

## Chapter 116

Lucianda's pov

Shawn's tongue dipped in and out, his groans of satisfaction filling the air. I moaned, gripping the under me, fisting them so tightly I was sure my nails had torn through the material.

My breath catches in my throat when his tongue continued to dance between my fold and his lips then latched on my throbbing clit, suckling until I swore I was at the gates of heaven.

The sensation just his tongue created felt kind of electrifying, like a strong current of bottled up feelings that burst out all at once.

He flicked his tongue and I shudder. He gripped my hips to keep me from shifting to much and suckled me harder, faster, all the while moaning in pleasure.

I lifted onto my elbows, feeling like a current was between us and I needed to see what he was doing to my body.

The sight of him between my legs, licking me, sucking me and with his eyes closed in pleasure nearly made me come undone.

I gasped when he suddenly opened his eyes, those beautiful irises trapping me into a burning stare. He groaned, holding my hips and pulling me closer to his mouth, his eyes trained on me as he devoured every drop of the wetness I was producing.

The room had that sense of electricity too, zapping around us like a current of fire.

Shawn growled when my lips parted to say his name. The sound reverberated against my pussy, intensifying the rapture I was currently feeling. Oh moon goddess, this feels so good.

As my legs tremble and my breathing turned to short pants, Shawn lifted his head and rasped. " You taste so good."

His eyes are glowing, his wolf is present. The raw need in his eyes made me shiver and I moaned when he kissed my belly button then trailed open mouth kisses until he reached my breast.

My breath hitched when his warm lips wrapped around my beaded nipple, his tongue rolling around the hard pebble and I cling to him.

" Oh Shawn," I sighed, lifting my eyes to the ceiling as though I was seeing the heavens. This felt like heaven.

" Rosy pink," He rasped against my nipple, humming as he gently bit it and moved to the other. I arch into his mouth. " Such a pretty color."

" More," I pleaded, my hands pressing to his back. He groaned, leaving my breasts to trail kisses up my collarbone to my neck where he nipped at that certain spot. I tilt my head, my eyes closing in pleasure as I gave him more access to me.

One of his hand crawl between us, his fingers brushing against my body until he reached that throbbing spot between my legs. I am extremely wet and he is extremely hard, pressing against my thigh and I spread them, wanting him where I burned for him.

My hands left his back to tangle in his hair when his lips found mine once more. " Taste how sweet you are on my tongue." He rasped, pushing his tongue between my lips and dipping into my mouth.

I moaned.

Not only because of my taste on his lips but because one of his fingers rolled against my throbbing nub between my legs whilst the other tickled its way between my folds and pushed into me.

I had never felt this kind of intrusion before and though it felt odd, it felt so impossibly good too.

" Tight." He hissed, pushing his finger in deeper.

I cried out, gasping and letting him torture my body with pleasure.

" You like that?" He groaned on my mouth as he pushed his finger in and out of me. I nodded quickly, spreading my thighs even more as if silently telling him I need more.

I writhe under him as he completely takes control of my body and when I thought I could no longer take such pleasure any more, he pulls his fingers away.

I snapped my eyes open, a disapproval sound tumbling out of my lips. His eyes shine with amusement and he kisses me on my lips gently before lifting up slightly to look down at me.

" You're extremely beautiful, you know that?" He whispered, staring down at me in awe. One of his hand lift to my hair and he brushed some of my strands off my face. " I'm so lucky."

" Me too." I whispered, truly meaning those words. Even though Shawn and I had just met, there was something about him that made me trust him. Something that made me know that the moon goddess gave me a gift.

He shifted slightly, angling his hips in a way that made his cock brush against my core. I sucked in a sharp breath, shivering.

His eyes soften and he brushed a thumb down my cheek. " This is going to hurt a bit but I promise it will get better after a while."

I frowned. Well I can handle a little pain but hopefully it won't be painful all the time.

Misreading my expression, Shawn asked. " Want me to stop?"

I shook my head no. " Please I need you now. Don't you dare stop."

Shawn's gaze held a mixture of concern and desire as he positioned himself, his eyes locked with mine. " You will tell me if it's too much. Okay?"

I nod and he aligned the head of his cock at me center, coating himself with my juices before he entered me slowly. I gasp with every inch pushed inside me, clinging to his back as he stretched me so wide.

He frowned in worry, stopping every second to let me adjust until I could no longer take it and held his hips tightly and slammed his hips down myself.

" Fuck!" He hissed as he fully enters me, his eyes widening and looked quickly down to our joined bodies. My breathing is hasty and goddess I'm not going to lie, it hurt like a bitch. But it felt so right.

" Are you okay Lucy?" He asked softly, returning his gaze to mine and trying to read my eyes.

I nod, smiling. " That wasn't too bad."

Shawn stared at me in disbelief before a slow grin emerge on his face and a light amused chuckle slipped past his lips. " I think we can call this love at first sight."

I furrow my brows in confusion, still gripping his bottom. Noticing my confusion he smirked. " Because I fell in love with you the second I set my eyes on you little snow."

My heart slammed against my chest and he leaned to capture my lips in a slow dance. " Please tell me I can move now." He said hoarsely, his cock twitching inside me. I nod quickly, clinging to him and wrapping my legs around him, driving him further into me.

" Yes please. Give me all you have."
