Chapter 51: Bro, Do You Know Sheng Xiao?

According to the time, the eruption of the Black Dome happened within these two days. The people who heard the news and rushed over gathered at the peak of the Black Dome Mountain, and there were approximately 200 people as far as the eye could see.

Most of them were mercenaries hired by the Beast Tamer as fighters. There were probably only 20 to 30 real Beast Tamers.

However, Beast Tamers who had the ability to come to the Black Dome to snatch the Purifying Spirit Sacred Pearl were mostly disciples of large families. All of them had similar backgrounds as Feng Si.

That was why when Sheng Xiao appeared on the peak alone, he attracted the attention of many people. However, Sheng Xiao did not care about their gazes. He chose a seat that was against the wind and sat down. He looked relaxed, like a backpacker who was here to travel.

Some people felt that Sheng Xiao's assurance was because of his fearlessness. They could not help but think about it. Who was this person? Was he also a Beast Tamer?

However, those who would come to the Black Dome to fight for the Purifying Spirit Sacred Pearl were all low-level Beast Tamers. This fellow was alone and did not even have a follower. He was probably just a nobody without any power or status.

With that thought, everyone lost interest in Sheng Xiao and stopped paying attention to him.

Because the Black Dome had yet to erupt, these mercenaries had nothing to do, so they sat on the ground and played cards.

Two geologists carried their tool bags to the top of the mountain and examined the eruption at the top of the black dome.

Feng Si led his subordinates to the top of the mountain. When he saw the two geologists, he quickly walked to them and asked, "Professors, how are the data today?"

Feng Si was the first to arrive at the Black Dome, and the experts were already familiar with him. They stared at the surveyor in their hands and said, "The toxic gas in the air is eight times thicker than yesterday. According to this speed, the Black Dome will erupt between eight and ten tonight."

Hearing this, the mercenaries who were playing cards immediately stopped talking and looked at the professor.

"Professor, are you sure the Black Dome will erupt tonight?" A man in a silver-gray suit asked. There was a black design on his shoulder. It looked like a vine or an animal opening its dark mouth.

Feng Si glanced at that person and recognized that it was the family badge of the Teng Family of the Blazing Realm Continent. His gaze could not help but darken.

There were countless cultivation families on the Holy Spirit Continent. The Sheng Clan of the Divine Moon Empire of the Divine Realm Continent, the Turun Clan of the Radiant Sea Elves, and the Ferocious Tiger Clan of the Hundred Beast Continent were recognized as the top of the hundred great clans on the Holy Spirit Continent.

Feng Si's family could only be considered a third-grade family on the Holy Spirit Continent. The Teng family that the man before him was from was considered a second-grade family.

He did not expect the Teng Family to join the battle for the Purifying Spirit Sacred Pearl. The competition was far more intense than he had imagined.

The two professors did not dare to say anything absolute. They looked at the data on the detector in their hands and said, "Probably."

Hearing the professor's reply, the people immediately changed their expressions. These people stood up and returned to their employer. They reached out and took out their guns.

The atmosphere on the mountaintop instantly became confrontational.

It was only morning, and there were still seven to eight hours before the eruption of the Black Dome. These people were going to start killing each other.

On the other hand, the young master of the Teng Clan covered his mouth and laughed lightly. With this laugh, everyone cast their gazes onto him. "Everyone, the Purifying Spirit Sacred Pearl is a spiritual item. Whether we can obtain it or not, and whether we can successfully tame it after obtaining it, is unknown. Before this, I don't think it's a good thing to fight amongst each other."

Teng Family's young master's words gradually relaxed the tense atmosphere.

Feng Si pushed his glasses up his nose bridge with his index finger and smiled as well. "Mr. Teng is right. Why don't everyone sit down and rest well? There's still a fierce battle tonight, so we have to conserve our strength."

Under Feng Si and the Teng Family's young master's persuasion, these people calmed down and rested on the spot.

Sheng Xiao did not participate in the entire process. He only sat quietly on a smooth rock and looked into the distance coldly.

Feng Si had noticed Sheng Xiao's unusual calmness. He changed his mind just when he was about to sit down and rest.

Feng Si walked to Sheng Xiao and looked in the direction where Sheng Xiao was looking. He saw that he was looking at the Infernal Sea.

Feng Si thought that Sheng Xiao did not know the name of the place. He told him, "That's the Purgatory Sea."

The person beside him did not respond to him at all. He seemed cold and aloof.

Feng Si looked up at Sheng Xiao. This pretty boy was quite pretentious. Who was he putting on airs for?

Feng Si lit a cigarette and bit it. He said in a vague voice, "Half a month ago, a little girl jumped into the Purgatory Sea and hasn't come out yet. I wonder if she's still alive?"

Sheng Xiao seemed to have finally noticed someone standing beside him. He glanced at Feng Si.

"Little girl?" In these hundreds of years, there had been countless Beast Tamers who had jumped into the Purgatory Sea, but this was the first time he had heard of a girl jumping into the Purgatory Sea.

"Yes, little girl. She looks like she just came of age and is still young." Feng Si shook his head and sighed. "She's so young. Why is she so suicidal?"

Sheng Xiao fell silent again. He was so arrogant. Feng Si told himself not to lower himself to the level of handsome men.

Handsome men always had strange personalities. God favored them. Unlike them, God hated him. He gave him an ordinary appearance and even gave him a useless beast form.

God was unfair.

Feng Si was still feeling gregarious. He asked Sheng Xiao again, "Are you alone?"

Sheng Xiao looked at him as if he was looking at an idiot. He felt that Feng Si had asked a stupid question.

Feng Si was rendered speechless by Sheng Xiao's gaze. He complained, "Bro, aren't you afraid of being beaten up when you're outside for being so cocky?"

Sheng Xiao remained silent.

Feng Si thought of something and smiled. He said, "Hey, do you know Sheng Xiao? He's the number one genius of Divine Realm Academy and the youngest Beast Tamer of the Holy Spirit Continent."

Sheng Xiao finally looked at Feng Si.

He didn't understand why this shortie would suddenly mention him.

They knew each other in the past?

Feng Si could see the confusion in Sheng Xiao's eyes. He held the cigarette with his finger and blew out a mouthful of smoke in the direction of the Purgatory Sea. He put on a disdainful expression and complained, "Sheng Xiao is my buddy. He relies on his outstanding cultivation and talent to act high and mighty all the time and ignores everyone. I hate him, but we are buddies forever. No matter how despicable he is, I can only tolerate him!"

"Your personality reminds me of him."

Sheng Xiao was speechless.

He did not remember that he had a friend called Feng Si.. But Feng Si's familiar tone made it seem like he knew Sheng Xiao.

Chapter 52: Purifying Spirit Sacred Pearl, Scheming Sheng Xiao

Feng Si did not know that Sheng Xiao was right in front of him. He was still boasting about their friendship. "This time, he knew that I was coming to snatch the Purifying Spirit Sacred Pearl. He insisted on accompanying me, but I rejected him."

Feng Si pointed at the subordinates behind him and told Sheng Xiao, "I've specially invited two Masters to help me and a team of top-notch mercenaries. I don't need him."

Feng Si said those words to tell Sheng Xiao two things.

Firstly, Sheng Xiao and I are bros. We are very close!

Second, I have two Masters under me. The others are also top-notch mercenaries.

Therefore, a person who was alone had to retreat in the face of difficulties. He should be sensible and shouldn't join in the fun. He should leave the mountain.

Sheng Xiao felt awkward for Feng Si.

Sheng Xiao asked a direct question. "If you need the Purifying Spirit Sacred Pearl, it means that you are a low-level Beast Tamer. I am curious. Why would a genius like Master Sheng be your bro?"

Hearing such an offensive question, Feng Si's reaction was not anger. Instead, he had a thought: That's right. Why would Master Sheng be friends with a low-level Beast Tamer?

Feng Si chuckled and waved his hand. "Although Sheng Xiao is proud, he never dwells on ability and family background when making friends. Compared to family background, he values character, charm, and morals more."

Sheng Xiao almost believed him.

He sized Feng Si up seriously. He really couldn't tell what kind of charm this person had.

He was short and boastful. He was the kind of person that he despised the most.

1

Sheng Xiao asked again, "Are you from Divine Realm Academy?"

He probably wasn't. Divine Realm Academy didn't accept trash.

Feng Si coughed and shook his collar. He said, "My surname is Feng, and I'm the second young master of the Feng family of the Ice Domain Continent. My name is Feng Zhen. Two years ago, I officially entered the Divine Realm Academy to study."

Feng Zhen?

Sheng Xiao had some impression of this person, but he remembered that Feng Zhen did not look like him.

The reason why he remembered Feng Zhen's face was that he had a deep impression of him. He was one of Sheng Xiao's most unforgettable juniors.

Divine Realm Academy was different from ordinary colleges. All the items in the school had to be exchanged with cultivation points. They could not be bought with money. In Divine Realm Academy, meals, bathrooms, and baths required cultivation points to be exchanged.

If he did not have enough points for cultivation, he would have to starve.

On the other hand, Feng Zhen sneaked into the boys' dormitory to steal food the first week of school. Coincidentally, it was Sheng Xiao's room.

The stolen item was a bag of chips, a bag of pork shacks, and a bundle of beverages.

Sheng Xiao did not even have a chance to drink it.

That was why Sheng Xiao still remembered what the thief who stole his beverage looked like.

Feng Zhen was actually Feng Si's second brother. He knew Sheng Xiao's personality well because of his second brother. His second brother was afraid of Sheng Xiao, like a mouse that had seen a cat.

Feng Si saw the change in Sheng Xiao's expression and thought that he was frightened by his words. Feng Si stood on his tiptoes and patted Sheng Xiao's shoulder. He asked, "Bro, are you a Beast Tamer?"

Sheng Xiao glanced at his shoulder and replied coldly, "Yes."

"Bro, you've seen it too. The people from the Blazing Realm Continent's Teng Family are here too. Everyone has helpers with them. You can't win against us alone. Why don't we do this? I'll hire you as my guard and help me get the Purifying Spirit Sacred Pearl. Let's be friends." After saying that, Feng Si took out a coin-sized purple card from his pocket. It was the honorable VIP card used by the entire continent's bank. The opening deposit was 50 million.

Feng Si stuffed the coin into Sheng Xiao's hand and said, "This is the deposit. It's 50 million. After it's done, I'll give you another 30 million. What do you think?"

It was Sheng Xiao's first time encountering such an idiot. He took the card and said, "Okay."

He would ally with Feng Si and borrow his strength to deal with the others. When those people fell, he only needed to kill Feng Si and the others to obtain the Purifying Spirit Sacred Pearl.

This was really... killing two birds with one stone!

A wise man submits to circumstances. Feng Si liked Sheng Xiao more when he saw that. "What's your name?"

Sheng Xiao said, "Ma Yao."

Feng Si nodded and changed his address, "Mr. Ma."

Sheng Xiao said, "Young Master Feng."

...

After Sheng Xiao became Feng Si's friend, Feng Si treated him well and Sheng Xiao even took a nap in their team for an hour.

When he woke up, the sun was about to set.

The gas that emerged from the Black Dome was getting darker and darker. It seemed that the Black Dome was about to erupt.

All the mercenaries wore gas masks. Only Beast Tamers did not need gas masks because they possessed energy.

Feng Zhen passed Sheng Xiao a gas mask and said, "Wear it. We can't let people guess our strength." Wear the mask and pretend to be an ordinary person to deceive the enemy.

He was a fool, but sometimes, his wit surprised him. He was not stupid enough to point that he was beyond hopeless.

Sheng Xiao took the mask and put it on. He saw that everyone in his team was wearing a mask. For a moment, he could not tell who were the Beast Tamers Feng Si had invited.

Sheng Xiao had just put on his mask when he heard a puff. It was as if water had been boiling and a bubble was rising in the kettle.

The commotion was very soft, but the beast tamers' hearing was much better than ordinary people's. They immediately sensed the abnormality.

Feng Si stared at the bubbling hole in the middle of the Black Dome peak and subconsciously reached for his glasses. He muttered, "It's about to explode..."

As soon as he finished speaking, he saw a crack in the soil at the center of the Black Dome. The thing hidden on the ground could not wait to see the light of day again!

"Retreat!"

Feng Si shouted and his team retreated more than ten meters away in an orderly manner. Seeing this, the other teams also followed suit.

Pfft!

A thick black gas broke through the soil on the Black Dome and rushed into the clouds!

The moment the flames rose, there was a pungent smell in the air. When the animals living tens of kilometers away smelled this smell, they immediately fell to the ground and twitched!

The poisonous gas in the Black Dome was erupting!

Everyone looked up and saw the black eye of the storm hidden in the gas through the towering toxic gas pillar.

The storm eye was really like a human eye, looking down at the ants below with a disdainful gaze.

All the poisonous gas was revolving around the eye of the storm. The scene was extremely freaky.

"It's the Purifying Spirit Sacred Pearl!"

The young master of the Teng Family, who had made the strategy in advance, immediately recognized the true identity of this storm eye. He deliberately shouted, "The Purifying Spirit Sacred Pearl only recognizes the first person to obtain it as its owner! Go!"

When they heard this, many people swarmed over as if they were on stimulants, and they ran madly towards the poisonous gas without any regard for the consequences. On the other hand, the shouting Young Master Teng was far away and didn't move at all.

Sheng Xiao thought that Feng Si would be the first to rush up. However, Feng Si raised his hand and said to his subordinates, "Calm down. They are going to die."

That Teng Family young master had deliberately shouted earlier to deceive those people into sending themselves to their death.

The mantis stalks the cicada, unaware of the oriole behind. Young Master Teng wanted to be the oriole, and so did Feng Si.. However, none of them knew that the largest sparrow had already turned into a mantis and infiltrated them.

Chapter 53: Dirty Tricks

As expected, just as Feng Si had guessed, the group of people had yet to approach the poisonous gas pillar when the eye of the storm in the middle of the gas pillar discovered their existence.

The eye of the storm was clearly not human, but it was enraged. The eye of the storm began to absorb poisonous gas violently. The dense poisonous gas fused with the eye of the storm, causing the eye to become twice as large.

Soon, it expanded into a black ball as large as a full moon. It hung high in the sky and almost blotted out the sun. The entire sky turned gray.

Boom!

The storm eye swooped down from the sky and instantly engulfed the group of mercenaries and three Beast Tamers!

Everything happened in the blink of an eye!

Seeing this, Teng Family's young master and Feng Si felt that it was ridiculous. Among the people that it had swallowed just now, there was a Primary Master Beast Tamer! Although he was Primary Master, he was still a Master!

A Master could rival an entire army! Yet, he was killed by the Purifying Spirit Sacred Pearl just like that?

Feng Si was frightened out of his wits. His face was filled with fear as he sighed. "As expected of a Sacred Pearl formed by a Level 9 Purifying Spirit Master's mental strength. No wonder no one has been able to tame it after 600 years."

After all, it was the Purifying Spirit Sacred Pearl formed by all the mental strength of the Purifying Spirit Grand Master Su Tingxue. Even after six hundred years, it was still powerful.

Seeing the first wave of people being instakilled, the remaining people looked at each other and did not dare to act rashly.

The remaining seventy to eighty people looked at each other blankly. They naturally wanted the Purifying Spirit Sacred Pearl, but they had to live to enjoy it.

Forget it, forget it. It was better not to.

Just as someone was prepared to retreat, Young Master Teng started to play dirty again.

He closed his eyes. In the next second, a phantom lion appeared beside him. After the lion appeared, it roared so loudly that it made one's ears numb.

Young Master Teng touched his beast form and looked around at the restless and retreating crowd. He smiled and said, "Everyone, you're already here, yet you don't even have the courage to try and want to run away like this. If word of this matter gets out, how humiliating would that be?"

"Why don't we tame this Purifying Spirit Sacred Pearl together?"

As soon as Young Master Teng finished speaking, someone cursed at him. "Bullshit! You were the one who said that the Purifying Spirit Sacred Pearl only recognized the first person to obtain it as its owner! Now, you're the one who asked everyone to tame it together! From start to finish, which of your words are true and which of them are false?"

"That's right! Teng Feng, your plan is quite well thought out! There are so many of us working together to attack this Purifying Spirit Sacred Pearl, but who will benefit from it in the end? Your family is big and powerful, so you must have a Beast Tamer among the followers you brought. If we really defeat the Purifying Spirit Sacred Pearl, will we even get it in the end?"

"I despise your family the most. You guys are a bunch of scheming people and are too evil!"

"Let's go!"

The stupid people had already given away their lives earlier. The people who stayed were all smart people. No one was willing to do such a useless thing. Those people scolded Teng Feng and really turned around to leave.

Teng Feng's expression was ashen, but he could not stop them. In the end, only Teng Feng and Feng Si's team were left standing guard.

Because Feng Si was dressed in an ordinary manner, there was no sign of his identity or family information on him. Teng Feng was also unable to figure out his true background, and his attitude towards him was quite respectful.

He cupped his fists and said to Feng Si, "Bro, let's team up. What do you think?"

Feng Si took off his glasses slowly and looked at Teng Feng gently with his ice-blue eyes. He smiled and said disdainfully, "Get lost. I won't team up with despicable people!"

Teng Feng's expression changed.

Chapter 54: You're Already Here, Yet You Want to Leave?

Feng Si's cursing was so straightforward that Teng Feng's features became somewhat sinister. "Brat, you grew a mouth in vain. Could it be that you only know how to drink milk and don't know how to speak properly?"

"Heh!" Feng Si rolled up his sleeves and shouted provocatively at Teng Feng, "What did you say?! Say it again if you have the guts!"

Just as the two of them were about to fight, someone suddenly realized that the eye of the storm in the sky had changed.

"Look! There's someone there!"

Someone shouted and immediately attracted everyone's attention.

Sheng Xiao raised his head and saw that the eye of the poisonous gas column had turned into the illusion of a beautiful woman.

The moment that shadow appeared, the surrounding air began to whimper, as if a demon was howling.

Feng Si stared at the shadow and his pupils dilated with fear. He exclaimed softly, "Su Tingxue's remnant consciousness has awakened!"

No wonder no one had been able to obtain the Purifying Spirit Sacred Pearl for the past hundreds of years. It turned out that Su Tingxue's consciousness was hidden in the Sacred Pearl!

Purifying Spirit Master Su Tingxue was a powerful Level 9 Purifying Spirit Master. Even if it was just a wisp of her soul, it was not something low-level Beast Tamers like them could fight against!

Teng Feng naturally guessed the identity of this woman and immediately had the intention to escape.

They might be able to fight with all their might against the eye of the storm, but they had no chance of winning against Su Tingxue's remnant consciousness.

Teng Feng immediately shouted, "Let's go!"

Feng Si also said to the people behind him, "Let's go!"

They did not want the Purifying Spirit Sacred Pearl anymore!

In the face of the threat of death, Feng Si felt that his butterfly beast form was extremely pleasing to the eye.

Everyone was prepared to retreat, but how could they come and go as they wished?

An angry female voice faintly sounded amidst the whimpering wind. "You're already here. You expect to leave?" These words were spoken nonchalantly, but they gave off a terrifying pressure that made one feel as if their souls were about to be torn apart.

Upon hearing that voice, Feng Si and the others ran even faster.

In the sky, Su Tingxue's remnant soul flipped her palm and the black poisonous gas surrounding her immediately turned into countless sharp scimitars that flew towards everyone!

They were clearly formed from gas, but those scimitars contained shocking energy. They had a terrifying power that would cripple anyone who touched them.

Knowing that he couldn't escape, Teng Feng subconsciously used his most powerful move to protect himself. "Raging Lion Roar!" Teng Feng's beast form, which was in the form of a lion, increased in size by several times. He opened his bloody mouth and roared at Su Tingxue.

The beast roared as the air trembled, pulverizing the scimitars that flew in front of them. However, just as this wave shattered, another wave of scimitars approached.

Su Tingxue's attacks were endless, but Teng Feng was only a Scholar. He quickly ran out of energy and fell to the ground while struggling.

On the other side, Feng Si's face had already turned pale from fright. As he ran, he shouted, "Little Uncle! Uncle Ling! Protect us!" At the same time, Feng Si summoned his beast form.

It was a beautiful purple butterfly, and it was only half of Feng Si's size. The butterfly wanted to bring Feng Si away from this dangerous place, but Feng Si was too heavy and the butterfly was too weak, so it was unable to lift Feng Si.

Feng Si despaired.

This useless trashy beast form!

Other than being beautiful, it was useless!

Chapter 55: Sheng Xiao's Beast Form

At this moment, two people suddenly jumped out from the crowd behind Feng Si and shielded the entire team.

They were two middle-aged men. They were not tall, but they had domineering Tiger Form and Turtle Form Beast Forms.

Uncle Ling's turtle-shaped beast form instantly expanded to its maximum state. He hid Feng Si and the others under his hard turtle shell and used the turtle shell to block the poisonous gas machete's attack.

The tiger jumped onto the turtle and stepped on its shell to attack Su Tingxue's remnant soul.

The ferocious tiger unleashed its might, causing the beasts to tremble!

For a moment, the entire Black Dome Mountain was filled with the angry roars of tigers.

This commotion alarmed the border city more than a hundred kilometers away. Those civilians looked up in the direction of Black Dome Mountain and revealed excited and curious gazes.

Was this another fight between those great figures on the Black Dome Mountain?

Realizing that the energy of the afterimage was beginning to weaken, the Feng family's youngest uncle gathered his strength and controlled the Tiger Form to soar into the sky while biting the arm of the remnant soul.

Su Tingxue's remnant soul was enraged. She muttered subconsciously, "Those who bully me will die!"

The remnant soul spread its arms and sorrowfully shouted, "With my divine power, I will burn all the living souls!"

Sheng Xiao immediately felt that the water in the air was being drained away when he heard Su Tingxue's call. He turned around and looked down the mountain. He saw that the plants in a radius of tens of kilometers had withered into dry grass and lost their life force.

Sheng Xiao was shocked too.

Was this the destructive power of a Level 9 Purifying Spirit Master?

No wonder the six major cultivation families had to work together to capture Su Tingxue alive back then. Rank 9 Purifying Spirit Masters were indeed not easy to deal with.

The remnant soul, which had obtained life force, gradually became corporeal. Under everyone's gaze, the afterimage completely changed into the appearance of a woman.

Her gray hair fluttered in the wind, and her skin was as fair as snow. Her eyes were closed, and she gave off a holy impression.

She was Su Tingxue!

"Su Tingxue revived?" Feng Si felt that it was ridiculous.

Sheng Xiao shook his head. "No, that's her will. It's her will in concrete form." To be able to form a will after she passed away six hundred years ago, as expected of a Purifying Spirit Master.

At this moment, Su Tingxue opened her eyes and revealed her clear grayish-blue eyes. When she looked at the ground, the soil, stones, including Teng Feng, who was groaning in pain, and his subordinates, were instantly reduced to dust!

That gaze contained destructive power!

Feng Si felt a chill down his spine. He shouted, "Run!" Feng Si's uncle quickly summoned his beast form and ran away with Uncle Ling. He carried Feng Si and teleported hundreds of meters away. He did not care about the other mercenaries or Sheng Xiao.

Run?

How could a human's running speed be faster than the speed of sight?

Soon, those mercenaries were all killed by Su Tingxue's destructive power.

Feng Si laid on his uncle's back and saw from afar that the man called Ma Yao was still standing on the spot foolishly. Not only did he not escape, but he actually went against Su Tingxue directly.

Feng Si shouted anxiously, "Mr. Ma, run!"

Sheng Xiao heard Feng Si's shout, but he did not react.

Feng Si closed his eyes when he saw that Su Tingxue's gaze was about to land on Sheng Xiao. He could not bear to see Sheng Xiao die.

At that moment, a majestic dragon roar resounded in the world!

Hum—

Upon hearing this dragon roar, Feng Si's uncle and Uncle Ling all stopped in shock. The three of them turned around together and raised their heads to look in the direction of the Black Dome Mountain.

They saw a dragon!

A black dragon!

The black dragon was wrecking havoc in the poisonous gas pillar. It extended its dragon claw and struck Su Tingxue's remnant consciousness. Sensing the real threat, Su Tingxue quickly retreated tens of meters and avoided the fatal blow.

At this moment, the man called Ma Yao flew into the air and shouted, "Black Qing!"

The majestic Black Dragon instantly flew in front of the man and willingly knelt under his feet. The man stepped on the Black Dragon's head and flew towards Su Tingxue.

Feng Si was immediately dumbfounded when he saw this scene. His little uncle and Uncle Ling also had shocked expressions behind him.

Flying battle in the sky!

The young man was a Master!

On the Holy Spirit Continent, Beast Tamers who could casually summon their beast forms and control them to fight on the ground were Scholars.

A Beast Tamer who could control his beast form and fly high in the sky was a Master. A Beast Tamer who could cause his beast form to become intelligent and control his beast form to transform into many forms to fight was a Supreme Master. A Beast Tamer who could merge with his beast form was a Grand Master.

When a Beast Tamer reached the level of Prime Master, their beast form could even transform into a human form and have the same appearance as a human.

How could that young man called Ma Yao be a Master? He looked so young.

"Black Qing..." Hearing Ma Yao's address for the black dragon, Feng Si couldn't help but pinch his uncle's waist. He cried out in shock and excitement, "Black Qing? Isn't that Master Sheng's beast form? Master Sheng's beast form is the only dragon in the Holy Spirit Continent!"

Ma Yao was Sheng Xiao!

Feng Si looked at the man standing on the dragon head and fighting high in the sky in shock. His gaze gradually became fervent.

Sheng Xiao was a man that even his most respected second brother could not compare to!

He actually knew Sheng Xiao!

However, when he thought about what he had said to Sheng Xiao earlier, Feng Si felt so embarrassed that he wanted to hide.

He felt so embarrassed to be teaching his grandmother how to suck eggs!

After Feng Si's reminder, Uncle Feng and Uncle Ling recognized Sheng Xiao.

It was common knowledge that Sheng Xiao's dragon-shaped black robe was known as the strongest beast form on the continent. Why did he come to participate in the competition for the Purifying Spirit Sacred Pearl?

Hum—

The Black Dragon's roar shook Feng Si and the others' eardrums. Feng Si raised his head and looked at the sky above him. The battle had already reached its climax.

The combat power of Su Tingxue's remnant soul was far inferior to that of Su Tingxue's real body. Her current combat power was at most at the level of a Supreme Master. However, letting Sheng Xiao, a Master, fight a Supreme Master was almost an impossible challenge.

Su Tingxue formed a seal with her hands and muttered a chant. The poisonous gas of the entire Black Dome Mountain gathered in her palms and turned into an eye that contained destructive energy.

The color of that eye became more and more intense, and Su Tingxue's body became more and more transparent.

She poured all her energy into that eye. She wanted to fight Sheng Xiao to the death.

Even though she was dead and her consciousness was fragmented, Su Tingxue was still ruthless and domineering.

"Eye of Destruction!" Su Tingxue pushed her palms forward and attacked Sheng Xiao.

Black Qing had nowhere to escape. His dragon body was hit hard.. He and Sheng Xiao were thrown backward and slammed into the Purgatory Sea wall next to them.

Chapter 56: After Killing the Butterfly, Become a Purifying Spirit Master!

When he hit the ground, Black Qing used his huge body to cushion Sheng Xiao's fall. Even so, Sheng Xiao still felt like his internal organs were shattered.

He spat out a mouthful of blood and raised his head to look at the sky.

Su Tingxue's body was almost transparent. She held the Eye of Destruction with both hands and looked down at Sheng Xiao as if she was looking at a weak ant.

Sheng Xiao leaned against Black Qing and stroked his head with one hand. He said in a low voice, "Black Qing, fight with me again!"

Black Qing roared and stood up with all his might. He pressed his dragon horn against Sheng Xiao's forehead. The blood of one beast and one human stood together. They were in a bizarre state.

For the first time, Black Qing appeared in Sheng Xiao's Spiritual Abode. He floated in the sky and looked at Sheng Xiao quietly.

Sheng Xiao looked at Black Qing and Black Qing looked at it. From that second onwards, they seemed to have become one. They could sense each other's thoughts and emotions.

Sheng Xiao felt his body warm and his forehead felt itchy. It was as if something was about to break out of the ground.

Black Qing suddenly moved. He waved his tail and charged at Sheng Xiao in the blink of an eye. Sheng Xiao opened his arms and accepted Black Qing. Black Qing's huge body became one with Sheng Xiao.

No one saw two black dragon horns on Sheng Xiao's forehead. Black dragon scales appeared on the skin on his neck.

At that moment, Su Tingxue, who was high in the sky, poured all her psychic energy into the Eye of Destruction. After she threw the Eye of Destruction at Sheng Xiao, she disappeared from the world because of her exhausted power.

The Eye of Destruction flew toward Sheng Xiao again. This time, it was even stronger than before.

When the Eye of Destruction was less than a hundred meters away from Sheng Xiao, Sheng Xiao opened his eyes suddenly. He flew into the air and Black Qing followed suit. He turned into a dragon-shaped sword and Sheng Xiao held it in his palm!

Sheng Xiao held the sword in his hand and mobilized every bit of energy in his body. The two forces merged into one. The sword's energy increased sharply and a dazzling black light shone on the sword!

Sheng Xiao raised his black sword and pointed it at the sky. He seemed unfathomable.

"One sword slashes a myriad of souls!"

The sword clashed with the Eye of Destruction head-on, and the ground instantly quaked.

The sunlight was blocked by the black energy body, and there were whimpering sounds in the air. In an instant, one could not see their fingers when they stretched out their hand.

Feng Si and the others hurriedly used their arms to cover their eyes. After the ground under their feet stopped shaking, they slowly opened their eyes and looked at the valley between the Black Dome Mountain and the Purgatory Sea.

A black figure was standing in the sky above the valley. His dark green shirt had been torn, and the two black dragon horns on his forehead were glowing and burning. A black dragon coiled around his body, and the man and the dragon became the most powerful existences in the world.

Feng Si was dumbfounded. He took off his glasses and looked at Sheng Xiao. He realized that Sheng Xiao was still like that. He immediately knelt down and exclaimed, "A Supreme Master!"

A 25-year-old Supreme Master!

Sheng Xiao had created another miracle!

After the battle, the Purifying Spirit Sacred Pearl fell into Sheng Xiao's hands. Sheng Xiao even broke through his cultivation and became a Supreme Master.

Feng Si's uncle and Uncle Ling quickly carried Feng Si and ran. If they did not run, Sheng Xiao might kill them too.

After Feng Si and the others left, Black Qing landed in the valley with Sheng Xiao. There was no one around. Sheng Xiao could no longer endure it and spat out blood.

Sheng Xiao had indeed broken through, but he was injured too. He was so injured that he could not even walk.

Sheng Xiao leaned against Black Qing and gradually lost consciousness.

...

In the Purgatory Sea.

The Butterfly Queen could not kill Yu Huang even if she wanted to. When Yu Huang revived for the 103th time, both she and the Butterfly Queen lost all their patience.

Staring at Yu Huang, who had revived once again, the Butterfly Queen felt annoyed.

Who was she? She couldn't be killed no matter how hard it tried!

The girl and butterfly stared at each other with strange expressions. After a moment, the Butterfly Queen and Yu Huang moved at the same time. The Butterfly Queen gathered her strength and prepared a big move. This time, she wanted Yu Huang's death to take longer.

Yu Huang also landed on her spiritual sea with a jump. She stomped her foot and caused a thousand ripples. Yu Huang focused her mind and tried her best to mobilize more spiritual power for her to use.

Spiritual Strength surged towards Yu Huang wave after wave before condensing into a large bow in her left hand. When the large bow was completely formed, Yu Huang already felt exhausted.

But this was not enough!

Yu Huang stared at the butterfly bathed in flames. She took a deep breath and closed her eyes again, risking the exhaustion of her soul to mobilize as much spiritual force as possible.

A translucent arrow slowly appeared in Yu Huang's right hand.

It was still not enough!

Yu Huang continued to mobilize her spiritual energy. The long arrow became more and more corporeal, and Yu Huang's consciousness became more and more blurry.

The butterfly queen stopped flapping its wings suspiciously. It looked at the bow in Yu Huang's hand with a serious expression. It could actually sense endless killing intent from it!

There was a rare hint of fear in the Butterfly Queen's eyes.

Yu Huang's body was on the verge of collapse. She raised her long arrow and placed it on the big bow. She used her last bit of strength to pull the big bow to its limits. Yu Huang could tell that the Butterfly Queen was afraid. The corners of her lips curled up slightly as she muttered softly, "Are you afraid?"

The Butterfly Queen looked at her warily and subconsciously mobilized all her energy. The flames burning around it dyed Yu Huang's spiritual sea red.

Yu Huang looked at it fearlessly. She said, "When you feel afraid, you won't be far from death." And she was fearless. She was invincible!

Yu Huang loosened her fingers and the arrow left the bow. It shot towards the Butterfly Queen's eyes with a sharp and terrifying power!

The Butterfly Queen subconsciously dodged, but this was Yu Huang's spiritual world. As long as Yu Huang wanted, her arrow could hit any target!

Boom!

The Butterfly Queen had nowhere to hide and was eventually shot in the eyes by the arrow.

The arrow formed by Yu Huang's mental strength turned into a dagger and entered the butterfly's body, severing all of its tendons.

The butterfly queen roared at the sky. Her cry was strange, and it shook Yu Huang to the point that she knelt on the ground and hugged her head.

In the sky, the massive Butterfly Queen let out a shrill cry before suddenly exploding. Fire-red lava landed in Yu Huang's spiritual sea and fused with her spiritual power.

The originally silver-white spiritual sea had actually turned fiery red!

Her Spiritual Abode suddenly became silent. Yu Huang raised her head and looked at the fiery red Spiritual Sea under her feet. She actually had a feeling of disbelief.

She really killed the Butterfly Queen?

Yu Huang raised her head and looked at the sky. There, a fiery red Psychic Pearl was hanging in the sky while silently expiring spiritual power.

Psychic Pearl!

Yu Huang looked at the Psychic Pearl and suddenly felt tears well up in her eyes.

She had finally become a Purifying Spirit Master!

Chapter 57: Master Sheng is a Good Person

Yu Huang retreated from the Spiritual Abode and opened her eyes. She discovered that she was lying on the Purgatory Stage in a wretched state. She hurriedly sat up.

Hunger was Yu Huang's first reaction.

Yu Huang took out a bucket of water from the storage device. She drank a mouthful of the mineral water before taking out a bucket of warm rice.

Other people's storage devices contained family treasures and peerless weapons, but she was the only one who filled it with water and food.

2

In her previous life, Yu Huang did not know hunger and had no desire for food or drink. However, after coming to the Holy Spirit Continent, Yu Huang was just like ordinary people. If she was hungry, she would eat. If she was thirsty, she would drink water.

Hunger was a fresh experience for Yu Huang. She had seen too many people die from hunger in the Doomsday Era, so the storage device was mainly used to store food.

After pouring cold water into the hot pot, Yu Huang sat cross-legged and sized up the Purgatory Sea.

The Purgatory Sea was still the same, but the Soul Devouring Blood Butterflies had all disappeared. Without the Soul Devouring Blood Butterflies, the Purgatory Sea would no longer be attractive to Purifying Spirit Masters.

Yu Huang felt somewhat guilty for severing the cultivation paths of other Purifying Spirit Masters. However, her guilt was quickly dispelled by the aroma of the rice.

After sitting on the Purgatory Stage and finishing a bucket of rice, Yu Huang looked around the Purgatory Sea again before picking up the backpack on the ground.

It was time to go back.

With this thought, Yu Huang's majestic spiritual power turned into a bridge between her and the exit of the Purgatory Sea.

Yu Huang left the Purgatory Sea from the stairs.

When she returned to the ground again, Yu Huang thought that what would greet her would be a blue sky and white clouds, with green trees providing shade. However, the blue sky above her head had dimmed. The towering trees at the bottom of the pit seemed to have been sucked dry overnight and turned into dead trees.

Even the weeds on the ground had withered and fallen to the ground.

Yu Huang was somewhat stunned.

What was going on?

Could it be that after she went to the Purgatory Sea to cultivate, the Holy Spirit Continent also ushered in the Doomsday Era?

Yu Huang's mind was filled with confusion. She quickly climbed out of the sinkhole and stood on the peak of the Purgatory Sea. Only then did she discover that the Black Dome Mountain had actually been chopped into two by a burst of brute force!

With the Black Dome Mountain as the center, the vegetation within a radius of tens of kilometers had all dried up. The gloomy sky enveloped the ground, and the scene before her eyes was very similar to the doomsday scene on Earth in Yu Huang's memories.

Was the apocalypse really coming?

Hum—

At that moment, a strange animal cry sounded from the valley. It was filled with pain and pleading.

Yu Huang immediately frowned.

What kind of animal was that?

After becoming a Purifying Spirit Master, Yu Huang's senses had been magnified infinitely. Her vision was far better than before. She focused her gaze and looked down the valley. She saw an injured black dragon.

Dragon!

Yu Huang had only seen such a creature in movies. Now that a living black dragon had appeared in front of her, how could Yu Huang not be shocked?

The black dragon's injuries were very serious, and its skin and flesh were lacerated. Its cries gradually became weak. Yu Huang noticed that there was something hidden in the black dragon's arms. Only when she looked more carefully did she realize that it was actually a person.

Only then did Yu Huang discover that the black dragon was actually not real. Instead, it was an illusion formed by energy. It was only because its abilities were too pure and dense that it looked like a real dragon.

Yu Huang immediately realized that it was the beast form of a Beast Tamer.

Black Dragon...

It was Black Qing!

It was common knowledge that Sheng Xiao, the top genius of the Sheng family, had awakened his beast form when he was nine years old. His beast form was a powerful black dragon!

After realizing that the injured person in the valley might be Sheng Xiao, Yu Huang, who did not intend to be nosy, changed her mind.

Master Sheng was a good person.

He was clearly the *crème de la crème* of the country, but he didn't have Xuanyuan Jing's arrogance.

He had even helped her out a few times.

After making up her mind, Yu Huang headed down the mountain towards the valley.

Among the rocks in the valley, Black Qing coiled his huge body and shielded Sheng Xiao carefully in his arms. When he sensed that someone was approaching, he opened his eyes a little.

It stared at the young lady who had suddenly appeared and its eyes revealed its beastly ferocity and malevolence. Black Qing raised his head and roared at Yu Huang. However, his injuries were too serious, and his roar sounded more like a whining sound.

Yu Huang folded her arms and quietly watched as Black Qing unleashed his might.

After Black Qing ran out of strength, Yu Huang stared at Black Qing's torn body and his exposed bones before saying calmly, "You are in his beast form. Your injuries reflect your master's injuries. If you don't receive treatment, your master will die."

Black Qing was still staring at Yu Huang warily and fiercely. He did not allow Yu Huang to approach Sheng Xiao.

Helpless, Yu Huang could only prove to Black Qing that she was not his enemy.

Yu Huang extended her left hand and a red Psychic Sphere appeared on her palm. Yu Huang closed her eyes and injected her spiritual power into the Psychic Sphere before entering Sheng Xiao's body.

When Yu Huang's spiritual power was continuously transferred into Sheng Xiao's body, the flesh on Black Qing's body started to heal.

Black Qing's flesh was healing slowly, indicating that Sheng Xiao was recovering too.

Black Qing sensed Yu Huang's kindness and help. It finally relaxed and lowered its head to rest on Sheng Xiao's thigh.

Sheng Xiao, who had received Yu Huang's spiritual power, gradually regained consciousness. Although he could not wake up immediately, he opened his Spiritual Abode to Yu Huang and allowed her to treat him deeper.

The treatment lasted for an hour. Sheng Xiao's pale face finally regained some color. Yu Huang was exhausted and her cherry red lips were pale.

After transferring the last bit of spiritual power to Sheng Xiao, Yu Huang finally lost her strength and fell onto Black Qing's huge body.

...

After an unknown period of time, a breeze blew over and blew Yu Huang's hair.

Her hair floated in front of Sheng Xiao and brushed against his eyelids.

Sheng Xiao frowned. He opened his eyes slowly and saw Yu Huang lying on Black Qing. Although he had been unconscious, Sheng Xiao knew that Yu Huang had saved him.

Sheng Xiao stared at Yu Huang in a daze.

Yu Huang was still wearing the cat face mask, covering her eyebrows and cheeks, only revealing her lips.

Because her energy was exhausted, Yu Huang's lips were pale. He didn't know if massaging them with his fingers would help her recover her redness.

Realizing that his thoughts were dangerous, Sheng Xiao quickly closed his eyes and summoned Black Qing back. In the next second, Black Qing's huge body disappeared.

Without its back to rely on, Yu Huang's body fell limply towards the rocks below her.

Sheng Xiao quickly reached out his hands and brought Yu Huang into his arms.

Chapter 58: Are There Many Girls Pursuing You?

Sheng Xiao was embarrassed when Yu Huang's back was pressed against his chest.

This was the first time he had been in close contact with a girl.

After calming down, Sheng Xiao used his divine sense to check his body's recovery. He found that Yu Huang had healed his broken heart. He was shocked and amazed.

This little girl could actually control her mental strength. Had she become a Purifying Spirit Master?

It had been less than twenty days since they last separated. Was that even possible?

Sheng Xiao stared at the little girl in his arms with a curious and surprised gaze for a moment. Then, he carried her and walked out of the valley.

The battle with Su Tingxue was very intense. The cars parked at the foot of the mountain were destroyed and could no longer be used. Sheng Xiao rummaged through his storage space and found a motorcycle.

A motorcycle was a car too. It was faster than him walking.

Sheng Xiao carried Yu Huang into the car and tied the two of them together with a long rope. Then, he drove Yu Huang to Rakshasa Empire's city.

Yu Huang woke up amidst the bumpiness. She opened her eyes and realized that she was lying on a man's back.

Yu Huang lowered her eyes and saw that the man was wearing a tattered shirt. The narrow waist under the hole appeared pale because it rarely saw sunlight. Although it was white, it was not delicate. Instead, it was filled with a sense of robustness.

Yu Huang stared at the waist for a long time before suddenly extending a finger to poke it.

Sheng Xiao suddenly braked and stopped the motorcycle.

Yu Huang was caught off guard and her head bumped into Sheng Xiao's back.

Yu Huang took off her mask and massaged her eyebrows. She looked up and asked Sheng Xiao, "What's wrong?"

Sheng Xiao was startled to see Yu Huang's ugly face. He forgot what he wanted to say.

Yu Huang realized that she looked scary and quickly put on her mask. She wanted to step back but realized that there was a rope around her waist that tied her and Sheng Xiao together.

Sheng Xiao quickly explained, "You were unconscious earlier, so I couldn't drive you. I could only do this."

"I'm fine." A woman who achieved great things did not care about trifles.

Yu Huang took out her dagger and cut the rope. She moved her butt back and looked up at Sheng Xiao.

Sheng Xiao's torn clothes fluttered in the wind.

Yu Huang stared at Sheng Xiao's tattered shirt and reminded him meaningfully, "Do you feel cool?"

Sheng Xiao knew that his clothes were torn. He was in a sorry state.

He took out a clean shirt from the storage device and was about to take off his clothes when he suddenly stopped and said to Yu Huang sternly, "Close your eyes. You're not allowed to peek."

Yu Huang looked at Sheng Xiao, who had a serious expression on his face. A phrase suddenly appeared in her mind.

Pure and innocent.

"Master Sheng, please change your clothes. I will not peek." Yu Huang turned her face away and stared at the distant scenery.

Did he think that she had never seen a man before?

Sheng Xiao pulled off his tattered shirt and quickly changed into a new shirt. He buttoned the last button before reminding Yu Huang, "It's okay now."

Yu Huang opened her eyes and saw that Sheng Xiao had changed into a clean blackish-blue shirt. He had buttoned all the buttons and the sides of his collar were symmetrical. He immediately looked as handsome as usual.

Yu Huang noticed that Sheng Xiao was missing something.

She picked up the shirt that had landed on the back of the car and took out the black fountain pen from the pocket of the shirt.

Yu Huang put the fountain pen on her fingertip and twirled it. She looked up at Sheng Xiao and asked, "Do you not want this anymore?" Every time Yu Huang saw Sheng Xiao, he would wear this pen on his chest. It was obvious that this thing meant something to him.

Sheng Xiao nodded and reached out his right hand. "Thank you. I can do it myself."

Yu Huang threw the pen at Sheng Xiao. Sheng Xiao grabbed the pen and wore it on his chest. He even changed the direction.

Seeing that he cherished this pen so much, Yu Huang asked him, "Is this your family heirloom?"

“This is a pen that every disciplinary officer in Divine Realm Academy has,” Sheng Xiao told her. “Every word written by the pen will appear on the wall of Divine Realm Academy’s disciplinary hall. So, every disciplinary officer would rather lose blood than the pen.”

Yu Huang nodded.

Then, she thought of something. She widened her eyes and asked Sheng Xiao, “You said that every word written in this thing will appear on the wall of the disciplinary hall?”

Sheng Xiao nodded.

Yu Huang grabbed Sheng Xiao’s arm. She widened her eyes and asked anxiously, “Then, is my agreement with Xuanyuan Jing in the disciplinary hall?”

Sheng Xiao said, “Yes.”

Yu Huang was stunned and was momentarily speechless.

When she came back to her senses, she could not help but blame Sheng Xiao. “Why did you lend me a pen back then? If I did not get into Divine Realm Academy a year later, it would be so embarrassing!”

Sheng Xiao said, “Everyone should fulfill their promise. Even if they struggle, they must do their best. Will this affect you if it is not on the wall of the disciplinary hall?”

This was Sheng Xiao’s character. He never made promises to others easily, but he would do his best to fulfill any promise he made.

Yu Huang understood what Sheng Xiao meant. She was really impressed.

“Master Sheng, have you never gone back on your words in your life? Can you really do your best for a promise?”

Sheng Xiao knew that Yu Huang was angry, but he did not explain.

He suddenly opened his palm and a gray bead floated in it.

Yu Huang stared at the bead and felt the terrifying energy coming from it. She looked at Sheng Xiao in confusion and asked, “What is this?”

Sheng Xiao said, “The Purifying Spirit Sacred Pearl.”

Yu Huang subconsciously gulped.

The Purifying Spirit Sacred Pearl was a treasure!

Yu Huang felt puzzled again. She said, “Your dragon form is a supreme-grade beast form. Do you still need this?”

“It’s for you,” Sheng Xiao said to Yu Huang.

Yu Huang pursed her lips and suspected that she had heard him wrong.

Sheng Xiao knew that Yu Huang would not believe him.

He stuffed the Purifying Spirit Sacred Pearl into Yu Huang's arms and said, "You have a beast nature but are unable to awaken your beast form because you were poisoned by the Spirit Restraining Parasite. The method to nurture the Spirit Restraining Parasite was jointly destroyed by the six great cultivation clans six hundred years ago."

"But you were poisoned by Spirit Restraining Parasite, which means that there was a traitor among the six families who secretly kept the cultivation technique of Spirit Restraining Parasite. These six families owe you. Now, the six families are led by the Sheng family. As the young master of the Sheng family, the future patriarch of the Sheng family, I should bear the responsibility of getting rid of the Spirit Restraining Parasite for you."

"This Purifying Spirit Sacred Pearl has the divine power to purify all impurities. Perhaps it can remove the Spirit Restraining Parasite in your body." That was why he risked everything to snatch the Purifying Spirit Sacred Pearl.

After Yu Huang heard Sheng Xiao's words, she lowered her head and looked at the Purifying Spirit Sacred Pearl in his hand. She felt that it was ridiculous. Yu Huang suddenly asked Sheng Xiao, "What if the Purifying Spirit Sacred Pearl cannot remove the Spirit Restraining Parasite in my body?"

Sheng Xiao's expression was cold, but his words were stubborn and sincere. "Then, let's continue searching. We will eventually find a way to remove the Spirit Restraining Parasite."

How could there be such a fool in this world?!

Yu Huang licked her lips and suddenly smiled. "Master Sheng, are there many girls pursuing you?"

Sheng Xiao was stunned.

He did not understand why Yu Huang asked such a question at this time. In Sheng Xiao's opinion, this question was unrelated.

Yu Huang laughed when she saw Sheng Xiao's reaction. She touched the Purifying Spirit Sacred Pearl in her hand and muttered softly, "I'm really getting old."

Old people liked pure and serious young fellas.

Chapter 59: There's Only One Room

Sheng Xiao did not know what Yu Huang was thinking. He shook his head and replied softly, "No."

Yu Huang was confused when she heard Sheng Xiao's random answer.

What did he mean?

Yu Huang looked into Sheng Xiao's embarrassed eyes and realized that he was answering her question.

After receiving the answer she wanted, Yu Huang was shocked again. "Master Sheng is outstanding and one of a kind. No girl is pursuing you?"

Sheng Xiao shook his head.

It was precisely because he was a flower in the mirror that ordinary girls did not dare to pursue Sheng Xiao. They knew that they would not get him. Even if they liked Sheng Xiao, they only dared to crush on him secretly. No girl had ever dared to confess to him.

Sheng Xiao did not want to discuss personal matters anymore. He turned around and turned the head. He reminded Yu Huang, "Sit tight!"

Yu Huang grabbed Sheng Xiao's shirt.

The motorcycle sped in the desert. Yu Huang's black hair flapped in the wind. It slapped Sheng Xiao's ears and neck. It did not hurt, but it was itchy.

Sheng Xiao frowned, but he did not remind Yu Huang to back off.

They drove all the way to the border city before changing into an off-road car and finding a restaurant to eat.

During the meal, Sheng Xiao asked Yu Huang, "Are you going back to the country or do you have other plans?"

Yu Huang didn't hesitate and replied, "I'm going back to the country."

"Then we can travel together. It's getting late. Let's stay in the border city for a night first and set off for the airport tomorrow morning."

"Okay."

When they went to the hotel to get a room, Sheng Xiao walked in front while Yu Huang followed behind him calmly.

Sheng Xiao stood in front of the hotel registration counter. He turned around and extended his right hand to Yu Huang. "Give me your ID."

Yu Huang quickly passed her identity card to Sheng Xiao.

The photo on Yu Huang's identity card was a photo of her before she was disfigured. She was drop dead gorgeous, and anyone who saw her would be transfixed.

Sheng Xiao took the photo. He did not even look at the photo on the document carefully. He placed the document of him and Yu Huang on the table and said to the receptionist, "Hello, I want a suite."

The Holy Spirit Continent's identification card could be used globally. The identification card of ordinary people was grayish-white. A Beast Tamer's identity card was silver-white, and a Purifying Spirit Master's identity card was ice-blue.

The receptionist saw the silver-white ID card.

Realizing that the man in front was a Beast Tamer, the receptionist didn't dare to neglect him at all. He hurriedly stood up and used both hands to accept the ID.

When he saw the name on the document, the receptionist's eyes widened. "Sheng... Sheng..." He was too excited and stammered.

Sheng Xiao looked at him coldly and reminded him, "Ma Yao."

The staff understood that Sheng Xiao did not want to reveal his true identity. He shut his mouth and quickly registered their room.

After the procedure was completed, the receptionist handed over the room card and identity card with both hands. "Master, this is your room card. I wish the two of you a good night."

Sheng Xiao took the room card and identity card. He called Yu Huang and walked to the elevator.

Yu Huang hurriedly followed.

When they were alone, Yu Huang grabbed Sheng Xiao's wrist from behind and flipped his right hand up.

Seeing that he only had one room card in his hand, Yu Huang asked Sheng Xiao, "There's only one room?"

Sheng Xiao explained, "The Rakshasa Empire is in chaos. When we're out, we can take care of each other if we stay together." Sheng Xiao looked serious when he spoke, making Yu Huang appear petty.

Yu Huang thought that it made sense and followed Sheng Xiao into the elevator.

The room was on the 19th floor.

As soon as they entered the room, Sheng Xiao turned around and said to Yu Huang, "Take a shower first." Yu Huang had been lying in the Purgatory Sea for more than ten days and she was already smelly.

Yu Huang : "..."

She raised her arm and sniffed at her armpit. She was instantly frightened by her own stench.

Without saying anything else, Yu Huang hurriedly went into the bathroom. She noticed that the bathroom window was translucent. If she took a shower with the lights on, he would definitely be able to see her bodily curves from the outside.

Yu Huang switched off the light before removing her clothes to take a shower.

After taking a shower, she put on her clean clothes and walked out.

Sheng Xiao sat cross-legged on the carpet in the living room and meditated. He heard Yu Huang's footsteps and asked, "Are you done?"

Yu Huang acknowledged it.

Sheng Xiao then turned to look at her.

Yu Huang had a few sets of clean clothes in her storage device. She was wearing a cardigan green silk shirt and a pair of white pants. She was not wearing any shoes.

Yu Huang's feet were rarely exposed to the sun, so they were extremely fair. At this moment, her round and fair toes were touching the floor uneasily.

Sheng Xiao did not stare at her for long. He quickly looked away and said, "Take off your mask. There's no one else here."

Yu Huang said, "I'm too ugly. I'm afraid I'll scare you."

Sheng Xiao said, "It's not like I haven't seen you before." Sheng Xiao had seen her post-disfigured face on the motorcycle.

Since Master Sheng did not care, Yu Huang would not care either. She took off her mask and threw it on the bed. Then, she walked to Sheng Xiao and sat down cross-legged like him.

Sheng Xiao tensed up when the girl suddenly approached him.

Yu Huang did not notice Sheng Xiao's awkward expression. She took out the Purifying Spirit Sacred Pearl from the storage device and tilted her head to ask Sheng Xiao, "Master Sheng, is this really the Purifying Spirit Sacred Pearl?"

As she spoke, Yu Huang's eyes were filled with suspicion.

Sheng Xiao felt his chest tighten. Yu Huang was questioning the authenticity of the thing he had fought so hard for!

Master Sheng, who had always been calm and composed, suddenly smiled and mocked her coldly, "It's poison. You'll die if you eat it."

Yu Huang was stunned.

She realized that Sheng Xiao was angry when she saw his unhappy expression.

Yu Huang hurriedly changed her words. "Sorry, I was being petty." With that said, Yu Huang did not hesitate and threw the Purifying Spirit Sacred Pearl into her mouth. Without even chewing, she swallowed it.

Sheng Xiao was shocked. He shouted, "Why did you eat it?" He sounded panicked.

Yu Huang was a little confused. She explained innocently, "Look, I've already eaten it. Are you willing to believe me now?"

Sheng Xiao's expression changed. He told Yu Huang, "The Purifying Spirit Sacred Pearl is not used like this. You have to ask a powerful Purifying Spirit Master to transform it into an energy body and transfer it into your body. If you eat it directly, your body will explode!"

Yu Huang widened her eyes. "Explode?"

"Yes!" Sheng Xiao quickly pinched Yu Huang's cheek and forced her to open her mouth. Then, he reached his right hand into her throat and urged her to vomit.

Yu Huang quickly felt disgusted. She bent down and retched, but she didn't vomit anything.

Sheng Xiao felt troubled. "How do you feel now?"

Yu Huang felt uncomfortable after vomiting. She leaned her forehead on Sheng Xiao's arm and felt the changes in her body. She did not feel uncomfortable.

"I'm fine. I don't feel any discomfort..." Before she could finish speaking, Yu Huang felt a powerful force rampaging through her body!

Yu Huang pushed Sheng Xiao away abruptly and fell onto the ground.

Yu Huang's face was contorted in pain.

Chapter 60: Spirit Restraining Parasite Eradicated, Beast Form Awakened!

Yu Huang laid on the ground and struggled. The skin all over her body instantly turned red, making her look especially scary.

Sheng Xiao wanted to help Yu Huang. At that moment, a powerful force raised Yu Huang and made her float in the air.

A ball of grayish-black light enveloped Yu Huang's entire body. Her black hair fluttered, and her painful cries were on the verge of toppling the roof.

Sheng Xiao quickly sealed the space to prevent others from hearing Yu Huang's movements.

"I'm about to explode!" Yu Huang really felt like she was about to explode.

The Purifying Spirit Sacred Pearl was an energy body condensed by Su Tingxue's mental strength. It was too rebellious and was unwilling to be used by everyone. Therefore, it wanted to destroy Yu Huang and kill her!

The Purifying Spirit Sacred Pearl turned into a grayish-black ball of light that flowed through Yu Huang's limbs and bones. Yu Huang subconsciously wanted to resist the impact of the Purifying Spirit Sacred Pearl, but it quickly broke through her defense.

After six hundred years, the power of the Purifying Spirit Sacred Pearl was no longer the same as before, but it was also no weaker than a Supreme Master's energy. Yu Huang was weak, so how could she withstand the destructive power of the Purifying Spirit Sacred Pearl?

Wherever the Purifying Spirit Sacred Pearl went, Yu Huang's meridians would break. It was a torture that was even more painful than death!

Sheng Xiao could only release his beast form when he heard Yu Huang's painful cry for mercy.

"Black Qing!"

Black Qing's huge body appeared in the suite and the room became crowded. "Combine!" After hearing Sheng Xiao's order, Black Qing immediately entered Sheng Xiao's body and became one with him.

After they merged into one, Sheng Xiao was covered in a layer of hard black dragon scales again. A pair of dragon horns appeared on his head.

Sheng Xiao floated above Yu Huang. He held Yu Huang's shoulder with both hands. He was shocked to feel the scorching warmth of Yu Huang's body.

If this continued, Yu Huang would definitely explode and die!

"Sigh!"

Sheng Xiao sighed silently. Then, he leaned his forehead against Yu Huang's and told her in a deep voice, "Concentrate and open your Spiritual Abode!"

In the midst of the chaos, Yu Huang heard Sheng Xiao's voice. She quickly opened the Spiritual Abode.

The moment the Spiritual Abode opened, an unfamiliar and robust black energy body quickly entered her Spiritual Abode. A black dragon appeared in Yu Huang's Spiritual Abode. It circled high in the sky above Yu Huang's spiritual sea and opened its mouth to emit dragon roars.

The black dragon flew one round around the spiritual sea before quickly flying out of Yu Huang's Spiritual Abode. It turned into a black energy body and swam along Yu Huang's meridians in an attempt to find the hiding place of the Purifying Spirit Sacred Pearl.

This was an extremely strange experience for Yu Huang. This was not the first time she had opened her Spiritual Abode to a stranger. She had opened her Spiritual Abode to Lin Jiansheng before. However, Sheng Xiao was the first person to wander around her body. It was more intimate.

The Purifying Spirit Sacred Pearl had been subdued by Sheng Xiao. It had an instinctive fear of Sheng Xiao. Therefore, when it sensed Sheng Xiao's aura, it immediately hid and did not dare to move.

Sheng Xiao searched Yu Huang's meridians and blood vessels for a long time before finding the Purifying Spirit Sacred Pearl near her heart.

"Found it!"

The fear of being captured by Sheng Xiao was deeply ingrained in the Purifying Spirit Sacred Pearl's mind. Now that Sheng Xiao had discovered it, it began to tremble.

Sheng Xiao turned into a little black dragon and ran toward the Purifying Spirit Sacred Pearl. He crushed it with his claw.

The Purifying Spirit Sacred Pearl was condensed by Su Tingxue's mental strength. After it was shattered, Su Tingxue's mental strength turned into dust that landed on every part of Yu Huang's body and attached to her meridians and bones.

The moment that powerful energy adhered to Yu Huang's bones, Yu Huang's bones that had been invaded by the Spirit Restraining Parasite for many years immediately burned. It was as if a raging fire was burning in her body, and layers of light black poisonous gas were expelled from her bones...

Swish!

Yu Huang opened her eyes. Black poison gas seeped out of the small mole in her left eye. When Sheng Xiao left Yu Huang's Spiritual Abode, he saw the Spirit Restraining Parasite being dispelled.

He was relieved.

From the looks of it, the Purifying Spirit Sacred Pearl was indeed useful against the Spirit Restraining Parasite.

The Spirit Restraining Parasite had been hidden in Yu Huang's body for eighteen years and would not be completely removed anytime soon. Sheng Xiao carried Yu Huang and landed on the ground. He placed her gently on the bed and got out of bed. Then, he sat on the floor beside the bed and meditated.

...

Two days and one night passed just like that.

During that time, the receptionist knocked on the door to remind Sheng Xiao that it was time to check out. However, no one opened the door after he knocked a few times. He was afraid that offending Master Sheng would cause trouble for the hotel, so the receptionist had no choice but to leave.

The next night, Yu Huang finally woke up.

She opened her eyes and saw that the room was pitch-black. She moved her body to turn on the light.

Pa!

The room suddenly lit up.

"You're awake?" It was Sheng Xiao's voice.

Yu Huang narrowed her eyes. After getting used to the light, she looked in the direction of the voice.

Sheng Xiao stood by the bed. He was wearing a dark green silk bathrobe and looking at her with his arms crossed. His eyes were filled with curiosity.

Yu Huang sat up with her hands on her elbows. She leaned against the bed frame and asked Sheng Xiao, "How long have I been asleep?"

"Two days and one night."

Yu Huang was alarmed. "That long?"

Sheng Xiao did not want to waste time. He asked her directly, "How is it? Has the Spirit Restraining Parasite been removed?"

Yu Huang acknowledged it. "It's been removed."

"Try to summon the beast form." Sheng Xiao did not notice that his tone was filled with anticipation.

Yu Huang pursed her lips and stared at Sheng Xiao for a moment. Then, she closed her eyes and summoned the beast form in her heart.

It was completely different from the feeling she had during the awakening ceremony. This time, when Yu Huang attempted to summon her beast, every bone in her body was burning, and a terrifying energy was gathering in her body.

All the energy bodies charged towards Yu Huang's heart. Beside her heart, they slowly condensed into a fiery red beast heart.

When the beast heart was successfully condensed, the space beside Yu Huang suddenly distorted. Accompanied by a strange bird's cry, balls of fiery red light slowly condensed in that space.

The bird's cry was very weak, like the voice of a bird at the beginning. Although its voice was very weak, it gave off a sense of oppression.

This was not the first time Sheng Xiao had heard this voice. A month ago, he had heard it during the awakening ceremony of the Purifying Spirit Academy. He could not help but feel curious. What kind of beast would make such a sound?

Under Sheng Xiao's expectant gaze, Yu Huang's beast form gradually took shape.

It was... a little chick.

The chicken was small. It was only the size of Sheng Xiao's fist and had red fur.

Sheng Xiao was stunned. What was that?

A chicken?

At this moment, Yu Huang opened her eyes as well and looked at the beast form beside her at the first moment.

Upon seeing the little chick, Yu Huang's eyes immediately revealed a look of disdain. "What is this? A little chick?" It was so small that it wouldn't be enough to fill the gaps between her teeth!
