

# SHOTA'S ISEKAI NTR ADVENTURE

## Chapter 10 Demon Order

I had never heard of any quest like this before in the game.

Even with all my hours, I had never seen anything similar to this.

But then again, I had never sided with Madame Rose in the game since that was always the one route that I had failed. Just starting it was too hard for me since I couldn't figure out how to get closer to her.

But now...

Seeing the shocked look on my face, Madame Rose didn't say anything as she had already expected this.

She just waited for me to come back to my senses.

When I recovered, I asked, "How do you know that he's working with the demons? Why would he frame you, you're his wife?"

Madame Rose just revealed a smile without saying anything.

I couldn't help feeling strange seeing this smile.

After a period of silence, she said in a bitter voice, "You don't know how those devil worshipers think. They do things that normal people would never think of."

I didn't know how to respond to this, but I could tell that there was a story hidden in that bitter voice.

So I said, "Then what do you want me to do?"

That was right, what did she want from a sex slave like me? What would I be able to do?

Madame Rose looked me right in the eyes and said, "All you have to do is be by my side and support me."

I couldn't help trembling when I saw this...

Those eyes had turned a bit strange...

If I had to describe them...they were like the eyes of a woman scorned who wanted to take revenge. But at the same time, it was like she had found something new to fill the void in her heart, like she had found something new to place all her affection on...

It seemed a bit dangerous, but I really didn't have a choice right now...

So in the end, I gave a nod in response to this.

Madame Rose patted me on the head with a gentle smile when she saw this and she said in a soft voice, "Good boy."

After thinking about it, I couldn't help asking, "You mentioned demon worshippers...what does that mean?"

Madame Rose revealed a serious look again after hearing this and she said, "Demon worshippers...As the name suggests, they are the ones that worship the demons. They even go as far as creating an organization all about worshipping and helping the demons conquer our human race. It's called the Demon Order."

Then after a pause, she added, "My husband is a part of that order."

I didn't say anything else in response to this, but my mind was turning.

I had already guessed that this was the case since this was just like the plot of the game. I had only asked just to confirm since this was a route that I was unfamiliar with, so I wanted to be sure that nothing had changed about it.

As expected, the overarching elements of the plot were still the same, but I never expected the Lord Baron to be a part of the Demon Order.

This was something that I had never encountered in all my hours of playtime.

But still, this would explain all the things that the baron had done...

No matter what, this was still an opportunity.

It was clear that I wouldn't be able to get closer to the baron in the first place. Between the fact that I was a sex slave for his wife and the fact that I didn't even have a chance to meet him, it would be impossible to rely on his help to escape this place.

Even if there was the risk of going against the baron by siding with Madame Rose, I could use her resources to learn more about the situation and slowly make my plan to escape.

So I just gave up and accepted the situation for what it was, giving up all intentions of asking more questions.

It was at that moment that I realized that my dick was still inside of her.

I had been so focused on my thoughts that I had completely forgotten about this.

But the moment that I was reminded of this, I felt the pleasure that was coming from my dick being squeezed inside. As I felt this pleasure, my face couldn't help twisting and filling with a look of ecstasy.

Seeing this look on my face, Madame Rose revealed a smile as she also remembered what we had been doing before. She put her hands on my chest and then she started moving up and down again, pushing and pulling my dick in and out of her.

She moved slowly at first, but then she started getting faster and faster.

After a few days of having sex, I had slowly gotten better and better at controlling myself. I no longer came as soon as I put it into her and could go for a few minutes before cumming, but she was still too amazing for me to hold on for long.

So it didn't take long for me to climax.

But before I could, she suddenly stopped moving and just stared down at me.

I had been lost in the pleasure, but the moment that I saw the way that she looked at me, I couldn't help feeling a chill run down my spine.

The way her eyes looked down at me, the strange affectionate look that she had...It felt dangerous...

However, I didn't dare say anything since I knew that it would be worse if I did.

She just looked at me like this for a bit before suddenly saying, "You won't leave me, right?"

I felt another chill run down my spine when I heard this, but my instincts told me to...

"No, I promise that I'll be with you forever."

I knew that it would be dangerous if I said anything else.

Hearing this, the strange look in her eyes disappeared and she revealed a faint smile before moving up and down again. She said in a gentle and loving voice, "Good boy, here's your reward."

With her moving like this, I couldn't hold back anymore and released my load into her.

But as I did, I knew that something had changed...
