Chapter 781: Blind Date Competition? (1)

As one of the six great cultivation families of the Divine Realm Continent, the Liuli Clan was one of the second-rate cultivation families of the Holy Spirit Continent. Liuli Xiangsi was also a famous big shot.

She was famous for being promiscuous. Who wouldn't shake their head and sigh with emotion when she was mentioned?

The old demoness' death caused many people to marvel and discuss.

For a moment, the Beast Tamer Alliance was discussing this matter online.

Everyone was guessing who the mastermind was, but the other party came and went without a trace, not even leaving a fingerprint. There was no way to investigate.

The students of the Holy Spirit Academy were busy cultivating and mining. They barely had time to look at their phones. Naturally, they didn't know about Liuli Xiangsi's death. On the other hand, Feng Yuncheng played with his phone for a while during the break. When he saw this news, he told Yu Huang and their friends about it during dinner.

Sheng Xiao was shocked to find out that Liuli Xiangsi was dead, and that she died on the Sheng family's cruise ship. He asked calmly, "Who is the head of the Liuli family now?"

Yu Huang also looked at Feng Yuncheng.

Feng Yuncheng said, "I didn't pay attention to this. I'll go ask Liuli Feng." Feng Yuncheng had Liuli Feng's WeChat. Just as he was about to take out his phone and ask Liuli Feng about the movements of the Liuli Clan in the past two days, he saw Xuanyuan Chen walk in with the fierce-looking Crazy Demon Blade.

Thinking of how close Xuanyuan Chen and Liuli Luoluo were, Feng Yuncheng stood on his tiptoes and waved at Xuanyuan Chen. "Xuanyuan, come here."

Xuanyuan Chen stopped in his tracks and looked at Feng Yuncheng.

When he saw Sheng Xiao, Yu Huang, Beatrice, and the others beside Feng Yuncheng, he walked over coldly. He nodded at Sheng Xiao and sat down in the empty seat opposite him. He frowned and asked Feng Yuncheng, "Are you looking for me?"

Xuanyuan Chen only had eyes for the strong, so his attitude towards Feng Yuncheng was relatively cold.

Feng Yuncheng also knew that Xuanyuan Chen was a cultivation maniac and had always been arrogant, so he didn't mind Xuanyuan Chen's attitude. Feng Yuncheng sat down beside Xuanyuan Chen and said, "I heard from Liuli Feng that you have a good relationship with Luoluo?"

Feng Yuncheng had an ambiguous smile on his lips. Clearly, this relationship was very good. It wasn't friendship, but love.

Yu Huang and Sheng Xiao looked at Xuanyuan Chen in surprise. Sheng Xiao said, "Really? You two hooked up?"

Xuanyuan Chen blushed. "No, we're not hooking up. We're a serious couple."

Sheng Xiao couldn't imagine Liuli Luoluo dating someone.

However, Sheng Xiao was relieved when he thought about how Liuli Luoluo had a boyfriend now and would no longer pester him.

Yu Huang said, "When I first entered the Divine Realm Academy, I saw that Luoluo and Senior Xuanyuan were always together. At that time, I thought that you two were a couple. I didn't expect you two to really become a couple later on."

Xuanyuan Chen asked curiously, "Oh really? We looked like a couple back then?"

"Yes." Yu Huang nodded. She said, "The two of you are well-matched."

Xuanyuan Chen smiled.

Xuanyuan Chen looked at Feng Yuncheng and his gaze became gentler. "Why are you looking for me?"

Feng Yuncheng thought of something serious and hurriedly said, "Senior Xuanyuan, I want to ask you, now that Grand Master Liuli Xiangsi has passed away, who will be the future head of the Liuli Clan?"

Xuanyuan Chen immediately guessed that this was what Sheng Xiao wanted to know. He looked at Sheng Xiao and said, "Liuli Shao is still young, and Liuli Xiangsi died suddenly. Before she died, she didn't specify who she entrusted as the clan leader. The Liuli Clan has been in chaos recently. Many people are fighting for this position."

Sheng Xiao nodded. "So, it's hard to say who will be the patriarch."

"Yes, but Liuli Shao and Luoluo are too young. It definitely won't be their turn." After all, the position of a clan leader had to be held by someone with strength and prestige.

"However..." Xuanyuan Chen changed the topic and said, "But I heard Luoluo say that Madam Xuanyuan also seems to want to fight for the position of Patriarch."

"Madam Xuanyuan?" Yu Huang asked in shock, "Liuli Nuonuo?"

"Yes," Xuanyuan Chen said. "Ever since the Patriarch passed away, Madam Xuanyuan has become the acting Patriarch of our Xuanyuan Clan. She is a member of the Liuli Clan and is the daughter of the previous Patriarch of the Liuli Clan. She is still very prestigious in Liuli Clan. If she wants to fight for this position, her chances of winning are quite high."

Chapter 782: Blind Date Competition? (2)

Sheng Xiao was surprised. "I didn't expect Madam Xuanyuan to be so ambitious."

* *

The Liuli Clan's power struggle lasted for nearly a month before it ended. The person who finally succeeded in becoming the Liuli Clan's Patriarch was really Liuli Nuonuo.

After Liuli Nuonuo took over the Liuli Clan, the first thing she did was to seek marriage for the female disciples of the clan who were over twenty years old!

The female disciples of the Liuli Clan were all beautiful and highly sexual. If such female cultivators wanted to get married, there would be a huge number of male cultivators going to the Liuli Clan for blind dates.

When Xuanyuan Chen discovered that Liuli Luoluo was also on the marriage list, he was instantly anxious.

"Dean!"

Xuanyuan Chen arrived at Di Ruofeng's office and handed over his leave report. "I want to take a few days off."

Di Ruofeng had a deep impression of Xuanyuan Chen. After all, this child was the only outstanding student in their batch and he had broken through to the 99th level of the Skysplit Tower. Di Ruofeng knew that Xuanyuan Chen was a cultivation maniac. He had studied for 12 years in the Divine Realm Academy and had never taken a day off.

After arriving at the Holy Spirit Academy, he cultivated very dilligently.

Something major must have happened for Xuanyuan Chen to take the initiative to take leave.

Di Ruofeng picked up the leave slip on the table. Seeing that Xuanyuan Chen didn't explain the situation on the leave slip, he asked him, "Did something happen in your family?"

A blush appeared on Xuanyuan Chen's handsome face. He lowered his head and explained, "The Patriarch of the Liuli Clan wants to marry all the suitable female disciples of the Liuli Clan. My... my girlfriend is also a female disciple of the Liuli Clan. I can't watch her be snatched away by another man, so I have to go back and participate in the matchmaking competition!"

Di Ruofeng had also heard of this.

The female disciples of the Liuli Clan cultivated the carefree path and had harmed many single male Beast Tamers everywhere. Therefore, most of the female disciples of the Liuli Clan were single and very few would get married. This was because getting married meant that they had to be loyal to their husbands and families.

As for the married female disciples of the Liuli Clan, they could no longer cultivate the carefree path.

Liuli Nuonuo wanted to change the Liuli Clan's evil ways. She wanted to relinquish the carefree path and return to the right path.

The cultivation world agreed with this.

When Di Ruofeng heard Xuanyuan Chen say this, he couldn't help but ask gossipily, "You're in a relationship?" Heh, a cultivation maniac actually knew how to date?

Although Xuanyuan Chen felt embarrassed, he still nodded honestly and admitted boldly, "Yes, Liuli Luoluo and I are dating."

"Luoluo?" Di Ruofeng had a deep impression of Liuli Xiangsi's equally seductive and promiscuous personal disciple. She was a vivacious and sexy beauty. Di Ruofeng stared at Xuanyuan Chen meaningfully a few times before saying in amusement, "I thought you would spend the rest of your life with your knife. I didn't expect you to find such a good girlfriend."

Xuanyuan Chen became even more embarrassed by Di Ruofeng's praise.

"Alright, then go." Di Ruofeng approved Xuanyuan Chen's leave. After Xuanyuan Chen left, he frowned and muttered, "Liuli Luoluo already has a boyfriend. Why does Madam Xuanyuan still want to marry her to someone else?" This woman was too bossy.

The matter of the Liuli Clan's female disciple seeking marriage also caused an uproar, and it became the most eye-catching matter in the Divine Moon Empire.

Sheng Lingfeng even asked his idiotic disciple, Sheng Wuque, if he wanted to go on a blind date.

"Wuque, your cultivation talent is average, but you're good-looking. Why don't you get married early and have a few beautiful and cute children so that I can feel the joy of having grand-disciples?"

Hearing this, the little green snake on Sheng Lingfeng's wrist laughed charmingly. The little green snake said to Sheng Wuque, "Wuque, don't listen to your mentor."

Sheng Wuque shook his head vigorously and said, "I'm not going on a blind date. I don't believe that you didn't notice that the male disciples who successfully passed the blind date test were all personal disciples of various big shots or young masters of large families." Although Sheng Wuque was always smiling, he wasn't really an idiot.

He discerned some things clearly.

Sheng Wuque threw a handful of fish food into the small koi pond downstairs. He laid on the windowsill and pursed his lips. "She said that she wanted to end the carefree path and cultivate the righteous path, but in my opinion, Madam Xuanyuan is simply using those female disciples to form marriage alliances."

"She has changed her profession to a matchmaker."

Upon hearing Sheng Wuque's analysis, Sheng Lingfeng revealed a gratified smile. He flicked the back of Sheng Wuque's head and scolded jokingly, "Although your cultivation talent is a little poor, you're not dumb." Sheng Wuque's analysis was reasonable. Liuli Nuonuo was indeed acting like a matchmaker.

"Mentor, you're mocking me again!" Sheng Wuque glared at Sheng Lingfeng secretly before putting away his smile and saying with a serious expression, "Mentor, what do you think Madam Xuanyuan is trying to do?!"

Sheng Lingfeng had yet to figure out Liuli Nuonuo's true motive. He said, "This woman's ambition isn't small."

"By the way, I heard that the number one genius of the Xuanyuan Clan, Xuanyuan Chen, has also come back to participate in the marriage selection test. I really didn't expect that his cultivation maniac

actually likes Liuli Luoluo.” Sheng Wuque had gone to watch the marriage selection test of the Liuli Clan today. When he saw Xuanyuan Chen, he was really shocked.

“Xuanyuan Chen likes Liuli Luoluo?” Sheng Lingfeng smiled and said, “That child finally became enlightened.”

“Mentor, if the number one genius of the Xuanyuan Clan has a marriage alliance with the number one genius of the Liuli Clan, in the future, won’t the Xuanyuan Clan and the Liuli Clan be family? Is this considered an alliance?” Sheng Wuque thought of the other men Liuli Nuonuo had chosen and that they were all highly regarded disciples of the various large families. He couldn’t help but suspect, “Could it be that she plans to use those female disciples of the Liuli Clan to be spies in other families and steal their family secrets to achieve her goal of controlling them?”

1

Sheng Wuque said this because he had watched too many movies and couldn’t help but have wild guesses.

Chapter 783: The Forced Blind Date Ji Linyuan (1)

However, although he didn’t mean it, Sheng Lingfeng pondered over it.

Sheng Lingfeng suddenly turned around and stared at Sheng Wuque. His gaze kept flickering, and he looked a little paranoid.

Sheng Wuque was frightened by Sheng Lingfeng’s appearance. “Mentor, what’s wrong?” Sheng Wuque felt flustered. “Mentor, don’t look at me like that. I can’t bear it.”

Sheng Lingfeng suddenly said, “I have to go to the Yin family!”

“Huh?” Although he didn’t understand why his mentor suddenly changed the topic, Sheng Wuque didn’t ask further. He only said obsequiously, “Mentor, you’re taking the car, right? I’ll drive for you.”

“Alright, you’re very free anyway.”

“Heh.” Sheng Wuque’s parents were old, so their control over him was weak. He had been slacking off in his cultivation recently and spent all his time in his embroidery shop. He had almost forgotten his identity as a Beast Tamer. Hearing his mentor’s words, Sheng Wuque wasn’t angry. He said, “Mentor, everyone has their own beliefs. You guys love cultivation, and I love embroidery. It’s not contradictory.”

Although Sheng Lingfeng snubbed this child for being a slacker, he loved this child very much.

He knew that Sheng Wuque wasn’t really a slacker. It was just that his ambition wasn’t in cultivation.

Sheng Wuque drove Sheng Lingfeng to the Yin Clan’s Eight Towers Mountain. After parking the car, Sheng Lingfeng went straight to look for Ji Linyuan. Sheng Wuque strolled around the Yin Clan, playing with the cats and dogs and chatting with the ladies.

When Ji Linyuan heard that Sheng Lingfeng was here, he was somewhat shocked. He hurriedly came to the entrance of the office building and personally welcomed Sheng Lingfeng. Seeing Sheng Lingfeng

striding over from afar, Ji Linyuan hurriedly asked respectfully, "Patriarch Sheng, did something happen?"

Something big must have happened for a busy person like Sheng Lingfeng to suddenly come uninvited.

Sheng Lingfeng didn't say anything. He pulled Ji Linyuan's arm and walked into his office. Then, he set up a protective shield outside the office and said in a low voice, "Mr. Ji Linyuan, think about the situation on the day Xuanyuan Shen passed away. Let's go through it again."

Ji Linyuan was stunned and subconsciously asked, "Why? Could it be that Xuanyuan Shen's death has special circumstances?"

Sheng Lingfeng frowned and said, "Madam Xuanyuan said that Xuanyuan Shen wanted to rape her back then. As the two of them fought, the creator suddenly emerged from Xuanyuan Shen's body and crushed his beast heart. It sucked away Xuanyuan Shen's spiritual power and escaped."

Ji Linyuan nodded. "That's right. Madam Xuanyuan said so."

Sheng Lingfeng continued, "If you were the creator, your soul would be damaged and you would urgently need spiritual power to nourish it. For this, you didn't hesitate to kill Xuanyuan Shen, who had been parasitized by you for a long time, and absorb all his spiritual power. At this time, when you discover that there is a Beast Tamer with the cultivation of a Supreme Master standing beside you, will you absorb her spiritual power as well, or will you let her go because her spiritual power is too weak?"

Ji Linyuan thought about it seriously and said, "If it were me, I would choose to absorb Madam Xuanyuan's spiritual power as well. Although a Supreme Master's spiritual power is relatively weak, a mosquito's leg is still a leg. In a situation where the Heavenly Dao soul power is severely lacking, if I can eat more, how can I bear to let Madam Xuanyuan leave?"

"That's right! the creator isn't a benevolent person. Then have you ever thought about why he, who kills without batting an eye, let Madam Xuanyuan off?" Sheng Lingfeng sneered. "It can't be that he values women, right?"

The more Ji Linyuan listened, the more serious his expression became. "Patriarch Sheng, what are you suspecting?"

Sheng Lingfeng continued, "Do you still remember what Xuanyuan Shen said to Madam Xuanyuan before he died?"

Ji Linyuan pondered over it carefully again.

After thinking for a while, he said hesitantly, "He told Madam Xuanyuan not to hurt his children."

"That's right!" Sheng Lingfeng stared at Ji Linyuan with a burning gaze and said anxiously, "When I heard this back then, I thought that Xuanyuan Shen was worried about his second and youngest sons and was afraid that Madam Xuanyuan would be harsh on his children and other women after he died."

Ji Linyuan was stunned. "Isn't that so?"

"Mr. Ji Linyuan, I have a crazy guess. Listen to it first before telling me if my guess is reasonable."

Ji Linyuan hurriedly nodded and said, "Patriarch Sheng, please speak."

"After Xuanyuan Shen died, Madam Xuanyuan's personality suddenly changed drastically. In the past, she was promiscuous, but she suddenly lost all interest in men. She, who had never asked about the Xuanyuan Clan's affairs, took over the Xuanyuan Clan's Patriarch's duties more than half a month ago. Now, she has even snatched away the position of the Liuli Clan's Patriarch and started a marriage policy. I suspect..."

Chapter 784: The Forced Blind Date Ji Linyuan (2)

Sheng Lingfeng approached Ji Linyuan and lowered his voice. He said softly, "I suspect that the heavens didn't escape at all. He has been under our noses all along!"

Ji Linyuan suddenly widened his eyes. "You suspect that Madam Xuanyuan..." Ji Linyuan also lowered his voice. "You think the heavens are hidden in Madam Xuanyuan's body?"

Sheng Lingfeng nodded with a serious expression.

Ji Linyuan was shocked. He sat down on the solid wooden chair behind him and said in disbelief, "How is this possible? This shouldn't be. That's the heavens. Why would the heavens hide in a woman's body? This..." Ji Linyuan didn't want to believe it.

Sheng Lingfeng said, "What's the big deal about hiding in a woman's body before you complete your ambitions?"

Ji Linyuan's lips quivered. He wanted to refute Sheng Lingfeng's words, but he felt that Sheng Lingfeng's analysis was very reasonable. "Patriarch Sheng, your guess is indeed reasonable, but we can't confirm that Madam Xuanyuan is the heavens just based on our guess."

"We have to verify it."

"Heh." Sheng Lingfeng suddenly smiled mysteriously. He sat down beside Ji Linyuan and patted the back of his hand, stunning him.

Ji Linyuan stared at the malicious smile on Sheng Lingfeng's lips and frowned subconsciously. He said uneasily, "Patriarch Sheng, what are you thinking about?" Sheng Lingfeng's smile made Ji Linyuan feel like he had been set up.

Sheng Lingfeng suddenly blinked at Ji Linyuan flippantly.

Seeing this, Ji Linyuan had goosebumps all over his body.

"Mr. Ji Lin, how old are you?"

Ji Linyuan was confused when Sheng Lingfeng suddenly asked about his age, but he still replied hesitantly, "I don't know. I lost my memories of my childhood. When my mentor picked me up, I was already an adult. I've lived with my mentor for more than thirty years. It's been 22 years since my mentor passed away. Let's just say I'm 55 years old."

A 55-year-old Grand Master. Ji Linyuan's cultivation talent was indeed very impressive.

Sheng Lingfeng immediately marveled with emotion. "As expected of a personal disciple that Mr. Mingjue has taken a fancy to. You're indeed very outstanding."

Ji Linyuan was flustered by Sheng Lingfeng's flattery. "Patriarch Sheng, if you have something to say, just say it. Don't be so roundabout. You're making me afraid."

Sheng Lingfeng immediately stopped smiling and acted like an elder as he said, "Mr. Mingjue and I were good buddies. When Mr. Mingjue brought you back to the Holy Spirit Continent, he even asked you to call me uncle."

He was planning to use his seniority to pressure him.

Ji Linyuan immediately humbled himself and called out respectfully, "Uncle Sheng."

Sheng Lingfeng was caught between laughter and tears.

Sheng Lingfeng smiled and held his forehead. He pretended to be calm as he said, "As your mentor's best friend, I'm also considered an elder of yours. Your mentor died early, so as an elder, I should help you arrange your marriage." Sheng Lingfeng smiled at Ji Linyuan and said implicitly, "Mr. Ji Lin, the female disciples of the Liuli Clan are beautiful. Why don't you participate in the matchmaking competition and get a beautiful wife? Mr. Mingjue will be at ease in the afterlife."

Ji Linyuan was speechless.

Ji Linyuan was amused by Sheng Lingfeng. "Patriarch Sheng, are you asking me to infiltrate the enemy's base to investigate?"

Sheng Lingfeng raised his wrist and revealed the little green snake on it. He said sternly, "After all, I have a wife and children. It's not appropriate for me to participate in a blind date." He changed the topic and smiled mysteriously. "You're different. You're young, single, and a powerful Grand Master. If you participate in the blind date competition, you can choose any female disciple from the Liuli Clan."

Ji Linyuan took a deep breath and said with a dark expression, "No!"

Seeing that Ji Linyuan's attitude was firm, Sheng Lingfeng could only go for the soft approach. "Mr. Ji Lin, Ah Huang and Xiao'er are both Beast Tamers who have comprehended the power of the Divine Master. The heavens wants to get rid of them the most. The heavens is in the dark and the two children are in the light. If the heavens wants to harm them, as elders, we can't protect them every time..."

"If we can successfully let him reveal his true form and get rid of him, the two children will be safe..."

Yin Mingjue was the person Ji Linyuan respected and loved the most. Before his mentor died, Yin Mingjue even tried his best to throw Ji Linyuan out of the Time Gate and that was why Ji Linyuan was lucky enough to escape. His mentor's only daughter, Yu Huang, became Ji Linyuan's only family member and was the person Ji Linyuan wanted to protect the most.

Yu Huang's safety was what Ji Linyuan valued the most!

Ji Linyuan knew that Sheng Lingfeng was deliberately provoking him, but Sheng Lingfeng revealed Ji Linyuan's sore spot, so he had no choice but to give in.

Ji Linyuan glared at Sheng Lingfeng fiercely before getting up and opening the office door. He said loudly to the assistant outside the room, "Someone, call the Liuli Clan and register for me!"

When the young assistant with the cultivation level of a Supreme Master heard the acting Patriarch's words, she subconsciously asked, "Mr. Ji Lin, register for what?"

Ji Linyuan felt a lump in his throat. After a long while, he raised his voice and shouted, "Sign up for the blind date!"

The assistant was speechless.

The assistant called the Liuli Clan with mixed feelings and registered for Ji Linyuan. Following the principle of informing the Patriarch about important matters, he called Yu Huang and explained this matter.

After knowing that her Eldest Senior Brother was going to the Liuli Clan to participate in the blind date, Yu Huang cursed, "F*ck, Eldest Senior Brother is going to participate in the blind date?"

"That's right, Patriarch."

Yu Huang took a deep breath.

She forcefully suppressed her shock and asked, "Who is he planning to marry?"

The assistant's tone became even more awkward. She said, "The eldest disciple of the Liuli Clan, Liuli Luoluo."

Yu Huang was speechless.

Chapter 785: Untitled

Ji Linyuan was going to the Liuli Clan to participate in the matchmaking convention and even requested to marry Liuli Luoluo.

This was really unexpected.

Even after she hung up, Yu Huang still couldn't believe it.

Although Ji Linyuan had been single for a long time, why would he suddenly want to marry Liuli Luoluo? Although Liuli Luoluo was young, beautiful, and sexy, and was the goddess that many single people dreamed of, her Eldest Senior Brother didn't look like someone lustful!

If he really was lustful, he wouldn't have hidden in the library as a cleaner for the past twenty years.

Xuanyuan Chen and Liuli Luoluo were in love with each other. If Eldest Senior Brother, who was a Grand Master, insisted on interfering, then Xuanyuan Chen would definitely have no hope. Perhaps it was because of her preconceived notions, but Yu Huang still felt that Liuli Luoluo was more compatible with Xuanyuan Chen. When she thought of the scene of Eldest Senior Brother standing with Liuli Luoluo, she felt an indescribable sense of incompatibility.

She had to call and ask what was going on.

Before Sheng Lingfeng left Ji Linyuan's room, he heard Ji Linyuan's private phone ring. Not many people knew Ji Linyuan's private number. Ji Linyuan felt that this call was from Yu Huang, so he smiled helplessly. "Look, the call is here."

Sheng Lingfeng saw Ji Linyuan take out his phone and saw the caller's name. His expression suddenly became nervous, and he guessed the caller's identity. "It's Yu Huang."

Ji Linyuan nodded with a complicated expression. "I'll take it."

"Okay."

Ji Linyuan picked up the phone. He thought that he would hear Yu Huang questioning him in an anxious voice, but strangely, Yu Huang didn't lose her temper at him. She only called him Eldest Senior Brother hesitantly and stopped talking.

Ji Linyuan was flustered by Yu Huang's attitude.

Ji Linyuan pinched his throat and said, "Junior Sister, why are you suddenly calling me?"

Yu Huang suddenly said, "Eldest Senior Brother, why do you suddenly want to marry Liuli Luoluo? Have you forgotten your confidant in the Upper World called Jing Rujiu?"

When Ji Linyuan heard this, he immediately scolded in a low voice, "What nonsense are you talking about?! You can't joke with me!" Jing Rujiu wasn't his confidant. Jing Rujiu was clearly his mentor's lover and his junior's biological mother!

Hearing this, Yu Huang smiled and said, "You're my Eldest Senior Brother. You haven't been possessed."

Ji Linyuan was stunned. Only then did he realize that Yu Huang was testing him. Ji Linyuan was caught between laughter and tears. "Junior Sister, could it be that you think that I was possessed by the heavens?"

Yu Huang said sternly, "Now that the whereabouts of the heavens are unknown, anyone who is suspicious is a suspect." In Yu Huang's opinion, Ji Linyuan suddenly going to the Liuli Clan to participate in the matchmaking competition was suspicious and completely out of character.

"I naturally have my reasons for doing so. It's not convenient to say it over the phone. We'll talk about it in person later."

If it wasn't convenient to say over the phone, it must be something big.

Yu Huang was a smart person. From Ji Linyuan's ambiguous words, she could guess that Ji Linyuan going to the Liuli Clan to participate in the blind date competition was a ruse. He wanted to sneak into the Liuli Clan to get some information.

Yu Huang couldn't help but think of the newly appointed head of the Liuli Clan.

If there had been any major changes in the Liuli Clan recently, it would be Liuli Nuonuo.

Liuli Nuonuo wasn't like this in the past.

Could it be...

After Yu Huang guessed what Ji Linyuan wanted to do, she held back her laughter and congratulated him. "Then I'll congratulate you in advance. Get married early. I'll give you a big red packet later." With that said, Yu Huang hung up decisively.

"Who's getting married?" Sheng Xiao's voice came from outside.

Yu Huang looked back and saw Sheng Xiao leaning against the door of the female dormitory.

Yu Huang quickly took her phone and walked out of the room. She pulled Sheng Xiao downstairs and said, "My Eldest Senior Brother signed up for the Liuli Clan's marriage competition."

"Mr. Ji Lin?" Sheng Xiao was very surprised. "He has a crush too? I wonder which girl from the Liuli Clan Mr. Ji Linyuan wants to marry?" As a young Grand Master and Yin Mingjue's only personal disciple, if he liked someone, he only needed to visit Madam Liuli personally to propose marriage. Madam Liuli would definitely be willing to accept it.

Was there a need for him to participate in the matchmaking competition?

Yu Huang said, "Liuli Luoluo."

Sheng Xiao froze. "Huh?" He was surprised. "Mr. Ji Linyuan likes Liuli Luoluo?" Sheng Xiao found it ridiculous.

It wasn't that Sheng Xiao didn't like Liuli Luoluo. It was just that Ji Linyuan was too outstanding. He should be with a more outstanding woman. Liuli Luoluo had been pestering Sheng Xiao for many years. Sheng Xiao didn't have a good impression of Liuli Luoluo. Sheng Xiao couldn't understand why Ji Linyuan liked Liuli Luoluo.

He felt that Mr. Ji Linyuan had bad taste in women.

Yu Huang smiled mysteriously and said, "Senior Luoluo is young, beautiful, and talented. She's also the personal disciple of the Madam Liuli. She and my Eldest Senior Brother can be considered a good match."

Sheng Xiao looked at Yu Huang in confusion and couldn't help but say, "What about Xuanyuan Chen? Xuanyuan Chen and Liuli Luoluo like each other. Don't you know?"

Yu Huang suddenly stopped in her tracks and looked up at Sheng Xiao. She said, "Do you think the current Madam Liuli knows about Xuanyuan Chen and Liuli Luoluo?"

Sheng Xiao nodded. "I think so."

"Then, she clearly knows that Liuli Luoluo has someone in her heart, but she still placed her name on the marriage list. Tell me, what is her motive?"

Sheng Xiao stared into Yu Huang's dark eyes. It was as if he could sense Yu Huang's true thoughts. Sheng Xiao pursed his lips and said thoughtfully, "Madam Liuli has been acting strange recently."

"Hehe, it's like she has a different soul, don't you think?"

Sheng Xiao nodded solemnly.

At this moment, the sound of basketball playing in the field downstairs entered Yu Huang's ears. Yu Huang stood at the window of the staircase and looked out. She saw a group of students playing basketball in the sky. The red-haired Xiao Shu rushed to the front with a basketball in his arms. His talent made one's blood boil.

"Brother Xiao, did you notice the changes in Xiao Shu's beast form when we were dealing with Museido in the primitive forest that night?"

Sheng Xiao noticed it. He said, "I've known Xiao Shu for many years. In the past, his unicorn wouldn't release flames. I didn't expect that Xiao Shu's beast form would gain a new skill after he broke through to the Supreme Master Realm."

Yu Huang bit her rosy lips and looked up in the direction of the Abyssal Origin Forest.

"Yu Huang, Sheng Xiao, come and play with us!" Suddenly, a basketball was thrown at the window where Yu Huang and the others were. Yu Huang reached out her right hand and stopped the basketball. She looked up and met Xiao Shu's provocative gaze. She stepped on the stairs behind her and flew out of the window sill.

"Why don't we have a match?"

Yu Huang hugged the ball and said to Sheng Xiao, who had also flown out of the window, "Grand Master, you will be the referee. The others will be divided into four teams. Let's play a chaotic competition." Yu Huang pointed at the vast plain at the foot of the mountain and smiled. "Let's use the grassland at the foot of the mountain as the court."

Hearing this, everyone immediately took off their coats and prepared to fight.

Sheng Xiao actually wanted to participate in the game more. However, it was unfair to the other team no matter which team he joined.

He could only be the referee.

The nearly five hundred students quickly divided into teams. Yu Huang, Donor, Mo Yuelou, and Xiao Shu were the leaders of the four teams. Sheng Xiao saw that they had divided into teams, so he carried the ball and landed in the center of the plain. When the others arrived at the plain, he slapped the ball into the deep sky.

Seeing this, Yu Huang and Donor spread their wings at the same time and flew towards the ball. Mo Yuelou also turned into a sharp dagger and rushed into the deep sky. Xiao Shu wasn't to be outdone.

Yu Huang was the first to snatch the basketball. After she took the ball, she threw it to Team 1. "Yin Rong, catch!"

Yin Rong had been the manager of the Divine Realm Academy's basketball team before, so she was very good at snatching balls. She rode on the unicorn and activated her spatial cultivation technique as soon as she held the basketball. Under the suppression of Yin Rong's spatial cultivation technique, the actions of the other students instantly slowed down, and Yin Rong quickly threw the ball into the hoop!

After scoring the slam dunk, the first team was instantly excited. "Score! Let's beat them!"

Everyone seemed to have gone crazy. They even acted like they were going to fight.

Chapter 786: Untitled

Di Ruofeng and Dino stood on the courtyard wall of the academy and silently watched the group of youthful students at the foot of the mountain. Di Ruofeng heard Dino say, "If only our merman race were still alive."

The image of Xixia Sea being dyed red by the blood of the merfolk flashed across Di Ruofeng's mind. His expression instantly became sorrowful, and he didn't know how to reply to Prime Emperor Dino's words.

Dino sighed and said, "Now, all the students have reached the Supreme Master Realm..."

Di Ruofeng hurriedly added, "Feng Yuncheng is still an intermediate-stage Master."

Dino frowned. "An intermediate-stage Master?" He asked in disdain, "Why was such a weak student recruited?"

Di Ruofeng explained helplessly, "This child's beast form is relatively special. The Bewitching Butterfly is a beast form that grows stronger when it encounters strong people and weak when it encounters weak people. This child seems to be a little resistant to his beast form and has never truly displayed the true strength of his beast form."

Hearing this, Dino asked curiously, "Why is he resistant to it?"

Di Ruofeng stroked the small beard on his chin and sighed softly. "They're charming beast forms, so they're more or less evil. The more gorgeous the beast form is, the more evil it is." Di Ruofeng pointed at the gorgeous butterfly on the battlefield below. He asked Dino, "Dino, look, isn't that butterfly beautiful?"

Dino stared at the butterfly and commented, "Gaudy."

Di Ruofeng was amused by Dino's evaluation. He said, "Being gaudy means that this child's beast form is too evil. Therefore, the cultivation technique that is suitable for him is also very evil. He can only increase his cultivation level by killing."

Dino narrowed his eyes. "So that's how it is..."

"This child is not exactly a good person, but he can't bear to be an evil person. That's why his cultivation level has always been stagnant."

Nodding, Dino asked, "According to you, this child is not suitable for cultivation at all. Then why did Prime Master Mo Xiao make an exception and let him enter the Holy Spirit Academy?"

This time, Di Ruofeng smiled mysteriously. "Regarding that, Prime Master Mo Xiao naturally has his reasons. Perhaps this child is pleasing to the eye and Prime Master Mo Xiao likes him."

Dino frowned. "You're hoodwinking me again!"

Di Ruofeng smiled and said nothing.

“Since the students have already broken through to the Supreme Master Realm, it’s time to send them to the real Holy Spirit Academy!”

Upon hearing this, Di Ruofeng immediately revealed a hesitant expression. “Should we send it over now?”

“Yes.”

“... Okay!”

After the match, the sky was already dark.

When the students went to the canteen to eat, they realized that the dishes today were unprecedentedly sumptuous. It was comparable to their standard of living in the Divine Realm Academy.

Feng Yuncheng glanced at the delicious food and felt hungry. However, when he thought about how the points in his card were only enough to buy egg soup and vegetables, he forced himself to look away from the delicious food.

At this moment, Feng Yuncheng saw the canteen man walk out of the kitchen with a loudspeaker. He stood at the food window and said loudly, “I’ve received a notice from the higher-ups that the food tonight doesn’t charge points. Everyone, eat as much as you can!”

Feng Yuncheng almost thought that he had misheard him. “What? You won’t charge us points?” Feng Yuncheng hurriedly took two plates and ran to the front to line up. He wanted to get more delicious food for Her Highness.

Yu Huang walked into the canteen with Yin Rong and the others. When she saw that the students were all queuing up to receive their food, everyone revealed happy smiles. She immediately frowned and said to Yin Rong, “Do you know which is the most sumptuous meal for prisoners?”

Yin Rong asked in confusion, “Which meal?”

Yu Huang said with an unfathomable expression, “The last meal before the execution.”

Yin Rong looked at the free food and instantly felt that it wasn’t that delicious anymore.

1

Yu Huang went forward and took a plate. She said, “Eat. Since they don’t charge us points, let’s eat as much as we can. Dying after eating is better than starving to death.”

Yin Rong wasn’t comforted by her words.

After receiving their favorite food, the students found a seat and sat down. They stared at the pile of delicious food on the plate and gradually understood.

Why was the academy suddenly so good to them?

This inevitably reminded them of a prisoner’s last meal before he was executed.

Everyone ate their meal uneasily and went to sleep while trembling with fear, but they didn't dare to sleep too deeply. They thought that there would be a beast tide battle in the later half of the night. However, they waited until three o'clock in the night but still didn't hear any movements.

Ever since the Grand State Master passed away, the demon beasts that had been cooperating happily with the Holy Spirit Academy were no longer willing to cooperate with the students in battle.

After confirming that nothing would happen tonight, the students fell asleep with worries.

The next morning, Yu Huang and the others walked down and discovered an ancient mirror floating in the sky above the field.

Everyone looked up at the ancient mirror and guessed what it was.

After everyone arrived, Dino appeared.

Seeing that Prime Emperor Dino had personally come out to speak, the students realized that there would definitely be something important to be announced next. They all quietened down and tacitly lined up neatly.

Dino wasn't a person who liked to waste time. He pointed at the mirror above everyone's heads and said concisely, "This is the Kunlun Mystic Realm."

When they first heard this name, the students were somewhat confused.

What was the Kunlun Mystic Realm?

Yu Huang instantly understood the origin of this thing.

More than three thousand years ago, the number one sect on the Holy Spirit Continent, the Kunlun Sect, had a mystic realm, which was the Kunlun Mystic Realm. The Kunlun Mystic Realm was similar to the Doomsday Battlefield. They were both abandoned demigod worlds. However, the Kunlun Mystic Realm was very small, far less vast than the Doomsday Battlefield.

Every sect master of the Kunlun Sect had experienced countless battles in the Kunlun Mystic Realm and walked out of it alive.

A mystic realm that could be used by the number one sect on the continent to test the heir was definitely not a utopia. It must be extremely dangerous.

Seeing that many students were still unaware of the situation in the Kunlun Mystic Realm, Di Ruofeng appeared and explained to everyone with a smile, "The Kunlun Mystic Realm was originally an independent mystic realm used by the first sect on the Holy Spirit Continent, the Kunlun Sect, thousands of years ago to select an heir. Later..."

After Di Ruofeng explained the origin of the Kunlun Mystic Realm, he said with a serious expression, "However, there is a mysterious mirror of unknown origin hidden in this Kunlun Mystic Realm. The Kunlun Sect calls it the Reincarnation Mirror. If you fall into the Reincarnation Mirror, you will experience the reincarnation test for generations..."

“In other words, if you fall into the Reincarnation Mirror, you won’t die directly. You will only reincarnate repeatedly in countless worlds. You will continuously experience the process of going from life to death. The process is endless. Therefore, it is called the Reincarnation Mirror.”

“There were many people who fell into the Reincarnation Mirror by mistake, but there was only one person who successfully walked out of the Reincarnation Mirror. And that person was the famous fiendish cultivator Ouyang Luo from three thousand years ago!”

Chapter 787: Slander

Upon hearing the name of the fiendish cultivator Ouyang Luo, everyone finally had some understanding of the Kunlun Mystic Realm and the Reincarnation Mirror. “So this is the Kunlun Mystic Realm that made Ouyang Luo become a fiendish cultivator. Could it be that the academy is planning to send us to the Kunlun Mystic Realm to train?”

As expected, Dino said, “In the Kunlun Mystic Realm, there are countless ferocious beasts and evil spirits. Therefore, whether one lives or dies after entering the mystic realm depends on one’s ability. The day after tomorrow, the Kunlun Mystic Realm will open once. It will only open again three years later. At that time, students who can walk out alive will be considered to have graduated successfully and have the right to enter the Great World first.”

“Of course, students who are unwilling to participate in the Kunlun Mystic Realm’s training can continue to stay in the Holy Spirit Academy and accept the devil training that we customize for you. However, I have to tell everyone that although the Kunlun Mystic Realm is dangerous, there are also many opportunities hidden inside. If you can survive these three years inside, you will definitely welcome a transformation.”

“In the next two days, everyone, consider whether you want to participate in the Kunlun Mystic Realm’s training. Students who are willing to participate in the mystic realm’s training, please register at Principal Di’s office in the afternoon the day after tomorrow and sign the life and death contract.” After saying that, Dino appeared in front of the students like a gust of wind.

The students lowered their heads and carefully thought about whether they should risk their lives to participate in this dangerous Kunlun Mystic Realm.

Sheng Xiao said to Yu Huang, “I will go.” Sheng Xiao held Yu Huang’s hand and said bluntly, “I hope that you can accompany me in.” He was a natural adventurer. The Kunlun Mystic Realm was very intriguing to him.

Yu Huang smiled. “What a coincidence. I want you to go in with me too.”

The two of them decided to participate in the Kunlun Mystic Realm together without hesitation.

Feng Yuncheng looked at Beatrice, who was talking to Mo Yuelou in the distance. He noticed that many boys on the campus were secretly sizing up Beatrice and couldn’t help but clench his fists.

He wanted to go to the Kunlun Mystic Realm!

Estelle walked out of the dormitory building with a large cardboard box in his arms. The contents of the box were in a mess. He walked with large steps, as if he was fleeing.

Out of the corner of his eye, Donor saw Estelle walking out of the school with a large box. He jumped down from the courtyard wall and blocked Estelle's path.

The gauze on Estelle's face had yet to be removed. Presumably, his face had yet to recover. Donor said, "You haven't recovered from your injuries. Why are you running around?"

Estelle still bore a grudge against Donor for his childish act of tearing his clothes. He was unwilling to talk to Donor and walked past him to leave. However, Donor grabbed his arm and stared at the precious box in his arms. He asked curiously, "What's inside? Where are you sending it?"

Just a few minutes ago, Estelle had been suspected of stealing by a few Light Elves. Now, he was stopped and questioned by Donor. He naturally felt angry. "What do you think it was? It's not your treasure, Your Highness."

Donor was agitated by Estelle's resentful tone. "Speak properly. I didn't say you stole anything."

Donor noticed that Estelle had written a very remote address on the cardboard box. He guessed that Estelle was going to send the box to his siblings, so he took out a car key and handed it to Estelle. "I bought a car. You can take my car to Rakshasa City to send the package."

Estelle was stunned.

He stared at the golden car key in Donor's hand and realized that Donor was being kind. He felt ashamed. Estelle lowered his head and apologized in a low voice. "I'm sorry, my attitude was bad. But, I can't drive. Thank you for your kindness."

Donor wasn't angry with him. He asked Estelle, "Did someone accuse you of stealing?"

Estelle was unwilling to say more about this. He only said, "I will participate in the Kunlun Mystic Realm's training."

Donor was shocked. "You?"

Donor stared at Estelle's unhealed face and the pair of black wings on his back and said bluntly, "You don't have anyone of your kind to help you. You're the only Night Elf in the entire Holy Spirit Academy. Have you thought about how dangerous your situation will be once those Light Elves meet you in the Kunlun Mystic Realm?"

Donor had long sensed the hostility of the Light Elves towards Estelle. If Estelle went to the Kunlun Mystic Realm to train, he would be in danger.

Estelle wasn't stupid. How could he not know all this?

He lowered his eyes and said, "The box is filled with clothes that Feng Yuncheng thinks are unfashionable. He knew that my hometown was poor, so he packed these things and asked me to send them to my friends in my hometown to wear. However, Your Highness' kind thought that I stole them. They even deliberately threw my box to the ground in front of the other students and checked them one

by one. If Sheng Xiao had not happened to appear and stopped their ruckus in time, I might have really seen as a thief today.”

Donor had been staying outside and didn't know what had happened in the dormitory. Hearing this, Donor was very angry. “Who did it?! Tell me, and I'll help you seek justice!”

“Your Highness.” Estelle's dark eyes stared at Donor quietly. He pointed out calmly, “Your Highness, even if you can help me once and a second time, can you help me forever? You can help me not be bullied by them, but in the Light Sea, there are many Night Elves who are being bullied by the Light Elves for no reason.”

Donor was speechless.

“Your Highness, we Night Elves aren't born lowly and dirty. If we want to change the status of the Night Elves, someone has to step forward and stand at the highest peak, at a height that all the Light Elves will look up to. Only when such a person appears and speaks up for the Night Elves will the social status of the Night Elves change.”

“Unfortunately, the Night Elves have been on their last legs for thousands of years, but no one has been able to stand up. Because before they can stand firm, their legs will be broken by you. Perhaps my legs will also be broken, but before my legs are broken, I still want to try.”

“Even if the outcome is failure, I can't not even have the courage to stand up.” With that, Estelle carried the box and walked out of the Holy Spirit Academy.

Donor stared at the weak but strong back of the Night Elf and suddenly decided to participate in the Kunlun Mystic Realm's training. This time, he wouldn't be participating to compete with Sheng Xiao or to make the elves proud.

As a prince, he currently had no real power. Since he couldn't protect all the Night Elves now, he could at least protect Estelle.

1

Seeing Estelle stand up and change the abnormal social situation of the Light Sea with him was what a prince should pursue.

Chapter 788: Yu Huang's Birth

The school gave Yu Huang and the others two days to make a decision. The students who had made up their minds to participate in the Kunlun Mystic Realm's training took advantage of these two days to return home and bid farewell to their parents.

After all, not only was this training long, but it was also extremely dangerous.

Everyone went home to reunite with their parents.

On the day Dino announced that the Kunlun Mystic Realm was about to open, Yu Huang and Sheng Xiao took a flying transport back to the Divine Realm Continent with the other alumni who were planning to participate in the training. When they returned to Yufu City, it was already dusk.

After Sheng Yang found out that her brother and sister-in-law were going to the Kunlun Mystic Realm to participate in the training, she specifically took leave from the Divine Realm Academy to go home and reunite with her family.

Lan Yao wrapped herself around Sheng Yang's arm and went to the entrance of Yufu City with her to welcome Sheng Xiao and Yu Huang. "Yang Yang." Lan Yao raised her small head and saw Sheng Yang's bulging chest. She chuckled and said, "You've matured a lot."

Sheng Yang lowered her head and glanced at her good figure. There was a smile on her lips. "It's all thanks to the papaya powder you prepared for me. For a period of time, I mixed papaya powder in my food."

Lan Yao laughed even more wantonly. "How funny. Do you really think papaya powder is that effective? It's mainly because of my genes. As my daughter, you won't have small breasts no matter what. You just matured a little slowly. Your breasts only started to grow when you were nearly 18 years old."

Sheng Yang didn't believe Lan Yao's words. She firmly believed that it was because of her papaya powder. "How can it develop so late? When Yu Huang was in the entertainment industry, she was already very developed."

Lan Yao had watched Yu Huang grow up. She naturally knew how developed Yu Huang was during puberty.

The two of them discussed whether the papaya powder was useful or not. Before they could come to a conclusion, they saw the city gate being pulled open from the outside. Sheng Xiao and Yu Huang walked in side by side.

In early spring, everything revived. All the cherry trees in the Prosperous Capital bloomed.

Yu Huang was wearing a waist-length gradient red dress. The dress hugged her slender waist and her straight legs were wrapped in long boots. In just a few months, Yu Huang's hair had already reached her waist. It hung behind her back like lustrous silk and swayed slightly as she walked.

Sheng Xiao was wearing a long black trench coat with red embroidery on the chest. Inside, he was wearing a black shirt and pants. He looked like a perfect couple with Yu Huang.

"Brother!"

"Yu Huang!"

Sheng Yang ran towards them.

Seeing that his sister was so excited, Sheng Xiao thought that Sheng Yang was going to hug him. He raised his arms subconsciously, but he saw Sheng Yang striding to his wife's side and hugging Yu Huang's waist tightly. "Yu Huang, you're getting more and more beautiful!" Sheng Yang stroked Yu Huang's long hair that was as smooth as silk. She couldn't help but ask, "Have you done your hair? What shampoo brand are you using? I'll use the same one as you in the future."

Sheng Xiao was speechless.

He snorted and took Lan Yao from Sheng Yang's arm. Then, he walked in front with Lan Yao. Lan Yao saw Sheng Xiao's cold expression and guessed that he was angry. "What's wrong? Are you angry?"

Sheng Xiao shook his head. "No."

"Then what are you thinking about? Tell me."

Sheng Xiao stopped in his tracks and looked down at Lan Yao. He couldn't help but ask, "I'm her brother. Why is she kissing her?" When they met just now, Sheng Xiao thought that Sheng Yang was going to hug him. It turned out that he was overthinking it.

"You still dare to say that you're not angry." Lan Yao said, "Look at you. You always put on a serious expression. Other than Yu Huang, who dares to really get close to you? Of course, Yang Yang likes you too, but she doesn't dare to offend you." Lan Yao complained, "To be honest, I'm very surprised that you found a wife so early."

After hearing Lan Yao's explanation, Sheng Xiao said, "She has good taste in men."

Lan Yao mocked him. "Are you praising yourself for being a high-quality man?"

"Mother, I suddenly miss the old you who couldn't speak."

Lan Yao stuck out her snake tongue and said, "I'm sorry, but I'm back."

The two of them bickered for a while before they regained their previous intimate relationship. Sheng Xiao suddenly stopped talking. He stroked Lan Yao's cold skin and suddenly said, "Mom, welcome back."

Lan Yao felt emotional when she heard Sheng Xiao call her mother. "The last time I heard you call me mom was when you just learned to speak."

As he grew older, the influence his father, Sheng Lingfeng, had on Sheng Xiao became more and more obvious. Gradually, the little boy began to imitate Sheng Lingfeng's words and actions. After a long time, Sheng Xiao really developed a calm, composed, and serious personality.

When she suddenly heard him call her mother, Lan Yao missed the time when Sheng Xiao was still a little child.

"Time sure flies. You already have a wife." Lan Yao suddenly asked, "When are you two planning to have a child?"

Yu Huang heard that and looked at Sheng Xiao with a faint smile.

Sheng Xiao turned around and looked at her.

When their gazes met, they wished they could run back to their room and start making out immediately. Sheng Xiao's Adam's apple moved up and down a few times before he rolled his eyes at Lan Yao. "You're so boring."

Lan Yao jumped onto Yu Huang's arm.

Yu Huang hurriedly stabilized Lan Yao's body. When her fingers touched Lan Yao's soft and cold skin, Yu Huang immediately felt the blood in her body burn, as if she was hungry.

Phoenixes really liked snake-type demon beasts. They liked their skin, which was as smooth as jelly, their delicate flesh, and even more so, their cold blood...

Yu Huang hurriedly looked away and didn't dare to look at Lan Yao's body.

Lan Yao saw that Yu Huang's throat was moving up and down, like a person who was hungry. Thinking of how Feng Huang liked to eat snakes, Lan Yao deliberately teased Yu Huang, "Are you very hungry? What do you want to eat? I will get a chef to make it for you."

She wanted to eat Lan Yao.

Yu Huang hurriedly shook her head. "I'm not hungry. My throat is just a little dry."

"I thought you wanted to eat me."

Yu Huang sobered up when she heard that. She quickly handed Lan Yao to Sheng Xiao. Sheng Xiao knew that Yu Huang was interested in snakes. He quickly hid his mother and they returned to the house.

Sheng Lingfeng only returned after dark.

As soon as she returned, she carried Lan Yao back from Sheng Yang's arms. Lan Yao also wrapped her body around Sheng Lingfeng's wrist. Since everyone was here, everyone started to eat.

Sheng Lingfeng asked Sheng Xiao and Yu Huang, "Why are you two suddenly back?"

Chapter 789: Let's Have a Child

Sheng Xiao told Sheng Lingfeng about their decision to participate in the Kunlun Mystic Realm.

"Kunlun Mystic Realm?" Sheng Lingfeng naturally knew about the Kunlun Mystic Realm. He said, "After the Ouyang Clan was destroyed, Prime Master Jing An personally entered the Kunlun Mystic Realm to investigate the situation. It's said that the Kunlun Mystic Realm is extremely dangerous. Beast Tamers below the level of Supreme Master probably won't survive for even a day."

Sheng Xiao asked, "It sounds like the Kunlun Mystic Realm is more dangerous than the Doomsday Battlefield."

"Although I've never been to the Doomsday Battlefield, from your description, the Doomsday Battlefield only has extreme weather at noon every day. There are no powerful demon beasts inside. Perhaps this is because its master hasn't really become a Divine Master. And it's rumored that this Kunlun Mystic Realm was once a world created by a Divine Master who cultivated the Dao of Slaughter. Later, this Divine Master caused a huge calamity and was executed. After it lost its master, it floated in the universe for a long time before it was luckily captured by the Kunlun Sect and became the battlefield they used to test the Sect Master."

Just like how Lucifer cultivated the Ghost Taming Dao and the Liuli Clan cultivated the Free and Unfettered Dao, there were very few Beast Tamers in their beast forms who cultivated the Slaughter Dao.

“Father, you mean that this Kunlun Mystic Realm is actually a small world of a dead Divine Master? And there are no high-level intelligent races in this small world, only some powerful demon beasts?”

“Yes.” Sheng Lingfeng was full after two bites. He wiped his hands and leaned back in his chair. As he stroked Lan Yao’s cold and soft body, he explained the Kunlun Mystic Realm to the three children. “After the Alliance was successfully established, the Kunlun Mystic Realm was collected by the Alliance. Because the Kunlun Mystic Realm was too dangerous and there was a mysterious Reincarnation Mirror inside, no one dared to use the Kunlun Mystic Realm to train.”

“The Holy Spirit Academy is a high-level academy established by the Alliance Headquarters and the four races. When it was established, the Grand State Master had once borrowed the Kunlun Mystic Realm from the Alliance. At that time, I didn’t know what he wanted to do. Now, it seems that when they established the Holy Spirit Academy, they were already prepared to use the Kunlun Mystic Realm to train you guys.”

“Besides.” Sheng Lingfeng frowned and said worriedly, “After three thousand years, the ferocious beasts in the Kunlun Mystic Realm must have become even more ferocious and overbearing. Have you really decided to participate in the training?” Sheng Lingfeng was still worried about the children.

He didn’t mind letting the children suffer more. After all, only through suffering could one rise to the top.

However, knowing that the Kunlun Mystic Realm was dangerous and that the children might never come out once they entered, Sheng Lingfeng was worried.

He wanted the children to improve themselves, but he wanted them to be safe and alive.

Sheng Xiao and Yu Huang looked at each other. They could see each other’s determination. They held each other’s hands and told Sheng Lingfeng firmly, “Yes.”

Sheng Lingfeng nodded. “This is your decision. I will respect your decision. Three years later, I will personally go to the Holy Spirit Academy to welcome you. I hope you can walk out alive.” Sheng Lingfeng raised his glass. “Come, let’s toast as a family.”

Hearing this, Lan Yao also flew into the air and used her tail to curl up the wine glass.

Everyone raised their glasses and clinked them together forcefully. Sheng Lingfeng said, “We wish you kids all the best on this trip. You will definitely gain something!”

“Thank you.”

After the reunion meal, Yu Huang and Sheng Xiao returned to the city of Jingdu. They planned to stay in the villa at Lovers Lake for the night. The butler knew that they were coming back and quickly instructed the servants to put a clean new blanket in the main bedroom.

When they returned to the Lovers Lake, Sheng Xiao said a few words to the butler and returned to the master bedroom. He saw Yu Huang lying on the bed and chatting with Vivian. On the screen, Vivian was introducing her daughter to Yu Huang.

Jiang Shangfeng sat on the bed with one hand holding his youngest daughter and the other holding the milk bottle while feeding his daughter.

Vivian raised her phone and placed it close to her daughter so that Yu Huang could hear her daughter drinking milk.

The sound of a human cub drinking milk sounded blissful and satisfying.

Sheng Xiao raised his eyebrows. He walked behind Yu Huang and hugged her waist from behind. "This is Vivian's daughter. Brother Xiao, don't you think she's cute?"

Sheng Xiao stared at his youngest daughter's chubby face in the video. He wanted to take a deep breath and spit it out.

Sheng Xiao said, "Cute."

"I'll take a shower first. You guys can talk."

After Sheng Xiao finished showering, Yu Huang and Vivian ended the call. Yu Huang sat on the dressing table and applied facial cream. She said, "We'll been gone for three years and will miss the little princess's first birthday. I just ordered some custom-made small gifts for her. They cost more than 400,000 yuan. I bought her a lot of princess dresses, so many that she can't finish them..."

Yu Huang kept talking, as if she liked that child very much.

When Sheng Xiao saw Yu Huang talking non-stop about that child, his heart softened. He walked to the bed and sat down. Suddenly, he grabbed Yu Huang's arm and pulled her onto his lap.

Everything happened too quickly, before Yu Huang could even put down the facial cream in her hand.

"What are you doing?" Yu Huang pretended not to understand Sheng Xiao's motive.

Sheng Xiao reminded Yu Huang, "You still owe me one. Do you want to deny it?"

Before they were imprisoned, Sheng Xiao pestered Yu Huang for sex, but Yu Huang coaxed him with an excuse. She thought that Sheng Xiao would forget about it after a month of confinement, but she underestimated the man's persistence.

Yu Huang chuckled and teased Sheng Xiao. "Professor Sheng has a good memory."

Sheng Xiao nodded solemnly. "I wouldn't forget it."

"Alright, alright, alright. I'll fulfill your wish today."

Yu Huang reached out to pull the belt of Sheng Xiao's bathrobe. Suddenly, she heard Sheng Xiao say, "How about we have a child?"

Yu Huang's hand, which was tugging at her belt, instantly trembled. "What?"

Sheng Xiao said seriously, "Let's have a child."

If Yu Huang was a man, she would have become impotent when she heard this.

She let go of her belt and sat down on the bed in a daze. She looked down at Sheng Xiao and asked seriously, "Are you serious?"

"Yes." Sheng Xiao said, "When I saw Vivian's child, I suddenly wanted to have a child with you." Sheng Xiao held Yu Huang's hand and said, "Let's have a child after the training is over."

Yu Huang's heart raced. She was also tempted by this suggestion.

She looked at her stomach. She felt amazed at the thought of giving birth to her and Sheng Xiao's child. "I... I'll think about it."

Sheng Xiao smiled and pulled her into his arms. He pressed her head and said, "There are still three years. You can think about it."

"... Yes."

Sheng Xiao continued, "Now, you can fulfill your promise."

Yu Huang spent two hours seriously fulfilling her promise.

Chapter 790: Compared to Him, You're Nothing

The next morning, Yu Huang received an unfamiliar call. She saw that it was an unfamiliar number and didn't want to pick it up. However, the phone rang three times, as if it would continue ringing if Yu Huang didn't pick up.

Helpless, Yu Huang could only answer the call.

She said nothing, and neither did the person on the other end.

Yu Huang lost her patience and was about to hang up when she suddenly heard Xuanyuan Chen's voice. "Yu Huang, can you let Mr. Ji Linyuan forfeit?"

Yu Huang was somewhat surprised. "Xuanyuan Chen?"

Xuanyuan Chen nodded and said, "The blind date competition is coming to an end. The final victor will be decided this morning. Mr. Ji Linyuan is the last competitor I will face." At this moment, Xuanyuan Chen's voice sounded a little weak. Yu Huang guessed that he might be injured, and his injuries were severe.

"Are you injured?"

Xuanyuan Chen said, "I've been fighting in the arena since the day before yesterday."

As the eldest disciple of the Liuli Clan, Liuli Luoluo was beautiful and talented. Since Liuli Nuonuo was going to marry Liuli Luoluo to someone, she naturally attracted the attention of many single Beast

Tamers. On this blind date meeting, there were actually 105 Beast Tamers who wanted to marry Liuli Luoluo.

How could Xuanyuan Chen tolerate those people coveting his Luoluo?

Therefore, he had been standing on the stage and accepting the challenge of every competitor.

In these two days, he gritted his teeth and fought 103 battles. At this moment, he was covered in wounds. Fortunately, he successfully defended the arena.

But...

The last competitor was Ji Linyuan, who was a Grand Master!

Ji Linyuan was a famous big shot!

He was Yin Mingjue's only personal disciple, a Grand Master expert, and the vice president of the Alliance. Not to mention that Xuanyuan Chen was only an early-stage Supreme Master, even if he was an early-stage Grand Master expert, he was no match for Ji Linyuan.

Xuanyuan Chen felt helpless.

He didn't know what to do. After thinking about it, he asked someone to get Yu Huang's phone number from Feng Yuncheng. He wanted to ask Yu Huang for a favor.

Xuanyuan Chen said, "Mr. Ji Linyuan is your Eldest Senior Brother. I think he might listen to your words. Yu Huang, you know that Luoluo and I like each other to begin with. I definitely can't watch her marry another man. Yu Huang, I beg you, help me dissuade him." Xuanyuan Chen's voice was already choked with sobs. "I've already overcome all sorts of adversities, but I really can't defeat Mr. Ji Lin."

Yu Huang felt verly upset when she heard Xuanyuan Chen's cries.

Her Eldest Senior Brother was asking for it!

Of all people, why did he choose Liuli Luoluo?

Wasn't he breaking up a couple?

Yu Huang couldn't tell Xuanyuan Chen Ji Linyuan's true motive, but she couldn't bear to see Xuanyuan Chen in so much pain. She sighed to herself and said, "Xuanyuan Chen, instead of begging me here, why don't you beg Madam Xuanyuan? After all, Madam Xuanyuan is the one who did this ridiculous thing."

Yu Huang said this because she didn't intend to persuade Ji Linyuan.

Xuanyuan Chen saw that Yu Huang wouldn't help him, so he could only give up.

After hanging up, Xuanyuan Chen decided to look for Madam Xuanyuan.

Today was the last day of the blind date meeting. Liuli Nuonuo also arrived at the venue of the blind date meeting. The blind date meeting was held on a battlefield in the suburbs of Jingdu. This was also the place used to hold the Beast Tamer Selection Competition every year. The battle between Anna and Xuanyuan Sisi was held here.

Liuli Nuonuo led the elders of the Liuli Clan to sit on the observation platform. This was the best place to watch the battlefield from.

The elders sat behind Liuli Nuonuo in silence. They looked very calm.

Liuli Nuonuo had just picked up her tea when she saw Xuanyuan Chen walking to the watchtower.

“Xiao Chen.” Liuli Nuonuo looked at the number one genius of the Xuanyuan Clan lovingly and condemned him gently, “The last battle is about to begin. Why did you come to me instead of participating?”

Xuanyuan Chen looked at the small building diagonally in front of him.

All the female disciples of the Liuli Clan who had participated in the blind date competition were currently staying in the small building while waiting for the final winner of the blind date competition to marry them. At the thought of Liuli Luoluo being Ji Linyuan’s bride, Xuanyuan Chen’s heart ached.

Xuanyuan Chen suddenly knelt down in front of Liuli Nuonuo. “Madam, I have a request.”

The smile on Liuli Nuonuo’s lips instantly faded. She pretended not to understand Xuanyuan Chen’s intentions and asked gently, “Xiao Chen, what are you doing?”

Xuanyuan Chen put down the knife in his hand and said, “I have no parents. I was raised by the Xuanyuan Clan since I was young. Madam, you are like my second parent. Perhaps you don’t know, but Luoluo and I are in love. Three months ago, we expressed our feelings for each other and became a couple. Therefore, I boldly beg Madam not to marry Luoluo to Ji Linyuan!”

Liuli Nuonuo put on a surprised expression. “Xiao Chen, what are you talking about? Are you saying that you and Luoluo confessed to each other three months ago? You two are a couple?”

Xuanyuan Chen nodded vigorously. “Yes.”

“Xiao Chen, it’s not good to lie.” Liuli Nuonuo’s expression darkened.

Xuanyuan Chen hurriedly explained, “I’m not lying. Luoluo and I are really a couple. If you don’t believe me, you can ask Luoluo for confirmation!”

“Nonsense!” Liuli Nuonuo’s charming face was filled with anger. She said, “If you two were really a couple, would I still do that? Everyone on the marriage list is a single girl who took the initiative to participate in the marriage recruitment event. If Luoluo really had a boyfriend, I wouldn’t have let her participate in the marriage recruitment event.”

Xuanyuan Chen’s eyes widened when he heard this. He said in shock, “How is that possible?! I don’t believe it. Madam, let me talk to Luoluo in person!” Xuanyuan Chen didn’t believe Liuli Nuonuo’s words. He and Liuli Luoluo were indeed a couple. How come Madam said that Luoluo was a single girl?

“Forget it. Since you want to hear it from her personally, I’ll let you see her personally. Otherwise, I’ll really seem like a villain who broke up a couple.” Liuli Nuonuo said to Liuli Shao, who was standing behind her, “Shao’er, ask if your Eldest Senior Sister has changed into her wedding dress. If she hasn’t, let her come over first.”

Liuli Shao's eyes flickered. He said, "Okay."

Liuli Shao immediately called the steward of the hut opposite. When he found out that Liuli Luoluo had not changed into her wedding dress, he asked her to come over.

Before long, Liuli Luoluo appeared on the watchtower.

She was wearing a tight black dress that revealed her sexy figure. Her wavy hair was draped behind her head, making her look even more charming and enchanting. She followed Liuli Shao to the observation deck and bowed to Liuli Nuo before smiling at Xuanyuan Chen.

"Luoluo!" Xuanyuan Chen suddenly grabbed Liuli Luoluo's hand and said anxiously, "Luoluo, tell Madam that you and I are a couple. You don't have to participate in this marriage campaign."

Liuli Nuonuo lowered her head and took a sip of tea. Then, she smiled at Liuli Luoluo and asked gently, "Luoluo, Xiao Chen said that he and you are a couple. Is that true?"

A golden light appeared in Liuli Luoluo's eyes and quickly disappeared.

She glanced at Xuanyuan Chen and said, "Madam, I did date Xuanyuan Chen for a period of time, but he studied in the Holy Spirit Academy while I worked in the clan. Because it was a long-distance relationship and we didn't have a deep relationship, I was a little tired, so I decided to end this relationship."

"Ah, so that's how it is." Liuli Nuonuo said to Xuanyuan Chen sympathetically, "Little Chen, looks like you misunderstood."

Xuanyuan Chen widened his eyes in disbelief that Liuli Luoluo would dump him just like that. "Luoluo, what nonsense are you spouting? You just told me on the phone a few days ago that you wanted to see me and travel to the Divine Sea with me!"

Liuli Luoluo asked him, "I wanted to see you, but did you come to see me? I want to travel to the Divine Sea, but do you have time to travel with me?"

Xuanyuan Chen's lips parted, but he couldn't say anything.

He, who was busy with his studies and cultivation, indeed had no time to accompany Liuli Luoluo these few years.

"Xuanyuan Chen, what I want is a boyfriend who will accompany me to the funeral when my mentor dies, and hug me and comfort me. Not a netizen, a boyfriend who only knows how to comfort me on the phone!" Liuli Luoluo said firmly, "Xuanyuan Chen, we're over. Get lost!"

Xuanyuan Chen could hear the ruthlessness in Liuli Luoluo's words and immediately felt as if he had been struck by lightning.

Xuanyuan Chen refused to give up and asked Liuli Luoluo, "So, you're participating in the marriage campaign and finding a big shot to marry of your own will?"

Liuli Luoluo nodded. "Yes! I heard that Mr. Ji Linyuan also has a good impression of me and even signed up to participate in the marriage recruitment event. Xuanyuan Chen, how can you compare to Mr. Ji Lin? In terms of family background? Strength? Or looks? Compared to him, you're nothing."
