Chapter 991: Mo Xiao: I Think I'm Wrong

However, Mo Xiao clearly didn't intend to let Yu Huang off easily today. He asked Yu Huang again, "Why do you think the Divine Masters of the ancient era suddenly died? Why do you think that after they died, there were very few records of their existence in the three thousand worlds?"

Seeing that Mo Xiao insisted on hearing her answer, Yu Huang knew that she couldn't avoid it. She could only bite the bullet and say her guess. She said, "I think that above Divine Masters, there is a powerhouse that is unknown to mortals. This person is also the culprit who caused the deaths of the Divine Masters."

Thinking about how after Holy Spirit Goldfeather, Kunlun, and the others died, they destroyed the Central Pagoda and severed their connection with the three thousand worlds, Yu Huang felt that her analysis was very likely right.

Mo Xiao looked at Yu Huang in satisfaction and said, "As expected of my successor." Mo Xiao stared at the abyss eye in front of the dim light and said, "Holy Spirit Goldfeather destroyed the Central Pagoda to avoid that person."

"Similarly, the Kunlun Divine Master did so with the same purpose."

After Mo Xiao let go of the lamp in his hand, the glass bottle immediately fell vertically and smashed in front of Yu Huang's toes with a shattering sound.

Without the seal of the glass cover, the firefly immediately flapped its wings and flew up. However, it had only flown a few millimeters when it was pulled into the abyss eye by the force lingering around Yu Huang and the others.

As she watched helplessly as the fireflies and those spiritual bodies were devoured by the abyssal eye, Yu Huang's lips parted slightly, and her expression was solemn.

Only a mere firefly died, but she still felt very sad.

At this moment, Yu Huang heard Mo Xiao sigh softly. "Ah Huang, that 'thing' is devouring the spiritual power of this world through the abyss eye. After all the spiritual power is completely devoured, what do you think he will do?"

Yu Huang didn't dare to think too deeply about this question.

However, Mo Xiao asked patiently again, "Tell me, what do you think he wants to do?"

Yu Huang said in bewilderment, "Godfather, do you think that 'thing' is going to devour the Holy Spirit Continent without anyone knowing?"

"Devour the Holy Spirit Continent?" Mo Xiao lowered his eyes and stared at the energy storm in the abyss eye without talking.

Yu Huang thought that Mo Xiao didn't hear her answer.

After they stood silently beside the abyss eye for a long time, Mo Xiao finally spoke. "Many years ago, I sensed a calamity on the continent, but I thought that Holy Spirit Goldfeather was the creator of that calamity."

"But now, I feel that I was wrong." As Mo Xiao looked at the sinister and terrifying abyss eye in front of him, he felt the destructive power coming from the depths of the eye that even he couldn't withstand. He muttered softly, "The person hiding behind Holy Spirit Goldfeather might be the one who will really bring disaster to the Holy Spirit Continent."

The intuition of a clairvoyant wasn't just intuition. It was the power of foresight.

Mo Xiao had predicted that the the continent's real crisis was coming!

"If we wait for death, we will all die. If we send the prodigies with the most potential to the Upper World, the continent might still have a chance of survival." Mo Xiao pressed Yu Huang's shoulder hard as he lamented sadly, "Ah Huang, you have to fly to the Great World. This is your glory and duty."

Glory.

Duty.

These words pressed heavily on Yu Huang's chest, making her feel suffocated.

"Let's go."

Mo Xiao turned around and returned the way he came.

After Yu Huang came back to her senses, she hurriedly chased after him.

When they returned to the primitive forest, Yu Huang realized that the sky was already dark. When she looked down at her watch, Yu Huang realized that it was already three o'clock in the morning.

They actually spent 11 hours in this abyssal rift.

Just like when they came, Mo Xiao pulled Yu Huang back to the Jade Illusion Continent and returned to the corridor of the Demon Beast Academy.

The two of them left the school building and passed through the school field. Just as they reached the entrance of the school, Yu Huang saw Sheng Xiao waiting for her outside.

He was wearing a black turtleneck sweater and a gray coat. His slender neck was slightly bent, and he was standing with his back facing Yu Huang and the others. He looked like he was... smoking.

When Mo Xiao saw that Sheng Xiao was here to pick Yu Huang up, he said, "I'll get going first."

After Mo Xiao left, Yu Huang nodded at Sheng Xiao and shouted, "Brother Xiao."

Sheng Xiao turned around immediately when he heard Yu Huang's voice.

He was indeed holding a cigarette in his hand, but it wasn't an ordinary nicotine cigarette. It was the Soul Calming Medicine that Mrs. Sheng had specifically prepared for him.

Yu Huang hadn't seen Sheng Xiao smoke this thing in a long time.

He would only take a few puffs when he was extremely uneasy or flustered.

When Sheng Xiao saw Yu Huang and Mo Xiao, joy flashed across his eyes. He broke the Soul Calming Cigarette in half and put the remaining half in his pocket. Then, he strode towards Yu Huang. As he looked down at her, he couldn't hide his panic. "Where did you go?"

Yu Huang was about to answer when she heard her phone ring.

Seeing that the caller was Yin Rong, Yu Huang gestured to Sheng Xiao to wait a moment before picking up the phone. "Yin Rong."

"Patriarch!" Yin Rong's tone was anxious, as if she was worried about something. She asked with concern, "Patriarch, where did you go? Young Master Sheng called me earlier and said that you and the Grand State Master had disappeared. We were worried for a long time."

"Where did you go?"

Yu Huang looked at Sheng Xiao when she heard Yin Rong's question.

Yu Huang looked into Sheng Xiao's eyes. He seemed calmed, but there was uneasiness and worry in Sheng Xiao's eyes. Only then did Yu Huang understand why Sheng Xiao was smoking at the school gate.

"I'm fine." Yu Huang hung up the phone after telling Yin Rong that she was fine. Then, she held Sheng Xiao's hand and asked, "Brother Xiao, did you think something happened to me?"

When Sheng Xiao felt the warmth from Yu Huang's fingertips, only then did he calm down.

He said, "I thought..." Sheng Xiao's voice suddenly became hoarse as he said sadly, "I thought you disappeared."

"Disappear?" Yu Huang didn't understand why Sheng Xiao would think that way.

She had only disappeared for 11 hours. Why was Sheng Xiao so nervous?

"My father told me." Sheng Xiao saw Yu Huang's puzzled expression and added, "I already know about the abnormality in the abyssal rift."

Yu Huang finally understood what Sheng Xiao meant. "Did you think my disappearance was related to the abyss rift?"

Sheng Xiao nodded and admitted it.

"I'm fine." Yu Huang held Sheng Xiao's hand and they talked about what happened today as they walked towards the hotel.

When she returned to the hotel, Yu Huang saw Sheng Yang and Sheng Lingfeng.

The climate in Jade Illusion Continent was relatively cold. During the mid-autumn season, the temperature at night had already fallen to five to six degrees. Sheng Yang, who had grown into a young lady, was already 169 cm tall. She was wearing black boots, black pants, and a white deerskin jacket over her tight sweater.

Even so, her nose was still red from the cold.

Sheng Lingfeng and his wife held hands as they stood behind Sheng Yang while talking.

Chapter 992: Accidentally Triggering the Eternal Eye

Sheng Yang smiled when she saw Sheng Xiao and Yu Huang return hand in hand. Her smile was very charming.

“Brother, Sister-in-law Yu Huang!”

Sheng Yang walked over and held Yu Huang’s hand as she said, “Sister-in-law, you’re finally back. Dad and Mom said that our family will go out to eat barbecue tonight.”

Sheng Yang seemed to look forward to eating barbecue. She said, “I’ve never eaten barbecue at a street stall with my family before.”

With that, Sheng Yang turned to ask Sheng Lingfeng, “Daddy, is today a special day?”

As the Patriarch and Madam of the Sheng family, they weren’t people who would go eat in the streets.

Therefore, when Lan Yao decided to bring the children to eat barbecue for the first time, Sheng Yang was shocked.

Lan Yao looked at Sheng Xiao and Sheng Yang gently as she said, “I remember that when you two were young, when we went to Jingdu for sightseeing, you saw a barbecue stall by the roadside and wanted to eat it. It’s cold tonight, so it’s suitable for the family to eat barbecue and drink beer together.”

It was mainly because Lan Yao wanted her children to enjoy the simple pleasures ordinary children did, like eating barbecue, drinking beer, and chatting about family matters.

Yu Huang knew Lan Yao’s thoughts.

Tomorrow was the last day, and she felt reluctant to part with them.

Jade Illusion Continent’s barbecue shop was extremely popular. It was Grand Master Pupu An’s new barbecue shop.

Grand Master Pupu An’s parents started out in the barbeque business. Pupu An had also inherited his parents’ teachings. When Yu Huang and the others arrived at the barbeque shop, the tables in the barbeque shop were all filled.

However, Sheng Lingfeng had called in advance and Pupu An had reserved a table for them.

Yu Huang and the others were absentminded, so they couldn’t enjoy the barbecue. Only Sheng Yang, who didn’t know the truth, ate happily.

As she drank beer with Yu Huang and the others, she chatted freely. She said, “In another two years, I can participate in the Doomsday Battlefield. At that time, I have to get accepted by the Holy Spirit Academy!”

Even if the Central Pagoda no longer existed and they couldn’t go to the Great World, the Holy Spirit Academy was still very attractive to Sheng Yang and the others.

Yu Huang smiled and said, “Then you have to work hard.”

Sheng Yang frowned and put down the roasted chives in her hand as she muttered, "It's just a little strange. I've been cultivating every day recently, but I keep feeling that I can't absorb spiritual power."

Sheng Yang tilted her head and asked Yu Huang and Sheng Xiao, "Brother, Sister-in-law, is this the so-called bottleneck period?"

Sheng Lingfeng, Sheng Xiao, and the others fell silent.

Sheng Yang was frightened by their reaction. "Could it really be a bottleneck?" Sheng Yang shook Yu Huang's arm and asked curiously, "In that case, what should I do to break through the bottleneck as soon as possible?"

"Sigh, I've been cultivating, but I haven't improved at all. I can't even successfully collect a single trace of spiritual power. How despairing."

Sheng Yang supported her chin with her right hand and looked at Yu Huang enviously as she lamented, "A genius like Sister-in-law probably doesn't know what a bottleneck is."

"Yang Yang." Sheng Xiao suddenly interrupted Sheng Yang.

Seeing that her brother had something to say, Sheng Yang glanced at him aloofly and said, "Why are you calling me?"

Sheng Xiao glanced at Sheng Lingfeng and the others.

Seeing that his parents had no intention of objecting, he said in a low voice, "Yang Yang, didn't you encounter a bottleneck?" He stared at Sheng Yang sympathetically as he told her in a low voice, "The continent is out of spiritual power."

Sheng Yang was stunned.

"Wh-what?" Sheng Yang thought she had misheard him.

Sheng Lingfeng sighed and told Sheng Yang about the crisis facing the Holy Spirit Continent.

After knowing that the spiritual power of the continent was being devoured by an unknown and powerful thing, and that the continent might be in danger, Sheng Yang immediately felt that the barbecue in front of her was no longer delicious.

"So, tomorrow!" Sheng Yang looked at her parents' still young faces and then at her brother and sister-in-law. With tears in her eyes, she said, "Tomorrow is when our family will part?"

"Yes." Sheng Xiao lowered his head in anguish.

Sheng Yang shook her head with an expression of disbelief. "I don't believe you!"

Sheng Yang smashed the beer bottle beside her and said, "The Creator is the strongest person in this world. I don't believe that we can't resolve the crisis of the world after defeating the Creator."

"I don't believe it!"

Seeing that Sheng Yang was having a meltdown, Lan Yao hurriedly hugged Sheng Yang to comfort her.

Yu Huang, on the other hand, stared at the pile of broken beer bottles on the table. As she stared at it, her brown eyes suddenly turned into two dark abysses.

At that moment, Yu Huang suddenly appeared in the vast universe. Sheng Xiao, Lan Yao, and the others were gone.

Yu Huang stared at the galaxy she was in and was stunned.

At that moment, a green line suddenly appeared in front of her.

Immediately after, countless green lines appeared.

Those lines began to quickly intertwine with each other.

The horizontal lines intersected with the other horizontal lines, and the vertical lines intersected with the other vertical lines. Soon, they intertwined and formed the longitude and latitude line of the Holy Spirit Continent!

When she saw this scene, Yu Huang's heart suddenly raced.

She suddenly felt afraid and terrified.

An invisible force was urging her to reach out and touch the green line.

Yu Huang extended her right arm while trembling. She was unwilling, but the energy forced her to press her hand on the green horizontal line.

The moment she pressed her hand on it, the horizontal and vertical lines under Yu Huang's palm suddenly broke!

At this moment, the world in front of Yu Huang changed.

The entire Holy Spirit Continent actually appeared in front of Yu Huang. They seemed to have shrunk by thousands of times and turned into a picture, a scene.

As Yu Huang stared at the Holy Spirit Continent in front of her, she saw a black hurricane eye in the center of the continent. In the north, south, east, and west of the eye, there was a long and narrow crack.

This wasâ€¦!

Abyssal rift!

Yu Huang once again felt a strong sense of uneasiness.

The Abyssal Origin Forest was located in the middle of the Holy Spirit Continent.

The abyss rift was in the middle of the primitive forest.

The abyss rift was the center of the entire Holy Spirit Continent!

Yu Huang suddenly realized that the 'thing' hiding in the dark had actually set the abyss rift in the center of the continent as a premeditated scheme!

Suddenly, a terrifying chaotic force spread towards the surroundings of the Holy Spirit Continent with the abyss rift as the center.

Wherever that force passed, the Holy Spirit Continent turned into nothingness!

Just like how Holy Spirit Goldfeather had swallowed the Jade Illusion Continent, that 'thing' had also swallowed the entire Holy Spirit Continent!

The Holy Spirit Continent disappeared just like that.

After it disappeared, the place where the Holy Spirit Continent originally existed turned into nothingness and quickly fused with the universe.

When Yu Huang saw this scene, her heart raced in disbelief.

She realized something and suddenly punched her chest hard. The intense pain instantly pulled Yu Huang back to the real world.

"Ah!"

Yu Huang suddenly clutched her chest and spat out some blood on the table.

Seeing this, Sheng Yang was so frightened that she stopped crying. Lan Yao also looked at Yu Huang in shock.

At this moment, Yu Huang's beautiful face was pale, as if she had suffered serious internal injuries.

Sheng Lingfeng looked at Yu Huang worriedly and asked with concern, "Ah Huang, what's wrong? When did you suffer internal injuries?"

Sheng Xiao was so frightened that his expression changed. When he touched Yu Huang's hand worriedly and realized that it was bone-chilling, he panicked.

"What's wrong?"

Yu Huang's reaction gave Sheng Xiao the feeling that he might lose Yu Huang.

Yu Huang picked up a tissue on the table and wiped the blood from the corner of her mouth as she explained in a weak voice, "I accidentally triggered the Eternal Eye just now and saw many secrets that couldn't be revealed, so my body suffered a backlash."

Hearing this, everyone was even more worried.

Sheng Lingfeng asked her, "What did you see?"

Yu Huang trembled uncontrollably as she closed her eyes weakly and said in despair, "I saw that the mysterious force that erupted from the abyss instantly swallowed the entire Holy Spirit Continent."

Yu Huang spread out the five fingers of her right hand and said in fear, "In less than five seconds, the entire Holy Spirit Continent disappeared."

Hearing this, Sheng Lingfeng fell onto the rubber chair and was speechless for a long time.

Sheng Yang was already rendered speechless by the scene described by Yu Huang. Her rosy lips trembled a few times before she asked in disbelief, "Just like the Jade Illusion Continent, it suddenly disappeared?"

"Yeah."

Sheng Yang was completely stunned.

Chapter 993: Different Positions, Different Information

To be able to wipe out the entire Holy Spirit Continent in a few seconds, what kind of colossus was hidden in the huge abyss eye?

Previously, when she found out that the four Prime Masters and a thousand Grand Masters were going to activate the Sky Penetrating Array tomorrow and send 12 genius youths to the Great World, Sheng Yang found it ridiculous and incomprehensible.

She thought that they could defeat the mysterious thing under the abyss eye like they had defeated Holy Spirit Goldfeather.

However, Yu Huang was the owner of the Eternal Eye. What she saw through the Eternal Eye was the future that would definitely happen.

After knowing that the Holy Spirit Continent would be devoured by the thing in the abyss, Sheng Yang realized that her father and the others were right.

Taking a deep breath, Sheng Yang wiped the tears off her face and raised her head to shout at the snakeman staff beside Pupu An, "Please get us another box of beer!"

"Okay!"

The snake man wagged his tail and walked over with a box containing 12 bottles of beer. After he placed the beer on the table, he said, "Our boss said that this box of beer is on us."

Hearing this, Sheng Lingfeng turned around and gave Pupu An a thumbs up. "Thank you, Mr. Pupu An."

As a Grand Master with a high cultivation level, Pupu An was also someone who would sacrifice himself for the Sky Penetrating Array. He naturally understood why Sheng Lingfeng and his wife brought the three children here to eat barbecue tonight.

It was the revelry before parting.

Pupu An smiled and said, "Tonight, we won't return until we're drunk."

"Okay!"

After Sheng Xiao opened the caps of all the beer and placed it in the middle of the table, he said, "Come on, let's drink to our heart's content tonight."

"Okay!"

They chatted as they drank.

They talked about the interesting things that happened to Sheng Xiao and his sister when they were young. They talked about the various scenes of Sheng Lingfeng and his wife meeting in the Demon Beast Continent. Unknowingly, Sheng Yang and Sheng Xiao downed three of the 12 bottles of beer. Yu Huang and Sheng Lingfeng drank two bottles each.

When the table was filled with empty wine bottles, the sky lit up slightly.

As Sheng Xiao stared at the mess on the table, his eyes turned red.

Sheng Xiao wiped his eyes hard and suddenly lowered his eyes to ask, "When will the next time I come here to eat barbecue and drink beer be?"

The four people at the table suddenly fell silent.

Suddenly, a rough palm pressed on Sheng Xiao's back.

Sheng Xiao looked up slowly and met his father's solemn gaze. Sheng Lingfeng looked at his eldest son with relief and reluctance as he said, "Xiao'er, parents bring their children into this world. Everyone has to face the future of their children sending their parents off."

"And you're just sending us away a little earlier." After a pause, Sheng Lingfeng held Sheng Xiao's hand tightly. "You don't have to be too sad."

Sheng Xiao looked at his parents with tears in his eyes.

After recovering a portion of his memories, he had already awakened his sense of belonging to the Black Qing Sky Dragon Race. However, the Sheng clan and his parents who had given birth to him and raised him were also people he couldn't let go of the most.

"Dad."

"Mom."

Sheng Xiao's address stunned Sheng Lingfeng and Lan Yao.

Immediately after, tears welled up in their eyes.

Sheng Xiao held his parents' hands and lowered his head to kiss the back of their hands with the most pious and grateful emotions. When two streams of tears landed on the back of Sheng Lingfeng and his wife's hands, they felt a lump in their throats.

Sheng Xiao choked on his tears as he said, "I'm grateful for your kindness. Don't worry, I will return to the Holy Spirit Continent with Yu Huang."

"The day we return will be the day the crisis on the continent is resolved!"

Lan Yao was so saddened that she turned her head in another direction, and tears fell.

Sheng Lingfeng's eyes were filled with tears as he held Sheng Xiao's finger and said, "Alright! I believe you will be able to come back."

He also believed that the crisis on the continent would eventually be resolved.

...

After leaving the barbecue shop, the family returned to the hotel in silence.

In the corridor outside the room, Sheng Xiao saw Sheng Zhou standing at the door.

Sheng Zhou had participated in the Kunlun Mystic Realm's training with them back then, but he was eliminated and was fortunately saved by the old dean.

Sheng Zhou hurriedly nodded at them and greeted, "Young Master, Young Madam."

Yu Huang saw that Sheng Zhou had something to tell Sheng Xiao, so she said to him, "Brother Xiao, talk to Sheng Zhou. I'll take a shower first. Don't miss Yin Rong's wedding."

"Yeah."

After Yu Huang entered the room, Sheng Xiao looked down at Sheng Zhou and said, "You know everything." Sheng Xiao sounded certain.

Sheng Zhou's eyes turned red.

"Yes." Sheng Zhou nodded vigorously and said, "Mentor talked to me last night and handed the management of the Sheng family to me."

"Junior Brother." Sheng Zhou looked at Sheng Xiao sadly and asked, "Is what Mentor said true?"

Sheng Xiao nodded with a heavy expression. "Yes."

Sheng Zhou bit his lip and trembled.

After a moment of silence, Sheng Zhou suddenly took a step back and bowed to Sheng Xiao. Then, he lowered his head and said, "Young Master, you can leave with assurance. I will help you take care of the Sheng clan and protect all the people in Yufu City!"

Sheng Xiao believed in Sheng Zhou's strength.

Among all Sheng Lingfeng's personal disciples, Sheng Zhou was the most mature one. He was born to be the head of a large clan.

In terms of governing a large clan, Sheng Xiao wasn't as good as him.

As Sheng Xiao stared at the man who was bowing respectfully, he suddenly asked, "Are you just going to take good care of the Sheng clan and Yufu City? Are you really uninterested in Yang Yang?"

Sheng Zhou looked up and stared at Sheng Xiao in shock.

Because he was too shocked, Sheng Zhou didn't notice that his expression looked panicked.

That reaction was like that of a person with a guilty conscience being exposed.

"Young Master, I... I don't have any ulterior motives regarding Yang Yang..." Yang Yang was only 20 years old this year. Sheng Zhou was already in his forties. He didn't dare to let Sheng Xiao think that he was a man with ulterior motives.

However-

Although he did have romantic feelings for Yang Yang,
he had never done anything to Yang Yang.

Sheng Zhou tried his best to clear his name, but when he met Sheng Xiao's shrewd gaze, he suddenly felt that Sheng Xiao had seen through him.

Sheng Zhou felt very defeated.

Sheng Zhou sighed and his ears turned red as he said in embarrassment, "I do have feelings for Yang Yang. I love her very much, but I know my identity and Yang Yang's identity. Besides, she's still young. I'm almost thirty years older than her."

"I know my limits even without your reminder."

Chapter 994: One Resents Marrying, The Other Sincerely Wants To Marry

Sheng Zhou had no parents and was an orphan. When he was five years old, he was adopted from an orphanage by a commoner couple in Yufu City. Later, he awakened his beast form and caught Sheng Lingfeng's eye with his talent.

In Sheng Zhou's eyes, although he was Sheng Lingfeng's eldest disciple, he was still an orphan with an ordinary background.

But who was Sheng Yang?

She was Sheng Lingfeng's beloved daughter. She was a little princess who had been pampered since she was born.

A woman like Yang Yang would definitely marry a handsome and outstanding man in the future.

Therefore, even though Sheng Zhou knew that his feelings for Sheng Yang exceeded that of a brother and sister, he never dared to respond to the affection that Sheng Yang occasionally conveyed.

He couldn't respond either.

Sheng Xiao shook his head when he heard Sheng Zhou's words. He said, "It's important to know one's place and it's rare for one to know one's status. But Sheng Zhou, why do you think you're inferior?"

Sheng Zhou was about to answer when he heard Sheng Xiao ask, "Just because you have no parents and were adopted by Yufu City, you think you're inferior and unworthy of the little princess of Yufu City?"

Sheng Zhou looked embarrassed.

Because this was the truth. He couldn't retort.

Sheng Xiao shook his head. "So what if you're an orphan? How many orphans can be chosen by Prime Master Lingfeng through their talent and become his personal disciple?"

"Do you know what a personal disciple is?" Sheng Xiao asked Sheng Zhou.

Sheng Zhou looked at Sheng Xiao humbly and said in confusion, "Isn't the eldest disciple the first disciple Mentor took in?" Sheng Zhou had always thought so.

"You're wrong." Sheng Xiao said, "Before he met you, my father was already a Grand Master. He met countless talented children, including children from outstanding families, but he was unmoved. But when he met you..."

"There must be something about you that caught my father's eye. That's why he made an exception for you."

Sheng Zhou was stunned and flattered. He asked, "...Is that so?"

"Yes." Sheng Xiao continued, "Among my father's eight personal disciples, you might not be the most talented, the smartest, or the most handsome, but you are definitely the one who satisfied and reassured my father the most."

"The position of the Patriarch of the Sheng clan has always been passed down only to disciples with the direct bloodline of the Sheng family. In this serious situation, he went against everyone's wishes and hand over the management of the Sheng family to you so that you can be the acting Patriarch of the Sheng family. This is enough to show how important you are to him."

"How can a man who is qualified to be the acting patriarch of the Sheng family not be worthy of the little princess of the Sheng family?"

Sheng Xiao patted Sheng Zhou's hand hard. "Eldest Senior Brother, I'll leave Yang Yang to you after I leave."

Sheng Zhou nodded vigorously. "Don't worry, I'll definitely protect her with my life!"

"Okay."

Sheng Xiao thought of something and his expression suddenly became sinister.

Sheng Zhou felt uneasy when he saw Sheng Xiao's expression change so quickly. "Young Master, is there anything else?"

Sheng Xiao stared at Sheng Zhou coldly as he snorted and said, "I didn't mean to entrust Yang Yang to you forever. Sheng Zhou, I will come back. If you become my brother-in-law before I come back, you will become my sister's late husband!"

Sheng Zhou was speechless.

Sheng Xiao's words were ruthless. Sheng Zhou was so frightened that he felt a chill down his spine. "Don't worry, Young Master. I will respect and protect Yang Yang."

Sheng Xiao was relieved to hear Sheng Zhou's promise.

When he returned to his room, Yu Huang had already taken a shower and was changing into her gown.

She chose a red dress with long white pearl chains on both sides of her shoulders. It was the finishing touch of this dress.

When Sheng Xiao entered, Yu Huang had just buttoned it to the back of her neck, but there was still a bow tie to tie.

Sheng Xiao quickly walked over to help Yu Huang tie the bow.

Yu Huang had heard Sheng Xiao and Sheng Zhou's conversation outside. She put earrings on herself and couldn't help but laugh at Sheng Xiao. "You got married at the age of 26, but you're asking Sheng Zhou, who is almost 50 years old, not to get married. Isn't that too overbearing?"

Sheng Xiao was so cruel to his brother-in-law. Yu Huang couldn't imagine how strict he was with his future son-in-law. "You're so strict. No man would dare to be your son-in-law."

Sheng Xiao snorted. "Then, I can only say that he doesn't love my daughter enough."

That made sense.

"But when will I see my daughter?" Sheng Xiao felt that he and Yu Huang might not have time to have a daughter in their lives.

Yu Huang was stumped by Sheng Xiao's question.

She had already seen their two children through the Eternal Eye.

Logically speaking, they had children.

"That day will come."

Sheng Xiao had already tied the bow.

Yu Huang turned around and looked at herself in the mirror. Then, she smiled when she saw that the bow tie looked elegant and neat. She joked, "I'll leave tying our daughter's hair to you in the future."

"Alright."

Yu Huang reached out to push Sheng Xiao. "Alright, go take a shower. Xiao Shu and the others will come to pick up the bride later."

"Yes, okay."

Sheng Xiao changed into a black suit after showering. Just as he put on his watch, he heard Xiao Shu's voice outside the hotel.

"I'm here to get married. Patriarch Yin, I hope you can bear the pain and part with your beloved clansman!"

Hearing that, Yu Huang and Sheng Xiao quickly went downstairs to Yin Rong's room. There were a few beautiful female disciples of the Yin clan standing outside the room. They were wearing bridesmaid clothes and applying makeup. There was a corsage on their chests that represented their status as bridesmaids.

Yin Rong and Xiao Shu held a modern wedding.

Seeing that Yu Huang had arrived, the bridesmaids pushed open the door and pulled Yu Huang in while letting her block the door. "Patriarch! When it's time for you to compete with the groom, remember to show him your strength and let him know that Yin Rong's family isn't easy to bully."

The so-called show of strength was to let Yu Huang and Xiao Shu compete in cultivation and use the door of the wedding room as the boundary. Yu Huang would guard the door inside while Xiao Shu would push the door open outside. If Yu Huang could hold on to the end, Yu Huang would win. If Xiao Shu could push the door open, Xiao Shu would win, and she would let Xiao Shu take the bride away.

Yu Huang thought to herself, "Although I'm the Patriarch, I'm only an ordinary Supreme Master."

Although Xiao Shu was only a Supreme Master as well, he was the Lord of All Demon after all. If he transformed into his Fire Unicorn form, how could Yu Huang resist?

And this idea was Yin Rong's.

How could a smart person like Yin Rong not know how powerful Xiao Shu's main body form was?

She was clearly asking Yu Huang to go easy on Xiao Shu.

Forget it, forget it. One resented marriage, while the other sincerely wanted to get married. She just had to put on a show.

Chapter 995: Yes, Unforgettable

Just as she made up her mind, Yu Huang heard Xiao Shu's voice outside the door. "Senior Sheng, why are you standing outside?"

Sheng Xiao looked at the tightly shut wedding room helplessly and shook his head. "It's filled with girls." He felt uncomfortable being among women, so he might as well stay outside.

Nodding, Xiao Shu placed his hand on the door handle.

He tried to push it. As he had expected, the door handle didn't move.

After coughing lightly, Xiao Shu told the people in the room, "Yu Huang, I know you're inside."

Yu Huang said coldly, "You can come in if you want to. Open the door yourself."

Xiao Shu pondered for a moment before asking, "You will let me take the bride away if the door is pushed open?"

Yu Huang sensed the loophole in his words and was about to retort when she heard the group of bridesmaids behind her say, "That's right, that's right. As long as you can push open this door, you can take the bride away."

Yu Huang was about to correct the loophole in their conversation when she heard Xiao Shu say firmly, "Alright, Senior Sheng, please help me." Xiao Shu tilted his head and smiled cunningly at Sheng Xiao as he said, "The bridesmaids said that as long as I push open this door, I can take the bride away. But they didn't say that I can't let other people help. Senior Sheng, please lend me some spiritual power."

Sheng Xiao raised his eyebrows in surprise. That was okay?

In the room, when the bridesmaids heard Xiao Shu's words, they realized that they had fallen into Xiao Shu's verbal trap.

The bridesmaids looked at Yu Huang carefully. Seeing Yu Huang's calm expression, they realized that they had made a mistake and put the Patriarch in a difficult position.

The bridesmaids immediately took a step back and didn't dare to say anything else.

With Sheng Xiao's help, Xiao Shu easily repelled Yu Huang's force and opened the door to the bridal room.

After he pushed the door open and entered, he handed a large stack of red packets to every girl in the room, including the makeup artist.

After Yu Huang opened the red packet and took a look, she saw that it contained a storage card worth ten thousand spirit stones. She was surprised by Xiao Shu's extravagance. "Not bad. You even prepared ten thousand spirit stones." Yu Huang shook the storage card in her hand at Xiao Shu and said, "The bride is in the bedroom inside. Go."

"Thank you."

After Xiao Shu walked to the inner bedroom, he held his breath when he saw Yin Rong standing by the bed.

A glamorous and overly sexy wedding dress wasn't suitable for the gentle-looking Yin Rong. She knew her style very well, so she chose an embroidered fishtail wedding dress that revealed her shoulders and chest. The outermost layer of the wedding dress was as thin as a cicada's wings, and there were flowers wrapped around it.

This wedding dress perfectly accentuated Yin Rong's slender and graceful figure, making her look gentle.

Yin Rong held a glass lamp in her hand as a bouquet. When she saw that Xiao Shu was wearing a black tuxedo and had his red hair combed back into a slicked-back hairstyle, revealing his handsome face that couldn't hide his cockiness and confidence, she was dazed for a moment before covering her mouth and smiling. "So you're actually so handsome when you comb your bangs back and reveal your forehead."

In the past few years in the Kunlun Mystic Realm, Xiao Shu's red hair had grown longer and longer.

Yin Rong was used to Xiao Shu's slovenly appearance. When she suddenly saw him dressed up, she was slightly stunned.

Seeing the amazement in Yin Rong's eyes, Xiao Shu decided not to wear his bangs down anymore.

His bangs concealed his handsome face.

What a pity.

Xiao Shu extended his right hand towards Yin Rong and asked with a smile, "I'm Xiao Shu. I've admired Miss Yin for a long time and want to invite you to spend the rest of your life with me until our hair turn white. I wonder if I have this honor?"

Yin Rong smiled shyly and handed her left and right to Xiao Shu.

Under the witness of many cultivators and the media, the Lord of All Demons led his human bride into the wedding hall and successfully held a luxurious wedding. After the wedding ended, the two of them sat in a pumpkin car made of vines and tree demons. Under the escort of ten super demon beasts, they walked towards the cave abode of the Lord of All Demons.

It was the Forest Kingdom in the center of the abyss.

This was Yin Rong's first time coming to the center of the abyss.

Yin Rong was very curious about the cave abode of the Lord of the Demons, the legendary Forest Kingdom built by countless vine demons.

After the super demon beasts sent them to the cliff, they stopped.

Next, Xiao Shu personally jumped out of the car and carried Yin Rong out of the pumpkin cart.

Yin Rong obediently stayed in Xiao Shu's arms and subconsciously looked around.

Yin Rong couldn't help but feel reverent when she saw the bottomless abyss below. When she saw the imperial city on the other side of the cliff that satisfied all her fantasies about the Forest Kingdom, she couldn't help but feel her heart race. "Are we staying here tonight?"

"Yeah."

Xiao Shu carried Yin Rong across the ancient bridge and walked up the vine stairs to the cave abode on the top of the mountain.

Although it was called a cave abode, it was actually a small house grown from countless vines. There were all kinds of flowers blooming outside the house. As Yin Rong laid on the bed covered in white bedding, she could smell a faint floral fragrance. It was unknown if it was an illusion, but under the effect of the floral fragrance, Yin Rong gradually calmed down.

She saw that Xiao Shu was taking off his suit jacket and only had his shirt on. She subconsciously said, "Are we going to sleep now? I still want to take a shower."

Xiao Shu looked at her in surprise. "Take a shower? At this time?"

Yin Rong nodded.

She pushed herself up with her hands. "Do you have hot water here?" she asked him.

Xiao Shu pointed at the back of the house and said, "There's a natural hot spring at the back of the house."

"That would be best."

Yin Rong hurriedly went to the hot spring at the back of the house, took off her gown, and soaked in the hot spring. After hurriedly taking a shower with warm water, Yin Rong stood by the hot spring and took off her towel. Then, she took out a gorgeously wrapped small bottle from her small bag.

This was good stuff.

It was an aphrodisiac she had bought online.

She had seen a movie before. When the female lead met the male lead, the male lead had a deep impression of the female lead's perfume. Yin Rong had done her homework and discovered that it was this perfume.

It was a perfume with an aphrodisiac effect.

Yin Rong put on perfume and wrapped herself in a towel before walking out.

A demon beast's nose was sensitive, so Xiao Shu immediately smelled the strange fragrance on her body. It was like...

It was like the smell of some herbivorous demon beasts' poop after being dried.

There was a faint grassy fragrance mixed with the strange smell of poop.

However, Yin Rong felt very relaxed when she smelled it.

When they were doing it, Yin Rong even acted mysterious and asked Xiao Shu, "Do I smell good today?"

Xiao Shu was silent for a moment before trying his best to nod calmly. "You smell very... special."

Yin Rong immediately revealed a bashful smile as she buried her face in Xiao Shu's chest and said with red ears, "I read that the female lead in a novel fell in love with the male lead because of this perfume. How is it? You won't ever forget the charming smell on my body tonight, will you?"

Xiao Shu was speechless.

He held back his laughter and said, "Yes, I'll never forget it."

He would never forget how his bride smelled like poop on their wedding night.

.

After it ended, Yin Rong leaned against Xiao Shu's warm chest. At this moment, she was very tired and sleepy. She narrowed her eyes and said, "What are we going to do next? Do you want to go on a honeymoon with me? Where do you want to go for our honeymoon? Somewhere far away or closer?"

After asking, Yin Rong slowly closed her eyes when she didn't hear Xiao Shu's reply.

Xiao Shu patted Yin Rong's back gently. Realizing that Yin Rong was about to fall asleep, he muttered softly, "Rong'er, we're going to a very, very far place for our honeymoon. Are you... prepared?"

Chapter 996: Untitled

In the morning.

Yin Rong was awakened by the cries of various birds in the primitive forest.

She opened her eyes and saw that the ceiling window had automatically opened on the vine roof above her. Through that window, she could see the blue sky and white clouds above the primitive forest.

Yin Rong was stunned and subconsciously stood up to look at herself.

Seeing that she was wearing a light yellow nightgown and was not exposed, Yin Rong heaved a sigh of relief.

“Did you oversleep because you were too tired on your wedding night?”

A teasing female voice came from the roof.

Yin Rong raised her head in shock and saw Yu Huang jump down from the window and land in the middle of their bedroom.

Yin Rong was speechless.

“Patriarch, why are you here?” Yin Rong was stunned.

Unexpectedly, on the morning of the second day of their marriage, the first person she saw was not her husband, but Yu Huang.

Yu Huang smiled and said, “I’m here to see our beautiful bride.” Noticing that there were many hickeys near Yin Rong’s neck and collarbone, Yu Huang said with a faint smile, “Seems like last night went well.”

Yin Rong’s beautiful face suddenly turned red.

She subconsciously got off the bed and walked barefoot to the mirror. When she saw the hickeys on her body, Yin Rong’s face burned. She hurriedly turned around and entered the changing room inside. When she came out again, she had already changed into a white turtleneck sweater and a long gray coat.

As she tied the long belt around her waist, she walked out and lowered her head. “Patriarch, why are you here so early?” After asking this, Yin Rong fastened her belt and looked up at Yu Huang with a serious expression as she said, “Did something happen?”

Last night was her wedding night.

Logically speaking, someone as sensible as Yu Huang would not disturb her early in the morning on the first day after their marriage.

Something must have happened for Yu Huang to appear here.

The smile on Yu Huang’s face instantly disappeared.

“Yin Rong.”

Yu Huang’s tone was too heavy, causing Yin Rong to feel uneasy.

Yin Rong became nervous and asked uneasily, “What exactly happened?”

“Yin Rong, we should set off now.”

“Set off?” Yin Rong was stunned. “Set off to where?”

Yu Huang said, “To the Great World.”

Yin Rong was stunned again.

After the Kunlun Mystic Realm's training ended, Di Ruofeng told the eight of them that they would go to the Great World.

However, Yin Rong had always thought that after defeating Holy Spirit Goldfeather and successfully resolving the disaster, the plan to go to the Great World had been abandoned. Yin Rong felt bitter and asked in confusion, "Holy Spirit Goldfeather has already completely disappeared. The crisis on the continent has been resolved. Are we still going to the Great World?"

"Now that the Central Pagoda has been destroyed, the only way to go to the Great World is to activate the Sky Penetrating Array. However, how much sacrifice does the Sky Penetrating Array require?! If we have to sacrifice four Prime Emperors and a thousand Grand Masters just for our future, I would rather not go!"

Yin Rong was unable to accept this.

She would rather be an ordinary person and slowly grow old. No matter what, she would not go to the Great World if she had to sacrifice her seniors.

Yu Huang smiled bitterly. "Who would be willing to? But we have to go to the Great World."

Yin Rong looked at Yu Huang in bafflement.

She knew Yu Huang's character very well. Yu Huang was definitely not the kind of person who would sacrifice her seniors to go to the Great World just to pursue a brighter future.

Moreover, her words just now revealed a lot of helplessness.

Could it be...

"Patriarch, why must we travel to the Great World? Could there be something else going on?"

Yu Huang was about to answer when Yin Rong saw Xiao Shu walking in with Sheng Xiao, Feng Yuncheng, and the others. "Although Holy Spirit Goldfeather has disappeared, the continent's crisis has yet to come."

Yin Rong became shocked.

Donor and the others, who were following behind Xiao Shu, also revealed shocked expressions. "What did you say?" Beatrice grabbed Xiao Shu's arm and questioned him, "Isn't Holy Spirit Goldfeather the greatest crisis in the Holy Spirit Continent?"

In order to defeat Holy Spirit Goldfeather, all the Beast Tamers of the Holy Spirit Continent joined forces to push down the Central Pagoda.

They had worked hard to eliminate Holy Spirit Goldfeather.

However, Xiao Shu said that Holy Spirit Goldfeather was not the greatest danger to the Holy Spirit Continent!

This made Beatrice and the others feel shocked and baffled.

Donor frowned at Xiao Shu, Sheng Xiao, and Yu Huang as he said, "Estelle and I should have returned to the Light Sea after the wedding yesterday, but you said that you had something to tell us. That's why all of us stayed. Tell us what's going on."

Feng Yuncheng nodded and agreed with Donor. "Yes, what happened?"

Yin Rong also asked with a confused expression, "Xiao Shu, what are the three of you hiding from us?"

Sighing, Xiao Shu said, "I called you guys here to bring you somewhere."

"Where are we going?" Yin Rong asked immediately.

Sheng Xiao looked down at the vine floor under their feet and said in a low voice, "Abyssal rift."

* *

Two hours later, the eight of them appeared where Yu Huang and Mo Xiao were standing the day before yesterday.

Standing in the pitch-black abyss rift, Feng Yuncheng said in a panic, "The energy here is so chaotic and powerful. Where is this place?" There was an energy that was trying to absorb them. The eight of them held hands and used their spiritual power to resist the energy before barely stabilizing themselves.

Xiao Shu said, "Watch carefully."

Just like the Grand State Master, he took out a glass lamp containing a firefly demon beast.

Under the weak light, Feng Yuncheng and the others saw the huge abyss eye in front of them that was like an eye but was continuously absorbing the spiritual power of the Holy Spirit Continent. They gasped.

"Hiss—"

Donor stared at the strange abyss eye and realized that the spiritual power of the Holy Spirit Continent was being quickly devoured by the eye. He felt his throat go dry and he asked in a hoarse voice, "What is this?"

It was Sheng Xiao's first time seeing the abyss eye.

To be honest, he was also shocked.

Therefore, Sheng Xiao was too shocked to answer Donor's question.

However, Yu Huang noticed that only two days had passed, but the abyss eye in front of her seemed to be slightly larger than the eye she had seen the night before.

Yu Huang was not sure if this was her illusion or not.

Among the eight people present, Xiao Shu was the calmest.

Xiao Shu told them, "The abyss rift is the same as the Central Pagoda. I don't know how long it has existed on the Holy Spirit Continent. When I was first thrown into the Holy Spirit Mystic Realm by Holy Spirit Goldfeather, it was already there. However, at that time, Holy Spirit Goldfeather only thought that it was an ordinary rift and didn't care about it. In the beginning, there was nothing unusual in the abyss

rift. At that time, there were still trees and plants growing below. I even lived here for a period of time. It was only when Holy Spirit Goldfeather died that the abyss rift changed.”

“What changed?” asked Beatrice.

Xiao Shu told them, “The crack began to emit a gray fog. Before long, all the plants and demon beasts in the crack disappeared. What’s even stranger is that every morning, the abyss would release a rich spiritual power from the inside. At that time, the super demon beasts would gather at the cliff near the crack every morning to cultivate. It’s still the same even now.”

“At that time, although I felt that it was strange, I was killed by Goldfeather Nana before I could investigate the reason.”

“Then when did this eye appear?” This question was asked by Yu Huang.

Xiao Shu tilted his head and looked at Yu Huang as he said, “After leaving the Holy Spirit Academy, as soon as I returned to the abyss, I heard my subordinate report that the abyss no longer released spiritual power outside. I had long been puzzled by this abyss rift, so I jumped into the abyss alone and found this place.”

Xiao Shu pointed at the incomparably huge eye in front of him and said, “This is the center of the abyss rift. When I found this place along the bottom of the rift, I discovered that there was a strange eye in this dark space.”

At this point, Xiao Shu frowned and his expression became uneasy as he said, “When I first discovered it, it was only the size of a fist.”

Sheng Xiao’s eyes widened. “It’s only been two months since we graduated from the Holy Spirit Academy. In just two months, it has grown to this extent. Its growth speed is really terrifying.”

Yin Rong, Donor, and the others stared at the eye in shock. For a moment, they all held their breaths.

Shock, despair, fear, and all kinds of emotions enveloped their hearts at the same time.

They felt powerless.

Chapter 997: Four Emperors and a Thousand Grand Masters

They had thought that Holy Spirit Goldfeather was the ultimate bad guy, but unexpectedly, the thing hidden under the abyss was the most terrifying enemy.

In order to let everyone clearly realize how powerful and dangerous this thing was, Yu Huang also decided to tell everyone the scene she saw through the Eternal Eye. “Everyone, I have an even more despairing piece of news.”

Donor slowly regained his senses and nodded at Yu Huang. “Go ahead.”

Everyone looked at Yu Huang.

Through the slightly bright firefly lights, they could clearly see the despair on Yu Huang’s face.

Before Yu Huang could speak, their hearts sank.

“Two nights ago, I accidentally activated the Eternal Eye and saw this huge abyss eye.” As Yu Huang stared at the huge abyss eye, she was trembling in fear. She said in a hoarse voice, “It’s growing quickly. When it grows up, it will devour the entire Holy Spirit Continent in an instant.” After a pause, Yu Huang took a deep breath and said in a nervous voice, “And the entire devouring process only lasts five seconds.”

“Five seconds later, the Holy Spirit Continent will completely disappear from the universe like the Jade Illusion Continent did. It will become a chaotic void, as if it never appeared in this world.”

With that said, Yu Huang closed her eyes.

After Xiao Shu, Beatrice, and the others heard Yu Huang’s story, they couldn’t help but feel a chill down their spines and break out in cold sweat.

“So...” Feng Yuncheng adjusted his glasses with trembling fingers and said in a quivering voice, “Its ultimate goal is to devour the Holy Spirit Continent and... kill all of us?”

“...”

No one replied to Feng Yuncheng’s question.

But now, everyone had the same thought.

Yin Rong choked on her tears as she said, “The Grand State Master and the others know about the existence of the Abyssal Eye, so they plan to activate the Sky Penetrating Array and send us to the Great World?” Yin Rong finally understood what Yu Huang meant by ‘we have to go to the Great World’.

“Sky Penetrating Array?!” Of course they knew about the Sky Penetrating Array. Their first array formation class in the Holy Spirit Academy was about the Sky Penetrating Array.

After the Kunlun Mystic Realm ended, Prime Emperor Dino had also told them that if the Time Gate in the Central Pagoda couldn’t be opened, he would activate the Sky Penetrating Array to send them to the Great World.

Just like Yin Rong, they all thought that after defeating Holy Spirit Goldfeather, the Sky Penetrating Array plan would be put on hold. They didn’t expect that they still had to carry out this plan.

As if recalling something, Donor shook his head dejectedly and said with red eyes, “No wonder Father and Mother kept nagging me when I left the Light Sea...”

Princess Daiya and the Elven King were both Grand Master powerhouses.

If they really activated the Sky Penetrating Array, the two of them would be one of the thousand Grand Masters.

Beatrice also belatedly realized that before she left to attend Yin Rong and Xiao Shu’s wedding, her two brothers had also chatted with her for a long time. It turned out that they already knew all of this. Those nagging words were their last words.

“It’s just as the old dean said.” Yu Huang held back her tears and said in a low voice, “If one of us can become a Divine Master, then there will still be hope for the Holy Spirit Continent. If we all fail, then we will be proof of the Holy Spirit Continent’s former existence.”

After saying that, Yu Huang finally couldn’t help but shed tears. “Everyone, let’s head to the Great World to seek opportunities and work hard to become a Divine Master. Only then can we fight against the ‘thing’ in the Abyssal Eye.”

“Therefore, we have to go to the Great World!”

The eight of them welled up with tears when they heard this.

When they left the abyss rift, it was already evening.

The orange sunset dyed the sky above the primitive forest red.

Strangely, the morning sun was also cold, but when it shone on people, it made them feel warm. The evening sun clearly had the residual warmth of the scorching sun, but when it landed on people, it always gave them a chill.

Under the setting sun, Yu Huang and the others started running at the same time.

Like moose in the forest, they quickly passed through the entire primitive forest. Before sunset, they arrived at the edge of the primitive forest and the fallen boundary wall. When they looked up, they could see the Holy Spirit Academy on the Black Dome Mountain in the distance.

There were also the thousand Grand Masters standing on the grassland below the Holy Spirit Academy.

The merman race was only left with Dino. He would represent the merman race on this occasion.

In order to balance the forces of the various races, this time, the alliance would choose more than 300 Grand Masters from among the humans, elves, and beastmen.

There were only a thousand Grand Masters on the entire Holy Spirit Continent.

Apart from the thousand Grand Masters present, there were only 120 Grand Masters left on the entire continent. They had to bear the heavy responsibility of maintaining the order of the Holy Spirit Continent and protecting the various countries.

The thousand Grand Masters standing under the Black Dome were all wearing the same Grand Master Beast Tamer robe with a light purple Grand Master badge on their shoulders. At this moment, they were silently looking up at the sky.

Cultivators all fantasized about the world beyond theirs.

Only a small number of them had gone to the Great World before. Most of them were old cultivators who yearned for the Great World.

At the thought that they could only reach this level in their lives, they were somewhat unwilling to accept it.

However, this unwillingness wasn't worth mentioning when compared to the future of the Holy Spirit Continent.

They were Beast Tamers who were privileged in this world. They had received the support and respect of the commoners, so they had to make sacrifices at the appropriate time.

From the day Yin Mingjue sacrificed himself to block the spatial rift and protect the entire Holy Spirit Continent, the phrase 'Prime Master' had evolved into a form of spirit.

It represented sacrificing oneself to protect the world.

This spirit was already deeply engraved in everyone's hearts.

Even the selfish and despicable Snake Clan's Grand Master Bai Xi, the Lion King Clan's Grand Master Lie Huo, and the Tiger Clan's Grand Master Chou Gang overcame their selfishness and decided to sacrifice their energy to activate the Sky Penetrating Array.

They didn't want Sheng Xiao and the others to become Divine Masters.

They were hoping that the geniuses of the Beast Clan would become Divine Masters.

On the list of 12 people drawn up by the Grand State Master and the others, other than Yu Huang and the others, there were still four spots. The remaining four were the princess of a fallen country, Fang Peipei, the female Light Elf Tanoyi, and two Beast Clan Supreme Masters.

Among the four of them, only Fang Peipei relied on her own abilities to successfully complete the graduation assessment of the Holy Spirit Academy and obtain a spot to go to the Great World.

The remaining three were candidates chosen by Sheng Lingfeng and the others to appease the anger of the elves and beastmen.

After all, the human race occupied 6 of the 12 spots.

Chapter 998: Cunning and Despicable Grand State Master (1)

Although the elves had two slots, the Light Elves only had Donor, and Estelle was a Dark Elf.

The fact that Estelle could go to the Great World had already angered the Light Elves. In order to appease the Light Elves and convince them to agree to Estelle going to the Great World, Sheng Lingfeng, Mo Xiao, and the others decided to choose another talented Light Elf to go to the Great World.

The woman called Tanoyi was a publicly acknowledged genius among the Light Elves.

One of the remaining two beastmen was called Bai Cheng'an. He was the grandson of Grand Master Bai Xi and was also a recognized genius of the Snake Clan. The other beastman was called Chou Sibao. His identity was relatively special. His father was Tiger King Chou Gang, while his mother was Lie Yu, the eldest daughter of the Lion King Clan's Lie Huo, and his grandmother was a Grand Master of the Dwarf Clan.

Chou Sibao had single-handedly pulled the three strongest families of the Beast Clan into the same boat. When Sheng Lingfeng decided to choose Chou Sibao as the 12th person to head to the Great World, even Mo Xiao gave him a thumbs up and praised him for choosing well.

Chou Sibao's talent was average.

But he had a good background.

If he could use him to restrain the Dwarf Clan, the Tiger Clan, and the Lion King Clan, he wouldn't have to worry that the three clans wouldn't be willing to send their Grand Masters to participate in the Sky Penetrating Array. Although Chou Sibao wasn't as talented as the other 11 people, he wasn't bad. When he arrived in the Great World, if he could make a name for himself, he might be able to bring a surprise to the Beast Clan.

Chou Sibao was the reason why the Beast Clan's Grand Masters was willing to participate in the Sky Penetrating Array.

Mo Xiao didn't mind sending Chou Sibao and Bai Cheng'an to the Great World because the only people with true talent were Yu Huang, the others, and Fang Peipei. The remaining three were just there to help and broaden their horizons. Therefore, Mo Xiao was willing to choose a few people with good connections.

At this moment, Fang Peipei and the others had received the news and had already arrived at the foot of the Black Dome Mountain. They were standing in front of the thousand Prime Masters.

Fang Peipei was the first to notice Sheng Xiao and the others.

"Sheng Xiao and the others are here!"

The female elf, Tanoyi, was a student of the Holy Spirit Academy. She had known Sheng Xiao and the others for a long time. Therefore, her reaction was calm when she heard Fang Peipei's shout. When Bai Cheng'an, Chou Sibao, and the others heard this, they looked at Fang Peipei's direction in shock and curiosity.

Sheng Xiao and the others were walking side by side in casual attire.

Other than Sheng Xiao, who was a Grand Master, the other seven were Supreme Masters. However, Bai Cheng'an could sense an aura that could only be sensed from his grandfather, Grand Master Bai Xi.

That's right, it was the aura of future super powerhouses.

They, who could successfully complete the Kunlun Mystic Realm's training, were indeed extraordinary powerful.

Sheng Xiao and the others had just met up with Fang Peipei when they felt a strong gust of wind.

Everyone subconsciously looked up and saw four figures descending from the sky.

Mo Xiao, Sheng Lingfeng, Dino, and Di Ruofeng.

The four Grand Masters of the continent were gathered!

At this moment, a thick-browed man in a black robe flew over from afar. He stood halfway up the Black Dome and looked at Yu Huang reluctantly.

His only personal disciple was about to go to the Great World, so Lin Jiansheng felt very reluctant.

The fierce-looking man suddenly shouted at Yu Huang, "Ah Huang! When you go to the Upper World, remember to take good care of yourself! Don't forget to cultivate as a Purifying Spirit Master. When you come back, I will check your cultivation level! If your cultivation level doesn't improve..."

Lin Jiansheng suddenly couldn't speak anymore. He lowered his head and began to wipe his tears with his sleeve.

The fierce-looking Lin Jiansheng was one of the kindest and most benevolent people.

When he thought about how Yu Huang was going to the Great World and that he might never see her again, he wanted to cry.

He really wanted to cry.

Lin Jiansheng squatted on the ground and started sobbing.

Mo Xiao closed his eyes and cursed softly, "How noisy." He waved his hand and used a soundproof barrier to block out Lin Jiansheng.

Yu Huang originally wanted to cry, but when she saw this scene, she suddenly wanted to laugh.

However, before the corners of her lips could curl up successfully, they drooped again.

She couldn't smile.

She couldn't smile when she was about to part with her hometown and family.

Mo Xiao looked up in the direction of the setting sun.

At this moment, the last ray of the sunset was about to disappear.

Mo Xiao glanced at She Ying, who was standing in the group of Grand Masters, and smiled. Then, he suddenly flew up and turned into a black nine-tailed fox with eight tails as he roared, "Three Prime Masters, Thousand Grand Masters, listen to my orders!"

Chapter 999: Cunning and Despicable Grand State Master (2)

Hearing this, Sheng Lingfeng, Di Ruofeng, and the others immediately transformed into their beast forms and raised their heads to roar.

At the same time, the thousand Grand Masters instantly fused with their beast forms.

For a moment, a majestic and powerful energy spread in all directions.

Yu Huang and the others were affected by this spiritual energy. They subconsciously clenched their fists and tried their best to stabilize themselves.

In the sky, Mo Xiao roared angrily, "Gods above! The three Prime Masters and thousand Grand Masters of the Holy Spirit Continent sacrifice their beast hearts and disperse their spiritual power as the price. Please open your divine eyes and help us reach the bridge to the sky. Open the Time Gate and escort the 12 disciples to ascend!"

With that, Mo Xiao dug out the beast heart on his chest without hesitation—

“Ah!!”

Mo Xiao cried out in pain. Then, he threw the beast heart into the void without hesitation.

After losing his beast heart and his spiritual power dissipated, Mo Xiao’s black hair instantly turned into white hair.

A white staircase appeared in the empty sky!

Seeing this, Mo Xiao smiled as he muttered while bleeding, “Look, the Sky Penetrating Bridge has appeared...”

Seeing Mo Xiao’s change, many Grand Masters revealed fear, but more Grand Masters imitated Mo Xiao’s actions. They inserted their hands into their chests and dug out the beast heart that was beating beside their hearts. They endured the pain and threw it into the void.

There were more and more stairs in the void.

Perhaps inspired by their peers, some timid Grand Masters gritted their teeth and finally dug out their beast hearts.

More and more stairs appeared, and they rose higher and higher. In the end, they extended to a place that Yu Huang and the others couldn’t see...

Without their beast hearts and spiritual power, they had all become ordinary people. They, who were old, immediately lost their youthful looks and vigorous bodies.

In an instant, their black hair turned white and their bodies were hunched over.

Di Ruofeng, who was already old, instantly bent down and clutched his chest while coughing up blood in pain. Beside him, Dino’s long golden hair had also turned snow-white. Under his exposed robe, his young and burly body instantly became wrinkly and old.

Sheng Lingfeng, who always looked handsome and tall, instantly became an old man in his sixties.

In the Grand Master team, Ji Linyuan, Lan Yao, She Ying, and the others also lost their handsome and beautiful looks...

Yu Huang and the others felt their hearts ache when they saw their loved ones instantly age.

“Grand Master!” Yu Huang ran towards Di Ruofeng without hesitation. As she held Di Ruofeng’s weak and old body, tears flowed down her face. “Grand Master, does it hurt? Does it hurt?” Yu Huang wanted to stop the bleeding for Di Ruofeng, but Di Ruofeng suddenly pushed Yu Huang away and pointed at the white bridge in the sky while roaring, “The Sky Penetrating Bridge has appeared. Ah Huang, leave quickly!”

Yu Huang fell to the ground. After she looked at the bridge in the sky and then at her old friends, tears began to fall uncontrollably.

“Father!” Sheng Xiao had just taken a step in Sheng Lingfeng’s direction when he heard Sheng Lingfeng shout, “Xiao’er! The Sky Penetrating Bridge will dissipate soon. Don’t waste time. Leave quickly!”

Sheng Xiao stopped in his tracks.

Xiao Shu suddenly grabbed Yin Rong and Estelle's shoulders and threw them onto the first staircase as he roared angrily, "This is the path that countless seniors have paved for us with their entire cultivation! They have given up everything. If we don't leave now, the Sky Penetrating Bridge will collapse! They have already sacrificed everything. We have to leave!"

Xiao Shu's words suddenly woke Yu Huang and the others up.

Yu Huang hurriedly got up and bowed to Mo Xiao and the others. Then, she pulled Feng Yuncheng and Beatrice towards the first staircase.

Sheng Xiao grabbed Donor and Fang Peipei and jumped up.

Seeing this, Tanoyi, Bai Cheng'an, and Chou Sibao followed suit, afraid that the bridge would disappear if they were slow.

Every staircase seemed to be thousands of meters apart. Yu Huang and the others had to fly up step by step to complete this bridge.

Below, Mo Xiao reminded them loudly, "Children, remember, the Sky Penetrating Bridge is even more difficult to pass than the Central Pagoda. Only those who successfully reach the last step of the Sky Penetrating Bridge can trigger the Time Gate and head to the Great World!"

In other words, if your cultivation was insufficient, if your ability was unable to support you to reach the last step, then you would similarly be unable to head to the Great World!

Yu Huang and the others were surprised when they heard this. They looked at the people who had entered through the back door with mixed gazes.

At this moment, Chou Sibao's expression was even uglier than crying.

Below, Bai Xi and the others also glared at Mo Xiao angrily.

Bai Xi pressed his bleeding wound and shouted at Mo Xiao in exasperation, "Damn fox! You didn't say before that only those who reach the last step can reach the Great World." Bai Xi and the others realized that they had been tricked by him.

Mo Xiao revealed an innocent look and said, "The Sky Penetrating Bridge is standing in the void. If you want to go to the Great World through the Sky Penetrating Bridge, you naturally have to last until the last step. Do you need me to tell you this?"

Bai Xi was speechless.

Chou Gang scolded, "But you didn't say that the Sky Penetrating Bridge can only be passed by relying on one's strength!" Chou Sibao was only an early-stage Supreme Master Beast Tamer. He reached the Supreme Master cultivation level by absorbing natural treasures!

How could he have the ability to reach the last step?

Mo Xiao felt aggrieved.

He wiped the blood from the corner of his mouth and said with a faint smile, "Grand Master Chou Gang, you were the one who said that the Beast Clan has to occupy a few spots on the 12th list. You told me yourself that your son, Chou Sibao, is talented and is a rare genius in the Beast Clan. Let us give Chou Sibao a chance."

"If I don't give a spot to your clan, you will definitely blame me for bullying your Beast Clan. Even though I gave it to you, you still have objections..." Mo Xiao smiled mockingly and said disdainfully, "Instead of questioning me here, why don't you reflect on yourselves? Why can't the huge Beast Clan produce any capable young Beast Tamers?!"

Chapter 1000: Simply Despicable

Mo Xiao's words completely offended all the beastmen.

"Mo Xiao, you bastard!!" Bai Xi, Chou Gang, and Lie Huo were enraged. Bai Xi cursed angrily, "Previously, when you needed the help of the Beast Clan's Grand Masters to activate the Sky Penetrating Array, why didn't you despise the Beast Clan? Now that you've successfully activated the Sky Penetrating Array, you're burning bridges!"

"You're despicable and shameless!"

Bai Xi and the others had also done many despicable things, but this was the first time they had been played like this.

The anger in their hearts was monstrous.

"I'm despicable?" Mo Xiao smiled even more sinisterly. "The even more despicable thing is yet to come!"

As he stared at the smile on Mo Xiao's lips, Bai Xi's heart skipped a beat and he felt intense uneasiness.

He asked cautiously and suspiciously, "What exactly do you want to do?"

Mo Xiao looked at the three youths at the bottom of the Sky Penetrating Bridge. He suddenly said to Bai Xi and the others, "The Sky Penetrating Bridge can carry 12 people to the Great World. If Chou Sibao and the others are not strong enough to successfully reach the destination, then who do you think should be given the three empty spots?"

With that, Mo Xiao revealed a calm expression.

His eyes were filled with cunningness and amusement.

When Bai Xi and the others heard Mo Xiao's words, they immediately stomped their feet anxiously. "Mo Xiao, you've planned this all along, right?!" Mo Xiao had indeed given them the spots they deserved, but Chou Sibao and Bai Cheng'an were not qualified enough to enter the Great World!

If Chou Sibao, Bai Cheng'an, and the others failed, who would replace them?

When he saw Mo Xiao's smirk, Bai Xi was the first to react. He pointed at Mo Xiao and questioned him angrily, "It's you! You want to go to the Great World too, right? From the start, you never planned to let

the children of the Beast Clan go to the Great World! You're just using Chou Sibao to restrain and fool us!"

Chou Gang and Lie Huo, who were standing beside Bai Xi, revealed shocked and stunned expressions.

Was what Bai Xi said true?

"Hahaha!" Mo Xiao suddenly laughed loudly. Then, he stuck out his tongue and licked the blood at the corner of his mouth. A disdainful look flashed across his fox eyes. "You guessed correctly. Unfortunately... it's too late!" With that, Mo Xiao suddenly summoned a long sword and cut off one of his tails without hesitation.

Mo Xiao, who had lost a tail, should have fallen to the ground.

But...

Not only did he not fall, but the wound on his chest also healed quickly. At the same time, the remaining spiritual energy in the world surged towards him again. Mo Xiao felt a beast heart condense in his body.

Bang! Bang! Bang!

His heart let out a powerful beating sound.

When the beast heart beat, a spiritual energy circle appeared above Mo Xiao's head again.

One, two, three... five!

The five spiritual rings were emitting a dazzling light.

Not only did Mo Xiao, who had lost a tail, not become weaker, but his cultivation level also increased!

Seeing this, Bai Xi shouted in shock, "He actually advanced to the Prime Emperor Realm!"

Only then did Bai Xi and the others remember that Mo Xiao wasn't a human, but a member of the Divine Beast Clan's Nine-Tailed Fox Clan.

As a nine-tailed divine fox, Mo Xiao had nine lives.

Even if he self-destructed his beast heart in order to activate the Sky Penetrating Array, he could still condense his beast heart again and recover!

Thinking of this, Bai Xi and the others regretted it.

Mo Xiao opened his eyes and chuckled. Then, he quickly rushed into the group of Grand Masters and picked up a small red snake that had lost its demonic power and was unconscious in the crowd. It was She Ying, who had lost her cultivation and returned to her nascent form.

After Mo Xiao hid She Ying in his interspatial ring, he ran to the Yin Clan's camp to pick up the weak Ji Linyuan.

Ji Linyuan was shocked. "Grand State Master, what are you doing?!"

After Mo Xiao carried Ji Linyuan and landed on the first step of the Sky Penetrating Bridge, he nodded and said, "Bringing you back to the Great World was your mentor's last wishes." Back then, when Yin

Mingjue sensed that something had happened in the Central Pagoda, he immediately called his most trusted subordinate over and asked him to go to Jingdu to see Mo Xiao and entrust him to bring Ji Linyuan back to the Great World.

Therefore, when he decided to activate the Sky Penetrating Array, Mo Xiao decided to bring Ji Linyuan back to the Upper World.

Ji Linyuan was stunned when he heard Mo Xiao's explanation.

Ji Linyuan felt a sense of sadness when his mentor's figure appeared in his mind.

Mentor...

Seeing that Mo Xiao was actually going to bring Ji Linyuan to the Great World, Chou Gang cursed, "Mo Xiao, you're going to be a traitor to the cultivation world!"

Hearing this, Mo Xiao smiled even more mysteriously.

"Traitor?" Mo Xiao looked at the thousand Grand Masters below and said, "Bai Xi, why don't you ask your Grand Master colleagues around you and see if they know that I'm going to the Great World?"

All the Beast Clan Grand Masters were stunned.

Could it be that the others already knew Mo Xiao's plan?

Bai Xi suddenly turned around and grabbed the arms of a Grand Master beside him. He gritted his teeth and asked, "You all knew?"

The Grand Master who was captured was from the Elve Clan.

Upon hearing Bai Xi's question, the Grand Master sneered and mocked him. "Grand Master Bai Xi, from the moment you guys decided to cooperate with Holy Spirit Goldfeather, the beastmen had already become traitors to the Holy Spirit Continent."

"On the eve of the disaster, you guys were able to betray the entire Holy Spirit Continent for your own benefits. You guys are heartless, so how can we let the Beast Clan disciples go to the Great World? Who knows if you guys will betray us again?"

Hearing this, Bai Xi was filled with anger. "You all knew Mo Xiao's plan, right?!" Bai Xi, Chou Gang, and the others turned to look at the Grand Masters beside them.

The Grand Masters' expressions were all calm.

Clearly, they had known about Mo Xiao's plan long ago.

Only the Beast Clan's Grand Masters were kept in the dark.

"You guys are too much!" Bai Xi was so angry that he spat out blood, and his expression became sinister.

These despicable fellows actually joined forces to deceive the beastmen!

Bai Xi wished he could tear Mo Xiao apart to vent the hatred in his heart, but he had self-destructed his beast heart and lost his spiritual power. He was no different from a commoner. How could he be Mo Xiao's match?

"Bai Xi, Chou Gang, and Lie Huo, to be able to cooperate with someone like Holy Spirit Goldfeather, it can be seen that you guys are heartless. You guys deserve to end up like this today." With that, Mo Xiao looked up at the sky.

At that moment, Sheng Xiao had already jumped to the 600th step. Xiao Shu was on the 598th step. Donor was following Xiao Shu and standing on the 592nd step.

Behind Donor, there were Yu Huang, Estelle, Feng Yuncheng, Beatrice, and Yin Rong.

As for Bai Cheng'an, Chou Sibao, and Tanoyi, they were still struggling to continue forward at around the 400th stairs.
