Chapter 751: Vice Sect Master of the Dark Night Ghost Sect (2)

“Greetings, Deputy Sect Master.” Even though the five of them were unwilling, in front of the strong, they could only obey.

The vice sect master of the Dark Night Ghost Sect raised his head and revealed a handsome but pale face. His eerie gaze swept across the faces of Eliza and the others. He smiled and said, “Just you guys are here?”

Eliza’s heart skipped a beat.

Ge Meng lowered his eyes and was about to explain when he heard One-Eyed Wolf say with a quivering voice, “The other mercenary groups might have been delayed on the way. Why don’t we wait a little longer, sir?”

“Wait?” The vice sect master sneered and said, “What right do you guys have to make me wait?!” As he spoke, that person released a domineering and gloomy spiritual energy aura. The mercenaries standing around him couldn’t withstand the suppression of this energy and knelt down.

Even Ge Meng, who was an intermediate-stage Scholar, knelt down weakly.

Yu Huang and the others had to keep up the act, so they knelt down one after another.

“I said that I want to see everyone here at eight o’clock. If anyone is late...” A sinister smile suddenly appeared on the vice sect master’s pale face. The vice sect master suddenly took off the cloth bag hanging on his right wrist and opened it. In an instant, more than a hundred mercenaries screamed and fell out of the interspatial bag.

They piled up on the ground, then shouted as they got up and ran in all directions.

The vice sect master snorted. He only stomped the cane in his left hand. Immediately, a black spiritual energy chased after the escaping mercenaries with the cane as the center. The spiritual energy turned into sharp knives that accurately pierced into the backs of the mercenaries.

“Ah!”

The mercenaries let out shrill screams and immediately fell to the ground while struggling frantically.

More than a hundred mercenaries were severely injured in an instant and their mobility was restricted by the other party.

The vice sect master looked at the injured people on the ground in satisfaction and said, “Those who don’t keep their promises deserve to be punished!”

All the mercenaries were frightened when they saw the pained looks and heard the screams of the mercenaries on the ground. Their eyes widened in shock, and everyone’s faces were contorted in fear.

The people lying on the ground were all mercenaries who had worked with them before. They fell just like that, and the person who suppressed them only used one move!

This was the power of a Grand Master!

Eliza glanced at Yu Huang, who was kneeling in the middle of the female mercenaries. She noticed that Yu Huang was calmly staring at the injured people on the ground. Eliza felt a little more at ease. At the same time, she admired Yu Huang's performance.

The vice sect master glanced at the mercenaries who were kneeling on the ground and trembling. He said expressionlessly, "I used money to buy your lives, so you have to make my money worth it. Whoever dares to escape and leak the news will only end up worse than them!"

After saying that, the vice sect master looked at Eliza and the others and asked, "Is everyone here?"

Eliza said with a trembling voice, "Sir, you bought a total of 50 lives from the Eliza Mercenary Group. All our people are here."

Snow Wolf also lowered his head and said, "Sir, all 60 people of the Snow Wolf Mercenary Group have arrived."

Ge Meng also lowered his eyes and said, "All 80 people of the Sharks Mercenary Group have arrived."

"..."

After the commanders reported the number of people in the various mercenary groups, the vice sect master's gaze landed on the mercenaries kneeling on the ground. Seeing him look over, Donor, Xiao Shu, and the others pretended to be afraid and knelt on the ground.

"Alright, lift these people up. Their bodies are still useful." After confirming that there were no mistakes, the vice sect master held his cane and walked towards the collapsed stone wall.

He led the way while the other mercenaries carried the corpses of the hundred or so dead mercenaries. They followed behind him as they walked into the Abyssal Origin Forest.

With a powerful Grand Master leading the way, the low-level and intermediate-level demon beasts in the abyss didn't dare to appear in front of them.

Therefore, although Yu Huang and the others heard the roars of the demon beasts along the way, they still passed through the outer circle of the forest safely. When it was dark, they arrived at the middle circle of the abyss.

When he walked to a lake surrounded by towering ancient trees, the vice sect master raised his head and took a deep sniff of the surrounding air. He smelled the increasingly powerful demonic power fluctuations in the air and sensed that the demon beasts in front of him were getting stronger and more numerous. Realizing that it would be dangerous to continue forward, he raised the cane in his hand and gestured for everyone to stop.

Seeing this, the mentally exhausted mercenaries stopped after walking for an entire day. They gently put down the injured mercenaries and tacitly moved closer to their companions.

It was late at night, and the roars of various demon beasts could be heard in the forest. The demon beasts that could live in the middle circle had to be at least level-six demon beasts, and the highest was even level-eight and level-nine demon beasts. Hearing the roars of the demon beasts, the mercenaries looked even more terrified.

“Alright, it’s here.” The vice sect master turned around and stared at the nervous mercenaries.

The vice sect master saw the fear of death in their eyes, but he revealed an expression of enjoyment. He twirled the cane in his hand and asked casually, “Then, who should we start with?” The subordinate standing behind the vice sect master suddenly took out a dagger and looked at Eliza and the others expressionlessly.

Eliza and the others felt their hair stand on end.

They weren’t afraid of death, but just because they weren’t afraid of death didn’t mean that they wanted to die.

Chapter 752: The Strongest Battle Group! (1)

Seeing that they didn’t say anything, the vice sect master smiled. He raised his left hand and gently bent his fingers. He said softly, “Kill those fugitives first.”

Hearing this, the subordinate waved his sleeve and the injured mercenaries suddenly flew up and landed beside the lake.

The vice sect master said impatiently, “Attack.”

The subordinate threw out a stream of spiritual power, which turned into daggers that filled the sky and cut the throats of the mercenaries in an instant.

Immediately, more than a hundred streams of dark red blood spurting out of the mercenaries’ throats and fell into the lake in front of them. In the next second, their bodies were pushed into the lake. They struggled weakly in the lake water. Soon, the water in the lake was stained red by their blood.

The Red Lady was good at invisibility. They floated around in the primitive forest. The richer and sweeter the smell of blood, the more it would attract their attention.

The vice sect master stared at the rippling light red blood pool in front of him but didn’t find any trace of the Blood Lady. He shook his head regretfully and turned to Eliza and the others. “Look, a mere 140 lives aren’t enough to attract the Blood Lady’s attention.”

“Then.” The vice sect master tilted his head and looked at Eliza and the others. His black eyes released a charm. He asked Snow Wolf and the others, “Who is willing to volunteer?”

Upon hearing the vice sect master’s words, none of the five of them were willing to take a step forward.

The sinister smile on the vice sect master’s lips disappeared. “None?” His tone was still gentle, but everyone could hear his killing intent.

Snow Wolf and the others immediately felt their scalps go numb.

The vice sect master suddenly pointed at the tallest and strongest regiment commander. "The Iron Tower Mercenary Group, all the members of your regiment are strong. I believe you have the most blood in your bodies."

Hearing this, the burly man instantly panicked. "Don't kill us. Sir, kill the Sharks Mercenary Corps first. The Sharks Mercenary Corps has the most people."

Hearing that the leader of the Iron Tower Mercenary Group had betrayed his mercenary group, Ge Meng immediately sneered. "So what if the Sharks Mercenary Corps has more people? We're not as strong as your group. Sir." Ge Meng smiled and said to the vice sect master, "Sir, you're right. The stronger and taller a person is, the more blood they must have in their bodies."

The vice sect master saw that Ge Meng didn't show any fear of death like the other regiment commanders. He smiled sinisterly and nodded. "To find out if they have more blood than yours, it's easy. I'll kill you all and compare carefully. Wouldn't I know then?"

The smile on Ge Meng's face froze.

The Iron Tower Mercenary Group's leader gritted his teeth.

"Kill them all." The vice sect master smiled and looked at the group of mercenaries kneeling on the ground. He said, "Everyone, accompany me to witness it. Let's see if the taller ones have more blood in their bodies or the Sharks Mercenary Group does."

Yu Huang narrowed her eyes when she heard this.

The people of the Dark Night Ghost Sect were indeed freaks.

Yin Rong gritted her teeth and dug her hands into the soil under her knees. Back then, this vice sect master had used all kinds of cruel methods to kill her parents and sister. After 18 years, they had become even worse.

The vice sect master's two subordinates walked towards the Sharks Mercenary Group and the Iron Tower Mercenary Group at the same time. With a wave of their sleeves, the strong mercenaries flew up uncontrollably and landed by the lake.

The vice sect master turned the sapphire on his staff and said to Ge Meng and the burly man with a smile, "The two of you have to open your eyes and watch carefully. Let's see who has more blood!" With that said, he moved his finger away from the gem and said softly, "Kill them all."

Hearing this, the subordinate pulled out his spirit sword and was about to attack.

Seeing that his subordinates were about to be slaughtered, Ge Meng finally roared angrily, "Freak! I'll fight it out with you!"

Ge Meng roared angrily, and a golden cicada as tall as a person suddenly appeared beside him. Seeing that Ge Meng had actually summoned the golden cicada beast form, the vice sect master was somewhat surprised. "Huh, you're actually a Beast Tamer."

Eliza and the others also widened their eyes. "Ge Meng is a Beast Tamer?"

When the mercenaries of the Shark Mercenary Group discovered that their leader was also a Beast Tamer, they all revealed ecstatic expressions.

Chapter 753: The Strongest Battle Group! (2)

The regiment commander was also a Beast Tamer! Then were they saved?

This attracted the attention of the two subordinates. The subordinates saw that the eyes of this group of mercenaries suddenly lit up with hope, and they laughed evilly. This group of fools thought that Ge Meng exposing his identity as a Beast Tamer would bring them hope. Little did they know that that would only cause them to fall into deeper despair.

The two subordinates of the Dark Night Ghost Sect couldn't wait to see the hope in their eyes replaced by despair and fear.

That would definitely be more interesting.

With this thought in mind, they temporarily put down the butcher knife in their hands and decided to watch the show.

The vice sect master stared at the lonely spiritual energy halo on Ge Meng's head. He shook his head and said disdainfully, "A mere Scholar dares to act arrogant in front of me."

Ge Meng roared with bloodshot eyes, "You're too much!"

Ge Meng suddenly clenched his fists and roared angrily, "Golden Bell Shield!" The golden cicada beast beside him suddenly cried out. Its body suddenly expanded to more than two meters tall, and it was even taller than Ge Meng. When the golden cicada's stomach was as big as it could be, it finally stopped. At this moment, the golden cicada cried out again and spat a mouthful of sticky thread at the vice sect master.

Ge Meng was an itinerant cultivator. Without the support of his family, he didn't even have a decent cultivation technique. This 'Golden Bell Shield' was the only cultivation technique he cultivated and was also the strongest cultivation technique.

All these years, he had relied on this 'Golden Bell Shield' to counterattack many times.

However, this time, he wasn't facing a low-level demon beast, but a powerful Grand Master expert.

In front of a Grand Master, a Scholar could only be crushed.

Seeing Ge Meng take the initiative to attack the vice sect master, the mercenaries of the Sharks Mercenary Group, as well as Eliza and the others, widened their eyes in hopes of seeing a miracle.

However...

It was impossible for a Scholar to create a miracle in front of a Grand Master!

When the sticky threads were about to approach the vice sect master, the vice sect master only raised his left hand lazily and gently pressed his index finger on the pile of threads that were spraying over. Wisps of dark golden spiritual power emerged from his fingertip and wrapped around the threads.

Everyone only saw a ball of dark golden light light up on the thick thread. In an instant, the corrosive golden cicada thread was destroyed by the vice sect master's energy.

Then, the vice sect master pointed his index finger at the golden cicada and said, "Destroy!"

Everyone only heard a loud bang before the golden cicada exploded into countless pieces. At the same time, Ge Meng let out a scream and fell to the ground. He hugged his head and twitched in pain.

The hope in the eyes of the Sharks Mercenary Group's mercenaries was suddenly extinguished. "Commander!" They looked at the commander's pained expression in grief and suddenly raised the guns in their hands to fight to the death.

They fired at the vice sect master in unison.

The vice sect master's lips curled up slightly as he sneered. "How stubborn." He only used the pressure of a gaze to completely destroy the bullets that were rapidly approaching.

Seeing that the bullet reach the vice sect master at all, the mercenaries all fell into despair.

"God, if you really exist, please show yourself and save us!"

At this moment, the vice sect master also walked in front of Ge Meng. He smiled and reached his left hand in from Ge Meng's back and pinched Ge Meng's beast heart, which was as big as a grape. He said, "It's not courage to hit a rock with an egg. It's stupidity." With that, he retracted his five fingers to crush the other party's beast heart.

At this moment, a cold female voice suddenly sounded from the mercenary group behind him. "If hitting a rock with an egg is called stupidity, what about bullying the weak?"

This voice wasn't loud, but the scene was too quiet, so the woman's voice sounded very clear.

The vice sect master was clearly stunned for a moment.

He subconsciously let go of Ge Meng's beast heart and turned to look behind him. He saw a woman in a silver-gray mercenary uniform standing up. The woman was standing in the middle of the Eliza Mercenary Group. Her long hair was covered by a hat, and her young face was covered by thick makeup, but her narrow eyes were bright.

At the same time, the vice sect master also discovered the energy fluctuations released by Yu Huang.

Unexpectedly, she was a Master.

The vice sect master had seen young Masters before, but he was still a little surprised to see such a young Master in the Eliza Mercenary Group. "Yo, Eliza, you didn't tell me that there was a Master hidden in your team. What, are you planning to kill me?"

Chapter 754: The Strongest Battle Group! (3)

As he spoke, the vice sect master's gaze landed on Eliza again.

This time, although Eliza still didn't dare to meet his gaze, she didn't lower her head.

"What a pity." The vice sect master shook his head and smiled. He said, "A mere Master can't defeat me at all."

"One Master can't defeat you, but what about the four?" Just as Yu Huang finished speaking, three different Master auras suddenly appeared in the crowd. At the same time, Estelle, Yin Rong, and Feng Yuncheng stood up from the crowd.

The vice sect master's smile deepened. "However, unfortunately, three Masters are still not enough."

"Is that so? If three Masters aren't enough, then... what about three more?" After Yu Huang finished speaking, Donor, Xiao Shu, and Beatrice stood up.

The vice sect master was originally smiling. However, when he realized that the spiritual energy fluctuations released by the three Beast Tamers weren't Master spiritual energy fluctuations, but Supreme Master spiritual energy fluctuations, his smile suddenly became sinister.

The vice sect master glanced at Eliza and Snow Wolf. He clapped his hands and smiled. "I really didn't expect the two of you to give me such a big surprise. Four Masters and three Supreme Masters. Are they the strongest backers you guys could find?" The vice sect master narrowed his eyes and stared at Yu Huang and the others. He sneered and said, "But I still have to tell you that it's a pity that even if the seven of you join forces, you're still not my match."

"Then." At this moment, another man stood up from the back of Snow Wolf's team.

The man was tall. Under his hat, his dark eyes looked at the vice sect master of the Dark Night Ghost Sect from afar and the corners of his lips curled up slightly. He asked with a sinister smile, "Is one more enough?"

Then, a majestic and powerful spiritual power erupted from Sheng Xiao's body. All the mercenaries and the two Supreme Master subordinates behind the vice sect master looked pained.

Only a Grand Master could use their spiritual power to suppress a Supreme Master!

The vice sect master stared at Sheng Xiao in shock. A change finally appeared on his pale and handsome face. "Grand Master..." He was shocked. He stared at Sheng Xiao's young and handsome face and said in shock, "You're... Sheng Xiao?"

Sheng Xiao smiled. When he raised his right hand, a black Dragon Sword suddenly appeared in his hand. "I've heard a lot about you, Grand Master Museido. Today, Grand Master Sheng Xiao will challenge you!"

At the same time, Donor also took off his hat and shook off his cloak. His long golden hair hung behind his shoulders, and his handsome face had a murderous expression. At the same time, Beatrice, Feng Yuncheng, Xiao Shu, Yin Rong, and Estelle took off their hats and summoned their beast forms.

In an instant, eight spiritual lights lit up the night sky in the middle of the primitive forest.

“Supreme Master Donor, Supreme Master Beatrice, Supreme Master Xiao Shu, Master Yin Rong, Master Feng Yuncheng, Master Estelle, and Master Yu Huang, I will fight you!” Black Qing Sky Dragon, Light Elf, Merman, Fire Unicorn, Three-Eyed Unicorn, Charm Butterfly, Demon Elf, and Divine Feather Phoenix stood side by side, becoming the most intimate and powerful battle group in the world!

Chapter 755: Untitled

“Hehe...”

A distorted smile appeared on the vice sect master’s cold and handsome face.

He looked at Sheng Xiao and the others from left to right.

When he saw a pair of white wings on the back of the golden-haired man standing beside Sheng Xiao, he cried out exaggeratedly, “Hey, isn’t this the noble and handsome prince of the elves?” Museido took half a step back with his right leg and placed his right hand on his chest. He bowed to Donor in an exaggerated manner and shouted, “Greetings, Your Highness!”

Without waiting for Donor’s response, Museido laughed loudly.

“Hahaha!” Museido tilted his head and gave Donor a sinister smile. He bared his white teeth and said, “Our noble prince actually became friends with a Night Elf. Hahaha, what a joke!”

Donor frowned slightly and looked at the ferocious-looking Museido expressionlessly. He couldn’t help but explain to Yu Huang and the others softly, “Most of us elves are elegant. Only one in ten thousand are such fools.”

“Pfft!” Beatrice and Yu Huang laughed.

When Museido heard this, the expression on his face froze for a moment, but soon, a smile appeared on his face. Museido stared at the dark-skinned Night Elf beside Yu Huang and shook his head. “You’re really something. A lowly and dirty Night Elf actually has the nerve to appear in front of me!”

“Dirty and ugly things shouldn’t appear in this world!” With that, Museido’s body suddenly disappeared from the spot. When he reappeared, he had already appeared in front of Estelle. At this moment, the gorgeous cane in Museido’s hand had already turned into a black sword with purple gems.

Just as the sword was about to pierce through Estelle’s eyebrows, a pitch-black dragon-patterned sword suddenly stabbed over from the side and blocked Museido’s sword.

In the next second, a well-defined hand appeared on the hilt of the Dragon Sword. Sheng Xiao’s figure appeared completely. He stood in front of Estelle with the Dragon Sword in his hand. He stared at Museido coldly and said, “Museido, your opponent is me!”

Then, Sheng Xiao suddenly merged with Black Qing Sky Dragon. The dragon let out a dragon roar that made the world tremble. All the mercenaries knelt on the ground when they saw the dragon. They covered their ears but could still hear Black Qing Sky Dragon’s dignified roar.

Eliza and the others secretly raised their heads and looked at the black dragon in the sky that was as large as a mountain peak. Their eyes were filled with shock and reverence.

Was this the true body of the super beast form Black Qing Sky Dragon?

In this lifetime, they would die without regrets if they could see Black Qing Sky Dragon's true body.

The dragon head looked down at Museido from above. It spoke in human language. "Museido, please enlighten me!" Sheng Xiao swooped down at Museido. His huge body carried the wind and made Museido sway.

Museido felt the domineering aura of the Black Qing Sky Dragon. He couldn't help but tighten his grip on the sword.

Sheng Xiao was only 28 years old.

And what about him?

He had lived for more than six hundred years.

He used six hundred years to reach the intermediate-stage of the Grand Master realm. Sheng Xiao only used ten years to become an early-stage Grand Master.

This child couldn't be left alive!

Museido suddenly raised the sword in his right hand and released black flames from his body. At the same time, his robe swayed in the wind and fluttered. He muttered a few incantations under his breath, and countless spirits that he had tamed suddenly emerged from the sword.

There were more than twenty spirits in total. Each spirit was wearing a dark red robe. Their faces were pale and waxy.

"Evil spirit under the sword, listen to my decree!" Museido had a sinister smile on his face as he roared, "Evil spirit summoning!"

22 evil spirits floated in a row above Museido's head.

When the Black Qing Sky Dragon was about to pounce on Museido, the evil spirits suddenly knelt in front of Sheng Xiao and whimpered.

1

"Sir, please save us!"

"Sir, we're in so much pain. We're so aggrieved!"

Chapter 756: Untitled

Among them, there was even a female spirit shouting sadly, "Where's my child?! Where's my child?! Rong Rong, Qingqing, where are you?!"

Upon hearing this sorrowful cry, Yin Rong suddenly raised her head and looked at the sky.

She immediately saw the female elf with long golden hair.

The female elf knelt in front of Sheng Xiao. There were two lines of blood tears on her face. She was blind. She stroked the ground with both hands, as if she was looking for something.

After Yin Rong saw the elf's appearance clearly, her eyes widened as she roared, "Mommy!"

She never expected that Museido would actually refine her mother's soul!

Hearing Yin Rong's roar, Sheng Xiao suddenly stopped. The dragon turned to look at the kneeling female elf. However, the moment he was distracted, the other evil spirits suddenly stopped crying. They immediately became ferocious. They pounced on Black Qing Sky Dragon and hugged his body tightly while biting his flesh.

"Ouch!"

Every time a piece of Sheng Xiao's flesh was torn off, Museido became happier.

The Night Elves cultivated the Ghost Dao. They could use a unique secret technique to refine the undead and control them to attack Beast Tamers. Black Qing Sky Dragon was the combination of Sheng Xiao's beast body and his main body. When the undead bit his flesh, the spiritual power in his body would weaken.

And the spiritual power that was snatched away by the undead would return to Museido's body.

This was the cultivation method of the Dark Night Ghost Sect.

Yin Rong was shocked when she saw Sheng Xiao being attacked by the evil spirits. She quickly shouted, "Senior Sheng! You don't have to worry about my mother. I'll deal with her!" Then, Yin Rong rode on the three-eyed unicorn and ran towards the evil spirit.

After the female elf evil spirit sensed Yin Rong's aura, she raised her face that was covered in blood and tears and asked her hoarsely, "Where's my child? Rong Rong, Qingqing, where are you?! I'm looking for you!"

Yin Rong stared at the evil spirit and tears flowed down her face.

"Mom..." Yin Rong's heart ached as she looked at the two lines of tears on her mother's face.

Yin Rong still clearly remembered everything that happened on the day she was captured by the Dark Night Ghost Sect.

That day, their family took a plane to the Light Sea, but above the golden Light Sea, they encountered the Dark Night Ghost Sect.

The Dark Night Ghost Sect held the entire plane hostage and wanted to use the hostages on the plane to get the Elven royal family to hand over their power. The passengers on that plane were all famous people of the Elve Clan. They knew very well how evil the Dark Night Ghost Sect was. In fact, after they were kidnapped, they had no way out at all. The beast tamers on the plane started fighting with the Dark Night Ghost Sect.

During the chaotic battle, Yin Rong's father, Yin Congde, handed Yin Rong and her sister Yin Qing to their mother. At that time, she had just broken through to the Supreme Master Realm and could be considered an expert.

She carried her two daughters on her back and had just flown more than 300 meters away when she was discovered by Museido. At that time, Museido was already an intermediate-stage Grand Master Beast Tamer. He recognized Noa as the only daughter of the richest family among the elves, the Fran family. How could he let Noa off?

Museido naturally wanted to stop Noa and her daughters.

In the blink of an eye, Museido caught up to the three of them. Noa carried her two daughters on her back and fought a Grand Master expert with her Supreme Master body. Soon, she suffered a crushing defeat. In the battle, Noa's eyes were dug out by Museido with his bare hands. Noa was in so much pain that she fainted. Only then did Museido get the opportunity to capture the three of them.

Later, because the Elven royal family refused to be threatened or hand over their power, the Dark Night Ghost Sect decided to cruelly punish the hostages. They took videos and sent them to the Elven royal family.

Yin Rong's mother and father died extremely tragically. At night, Yin Rong would hear her parents' wails in her nightmares.

Yin Rong's heart ached as she looked at her mother, who was still searching for her and her sister after becoming an evil spirit.

"Mom."

Recalling the painful past, Yin Rong was momentarily distracted, but she didn't notice that the evil spirit's face suddenly curled into a sinister smile. The evil spirit suddenly pounced on Yin Rong, opened its mouth, and bit Yin Rong's shoulder.

"Ah!" Yin Rong came back to her senses from the pain.

She turned her head and looked at the evil spirit biting her shoulder. Yin Rong suddenly calmed down.

She wasn't her mother!

She was just an evil spirit that had been successfully refined by Museido.

Yin Rong suddenly closed her eyes and mobilized all the spiritual power in her body. At the same time, the one-eyed beast suddenly released wisps of milky white energy. The energy spread out, and wherever it went, everyone's movements slowed down.

The evil spirit's chewing speed also slowed down and stiffened.

Only Yin Rong could move freely.

This was a space that Yin Rong controlled alone. In this space, she had an absolute advantage.

On a certain level, the spatial restriction ability released by the Three-Eyed Unicorn was very similar to Yu Huang's Tear of Samsara. However, Yu Huang's Tear of Samsara was more powerful.

Yin Rong hugged the evil spirit's waist and turned around to stare at her mother's pale and distorted face at a close distance.

Yin Rong gently stroked her mother's face and wiped away the blood tears on her face. The evil spirit kept its two bloody eyes open and looked at her blankly.

After becoming an evil spirit, Noa actually lost her consciousness, so she naturally couldn't recognize her daughter, Yin Rong.

Yin Rong raised her head and kissed the other party's forehead while crying. "Mom, I love you." With that said, Yin Rong's right hand quickly entered the evil spirit's brain and crushed the soul core in it.

The soul core shattered, and the evil spirit's body suddenly turned into countless fragments that dissipated into the world.

Yin Rong stared at the soul fragments that filled the sky and couldn't help but cover her face and cry. "Goodbye, Mom..." After dealing with the evil spirit, Yin Rong joined Yu Huang and the others in the battle to fight against Museido's Supreme Master subordinates.

On the other side, Sheng Xiao had nothing to worry about after seeing Yin Rong fly over to deal with the evil spirit.

Sheng Xiao's aura suddenly became cold.

"Roar!" With a roar, Black Qing Sky Dragon suddenly turned into an ancient black dragon sword. Sheng Xiao appeared behind the hilt. He held the dragon sword and stared at the evil spirits around him sternly.

Among the evil spirits, there were elves, humans, beastmen, and merfolk.

And these people were all innocent Beast Tamers who had been harmed and refined by Museido.

Sheng Xiao glanced at the hideous and distorted faces. Although he couldn't bear to see them like this, he knew that killing them would free them. Sheng Xiao closed his eyes slowly and held the ancient sword. He conjured a complicated array from the void.

Soon, a black skeleton-shaped array appeared under Sheng Xiao's feet.

The array emitted a powerful soul aura. Sheng Xiao stepped on the skeleton array and held the Dragon Sword. All the soul aura entered the Dragon Sword through his body.

When he raised his sword again, the sword let out a pitiful whimper.

"One Slash Ten Thousand Souls!"

The Dragon Sword carried the aura of the dead as it slashed towards the 21 evil spirits.

The aura of the dead released from Sheng Xiao's sword was far more powerful and overbearing than that of the evil spirits. The evil spirits were wrapped in the aura of the dead. Their bodies struggled crazily and they roared sharply.

But in the end, they were crushed by Sheng Xiao's sword energy and turned into soul fragments that filled the sky.

Chapter 757: The Coquettish Yu Huang (1)

After killing 21 evil spirits, Sheng Xiao walked out of the thick evil spirit fog with his sword.

When Museido saw that Sheng Xiao wasn't only unharmed, but he had also destroyed all his evil spirits, his pale face looked gloomy and sinister. Museido said sinisterly, "Sheng Xiao, you're indeed the number one genius on the continent. You're indeed very strong."

Museido praised him through gritted teeth.

Sheng Xiao knew that Museido must not have used his full strength. He held the Dragon Sword in front of him and said calmly, "Use whatever tricks you have."

"Boy, you're too arrogant!" The corners of Museido's lips curled up into a malicious smile. He said, "Little kid, your life or death depends on your ability. Don't think that just because you're Sheng Lingfeng's son, I'll show you some respect. Even if you're the son of a god, I won't let you off even if you kill all my evil spirits today!"

Sheng Xiao smiled coldly and scolded him disdainfully, "Idiot, you talk too much."

"You!" Museido was furious.

He took a deep breath and his eyes flickered. "Alright, alright! You're so young, but you're quite hot-tempered. You're called the number one genius on the continent, so you're very arrogant, right? In that case, I'll teach you how to keep a low profile and respect your elders!"

With that, Museido suddenly tapped the purple gem on his sword.

There seemed to be something under the purple gem that couldn't wait to run out.

Museido felt the existence of that power. He chuckled and said in a sarcastic tone, "Sheng Xiao, I have to say that you are indeed capable, but you can only stop here."

With that, Museido pulled out the purple stone.

The purple gem was pulled out, and the evil spirit suppressed by the gem floated out like a wisp of smoke.

The light smoke gathered above Museido's head. They gathered together and gradually condensed into a small... child's tumbler!

It was a cute little girl. The little girl was wearing a light purple princess dress, and her lower body was restrained by a tumbler. Her black and shiny hair was coiled into a bun, and she wore a purple gem crown on her head. Her small eyes were filled with innocence.

The little girl looked at Sheng Xiao with a smile. She said softly, "Do you know Yin Rong?"

Sheng Xiao stared at the little girl. His gaze suddenly changed.

Could this girl who knew Yin Rong be Yin Rong's sister, Yin Qing?

Sheng Xiao looked down at Yin Rong. Fortunately, Yin Rong hadn't noticed Yin Qing's appearance.

Yin Qing pouted and said in distress, "Big Brother, it's been so hard for me to find my sister. If you meet a girl called Yin Rong in the future, please tell her that I miss her very much. I'm so lonely. I'm super close to my sister. I hope she can come and accompany me."

Sheng Xiao held the Dragon Sword tightly in his hand. He looked at the little girl mercilessly and said coldly, "How can an evil spirit have feelings?"

The little girl, who was about to cry, suddenly pursed her lips. "What did you say I am? An evil spirit?"

The little girl was instantly unhappy. She opened her mouth and the corner of her mouth reached her ears, revealing her white teeth and flesh.

The little girl tilted her head and grinned. "I hate it when people call me an evil spirit!"

Sheng Xiao snorted again. "Do you really think you're human after acting for a long time? Little brat, how dare you fool me with the body of an evil spirit?!" Sheng Xiao turned the Dragon Sword in his hand. The dark dragon patterns on the sword suddenly emitted a faint golden luster.

Seeing that Sheng Xiao didn't pity her at all, the little girl suddenly took off her crown.

The crown was taken off, and the little princess's purity and kindness were instantly sealed. All the evilness emerged.

The innocence in the little girl's eyes was replaced by darkness. Her gorgeous purple princess dress turned into a tattered dress stained with blood. She suddenly bounced towards Sheng Xiao like a ball.

Jump!

Jump!

The little girl appeared in front of Sheng Xiao in a few leaps.

At that moment, the Dragon Sword in Sheng Xiao's hand was shining with golden light. When he raised his sword to attack her, he accidentally saw the little girl's black eyes and realized that his body was out of control.

Chapter 758: The Coquettish Yu Huang (2)

Sheng Xiao tried to move his arm, but it didn't move at all.

He had a bad feeling.

At this moment, the little girl suddenly said, "Big Brother, give me a bite of your hand, okay?"

Sheng Xiao thought to himself, "Screw you!"

However, he handed his left hand to the little girl obediently.

The little girl opened her mouth and bit Sheng Xiao's ring finger. Then, she started sucking it.

She didn't suck his blood, but his spiritual power.

Sheng Xiao sensed that his spiritual power was disappearing quickly. He was anxious. Just as he was struggling to break free from the other party's control, he saw his left hand being pulled to the other side by a strong force.

The little girl was extremely surprised.

Who was it?!

She couldn't see it, but Sheng Xiao could. The marriage line on his ring finger had been pulled out.

"Brat, how dare you bite my man?" As she spoke, a fiery red phoenix suddenly flew behind Sheng Xiao. The woman standing on the phoenix's head was holding a slender red marriage thread.

Yu Huang pulled harder and Sheng Xiao staggered into Yu Huang's arms.

Yu Huang blew at Sheng Xiao's ring finger in disdain. She stared at the little girl's dark eyes and said to Museido, "You're indeed capable to be able to create a Soul Puppet." Yu Huang had only seen a Soul Puppet in the complete record of Spirit Tools.

The Soul Puppet wasn't considered a human, but a Spirit Tool.

Seeing that Yu Huang wasn't controlled by the little girl, Museido immediately thought of Yu Huang's other identity. "Yu Huang... you're that Dual Cultivator Yu Huang?" Only a powerful Purifying Spirit Master wouldn't be controlled by the tumbler doll.

Museido lived in the Light Sea and had heard of Yu Huang's name before. However, in the Light Sea, Yu Huang wasn't as famous as Sheng Xiao and Donor. Therefore, when Museido first heard of Yu Huang, he didn't associate her with that dual cultivator.

It was only when he saw that the doll didn't affect Yu Huang that he realized who she was.

She was the personal disciple of Purifying Spirit God Lin Jiansheng. Presumably, her Purifying Spirit Art was also very powerful.

Yu Huang didn't answer Museido's question. She walked to the little girl and snatched the crown from her hand.

Seeing this, Museido's expression suddenly changed.

Almost no one knew that the crown was the switch he had placed on the puppet doll. With the crown, the puppet doll was just a harmless little doll. And without the crown, the puppet doll was an evil weapon that could absorb spiritual power.

When he saw Yu Huang take down the crown, Museido had a bad feeling.

Could it be that she also knew puppet techniques?

Yu Huang raised the crown and said to Museido with a smile, "There must be a switch on the puppet doll. This crown is the switch, right?"

Museido was speechless.

Yu Huang suddenly shouted, "Estelle!"

Estelle looked up and saw Yu Huang throw a crown to him. Just as Estelle caught the crown, he heard Yu Huang say, "Break it!"

Estelle did so immediately.

Estelle was strong. He bent it hard and the crown shattered into pieces.

"Ah!" After the crown shattered, the doll suddenly hugged her head and shouted. As she shouted, she shouted in fear, "Mom, Sister! Save me! Save me!" Those were the words Yin Qing repeated before she died.

When Yin Rong, who was in the midst of a fierce battle, heard her sister's voice, she looked up and saw the doll.

Yin Rong's eyes widened. "Qingqing!"

However, Yu Huang roared sternly, "Yin Rong, you're not allowed to come over! This is only a puppet doll, not your sister!"

However, Yin Rong couldn't care less.

Seeing that Yin Rong had lost control, Xiao Shu shattered the head of a Supreme Master with a strike. Then, he flew over and grabbed Yin Rong's shoulder. He pressed her down and prevented her from approaching Yu Huang and the others.

How could Yin Rong not know that her sister had died long ago?

However, when she suddenly heard her sister calling her in pain, she couldn't remain indifferent!

When the crown shattered, Sheng Xiao regained control of his body. He stared at the little doll with an unreadable expression. He didn't expect that the little kid wasn't an ordinary evil spirit, but a Soul Puppet.

Seeing that Yu Huang had actually destroyed his Soul Puppet doll, Museido instantly went crazy.

"Destroying your Soul Puppet is nothing." Yu Huang sneered. She suddenly said, "You cultivate the Ghost Dao. Those who refine Soul Puppets will definitely carry Soul Containers with them. And destroying the Soul Container can destroy all the evil spirits and puppets you refine."

To a Ghost Dao Beast Tamer, a Soul Container was like a wine cellar. If the wine cellar was destroyed, would a wine collector still be a wine collector?

Yu Huang's gaze suddenly landed on Museido's cane. She said, "Brother Xiao, snatch his cane!"

Hearing that, Museido cursed and turned to run. After losing the Soul Puppet, he would be defeated sooner or later if he continued to fight with Sheng Xiao. Besides, the three to four Supreme Master

subordinates he brought were seriously injured. He was about to be defeated. If he didn't run, he would suffer a double loss.

However, just as he turned around, he was blocked by Sheng Xiao.

Sheng Xiao held the Dragon Sword with both hands and looked at Museido with a faint smile. "You're already here. Why are you running?" At the same time, Xiao Shu and Donor appeared on both sides of Museido and blocked his escape route.

When Museido saw that there were people in front and on his left and right, he subconsciously turned around to escape from behind. However, he saw Yu Huang, the Night Elf called Estelle, and the girl riding the unicorn completely blocking his path.

He, an intermediate-stage Grand Master, was actually blocked by a group of young people who were less than 30 years old!

How frustrating!

Museido realized that he really had no way to escape. He gritted his teeth and raised his hand to slap his chest to self-destruct his beast heart to die with them. However, before his hand could approach his chest, a hammer formed from psychic power suddenly struck Museido's head forcefully, causing him to fall to the ground.

"Bastard elf, you killed the innocent and even dared to bully my disciple's student. I'll hammer you to death today!" As soon as he finished speaking, Lin Jiansheng appeared in front of Yu Huang and the others. He stepped on Museido's back and hammered his butt.

Museido immediately fainted from the blow.

Seeing that Lin Jiansheng had finally appeared, Yu Huang smiled and took off the invisible camera at Estelle's collar.

She shook the camera in her hand and said to Lin Jiansheng, "Mentor, in order to save the injured Sect Master, the Dark Night Ghost Sect maliciously kidnapped eight students of the Holy Spirit Academy and hundreds of mercenaries. They wanted us to sacrifice our blood to capture the Blood Lady. The son of the Alliance's President, Prime Master Lingfeng, was almost tortured to death by the vice Sect Master, Museido!"

"The Dark Night Ghost Sect is a cancer in the human world. We should kill them, don't you think?"

Sheng Xiao and the others raised their eyebrows when they heard that. They thought to themselves, 'Yu Huang, you're the best at distorting the truth.'

Lin Jiansheng glared at Yu Huang, but he still took the camera from her hand and said sternly, "They deserve to be killed!"

After being hammered to the ground, Museido was still holding his cane tightly.

Yu Huang bent down to snatch his cane away, but Museido suddenly opened his eyes and grabbed the cane tightly. He roared at Yu Huang in a low voice, "Get lost, slut!"

Yu Huang slapped Museido. "Shut up, you bastard!"

Museido was slapped by Yu Huang until he saw stars.

Lin Jiansheng stepped on Museido's wrist. He lowered his head and glanced at Yu Huang. "I'll hold him down. Do whatever you want."

"Thank you, Mentor." Yu Huang pried open Museido's fingers one by one and snatched away the cane that he cherished like his life. The moment she touched the cane, she immediately sensed that there were many souls imprisoned in it. Her ears were filled with the painful pleas of the evil spirits.

Yu Huang held the cane and said, "Mentor, I want to purify this cane."

Lin Jiansheng only took one look at the cane and could feel that it contained countless wronged evil spirits. He told Yu Huang, "These evil spirits are all undead that have been maliciously refined by Museido. They are even stronger than the souls in the Broken Cliff. It's not easy for you to purify their spirits, but once you succeed, I believe you will also gain a lot."

After Yu Huang listened to Lin Jiansheng's words seriously, she said, "I'll do my best."

"Sure."

Lin Jiansheng took out a long hemp rope and threw it at Feng Yuncheng and the others. "Tie this scum up and hand him to the Alliance!"

"No problem!"

Estelle picked up the rope. He said, "I'm best at tying things up. In the past, I was the one who tied up those demon beasts that stole our village's potatoes. The village chief said that the ropes I tied were the strongest. No one could break free!" With that, Estelle picked up the rope and tied up Museido in a way that only revealed his neck and head.

"Alright, he definitely can't escape now."

Everyone stared at him speechlessly.

Lin Jiansheng looked at Museido and commented seriously, "You tied him up well."

After receiving Lin Jiansheng's praise, Estelle smiled honestly.

"I'll bring him to the Jingdu Alliance first. The few of you, hurry back to school!" Lin Jiansheng snorted coldly. He picked up the wings on Museido's back and flew away with him.

After Lin Jiansheng left, the mercenaries who were kneeling or lying on the ground got up respectfully.

Eliza looked at Yu Huang and the others with a complicated expression.

Ever since she found out their true identities, Eliza had boldly imagined the scene of them defeating Museido. However, when her fantasy became real, Eliza still found it unbelievable.

They had actually escaped from Museido!

“Lords!” Eliza suddenly knelt in front of Yu Huang.

Seeing Eliza kneel down, the women of the Eliza Mercenary Group also knelt down.

“The Eliza Mercenary Group will never forget your kindness today! In the future, if you need us to share your burden, just say so. The Eliza Mercenary Group will definitely help you resolve your problems! We will do anything!”

If it wasn't for Yu Huang and the others helping, today, their group would have died tragically in the hands of Museido.

Every day they lived in the future would be because of their grace.

Before Yu Huang and the others could express their stance, Snow Wolf knelt down with his mercenary group and swore the same oath as Eliza.

At the side, the commander of the Iron Tower Mercenary Group and the people of the Lone Wolf Mercenary Group knelt down one after another to thank Yu Huang and the others for saving their lives.

Only Ge Meng stared at Yu Huang's face in shock and revealed a puzzled expression.

Ge Meng felt that Yu Huang's appearance gave him a familiar feeling.

But for a moment, he couldn't remember where he had seen her before.

Ge Meng was so lost in thought that he forgot to kneel down and thank Yu Huang and the others for saving his life.

Seeing that Ge Meng was still in a daze, Eliza reminded him at the right time, “Ge Meng, do you really not remember Yu Huang?”

Ge Meng was even more puzzled.

He looked at Eliza and then at Yu Huang. Suddenly, a distant memory surfaced in his mind.

It was a girl wearing a phoenix mask. They had once dealt with a Plum Leopard together.

Ge Meng stared at Yu Huang's beautiful and charming face. For a moment, he didn't dare to associate this face with that masked face. However, Yu Huang's left face was indeed very similar to that of the girl called Wu Huang!

Chapter 760: Best Screenwriter Yu Huang (2)

“You're... Wu Huang?” Ge Meng finally remembered where he had seen Yu Huang before.

Yu Huang nodded and said, “Commander Ge Meng, long time no see. How have you been?”

Hearing this, Ge Meng immediately knelt down heavily in front of Yu Huang. "Thank you for letting bygones be bygones and helping me. I can't repay your kindness! I'll give you my life!"

Three and a half years ago, Yu Huang joined the Sharks Mercenary Group and followed them into the abyss to hunt demon beasts.

When facing the powerful level-six Plum Leopard that could speak human language, Ge Meng watched as Yu Huang was chased by the Plum Leopard. However, in order to protect himself, he didn't dare to stand out and fight alongside Yu Huang.

As the regiment commander, he didn't dare to save his subordinate when he saw that she was in a desperate situation. This was disloyalty.

Tonight, Yu Huang could have waited for him to be killed by Museido before stepping forward to save the others. However, she didn't. She saved the Sharks Mercenary Group and the Iron Tower Mercenary Group in time.

This act of disregarding the past was enough to prove that Yu Huang was a righteous person.

When compared to her, Ge Meng was ashamed.

Yu Huang could tell that Ge Meng was sincere, and her attitude towards him changed from cold to gentle. "Get up. As Beast Tamers, we have enjoyed the highest honor and the most generous benefits. We should use our strength to protect you guys, who are being oppressed. As for working for us..." Yu Huang smiled and said, "We only have one life. Just cherish your lives. We don't need you guys to work for us."

After saying that, Yu Huang nodded at Eliza and said, "As a woman, it's not easy to gain a foothold in the chaotic Rakshasa City, but you guys have. This makes me admire you all very much." Yu Huang patted Eliza's shoulder and lowered her voice to say to her, "Live well. Only by living can you have the chance to see the person you miss the most with your own eyes."

Eliza's eyes turned red. "I understand."

Yu Huang turned around and said to Yin Rong and the others, "Let's go."

"Okay."

The eight of them left together and headed towards the Holy Spirit Academy.

When the eight of them rushed back to the Holy Spirit Academy, the sky was still dark. The moon was behind dark clouds.

Standing at the entrance of the Holy Spirit Academy and staring at the tightly shut iron door, Feng Yuncheng took off his glasses and wiped them. He said, "I don't believe that the dean didn't notice that we're back. He deliberately closed the door to intimidate us."

Xiao Shu chuckled. "What else can we do? We should accept our punishment!"

Thus, the eight of them stood in a line at the school gate.

Pupu An and Di Ruofeng only opened the door at dawn. When they saw Sheng Xiao and the others outside the door, Di Ruofeng narrowed his eyes and leaned against the school gate. "Hehe, you guys skipped class for no reason. 10 points will be deducted from each of you."

Feng Yuncheng immediately wailed, "Principal, I only have six points in total!"

Dean Di looked at Feng Yuncheng lovingly and said, "Then go hungry and work hard to earn points so that you can pay up as soon as possible."

Feng Yuncheng shut his mouth and cursed Dean Di inside.

At that moment, Pupu An asked, "Tell me, what did you guys do yesterday?"

Di Ruofeng continued, "Were you guys kidnapped by the procuress of Rakshasa City? Or detained by the casino?"

At this moment, Yu Huang spoke first. "I'm innocent, Dean. This is a long story. Please allow me to explain..."

Di Ruofeng snorted. "Tell me. I want to hear what kind of bizarre situation you guys have experienced."

Yu Huang said in all seriousness, "It's like this. Didn't the school give us half a day off the day before yesterday? We all agreed that the situation is urgent now. Taking a break is a waste of time and life. We decided to go to Rakshasa City's mercenary group to be temporary mercenaries and experience the hardships of the people at the bottom. At the same time, we could train."

The corners of Pupu An's mouth twitched as he looked at Yu Huang with an unfathomable expression.

Donor and the others turned to look at Yu Huang.

They stared at Yu Huang and gave her a thumbs up.

She was so good at making up stories.

Yu Huang continued to fabricate, "Therefore, we hid our true identities and joined the Eliza Mercenary Group and their brother group, the Snow Wolf Mercenary Group. However, the Sect Master of the Dark Night Ghost Sect was attacked by an unknown person three days ago and his life was in danger. He urgently needed a level 8 pure fire-type Monster Core to save his life. The vice sect master of the Dark Night Ghost Sect, Museido, thought of an evil move."

Pupu An snorted. "What kind of evil move?"

Yu Huang clenched her fists and gritted her teeth as she said, "That group of inhumane beasts were actually prepared to use the method of torturing living people to death in order to attract the Rank 8 fire-attribute demon beast, the Blood Lady, to appear! However, they also knew that randomly torturing civilians would definitely attract the wrath of the entire continent. Therefore, they targeted Rakshasa City."

"Dean, as you know, the people living in Rakshasa City are fugitives. They are all criminals who have been on the blacklist of various countries. Even if they are killed, their deaths won't arouse the public's

anger. The cunning Museido relied on his high cultivation level to force all the mercenary groups in Rakshasa City to submit.”

“And we were the unlucky ones. We were actually chosen by Museido and became the target of a blood sacrifice to the Blood Lady. Dean, you don’t know this, but when you thought that we were enjoying ourselves and skipping class for no reason, we were enduring the threat of the detestable Museido!”

“Dean, if the eight of us hadn’t resisted with all our might last night to defeat Museido and his gang and save hundreds of mercenaries, the ground of the abyss would have been dyed red by the mercenaries’ blood!” Then, Yu Huang pulled Sheng Xiao in front of her and pulled his shirt up.

Di Ruofeng and the others looked at Sheng Xiao’s abdomen and saw a few bite marks.

Di Ruofeng narrowed his eyes in anger.

Seeing Di Ruofeng’s reaction, Yu Huang immediately fanned the flames and said, “Dean, look. When Brother Xiao was fighting with Museido, he was bitten by Museido’s evil spirits and they almost absorbed all his spiritual power!” Then, Yu Huang pinched Sheng Xiao’s waist.

Sheng Xiao was caught off guard. He cried out in pain, “Ah! It hurts!”

Pupu An thought that Sheng Xiao’s wound hurt.

Pupu An was also angry that his student had been injured by the people of the Dark Night Ghost Sect. “The people of the Dark Night Ghost Sect are simply outrageous!”
