

She Shocks 571

Chapter 571: An Eyesore (1)

There were currently 1,004 participants in the tower. As long as four more people were eliminated, the final name list of the Grand Master Thousand Rankings would be revealed.

At this time, the weaker the person, the easier it was to be defeated by the other participants. The participants standing at the edge of the arena were the relatively weaker Grand Masters. They also knew that they were weaker and would most likely be challenged, so they felt even more uneasy.

They had finally come this far and were about to enter the Grand Master Thousand Rankings. They did not want their efforts to be in vain.

Sheng Xiao's performance stunned many people. However, at this moment, he seemed terrifying.

Besides, at this time, it was often a competition between the outer-ring participants. The Grand Masters who could definitely get on the Grand Master Ranking did not bother to challenge them. Therefore, Sheng Xiao, who was the strongest in the outer-ring, became an eyesore to the other participants.

They were afraid of him.

No one wanted to be challenged by Sheng Xiao, and no one dared to challenge him.

They noticed that Sheng Xiao had been staring at the participant count table. The Grand Masters standing around him were excited. They could not help but think

They were weak and injured, so they were easy to bully. If Sheng Xiao did not dare to challenge those experts, but challenged them, what should they do?

Hence, the beast tamers beside Sheng Xiao looked unhappy.

Among the 1,004 participants on the battlefield, only Sheng Xiao was covered in a barrier membrane. He was the only participant from a small world. On a certain level, they were the same group. Sheng Xiao, who came from a small world, was a country bumpkin who was ostracized.

This scene was like a phoenix mixed into a chicken cage. However, these chickens were unwilling to admit that this phoenix was unique and beautiful. On the other hand, they were afraid of his outstanding strength. Therefore, they wanted to kick this phoenix out of this chicken cage.

As long as the phoenix was kicked out, the situation in the chicken coop would be fair and just.

With this thought in mind, a few of the weakest people began to approach each other.

They were four mid-stage Grand Master Beast Tamers. There were three men and one woman.

These four participants clearly knew each other. One of them, a man in a suit with long hair that reached his shoulders, said to the others, "Everyone, we're all from the same world. The situation is dangerous now, and we're all facing the awkward situation of being eliminated. Why don't we work together and

kick out the participant from this small world first?! Then, we can work together to deal with the other participants?"

This way, they could advance together.

This man said what the other three were thinking.

"Okay!"

Sheng Xiao could not understand their language, but he could feel four malicious and murderous gazes on him.

His gaze moved away from the participant count in the sky, then turned to look at the four participants behind him.

Sheng Xiao understood everything when he saw the killing intent in their eyes.

Sheng Xiao wanted to sit back and reap the benefits. However, he did not know that he, who came from a small world, was not qualified. He was not a fisherman on the boat. He was a lamb waiting to be slaughtered.

From the looks of it, they were planning to attack him.

Sheng Xiao tightened his grip on his sword. He turned to look at the other beast tamers watching the battle and asked in a low voice, "Is anyone willing to cooperate with me?" Since the other party did not play by the rules and planned to bully him with numbers and chase him out of the battlefield, he could gather three more participants to fight with him.

There was nothing wrong with giving someone a taste of their own medicine.

However, none of the participants were willing to cooperate with Sheng Xiao after they received his invitation.

To them, Sheng Xiao was just a participant from a small world. Even though his performance in the competition was outstanding and stunning, his birth was too humble. No matter how promising he was, he did not have a powerful background.

Cooperating with him would offend the forces of the Great World.

After the battle, Sheng Xiao would return to his small world. But what about them? What should they do?

Chapter 572: An Eyesore (2)

Now, the ten Great Worlds had long been interconnected. They didn't dare to offend the major forces of the various worlds.

Offending them would result in endless revenge.

Sheng Xiao was disappointed by their cold attitude.

He had really seen enough of the hypocrisy of these people of the Great World during this competition.

Seeing that no one was willing to cooperate with Sheng Xiao, the four participants heaved a sigh of relief.

“Sheng Xiao!” The long-haired man stared at Sheng Xiao and said, “The cultivation world has always followed the principle of survival of the fittest. Don’t blame us for being cruel and heartless. Blame your world for being too weak, so no one is willing to cooperate with you.”

Sheng Xiao didn’t understand their words. He looked at a participant from the Demon Beast Continent and asked in the language of the Holy Spirit Continent, “Please help me translate what they are saying.”

Sheng Xiao was looking at a female Beast Tamer.

At that moment, women were more kind to Sheng Xiao than men.

The female Beast Tamer pondered for a while before telling Sheng Xiao what the long-haired man said.

Sheng Xiao didn’t fly into a rage. He only asked coldly, “May I ask which world you and your companions are from? What are your names?”

They didn’t understand Sheng Xiao’s language. The four of them looked at the woman from the Demon Beast Continent.

The woman became a translator again. “He’s asking you which world you’re from and what your name is.”

The four people’s expressions changed slightly. Among them, a tall man in a tight vest narrowed his eyes and asked Sheng Xiao, “Why are you asking this?”

The woman told Sheng Xiao what she said.

What for?

Sheng Xiao’s answer was only a few words.

“I’ll take revenge someday.”

This was blatant discrimination and humiliation. Sheng Xiao would take revenge for injustice. Even if he failed today, he would tear down the barrier and run to their world to defeat them one by one for revenge!

The woman was shocked when she heard Sheng Xiao’s words. She hesitated and didn’t know if she should tell him the truth.

The man in the vest urged the woman again. “What did he say?”

The woman bit her cherry red lips with her white teeth and hesitated, as if she didn’t dare to say it.

Sheng Xiao nodded at the woman. “Miss, please tell them the truth.”

The woman looked at Sheng Xiao with a complicated gaze and conveyed his words to the four of them.

After knowing Sheng Xiao’s plan, the four of them tensed up.

The atmosphere on the battlefield suddenly became tense.

A few seconds later, the man with long hair laughed. "Revenge. Heh." He looked at Sheng Xiao with amusement and pity. He mocked him mercilessly. "Let's not talk about whether you have the chance to go to our world. Even if you do, you might not be able to come into contact with us with your background. It's impossible to take revenge!"

After he finished speaking, he observed Sheng Xiao's reaction carefully.

However, Sheng Xiao remained calm. He had guessed what he was saying, but he was not angry.

This person was too calm.

At this moment, the man in the vest suddenly said, "We're from the Cang Lang Continent. My name is Dudek." He pointed at the long-haired man again and said, "His name is Lie Chong. The one beside him is called Li Chu." Finally, he pointed at the only woman among his companions and said, "Her name is Karina."

The woman from the Demon Beast Continent told Sheng Xiao their names.

Sheng Xiao nodded and said in a low voice, "Got it!"

After saying that, he didn't say anything else and directly threw the Dragon Sword in his hand into the deep space!

"Roar!"

The black sword let out a furious roar that seemed to come from ancient times.

The dragon roared, and the entire battlefield shook.

In the sky above the battlefield of the Grand Master Central Pagoda, there were a few young Grand Masters floating in the air. They were the ten strongest Grand Masters in this world competition.

There were a few familiar figures among them.

Ye Qingyang, Jing Jiaren, and Zhan Wuya were all present.

Upon hearing the dragon's roar, Zhan Wuya hugged his gun and looked up at the longsword in the sky that was covered in dragon patterns. He couldn't hide his surprise as he said, "The rumors are indeed true. Someone really awakened the Black Qing Sky Dragon in the small world."

Jing Jiaren saw that the longsword had turned into the Black Qing Sky Dragon's appearance. Its overly huge and mighty body was entrenched in the deep space, like a towering mountain that was suffocating.

Jing Jiaren sighed with emotion. "As expected of the Black Qing Sky Dragon with the strongest combat strength in ancient times."

Just looking at that dragon made them feel flustered. Unfortunately, the Beast Tamer who had awakened such a super demon beast had yet to fully mature.

Zhan Wuya said sincerely, "If he was born in a Great World, he would definitely be an extraordinary person." Perhaps, he could also stand on the same level as them and look down on all living beings. "It's a pity that he was born in a small world."

When Ye Qingyang heard the discussion between Jing Jiaren and Zhan Wuya, he snorted coldly and mocked them. "The small world is lacking in resources and its spiritual power is weak. For him to be able to reach this step shows how powerful a young man he is. If he was really born in a Great World, I'm afraid his achievements will far surpass ours."

Ye Qingyang glanced at Jing Jiaren and said, "The world is very big. Don't be a frog at the bottom of a well. Don't think that the world is only what you see." Little did she know that there were more unknowns hidden in the places she couldn't see.

Chapter 573: Take Turns Battling, Despicable! (1)

When Jing Jiaren heard Ye Qingyang's mocking words, her beautiful face flushed with embarrassment. She gritted her teeth but did not retort.

On the other hand, when Zhan Wuya heard Ye Qingyang's sarcastic words, not only was he not angry, but he even revealed a look of being enlightened. He said humbly, "You're right. We were too short-sighted."

As they chatted, the Dragon Sword had completely transformed into Black Qing Sky Dragon.

Black Qing Sky Dragon, wrapped in boundless spiritual power, suddenly swooped down to the battlefield below and charged towards the four Grand Masters.

When they saw the legendary Black Qing Sky Dragon, the expressions of the four people instantly became solemn.

"Form a defensive array!" The woman called Karina roared. The three men beside her summoned their beast forms at the same time and completely fused with their beast forms.

Karina's beast form was a red-crowned crane, while the long-haired man's beast form was a ferocious sea turtle. The short man called Li Chu's beast form was a two-headed turtle.

The man called Dudek's beast form was an ape-like creature with a white head and a pair of red feet.

Seeing that monkey, someone in the crowd exclaimed in a low voice, "It's the ferocious beast Zhu Yan!"

Zhu Yan were ferocious beasts with very powerful destructive power. In battle, they were natural destroyers.

The four demon beasts occupied the north, south, east, and west directions. They extended their hands and wings towards each other. The moment their heads and tails were connected, the powerful and thick energy in the four directions shot into the sky in a cylinder shape. They formed an incomparably powerful cylindrical protective shield and resisted Black Qing Sky Dragon's attack together.

Bang!

Black Qing Sky Dragon's huge body slammed heavily into the energy pillar!

In an instant, the ground shook, but the energy protective pillar did not move at all.

Black Qing Sky Dragon circled up and wrapped its thick body tightly around the energy pillar. The dragon's body suddenly tightened, and the energy pillar also shrank. Just as the energy pillar was about to be shattered by the dragon, an illusory Zhu Yan ferocious beast suddenly appeared in the energy pillar.

The Zhu Yan held a sharp halberd in each hand. It roared angrily as raging flames erupted from its body. The Zhu Yan waved the halberd in its hand, and the attack power released by the halberd broke through the energy pillar and slashed at the dragon's soft abdomen.

"Roar!"

Black Qing Sky Dragon let out a muffled and pained roar.

The Zhu Yan roared angrily. The halberd in its hand suddenly fused into one and turned into a terrifying hammer-shaped weapon.

Seeing the change in the halberd, someone in the crowd recognized the weapon and said in shock, "The weapon in the Zhu Yan's hand is a level 8 battle spirit weapon, the Spirit Severing Halberd. It can slash people's souls!" This was the difference between the Great World and a small world.

Almost everyone in the Great World had a few high-grade Spirit Tools.

Sheng Xiao did not have such equipment.

And the soul was Sheng Xiao's biggest weakness.

Sheng Xiao was born with a weak soul. He awakened his beast form at the age of nine. According to his cultivation talent, he should have been able to break through to the Master Realm in his teens. However, his soul was weak, and the spiritual power he absorbed in the early years always dissipated for no reason. That was why he only broke through to the Master Realm at the age of 20.

The Spirit Severing Halberd dug into Black Qing Sky Dragon's abdomen. Black Qing Sky Dragon was not injured, but Sheng Xiao's soul was severely injured.

It was as if a flawless porcelain bowl had been forcefully opened by a hammer. Sheng Xiao suddenly felt a sharp pain in his Spiritual Abode. "Ah!" Sheng Xiao pressed his head with his hand and his handsome face turned pale.

Sensing Sheng Xiao's change, Zhu Yan smiled. He raised the Spirit Slaying Halberd again and dug into Black Qing Sky Dragon's body.

"Roar!"

Sheng Xiao's soul was severely injured and he was in so much pain that he was delirious. The Black Qing Sky Dragon swung its tail and retreated from the protective shield. It flew back to Sheng Xiao's side. It wrapped around Sheng Xiao's body and placed its head on his shoulder. It looked haggard and painful.

After defeating Black Qing Sky Dragon, the four Grand Masters of the Cang Lang Continent were overjoyed.

“What ancient super divine beast? It’s nothing impressive.” The Zhu Yan sneered. It raised the Spirit Slaying Halberd again and took the initiative to attack Sheng Xiao. The other three people also took out their weapons and prepared to attack!

In the blink of an eye, the Zhu Yan approached Sheng Xiao.

Chapter 574: Take Turns Battling, Despicable! (2)

Sheng Xiao endured the pain in his mind while resisting the attacks of the four people.

Sheng Xiao closed his eyes and activated the spiritual power in his body. A black dragon scale armor appeared around him. At the same time, a pair of black dragon horns appeared on his forehead.

“Roar!”

Black Qing Sky Dragon transformed into a dragon sword and descended from the sky.

Sheng Xiao suddenly opened his eyes and grabbed the sword.

When the sword landed in his hand, Sheng Xiao’s body suddenly emitted a dazzling spiritual light.

His footsteps quickly changed. As he moved, a pitch-black and strange destructive power lingered on the Dragon Sword.

At that moment, the Zhu Yan was already in front of Sheng Xiao. The Spirit Slaying Halberd in its hand was burning red. At the same time, the white hair on its head gradually turned into a dazzling red.

The aura around Dudek became more dangerous than ever.

“Soul Cutter!” Dudek held the Soul Cutter Halberd and jumped up. He waved the halberd heavily. In an instant, illusory monkey hands with sharp claws emerged from the hoe.

The monkeys opened their sharp claws and grabbed Sheng Xiao.

The monkey hand was the clone of the Spirit Severing Halberd. Once they successfully approached the enemy’s body, they would silently enter the enemy’s mind and turn the enemy’s Spiritual Abode world upside down.

Sheng Xiao held the Dragon Sword and quickly used the tenth move of the Myriad Slash.

“One Slash Ten Thousand Souls!”

There were a hundred moves in the Heaven Realm cultivation technique, Myriad Slash.

The other cultivation techniques were all advanced cultivation techniques. The further one went, the stronger their combat strength would be.

But that was not the case with the Myriad Slash.

Every move in the Myriad Slash had extremely powerful combat strength. There was no distinction between strong and weak. Every move was a defensive technique created for different energy cultivation techniques. For example, the tenth move, One Slash Ten Thousand Souls, targeted all soul cultivation techniques.

Back at the Black Dome, Sheng Xiao had used this move to defeat Su Tingxue's remnant soul attack.

On the other hand, the Dudek's Spirit Severing Halberd was a soul-type battle spirit weapon. One Slash Ten Thousand Souls was the most suitable move to resist Dudek.

When Sheng Xiao used the One Slash Ten Thousand Souls, the black spiritual power released from his Dragon Sword swallowed the sunlight in the world. In the dark space, there were countless sharp blades cutting the monkey's hands mercilessly.

Dudek sensed that Sheng Xiao's move was quickly disintegrating his energy. His eyes trembled.

The participant from the small world was indeed not easy to deal with!

Fortunately, they had joined forces.

Boom!

When the monkey hand in the black fog was completely disintegrated by Sheng Xiao's energy, Dudek's Zhu Yan beast form immediately knelt on the ground and hugged its head while howling in pain. After being devoured by the energy, Dudek's Spiritual Abode world was destroyed by Sheng Xiao.

Seeing that Dudek had been defeated, a huge two-headed turtle appeared beside the Zhu Yan.

It was the man called Li Chu.

The two-headed turtle's four feet dug up the soil on the ground, and the turtle shell on its back was completely separated from its body.

After the turtle shell left its body, it quickly flew into the sky.

The two-headed turtle roared, "Mountain Tai!"

After receiving the order, the turtle shell in the sky was suddenly magnified infinitely before turning into a huge armor that was as hard as a pot lid. Under the armor, everyone became ingredients in the pot. When the armor completely covered the pot, the food in the pot would be cooked by it.

It was obvious that Sheng Xiao was the top ingredient targeted by Li Chu.

Sheng Xiao's soul was severely injured. He had just used his spiritual power to use One Slash Ten Thousand Souls. At that moment, Sheng Xiao was facing an awkward situation where his spiritual power was almost exhausted.

He raised his pale handsome face and stared at the turtle pot lid that was falling from the deep sky. He pressed his beating heart. At this moment, he suddenly felt unprecedented hatred and unwillingness.

Great World!

Despicable!

Sheng Xiao gritted his teeth and mobilized all the remaining spiritual power in hi

Chapter 575: Take Turns Battling, Despicable! (3)

Sheng Xiao punched his chest. The huge impact injured his internal organs badly. He opened his mouth and spat out a mouthful of blood.

Hot blood splattered on the Dragon Sword, and it immediately erupted with a cold black spiritual energy.

The aura of the Dragon Sword, which was supported by Sheng Xiao's heart blood, became extremely dangerous.

“One Sword Sever the Sky!”

Sheng Xiao and the Dragon Sword became one. In an instant, the Dragon Sword released a powerful energy that could cut through the sky, and shot towards the turtle shell in the sky!

Everyone looked up at the invincible Dragon Sword.

They knew that this participant from a small world was using his life to defend his dignity and faith. This was because he was from a small world and was the first participant in their world to be so close to appearing on the Grand Master Ten Thousand Ranking List. Whether he could successfully enter the Grand Master Ten Thousand Ranking List concerned the pride of their world.

Bang!

When the sharp sword hit the hard and thick turtle shell, a loud “ding” sounded!

The aftershock of that sound was deafening.

Energy that was enough to shatter the sky collided with the turtle shell. Cracks actually appeared on the turtle shell that was so hard that even steel could not break it.

“Pfft!”

The turtle shell was destroyed by Sheng Xiao's energy. The two-headed turtle was severely injured and laid on the ground in Li Chu's form.

Blood flowed from the corner of his mouth, and he looked at the Dragon Sword with fear.

He and Dudek took turns attacking the other party, but they were actually unable to completely defeat him. How could this person be so resistant?!

At that moment, the Dragon Sword in the sky fell to the ground and turned into Sheng Xiao.

Sheng Xiao knelt on one knee. He held the Dragon Sword and raised his left hand to wipe the blood off his mouth with the back of his hand. Then, he looked up at the long-haired man called Lie Chong and the woman beside him. He asked hoarsely, “Who else?”

Lie Chong and the woman were stunned when they met Sheng Xiao's fearless gaze.

Why was this person so stubborn?

Didn't he know how to admit defeat?

Lie Chong looked at Dudek and Li Chu, who were seriously injured and had temporarily lost their combat strength. He felt afraid. However, when he saw Sheng Xiao's left hand trembling uncontrollably, he changed his mind.

Sheng Xiao had obviously exhausted his spiritual power.

The opportunity to defeat him was right in front of him. He could not miss it!

At the thought of this, the man suddenly looked at the woman beside him and said, "Karina, let's do it together!"

Karena was shocked by Sheng Xiao's performance just now. However, just like Lie Chong, she was certain that Sheng Xiao did not have much combat power left.

If they did not take the initiative to attack now, when would they?

"Okay!"

Karina and Lie Chong flew into the sky at the same time. High above, Karina transformed into a red-crowned crane while Lie Chong turned into a sea ebon. The red-crowned crane spread its gorgeous black and white wings. She flew gracefully in the sky.

As the red-crowned crane flew, all the spirit energy in her body was transferred into the sea ebon's body. With the help of the red-crowned crane, the sea ebon's body suddenly doubled in size, and the energy fluctuations in her body instantly rose from the intermediate-stage to the peak of the late-stage Grand Master realm!

Sensing the increase in the spiritual power in the sea ebon's body, someone among the onlookers exclaimed, "Karina is a supporting Beast Tamer! She can help her companions increase their cultivation level!"

Chapter 576: Sheng Xiao's Shocking Discovery (1)

With Karina's help, Lie Chong's strength rose to the peak of the late-stage of the Grand Master realm in an instant. It was impossible for Sheng Xiao, who was only an early-stage Grand Master and seriously injured, to defeat the enemy.

Whether he could even survive was a question.

When they noticed that Lie Chong had become stronger, the onlookers suddenly looked at Sheng Xiao with pity.

However, although they felt pity for Sheng Xiao, no one was willing to take the initiative to help him.

They regarded self-preservation as an iron rule.

Sheng Xiao held his sword and looked up at the red-crowned crane and sea ebon in the sky. His eyes were filled with unwillingness. He looked around at the beast tamers from the Great World who were watching the battle and then at Zhan Wuya and the others, who were above the battlefield.

Their gazes were so cold.

They knew how unfair and cruel this battle was, but because he came from a small world, they watched coldly from the side. It was as if in their eyes, the Beast Tamers of a small world were just lowly ants.

They could crush a large group of people with a mere stomp of their feet. Sheng Xiao felt despair and helplessness. At the same time, he felt indignant. An unprecedented desire surged in his heart.

He had a strong desire to become stronger and become the top expert of the three thousand worlds. He wanted to make these high and mighty participants of the Great World feel ashamed and afraid of their cold and arrogant actions today!

He wanted—

the words “Holy Spirit Continent” to resound throughout the three thousand worlds!

When this thought appeared, Sheng Xiao’s consciousness was suddenly removed from his body.

At this moment, no one had noticed that specks of golden starlight had suddenly appeared in the soil of the Doomsday Battlefield. They were like sparks that floated into the sky when a bonfire burned. Every single one of them was very weak, but when they appeared in large numbers, the entire dim world was completely lit up by them!

Because of the appearance of the spark, this eternally lifeless Doomsday Battlefield was suddenly given life.

The golden starlight that filled the sky surged towards Sheng Xiao. At that moment, everyone on the battlefield finally realized the magical and beautiful scene.

1

Zhan Wuya noticed that golden starlight had appeared on the battlefield below. He was stunned, then his pupils suddenly dilated as he said in disbelief, “This is... this is...”

Jing Jiaren told him the identity of that thing—

“Divine power!”

The power of the Divine Master!

Even in the Great World, very few people could comprehend the power of the Divine Master.

Jing Jiaren was 28 years old this year and was publicly acknowledged as the number one genius in the Divination Continent. However, even she had never comprehended the power of the Divine Master.

As everyone knew, no matter how terrifying a Beast Tamer’s cultivation talent was or how powerful their cultivation realm was, as long as they could not comprehend the power of the Divine Master, they

would never become a Divine Master! Only people who had comprehended the power of the Divine Master had the chance to become a Divine Master.

Even if one was a peerless genius, in front of a Divine Master seed, one would pale in comparison.

At that moment, those who thought highly of Sheng Xiao and did not care about him at all finally looked shocked.

A look of surprise appeared in Ye Qingyang's eyes.

The participants of this small world were really stunning.

In the sky, when the sea ebon saw the power of the Divine Master surrounding Sheng Xiao, he felt helpless.

How could he be a Divine Master seed?!

Although these participants were all top geniuses of various worlds, they were only in their thirties or forties. This was the first time they had seen the legendary power of the Divine Master, so they could not help but feel fear and envy.

The power of a Divine Master was something that many people could not obtain in their entire lives!

However, he had actually comprehended the power of the Divine Master.

In the future, if his cultivation level broke through to the Prime Master realm and reached the Prime Emperor realm, he might become the first Beast Tamer in the three thousand worlds to break through to the Divine Master realm in the past ten thousand years!

Lie Chong's heart skipped a beat when he thought about how Sheng Xiao might become a Divine Master in the future.

Of course, he was even more afraid that their actions had completely offended Sheng Xiao. If Sheng Xiao really reached the peak in the future, would he still let them live?

Chapter 577: Sheng Xiao's Shocking Discovery (2)

When he thought of this, Lie Chong's killing intent intensified.

Since he knew that Sheng Xiao would be a time bomb, he might as well kill him in advance!

* *

Sheng Xiao's consciousness turned into a beam of light and passed through the galaxy silently. He entered a vast and lonely desert world.

Sheng Xiao opened his eyes and saw himself standing in front of a dilapidated tower.

He stared at the tower and sensed an extremely familiar feeling from it.

Why did this tower look so much like the Central Pagoda?

Sheng Xiao stared at the tower and pondered for a moment. Then, he walked into the tower.

The door at the center of the tower was open. A ray of light came out of it. Sheng Xiao walked into the tower against the light. He stood in the wide but dark tower and looked for the stairs to the second floor.

He realized that although the tower was tall, only the first level was open to him.

If he wanted to go a second time, he probably needed some kind of opportunity.

Sheng Xiao turned around and walked out of the tower. He stared at the lonely desert outside and felt a sharp pain in his head.

It was his soul warning him.

Sheng Xiao covered his head and endured the pain. A faint voice suddenly sounded in his confused mind.

“Do you believe in the existence of God?”

Who was it?!

Who was talking in his mind?

Sheng Xiao shook his head. This time, he heard his own answer.

“I don’t believe in God!”

Then, that unfamiliar and ethereal voice sounded again—

“Do you believe in the existence of Divine Masters?”

He said, “Yes.”

The voice asked again, “Then do you believe in the saying that Divine Masters are benevolent and compassionate?”

He said, “No!”

“Why don’t you believe it?! Those who can become Divine Masters are all Beast Tamers with compassion. Why don’t you believe in the saying that Divine Masters are benevolent and compassionate?!” This time, the unfamiliar voice was filled with unconcealable anger.

His calm tone became agitated and questioning.

Sheng Xiao heard himself say, “I believe that every Divine Master has compassion when they become a god, but I don’t believe that they will still have compassion after they become a god.”

1

That person asked, “Why?”

He said, “Because human nature is greedy.”

Sheng Xiao held his head in his hands and sat down slowly in the desert. He looked up at the starry sky with a puzzled and confused expression.

The conversation that suddenly sounded in his mind just now was clearly his memory, and he only lacked part of his memory from the Central Pagoda challenge. Clearly, these memory fragments were about what had happened in the Central Pagoda.

Who was the person who spoke to him in the Central Pagoda?

Sheng Xiao continued to recall the conversation he had just recalled. The more he thought about it, the more his head hurt. It was as if an electric drill was stirring his brain. However, Sheng Xiao didn't stop thinking this time. He was determined to remember everything. He wouldn't give up even if it hurt!

When a person's will was weak, a light blow could shatter it. But when their will was strong, they could defeat everything.

Slowly, Sheng Xiao remembered the sealed memory.

He remembered that the person who spoke to him in the Central Pagoda wasn't the real Heavenly Dao, but the 'god' who created the Holy Spirit Continent.

That god had been hiding in the Central Pagoda all along. He hid inside and deliberately waited for the outstanding participants of the continent to enter the Central Pagoda. Once he discovered that someone had comprehended the power of the Divine Master, he would secretly kill him!

Sheng Xiao couldn't guess why he wanted to kill the Divine Master seeds. However, he knew that the 'god' didn't allow Divine Master seeds to appear on the Holy Spirit Continent, let alone a new Divine Master!

It was precisely because he was smart enough to reveal the true identity of the fake Heavenly Dao and guessed that the death of Prime Master Yin Mingjue might be related to him that the fake Heavenly Dao transformed into Yin Mingjue's appearance to kill him and approached him to lure him into lowering his guard, so he could kill him.

Fortunately, he noticed in time and exposed the other party's disguise.

Although he realized that something was wrong in time, he was still a step too late and had his arm injured.

However, Sheng Xiao remembered clearly that he fainted from the pain after his arm was cut off. Logically speaking, the fake heavens should have taken the opportunity to kill him to prevent future trouble. However, when Donor found him, he wasn't injured except for his arm.

Sheng Xiao had another question. What happened on the top floor of the Central Pagoda before Donor found him?

What unforeseen event had forced the fake Heavenly Dao to give up the opportunity?

At that time, there was no one else on the top floor of the Central Pagoda except him and the fake Heavenly Dao. The fake Heavenly Dao was extremely determined to kill him. It was impossible for him to

suddenly be kind and let him off. After thinking about it, he realized that something unexpected probably happened to him.

As for himself...

Sheng Xiao thought of the scenes he saw about the Black Qing Sky Dragon Clan and the Divine Feather Phoenix Clan.

Yu Aofeng and Jing Huang were his and Yu Huang's identities in their previous lives.

If there was a secret hidden in his body, it could only be related to his previous life.

Yu Aofeng.

Sheng Xiao didn't know the ending of the Dragon Clan's crown prince and Jing Huang in his previous life, but he had heard Lin Jiansheng mention the marriage compact.

That marriage compact was requested by Yu Aofeng.

In order to seek a marriage compact, Yu Aofeng took the initiative to give up the chance to become a god and gave up on his cultivation. He was willing to be suppressed under the Soul Formation Mountain for the rest of his life and suffer the pain of the lightning whip day and night.

Since the Doomsday Battlefield still existed, it meant that Yu Aofeng wasn't dead yet.

To this day, he was still suppressed under the Soul Formation Mountain and endured the torture every day and night.

If the legend was true, if Yu Aofeng was really still alive, then...

Sheng Xiao thought about how his soul was weak when he was a child and how he was unconscious for months on end. He suddenly had a bold guess. Could it be that his soul was weak not because he was injured in his mother's womb, but because he was born without a part of his soul?

And that portion of his soul was in Yu Aofeng's main body!

He didn't know about Yu Aofeng's existence, but Yu Aofeng was watching him secretly. Therefore, Yu Aofeng saw Sheng Xiao's every move, his growth and suffering.

Therefore, in the Central Pagoda, when his life was in danger, Yu Aofeng finally saved his life!

Sheng Xiao was shocked by his own guess.

Chapter 578: Yu Aofeng, You And I Are Indeed One In The Same (1)

Sheng Xiao leaned against the Central Pagoda and looked thoughtful.

If he wanted to verify his guess, it was actually very easy. As long as he put himself in a desperate situation, he could naturally force Yu Aofeng out.

Of course, the risk was high.

If his guess was wrong, he would die.

Should he take the risk?

Sheng Xiao stared at the marriage knot on his ring finger. Yu Huang's face flashed across his mind. Then, he thought of Jing Huang shouting at him with bloodshot eyes, "Yu Aofeng, from now on, stay away from me!"

Sheng Xiao closed his eyes to hide the tears in them.

"Yu Aofeng, I promise that I will use my life to protect Yu Huang!"

Splash!

Sheng Xiao suddenly felt a warmth on his ring finger.

He looked down at his ring finger and saw that the marriage compact, which had been dim since he entered the Doomsday Battlefield, had suddenly regained its red light. At the same time, the world of Divine Master power suddenly shattered and Sheng Xiao's consciousness was sent back to the Doomsday Battlefield.

On the battlefield.

In the sky, the pure black sea ebon suddenly spread its black wings and opened its mouth to let out a loud eagle cry.

As the god of eagles, the sea ebon was an abnormally ferocious bird. When they soared in the sky, the entire sky was their territory. All the creatures that moved under its eyes were its prey.

The ferocious beast swooped down at Sheng Xiao from the sky. A dazzling circle of light erupted from its two pure white eagle claws. When it approached Sheng Xiao, a huge spiritual net appeared under its eagle claws.

"Sky Net!"

The sea ebon roared. The huge net covered Sheng Xiao completely. The process was unexpectedly smooth.

Seeing that the huge net had trapped Sheng Xiao, Lie Chong's eyes were suddenly filled with joy. Even if he had comprehended the power of the Divine Master, this kid was not his match!

The participants of the small world were only so-so!

The onlookers were surprised to see Sheng Xiao captured so easily.

Zhan Wuya raised his eyebrows and said, "It's over just like that?"

Jing Jiaren frowned.

Jing Jiaren thought that this boy who had awakened the power of the Divine Master was an opponent worthy of special attention. However, when she saw that Sheng Xiao was easily subdued by Lie Chong, she looked away in disinterest.

Ye Qingyang stared at Sheng Xiao's face without saying anything.

Ye Qingyang had been observing Sheng Xiao's performance. He noticed that when Lie Chong threw the huge net at Sheng Xiao, Sheng Xiao's eyelids twitched. That meant that he was conscious. But strangely, he did not resist.

Why didn't he resist?

Was he planning to surrender?

But if he really wanted to admit defeat, why didn't Sheng Xiao just unlock the survival ring?

Ye Qingyang narrowed his eyes. He felt that he couldn't see through that young man.

The sea ebon turned back into Lie Chong. The long-haired man held the huge net tightly in his hand. He floated above Sheng Xiao's head and pulled hard. A hurricane appeared inside the huge net. There were countless sharp eagle claws in the hurricane.

The sea ebon's claw could easily pierce through a person's bones and flesh. It was an extremely ferocious weapon.

The eagle claws spun with the hurricane. They ravaged Sheng Xiao's body wantonly. Soon, wounds of all sizes appeared on Sheng Xiao's body. Even his handsome face could not escape.

Blood flowed out of the wound, and the blood was swept away by the hurricane. The inside of the huge net instantly turned bloody.

Seeing this, Lie Chong smiled.

Anyone who was trapped in the sky net would be crushed by his domineering divine eagle power. Even if Sheng Xiao was a Divine Master seed, he was no exception.

Sheng Xiao's skin and flesh were cut by the chaotic power of the Divine Eagle in the hurricane. His flesh was torn and bleeding. He looked terrifying.

He was motionless, like he was dead.

Seeing that there was no sign of struggle in the net, all the onlookers thought that Sheng Xiao had been killed by the power of the Divine Eagle.

Even Lie Chong thought so himself.

Seeing that Sheng Xiao had really been killed by Lie Chong, Zhan Wuya shook his head and said coldly, "What a pity. It wasn't easy for a Divine Master seed to appear, but he died just like that." He said those words with pity, but his eyes were cold.

At this moment, Ye Qingyang, who was standing in the void, suddenly flew down and landed on the battlefield at the edge of the hinterland.

Chapter 579: Yu Aofeng, You And I Are Indeed One In The Same (2)

He held the white sword and stood in front of Sheng Xiao. He looked up and said to Lie Chong, "Let him go."

Lie Chong recognized Ye Qingyang and the smile on his face instantly became awkward.

Ye Qingyang was someone that even Jing Jiaren and Zhan Wuya feared. How could Lie Chong be his match?

Lie Chong didn't dare to offend Ye Qingyang, but he didn't want to let Sheng Xiao off just like that. His eyes flickered a few times before he said unwillingly, "Ye Qingyang, this is a battle between me and Sheng Xiao. Life or death depends on one's own ability. He refused to beg for mercy and undo the life-saving ring. You can't blame me for being cruel and heartless."

Hearing this, Ye Qingyang continued, "He's a Divine Master seed. He will have a bright future. He might be the most powerful young Beast Tamer in his hometown. Killing him might cut off that world's only hope. The battle is already over, so why do you really have to kill him?"

"Lie Chong, don't be so ruthless."

Lie Chong laughed and said in a sarcastic tone, "Hehe, although you cultivate the most vicious Ghost Dao, you seem quite merciful... If you want me to let him go..." Lie Chong grinned and his expression instantly darkened." Impossible! "

Sheng Xiao had comprehended the power of the Divine Master. If he was given enough time, he would definitely reach the peak.

Lie Chong wasn't stupid.

Letting Sheng Xiao escape today would be letting the tiger return to its home.

When Sheng Xiao grew up in the future, how could he survive?

The four of them had already offended Sheng Xiao. There was no turning back. He had no way out. He could only kill Sheng Xiao to prevent future trouble!

Lie Chong suddenly frowned and mobilized all the energy in his body again to inject it all into the sky net. The energy in the sky net instantly became even more chaotic and domineering, so the hurricane energy in the sky net also became even more bloody.

Seeing this, Ye Qingyang hesitated for a moment before placing his hand on the bone sword.

He pulled out his bone sword and was about to cut open the net to release Sheng Xiao when a dangerous energy fluctuation appeared in the world!

Noticing the appearance of this energy, Ye Qingyang stopped moving warily. And after Lie Chong felt the existence of that energy, all the hair on his body stood up.

That energy quickly swept through the entire battlefield. Everyone who sensed the terrifying energy felt their scalps go numb.

What kind of energy was this?

No one noticed that Sheng Xiao, who had his eyes closed, suddenly opened them.

He stared at his slowly raised arms and his lips curled up.

Yu Aofeng.

You have indeed always been with me.

Sheng Xiao didn't do anything, but his hands were raised high. When he raised them, the wound on his arm healed quickly. At the same time, his skin suddenly became hard. If one looked carefully, they could see a faint golden color under his skin.

It was the power of a Divine Master.

Even if Yu Aofeng was a demigod abandoned by the heavens, he was still a god!

There was a shocking energy fluctuation in his arms. The power was so strong that even Sheng Xiao felt his heart palpitate.

The hand easily passed through the chaotic hurricane storm and grabbed the sky net outside the storm. The ten well-defined fingers pressed on the sky net and exerted a little force to tear it apart.

Hiss!

Hearing the sound of the giant net shattering, Lie Chong immediately looked down at his sky net.

Seeing the sky net being torn apart by a pair of large hands, Lie Chong's pupils suddenly dilated. He screamed, "How is this possible?!"

The net in the sky was as hard as a rock. Only a level-ten supreme-grade spiritual weapon could cut it. How did Sheng Xiao do it?

Noticing this change, everyone was stunned.

Ye Qingyang saw that Sheng Xiao wasn't dead yet. He even tore the sky net with his own ability. He raised his eyebrows in surprise. Then, he put the bone sword back into the scabbard and flew back to his original position.

The huge net was torn apart, and the storm inside the huge net disappeared.

A foot in black combat boots ruthlessly stepped on the tattered net. A man covered in blood walked out of the bloody mist. He was wearing black armor and had black dragon horns on his head. His calm black eyes had an imposing aura.

He slowly raised his head and looked at Lie Chong.

Lie Chong looked at Sheng Xiao with a pale face.

When the net in the sky was torn apart by Sheng Xiao, he knew that he had lost.

He was utterly defeated!

Although Sheng Xiao's gaze was cold and indifferent, Lie Chong still felt fear for him.

Realizing that Sheng Xiao wouldn't let him off and that he wasn't Sheng Xiao's match, Lie Chong subconsciously reached out to tear the survival ring.

At that moment, Sheng Xiao moved.

Everyone only saw him take a step forward. The next step, his body appeared in front of Lie Chong. One of his hands pressed down on Lie Chong's arm, and the other grabbed Lie Chong's neck tightly.

This process was unbelievably fast. No one saw how he approached Lie Chong.

The bones in Lie Chong's arm were crushed by Sheng Xiao. He was sweating from the pain. He frowned and begged for mercy. "Sorry..." Before he could finish, the man in front of him broke his arm.

"Ah!!!" Lie Chong let out a miserable cry.

However, Sheng Xiao was unmoved when he heard his shrill cry. He threw Lie Chong onto the battlefield below. Then, everyone saw a black shadow flash past. In the next second, Sheng Xiao broke the arm of the white crane in the sky and threw it beside Lie Chong.

Then, Dudek and Li Chu, who were sitting on the ground, were picked up by Sheng Xiao and thrown towards Lie Chong and the others.

The four of them were lying on the ground side by side. The arm with the survival ring had been broken by him.

Sheng Xiao had cut off their chance of survival.

Chapter 580: I'm Merciless Towards Enemies! (1)

Lie Chong and the others were lying on the ground in a sorry state, their broken arms hanging limply on the ground. They, who had been in high spirits earlier, were now like four broken wooden dolls and had lost all their combat strength.

With a bang, Sheng Xiao pulled out the Dragon Sword from the soil.

His calm eyes quietly swept across Lie Chong and the other three. Then, he pursed his lips and walked towards them with the Dragon Sword in his right hand. The tip of the sword slid across the gravel-covered battlefield while emitting ear-piercing sounds.

That ear-piercing voice entered the ears of Lie Chong and the others, causing them to feel despair.

When they realized that Sheng Xiao was planning to kill Lie Chong and the others, the onlookers were shocked.

How could a participant from a small world like him dare to kill Lie Chong and the others?!

Lie Chong and the others were top geniuses in their families. If Sheng Xiao really killed them, he would become the nemesis of their families.

How dare he?

The four of them were frightened when they saw Sheng Xiao walking over.

“Sheng Xiao!” Lie Chong retreated in a sorry state while threatening Sheng Xiao pretentiously. “I’m the only son of the head of the Lie family of the Cang Lang Continent. My father is a Prime Master. If you dare to kill me, my father will not let you off!”

As soon as he finished speaking, the white crane woman, Karina, also shouted shrilly, “I’m the personal disciple of the Divine Eagle Sect’s Sect Master and I’m the successor of the Divine Eagle Sect. You can’t kill me!”

Not to mention that Sheng Xiao didn’t understand what they were saying. Even if he did, he wouldn’t take their threats seriously.

He didn’t stop walking.

As the saying went, those with nothing to lose weren’t intimidated by those with power. Sheng Xiao had nothing to lose. At that moment, he wished he could skin them alive to vent his anger. He wouldn’t let them off.

Seeing that Sheng Xiao was getting closer and closer, Lie Chong and the others realized that the threat was useless against Sheng Xiao. They were in complete despair. Lie Peng looked up at the sky and shouted, “We choose to forfeit. Please help us!”

As soon as he finished speaking, a dazzling light suddenly appeared in the sky.

Sheng Xiao sensed the change. He looked up at the sky immediately and saw a man in a suit and a sexy woman in an OL dress and high heels descending from the light.

The two of them landed in front of Lie Chong and the others and faced Sheng Xiao.

Sheng Xiao stared at them and narrowed his cold eyes.

The man in the suit took out an ID from his pocket. There was a nebula symbol on the ID. He said to Sheng Xiao in the language of the Demon Beast Continent, “The staff of the Administration are the supervisors of the Grand Master Central Pagoda. According to the competition rules, when the participant chooses to forfeit, the challenger must stop the battle.”

Although the language of the Demon Beast Continent was slightly different from the Holy Spirit Continent’s, Sheng Xiao still understood what she said.

After understanding what the staff meant, Sheng Xiao smiled mockingly.

The male staff couldn’t help but frown when he saw Sheng Xiao’s smile. He guessed that Sheng Xiao wouldn’t let it go. He couldn’t help but look stern as he raised his voice and said, “Sheng Xiao, I advise you to stop the battle immediately!”

Sheng Xiao held the sword in his hand tightly and mocked him expressionlessly. “The Grand Master Ranking is a one-on-one challenge between Grand Masters. No participant is allowed to fight in a team. This is also the rule of the Doomsday Battlefield. Why didn’t you come out to control the situation when Lie Chong violated the rules? Yet you came at the right time when they called for help.”

Sheng Xiao's words were filled with sarcasm. The two staff members looked unhappy. "No matter what, Lie Chong and the others have chosen to forfeit. The outcome of the battle is clear. Grand Master Sheng Xiao, I hope you can follow the rules of the battlefield. Don't be so ruthless."

Ye Qingyang had said this to Lie Chong before.

But did Lie Chong give Sheng Xiao a chance?

Nothing.

Sheng Xiao asked mysteriously, "Don't be so ruthless?"

His lips suddenly curled up into a half-hearted smile.

Suddenly, Sheng Xiao's black armor released an extremely powerful energy storm. When the energy storm erupted, the manager standing in front of him was forced to release a protective shield to resist the energy.
