

She Shocks 841

Chapter 841: Untitled

"We've already survived in the Kunlun Mystic Realm for a year and seven months. After another year and a half, we can leave." Fang Peipei patted Yu Huang's shoulder heavily and said, "I hope we can meet again after we leave."

After a year of cooperation, Fang Peipei and her team had formed the strongest tacit understanding. They clearly didn't intend to team up with Sheng Xiao and the others.

Sheng Xiao and the others happened to have the same thought. Hence, they gathered at the foot of the mountain to eat demon beast meat before parting ways.

After Fang Peipei and the others left, Feng Yuncheng suddenly said, "I want to look for Her Highness."

Yu Huang found Sheng Xiao, and they found Estelle together. Next, Feng Yuncheng wanted to find his own sweetheart. Feng Yuncheng said, "It's too dangerous here. I'll be worried if I don't find Her Highness."

Donor nodded. "We understand."

Sheng Xiao suddenly said, "Then, we'll go with you."

Yu Huang agreed with Sheng Xiao's decision completely. "That's right. If you want to look for her, let's look for her together. We can also see if we can find Xiao Shu, Yin Rong, and the others." Yu Huang was actually very worried about Yin Rong. That girl's beast form was an auspicious beast. She wasn't suitable for the cruel Kunlun Mystic Realm.

"In that case, let's leave this place and go to the next plate!"

Estelle couldn't help but ask, "How can we leave? I've been to the seaside. There are countless ferocious and greedy sea rabbits there. We have no way to leave." Everyone looked at Yu Huang in unison, curious as to how she had crossed the sea to come to their territory.

"Xiao Shu once told me that if I wanted to go from one plate to another, I had to defeat the strongest demon beast in the plate I was in to pass through that isolation barrier." Yu Huang glanced at Kunlun and smiled. "The Black Shark Bird was the strongest demon beast in the plate I lived in, but for some reason, Kunlun became the strongest person. I only successfully crossed the sea to find you guys with Kunlun's help."

Hearing this, everyone looked at Kunlun and asked, "Kunlun, where is the strongest demon beast?"

Kunlun stood up and sniffed. Then, it turned around and pointed southwest as it said, "The aura of the strongest one is there."

"Then." Sheng Xiao stood up and said firmly, "Let's fight the boss!"

"Okay!"

Under Kunlun's lead, the few of them walked towards the southwest of the plate. It was a towering mountain that rose and fell. Countless strange demon beasts lived in the forest. The closer they got, the stronger the demon beasts' combat strength.

The energy that Kunlun had smelled was hidden in the middle of the tall mountain. If Yu Huang and the others wanted to reach it, they had to defeat all the demon beasts blocking their way.

Along the way, they encountered many large and small demon beasts.

In the beginning, Yu Huang could easily kill a small demon beast with a flick of her finger. Later on, she had to use all her strength to kill a high-level demon beast. Under the tacit cooperation of the six of them, they overcame the obstacles and killed all sorts of beasts. After two months, they finally arrived at the center of the forest.

After two months of endless fighting, their strength had increased greatly. Yu Huang could clearly feel the spiritual power in her body increase greatly. Although she still hadn't reached the intermediate-stage of the Supreme Master Realm, she wasn't far from it. Donor, Estelle, and the others also felt it.

Kunlun wasn't good at fighting, but after learning from Yu Huang and the others for more than two months, it had also learned to control sulfuric acid to fight.

Because Sheng Xiao was too strong, the increase in his spiritual power wasn't obvious.

On the other hand, Feng Yuncheng's cultivation had advanced by leaps and bounds during this period of time. He had actually reached the peak of the late-stage Master Realm. However, he had encountered a bottleneck and was temporarily unable to break through to the Supreme Master Realm. Feng Yuncheng was already very satisfied with this.

"It's in front." Kunlun raised the waist of its pants and tightened its belt. It touched the hair on the back of its hand and said with some fear, "That energy is nearby, but it's not the snow aura I've smelled before, but--"

Kunlun frowned and thought hard for a moment before saying, "It smells like rotting bones."

Hearing this, they looked at each other and felt uneasy.

"What Kunlun smelled before was snow, but this time, it's the smell of rotten bones. I wonder what kind of demon beast we're going to face this time." Sheng Xiao frowned and looked at the ground under his feet. He asked thoughtfully, "Where is it?"

They were currently in a flat forest, and the open plain forest wasn't suitable for powerful demon beasts to live in. Demon beasts' cave abodes were usually chosen on hidden and steep mountains.

The six of them sized up their surroundings and didn't find any cave or underground entrance suitable for demon beasts to live in. They felt even more uneasy. Donor said, "Could it be that we encountered a super demon beast that can set up a barrier?" Just like She Ying and the Pixiu Demon?

And how could they defeat such a demon beast, whose combat strength was comparable to that of a Prime Master?

At the thought of this, everyone's expressions became solemn.

Kunlun said, "I can smell it. It's very strong. It's near us. There's no mistake."

Hearing this, everyone couldn't help but think of Kunlun's description when facing the Thousand-Faced Spider. At that time, the Thousand-Faced Spider was indeed hiding beside them. Could it be that the demon beast was among them?

Everyone immediately turned around and faced each other in a circle.

Without waiting for the interrogation, everyone revealed information that could prove their identities.

Yu Huang said, "My father's name is Yu Donghai. My father's name is Yin Mingjue. My mentor's name is Lin Jiansheng. My adoptive father's name is Mo Xiao. My grand master's name is Di Ruofeng. My man's name is Sheng Xiao." She told them everything about her family in one go. If she was really a demon beast, she wouldn't be so familiar with Yu Huang's identity.

The others nodded and said, "You're cleared."

Sheng Xiao was about to introduce himself when Yu Huang raised the ring finger on her left hand. She said, "I can see the marriage compact between me and Sheng Xiao. He's not fake."

Sheng Xiao nodded and looked at Donor and the others.

Donor also said, "Let's not talk about anything else. I'm obsessed with looks."

This sentence was enough to prove that Donor was telling the truth.

Estelle said, "The first time I saw you guys, I was wearing a Sun Wukong T-shirt."

Everyone looked at Kunlun.

Kunlun silently approached Yu Huang and said softly, "I really want to return to the house Yu Huang and I built by the sea to settle down. It's my home."

Nodding, Yu Huang said, "Kun Lun and I built a wooden house by the sea."

Therefore, there was no problem with everyone's identity.

Then, the demon beast that Kunlun had determined to be the strongest in this section was either a super demon beast that knew how to set up a barrier, or

Yu Huang's eyes suddenly widened as she suddenly said, "Invisible beast!"

Chapter 842: Idiot, You're the Smartest

Sheng Xiao and the others widened their eyes in shock. At that moment, they were shocked to find that wind had been blowing at their hair. It was coming from above.

However, shouldn't the wind be suitable for blowing from the north, south, east, and west?

Thud!

A drop of saliva suddenly landed in the middle of their circle.

Everyone stared at the drop of saliva and suddenly realized where the wind was coming from.

It was the breath of the invisible beast!

The head of the invisible beast was above their heads!

Realizing that, Sheng Xiao suddenly roared, "Run!"

Hearing that, Donor and the others ran in different directions. They ran very fast. They heard Sheng Xiao say, "When it's safe, everyone, gather on the highest mountain peak!" There was only one invisible beast, but they had six people. If everyone ran in different directions, only one person would be unlucky. The remaining five people would have a high chance of surviving.

"Okay!"

After Donor agreed, he suddenly realized that something was wrong.

Sheng Xiao's voice seemed to be coming from the direction of the invisible beast.

Could it be that Sheng Xiao didn't escape?

Donor stopped and looked back in panic. Sure enough, Sheng Xiao was still standing there.

He held the Dragon Sword in his hand and had already summoned the Dragon Scale Armor at some point. The dragon horn also emerged from his body. He had clearly sensed the power of the invisible beast, so he entered his strongest battle state from the start.

As the strongest person in the team, he chose to use himself as bait to give the remaining five people a chance to survive.

Donor looked at Sheng Xiao, who was holding his sword and facing the enemy. He closed his eyes and sighed. "Stupid man, I am the future ruler of the Light Sea. There is no need for you to sacrifice yourself for me!" Donor immediately summoned the Light Sword and ran towards Sheng Xiao without hesitation.

At the same time, Feng Yuncheng, Yu Huang, Estelle, and Kunlun ran back from different directions.

Sheng Xiao was furious when he saw that they were back. "A bunch of idiots! Why did you all come back?!" He was exasperated and filled with anger.

"Idiot, you're the smartest." Donor glared at Sheng Xiao and stood on his right.

Yu Huang stood on Sheng Xiao's left. She smiled and said, "Brother Xiao, we're husband and wife. There's no reason for us to separate when there's a disaster." Yu Huang thought that Sheng Xiao would run with them, but she sensed that something was wrong. She turned around and saw that Sheng Xiao had stayed behind. He was planning to use himself as bait to attract the invisible beast. She decided to stay.

She, Yu Huang, was willing to fight alongside her man, but she would never allow a man to sacrifice himself for her.

What she wanted wasn't sacrifice and devotion.

What she wanted was to share blessings and hardships together!

Sheng Xiao saw that they were determined to stay. He calmed down after his anger subsided. "Alright, let's meet this invisible beast together and see how impressive it is!" Even if he died, a boisterous netherworld was better than a lonesome one.

Whoosh!

A strong wind suddenly blew into their faces from the right. It was no longer gentle and careful.

Clearly, the invisible beast had been observing them earlier. It was afraid of alerting them, so even its breathing had become silent. At this moment, its observation probably ended. After confirming that these six two-legged monsters were nothing to be afraid of, it became fearless.

Sensing the change in the invisible beast, Sheng Xiao reminded everyone loudly, "It's going to attack!"

Just as Sheng Xiao finished speaking, his back was suddenly kicked by a powerful force. How strong was that force? It was like a foot that weighed tens of thousands of tons kicked Sheng Xiao mercilessly.

Sheng Xiao was sent flying. He landed on the grass in front of them with a bang. Yu Huang and the others could hear the sound of Sheng Xiao's spine being broken.

Hearing this voice, everyone's scalp went numb.

"Brother Xiao!" Yu Huang's heart stopped when she heard the sound of Sheng Xiao's bones breaking. She ran towards him immediately. Sheng Xiao laid on the ground with a hideous and pained expression. He said in pain, "I... am fine." Sheng Xiao wiped the blood from the corner of his mouth and said, "I have the Divine Wood cultivation technique to protect my body."

Only then did Yu Huang remember that Sheng Xiao had already obtained Prime Master Tie Feng's Divine Wood cultivation technique. His body had already been molded into a Divine Wood Body. Therefore, even if all his bones were broken, he could recover as long as his beast heart and spiritual power were still there.

Yu Huang was slightly relieved.

She saw Donor and the others fighting with the invisible beast, but Donor and the others were at a disadvantage and were quickly ambushed.

"Ah!" Kunlun was the first to be hit. Its big stomach was kicked by the other party. As it was sent flying, it subconsciously opened its mouth and spat a large mouthful of sulfuric acid at the other party. The invisible beast clearly didn't expect the thing Kunlun spat to have a corrosive effect.

It was unknown where the sulfuric acid sprayed onto the invisible beast, but it must have been injured, because it was struggling frantically. As it struggled, its heavy body stepped on Donor, Estelle, and the others, almost killing them...

"F*ck!" He was only slightly injured, but after being stepped on by the invisible beast, Feng Yuncheng immediately clutched his abdomen and laid on the ground in pain.

The invisible beast seemed to be afraid of Kunlun's sulfuric acid. It struggled for a while before suddenly running away.

Realizing that the invisible beast had suddenly run away, Yu Huang and the others surrounded Feng Yuncheng and asked with concern, "Fourth, how are you?"

Feng Yuncheng was in so much pain that his forehead was covered in sweat. He said, "I... f*ck..."

Seeing that Feng Yuncheng had been hugging his crotch, Yu Huang immediately understood where Feng Yuncheng was injured. When she thought about how Feng Yuncheng might become incompetent in the future, she felt some sympathy for him. "Why don't I treat you?" Yu Huang was referring to using psychic power to treat him.

Feng Yuncheng thought that Yu Huang was going to take off his pants for a checkup, so he refused to agree no matter what. "No, no, I can only show it to Her Highness."

Yu Huang was speechless.

"As if I've never seen it before!" Yu Huang pulled Donor and Estelle over and made an invisibility shield around them. "Check if it's serious."

Donor and the others hid in the invisible shield and pressed Feng Yuncheng to check.

After the examination, Donor said to Yu Huang, "You should treat him."

Feng Yuncheng was still refusing.

Yu Huang asked Donor to press Feng Yuncheng's hand and asked Estelle to pull Feng Yuncheng's pants down to the bottom of his abdomen to cover his important parts. Only then did she gently press her hand on Feng Yuncheng's abdomen.

Chapter 843: Divine Master Bone!

When that warm and pure psychic power entered Feng Yuncheng's body and followed his bloodline, Feng Yuncheng immediately felt that his intense pain was much better. He realized that Yu Huang could really treat him, so he didn't dare to struggle anymore and hurriedly handed it to Yu Huang to treat.

The treatment quickly ended.

"Alright, it should be fine." Yu Huang glanced at Feng Yuncheng in amusement. She said, "In the future, when you and Her Highness have a child, you have to let the child acknowledge me as his godmother and buy me gifts every year. His life was saved by me."

Feng Yuncheng immediately said, "Not to mention when, I can even call you my biological mother."

Yu Huang said, "That won't do."

Feng Yuncheng sat up and turned his back to Yu Huang to pull open his pants to take a look. Seeing that he was really much better, he felt slightly relieved. "Whether there's anything wrong or not, we still have to see tomorrow morning." Feng Yuncheng was still not at ease.

Donor laughed at him. "Then take it easy."

At this moment, Kunlun walked back.

Kunlun stomach had been kicked hard by the invisible beast, and it had spat out all the sulfuric acid in its stomach. Now, Kunlun's stomach had actually become much flatter. When Kunlun returned, it saw that Feng Yuncheng was looking at it very resentfully. Kunlun felt very innocent. "What's wrong?"

Feng Yuncheng gritted his teeth and said, "You almost killed my child."

Kunlun was even more confused.

Donor explained the entire matter in a few words. When Kunlun found out that because of its mouthful of sulfuric acid earlier, Feng Yuncheng had been stepped on by an invisible beast and was almost infertile, it felt guilty.

"There will be a next time?!" Feng Yuncheng was speechless.

Kun Lun was frightened by Feng Yuncheng's roar and hurriedly hid from Yu Huang.

Yu Huang patted Kunlun's arm and returned to Sheng Xiao's side. She lifted Sheng Xiao's shirt and saw that the twisted bones on his back had almost been restored. He just looked a little pale. She said, "Your bones have recovered, but you still need to rest."

Sheng Xiao extended his right hand to Yu Huang.

Yu Huang held Sheng Xiao's hand and pulled him up.

Sheng Xiao said, "This should be the area where the invisible beast is active. It will definitely come back when it comes back to its senses. Let's leave first."

"Okay."

They left the plain and found a steep mountain peak. They stayed in a natural cave on the mountain peak. At night, Donor ate something and fell asleep against the stone wall of the cave. Yu Huang went to Sheng Xiao and stuffed a few pieces of brown sugar into his mouth.

Sheng Xiao didn't like brown sugar. It was so sweet.

Sheng Xiao pretended to vomit. Yu Huang glared at him and threatened, "If you dare to vomit, we won't hold hands for a month."

Sheng Xiao could only eat the brown sugar reluctantly.

After eating, he said with an awkward expression, "I'm not a girl."

"Brown sugar nourishes blood. I saw that you vomited a lot of blood today."

Sheng Xiao fell silent and didn't argue with Yu Huang.

After a night of rest, everyone woke up the next morning. Seeing that everyone was in good spirits, Donor asked Sheng Xiao, "What should we do next?"

Sheng Xiao saw Yu Huang sitting at the entrance of the cave and looking at the plain where the invisible beast was. He asked Yu Huang to come into the cave. Yu Huang squatted down beside them and said, "Actually, I can see the invisible beast."

Hearing this, everyone widened their eyes. "How can you see it?"

Sheng Xiao stared into Yu Huang's eyes thoughtfully and asked uncertainly, "Is it because of the Eternal Eye?"

Yu Huang nodded. "That's right. The Eternal Eye can indeed see invisible beasts. I want to investigate the exact situation of that invisible beast first. We'll talk about it at length."

Sheng Xiao said, "Then, I'll go with you."

"No, Brother Xiao, continue to rest today. Donor and Kunlun will accompany me." Yu Huang didn't allow Sheng Xiao to object to her arrangements. She asked Estelle and the others to keep an eye on Sheng Xiao. Then, she brought Donor to the plain where the invisible beast was.

On the way, Donor asked Yu Huang proudly, "What? Do you admit that I'm the second best after Sheng Xiao?" Donor thought that Yu Huang had chosen him to follow, not Feng Yuncheng and Donor. It was a form of recognition of his strength.

Unexpectedly, Yu Huang said, "I need Kunlun to guide me to the invisible beast. As for you, you're strong and have big wings. If we fight, you can carry Kunlun and escape." She glanced at Donor playfully and said with a faint smile, "You're just an errand boy."

Donor could no longer hold back his smile. "Is that all I can do?"

"What else could it be?"

Donor was depressed the entire way.

Before it approached the plain yesterday, and only approached a lake near the plain, Kunlun suddenly called out to Yu Huang and said in a low voice, "Yu Huang, it's here." Kunlun laid on the ground and moved its nose. It pointed at the lake and said, "The aura in the water is the densest."

Yu Huang immediately closed her eyes and activated the Eternal Eye.

When she opened her eyes again, her brown pupils had unknowingly turned pitch-black, like two unfathomable tunnels. Yu Huang looked at the lake and finally saw the true appearance of the invisible beast. It was a huge beast that looked like a lion but was countless times larger and slender than a lion!

It was slender with eight legs under its abdomen. Its skin was as hard as black iron and was still reflecting light.

There was a pair of translucent wings on its back that looked like cicada wings. There were many strange black patterns on the wings. The patterns didn't look like the tendons of wings, but more like... cursed runes.

However, there was a human skull on the head of that Giant Iron Beast!

The human head was pitifully small, making it look even more petite on the Giant Iron Beast. The reason Kunlun smelled rot was precisely because of this human head.

Because that head had yet to completely rot. His lips, nose, ears, and eyes had already rotted, but the flesh on his forehead was still there, and Yu Huang saw two white birthmarks on the skull's forehead!

Yu Huang had seen the same white birthmark on the forehead of the Kunlun Divine Master that Feng Yuncheng had transformed into. She had also seen it in the illusion Mo Jing had left for them!

Yu Huang suddenly pressed down on Donor and Kunlun's arms and said with a shocked expression and a trembling voice, "There's a Divine Master bone hidden on the invisible beast!"

A Prime Master bone could benefit their descendants for thousands of years, and a Divine Master bone was even more precious. If any demon beast could obtain a Divine Master bone, it would reach the peak of demon life! No wonder this invisible beast became the boss of this continent.

When Donor and the others heard Yu Huang's words, their hearts suddenly stopped. Then, their breathing suddenly quickened, and the blood in their bodies boiled.

Divine Master Bone!

If anyone could obtain a Divine Master bone, he could change his appearance and reach the peak!

Chapter 844: The Couple Is Amazing

No one expected the invisible beast to carry a Divine Master bone.

After a short moment of excitement, Donor calmed down and asked Yu Huang, "How do you know that it's definitely a Divine Master bone?" The word 'I am a Divine Master bone' wouldn't be written on the Divine Master bone.

Yu Huang said, "Because that head hasn't completely rotted. There are two..." Yu Huang glanced at Kunlun and added softly, "White birthmarks."

Donor and Kunlun had both seen the appearance of Kunlun. They clearly remembered that the most obvious feature of Kunlun was his natural white eyebrows and the two white birthmarks on his forehead.

Kunlun froze for a moment before saying, "How pitiful."

Although she didn't know what Kunlun had encountered after his death, the fact that his skeleton had appeared on the body of a Giant Iron Beast was enough to prove that his skeleton had already been dismembered. Yu Huang said, "Let's go back and discuss this matter first. We can't be anxious."

"Understood."

The three of them crawled back until they were far away from the lake and in the forest. Only then did they dare to stand up and fly.

When they returned to the cave under the cliff, it was already noon.

Feng Yuncheng had hunted a small demon beast. When Yu Huang and the others returned, Feng Yuncheng had already dealt with the demon beast's skin. Estelle set up an iron pot and started a fire. He planned to cook the demon beast's meat. Seeing that Yu Huang and the others had finally returned safely, the three people in the cave stood up and welcomed them.

“How is it?” Sheng Xiao lowered his head and asked Yu Huang, “Did you see the demon beast’s appearance?”

Nodding, Yu Huang said, “It’s a Giant Iron Beast.”

“Giant Iron Beast?” Feng Yuncheng said in confusion, “Our Holy Spirit Continent has a demon beast like the Giant Iron Beast, but I’ve never seen a Giant Iron Beast with such powerful strength.” Everyone had fought that Giant Iron Beast before. Even though they couldn’t see the Giant Iron Beast’s form, they could guess how powerful it was from its heavy strength.

On the Holy Spirit Continent, the Giant Iron Beast could only be considered a medium-level demon beast. Very few of them could cultivate to the eighth and ninth levels.

The Kunlun Mystic Realm was even more dangerous and cruel than the Abyssal Origin Forest. There were countless demon beasts that were stronger than the Giant Iron Beast. There was no reason for a Giant Iron Beast to become the king of the plate.

Besides, the Giant Iron Beast had no invisibility ability.

What kind of opportunity did this Giant Iron Beast encounter to evolve into an invisible beast?

Sheng Xiao asked Yu Huang, “What’s so different about the Giant Iron Beast?” If it was an ordinary Giant Iron Beast, it wouldn’t have become the king of the plate.

Donor beat Yu Huang to it and said, “The skull of Kunlun is hidden on that Giant Iron Beast!”

“What?!” Feng Yuncheng was so shocked that he loosened his grip and the entire demon beast fell into the pot.

Water splashed everywhere. Estelle quickly stood up and stomped his feet from the pain of the burn.

“Be quiet.” Sheng Xiao glanced at Feng Yuncheng helplessly and then at Estelle with concern. Seeing that Estelle wasn’t injured, he looked at Yu Huang and asked in a low voice, “What’s going on?”

Yu Huang sat down and told everyone what she had seen after opening the Eternal Eye.

After knowing that the Giant Iron Beast had obtained the head of a Kunlun, which made it possess the ability to become invisible and had even evolved into the king of the plate, everyone felt troubled for a moment.

Feng Yuncheng immediately felt that there was no hope in finding Beatrice.

Sheng Xiao said, “Not necessarily.”

Everyone stared at Sheng Xiao. Feng Yuncheng asked expectantly, “What idea do you have?”

Sheng Xiao said, “If we chop off the Giant Iron Beast’s head and make it lose the power of the Divine Master skeleton, won’t we be able to leave this place?”

Sheng Xiao made it sound easy, but the chances of success were slim.

“Not to mention that the Giant Iron Beast is the king of the plates with powerful combat strength, just based on its invisibility, we can’t see it at all, nor can we touch it. How can we chop it off?” Donor calmly

analyzed, "Genius, you are the strongest person among us. You are the most qualified person to fight it, but you can't see it at all!"

"Yu Huang can see it, but Yu Huang is not strong enough." Donor raised his eyebrows at Yu Huang and asked her, "Do you think you can defeat it?"

Yu Huang didn't say anything. Clearly, she wasn't confident in defeating the Giant Iron Beast.

Estelle suddenly said, "There's a way."

"Huh?" Yu Huang looked at Estelle and asked him, "What idea do you have?"

Estelle said, "It can turn invisible. We indeed can't see it, but we can think of a way to trap it." Estelle picked up a wooden stick and drew a circle on the ground. He said, "Set up a trap and successfully lure the demon beast into the trap so that it can't escape. After that, Yu Huang can command us to fight together and cut off the head of the invisible beast."

Estelle looked up at Sheng Xiao and the others. He said, "In the past, I always used this method to catch demon beasts that ate sweet potatoes and potatoes."

Sheng Xiao suddenly smiled. "Not bad."

Yu Huang also smiled. "I think this method is feasible."

Donor looked at Estelle with mixed feelings. He asked, "Who taught you?"

"The village chief," Estelle said. "In the past, the village chief was the only person in our village who had awakened his spiritual power. However, he didn't have anyone to guide his cultivation, so he was a Scholar his entire life."

Donor nodded and praised, "What a wise village chief. I hope I can meet him in the future."

Although he knew that the possibility of the village chief standing in front of Donor was zero, Estelle saw the seriousness in Donor's eyes and nodded. "There will be a chance."

"Then the question is, what kind of trap should we set to capture it and make it unable to escape?" Feng Yuncheng looked at Yu Huang and said in distress, "According to Yu Huang, it should be very big. Can we really capture it?"

"Besides, can ordinary traps bind the king of the plate?"

Yu Huang frowned and thought about how to capture the Giant Iron Beast. Sheng Xiao thought of something and suddenly stared at Feng Yuncheng with an unreadable expression. Feng Yuncheng noticed Sheng Xiao's malicious gaze and felt a chill down his spine.

"What crooked idea are you thinking of?"

When Sheng Xiao suddenly stared at anyone affectionately, he must have a mischievous idea.

Sheng Xiao said, "Your charm is enough to pass off as real."

Feng Yuncheng raised his eyebrows. "So?"

Yu Huang could guess Sheng Xiao's plan.

She looked at Sheng Xiao with shining eyes. She couldn't hide her excitement. "I know! You want Feng Yuncheng to transform into the appearance of Kunlun and let him scare the super demon beasts on this board. Although the little demon beasts don't know Kunlun, those old demon beasts and invisible beasts must still remember Kunlun. Once these demon beasts see their boss, who once ruled over them, they will definitely feel afraid and uneasy."

The more Yu Huang spoke, the brighter her eyes became.

Sheng Xiao smiled and encouraged Yu Huang to continue. "Continue analyzing. I want to see if you can guess my thoughts."

Yu Huang continued, "When demon beasts see Kunlun, it's like a little ghost seeing the King of Hell. Their first reaction is definitely not to resist, but to escape. If he made all the demon beasts run towards the territory where the invisible beast lived, when the super demon beasts gathered, no matter how strong the invisible beast was, it would be outnumbered. It would be surrounded by the super demon beasts and frightened by Feng Yuncheng. In its panic, it would definitely escape towards the only way out!"

"And we only need to set a trap on that only way to escape and wait for it to enter."

Then, Yu Huang asked Sheng Xiao, "How much did I guess correctly?"

Sheng Xiao smiled. "All of them." He sounded very proud. It was obvious that he was satisfied that Yu Huang could guess his thoughts.

Seeing that the two of them had come up with a meticulous and bold plan in a short period of time, Donor and the others looked at the two of them with fear. Feng Yuncheng rubbed his nose and said to Donor and the others, "In the future, no matter who you offend, don't offend these two fellows."

The fact that Sheng Xiao could think of such a dirty trick meant that he wasn't a simple-minded person. The fact that Yu Huang could read Sheng Xiao's mind instantly proved that she was more evil than him.

There was indeed a reason why these two were together.

Chapter 845: He's Back Again!

Donor looked at Feng Yuncheng sympathetically and said, "But you're the unlucky one now. It's fine if this plan succeeds, but if it doesn't, you, Feng Yuncheng, will become the nemesis of all the demon beasts on the entire continent." This wasn't Donor threatening Feng Yuncheng. His worries were very reasonable.

Feng Yuncheng thought of the scene of him being hunted by all the demon beasts after his plan failed and felt a chill down his spine.

He wanted to reject her, but before he could say that, Yu Huang stopped him. She said, "It's already very difficult for the six of us to be united. Who will take care of Her Highness Beatrice? If she's lucky enough

to meet the prince, they can take care of each other, but if even the prince isn't by her side, then it won't be easy for her to survive."

"Fourth, only by subduing the invisible beast can we find Her Highness."

"It's up to you whether to risk it all or stay and live."

Beatrice was Feng Yuncheng's weakness, and Yu Huang used it to persuade him

Feng Yuncheng was afraid of death, but he was even more afraid of Beatrice dying. Feng Yuncheng took a deep breath and stood up. He looked into Yu Huang's eyes and said firmly, "Nothing can stop my determination to find Her Highness."

"Very good!" Yu Huang took out the map and opened it on the flat ground in the middle of the cave. She pointed at one of the lands and said, "I obtained this map from Xiao Shu. The time this map was drawn is more than ten thousand years ago, so the information about the various plates representing demon beasts is somewhat different, but the terrain of the plates has not changed."

Yu Huang pointed at the continent at the bottom of the map that looked like it was spreading its wings. She told Feng Yuncheng and the others, "This is the plate we're on, and I previously lived on this continent." Yu Huang pointed at the plate in the north that had the Black Shark Bird, the Terrestrial Alligator, and the One-Eyed Wolf Beast.

Kunlun was curious about the world it lived in. It stared at the plate where the Black Shark Bird was a few more times, as if it was trying to remember the shape of its hometown.

Yu Huang moved her hand to the center of the continent below and pointed at one of the plains. She gestured for Donor to come over and take a look. "Donor, look here. This is a plain surrounded by countless mountains. There is a small lake beside the plain. I think this plain is the territory where the invisible beasts live, and this lake is the lake where they found the invisible beasts earlier. What do you think?"

Donor stared at the map a few times before nodding. "It should be right."

"That..." Yu Huang's round and bright nails traced the divergence of the lake on the map all the way to the northwest corner of the lake. She pointed at a rhombus-shaped terrain and said, "When I was copying this map, I asked Xiao Shu what a rhombus-shaped landmark represented. He said that this means a crack."

The corners of Donor's mouth twitched as he said, "This crack is a little abstract."

Feng Yuncheng also tried his best to evaluate it implicitly. "The painter doesn't seem to have a high painting foundation."

Sheng Xiao asked with a deep gaze, "Who is the person drawing this map?"

Yu Huang looked up at Sheng Xiao and didn't answer him directly. However, she believed that Sheng Xiao had a clear answer. As expected, after Sheng Xiao understood Yu Huang's gaze, he was shocked. Then, he lowered his head and didn't say anything. No one knew what he was thinking.

Yu Huang continued, "Later, we'll investigate the terrain here. If this is really a canyon rift, at that time, we'll use our spiritual power to form an inescapable net and completely seal the canyon. We'll trap the invisible beast inside and chop off its head!"

"Pa!" Donor clapped hard. "Good idea!"

Yu Huang asked Sheng Xiao, "Brother Xiao, what do you think?"

Sheng Xiao smiled. "Perfect!"

"Alright." Yu Huang put away the map and said, "Then let's go to the downstream of the lake to investigate the terrain."

"Yeah, okay."

After the five of them extinguished the firewood, they flew down the cliff silently and rushed towards the downstream of the lake. Worried that the invisible beast would smell them from even a thousand miles, they didn't dare to use their spiritual power along the way and walked the entire way.

When they arrived at the crack on foot, it was already dark.

It wasn't even appropriate to say that it was a crack. It was clearly a large rift valley. It was even longer and more winding than the Great Rift Valley in East Africa that Yu Huang had seen! It almost passed through the northwest corner of the entire plate and extended all the way to the isolated sea.

At dawn, the six of them finally arrived at the end of the crack. They stood on the land beside the crack and looked down at the wide isolated sea in the distance.

Feng Yuncheng rubbed his nose and pointed at the circular map in Yu Huang's hand. He complained, "The person who drew that map is probably a little stupid. How can this be called a crack? This is clearly a huge rift valley!"

Yu Huang had long understood Xiao Shu's drawing skills, so her reaction was calm. "It's already good enough that he can send us the message that there's a big crack here."

Sheng Xiao said, "Have you ever thought that perhaps it's not that the person who drew the crack has made it smaller, but that ten thousand years ago, this rift valley was indeed just a crack. It only became bigger and bigger after ten thousand years of evolution. That's why the rift valley we saw appeared?"

Hearing Sheng Xiao's words, everyone felt that it was possible.

"This rift valley is too big. It's impossible to use it to imprison the invisible beast." The combined strength of the few of them wasn't enough to completely seal the entire rift valley. "It's impossible to seal this rift valley alone without the cultivation of a Prime Master."

Donor asked Sheng Xiao, "Are you confident that you can seal it?"

Sheng Xiao shook his head. "No."

Yu Huang rolled up her sleeves elegantly and said, "Have you heard the story of the foolish old man moving mountains?"

Sheng Xiao and the others had never heard of this story, but Estelle, who had reincarnated on Earth, immediately understood what Yu Huang meant. "You're saying that we should fill up the big crack and leave only a small space that can accommodate the invisible beast?"

"Yes."

"Then why don't we just dig a huge pit?" Donor thought that digging a pit and setting up a trap was simpler than moving soil and filling a pit.

Sheng Xiao immediately shook his head. "No, the invisible beast has lived here for a long time. It knows every terrain here clearly. How can it not notice a huge pit suddenly appearing on the ground? This big crack exists. When it is in danger and realizes that escaping from the big crack to the isolated sea is the only way, it will choose this path without hesitation in a panic."

"We can only arrest him in this big crack."

"That's right." Yu Huang agreed with Sheng Xiao. "Come on, let's get to work."

Thus, they took sand from the isolated sea nearby. Yu Huang used the Purifying Evil Phoenix Flame to refine the large rock into cement. They filled the rift valley with sand mixed with cement, and the rift valley was completely filled. The sand mixed with cement became very hard. Even if the invisible beast was extremely powerful, it was unable to remove a cement stone wall that was a hundred kilometers thick in a short period of time.

It took Yu Huang and the others three months to completely fill the rift valley.

At this point, this trap was done.

On the night the trap was set, they sat on the beach of the isolated sea and ate roasted sea rabbits, drank green plum wine, and chatted about the absurdity and unforgettability of youth. Everyone was drunk. Yu Huang raised the last bottle of green plum wine and knocked it hard against the bottle in Feng Yuncheng's hand. She reminded him solemnly, "Our success or failure depends on tomorrow. You have to be careful."

Feng Yuncheng looked at the end of the sea and nodded softly. He said in a low voice, "For Her Highness."

* *

The next day, when the three suns rose from different directions as usual and sprinkled light on the ground, the demon beasts living in the Spreading Wings section suddenly heard an extremely arrogant laugh. "Hahaha!" Just as the laughter ended, a rough and divine voice spread throughout the entire section—

"Little demons, it's been ten thousand years. Do you still remember me?!"

Upon hearing this familiar and arrogant voice, the super demon beasts that had fallen into a deep sleep suddenly opened their eyes, and their eyes revealed deep fear.

It was him!

He was actually back!

Chapter 846: Success or Failure depends on This

Upon hearing the man's voice, the sleeping super demon beasts woke up one after another and stood up shakily.

The little demons in the forest realized that the sleeping demons had all woken up in advance. They were stunned for a few seconds before running towards their secret cave in unison.

When the big demon was asleep, it would be the mid-level demon beasts and small demons who would have a hard time. When the big demon woke up, it would be the end of them!

Everyone knew that the great demons would only wake up when they were hungry!

The little demons hid everywhere like crazy. The big demons raised their heads and narrowed their eyes as they looked at the deep sky in disbelief. They saw a tall and sturdy man standing in the deep sky. The man was wearing a loose black suit. He had white eyebrows and two white birthmarks on his forehead.

In his right hand, he held the killing net that symbolized his identity!

When these old demons saw the killing net, their bodies trembled uncontrollably.

This was because they all clearly remembered what would happen to those disobedient demon beasts when this killing net revealed its might! No matter how powerful a demon beast was, once it was successfully captured by that person's killing net, it would instantly turn into a pool of blood.

That was the most terrifying memory in the depths of the demon beasts' memories!

"Is he... back?" The old demons were completely awake. They muttered to themselves in disbelief.

Didn't that person die long ago? Why did he still come back?

Could it be that after ten thousand years, that person had become a Divine Master again?

At the same time, the Giant Iron Beast, which had just finished bathing and was lying on the plain enjoying the morning sun, also heard a familiar voice. It opened its eyes and saw the figure in the deep sky. Its first reaction was fear.

Why was that fiend back?!

This thought lingered in the Giant Iron Beast's mind, and its entire body stiffened. He naturally thought of the dark days when all the demon beasts in the Kunlun Mystic Realm were rubbed against the ground by Kunlun ten thousand years ago.

But soon, the Giant Iron Beast calmed down.

Kunlun had long died. It had personally seen the corpse of Kunlun fall from the sky and land in the sea.

At that time...

At that time, it and the other four demon beasts even boldly dismembered the remains of Kunlun.

Kunlun's head, which had yet to completely rot, was still growing on its shoulder. It was impossible for him to still be alive!

Thinking of this, the Giant Iron Beast quickly calmed down.

Kunlun must have died a long time ago. This person must be someone else!

However, in the next second, the Giant Iron Beast and countless demon beasts saw the man swooping down from the sky. His dignified and angry voice spread throughout the entire plate. "Bastards, do you really think that I can't deal with you just because you've grown up?"

"After ten thousand years, let me see if you beasts have improved!"

After saying that, the person suddenly turned the killing net in his hand upside down towards the entire forest. At the same time, the white birthmark on his forehead suddenly turned into two red flames.

The flames quickly burned and formed two red spiritual axes.

The huge fishing net accurately caught four demon beasts. One of them looked like a high-level flying dragon and three were strange-looking demon beasts.

After the four demon beasts were caught by the fishing net, the exit above the fishing net suddenly tightened, completely cutting off the demon beasts' escape route.

At this moment, the spiritual axe formed by the flames suddenly rushed down from the sky and entered the fishing net.

The axe slashed wildly, and the demon beasts in the fishing net turned into pools of blood-red blood that dripped down from the gaps in the fishing net. They fell to the ground and onto the old demons.

This familiar method of killing that terrified even the souls of the old demon beasts completely awakened the fear in their hearts.

Ten thousand years ago, every time a defeated or cowardly demon beast made Kunlun unhappy, Kunlun would use this move to get rid of all the disobedient demon beasts.

The demon beasts didn't know what this cultivation technique was called, but they gave it a name—
Slaughter.

In this world, only Kunlun could use this move. Even if someone could imitate Kunlun's looks, they definitely couldn't imitate his cultivation technique.

Therefore, Kunlun had really returned!

No cow was unafraid of a butcher.

Even though these old demons had long grown into super demon beasts, they still didn't dare to resist Kunlun or forget his ruthlessness.

"He's back!"

It was unknown which old beast suddenly roared in fear, but the sound of the super demon beasts running for their lives sounded in the forest.

One of the old demons began to escape. The other old demons also fled in fear.

For a moment, the entire plate trembled, as if an earthquake had suddenly erupted.

Yu Huang and the others sensed that the ground was trembling, and they couldn't help but reveal nervous expressions.

Success or failure depended on this.

Kunlun that Feng Yuncheng had transformed into chased after them in the sky with a bloody fishing net while the old demons ran wildly in the forest.

Under Feng Yuncheng's intentional pursuit, all the old demons ran in the direction of the Giant Iron Beast as Yu Huang and the others had imagined.

At this moment, the Giant Iron Beast was also standing on the plain in fear while staring at the figure in the sky.

Hearing the commotion in the forest, the Giant Iron Beast naturally knew that the other old demons were running towards its territory. In the past, these old demons wouldn't dare to provoke it. However, compared to Kunlun, the Giant Iron Beast was clearly much less threatening to them.

All these years, the Giant Iron Beast had relied on the fact that it had obtained the head of Kunlun and the invisible divine power, so it bullied the demon beasts on this plate without restraint.

The invisible beast had offended almost all the old demon beasts on the entire plate.

At this moment, those enemies were all running towards it in an orderly manner. The Giant Iron Beast also felt a little guilty and flustered.

However, when it thought about how it had an invisibility skill and those old demons and Kunlun couldn't see it, it calmed down a little.

It thought that it was safe.

But at this moment, the Giant Iron Beast suddenly realized that Kunlun stopped.

Just as it was feeling puzzled, it saw Kunlun suddenly look down in the direction of the plain.

To be precise, it was looking at it.

The Giant Iron Beast's heart skipped a beat, and the eyeball on its head that had yet to completely rot trembled.

Could Kunlun... see it?

This thought frightened the Giant Iron Beast.

In the next second, the Giant Iron Beast saw Kunlun extend his right hand and point at it with his index finger. His dignified and angry voice spread throughout the entire continent—

“Bastard Giant Iron Beast, you actually stole my skull!”

!!

The Giant Iron Beast trembled in fear.

He could indeed see it. He was here to seek revenge!

Chapter 847: Hunting the Giant Iron Beast

A sinister smile appeared on Kunlun’s face. He suddenly shouted, “All demon beasts, listen to my orders. If anyone can kill the Giant Iron Beast, devour its flesh and blood, and retrieve its head for me, I will promise never to kill you!”

Upon hearing this, the demon beast group was in an uproar.

Giant Iron Beast?

Was he talking about that ferocious and domineering invisible beast?

In the past thousands of years, the old demons had been bullied by the invisible beast and hated it to the core.

So the reason the Giant Iron Beast was so powerful was because it had stolen the head of Kunlun.

Upon hearing Kunlun’s words and knowing that they would be safe and sound in the Kunlun Small World after killing the Giant Iron Beast, many old demon beasts were tempted.

Kill the Giant Iron Beast!

The old demons quickly rushed towards the plain where the Giant Iron Beast lived.

When the Giant Iron Beast saw that the nearby forest was trembling from those old demons, it didn’t dare to delay any longer and immediately ran.

The Giant Iron Beast had been tyrannical on this continent for thousands of years. It knew the terrain of this plate like the back of its hand.

Facing the desperate situation of being surrounded on all sides, the Giant Iron Beast knew that there was still a way to escape.

It would jump into the lake, escape into the Grand Canyon, and follow the Grand Canyon to the isolated sea. As long as it successfully crossed the isolated sea and went to the other plates, it could think of a way to find the four demon beasts that had secretly eaten the limbs of Kunlun.

At that time, even if Kunlun found it, it could still use the existence of the other four demon beasts to attract the attention of Kunlun in exchange for a chance of survival.

At the thought of this, the Giant Iron Beast rushed towards the lake without hesitation and jumped into it!

When Feng Yuncheng heard Yu Huang's reminder through her spiritual power, he flew towards the lake and roared loudly, "The Giant Iron Beast has escaped towards the lake. Beasts, as long as you can kill the Giant Iron Beast and eat it clean, I will forgive you!"

Hearing this, the old demons ran towards the lake.

The Giant Iron Beast was even more frightened.

Kunlun could indeed see it!

Otherwise, he wouldn't have been able to grasp its every move so clearly.

For the first time, the Giant Iron Beast felt the threat of death.

The Giant Iron Beast swam across the entire lake silently and jumped into the tall mountain at the end of the lake. Then, it jumped into the canyon and ran firmly and quickly towards the isolated sea.

At that moment, Kunlun, who was lying in ambush above the trap, smelled a powerful corrosive aura. It immediately raised the flag in its hand and waved it at Sheng Xiao and the others.

Sheng Xiao saw the waving flag and whispered to Donor and the others, "Get ready. The Giant Iron Beast is approaching!"

—Rumble

The canyon suddenly shook, but no one understood why.

On the other hand, Yu Huang, who had rushed over from afar, could clearly see a huge iron beast galloping in the canyon.

Suddenly, the Giant Iron Beast discovered that the path in front of the canyon was blocked by a hard sand wall.

The Giant Iron Beast was stunned.

When was the road here filled?

The Giant Iron Beast kicked the wall forcefully, but only a few marks appeared on the surface of the wall. There was no other reaction.

Seeing this, the Giant Iron Beast realized that this wall wasn't ordinary thick and wasn't something it could break at all.

The Giant Iron Beast had no choice but to give up on this path of survival. It planned to jump up from the bottom of the canyon and escape from the land.

However, just as it jumped, it suddenly heard a dignified young female voice shout, "Release the net!"

Under Yu Huang's command, Donor, Kunlun, Estelle, Yu Huang, and the others appeared from different directions and quickly cast their spiritual power above the canyon.

The spiritual net jointly created by four Supreme Masters descended from the sky and wrapped around the Giant Iron Beast, blocking it in the canyon.

The Giant Iron Beast was captured by the spiritual net. It roared angrily and stomped its feet frantically. Then, it quickly circulated the demonic power in its body to break free from the spiritual net.

That energy wasn't inferior to a Prime Master's.

Sensing the powerful energy that erupted from the Giant Iron Beast's body, Yu Huang suddenly pulled out a flag from her waist and threw it at the spot where the Giant Iron Beast's neck and head were connected. She immediately shouted, "Brother Xiao, now!"

Sheng Xiao, who had been lying in wait, suddenly descended from the sky. He held the Dragon Sword with both hands and slashed horizontally in the direction of the flag!

"One Sword Severs the Galaxy!" The Dragon Sword swung down mercilessly, and a starlight array flew towards the Giant Iron Beast before accurately landing on its neck.

Although the neck of the rotten human head and the Giant Iron Beast's body was iron skin, Sheng Xiao's Dragon Sword was obviously stronger. The iron skin broke on the spot and the blood vessels below were cut by the sword light. Blood splattered.

"Roar!" The Giant Iron Beast let out an angry roar.

Since the invisible beast had the divine power of invisibility, at the same time, its every move in this world was invisible.

Therefore, no matter how tragic its cry was, no one could hear it.

Sheng Xiao couldn't see the Giant Iron Beast, so he didn't know if his sword had hit it.

Just as he was about to ask Yu Huang about the current situation, his abdomen was suddenly kicked by a powerful and overbearing force.

Sheng Xiao was sent flying.

Sheng Xiao flew back and landed on the stone wall of the canyon. Just as his body was about to hit the ground, Yu Huang suddenly teleported to the canyon and opened her arms to catch Sheng Xiao.

When Sheng Xiao fell, he caused a huge impact. He landed heavily in Yu Huang's arms and pressed down on her. She took two steps back to stabilize herself.

Yu Huang winced in pain. As if she had seen something, she suddenly hugged Sheng Xiao and hid.

Sheng Xiao asked in pain, "Did you hit it?"

Yu Huang nodded with a cold expression. "I hit it. That Giant Iron Beast was injured and is struggling frantically."

Yu Huang placed Sheng Xiao beside Donor and the others. She said, "Everyone, hold on a little longer! That Giant Iron Beast's neck is going to break!"

Yu Huang suddenly took off the longbow on her back and summoned Xuan Yu. She ordered Xuan Yu to transform into a sharp sword and fly towards the canyon.

The Giant Iron Beast struggled in pain and rolled around.

Yu Huang dodged the Giant Iron Beast and forcefully pulled back the bow. When the Giant Iron Beast's struggles slowed down, she decisively released the string.

Swish!

Xuan Yu shot towards the Giant Iron Beast with an unstoppable aura.

The Giant Iron Beast was raising its head and howling in pain. The black feather arrow pierced through the Giant Iron Beast's throat.

Chapter 848: Untitled

"Roar..." The Giant Iron Beast opened its mouth and howled in pain a few times before finally kneeling on the ground weakly.

Yu Huang summoned Xuan Yu back and transformed it into a long sword. She held Xuan Yu and flew in front of the Giant Iron Beast before slashing at its throat without hesitation.

Crack!

The sword rose and fell, then the rotten head rolled to the ground. At the same time, the Giant Iron Beast's body was completely revealed.

It was very big, and its body almost filled the entire canyon.

The Giant Iron Beast fell to the ground on its knees. Blood was flowing out of its severed neck.

At that moment, Feng Yuncheng arrived at the canyon. He, Donor, and the others flew to the bottom of the valley and helped Sheng Xiao up. Then, everyone walked to the Giant Iron Beast and looked down at the head on the ground.

As soon as Kunlun's head landed on the ground, it began to rot quickly and turned into a white skull.

Everyone stared at the skull and their breathing became heavy.

If Yu Huang and the others were addicts, Kunlun's head would be a poppy. It was a powerful attraction to these addicts.

Even people like Yu Huang and Sheng Xiao looked tempted when they saw Kunlun's skull.

Just as everyone's attention was attracted by the head and they were about to fall into the trap, Kunlun suddenly pressed Sheng Xiao's hand and shook his arm hard. Kunlun said, "Sheng Xiao, you're crazy!"

Sheng Xiao was woken up by Kunlun. Only then did he realize that he had raised the Dragon Sword and the tip was pointed at Yu Huang!

Sheng Xiao was shocked. He suddenly let go and threw the Dragon Sword down. "I..." Sheng Xiao stared at his arm and said in disbelief, "Who I saw just now was... Prime Emperor Ze An!"

He saw Prime Emperor Zhe An, who had snatched Jing Huang away from him ten thousand years ago, snatching Yu Huang from him. Sheng Xiao's killing intent was aroused, so he raised the Dragon Sword to kill Prime Emperor Zhe An.

He clearly saw Prime Emperor Ze An. How did he become Yu Huang in the blink of an eye?

Sheng Xiao looked at the head on the ground and realized that it was filled with evil. It could awaken everyone's most painful and hateful memories.

Sheng Xiao quickly looked up at the others. Sure enough, Yu Huang and the others had different reactions.

For some reason, tears streamed down Yu Huang's face.

Perhaps she had a terrifying dream. Perhaps something had awakened the deepest pain in her heart.

She looked so sad.

Feng Yuncheng even held a knife to his throat and sobbed as he muttered to himself, "Your Highness, if I can only obtain your forgiveness by death, then I'm willing to pay with my life!"

Feng Yuncheng was about to cut his neck when Sheng Xiao stopped him. "Fourth Brother, wake up!"

Sheng Xiao pressed Feng Yuncheng's arm and woke him up.

Feng Yuncheng opened his eyes and saw Sheng Xiao and the knife in his hand. He was shocked. "Why... did I do that?"

Feng Yuncheng also looked confused.

Sheng Xiao asked him, "What did you see?"

Feng Yuncheng looked pained and guilty. He said, "I became bloodthirsty because I cultivated the Dao of Slaughter, and I don't know why I killed His Highness Mo Yuelou, so I was hated by Her Highness. In order to get Her Highness's forgiveness, I could only use my life to atone for my sins."

As expected!

This Divine Master head was indeed evil.

At the same time, Donor and Estelle hurt themselves. Feng Yuncheng and Sheng Xiao stopped them.

After everyone sobered up, they revealed looks of fear.

Only Yu Huang didn't wake up, nor did she harm herself.

When Donor saw that Yu Huang was clearly unable to come out of the illusion, he couldn't help but ask worriedly, "Should we wake her up?"

Sheng Xiao said, "Let's observe first."

"Alright then."

...

Yu Huang opened her eyes and discovered that she was actually lying in the room she had bought for Yu Donghai in Jingdu.

Although she had bought this house for Yu Donghai and it was under his name, the largest master bedroom had been renovated by Yu Donghai into a cozy place for her to stay in.

Yu Huang opened her eyes and saw a familiar four-piece blanket and the bouquet of sunflowers emitting a faint fragrance on the study table.

She looked at it for a full three to four seconds before slowly sitting up and lifting the blanket to get off the bed.

Yu Huang had just put on her slippers when she heard a knock on the door.

Knock, knock, knock—

Yu Huang slowly raised her head and looked at the closed door.

She licked her lips. Before she could speak, she heard the man outside the door say, “Are you awake? I’ve prepared breakfast. Come out and eat.”

“By the way, you were right last night. I should be braver. Go buy a suit with me later. I plan to confess to Miss Chen downstairs tomorrow.”

Yu Huang could tell that it was Yu Donghai’s voice, and she was clearly stunned.

Miss Chen...

Yes, the Beast Tamer dancer Miss Chen was the woman her father had a crush on for a year.

Yu Huang heard herself reply hoarsely, “Okay.”

“What’s wrong with your voice? Do you have a cold?” Yu Donghai said again, “Do you need to take medicine? I still have a few packets of the cold medicine I bought last time. Why don’t you drink one?”

“Father, I’m a Beast Tamer. How would she dare to look for me if she just caught a cold?”

“Hehe, then get up and eat.”

Yu Donghai walked away. When he left, the sound of his footsteps sounded exactly the same as Yu Huang had remembered.

Yu Huang put on her clothes and took a deep breath before opening the door and walking out.

Yu Donghai was sitting at the dining table and putting on his prosthetic arm. When he heard Yu Huang open the door, he asked without raising his head, “When I confess tomorrow, do you think I should tell her about my short legs?”

After a pause, Yu Donghai said with some trepidation, “Why don’t we wait a while longer until we’re familiar with each other?”

Short legs were the foundation of Yu Donghai’s inferiority complex.

Yu Huang looked at the man at the dining table whose every move was the same as her father's. She couldn't bear to expose the truth, so she walked to the dining table and sat down. She said, "Father, sincerity is more important than anything."

Yu Donghai raised his head and looked at her. He smiled and said, "You're right."

After the meal, Yu Donghai asked Yu Huang to accompany him to buy a suit.

Yu Huang brought Yu Donghai to the shop where she had customized Yu Donghai's suit when she got married. Yu Donghai said, "Why buy such an expensive suit? If I wear such good clothes, I might leave the impression that I spend money extravagantly."

Yu Huang smiled and said, "I want to buy all the clothes in the world that are suitable for you."

Chapter 849: Truth and Falsehood

When Yu Donghai heard Yu Huang's words, even though he couldn't bear to spend money, he couldn't bear to let Yu Huang down.

He nodded repeatedly and gently patted the back of Yu Huang's hand. He said, "If Young Master was still alive, how gratified would he be to see how filial you are?"

Hearing this similar lament from Yu Donghai once again, Yu Huang's heart skipped a beat.

She patiently accompanied Yu Donghai to try on a few sets of clothes.

At this time, Yu Donghai's body was no longer as thin as before. After installing the prosthetic leg, Yu Donghai's former gloominess was gone, and he became confident and optimistic.

He had a better mentality and was much stronger now.

Although he was only 1.78 meters tall, he looked tall and handsome in a suit. Even the metal prosthetic legs under his pants didn't diminish his elegance.

Yu Donghai looked quite elegant in every suit.

Yu Huang carefully smoothed out Yu Donghai's shirt and suit. She stared at the white hair by Yu Donghai's temples. Yu Huang gently stroked his white hair, and her eyes were red as she said, "Father, I really hope that you can accompany me for a long time."

Yu Donghai tugged at his suit and looked past Yu Huang to stare at his tall figure in the mirror. He seemed to have completely forgotten about the Yin Clan's sacrifice and said with a natural expression, "Of course I will accompany you for a long time. When you guys give birth in the future, I still have to play with my little grandson."

"When the time comes, you and Young Master Sheng can go to the ends of the earth without worry. I'll stay at home and watch over the child for you. I guarantee that you won't have anything to worry about."

“Although I’m a boor, I’m also good at looking after children. When you were young, I raised you with my own hands.”

Yu Donghai thought about his happy future life, and his eyes were filled with gentleness and yearning.

It could be seen that he really hoped that Yu Huang and Sheng Xiao could have a child early so that he could enjoy family life early on.

When Yu Huang heard these words, she felt even sadder.

“Okay.”

Yu Huang turned around and said to the salesperson standing at the side, “I want all these suits.”

The salesperson beamed with joy, but Yu Donghai hurriedly waved his hand and said, “Why buy so many? I think what I’m wearing is very good.”

Yu Huang still said, “I want to buy everything I think is suitable for you.”

Yu Donghai smiled helplessly and condemned Yu Huang for wasting. However, he still happily accepted all the suits.

After buying the suit, the two of them returned home. Yu Donghai said to Yu Huang, “Call Young Master Sheng over for dinner tonight. I haven’t seen him in a long time.”

“Sure.”

Yu Huang tried to call Sheng Xiao. The call went through. Sheng Xiao’s voice was calm and reserved.

“Wine.”

“My father asked you to come over for dinner.”

Sheng Xiao said, “Okay.”

At night, Yu Huang cooked with Yu Donghai. When the meal was almost ready, Sheng Xiao arrived.

Sheng Xiao was wearing a blue windbreaker. He stood in the living room gracefully.

He walked over and hugged Yu Huang. “Did you have fun today?”

Yu Huang said to Yu Donghai, “Father, I have a call with Brother Xiao.”

Yu Donghai smiled at them. “Go.”

Yu Huang pulled Sheng Xiao into the room.

As soon as the door closed, Yu Huang asked Sheng Xiao, “Didn’t my father lead 13,000 people to sacrifice themselves during the battle of the Yin family?”

Yu Huang stared at the closed door thoughtfully and said in confusion, “Then why is my father outside the door?”

Sheng Xiao reached out and touched Yu Huang’s forehead. Seeing that Yu Huang didn’t have a fever and looked quite healthy, he couldn’t help but look worried. “Yu Huang, what’s wrong?”

Yu Huang was stunned. "What?"

Sheng Xiao said worriedly, "It's been fifty years since Father-in-law sacrificed himself."

"Fifty years?" Yu Huang widened her eyes and looked at Sheng Xiao suspiciously.

Sheng Xiao nodded. "What's wrong with you? Don't you remember? Fifty years ago, not long after my father-in-law's sacrifice, we entered the Holy Spirit Academy and went to the Kunlun Mystic Realm to train for a few years."

"After we left the Kunlun Mystic Realm safely, we became the only students of the Holy Spirit Academy who successfully graduated. We represented the Holy Spirit Continent and went to the Upper World to explore. Later on, the two of us spent more than 30 years and experienced many hardships to become the existences closest to the Divine Master in the Three Thousand Worlds."

"After that, you became a Divine Master two years before me. After becoming a Divine Master, you used a secret technique to revive your father. Because your father's soul was destroyed, he couldn't be reborn. Have you forgotten all this?"

Yu Huang was speechless.

She stared at Sheng Xiao with a serious expression. For a moment, she couldn't tell what went wrong. Was her memory wrong, or was Sheng Xiao lying?

"Yu Huang, what's wrong with you?" As Sheng Xiao hugged Yu Huang, he felt a little uneasy. "Tell me, what's wrong? How could you forget such an important thing?"

Yu Huang hugged Sheng Xiao's waist and asked uncertainly, "Am I a Divine Master now?"

Sheng Xiao let go of Yu Huang and lowered his head to say to her, "Whether you're a Divine Master or not, you'll know when you close your eyes and look at your small world."

Yu Huang immediately closed her eyes. Then, through her Spiritual Abode, she actually saw a new small world filled with vitality.

The architectural style of that small world was extremely similar to Earth's!

She even saw her adoptive parents from Earth's apocalypse!

After Yu Huang opened her eyes and met Sheng Xiao's mirthful eyes, she asked in confusion, "How did my small world become like this?"

Sheng Xiao flicked her forehead with his finger and smiled. "Have you forgotten again? After you became a Divine Master, you used the Space-Time Mirror that Senior Mo Jing gave us to return to the time before the end of the world. You transported the surviving humans and your adoptive parents to your small world."

"Now, they're all living and working in your small world."

Yu Huang's heart skipped a beat.

Everything here coincided with her dreams of the future.

When Yu Huang discovered that every small world was a new world created by a Divine Master, she dreamed of becoming a Divine Master.

The reason why she wanted to become a Divine Master was to move the survivors of Earth's apocalyptic era to her small world!

Yu Huang became conflicted.

All of this was too surreal.

Whether it was her words and actions, Yu Donghai, who was exactly the same as her father in her memory, or Sheng Xiao, who was emitting a warm body temperature, or the vast spiritual qi in her body that seemed to be inexhaustible, all of this told Yu Huang that she was indeed a Divine Master now!

Chapter 850: Sequelae?

"Why don't you remember all this?" Sheng Xiao was very worried about Yu Huang's condition. Without knowing why Yu Huang had such a reaction, Sheng Xiao was really worried.

Yu Huang walked to the bed and sat down. Then, she raised her head and stared at Sheng Xiao for a long time before saying, "I can't tell reality from illusion."

"Tell me in detail. I'll help you analyze it." Sheng Xiao sat down beside Yu Huang and listened patiently.

Yu Huang said, "When I woke up this morning, I realized that I had actually appeared in the three-bedroom house I bought for Father in the capital. But a second ago, I was clearly still in the Kunlun Mystic Realm and had just successfully killed the invisible giant iron beast."

"I don't know if what you said is true or if my memories are true." Yu Huang pressed her head and said in anguish and hesitation, "I'm very confused."

Sheng Xiao was stunned. Then, he put on a serious expression. "Are you saying that your memories are disorganized? Do you think that everything is an illusion and you're still in the Kunlun Mystic Realm?"

Yu Huang nodded. "That's right."

"Looks like the sequelae is starting to appear," Sheng Xiao said.

Yu Huang was even more confused. "What sequelae?"

Sheng Xiao told her, "Thirty years ago, when you and I first entered the Great World, we were bitten on the shoulder by a rare fantasy beast. Its poison entered your nerves and you fell into a coma. I brought you to the miracle doctor in that world and you woke up after being treated by him. At that time, the miracle doctor said that even if you woke up, there was a high chance that there would be a sequela of disorganized memories in the future."

"But in the past thirty years, your memory has not gotten messed up. In addition, you have become a Divine RMaster. I thought that a mere fantasy beast couldn't hurt you..." Sheng Xiao sighed and said irritably, "Why did your memory suddenly become messed up?"

Hearing Sheng Xiao's explanation, Yu Huang was silent for a long time before saying, "Let me process this first."

"... Okay."

Sheng Xiao smelled the aroma of food and suddenly said, "Your memory is in a mess now. Have you forgotten that you're pregnant?"

Yu Huang suddenly raised her head to look at Sheng Xiao, her eyes filled with shock. "What?" Yu Huang subconsciously reached out to touch her stomach.

However, her stomach was still very flat. She couldn't believe that there was a new life inside.

Sheng Xiao held his forehead. "You even forgot about that."

Sheng Xiao told her, "You're pregnant. It's been almost three months. Didn't you come here today to tell Father-in-law about this happy matter?"

Yu Huang was speechless.

After she woke up, her dead father had been resurrected and she was about to become a mother?

"I understand." Yu Huang chased Sheng Xiao out of the room and immediately walked into the cloakroom. She stood in front of the full-length mirror and pulled down the collar of her short-sleeved shirt.

Seeing that there was really a demon beast bite mark on her shoulder, Yu Huang immediately pursed her lips.

"It's time to eat!" Yu Donghai shouted from outside the room.

Yu Huang washed her face with cold water before going out to eat.

Yu Donghai made many dishes. Most of them were meat dishes, and there were only two vegetable dishes. Yu Huang loved meat the most, but tonight, when she saw the table full of meat dishes, she actually felt a little disgusted.

Was she really pregnant?

Sheng Xiao seemed to have expected that Yu Huang would have nausea. He silently placed a cup of warm water in front of Yu Huang.

Yu Huang took a sip of water and heard Yu Donghai say, "Why aren't you eating? Is it because my dishes don't suit your appetite?"

Yu Donghai scratched his head and said, "Could it be that since fifty years have passed, your appetite has changed?"

Yu Huang smiled and said, "I like these dishes. It's just that I haven't eaten the food you cooked for a long time, so I still can't believe it."

When Yu Donghai heard Yu Huang say this, he revealed a pained expression. "You've suffered a lot." In order to compensate Yu Huang, Yu Donghai kept putting food into Yu Huang's bowl.

Soon, the food in Yu Huang's bowl piled up like a mountain.

She picked up a piece of pork trotter that had been stewed until it was soft. She had just taken a bite, but before she even swallowed it, she couldn't control her nausea anymore. She pushed away the bowl and chopsticks, got up, and ran to the toilet. She leaned towards the toilet bowl as she vomited.

Yu Donghai looked at Sheng Xiao in shock and asked worriedly, "What's wrong with her? Is she feeling unwell?"

Sheng Xiao rubbed his nose awkwardly and said, "Father-in-law, how can a Divine Master feel unwell so easily?"

Yu Donghai blinked his eyes and asked in bewilderment, "Then what's wrong with her?"

Sheng Xiao simply smiled with obvious joy.

Yu Donghai's eyes darted around as he pondered over it. When he guessed a certain possibility, his eyes suddenly widened as he cried out in surprise, "She's pregnant?"

Sheng Xiao nodded vigorously. "Yes, she's almost three months pregnant."

As Yu Huang sat on the toilet bowl, she wiped the water from the corner of her mouth with a wet tissue. Then, she heard Sheng Xiao and Yu Donghai's conversation outside the door.

She could sense that Sheng Xiao was genuinely happy.

If it was just an illusion, did people in illusions also have such wholesome and real emotions?

Yu Huang gently pressed her hand on her abdomen again. She transferred her psychic energy into her abdomen and realized that there was really a life form in her womb, and that life form had already begun to have a primitive heartbeat. Shocked, she removed her hand from her stomach.

Yu Huang pinched the corner of her shirt hard. She couldn't believe that she was really pregnant!

This was too sudden and unbelievable.

Yu Huang stayed in the bathroom for a long time before leaving.

In the dining room, Sheng Xiao and Yu Donghai had already finished eating. Sheng Xiao was clearing the dishes, while Yu Donghai was cooking porridge for Yu Huang.

When he heard Yu Huang coming out of the bathroom, Yu Donghai smiled and said, "I just asked Aunt Chen on WeChat. She said that women in the early stages of pregnancy can't eat meat or fish. She asked me to make some nutritious porridge for you to nourish your body."

"Wait a while. The porridge will be ready soon."

Yu Huang nodded and walked to the sofa to sit down. As she watched the two busy men, for a moment, she doubted her memory.

Could it be that her memory was really messed up?

Before long, the porridge was ready.

Yu Huang took small sips of the porridge. When she heard Yu Donghai ask Sheng Xiao about how to confess to a woman, Sheng Xiao secretly glanced at Yu Huang and told Yu Donghai, "There are many tricks to confessing, but sincerity and genuine feelings will touch women the most."

"Father-in-law, Aunt Chen isn't young anymore. She must have seen all sorts of tricks already. Instead of using those fancy tricks to move her, it's better to show her your sincerity and affection."

Hearing this, Yu Donghai laughed and said, "Your words are exactly the same as Yu Huang's."

"Alright. Since you've said so, I'll confess my love to her with the utmost sincerity tomorrow. I hope I can succeed."

Yu Huang said, "You'll definitely succeed."
