

She Shocks 921

Chapter 921: Humiliation, One After Another

The first person to walk out of the mystic realm looked like a tall young man. However, because the energy fluctuations in the passageway were too intense, that person's figure was hidden behind the energy light wave, making it impossible to see his appearance clearly.

"Who's that?"

On the field, many students stood on their tiptoes to see the other party's appearance and identify him.

Finally, the young man arrived at the entrance of the passageway.

It was a young man in beige sportswear. He was tall and had long red hair that reached his shoulders. He had a cocky smirk on his face at this moment.

As soon as they saw his iconic long red hair, the students immediately exclaimed—

"It's Xiao Shu!"

No one expected that the first person to walk out of the Kunlun Mystic Realm was Xiao Shu, who had entered the Holy Spirit Academy as a cleaner.

Xiao Shu successfully ended his training and surpassed these official students.

The students had mixed expressions.

"Someone else is out."

The student who walked out behind Xiao Shu was a woman in a yellow dress. She had long black hair that reached her waist and beautiful facial features that made her look gentle and charming. She was like every boy's first crush.

Recognizing this woman's identity, a female student exclaimed, "It's Yin Rong! Yin Rong actually passed the mystic realm's training!" Back when the Holy Spirit Academy first started school, Yin Rong, Yu Huang, and Estelle's cultivation levels were at the bottom.

At that time, she was only a late-stage Master Beast Tamer. Who would have thought that the student with the lowest cultivation level would successfully survive the Kunlun Mystic Realm?

The students who didn't participate in the training felt even more ashamed.

Behind Yin Rong, two more men walked out side by side.

The man on the left had fair skin and was wearing a golden suit. His long golden hair was gently draped behind his shoulders, and a pair of white wings were stuck to his back. He walked out of the mystic realm passageway against the light, like an angel descending, making people unable to take their eyes off him.

“It’s Donor!” Seeing Donor come out, many female students’ hearts raced. As an Elven Prince, not only was Donor young and handsome, but he also had shocking cultivation talent. As a bachelor, he was the crush of many girls.

But in the next second, when they saw the face of the dark-skinned man standing beside Donor clearly, they frowned in confusion.

“Who is that?”

The dark-skinned young man with a pair of black wings looked so unfamiliar.

Staring at the pair of black wings on the young man’s back, the students vaguely guessed his identity. Their eyes widened in shock and disbelief, especially the Light Elves who hadn’t signed up to participate in the Kunlun Mystic Realm’s training. They looked at the dark-skinned man with shock and disbelief.

A female Light Elf student called Fang Ya covered her mouth with her hand and exclaimed softly, “Could that person be the Night Elf Estelle?”

There was only one student with black wings in the Holy Spirit Academy.

Who else could it be but Estelle?

But in their impression, Estelle was a weak and thin boy with an ugly cleft lip and bat wings.

Unexpectedly, after three years of training, Estelle had changed so much!

The current him had become much stronger. As he stood quietly beside Donor, he looked even taller than him. His once ugly and weak bat wings had completely evolved to be as big as Donor’s wings.

For some reason, his ugly cleft lip had also been repaired.

The changes to Estelle in the past three years were monumental!

Di Ruofeng was also somewhat shocked to see Estelle’s change. When Estelle and Donor arrived in front of them, he couldn’t help but ask in surprise, “You’re Estelle?”

Estelle immediately nodded. “Principal Di, it’s me.”

Di Ruofeng shook his head and looked at Estelle with relief and surprise.

After the Light Elven students on the field heard Estelle’s answer, they looked at him with fear.

From the moment Estelle summoned the demon, Estelle had become a thorn in the side of the Light Elves. If they didn’t get rid of Estelle, no one would be at ease. Therefore, the Light Elves sent the Three Lights students led by Ilan to participate in the Kunlun Mystic Realm and asked them to do everything they could to keep Estelle in the Kunlun Mystic Realm forever.

After three years, almost all the Light Elves thought that Estelle had long died in the Kunlun Mystic Realm.

However, Estelle was like an undying cockroach. Not only did he survive, but he also encountered a golden opportunity inside. He seemed to have been reborn.

Estelle, who had successfully ended his training in the Kunlun Mystic Realm, would definitely become a celebrity in the Holy Spirit Academy. He would even represent the Holy Spirit Academy to go to the Great World to further his studies in a few months.

In the future, it probably wouldn't be easy for the Light Elves to find an opportunity to get rid of Estelle.

At the thought of this, the expressions of the Light Elves students became ugly.

When they saw that the prince and the dirty Night Elf seemed to be very close, they felt even more upset.

Other than the Elven King Moldo, the noble and holy prince was the only Light Elf with a golden bloodline who could summon angels. How could such a holy prince be friends with a dirty and lowly Night Elf?

Dirty things would taint the prince's holy body!

A few Light Elven students secretly looked at each other. Then, they tacitly took out their phones and secretly sent the news that Estelle was still alive to their families.

At this moment, other survivors came out.

"Look, someone else is out. Is that Beatrice?"

Everyone looked up and saw a sexy woman walking out of the mystic realm passageway.

The woman was tall and wore a pair of knee-length boots. Her tight pants wrapped around her muscular and sexy long legs, while her wavy hair swayed slightly along with her footsteps.

The woman was charming and gorgeous. Her eyes were as blue and deep as the sea, but her gaze was even more murderous than a tsunami.

If she wasn't the princess of the Divine Moon Empire, who could she be?

"It's really Beatrice!"

When he saw Beatrice, Mo Yuelou, who was standing in the middle of the students, quickly walked to the front of the field and shouted excitedly, "Beatrice!"

Chapter 922: Bootlicker? Non-existent

Hearing Mo Yuelou's voice, Beatrice immediately lowered her head and looked at the field. When she saw Mo Yuelou, Beatrice, who had always been good at holding back her emotions, actually jumped down from the high platform excitedly.

Beatrice hugged Mo Yuelou tightly and said excitedly, "Second Brother! It's great that you're still alive!"

Mo Yuelou knew that Beatrice was very worried about his situation, so he told her, "I was eliminated a year ago. Almost all the students who were with me died in the Kunlun Mystic Realm, and I almost lost my life as well. Fortunately, Dean Di received my distress signal and risked his life to bring me out."

“Unfortunately, the other students...”

The other students were all dead.

Beatrice let go of him and gently pressed her forehead against his. She sighed and said, “Fortunately, you’re alive.”

“Beatrice, you’re lucky to have come out alive as well.”

“Yes!”

The moment Feng Yuncheng came out, he saw the girl he loved the most hugging and talking to another man.

But that man was his second brother-in-law, so he couldn’t offend him.

When Mo Yuelou realized that someone was watching him, he looked up at the mystic realm passageway and was stunned when he saw the man standing at the entrance.

That was... Feng Yuncheng?

“Feng Yuncheng?” Mo Yuelou shouted uncertainly.

The reason why he was a little hesitant was that he couldn’t believe that Feng Yuncheng had actually successfully survived the Kunlun Mystic Realm.

At this moment, the other students also saw Feng Yuncheng.

Even though Feng Yuncheng was tanned, he was still handsome.

The students recognized him at a glance.

However, they refused to believe that this was true.

Back then, Feng Yuncheng had relied on donations to enter the Divine Realm Academy at the age of 24. Then, as a cleaner, he was recruited into the Holy Spirit Academy by the Grand State Master. How could he survive the Kunlun Mystic Realm’s training?

What right did he have to train in the Kunlun Mystic Realm?

Seeing Feng Yuncheng’s success, many people felt envious and indignant.

Some students who had been eliminated early on whispered indignantly—

“Feng Yuncheng must have stuck with Sheng Xiao and Beatrice the entire time to survive.”

“That’s right. He’s just a bootlicker. In the past, he only made friends with students with wealthy family backgrounds. This time, he must have relied on bootlicking to survive until now.”

Some students who didn’t participate in the mystic realm’s training said enviously—

“Since even Feng Yuncheng was able to survive until the end, looks like the Kunlun Mystic Realm isn’t that difficult. If I had known, I would have signed up to participate back then.”

When Feng Yuncheng heard their discussion, he was very calm and even deliberately stuck out his tongue to make a licking gesture.

So what if he was a bootlicker?

Didn't he rely on bootlicking to acknowledge the Kunlun Divine Master as his mentor?

On the other hand, these could only lick bones that others didn't want!

Feng Yuncheng calmly arrived in front of Dino and the others. He bowed to them respectfully and said, "I, Feng Yuncheng, have successfully completed the Kunlun Mystic Realm's training. Thank you, teachers, for nurturing me." He was most grateful to Di Ruofeng and Mo Xiao, who had made an exception and recruited him into the Holy Spirit Academy.

Unfortunately, the Grand State Master had already died and could no longer see this scene.

Dino stared at Feng Yuncheng in surprise.

He had some impression of Feng Yuncheng.

Three years ago, Dino had even despised Feng Yuncheng for being too weak and lowering the cultivation standards of the Holy Spirit Academy. However, Di Ruofeng said that this child was a promising talent.

Dino was skeptical.

Back then, when he saw that Feng Yuncheng was determined to participate in the Kunlun Mystic Realm's training, Dino actually didn't have any expectations for Feng Yuncheng. He really thought that Feng Yuncheng was going to die.

But he had misjudged.

"Not bad." Feng Yuncheng was the sixth student to walk out of the Kunlun Mystic Realm, but he was the first student Dino had praised.

Feng Yuncheng smiled calmly, but he wasn't smug because of Prime Emperor Dino's praise.

Only he knew how much blood and tears he had sacrificed to get this praise of "not bad".

He deserved this praise.

Di Ruofeng, who knew how difficult it had been for Feng Yuncheng to get where he was today, patted his shoulder hard and said earnestly, "A person who is good at enduring and has good intentions will definitely have a promising future. Child, I hope that you can always stay true to lose yourself."

If he could continue forward firmly, Feng Yuncheng would definitely achieve extraordinary results.

Feng Yuncheng stared at Di Ruofeng's old face with tears in his eyes. He saw the hope in Di Ruofeng's eyes, as well as anticipation and love. Feng Yuncheng's Adam's apple bobbed a few times as he suppressed the urge to cry and said hoarsely, "I will never disappoint you."

"Good!"

At that moment, Sheng Xiao came out with Yu Huang.

After three years of training, the two of them had changed quite a bit.

However, after being shocked by Feng Yuncheng's transformation earlier, the students remained calm when they saw that Yu Huang and Sheng Xiao had successfully survived the Kunlun Mystic Realm.

As the number one genius on the continent, it was only natural that Sheng Xiao completed his training successfully.

As the daughter of the Prime Master, it wasn't surprising that Yu Huang, who had a fast cultivation speed, could successfully survive the mystic realm's training.

After all, even Feng Yuncheng could successfully pass. It would be shocking if Yu Huang couldn't successfully pass.

When they saw Sheng Xiao and Yu Huang come out, the students were still staring at the mystic realm. They were curious about who would walk out of the mystic realm next.

Not only were the students waiting, but Di Ruofeng and the others were also waiting.

However, no one walked out of the mystic realm passageway again.

Seeing this, Di Ruofeng and the others had ugly expressions.

When the students realized that no one else would walk out of the Kunlun Mystic Realm alive, they became shocked.

Could it be that other than Sheng Xiao and the others, the remaining 82 genius students were all dead?

As Dino stared at the ancient mirror in the sky, he sensed that there were no more energy fluctuations in the passageway. He asked in a low voice, "Why don't I see the other students? Could it be that they're all..."

They were all dead.

Dino couldn't bear to say these words.

Sheng Xiao lowered his head in anguish and his pained voice spread throughout the field.

"I was useless and couldn't bring back the corpses of the other trainees."

Upon hearing this, Dino lowered his eyes, which were filled with shock and heartache. Lin Jiansheng, Di Ruofeng, and the others closed their eyes in pity.

The field, which had been noisy just now, instantly fell silent.

Previously, when those students saw that Feng Yuncheng had successfully passed the Kunlun Mystic Realm's training, they thought that the Kunlun Mystic Realm's training was very simple. They were even vexed that they didn't dare to participate in the mystic realm's training back then. At this moment, their faces were all pale.

Chapter 923: Wild Children

Among the 120 students who participated in the training, other than the 30 students who were lucky enough to be teleported out, only Sheng Xiao and the other eight survivors were left. This shocked those geniuses.

They were the top 82 genius students of the Holy Spirit Academy!

Not only were they genius students of the Holy Spirit Academy, but they were also the top prodigies of the entire Holy Spirit Continent.

However, they had all died in the Kunlun Mystic Realm!

The 82 prodigies used their deaths to make those students who had never participated in the mystic realm's training realize—

None of the students who could walk out of the Kunlun Mystic Realm alive survived on pure luck!

Dino came back to his senses and said, "Congratulations on successfully graduating from the Holy Spirit Academy today. In four months, I will open the Central Pagoda and send you all to the Upper World to further your studies!" With that, Dino turned around and looked at the students on the field below. He said, "From tomorrow onwards, you guys will take the graduation examination."

Dino pointed at the distant Abyssal Origin Forest and said, "The atmosphere between demon beasts and Beast Tamers is tense now, so we can't carry out the beast tide drill anymore. Therefore, we adjusted the contents of the graduation examination."

Hearing this, the students felt nervous.

After a short silence, Dino said, "In the Abyssal Origin Forest, not only are there super demon beasts, but there are also many rare spirit herbs. The higher the grade of the spirit herb, the stronger the demon beast guarding it."

"Students who can successfully bring out a Grade 7 spirit herb from the abyss will be able to obtain their graduation certificate and graduate successfully. Students who can successfully bring out Grade 8 or above spirit herbs will obtain the right to go to the Central Pagoda to participate in the tower challenge competition four months later! Students who are unable to obtain a Grade 7 spirit herb will be unable to graduate and will be expelled."

There was a commotion in the middle of the field.

A student from a top-notch blue-blood family couldn't help but retort with a laugh, "Prime Emperor Dino, it's not fair that we can't graduate unless we obtain a seventh-grade medicinal herb. After all, when the Holy Spirit Academy was established, the school promised to send us to the Great World to further our studies."

Hearing this, Dino sneered and said, "A piece of trash who can't even get a Grade 7 herb will only be crushed in the Great World!"

The student's face instantly turned red and he didn't dare to speak again.

After Dino finished speaking, Di Ruofeng suddenly said, "In four months, the Holy Spirit Continent will send out 12 young Beast Tamers from the Upper World. The eight students who successfully pass the

Kunlun Mystic Realm will have the chance to directly enter the Great World to further their studies. Therefore, we will choose the four most outstanding students among you all.”

“We wish you guys all the best!”

After they found out that only four out of four hundred students could go to the Great World, this was a huge blow to this group of genius students. When the meeting ended, everyone’s expressions were very heavy.

Everyone was dissatisfied, but no one dared to object.

Just as Dino had said, if they couldn’t even obtain a Level 7 spirit herb and couldn’t even defeat their classmates, then what was the use of going to the Upper World?

* *

After successfully graduating, Yu Huang and the others obtained their graduation certificates.

The graduation certificate wasn’t a certificate, but a school badge. The school badge had a circular design, and the image of a black nine-tailed fox was on the front. Under the nine-tailed fox, the words “Holy Spirit Academy” were written. Behind the school badge, there was a sentence—

Fight for the Holy Spirit Continent!

Dino personally wore the school badge on Yu Huang and the others’ arms.

As he stared at the eight young and outstanding children in front of him, he suddenly marveled. “You guys will shoulder the hope of the entire continent when you go to the Upper World to study and fight. Here, I want to ask you guys a few questions. I hope you guys can answer me seriously.”

Yu Huang and the others nodded and listened to Dino’s question seriously.

The first question Dino asked was—

“Where are you guys from?”

The eight young people looked surprised.

Where were they from?

Yin Rong whispered, “I’m from the Yin Clan of the Divine Moon Empire of the Divine Realm Continent.”

Beatrice said, “I’m from the Divine Moon Empire of the Divine Realm Continent.”

Feng Yuncheng also said, “I’m from the Feng family of the Ice Domain Continent’s Dayi Empire.”

...

Yu Huang said, “I’m from the Yin Clan of the Divine Realm Continent’s Divine Moon Empire.”

The eight of them accurately reported their origins. However, after hearing their answers, Dino shook his head slightly. “Wrong.”

Yu Huang and the others frowned. Just as they were about to ask Dino what was wrong, they heard him say, "You're from the Holy Spirit Continent."

The eight of them were slightly stunned.

Dino gazed at them as he said earnestly, "From the birth of the Holy Spirit Continent until now, there have only been more than three thousand Beast Tamers who have successfully gone to the Great World. Among them, there were less than eight hundred Beast Tamers who returned to the Holy Spirit Continent alive. However, there are ten billion people in the Great World, and there are as many experts as there are clouds."

"To those geniuses and experts of the Great World, the Holy Spirit Continent is just a remote and weak small world that's not even worth remembering. As for you guys from the Holy Spirit Continent, you're a group of children without a backer. You won't have parents to seek justice for you guys even if you're bullied."

"Therefore, you guys have to stick together to survive in the Great World."

"Remember, you didn't become stronger to make yourself invincible, but to make the Holy Spirit Continent have weight in the three thousand worlds!"

As Dino's gaze swept across the young faces filled with fighting spirit, he said with pity and anticipation, "I hope that you guys are the last generation of wild children."

Sheng Xiao suddenly asked, "Prime Emperor Dino, are you hiding something from us?"

Dino looked at them hesitantly but didn't answer.

Yu Huang asked again, "If the Time Gate of the Central Pagoda can successfully open, we can send more genius youths to the Great World. Prime Emperor Dino, Dean Di, why can we only send 12 students to the Great World?"

Yu Huang had long wanted to ask this question.

Di Ruofeng suddenly opened his eyes and looked at Yu Huang with a serious gaze. After a moment of silence, he said in a low voice, "In the three years that you weren't around, many things happened on the continent. Now that the situation on the continent is getting more and more serious, we have to prepare for the worst."

"If the continent is really in a critical situation and the Time Gate can't be successfully restarted, we can only use our strength to rebuild a Time Gate. The Holy Spirit Continent is too far away from the Great World. All of our energy combined can at most carry 12 students to the Great World."

"The 12 of you are the only hope of the continent."

After Di Ruofeng walked in front of Yu Huang, he stroked the school badge on Yu Huang's arm and said in a hoarse voice, "Children, us old fellows will use all our abilities to pave a path to the Great World for you. If even one of you can become a Divine Master, then there will still be hope for the Holy Spirit Continent."

"If all of you fail, then..."

“It’ll still be a relief if your bloodlines continue in the Great World.”

Yu Huang and the others’ faces instantly turned pale when they heard this.

Chapter 924: The Disappearing Jade Illusion Continent

Di Ruofeng’s words were like a heavy hammer that struck everyone’s chest.

Everyone felt suffocated.

Sheng Xiao asked in a hoarse voice, “Dean Di, what happened on the continent?”

Yu Huang and the others also looked at Di Ruofeng eagerly while waiting for his reply.

Di Ruofeng looked at them hesitantly. It was obvious that he had something to say, but he couldn’t bear to say it.

“Grand Master.” Yu Huang couldn’t help but urge Di Ruofeng, “Tell us, what exactly happened on the continent?”

Di Ruofeng’s eyes were wide open. Yu Huang and the others could clearly see his golden pupils trembling slightly. Di Ruofeng clenched his fists as he said in a choked voice, “The Jade Illusion Continent is gone.”

Yu Huang’s pupils suddenly dilated.

“It’s gone?” Yu Huang’s voice broke as she asked hoarsely, “Why is the Jade Illusion Continent gone?”

Di Ruofeng only shook his head and was unwilling to say anything else. Dino and Pupu An were also silent and had sorrowful expressions.

Helpless, Yu Huang could only look at Lin Jiansheng. “Mentor, what exactly happened on the Jade Illusion Continent?”

Lin Jiansheng’s face was filled with pity and sorrow. His hand, which was holding the Purifying Spirit Scepter, was also trembling. Lin Jiansheng bit his cheek as he said in anguish and anger, “A month ago, the global satellite signal and wireless signal were blocked. The underground magnetic field became chaotic. Planes, ships, smart cars, and maglev trains all left their original trajectories. That was an extremely chaotic day. There were traffic accidents everywhere...”

Yu Huang couldn’t help but frown when she imagined that chaotic scene and she hurriedly asked, “What happened after that?”

Dino finally spoke.

He said, “The continent was in chaos for two days. After the satellite signal, wireless signal, and underground magnetic field returned to normal, the various continents sent signals to the other continents immediately. However, we discovered that we had lost contact with the Jade Illusion Continent at the same time.”

“After realizing this situation, we all thought that the Jade Illusion Continent had temporarily lost contact with us because of a natural disaster.” The Jade Illusion Continent was in the middle of the Divine Sea and the Light Sea. It was a living volcano island. The active volcano on the Jade Illusion Continent erupted almost every hundred years.

Therefore, when they found out that the Jade Illusion Continent had lost contact with them, they mistakenly thought that the Jade Illusion Continent had lost signal with them because of a natural disaster.

“But when the Beast Tamer Alliance sent people to the Jade Illusion Continent to investigate the disaster’s casualties, they discovered...” Dino’s fingers, which were holding his sword, suddenly tightened. His pupils quivered slightly, and his throat tightened as he said, “But they discovered that the Jade Illusion Continent had disappeared.”

“Disappeared...” Sheng Xiao frowned and asked, “What do you mean? Did the people on the island disappear, or...”

“I mean what I said literally.” Di Ruofeng interrupted Sheng Xiao.

As if he was afraid of something, he said with a trembling voice, “The entire Jade Illusion Continent seems to have been uprooted and moved to another place. The place where the Jade Illusion Continent used to be had now become a dark chaotic space. There is no land or living creatures there. There is not even oxygen, which animals need to survive.”

“... The Jade Illusion Continent is gone. There’s nothing there.”

Hearing this, everyone in the room gasped.

“Why did the Jade Illusion Continent suddenly disappear? Was... was it done by the heavens?” Beatrice asked.

Everyone wanted to know the answer to her question.

“Who else could it be?” Lin Jiansheng sneered and said, “It can’t hold it in anymore and is taking the initiative to attack us.”

After a moment of silence, Yu Huang asked, “Other than the Jade Illusion Continent, what’s the current situation of the other continents?”

“It’s safe for the time being, but the current peace is only a temporary illusion. Before long, it will extend its demonic claws again. What we have to do is catch it first and crush that demonic claw ruthlessly before it reaches out!”

“Let’s not talk about this for now.” Pupu An picked up a camera from the table behind him and said, “Children, you guys have successfully graduated, so let’s take a graduation photo together.”

The disappearance of the Jade Illusion Continent cast a gloom over everyone’s hearts. Therefore, when they took the graduation photo, no one could bring themselves to smile.

When Pupu An saw that everyone's expressions were heavy, as if they were about to die, he smiled and teased everyone. "Children, never lose the smile on your faces. When you lose your smile, you lose hope."

Sheng Xiao and the others quickly composed themselves and looked up at the camera.

Click—

With the shutter sound, Sheng Xiao and the others graduated.

After taking the graduation photo, Sheng Xiao and the others were mercilessly chased out of the school by the school leaders.

Their luggage had been packed three years ago, so they didn't even need to pack their things. They walked through the field towards the school gate empty-handed.

The once muddy and bumpy field had become flat and smooth after three years of trampling by the students.

Time could flatten the edges of the field and crush all the obstacles on the road of growth.

Sheng Xiao suddenly stopped in the middle of the field. He looked at Feng Yuncheng and said, "Do you still remember that the first time we met six years ago was here?"

How could Feng Yuncheng not remember?

Six years ago, Sheng Xiao was the number one genius on the continent, while Feng Yuncheng was the useless fourth son of the Feng family. In the blink of an eye, six years had passed, and they had become best buddies.

As Feng Yuncheng thought of the past, he suddenly said, "I think we need to reintroduce ourselves."

Feng Yuncheng extended his right hand to Sheng Xiao and said seriously, "Hello, my name is Feng Yuncheng, not Feng Zhen."

Sheng Xiao also extended his wide right hand and held Feng Yuncheng's right hand tightly as he said in a low voice, "Hello, my name is Sheng Xiao, not Ma Yao."

Yu Huang smiled when she heard this. "Then it seems that Fourth Brother and I need to get to know each other again as well." She extended her right hand towards Feng Yuncheng and smiled as she said, "Hello, my name is Yu Huang, but you can still call me Little Yu."

Feng Yuncheng also shook his head and laughed.

He held Yu Huang's right hand gently as he told her, "Hello, my name is Feng Yuncheng. Feng Si is just my alias."

Seeing this scene, Beatrice and the others were somewhat moved.

Beatrice suddenly took a step forward. Then, she turned around and faced Yu Huang and the others. After adjusting her emotions, she said, "Since everyone is reintroducing themselves, I also want everyone to get to know me again."

After Beatrice swayed her waist, her long legs turned into a merman's fishtail. She stared at her good friends and said in a choked voice, "Hello, everyone. My name is Beatrice, and I'm from the Xixia Sea. In the past, I had an incomparably powerful male soul in my heart. However, fate was unfair and made me a woman. I once blamed the heavens and other people for this."

"But after experiencing so much, I've finally let it go and moved on."

Chapter 925: The Heavens' Mount

Beatrice's gaze landed on Feng Yuncheng, then she looked up at the top of the dormitory building and saw Mo Yuelou standing on the roof while watching them leave.

She smiled and tears of relief fell as she said, "It's my pity that I can't become a man, but it's also my honor to become a woman. I'm very lucky to have met two brothers who dote on me, a man who can accept all my imperfections, and even more lucky to have met a group of good friends who I can entrust with my life."

"From this moment onwards, I've decided to restore my original name and be the real me!"

Hearing this, Yu Huang silently gave Beatrice a thumbs up. Feng Yuncheng was even more touched. He strode forward and hugged Beatrice tightly.

This time, Beatrice didn't push Feng Yuncheng away, nor did she show any resistance.

As Mo Yuelou stood on the roof of the dormitory, he heard his third sister's words clearly. He couldn't help but laugh. "Little girl, you've finally grown up."

"It seems that the day of graduation is perfect for saying goodbye to one's former self." Xiao Shu strode to the spot where Beatrice had been standing. Then, he turned around and faced Sheng Xiao and the others. He was in no hurry to speak. Instead, he built a soundproof wall around Yu Huang and the others.

At this moment, Xiao Shu put away his cynical smile and put on a serious expression.

Seeing that Xiao Shu had actually activated the soundproof wall, Yu Huang and the others realized that Xiao Shu had something important to say.

Everyone tacitly kept quiet.

As Xiao Shu looked at them, he licked his lips before saying, "Hello, everyone. Xiao Shu is the name given to me by my human parents. I like it very much. However, I have another name, Fire Unicorn. I come from..." Xiao Shu's hands hung on both sides of his pants. He subconsciously curled his fingers as he said softly, "Holy Spirit Palace."

Yu Huang and the others were puzzled. "Holy Spirit Palace? What kind of place is that?"

Sheng Xiao thought about it carefully and said, "There has never been a place called the Holy Spirit Palace on the Holy Spirit Continent. Even in the dynasty where the demon beasts ruled the Holy Spirit Continent, there was no such place. What do you mean by the Holy Spirit Palace?"

Nodding his head, Xiao Shu said, "The Holy Spirit Palace does not belong to the Holy Spirit Continent, but... but the Holy Spirit Continent is a part of the Holy Spirit Palace."

The expressions of Yu Huang and the others changed slightly when they heard this. They vaguely understood where Xiao Shu was referring to.

"I think you guys have already guessed the background of the Holy Spirit Palace. That's right, the Holy Spirit Palace is the founder of the Holy Spirit Continent, a faction established by Holy Spirit Goldfeather. Ten thousand years ago, the Holy Spirit Palace was also a rather famous sect in the three thousand worlds, and I was the exclusive mount of the Holy Spirit Palace Master, Holy Spirit Goldfeather!"

"What?!" Beatrice and the others exclaimed. "You... you're actually the mount of the heavens?!"

"That's right." Xiao Shu pursed his lips and was silent for a long time before continuing, "At that time, the Holy Spirit Continent wasn't called the Holy Spirit Continent, but the Holy Spirit Mystic Realm." At this point, Xiao Shu changed the topic and suddenly said, "Just like the Kunlun Mystic Realm, the former Holy Spirit Mystic Realm was only a place for the disciples of the Holy Spirit Palace to train."

Sheng Xiao and the others couldn't accept the truth.

Xiao Shu knew what they were thinking. He also knew that they wouldn't be able to process this fact in a short period of time.

But it was the reality, regardless of whether they could accept it or not.

Xiao Shu continued, "At that time, the Holy Spirit Palace was very glorious. There were countless disciples and geniuses gathered in the palace. At that time, in order to turn the Holy Spirit Mystic Realm into a dangerous training ground, Holy Spirit Goldfeather caught many powerful demon beasts and placed them in the mystic realm. This method was similar to the Kunlun Divine Master's. However, the difference was that the Kunlun Divine Master didn't trap innocent humans in the mystic realm, while Holy Spirit Goldfeather didn't even let humans off."

At this point, Xiao Shu looked at Beatrice, Donor, and the others.

Donor guessed what Xiao Shu wanted to say. He asked thoughtfully, "Light Elves, Night Elves, Mermen... All intelligent creatures were prey he threw into the Holy Spirit Mystic Realm?"

Nodding his head, Xiao Shu said, "That's right. In essence, all the creatures on the Holy Spirit Continent are prey imprisoned here by him. That's why he said that he is the creator of the Holy Spirit Continent and the master of this world."

Yin Rong asked curiously, "What about you? Are you also a demon beast that he placed in the mystic realm to train?"

Xiao Shu shook his head and told Yin Rong, "I was imprisoned in the mystic realm because I made a mistake."

"What mistake did you make?" Feng Yuncheng was even more curious about this.

Xiao Shu didn't seem to want to elaborate and even glanced at Yin Rong guiltily.

Without waiting for Xiao Shu's reply, Donor pursed his lips and said, "It's most likely because of some sort of love affair."

Xiao Shu was afraid that Yin Rong would misunderstand, so he glared at Donor and explained, "No, I was punished because... because I saw Holy Spirit Goldfeather having an affair with the Eldest Disciple's wife..."

Everyone's mouths widened.

Feng Yuncheng revealed a gossipy look. "You're saying that Holy Spirit Goldfeather screwed his eldest disciple's wife?"

Xiao Shu felt embarrassed and didn't want to respond.

He then told everyone, "After the Holy Spirit Mystic Realm completely developed into a training place that Holy Spirit Goldfeather was satisfied with, every 50 years, he opened the mystic realm passageway and send the direct disciples of the Holy Spirit Palace into the mystic realm to train. It was like how we went to the Kunlun Mystic Realm."

Upon hearing this, Yu Huang suddenly had an idea and seemed to have come to a realization. She said, "So, Prime Master Goldfeather wasn't a Saint sent by the Great World to teach us. She was actually a disciple sent by Holy Spirit Goldfeather to the Holy Spirit Mystic Realm to train. However, for some reason, she couldn't leave, so she was forced to stay in the Holy Spirit Continent?"

"That's right!" Xiao Shu looked at Yu Huang in admiration as he said, "Prime Master Goldfeather's full name is Goldfeather Nana. She was the young disciple of Holy Spirit Goldfeather. A total of nine disciples were sent in. Goldfeather Nana wasn't the strongest disciple, but she was definitely the most scheming disciple."

"After she used disgraceful methods to get rid of the other competitors, she realized that the exit passageway of the Holy Spirit Mystic Realm couldn't be opened. She waited in the mystic realm for fifty years..."

"After realizing that something might have happened to the Holy Spirit Palace and that her mentor was most likely dead, Goldfeather Nana decided to stay in the Holy Spirit Continent. Later, she established the Divine Realm Academy and chose people with beast bloodlines among all intelligent creatures to help them awaken their beast form..."

"As time passed, she lived to become the Beast Tamer Grand Master you guys speak of."

Chapter 926: Yu Huang: Scram

"At that time, demon beasts were the most powerful existence on the Holy Spirit Continent. As the master of all demons, I became Goldfeather Nana's greatest threat. In order to stabilize her identity as the number one powerhouse, Goldfeather Nana approached me and tricked me into trusting her. Then, she secretly poisoned me. When my power dissipated, she led all the disciples to exterminate my demon beast race..."

Xiao Shu shook his head and chuckled as he said mockingly, "Poor me. At that time, I thought about how she was from the Holy Spirit Palace like me, and was forced to stay in a foreign land all alone. Seeing that she was alone, I felt pity for her. Who knew..."

Falling in love with Goldfeather Nana was the greatest humiliation in Xiao Shu's life.

"Actually, at that time, Prime Master Goldfeather and I didn't know what had happened in the Holy Spirit Palace, and I had been killed by Prime Master Goldfeather ten thousand years ago. However, from what had happened in the Holy Spirit Continent in the past few hundred years, Holy Spirit Goldfeather probably died, and like the Kunlun Divine Master, he sneaked into his mystic realm after his death."

"From his various actions over the years, I think he wants to be revived."

"That's right." Sheng Xiao agreed with Xiao Shu and said, "He does want to revive. I met him for the first time when I participated in the Central Pagoda challenge. At that time, I realized that he had been secretly killing talented Divine Master seed candidates."

Sheng Xiao looked at Xiao Shu in confusion. "I can understand that Holy Spirit Goldfeather wants to revive, but I don't understand why he wants to kill all the Divine Master seeds."

"Haven't you guessed the reason?" Xiao Shu told them, "Because the Holy Spirit Continent was created by Holy Spirit Goldfeather himself, as the creator, he is the heavens that rules this world. However, according to the rules of the three thousand worlds, once any small world produces a Divine Master from among themselves, this small world will escape the control of the original Creator and advance to a level-two intermediate world or a Great World!"

"Once the Holy Spirit Continent has its own Divine Master, it will lose contact with the Holy Spirit Continent and Holy Spirit Goldfeather won't be able to revive!"

"Therefore, any Beast Tamer who has comprehended the power of a Divine Master is an eyesore to Holy Spirit Goldfeather."

"He definitely won't allow Beast Tamers with the potential to become Divine Masters to successfully pass through the Central Pagoda to the Great World." At this point, Xiao Shu looked at Yu Huang silently and said, "I heard that before Prime Master Yin Mingjue entered the Great World, although he had terrifying cultivation talent, he had never comprehended the power of a Divine Master. I think he must have encountered a golden opportunity after entering the Great World and comprehended the power of a Divine Master."

"Therefore, after Prime Master Yin Mingjue returned to the Holy Spirit Continent, Holy Spirit Goldfeather sensed his strength and wanted to get rid of him."

It was unknown what Yu Huang thought of when she heard this, but her beautiful face suddenly turned pale.

"So..." Yu Huang clenched her fists and said with heartache, "So, the change in the Central Pagoda 24 years ago was a trap set by Holy Spirit Goldfeather for my father! And those 200 genius Beast Tamers were just bait used by Holy Spirit Goldfeather to lure my father into the trap! They all died because of my father?"

If this was the truth behind the change in the Central Pagoda back then, then if her father knew in the netherworld, he probably wouldn't be able to rest in peace.

The harsh truth was that those 200 genius Beast Tamers were Yin Mingjue's burial items.

Seeing that Yu Huang was very sad, Xiao Shu smiled again and said, "Although they died because of your father, your father died to save them! Moreover, your father sacrificed himself, his beast heart, and soul to seal the Time Gate in order to save the world."

"Yu Huang, you don't have to feel guilty about this."

"The one in the wrong is Holy Spirit Goldfeather."

Although this was the reason, Yu Huang still felt guilty about all the challengers who had died because of her father.

Sheng Xiao stared at Xiao Shu for a long time before asking curiously, "Why did you suddenly decide to tell us this?"

Beatrice and the others also looked at Xiao Shu in confusion.

That's right. Xiao Shu had hidden these things for so many years. Why did he suddenly decide to tell them?

"The disappearance of the Jade Illusion Continent and that person's restlessness made me understand that the Holy Spirit Continent is running out of time." Xiao Shu looked at them with a serious expression as he said, "I have a feeling that I will be implicated by him. I'm afraid that if I don't tell the truth, I won't have another chance."

"Xiao Shu!" Yin Rong suddenly grabbed Xiao Shu's arm and looked up at him. "He won't let you off?"

Xiao Shu looked at Yin Rong in silence.

Yin Rong understood what Xiao Shu meant.

Yin Rong suddenly said, "I'll accompany you."

These words were enough to move Xiao Shu.

Since he was able to meet Yin Rong, Xiao Shu had no regrets in his life. Xiao Shu reached out and caressed Yin Rong's face as he said, "Rong'er, thank you." Xiao Shu had already landed behind Yin Rong's neck.

Yin Rong smiled gently and firmly as she said, "You're my fiancé, my future husband. I'll be wherever you are."

Perhaps it was because he was touched or perhaps it was because he couldn't bear to part with her, but Xiao Shu's eyes were filled with tears.

He lowered his head and kissed Yin Rong's forehead as he said softly, "Rong'er, I love you." With that said, he suddenly clenched his right hand. Yin Rong's mind suddenly went blank, and she instantly fell into Xiao Shu's arms weakly.

Xiao Shu hugged the unconscious Yin Rong and stared at her reluctantly for a while before handing Yin Rong to Yu Huang. "Yu Huang, help me take good care of her."

Yu Huang hugged Yin Rong and asked Xiao Shu, "What are you going to do?"

Xiao Shu said, "Return to the abyss and prepare to fight to the death."

With that said, Xiao Shu stared at Yin Rong, who was in Yu Huang's arms. When he saw that Yin Rong was still frowning even though she was unconscious, Xiao Shu's heart ached. Xiao Shu said to Yu Huang, "If I can survive, I will bring the betrothal gift to the Yin Clan. At that time, you have to wed her to me in a grand manner. If I die..."

Xiao Shu closed his eyes and took a deep breath as he said in a choked voice, "In the future, if she wants to start a family, please help me find a reliable partner for her. If she doesn't want to start a family, please take care of her."

Yu Huang hated hearing these sorts of words the most. She snorted and scolded, "Get lost! Since you're so magnanimous, why don't you help her find a good man in advance?"

Xiao Shu gritted his teeth in anger when he thought of Yin Rong being with another man and getting intimate with him.

"Then tell her that I'll come back and marry her."

With that, Xiao Shu turned around and left.

Chapter 927: She Ying: Little Cuties (1)

Xiao Shu left.

He left in the direction of the abyss.

Yu Huang lowered her eyes and stared at Yin Rong, who seemed uneasy even in her unconscious state. She sighed and prepared to bend down to carry Yin Rong.

Sheng Xiao said, "Let me do it."

"No." Yu Huang carried Yin Rong up by the waist. Yu Huang was tall and thin, but every part of her body was muscular, so she carried Yin Rong easily. She glanced at Sheng Xiao and said sternly, "You're my man. How can you carry another woman?"

Sheng Xiao smiled. "I just don't want you to be tired."

"What's this? We're all tough people who can carry two thousand pounds of Black Spirit Stones on our shoulders. How heavy is Yin Rong?" With that said, Yu Huang carried Yin Rong and led the way down the mountain.

Beatrice patted Sheng Xiao's shoulder and held back her laughter as she said, "Don't underestimate us women."

Sheng Xiao sneered. "Now you think you're a woman?"

Beatrice shrugged. "Being a woman isn't that bad."

Feng Yuncheng was overjoyed when he heard this. "Your Highness, where are you going next? Are you returning to the Divine Moon Empire or going elsewhere?" After asking, before Beatrice could answer, Feng Yuncheng continued, "I'll go wherever you go. If you're not in a hurry to go, then..."

Beatrice raised her eyebrows and asked him, "What?"

Feng Yuncheng smiled and said, "It's my mother's birthday next week. I was gone for more than three years, so I should go back and celebrate her birthday with her. Besides, we're going to the Great World in four months. I wonder how long it will be before we can reunite again..." Feng Yuncheng looked at Beatrice expectantly as he boldly invited, "Your Highness, there are many interesting customs in the Ice Domain Continent. I want to bring you there to take a look."

Beatrice was stunned.

Donor gave Beatrice an ambiguous smile and said, "Yuncheng wants to take you to see your in-laws!"

Beatrice's ears turned red.

She subconsciously buttoned the seam of her tight pants with both hands and stammered, "Meet your parents?" Beatrice's scalp went numb at the thought of that scene. "I'm not ready yet." Beatrice didn't have the guts to follow Feng Yuncheng home, so she rejected him. "Maybe next time."

Hearing this, Feng Yuncheng was filled with disappointment.

However, he quickly pulled himself together and said with a smile, "I've long heard that the Divine Moon Empire is rich and prosperous, and Jingdu is the number one capital city on the continent. No one has ever shown me around properly. Your Highness, are you willing to show me around Jingdu?"

Beatrice knew that Feng Yuncheng wanted her to bring him back to the Imperial City to see her brother and elders.

However, she felt that it was too early.

Beatrice wanted to reject him, but when she met Feng Yuncheng's expectant and feverish gaze, her heart softened.

Feng Yuncheng was overjoyed when he heard her agree. Donor turned to Estelle and said, "It seems that I will have to pay up for the bet I made with Yu Huang back then."

Estelle remembered the bet.

Three years ago, Feng Yuncheng successfully moved Beatrice in the lounge of the Holy Spirit Academy and became her boyfriend. It was also on that day that Donor and his classmates betted on whether Beatrice and Feng Yuncheng would get married in the end.

Estelle remembered that Donor and the other students had all cast white stones. Only Yu Huang and Mo Yuelou had cast black stones.

Therefore, when he saw that Feng Yuncheng and Beatrice's relationship was developing so quickly and smoothly, Donor, who thought that the two of them wouldn't succeed, was disproved.

He was going to have to pay up heavily.

Estelle couldn't help but laugh when he saw Donor's vexed expression. "Serves you right."

Donor glared at him resentfully. "Who are you scolding?"

Estelle turned around and walked down the mountain.

When they reached the foot of the mountain, they were surprised to see a pink open-air bus waiting for them by the cement road.

The woman sitting in the driver's seat was wearing a tight black skirt that was smooth and tight. The skirt was very short, and it was just enough to cover her perky buttocks. Her waist was slender, and she even specifically used scissors to cut a few slender holes at the waist of the skirt to reveal a portion of her tan waist.

The woman was wearing a pair of black snake-shaped high heels. The snake-shaped straps that clung to her calves were filled with sparkling diamonds.

Chapter 928: She Ying: Little Cuties (2)

They were all real diamonds.

When they saw this woman, Yu Huang and the others felt that it had been a long time since they had seen her.

She Ying placed her left hand on the steering wheel while her right hand charmingly swept away the long hair hanging on her forehead. She turned around and smiled brightly at Yu Huang and the others as she said with a smile, "Long time no see. Why aren't you guys greeting me?"

Sheng Xiao and the others immediately bowed to She Ying. "Senior She Ying! Long time no see."

On the day the Grand State Master died, in order to save the Grand State Master, She Ying had once revealed her original python body in front of countless Beast Tamer experts. From that day onwards, She Ying's identity as a demon beast could no longer be hidden.

Three years after the Grand State Master died, Senior She Ying disappeared with the Grand State Master for three years. Since a person they thought they would never see again suddenly appeared in front of them, Sheng Xiao and the others were surprised.

No one expected She Ying to be willing to see them again in such a crisis.

"On the first day of school, I personally brought you guys to the Holy Spirit Academy. After you guys graduate, I naturally have to send you guys off personally." She Ying put down the hand brake and whistled at them as she said, "Get in the car, graduates!"

Sheng Xiao and the others got into the car in an orderly manner.

After they sat down, they fastened their seatbelts immediately.

The safety latch had just made a crack when the bus rushed forward for more than a hundred meters like a rocket. Then, it quickly drove in the direction of Rakshasa City.

The strong wind swept up She Ying's charming curly hair. Under the sunlight, her face was glowing.

She looked like she had completely overcome her grief over the Grand State Master's death. There was no longer any trace of sorrow on her face.

As Yu Huang stared at the smile on She Ying's lips, she guessed that the Grand State Master must have recovered quite well. That was why She Ying was so happy and relaxed.

Soon, they arrived at Rakshasa City.

Rakshasa City was still the same. It was chaotic. Gunshots and fighting could be heard on the street at any time.

However, no one dared to stop the bus.

Everyone knew that the pink tour bus was the car of the owner of Bounty Street's Jin Chao Cafe. Now, she was the true master of this city.

As outlaws, they were at She Ying's mercy.

After She Ying stopped the bus at the entrance of the dilapidated airport, she stepped on the brakes, pulled up the hand brake, and stood up elegantly. As She Ying leaned against the control panel of the bus, she stared at the faces in front of her. Although they were young, they were filled with courage and fighting spirit. She suddenly smiled.

"Congratulations on graduating successfully!" Then, She Ying took out a firecracker from somewhere and fired at Sheng Xiao and the others.

Bang!

The firecracker shot into the sky and exploded, turning into countless red rose petals that floated down to every corner of Rakshasa City and landed on Yu Huang and the others.

She Ying immediately became impatient. She waved her hand and shouted, "Alright, you've graduated already, so get lost!"

Sheng Xiao and the others quickly stood up and got out of the bus obediently.

Yu Huang handed Yin Rong to Beatrice. After Beatrice and the others alighted, she walked to She Ying.

Seeing that Yu Huang and She Ying still had something to say, Beatrice and the others thoughtfully entered the airport first.

"Godmother." Seeing that there was no one around, Yu Huang obediently called She Ying her godmother.

When facing Yu Huang, She Ying could no longer maintain her fierce expression. She Ying first hugged Yu Huang forcefully, then pinched her face with both hands, as if Yu Huang was a cute little animal.

Yu Huang's face hurt from the rubbing. She held her aching face as she protested softly, "Godmother, you're rubbing me so hard that it hurts. I'm not a pet!"

She Ying's eyes were filled with amusement as she said, "I'm sorry, I've started raising a little pet recently. He's chubby and I'm used to rubbing his face, so I can't help but want to rub yours."

She Ying's words had a double meaning.

The little animal she was talking about was Mo Xiao.

The little animal was chubby, which meant that Mo Xiao had already woken up and was recovering well.

Since rubbing his face had become a habit, it meant that Mo Xiao was in a good mood.

In a short sentence, she revealed all the information Yu Huang wanted to know to her.

After knowing that her adoptive father had already woken up and was living with her adoptive mother every day, Yu Huang finally felt at ease.

"It seems that you've taken good care of your beloved pet."

"That's my darling. In order to fatten him up, I catch demon beasts for him to eat every day. His current life is much better than when he was a child." She Ying couldn't help but pinch Yu Huang's cheek again as she said in relief, "I'm really proud of you for being able to walk out of the Kunlun Mystic Realm alive."

She Ying wanted to say this to Yu Huang, and so did Mo Xiao.

She Ying came today to deliver a message for Mo Xiao.

Yu Huang understood and nodded. When she saw Sheng Xiao waving at her at the entrance of the airport, she realized that it was time to register, so she bade farewell to She Ying.

She Ying watched Yu Huang enter the airport before leaving.

Sheng Xiao held Yu Huang's hand and pulled her to the ticket gate. As they walked, he said, "We've decided to go to Jade Illusion Continent to take a look."

"Alright." Yu Huang had the same intention.

The Jade Illusion Continent was at the southernmost tip of the Divine Sea. They needed to take a plane to Green City, the capital of the Hodges Empire, south of the Divine Sea, before heading to the southernmost border of the Hodges Empire. It would take ten hours to fly from Rakshasa City to the Hodges Empire.

Two hours later, Yin Rong woke up.

When she woke up, she realized that Xiao Shu wasn't beside her. When she felt a dull pain in her neck, she guessed what had happened.

Chapter 929: If He Wants to Be a God, Then Kill Him (1)

Seeing that Yin Rong remained silent, Beatrice was worried that her imagination would run wild, so she thought about how to comfort Yin Rong. At this moment, Yin Rong noticed her companions' reactions. She shook her head and lowered her eyes as she said, "I'm fine. You don't have to worry about me. I won't foolishly run to the abyss to look for him."

Since Xiao Shu had handed her to Yu Huang, staying by Yu Huang's side was definitely the safest choice.

Yin Rong didn't know what Xiao Shu wanted to do, but she chose to believe him.

Seeing that Yin Rong could figure it out herself, Yu Huang and the others heaved a sigh of relief.

After a while, Yin Rong asked them again, "Didn't he ask you guys to convey anything to me?" Yin Rong didn't believe that Xiao Shu would leave just like that after handing her to Yu Huang.

"Yes." The honest Estelle nodded and subconsciously wanted to convey Xiao Shu's message to Yin Rong.

Yu Huang guessed what Estelle would say, so she hurriedly said to Yin Rong, "He asked us to tell you that he would come back and marry you."

Yin Rong was stunned, and then her beautiful face flushed.

Estelle blinked and looked at Yu Huang in confusion as he mouthed, "But Xiao Shu didn't just say that."

Yu Huang glared at Estelle coldly. Only then did Estelle realize that saying the rest would only make Yin Rong sad. He hurriedly covered his mouth and reflected in frustration, "I'm someone who has already reincarnated twice, so why am I still so stupid?"

Yin Rong quickly smiled and said, "I believe him."

Since Xiao Shu had promised to come back and marry her, he would definitely try his best to survive.

What Yin Rong wanted to see the most was Xiao Shu safe and sound.

The plane arrived at Green City, the capital of the Hodges Empire, late at night. The seven of them planned to rent a car to drive to the southern border.

The Hodges Empire was an economically backward country. As the capital, Green City wasn't very prosperous. At midnight, almost all the shops in the city were closed. After they left the airport, they took a taxi to the nearest car rental shop.

The car shop was also closed, but there was a billboard at the entrance with the manager's number.

Yin Rong called the manager, who happened to live in the company dormitory upstairs. He didn't know that Yin Rong and the others were Beast Tamers, so he ran down in his pajamas.

When he went downstairs, he saw seven handsome and noble young people standing in front of the door. As the manager and owner of the car shop, the middle-aged man instantly became reserved. "Lords, are you guys planning to sell or rent a car?" His voice was quivering.

Green City was economically backward. Only a few Beast Tamers awakened their powers here every few years. There wasn't even a treatment center or a Beast Tamer branch here. The Supreme Master mayor was the strongest Beast Tamer here.

Therefore, when the owner of the car shop, who was a commoner, suddenly saw a group of young and extraordinary Beast Tamers, he acted like a mortal who had seen a god. He couldn't even stand properly.

Seeing that the other party was very nervous, Yin Rong smiled gently at him and silently released a trace of spiritual power.

The Three-Eyed Unicorn was an auspicious beast. The spiritual power of an auspicious beast could calm commoners.

The owner of the car shop gradually regained his composure under the influence of Yin Rong's spiritual power.

He opened the car door and invited Sheng Xiao and the others in. He asked warmly yet nervously, "Sir, what can I do for you?"

Yu Huang told the owner, "Are there seven used cars for rent in the car shop?"

"Yes, yes!" The owner was somewhat surprised. In his impression, Beast Tamers were all impressive big shots who flew on swords. He didn't expect that Beast Tamers would rent cars, and second-hand cars at that.

This was too down-to-earth.

The owner brought them into the second-hand car exhibition hall next door. Yu Huang and Beatrice knew a lot about cars, so the two of them were in charge of choosing cars, while Feng Yuncheng and the others asked the owner about the situation in the Jade Illusion Continent.

When the owner found out that they were going to the southern border to investigate the situation of the Jade Illusion Continent overnight, he immediately revealed a nervous and terrified expression.

"You're going to the Jade Illusion Continent? That's a dangerous place now. Ever since the Jade Illusion Continent disappeared, the original location of the Jade Illusion Continent has become a terrifying void. It's said that anyone who approaches that void will be sucked in by an unknown force."

"During this period of time, the residents of the southern border cities have been migrating north under the government's arrangement."

Chapter 930: If He Wants to Be a God, Then Kill Him (2)

At this moment, everyone wanted to escape from the southern border, but these big shots wanted to go against the flow. This was truly admirable.

However, no matter how the owner dissuaded them, Yu Huang and the others still decided to head to the southern border.

Yu Huang and Beatrice chose a black seven-seater used car. It was a van. The car was in good condition and the interior was clean.

When they asked about the price of the car, the owner waved his hand and said, "It's free. This car is not expensive to begin with. You guys can just drive it away."

Yu Huang naturally wouldn't drive away the other party's car for free.

Business people relied on this to earn money. If they drove away without paying, to put it bluntly, it would be bullying.

Seeing that Yu Huang was about to pay, the owner was so anxious that he stomped his feet and hurriedly shouted, "Don't! Really! It's my honor to have you guys come to my car shop to take care of my business. At dawn tomorrow, I'll spread the news that the Beast Tamers came to my shop to buy cars. I guarantee that all the customers in the city who need to buy cars will come to my shop to take a look."

"Take this car as advertising fees!"

The owner said it sincerely. He really didn't want Yu Huang and the others' money.

Yu Huang looked at Sheng Xiao. Sheng Xiao shook his head at her and said, "We'll listen to you."

"Okay."

Beatrice drove while Yu Huang sat in the front passenger seat. The others squeezed into the back seat.

Beatrice started the car and was about to leave when Yu Huang noticed that the owner was looking at their car. Yu Huang frowned and said to Beatrice, "Don't drive yet."

"What's wrong?" Beatrice did as she was told.

After Yu Huang rolled down the car window and stuck her head out, she looked at the owner as she asked him, "Mr. Zhang, is there anything else?"

After Mr. Zhang strode to the car and looked up at Yu Huang, he hesitated for a moment before saying in a low voice, "Recently, there have been rumors on the internet. They say... that the disappearance of the Jade Illusion Continent is not the end. It's just the beginning. The Holy Spirit Continent is facing the most serious calamity in history."

Mr. Zhang stared at Yu Huang uneasily as he bit his lip and said, "Will we... die?"

When the people in the car heard Mr. Zhang's words, they fell silent.

Mr. Zhang looked very calm, but his fluttering eyelashes revealed the uneasiness in his heart. At this moment, not only Mr. Zhang, but everyone on the Holy Spirit Continent was afraid.

Yu Huang could have pretended that nothing would happen and comforted Mr. Zhang that the rumors were fake and that the continent wouldn't encounter any calamity.

However, the calamity had already begun to descend. What was the use of escaping?

Yu Huang didn't know how to comfort people, so she just told Mr. Zhang bluntly, "Everyone will eventually die, but please believe that when the calamity descends, the Beast Tamers and soldiers will definitely be the people at the forefront. Even if you guys die, we will die before you guys."

With that, Yu Huang closed the window and said to Beatrice, "Let's go."

Beatrice started the car in silence and set off for the southern border.

Mr. Zhang stood on the spot in a daze as he watched Yu Huang and the others leave. He didn't turn around to leave even after a long time. His eyes were already filled with tears.

* *

After a night of traveling, Yu Huang and the others finally arrived at the southern border before dawn the next day.

At the border, there were two boundary stones.

On the boundary stone near the Divine Sea, there were the words 'Divine Sea Realm'. On the boundary stone near the back, there were the words 'Jade Illusion Continent'.

The boundary stone of the Divine Sea was buried in the soil, but there wasn't anything under the boundary stone of the Jade Illusion Continent. If not for the electric net at the border wrapped around this boundary stone, this boundary stone would have disappeared with the Jade Illusion Continent.

As Yu Huang and the others stood on the other side of the electric net and silently gazed at the empty space opposite them, shock appeared on everyone's faces.

Opposite them, there was a dark space that was vast and bottomless. It was so big that it seemed to be able to fit the entire universe into it, but it was so small that it refused to accept even a speck of dust, a ray of sunlight, a drop of rain, or a breeze.

It was a lifeless chaotic space.

Even though they had already found out about Jade Illusion Continent's situation from Di Ruofeng's story, Yu Huang and the others still felt shocked and afraid when they really saw the chaotic space created after the Jade Illusion Continent was uprooted.

Was this the power of a Divine Master?

He didn't need to do anything. He only needed a thought to completely destroy everything on the Jade Illusion Continent.

"Where did Jade Illusion Continent go?" Estelle asked blankly.

Where did all the living beings living on such a huge land go?!

Sheng Xiao's fingers trembled as he said hoarsely, "They're gone." At that moment, he finally understood what Di Ruofeng meant.

They were gone, meaning that they would never see them again and they would never come back.

This soil and the people who lived on it were gone.

Holy Spirit Goldfeather created the Holy Spirit Continent, and was slowly taking the Holy Spirit Continent back bit by bit.

Sheng Xiao suddenly grabbed the electric net in front of him. As soon as his fingers touched the electric net, countless electric currents flowed into his body through his fingers. However, this electric current couldn't cause any harm to a Grand Master Beast Tamer.

"He gave life to this world, but he's not the master of this world!" Sheng Xiao's eyes were bloodshot as he looked down at his companions and said in a choked voice, "He said that he's a god and the creator of this world, but how can a god kill the innocent?!"

"Since he wants to be a god, let's kill God!"

Kill God!

This was a blasphemous thought.

But at this moment, it became everyone's goal.

"Alright, let's kill God!"
