Chapter 821: Fourth Brother's Moment of Glory (1)

Donor's spiritual power was exhausted. Yu Huang and Sheng Xiao's spiritual power was depleting too quickly. They couldn't hold on.

However, waiting for death wasn't their style.

Yu Huang said to Sheng Xiao, "Hold on. I'll see where the other students are now."

"Okay."

Yu Huang immediately released her psychic power and began to search for traces of her classmates along every forked path.

The twists and turns in the underground world could create countless forks in one path. The students who were led the wrong way by the Thousand-Faced Spider had already realized that they had lost contact with Sheng Xiao and the others. They wanted to return the way they came and meet up with Sheng Xiao and the others, but the passageway in the underground world was like a maze. They walked further and further away.

Seeing that there was no light in front of them, and that they couldn't even find the small pool, the group of people were instantly anxious.

Yu Huang's psychic power followed the different paths and entered through the fork. Soon, her psychic power almost spread throughout the entire underground world. Finally, she discovered Estelle and the others, who had been separated. However, at this moment, they were actually two kilometers away from them!

Two kilometers. By the time they returned according to the clues she had left, their bones would have already been chewed up by the Thousand-Faced Spider.

Yu Huang suddenly felt a trace of despair.

She retracted her psychic power and was about to fight the spider to the death with Sheng Xiao when she found Feng Yuncheng in a narrow passageway not far from them.

Feng Yuncheng was covered in water. He was holding a dim flashlight in his hand and chasing after them along the footprints on the mossy stone wall. At that moment, Feng Yuncheng caught up with Sheng Xiao's team and Estelle's team.

Feng Yuncheng stared at the two rows of messy footsteps on the ground that led to different passageways and revealed an anxious gaze.

Oh no, the team members seemed to have been separated into two teams.

The strength of the Thousand-Faced Spider was unfathomable to begin with, and the teams were divided into two. After their strength was weakened, no matter which team encountered the Thousand-

Faced Spider, there was a high chance that they would die. Feng Yuncheng scratched his head. For a moment, he wasn't sure which team he should follow.

Feng Yuncheng gritted his teeth and planned to walk towards the wide passageway on the left.

At this moment, Feng Yuncheng suddenly sensed another wave of pure and gentle energy silently entering his body through every pore.

Feng Yuncheng was too familiar with that power.

It was psychic power!

It was Yu Huang asking for help!

Realizing that Yu Huang and the others were in danger, Feng Yuncheng immediately paced back and forth anxiously. He asked in a low voice, "Yu Huang, where are you guys? How can I go find you?!"

After Feng Yuncheng finished asking, he sensed that gentle and clean psychic power pulling his body towards the narrow passageway.

Feng Yuncheng's eyes lit up as he hurriedly strode towards the narrow passageway and chased after her.

Yu Huang retracted her psychic power and said to Sheng Xiao, who looked tired, "Estelle and the others have been lured two kilometers away. They can't rush back."

Sheng Xiao said, "Then let's fight to the death."

"But Fourth Brother is rushing to us. His place is not far from us." Yu Huang was just mentioning it casually. Yu Huang didn't expect Feng Yuncheng to turn the situation around for them. After all, Feng Yuncheng was only a weak Master. However, Sheng Xiao looked surprised when he heard that. "Fourth Brother is here?"

Yu Huang nodded in surprise.

Sheng Xiao smiled and said, "Since he's rushing here, let's hold on for a while longer."

Although Yu Huang didn't understand why Sheng Xiao was so confident in Feng Yuncheng, she chose to believe him. She said, "Alright, I hope we can hold on until he arrives." Then, Yu Huang and Sheng Xiao heard the sound of the protective shield being broken by the Thousand-Faced Spider.

Sheng Xiao threw Donor into Kunlun's arms and summoned the Dragon Sword again. He mobilized all the spiritual power in his body and used the eighth move of the Myriad Slash, Galaxy Slash, the tenth move, One Slash Ten Thousand Souls, and the thirty-eighth move, Chaos Slash.

Under his ferocious actions, more than thirty faces on the Thousand-Faced Spider's back were pulled out.

At this point, Sheng Xiao finally exhausted his spiritual power and fell to the ground with the Dragon Sword in his hand.

Chapter 822: Fourth Brother's Moment of Glory (2)

After he fell, it was Yu Huang's turn to continue.

Yu Huang summoned the broken hammer again. She flew up and circulated her spiritual power to swing the hammer in her hand down forcefully. One strike shattered one of the Thousand-Faced Spider's faces. When the second strike landed, it even shattered two faces.

When the third hammer fell, not to mention three more faces, but even one of its legs was almost shattered by Yu Huang.

The longer she fought, the more destructive Yu Huang's Cloud Tearing Hammer became. However, at the same time, Yu Huang's beautiful face became even paler.

When she raised the Cloud Tearing Hammer for the sixth time, her entire body was on the verge of collapse, and the spiritual power in her body had been sucked dry. At this time, Yu Huang could easily be killed by anyone. However, the Cloud Tearing Hammer in her hand flickered with a golden light.

Sheng Xiao narrowed his eyes and recognized the energy of the Divine Master at a glance.

The Cloud Tearing Hammer that attracted the power of the Divine Master had reached an unfathomable level of destructive power.

Yu Huang raised the hammer with great effort. Her lips quivered a few times before she gritted her teeth and roared, "I'll hammer you to death, you bastard!"

When the hammer landed, not only were the seven to eight faces in the middle of the Thousand-Faced Spider's back smashed into pieces at the same time, but the skin on the Thousand-Faced Spider's back was also pierced by her hammer, revealing disgusting and steaming intestines.

Yu Huang couldn't hold on anymore. She fell beside Sheng Xiao.

"Hiss!"

It had been a long time since the Thousand-Faced Spider had suffered such a serious injury. It bared its teeth and roared at Yu Huang before quickly charging at her with seven legs and one broken leg.

Previously, it looked down on Yu Huang for being a weak two-legged monster, but now, it hated this two-legged monster.

Although it wouldn't die just because its intestines had been smashed out, it hurt!

The Thousand-Faced Spider hadn't suffered like this for many years.

It pounced on Yu Huang and opened its bloody mouth to eat her face. At this moment, Kunlun, who had found an opportunity to ambush, suddenly spat a mouthful of sulfuric acid at the Thousand-Faced Spider. The sulfuric acid splashed on the Thousand-Faced Spider's neck and immediately corroded the skin on the Thousand-Faced Spider's neck, revealing the throbbing arteries inside.

"Ah!" The Thousand-Faced Spider immediately struggled in pain. "I'm going to kill you!"

The spider in front struggled frantically. During the process, one of its sharp legs poked Sheng Xiao's thigh and cut it open.

“Ouch!”

Sheng Xiao bent down in pain and groaned.

“I’m going to eat you all and refine you into noodles!” The Thousand-Faced Spider smiled sinisterly and flapped at Sheng Xiao.

Seeing that the spider was about to bite Sheng Xiao’s neck off, Kunlun took the opportunity to spit out another mouthful of sulfuric acid. This time, the sulfuric acid landed on the spider’s face and its face rotted.

“Ah!!”

The Thousand-Faced Spider let out a shrill cry. It was afraid that the sulfuric acid would corrode its eyes. It endured the pain and hurriedly used the spider leg to buckle the flesh on its face with the sulfuric acid to save its eyes.

At this moment, the Thousand-Faced Spider’s face and neck were a bloody mess.

It glared at Kunlun with hatred. It walked past Sheng Xiao and Yu Huang and threw the tall Kunlun to the ground. “Damn ape, I’m going to kill you!” The Thousand-Faced Spider stabbed its sharp leg into Kunlun’s ribs and nailed Kunlun to the mossy stone under it to prevent it from escaping.

Kun Lun let out a primitive beast roar in pain.

Hearing Kunlun’s pained cry, the Thousand-Faced Spider laughed even more wildly. The Thousand-Faced Spider bit Kunlun’s head mercilessly. Seeing this, Donor shouted in despair, “Kunlun!”

Yu Huang crawled to save Kunlun, but how could her crawling speed be faster than the Thousand-Faced Spider’s bite?

Almost everyone thought that Kunlun would be the Thousand-Faced Spider’s first bite.

But at this moment, Feng Yuncheng arrived.

Feng Yuncheng saw that Donor, Sheng Xiao, and the others had fallen, and Kunlun was about to be eaten by the Thousand-Faced Spider. He suddenly shouted at the Thousand-Faced Spider, “Damn spider, the demon beast you’re most afraid of is back!”

The spider was stunned.

It was back?

When this thought flashed across its mind, the figure of that person appeared in the spider’s mind.

It didn’t know that when it recalled that person’s appearance in its mind, the Feng Yuncheng in front of it had already become a tall and strong adult man with tiger-like eyes, white eyebrows, and two white birthmarks on his forehead.

This was the person the Thousand-Faced Spider was most afraid of.

“Beast!” The tall man held a net that looked like a fishing net in his hand and looked down at the spider from above. He said, “Such a disobedient beast deserves to die.”

This voice was the voice that the Thousand-Faced Spider was most afraid of. This voice was already deeply engraved in the Thousand-Faced Spider's mind.

It deeply remembered that when it was only a baby, it had been captured by this person and locked up with many Thousand-Faced Spiders. They had no food and could only eat each other. It was a living hell. Therefore, even after more than ten thousand years, the Thousand-Faced Spiders couldn't forget that memory.

It was locked in the big bottle with no escape exit for ten years. It was only when it killed all its kind and became the only living creature in the bottle that it was released by that person.

It thought that if it won and became the winner, that person would let it off.

But it didn't know that what awaited it was the real purgatory.

After it was released from the bottle by that person, it was thrown into this barbaric and primitive world by that person. When it first came to this world, this place was filled with terrifying demon beasts that he had reared. The demon beasts killed each other. The winner could eat the demon core that could increase their cultivation, and the loser would have his corpse scooped up by that person with the huge net in his hand and thrown into the sea to feed those greedy sea rabbits.

Chapter 823: The Most Cowardly and Loyal Friend (1)

The Thousand-Faced Spider had no chance of surviving in front of those ferocious demon beasts. It should have died long ago, but it was lucky enough to find this underground world and secretly hid in it for more than three thousand years.

Three thousand years later, when it couldn't take it anymore, it quietly climbed out of the underground world.

At this moment, it realized that the mysterious man who was holding a huge net in the sky and waiting to collect the corpses of the dead demon beasts had disappeared.

At the beginning, the thousand-faced spider was trembling in fear that that person would suddenly appear from somewhere. It carefully observed for hundreds of years and confirmed that that person really wouldn't appear again before it dared to hunt.

It took the Thousand-faced Spider nearly ten thousand years to get rid of the trauma that person had cast on it. However, it never expected that person to appear again!

In the entire Kunlun Mystic Realm, there was no super old demon beast that wasn't afraid of that person.

Therefore, when it saw the white-browed man holding the huge net, the Thousand-faced Spider was like a mouse that had seen a cat. It retreated from Kunlun's body while trembling in fear. It laid on the ground and said while trembling, "Master, I won't dare to do it again. Master, please don't kill me! Master!"

Feng Yuncheng sneered and wrapped the spider with the net in his hand. He shook the net, and the spider turned into a pool of blood.

Yu Huang watched this scene in shock, and she looked at Feng Yuncheng in astonishment.

This...

Sheng Xiao held onto the wall and stood up. He looked at Feng Yuncheng, who had yet to return to his original form, with a complicated gaze. He explained softly, "Fourth Brother must not have told you that he can not only transform into the person that everyone is most afraid of, but he can also use that illusion person's skills."

Yu Huang's eyes widened as she looked at Feng Yuncheng in disbelief. "How is this possible?!"

Sheng Xiao murmured, "Yes, it sounds impossible, but he really did it."

At this moment, the white-browed man suddenly staggered and leaned against the wall. In the next second, he turned into Feng Yuncheng. Feng Yuncheng slid weakly onto the ground along the stone wall of the passageway. He looked at Yu Huang with a complicated expression and smiled bitterly. "You're afraid of me too, right?"

Yu Huang remained silent for a long time.

The person Feng Yuncheng changed into this time was too powerful. At this moment, he had long lost all his spiritual power. He leaned against the cold stone wall and laughed self-deprecatingly. He lamented, "I didn't dare to tell anyone my true skills because no one will dare to approach a terrifying monster like me, nor will anyone tolerate me."

"I know that the reason my classmates are still willing to cooperate with me is that they hope that I can help them, but they're actually very afraid of me." Feng Yuncheng's eyes turned red. He covered his face with his hand and said in pain, "I don't want to be so despicable, but I'm afraid of death. I want to live!"

Yu Huang used the shortest time possible to process this 'big surprise'. She supported herself against the wall and looked at Feng Yuncheng speechlessly.

At this moment, Yu Huang secretly activated her mind-reading skill.

Feng Yuncheng's cultivation level was lower than hers. She heard Feng Yuncheng's words clearly. He was saying—

[Yu Huang must be very afraid of me. Yes, who wouldn't be afraid of a monster like me? But I wish Yu Huang can still continue to be friends with me. She's my best friend. I clearly didn't hurt anyone...]

[Yu Huang, please don't be afraid of me!]

Yu Huang listened to Feng Yuncheng's monologue in a daze. How could she bear to hurt Feng Yuncheng's feelings and distance herself from him?

Yu Huang supported herself against the cold stone wall and walked to Feng Yuncheng's side step by step. She squatted down beside Feng Yuncheng and leaned her head on his shoulder. She said in a low voice, "Thank you for saving us just now."

But this wasn't what Feng Yuncheng wanted to hear.

After a moment of silence, Yu Huang continued, "Your cultivation technique is indeed very powerful and very terrifying. However, Feng Yuncheng, you are really the most cowardly and loyal friend I have ever seen. No matter how terrifying your cultivation technique is, as long as your heart isn't terrifying, I will always treat you as my best friend."

Yu Huang extended her right hand towards Feng Yuncheng. "I will always stand by your side."

When Feng Yuncheng heard this, tears flowed uncontrollably.

Feng Yuncheng held Yu Huang's hand tightly and pressed it against his chest. He pounded his chest hard and said, "Yu Huang, I will never let you down."

Chapter 824: The Most Cowardly and Loyal Friend (1)

"Deal!"

"Deal."

Sheng Xiao got up. He cut off the hem of his shirt and wrapped it around his injured leg. Then, he said to Feng Yuncheng, "Alright, stop holding my wife's hand."

Only then did Feng Yuncheng let go of Yu Huang.

Kunlun was the least injured among them. He took the initiative to carry Sheng Xiao, who was the most injured. "Let's go."

"Okay."

Yu Huang and the others followed the footsteps on the ground and the scent they left behind. They walked for more than two hours before returning to the small pool. Sheng Xiao said, "Let's rest here for a while. We'll leave when our spiritual power recovers." The danger in the underground world was gone, but there were more demon beasts on the ground.

If they left rashly at this time, they wouldn't gain anything.

Staying here to repair their spiritual power was the best way.

Yu Huang removed the fabric on Sheng Xiao's leg and saw that the flesh on his thigh was about to fall off. She quickly fed Sheng Xiao a Blood Replenishing Pill and said, "I'll help you with the treatment." Although Beast Tamers were the most famous doctors in the cultivation world, Purifying Spirit Masters could also treat people.

Yu Huang was the one who treated Sheng Xiao and Su Tingxue after they were seriously injured in the Black Dome.

Sheng Xiao shook his head. "You're very weak too. My injury isn't serious. I can take it. Rest first. When your spiritual power recovers, you can treat me." Sheng Xiao wouldn't allow Yu Huang to continue exhausting her spiritual power.

It would be too terrifying.

Yu Huang smiled and said, "I'm a Level 5 Purifying Spirit Master. This small injury of yours is nothing difficult."

Sheng Xiao smiled. "I underestimated you."

"What do you think?" Yu Huang covered Sheng Xiao's leg with her hand. She could feel that his leg was infected and heating up. She quickly transferred her pure and gentle psychic power into Sheng Xiao's body to heal his injuries.

Sheng Xiao was a Grand Master Beast Tamer. A Grand Master Beast Tamer needed more psychic power to be healed. After healing Sheng Xiao's wound, Yu Huang was indeed tired. She pulled Sheng Xiao's arm away and laid in his arms. "I need to sleep for a while."

Sleep was the best way to repair mental strength.

Sheng Xiao said, "Don't be anxious. Have some Spirit Gathering Drink first." Sheng Xiao took out his usual baby and gave it to Yu Huang.

Yu Huang was a Purifying Spirit Master. After a Purifying Spirit Master purified powerful vengeful spirits, it was inevitable that their soul would feel weak. At this time, they needed to drink some Spirit Gathering Liquid to nourish their soul. Sheng Xiao's soul wasn't stable, so he always had this Spirit Gathering Liquid with him.

The two of them had been married for a long time. Yu Huang wouldn't stand on ceremony with Sheng Xiao. She drank the beverage with a straw in her mouth. She fell asleep before she finished the bottle.

Donor saw that Yu Huang had a drink and said to Sheng Xiao ingratiatingly, "Genius, give me a bottle too."

Sheng Xiao really took out a bottle from his interspatial ring.

However, he didn't hand it to Donor. Instead, he shook the bottle and said slyly, "I'll give you a bottle for ten drops of Holy Water of Light." Although the pet Yu Huang was well-fed by Lin Jiansheng, it still needed to consume the Holy Water of Light every few days to nourish its body.

As Yu Huang's masters, they had to plan for their child at all times.

Donor was really convinced. "I don't engage in unprofitable businesses." He didn't care about Sheng Xiao's baby anymore. He opened his Holy Light Water Bottle and took two sips. He sighed comfortably. Kunlun and Feng Yuncheng looked at the exquisite and beautiful bottle in his hand. They wanted to drink it, but they were too embarrassed to take it.

Donor smiled and immediately gave each of them two drops of Holy Water of Light.

Everyone quieted down after drinking the Holy Water of Light.

Donor suddenly said, "Thank you, everyone."

Sheng Xiao opened his eyes and glanced at him. "No need."

Feng Yuncheng waved his hand and said, "It's my duty."

Kunlun patted its chest and said loudly, "Yu Huang said that friends have to help each other. It's only right to help you."

Donor felt touched. He was satisfied that he had made such a group of like-minded friends.

* *

Yu Huang woke up feeling full.

She saw that Sheng Xiao was awake and asked him, "How long has it been?"

Sheng Xiao said, "Five days."

Yu Huang gasped.

She actually slept for five days!

Was he a pig?

Yu Huang quickly got out of Sheng Xiao's arms. She tidied her messy long hair. When she didn't see Estelle and the others, she asked, "Are Estelle and the others not back yet?"

Sheng Xiao shook his head.

Seeing this, Yu Huang was somewhat worried about Estelle and the others.

It had been five days. Even if they were circling the maze, they should have returned.

Could it be that he had encountered an emergency?

At this moment, Donor also ended his meditation. He stared at Yu Huang and said, "There are three Light Elves in Estelle's team."

Yu Huang didn't dare to think too deeply about what would happen if three Light Elves were to stay with a Night Elf.

Donor's gaze was also filled with worry and uneasiness. He said, "The news that Estelle successfully summoned a demon during the Supreme Master Tribulation and obtained the demon test has already spread among the Light Elves. Before coming to the Kunlun Mystic Realm, I returned to the royal family and found out that the Light Elves' leaders actually advocated secretly killing Estelle."

After a pause, Donor continued, "To be honest, even I received my father's instructions. I think those three Light Elves also received the same instructions as me." Donor frowned and said, "I'm very worried about Estelle."

Yu Huang immediately stood up when she heard this. She said, "Let's go find them!"

Sheng Xiao would never refute Yu Huang's decision. Since Yu Huang liked Estelle and wanted to save him, he would definitely accompany her.

Thus, the five of them, who had planned to return to the camp after resting, followed Yu Huang's lead towards the direction where Estelle and the others had separated.

Chapter 825: Bad Luck (1)

They returned the way they had come and chased after the fork in the road where Estelle and the others had left.

The passageway was very wide at first, and there were two sets of footsteps on the ground. It could be seen that Estelle's team had walked side by side in two columns. However, after walking forward for a while, Yu Huang discovered a small pool, and the footprints on the ground had long been washed clean by the water.

This was the bad thing about underground passageways. There were too many underground rivers. Every day, the water rose and fell, so it was easy to erase the traces of footsteps on the ground. Yu Huang and the others discovered that the stone wall of one of the passageways had been marked by someone. They followed the marks and chased after them for more than an hour. They actually discovered that there were also marks on the stone walls of the other passageways.

Clearly, Estelle and the others had already lost their way and were unable to leave this underground world with the mark.

At this moment, they could only let Yu Huang use her psychic power to track their whereabouts.

Yu Huang spread out her psychic power and extended it towards every passageway. She then chased after the fork in the passageway. She was a Level 5 Purifying Spirit Master, and her psychic power was enough to envelop the entire underground world.

Yu Huang searched carefully and finally found traces of a few students. She grabbed Sheng Xiao's arm and said, "I found them!" The psychic tentacles handed the information of those people to Yu Huang. Yu Huang realized that there were only 12 people in the team. She frowned when she didn't see Estelle among them.

"Estelle and the Light Elves aren't in the team."

Hearing this, Donor immediately punched the stone wall beside him. "Damn it!"

Feng Yuncheng's expression also became serious. "Could it be that they..." Feng Yuncheng was afraid that he would jinx things, so he hurriedly covered his mouth.

Yu Huang said, "I'll look again."

However, no matter how hard Yu Huang searched, she could not find any traces of Estelle and the three Light Elves. "There's a space in this Dark River World that blocks my psychic power." Yu Huang's expression became ugly. She looked up at Sheng Xiao and said, "It's just like that isolated sea."

Sheng Xiao thought about it and said, "Leave clues for the 12 students to meet us. We can only find out what happened when we meet."

"Okay."

After walking in the underground world for five days, the 12 students had already gone deep underground. They were more than 60 kilometers away from Yu Huang and the others. After the group of students sensed the existence of Yu Huang's psychic power, they were like people struggling in the dark who suddenly saw a beam of light and found the only exit.

The students grabbed the beam of light tightly and followed the guidance of the beam of light to run in the maze-like underground world. They were anxious to meet up with Yu Huang and the others.

Actually, they didn't expect Yu Huang to care about their lives.

They were worried that Yu Huang would cut ties with them because of Sheng Xiao. They didn't expect Yu Huang to be willing to save them. On the way to meet up with Yu Huang and the others, the students who had joined forces to attack Sheng Xiao felt ashamed.

They were too ashamed to see Sheng Xiao and Yu Huang.

The two teams rushed towards each other and walked in the underground world for another two days before meeting.

After living in the Kunlun Mystic Realm for seven months, the high-tech equipment these Beast Tamers had brought from the Holy Spirit Continent were also unable to be used because of their lack of oil. When the battery of the last flashlight ran out, they could only move forward in the dark.

Fortunately, there was a girl from a rich family who carried a few Soul Calming Night-Luminescent Pearls with her. The weak light of the Night-Luminescent Pearls became the light that led the way.

The twelve of them held the Night-Luminescent Pearl and walked in the narrow and damp passageway while trembling with fear. They walked for a long, long time before they finally heard some commotion. "Everyone, be quiet!" The woman called Rossi, who was walking at the front with the Night-Luminescent Pearl in her hand, suddenly raised her hand and lowered her voice. "I heard a voice."

Hearing this, the students behind her fell silent and didn't even dare to breathe heavily.

Dong!

Dong!

It was a very heavy sound of footsteps. It was definitely not a sound that a human body could make.

Could it be that they had encountered a demon beast?

At the thought of this, the expressions of the students instantly became ugly.

But the footsteps were getting closer.

Chapter 826: Bad Luck (2)

Suddenly, a tall black shadow rushed out from the fork. As it ran, it reached out to take off its belt. Just as it was about to pee, it looked up and saw a girl's face that was grayish-blue from the light of the Night-Luminescent Pearl. It immediately screamed—

“Ghost!”

The 12 students also exclaimed—

“Ghost!”

It was ridiculous that a group of Supreme Masters was afraid of ghosts.

Hearing this scream, Kunlun suddenly calmed down. “It’s a person?” Kunlun hurriedly tied its belt again and stared at the 12 people carefully. At this moment, the students also recognized Kunlun.

“It’s the big baboon Yu Huang brought back!”

“We’ve gathered!”

Recognizing Kunlun, the students immediately revealed looks of joy.

Hearing the commotion, Yu Huang and the others, who were not far behind Kunlun, quickened their pace and walked over. The two teams met at a narrow corner.

“Yu Huang, Sheng Xiao, Donor, Feng Yuncheng, are you all okay?” Rossi looked at them worriedly. Her gaze lingered on Sheng Xiao’s face for a few seconds.

Yu Huang stood in front of Sheng Xiao calmly and blocked Rossi’s gaze. Then, she said coldly, “We’re fine. You guys, on the other hand, will be trapped in this underground world if you continue.”

Hearing this, Rossi immediately blushed and was embarrassed to look Yu Huang in the eye.

Sheng Xiao was a rare genius with both looks and strength. Many women among the students secretly admired him. Unfortunately, he got married early on and found an equally matched genius. Rossi felt guilty when she thought about how they couldn’t even walk out of the underground tunnel and still needed Yu Huang to save them.

“I’m really ashamed. Every passageway in the underground world looks the same. The water will rise every night. After the footprints are washed away, we can’t even return the way we came. Only then did we get further and further away.” Rossi bit her lip and lowered her head to apologize.

Yu Huang ignored Rossi and saw a familiar student in the team. She asked the girl, “Jiajia, have you seen Estelle?”

Long Jiajia was from the Ice Domain Continent and was on good terms with Yin Rong. She didn’t participate in the siege against Sheng Xiao. That was why Yu Huang talked to her.

Long Jiajia was a petite girl. When she saw that Yu Huang had actually taken the initiative to talk to her, she was momentarily excited, and her face instantly flushed. Long Jiajia hurriedly walked over from behind and stood in front of Yu Huang. She explained gently, “About three days ago, Estelle suddenly wanted to relieve himself, so he went to another fork. We wanted to wait for Estelle to leave with us, but Ilan and the others went to look for Estelle. They said that Estelle decided to go back alone to look for you guys.”

“And we thought that Estelle was close to you guys and probably didn’t want to travel with us, so we didn’t bother with him anymore.”

Estelle was dark and ugly. He was also poor and ignorant. To be honest, no one in the team talked to him. No one cared if he was there or not.

Yu Huang looked at Long Jiajia deeply. She didn't believe that Long Jiajia and the others didn't know how deep the racial conflict between the Night Elves and the Light Elves was. She also didn't believe that Long Jiajia and the others would really believe their words after hearing their explanation.

They were just like the Light Elves, relying on their noble status and fair skin to look down on Estelle.

Therefore, even if they knew that Ilan was lying, they wouldn't pursue the matter.

Because they looked down on him, they chose to ignore him.

But didn't this make them accomplices in helping the Light Elves hurt Estelle?

This reminded Yu Huang of that sentence again.

When there was an avalanche, not a single snowflake was innocent.

"Where's Ilan and the others?" Sheng Xiao asked again.

Perhaps it was because Sheng Xiao's expression was too serious and his gaze was too cold, but when Long Jiajia replied, her tone was even more careful and uneasy. "Not long after Estelle left, Ilan and the others quarreled with us. They thought that we had taken the wrong path and parted ways with us."

And no one cared if Ilan and the others wanted to find their way alone or deal with Estelle.

Donor suddenly laughed ambiguously. "It seems that they're all a bunch of selfish good-for-nothings who only want to protect themselves." Donor was mocking Long Jiajia, Rossi, and the others for their indifference.

Donor raised his head and said to Yu Huang, "Yu Huang, these are a group of cold and selfish people. There's no need for us to send them to the exit, right?"

Hearing this, Rossi and the others immediately looked awkward.

Long Jiajia looked at Yu Huang timidly and bit her rosy lips. She didn't dare to speak, nor did she have the nerve to ask Yu Huang to send them out.

Without Yu Huang's guidance, it was very difficult for them to leave this underground world that extended in all directions.

Yu Huang had never been a kind person. After she found out about this group of people's cold attitude towards Estelle, she lost interest in saving them. Yu Huang turned around and leaned against the stone wall, giving the passageway to this group of students. She said, "Everyone is older than me and has a higher cultivation level than me. I think that you're all smart people and will know how to get out on your own."

"Then, let's split up." Yu Huang called Kunlun and Sheng Xiao. "Let's look for Estelle."

Seeing that Yu Huang had really abandoned them, Rossi stomped her feet and couldn't help but curse with a resentful expression, "What kind of person is she? She's so arrogant just because she was born

into a good family and married a good man. To think that her father was a hero who sacrificed himself to save the world! Look at her. She's a cold and heartless woman!"

Chapter 827: For Friends, Go Through Fire and Water (1)

Luo Jiajia hurriedly covered Rossi's mouth. "Stop talking. We were in the wrong first. What did Yu Huang do wrong?"

"What did we do wrong?" The others agreed with Rossi. "She's not here to save us. She saved us just to find that bat! Now that she saw that the bat is missing, she doesn't care about us."

Long Jiajia retorted softly, "We clearly knew that the others wanted to kill Estelle, but we didn't stop them. That's why Yu Huang and the others were so mad. Of course Yu Huang and the others blame us."

"So what if he's killed? What's so great about him?!" A man snorted. "I wonder what kind of luck that stupid bat had to cozy up to Yu Huang and Sheng Xiao."

When Long Jiajia heard this group of people's words, she frowned in discomfort. She suddenly felt tired and didn't want to stay with this group of people any longer. Long Jiajia said, "I'll find the exit myself. You guys can do whatever you want." After Long Jiajia returned the Night-Luminescent Pearl to Rossi, she left first.

Rossi stared at Long Jiajia's back as she left and sneered. "You're courting death."

Long Jiajia heard her but ignored her.

"Let's go too!" Rossi and the others walked towards the passageway that Kunlun had just rushed out of.

Yu Huang, Sheng Xiao, and the others had already left.

Yu Huang had good hearing and heard the contents of the discussion between Rossi and the others. She smiled mockingly and snorted. "A bunch of idiots!" She didn't want to be too ruthless, so she left a fiery red Psychic Pearl along the way.

But after hearing these ingrates' words, she decided to ignore them.

Yu Huang closed her eyes, and the Psychic Pearls silently entered her body.

Sheng Xiao noticed that Yu Huang suddenly closed her eyes. He asked her, "What did you hear again?" Sheng Xiao knew about Yu Huang's superpower.

This was also the difference between a Purifying Spirit Master and a Beast Tamer.

Yu Huang repeated Rossi's words. "What kind of person is she? She's so arrogant just because she was born into a good family and married a good man. To think that her father was a hero who sacrificed himself to save the world. Look at her. She's a cold and heartless woman."

After Yu Huang finished speaking, Sheng Xiao's handsome face turned cold. "...Damn it!" This bastard didn't just scold Yu Huang. She even dragged Prime Master Yin Mingjue into it. She was so mean.

Sheng Xiao asked, "Who said that? I'll find a way to tear her mouth apart next time." He would either tear apart or seal her mouth.

Yu Huang glanced at Sheng Xiao coldly. "It's the woman who always looks at you lovingly."

Sheng Xiao was confused. "Who?"

Feng Yuncheng held back his laughter and said, "Rossi."

Donor leaned towards Sheng Xiao and said, "Genius, didn't you notice how those women looked at you so lovingly? Didn't Rossi flirt with you when she looked at you?"

Sheng Xiao was even more surprised. He said, "Rossi?" Sheng Xiao found it unbelievable. "Isn't she slant-eyed? I thought she was." When he first saw Rossi, he thought regretfully that such a pretty girl had a pair of slanted eyes.

Donor was speechless.

Feng Yuncheng and Yu Huang laughed.

Yu Huang felt much better. She tiptoed and hugged Sheng Xiao's neck. She said in relief, "Brother Xiao, you have good eyesight. Keep it up."

The group of people chatted and laughed for a while before slowly returning to silence.

Sheng Xiao said, "It's been three days. Our chances of finding Estelle are slim."

Yu Huang remained silent.

Donor turned around and asked Yu Huang, "Yu Huang, under what circumstances can't your psychic power find Estelle?"

After some thought, Yu Huang said, "There are only two possibilities."

"Huh?" Everyone pricked up their ears.

Yu Huang told them, "Either they accidentally entered a world with a barrier, and this barrier can resist my psychic energy, or..." Yu Huang licked her lips and said hesitantly, "They're dead. After they died, their souls also dissipated."

If they were only dead, Yu Huang could still sense their souls.

But once they even lost even their souls, then...

Noticing that Donor's handsome face had suddenly turned pale, Feng Yuncheng couldn't help but ask, "Donor, what are you thinking about?"

Chapter 828: For Friends, Go Through Fire and Water (2)

Donor's lips were a little pale. He stopped and propped himself against the stone wall beside him. He said in a low voice, "When my father ordered me to kill Estelle, he told me earnestly that he hoped that I

could shatter Estelle's soul after killing him because they were worried that Estelle would find a way to revive his soul. The Light Elves won't be at ease unless every possibility is completely erased."

A Night Elf who could obtain the recognition of a demon was a disaster for the Light Elves. It was a huge blow.

In order to nip this possibility in the bud, the Light Elves definitely wouldn't let Estelle off, even his soul.

Upon hearing Donor's words, Yu Huang and the others felt their hearts sink.

Feng Yuncheng said, "Yu Huang, you haven't been able to find Estelle, so could it be that Estelle was really..." Feng Yuncheng looked at Yu Huang but didn't dare to say the rest.

Yu Huang looked rather calm. She said, "If Estelle was really killed and turned to ashes, what about Ilan and the others? Not only did I not sense Estelle's existence, but I also didn't sense Ilan and the others."

Yu Huang said firmly, "I'm more inclined to think that they walked into a secret barrier, just like the isolated sea. It can block my psychic power and spiritual power."

Donor's expression softened slightly.

He laughed at Yu Huang. "You're actually very rational." He was teasing her about how she was angered because of Sheng Xiao's matter that day and fell into the trap.

Yu Huang rubbed her nose and explained in a low voice, "That's because I was worried." Yu Huang looked up at Sheng Xiao and said with an awkward expression, "The more you care about someone, the more likely you will go crazy for them. Donor, you won't be able to experience this for the time being."

Sheng Xiao couldn't help but hold Yu Huang's hand.

Donor once again felt the misery of being single.

The five of them searched the underground passageway for two more days like headless flies, but they couldn't find Estelle and the others. They didn't even find any clues on the ground or the stone wall. Yu Huang and the others were in despair.

This underground passageway was so big. How long would it take them to find Estelle?!

Suddenly, Kunlun sniffed and stared at the stone under its feet. It said, "Yu Huang, I smell snow."

Hearing that, Sheng Xiao, Yu Huang, and Donor took out their weapons subconsciously and immediately entered battle mode. Feng Yuncheng was still confused. Feng Yuncheng asked them, "What's wrong?" Why did Yu Huang and the others suddenly enter battle mode after Kunlun smelled snow?

Donor explained concisely, "Kunlun will only smell snow on super demon beasts."

Now, Donor was alert even without Sheng Xiao's reminder.

Yu Huang asked Kunlun, "Where did you sense it?"

Kunlun pointed at its feet and said, "Down there. It's a very, very strong ice and snow aura. I have never smelled such a cold aura. It is so cold that it makes me..." Kunlun touched the fur on his body and said, "Even my bones are freezing."

It was a bone-chilling feeling.

What level was a demon beast that could emit such a powerful aura?

The few of them looked at each other and felt worried.

“Could it be that there’s a demon beast stronger than the Thousand-Faced Spider living under here? Could it be the demon beast that hid under here back then?” Donor didn’t feel cold, but when he saw that Kunlun was trembling, he couldn’t help but stroke his arm back and forth.

Sheng Xiao said, “Use your spiritual power to take a look.” Sheng Xiao tried to split his spiritual power underground, but he realized that there was a layer of energy on the ground that swallowed his spiritual power. He couldn’t see what was going on inside.

“I can’t check my spiritual power.” Sheng Xiao gestured for Yu Huang to check it with her psychic power.

Yu Huang obediently did as she was told, but she discovered that her psychic power had also been easily devoured by that energy.

Yu Huang’s gaze became serious. She said, “The underground world gives me a feeling very similar to that isolated sea, but it’s even more... sinister than that isolated sea.” Yu Huang rubbed her fingers and said meaningfully, “The isolated sea won’t take the initiative to attack me, but the thing below is consciously resisting me.”

The energy in the isolation sea was just a pure isolation energy, and the energy below was a conscious energy body.

“Shall we leave? Or should we stay and break this barrier to see what’s below?” Donor looked at Sheng Xiao when he said that.

Like the other students, he would subconsciously treat Sheng Xiao as the backbone of the team in times of danger.

Sheng Xiao glanced at Yu Huang and smiled. “The energy body that can resist Yu Huang’s spiritual power and psychic power is under our feet. I think Estelle and the others are most likely below. We can retreat, but...”

Sheng Xiao smiled gently at Yu Huang. “If we leave, Estelle won’t survive. If you want to take this risk for Estelle, I will fight with you.”

Sheng Xiao left the decision to Yu Huang.

Yu Huang glanced at Feng Yuncheng and Donor.

Feng Yuncheng didn’t say anything. He clenched his right fist and punched Yu Huang’s shoulder. “I would rather die than abandon my friend.”

Donor also nodded firmly at Yu Huang and said, “Although Estelle is an ugly and ignorant country elf, I... like him very much. So, I agree to save him.”

Yu Huang turned around and looked at Kunlun. She saw that Kunlun was trembling in fear, so she said, “Kunlun, wait for us here.”

However, Kunlun shook its head vigorously. "No, you said that friends have to help each other. If your friend is in trouble, I can't leave her in the lurch." Kunlun thought that Yu Huang was despising it for being useless. He hurriedly explained, "I still have a lot of sulfuric acid in my stomach. I can still help."

"Alright." Yu Huang extended her right hand. Her palm was below and her hand was behind it. "For my friend, I will go through fire and water!"

Sheng Xiao placed his right hand on the back of Yu Huang's hand. Then, Feng Yuncheng, Donor, and Kunlun placed their right hands on Sheng Xiao's hand.

The five hands were pressed together. Even though their races and skin colors were different, their beliefs were the same.

"I'll do anything for my friend!"

Chapter 829: Reincarnation Mirror

After making up their minds to find Estelle, everyone no longer hesitated. Yu Huang said to Kunlun, "Kunlun, you can sense the aura of that demon beast. Lead the way."

Kunlun rubbed the goosebumps on its arms and nodded. "Okay!"

Kunlun crawled on the ground and walked like a baboon. As it walked, it sniffed the aura below. Its nose was like an expert's radar. It could clearly sense which direction the snow aura was colder in, making its blood run cold.

It sniffed in different directions on the ground, then pointed to the right and said, "The aura is the strongest behind there."

Sheng Xiao looked up at the direction Kunlun was pointing at and realized that it was a smooth and cold stone wall.

He extended his broad palm and placed it on the stone wall. He used his spiritual power to sense the changes on the other side of the stone wall. After a long while, he said, "There's a very heavy water element behind the stone wall." He turned back to look at Yu Huang and Donor and said uncertainly, "Perhaps there's a river behind this."

However, Donor said, "There must be a sound when the river flows, but I didn't hear it." Donor also placed his hand on the cold stone wall. Because of their special physiques, the elves had a natural sense of the various elements in the world.

Donor said, "There might be a lake behind it."

"A lake?" Feng Yuncheng's eyes widened. "There's a lake in this underground world?"

"The underground lake is even wider than the underground river." Yu Huang walked forward and placed her hand on the stone wall. She said, "Smash it."

The few of them looked at each other. No one hesitated. They immediately pulled out their weapons and circulated all their spiritual power to attack the stone wall.

“Cloud Tearing Hammer!”

“Mountain River Slash!”

“Rage of the Light God!”

Feng Yuncheng and Kunlun, who wasn't good at fighting, stood behind Sheng Xiao and the others. They stared at the stone wall nervously.

Under the full-strength attack of a Grand Master and two Supreme Masters, cracks instantly appeared on the hard stone wall. Waves of bone-chilling water splashed out from the cracks and quickly filled the passageway where Yu Huang was.

Fortunately, there were many passageways in the underground world, and those immediately headed in different directions.

Seeing that the stone wall was still intact, Yu Huang said, “Let me do it!”

Her Cloud Tearing Hammer was a pure brute force cultivation technique that was most suitable for smashing walls.

Yu Huang raised her dilapidated hoe and circulated all the spiritual power in her body. She continuously smashed six to seven times at the stone wall. The crack on the stone wall suddenly became larger, and when it was pressed down by the wide lake water behind her, a large hole immediately appeared.

The cold lake water rushed towards Yu Huang and the others.

Yu Huang was the first to be attacked by the lake water. Her delicate body was swept away by the bone-chilling lake water and brought her to different passageways. At the same time, Feng Yuncheng, Donor, and Kunlun also lost their balance and were swept away by the impact of the water.

“Roar!”

A dragon's roar came from the waves. Sheng Xiao turned into a huge Black Qing Sky Dragon and wrapped his thick and long tail tightly around Donor, Feng Yuncheng, and Kunlun. Yu Huang was swept away by the waves. When she brushed past Kunlun, it hugged her legs tightly.

This time, the five of them huddled together.

After getting used to the impact of the wave, Sheng Xiao brought them in through the hole in the stone wall.

There was indeed a lake behind the stone wall, and they were in the middle of the lake. The lake was very deep, so deep that the bottom of the lake couldn't be seen. Sheng Xiao looked down and only saw a dark mass. When he looked up again, he couldn't see the sun and moon.

The entire lake was hidden in the underground world. It was as black as molten iron.

After a while, when they got used to the water pressure in the lake, Sheng Xiao let go of Kunlun and the others. Donor and the others quickly cast a protective shield around their bodies. Yu Huang laid on Kunlun's back and shared a protective shield with it. As a land demon beast, Kunlun wasn't used to living underwater. It could only rely on Yu Huang.

Sheng Xiao saw that Kunlun was carrying Yu Huang. He went to Kunlun's side in silence and pulled Yu Huang to his side. Then, he stayed in the same protective shield as Kunlun.

Yu Huang only pursed her lips and smiled at Sheng Xiao when she saw his jealousy. She had no objections.

Kunlun grabbed Sheng Xiao's arm tightly and pointed below them. He spat out bubbles and said, "That force came from underwater."

Nodding, Sheng Xiao and the others endured the discomfort and swam out of the water quickly.

They dived for more than two thousand meters. The deeper they went, the stronger the water pressure and the colder the water was. Kunlun started to shiver. It hugged Sheng Xiao's arm. Sheng Xiao didn't push him away.

The group continued to dive. After about three to four minutes, they actually saw a faint light.

Kunlun pointed at the light and said with a frightened expression, "It's there!"

Thus, the five of them increased their speed and sneaked towards the light.

However, the closer she got to the ball of light, the weaker the spiritual power in her body became. Even her boundless spiritual power was suppressed. She thought that only she was in this situation, but when she saw that Donor and Sheng Xiao's protective shield were getting weaker and weaker, she understood that the thing in the light had a suppressing effect on everyone who approached it.

Soon, the protective shield around Yu Huang and the others broke.

At this moment, the energy in their bodies was also suppressed to the extreme by the thing in the light.

Without the protection of the protective shield, the cold lake water surged into their noses. Yu Huang and the others held their breaths and swam towards the ball of light as much as possible. Kunlun was a dry duck who didn't know how to swim. It was dragged by Sheng Xiao and Yu Huang to the ball of light.

Kunlun choked on the water and struggled. Yu Huang and Sheng Xiao were burdened and their pace slowed down. Yu Huang and Sheng Xiao were suffocating, but they didn't dare to breathe. Under the deep lake, as long as they opened their mouths to breathe, they would die.

Fortunately, Donor and Feng Yuncheng came back. They kicked Kunlun's butt and kicked it towards the ball of light. Yu Huang and Sheng Xiao took the opportunity to swim forward.

Finally, they arrived at the place where the light was released.

That place was actually...

A mirror!

The moment she saw this mirror, Yu Huang felt a chill down her spine.

In this Kunlun Mystic Realm, there was only one mirror. It was the Reincarnation Mirror that had almost taken Ouyang Luo's life back then!

When she suddenly saw a mirror at the bottom of the lake, Yu Huang subconsciously thought of the Reincarnation Mirror.

Sheng Xiao, Donor, and the others were thinking the same thing as Yu Huang.

Could they have made a mistake? Estelle, Ilan, and the others were not down here. Was the thing that frightened Kunlun actually this Reincarnation Mirror?

Yu Huang looked at Sheng Xiao hesitantly.

If they entered the Reincarnation Mirror, they would fall into endless reincarnation. They would be reborn and die repeatedly in those reincarnation worlds. They would repeat this process forever.

Sheng Xiao decided to leave immediately. He mouthed, "Let's go!"

Thus, Donor, Yu Huang, and the others turned around and walked.

But at this moment, Feng Yuncheng realized that there was a black feather under the mirror!

Feng Yuncheng immediately widened his eyes. He pulled out the feather and pulled Yu Huang's ankle. Yu Huang turned around and saw the feather in Feng Yuncheng's hand. After recognizing that it was the feather on Estelle's back, her gaze suddenly froze.

Sheng Xiao and Donor stopped when they realized that Yu Huang and Feng Yuncheng didn't follow them.

When they saw the feather in Feng Yuncheng's hand, they fell silent.

Yu Huang was about to run out of oxygen. At that moment, leaving was the right decision. She looked at Sheng Xiao and the others with a questioning gaze.

Sheng Xiao closed his eyes helplessly. Then, he turned into a guardian dragon again. Without hesitation, he flew towards the smooth mirror. Donor and the others were stunned. Then, they saw Yu Huang dragging Kunlun and following him without hesitation.

Seeing this, Donor smiled helplessly. He didn't ask Feng Yuncheng if he was willing to follow. He also slammed into the mirror and was sucked into it.

Feng Yuncheng inserted Estelle's feather into the neck of his shirt and jumped in.

After falling into the Reincarnation Mirror, Yu Huang thought that she would descend into a different world to start a completely different life. However, she discovered that she had landed in front of a green bamboo forest. In the bamboo forest, there was a two-story bamboo house hidden there.

Chapter 830: Untitled

In front of the bamboo forest, there were two peach blossom trees. In the middle of the peach blossom trees, there was a rope with a black embroidered fox cloak hanging on it.

Yu Huang stared at the fox cloak for a moment. Then, she turned around and found Sheng Xiao, who was supposed to be reincarnated, standing on her right. Kunlun was lying behind her.

Yu Huang was about to walk towards Sheng Xiao when she saw another noble and holy elite descend from the sky and land between her and Sheng Xiao. Then, Feng Yuncheng fell from the sky and smashed onto the elegant Donor.

“F*ck!” Donor laid on the ground and got a mouthful of dirt.

Feng Yuncheng was lying on Donor’s back and struggling with all his might.

Sheng Xiao picked Feng Yuncheng up from Donor’s back. Everyone looked at each other. They heaved a sigh of relief when they saw that they were all there and didn’t turn into a crying baby or a strange little beast.

Donor couldn’t help but ask in confusion, “This is our first reincarnation?”

Feng Yuncheng rolled his eyes. “Are you stupid? Have you seen anyone who has reincarnated once but is still wearing clothes from his previous life?”

Donor wasn’t angry after being retorted by Feng Yuncheng. He looked at Sheng Xiao and asked, “What do you think?”

Sheng Xiao shook his head. “I’m sure that this isn’t the reincarnation world.”

Yu Huang nodded and said, “No.”

She sensed the power in her body and realized that she had lost all her strength. She was still in a suppressed state, so she said, “We don’t have any abilities in this world, so everyone must be vigilant and try not to get separated.”

“Yes.”

Yu Huang walked towards the two peach blossom trees and stared at the cloak hanging on the hemp rope. It was swaying in the wind. She suddenly said, “Which era do you think the design and shape of this dress is from?”

Feng Yuncheng was stunned.

Sheng Xiao and Donor said in unison, “Ancient.”

Yu Huang glanced at the two of them and asked, “What do you mean?”

Sheng Xiao reached out and touched the material of the dress. He said, “This dress feels like water. It’s softer and more delicate than silk. If I’m not wrong, this material should be made of silk spat out by a unique flower from ancient times. This flower went extinct ten thousand years ago. The clothes made of this flower are extinct.”

Donor nodded, but said, “There’s an extinct underwear made of silk in our Elven royal collection. I’ve seen it before.” Donor was too embarrassed to say that he had secretly touched it when he was young, so he recognized it at a glance.

Yu Huang was even more puzzled when she heard this.

If this cloak was really made of silk, then what era was the owner of this cloak from?

Just as Yu Huang was feeling puzzled, she heard a creak.

Everyone raised their heads and looked into the depths of the bamboo forest. They saw the tightly shut door on the second floor of the bamboo house open, and a man in a black shirt walked out of the bamboo house. The man had a pair of charming eyes, and he wore a black jade crown on his head.

He had a naturally charming appearance. Even when he stood there without moving, he had a peerless sense of charm.

Yu Huang was stunned.

Donor thought he had seen a god.

The man stood on the second floor and said loudly in the direction behind Yu Huang and the others, "Since you're here, why hide? It will definitely snow tonight. Kunlun, are you willing to let me drink and enjoy the snow?"

Yu Huang was stunned when she heard this.

They collectively turned around and looked behind them. They saw a man wearing only a pair of tiger skin pants. He had natural white eyebrows and two white birthmarks on his forehead. He walked out of the bamboo forest behind them.

After seeing this person's face clearly, everyone hurriedly held their breaths since they were afraid that they would attract his attention.

However, that person walked straight past them towards the bamboo house. He cupped his fists and said to the charming man on the bamboo house, "Damn fox, I want to drink your precious peach blossom wine!" He actually didn't notice Yu Huang and the others.

Yu Huang realized that they had probably entered the consciousness space left behind by the owner of the Reincarnation Mirror. It was just like how Yu Huang and Sheng Xiao watched Prime Master Cong Lang and Li Nu's previous lives in the Cong Lang Mystic Realm.

"Then you're in luck today." The man suddenly transformed into a black nine-tailed fox with shiny fur. Its nine tails shook in unison, and the two peach blossom trees in front of Yu Huang and the others soared into the sky. A box flew out from under the peach blossom tree and landed in front of the nine-tailed fox.

The nine-tailed black fox transformed into a charming man. He took out a pot of wine and said to Kunlun, "Kunlun, let's get drunk tonight."

"Okay!"

Yu Huang looked at the man transformed from the nine-tailed black fox and suddenly had a bold guess.

Could this black nine-tailed fox be an ancestor of the Nine-Tailed Fox Clan?

Just as the nine-tailed black fox had said, at night, snow really fell from the sky. Yu Huang and the others stood outside the bamboo house and looked at the two good buddies who were eating meat and drinking wine happily. They were so cold that they were trembling.

Especially Kunlun, who was so cold that its teeth were chattering.

Kunlun muttered, "They can't see us anyway. Do you think they will notice if I steal a piece of meat?"

As soon as Kunlun finished speaking, Yu Huang noticed that the charming man suddenly looked in their direction. His gaze was very spiritual, like a poisonous blade.

Kunlun was instantly rendered speechless.

It wasn't frightened mute. It had really become mute.

Yu Huang suddenly realized that the Kunlun Divine Master might not be able to discover their existence, but the seductive nine-tailed black fox actually knew of their existence! The reason he had ignored them was that he didn't take them seriously at all!

Think about it. How could a nine-tailed black fox that could be friends with a Kunlun Divine Master be an ordinary fox?

He must be an unfathomable big shot.

In front of a Divine Master, they were like lowly ants. He could kill them with a casual tap of his finger.

When they realized that, Sheng Xiao and the others stood up straight. No one dared to joke anymore.

That was a Divine Master!

There were no longer Divine Masters in this world. Yu Huang and the others were deeply satisfied and surprised to be able to see a Divine Master who could speak and move. Therefore, even if it was just an illusion he left in the barrier, Sheng Xiao and the others didn't dare to underestimate him.

Seeing that they had finally quietened down, the seductive man continued to reminisce with Kunlun.
