual attack of a Beast Tamer, but the psychic attack of a Purifying Spirit Master!

Tamor believed that Anna was only an early-stage fiendish cultivator. With his Level 6 cultivation, it was more than enough to deal with an early-stage fiendish cultivator.

Tamor thought so confidently, and his gaze was extremely firm.

But...

When he saw Anna open her red lips and bite the sword with her teeth, he was stunned.

Not only did she not dodge, but she actually dared to face his attack head-on!

How dare she?!

Anna bit the long sword. Her brown eyes suddenly turned into two bottomless abysses. In the abyss, demonic energy condensed. In her mouth, the long sword formed by psychic energy actually returned to the form of psychic energy. As Anna's throat swallowed and exhaled, the psychic energy was actually swallowed by her as nourishment!

Not only was this fiendish cultivator not afraid of psychic power, but she could also eat psychic power!

Only then did Tamor realize what kind of dangerous and strange fiendish cultivator he had provoked!

Alarmed, Tamor turned to flee.

However, Anna reached out her arms and grabbed his hand tightly. The petite and cute girl suddenly grinned at him. Then, she mocked him,. "You injured my Tyrannosaurus, but you still want to run?"

Anna opened her cherry mouth again and bit the back of Tamor's hand.

In an instant, the psychic energy in Tamor's Spiritual Abode seemed to have been summoned. It drilled into his arm and entered Anna's body through the small hole on his back.

Tamor was shocked.

"How dare you devour my psychic power?!" Every drop of psychic power was hard to come by. Without psychic power, Tamor would instantly age and die from organ failure!

This was an ending that Tamor couldn't accept no matter what!

Why wouldn't Anna dare to?

She dared to eat everything in the world, so why would she be afraid of mere willpower?

The Psychic power in a Level 6 Purifying Spirit Master's body was like an endless ocean. Anna kept devouring it, and Tamor's appearance aged at a visible speed. His already wrinkled eyes instantly became extremely old-looking, and his white hair instantly lost its luster, like withered grass.

Sensing that his psychic power and life force were fading, Tamor let out a pained and despairing cry. "Ah! Ah!!"

Lin Jiansheng and Kong Qing stood in the distance and watched this scene without saying a word.

Kong Qing held Lin Jiansheng's hand and asked softly, "Dad, that Purifying Spirit Master is being devoured. Why don't you save him?"

Lin Jiansheng said, "Serves him right."

He was a Purifying Spirit Master, not Virgin Mary. Tamor had ulterior motives towards the Tyrannosaurus. He deserved it.

"Anna is so scary." Kong Qing felt a terrifying energy fluctuation on Anna's body. He felt that Anna was a vortex that could devour everything. Kong Qing licked his lips excitedly and said curiously, "Anna must be delicious. If I eat her, I will definitely grow taller."

Lin Jiansheng was speechless.

"She's human."

Kong Qing swallowed hard and tried his best to suppress the urge to eat Anna.

"Ah!!!" Tamor's painful cry spread throughout the forest.

The vast sea of psychic energy in Tamore's Spiritual Abode was actually almost entirely devoured by Anna. Anna had long been full, but she refused to let Tamor off. She looked at Tamore expressionlessly and sucked hard again. All the psychic energy in Tamore's body was poured into Anna's body!

Anna removed her teeth from Tamor's back. She looked up and raised a fair and cute face. She smiled at the old man and said, "Your psychic power is so delicious." Anna released her grip on Tamor's arm.

Without Anna's support, Tamor swayed and fell to the ground.

He laid on the ground and stared at the sun above him with blurry eyes. He would never have thought that he, who had been sizing up the divine demon ten minutes ago and fantasizing about breaking through, would fall to the ground and become a corpse in the blink of an eye.

Tamor closed her eyes with hatred.

Seeing that Tamor was dead, Anna wiped her lips in disdain and turned to look at the Icy Night T-Rex.

With Tamor dead, the psychic net that bound the Icy Night T-Rex's body naturally disappeared.

The Icy Night T-Rex folded its wings and squatted quietly behind Anna while looking at her calmly. It was as if it didn't see the scene of Anna devouring a Level 6 Purifying Spirit Master. Its attitude towards her was the same as before.

Seeing that the Icy Night T-Rex was still there, Anna asked, "Why didn't you leave?"

The Icy Night T-Rex said, "You're here."

Anna sneered and said, "Aren't you afraid that I'll eat you?"

The Icy Night T-Rex said, "If eating me can let you return to normal. I'm willing to let you eat me."

Upon hearing this, the two whirlpools in Anna's eyes gradually calmed down and returned to their clear appearance. Anna looked up at the huge body of the Icy Night T-Rex and met his ice-blue eyes. She said, "I will lose control at any time. When I lose control, I won't be able to differentiate between friend and foe. I will eat you."

The little T-Rex didn't explain anything.

He slowly laid down in front of Anna. He said, "Anna, I'm willing to be exiled with you."

Anna's eyes were filled with tears. She walked towards the Icy Night T-Rex in small steps and took the initiative to hug his cold neck for the first time. Anna choked on her tears and said, "If I lose control, you can kill me. I want you to crush my beast heart personally and grind my bones into dust."

"... Okay!"

Anna climbed onto the back of the Icy Night T-Rex. She hugged its neck and lowered her head to kiss its cold head. She whispered, "Take me to your hometown."

"Alright!"

The Icy Night T-Rex flapped its wings and leaped into the sky!

#### **Chapter 440: Suspicion**

Lin Jiansheng stared in the direction where Anna and the Icy Night T-Rex had left. He smiled and suddenly turned to the man hiding in the forest. "Whether they live or die in the future is their good fortune. Let's send them here."

There was the sound of dead branches being stepped on in the forest, and then a man walked out.

The person was wearing a gray shirt with a cloud-patterned marble collar pin at the collar. He was holding a black dragon-patterned sword. It was Sheng Xiao. Sheng Xiao called out to Lin Jiansheng and walked slowly to Tamor's corpse.

Sheng Xiao stared at Tamor's body for a moment. Then, he turned to Lin Jiansheng and said, "Anna didn't lose her mind completely."

"That's right." Lin Jiansheng had been hiding in the dark just now and had observed Anna's actions after she woke up. He had also discovered that Anna hadn't completely lost her mind.

Lin Jiansheng said in surprise, "According to the records, those great fiendish cultivators are natural destroyers without self-awareness. Anna is a little strange. After she woke up just now, although she awakened her demonic nature, she wasn't enslaved by that demonic nature nor did she become a true fiendish cultivator. On the contrary, she still retained her consciousness and could wake up instantly and recognize that Tyrannosaurus."

"I've never heard of such a demonic cultivator."

Sheng Xiao found it strange too, but he couldn't understand it either.

"Forget it, go back first. The old dean's place must be in a mess."

"Yeah, okay."

Sheng Xiao said goodbye to Lin Jiansheng and rushed back to the Divine Moon Empire.

When he returned to the old dean's place, Xuanyuan Shen and the others had already dispersed. Only Yu Huang remained in the small courtyard to take care of Di Ruofeng.

The house that had been destroyed by the Icy Night T-Rex still looked dilapidated. It looked like it was about to collapse at any moment.

The old dean's room looked relatively safe.

The old dean had been frozen for nearly two hours. His old bones couldn't take it anymore. The old dean leaned against the head of the bed and held a bowl of ginger soup in his hand. As he drank it in small sips, he listened to Yu Huang tell him what had happened today.

"Xuanyuan Shen directly got someone to carry the corpses of the three guest elders of the Xuanyuan Clan and shouted aggressively at the entrance of the Yin Clan. He was afraid that others wouldn't know that he, Xuanyuan Shen, had lost three guest elders. He was very proactive in dealing with Anna. That day, when we dealt with Su Xuanye, why didn't he rush to the front? He's a coward who is afraid of death and only dares to bully the weak! Speaking of which, the students of the Divine Eagle Academy seem to be the same."

Xuanyuan Shen and Yin Fu were the same.

Di Ruofeng chuckled when he heard this. He said, "It is a case of scoundrel realizing his ambition."

At that moment, the old dean sensed that someone was approaching. He sensed carefully and said, "Sheng Xiao is back."

"Is that so?" Yu Huang quietly activated her psychic power and caught Sheng Xiao's aura. Yu Huang immediately got up and opened the window to look downstairs. She saw Sheng Xiao pushing open the door of the small courtyard and rushing back.

Sheng Xiao looked up at Yu Huang when he heard the window open.

Seeing that Yu Huang's eyes were filled with concern, Sheng Xiao smiled at her and said concisely, "They're fine for now."

"That's good."

Yu Huang waved at Sheng Xiao and gestured for him to go up and talk.

Sheng Xiao drank a glass of water downstairs and hurried to the old dean's room.

Sheng Xiao was relieved to see that the old dean was in good spirits. "Dean, Anna and the T-Rex have left the Divine Realm Continent safely. If nothing goes wrong, they should be able to reach the primitive forest safely."

After knowing that Anna's life wasn't in danger and that she had successfully left the Divine Realm Continent, Di Ruofeng felt a little more at ease. He held the ginger soup and took a sip. He wiped his beard that was drenched by the ginger soup with a handkerchief before asking, "Did you meet anyone along the way?"

"When I was passing by Jade Empire, I met two Supreme Masters and a Level 6 Purifying Spirit Master." Sheng Xiao told the old dean everything he had seen and heard.

After knowing that the Purifying Spirit Master from the Jade Empire called Tamor had actually set his sights on the Icy Night T-Rex, Di Ruofeng was instantly angered to the point of snorting coldly. He cursed, "This person is unethical and very bad. No wonder he's still a Level 6 Purifying Spirit Master after cultivating for more than two hundred years."

"Su Xuanye had too many darkness in his heart too. Therefore, he cultivated for more than 600 years before breaking through to become a Level 9 Purifying Spirit Master 30 years ago."

In the hundreds of years since the birth of the Purifying Spirit System, there had rarely been a Level 9 Purifying Spirit Master. The only Purifying Spirit Masters who could break through to Level 9 in less than 200 years were Su Tingxue and Lin Jiansheng.

From this, it could be seen that only the purest and kindest person could comprehend the true meaning of the Purifying Spirit Art. This was true.

The old dean looked at Yu Huang and said, "Although your mentor doesn't look like a kind and smart person, and it took him three years to successfully condense the Psychic Pearl back then. He truly has a benevolent heart. That's why he was able to obtain the sacrifice of 13,000 Yin Clan souls and become the strongest person in the Purifying Spirit world."

"From this, it can be seen that people can't have any evil motives. Those with evil intentions will definitely suffer a backlash."

To be honest, when Lin Jiansheng went to the Divine Realm Academy to report back then, when he saw Lin Jiansheng's gangster-like appearance, not to mention Di Ruofeng, even that old fart Edward from the Purifying Spirit Department didn't believe that Lin Jiansheng would have his current achievements.

However, those who judged a book by its cover would often be proven wrong.

In the hundred years that Di Ruofeng had been the dean, his judgment was quite sharp. The only time he had failed was with Lin Jiansheng.

"Tamor died because Anna swallowed his psychic energy. He deserved it."

Yu Huang and Sheng Xiao listened quietly. After the old dean finished sighing, Yu Huang reminded him, "Drink the ginger soup while it's warm. Don't catch a cold." Although Beast Tamers didn't catch a cold easily, the T-Rex's Ice Seal was too powerful.

The old dean finished the ginger soup in one gulp and said, "I'm relieved that T-Rex took Anna away. I watched the T-Rex grow up. He's a good child who means what he says. If Anna really loses control and becomes a demonic cultivator, the T-Rex will definitely do as he promised."

Yu Huang recalled Anna's loss of control on the Eight Towers Mountain that day. She felt that this matter was too sudden.

Yu Huang said, "I have a feeling that Anna's loss of control is a little suspicious."

The old dean didn't say anything, but his expression was very serious. Clearly, he had the same doubts as Yu Huang.

Sheng Xiao asked her, "What's suspicious?" Sheng Xiao didn't know Anna as well as Yu Huang did, so he didn't find anything suspicious.

Yu Huang revealed her thoughts and said, "Anna's beast form has always been very calm all these years and has never lost control. On the day of the Battle of the Eight Towers Mountain, although the scene was extremely chaotic and easily agitated people, Anna has been used to all kinds of big scenes in the two years she has been with the dean. According to her current state of mind, she shouldn't have lost control so easily."

The old dean nodded slowly and said, "I feel the same as Yu Huang. We both feel that this is very abnormal." Anna was Di Ruofeng's disciple. Di Ruofeng understood Anna's temperament better than anyone else. In the past two years, Di Ruofeng had arranged for Anna to tame demon beasts. Many demon beasts had resisted and attacked Anna, but Anna's reaction was calm and composed every time. She wasn't the kind of person who would lose control of her consciousness easily.

Di Ruofeng suspected that Anna had lost control because someone was controlling her from behind. However, he had no idea who that person was or how that person controlled Anna.

Sheng Xiao suddenly asked Yu Huang, "Do you have the surveillance backup from that day?"

"Yes, when Xuanyuan Shen made a copy this morning, I also made a copy."

Yu Huang used the memory stone to copy the image from that day.

Yu Huang took out the memory stone and placed it on the bedside table before awakening it with her spiritual power.

The memory stone woke up, and its body emitted a bright white light. Soon, the image of the battle of the Eight Towers Mountain was projected into the room.

The surveillance footage copied from the memory stone was a three-dimensional image. The three of them stood in different directions to watch the image. Yu Huang and the old dean were staring at Anna, wanting to find out which scene had stimulated Anna's nerves and caused her to lose control of her consciousness.

Sheng Xiao, on the other hand, was focused on the super experts on the battlefield.

However, after watching the video three to four times, Yu Huang and the old dean didn't find anything suspicious.

Anna's loss of control really looked like an accident.

"Let's watch it again." Yu Huang was worried that they would miss some details. She refused to give up, so she replayed the video again.

However, this time, she and the old dean still didn't gain anything.

Just as Yu Huang gave up and was about to turn off the memory stone, she heard Sheng Xiao say, "It's not the battle that agitated Anna, but him..." Sheng Xiao suddenly pointed his index finger at the sky above the battlefield. The person he pointed at was Su Xuanye, who had white hair.

Yu Huang and the old dean looked at each other in surprise.

The old dean asked Sheng Xiao, "What did you find? Is there a problem with Su Xuanye?" That day, the old dean had been fighting with Su Xuanye. He didn't remember Su Xuanye attacking Anna.

Sheng Xiao pointed at Su Xuanye and said, "I've been observing Su Xuanye and found some unusual details."

Sheng Xiao replayed the scene when the eight Supreme Masters of the Yin family were killed by Yu Huang and she was surrounded by all the treacherous Beast Tamers.

"Look carefully at this scene. At that time, when the members of the Blood Peacock Organization saw that Yu Huang had killed the eight Supreme Masters of the Yin Clan by herself, they were afraid and decided to attack Yu Huang together. At that time, Yin Rong, Xiao Shu, Anna, and all the young Beast Tamers decided to approach Yu Huang together. When he saw this scene, Su Xuanye's expression clearly became more serious."

Hearing this, Yu Huang raised her head and looked at Su Xuanye, who was on the battlefield. As expected, when Su Xuanye saw that everyone was approaching her, his expression indeed became solemn and ugly.

Sheng Xiao continued, "Look carefully. Su Xuanye's lips moved a few times. Did he say something?"
