

SHOTA'S ISEKAI NTR ADVENTURE

Chapter 13 Knight Captain (2)

Cecilia looked at Madame Rose with a dazed look of confusion when she heard these words.

It was as if she could understand what the words meant, but at the same time, she couldn't understand what she was saying.

After a moment of silence, Cecilia's face turned red and she said in a slightly angry voice, "Ro Ro, what are you saying? Why are you suddenly asking this?"magic

After saying this, she glared at me as if it was my fault.

I just sat there with a bitter and awkward smile on my face as I had no idea what was even happening.

Madame Rose was the calmest person in this situation as she revealed a smile and asked, "Has he still not touched you yet?"

Cecilia's face turned even more red, but she lowered her head and didn't say anything.

It was almost as if she was confirming that this was true.

I couldn't help being shocked when I heard this.

It wasn't a surprise that this beautiful knight captain was married, but the fact that her husband hadn't touched her yet shocked me.

Cecilia was the perfect example of the beautiful knight captain trope in any game or manga.

She had beautiful long flowing blonde hair tied up in a ponytail, a pair of beautiful sharp eyes, perfectly lush and soft red lips, and a busty figure that

was perfectly outlined by the armour that she wore. She was the beautiful knight captain that everyone wanted to ravage...and yet her husband hadn't touched her?

There was a silence that filled the air as no one said a thing.

Finally, Cecilia calmed herself down enough to say in an angry voice, "Ro Ro, even if you are a close friend, you can't say things like this. You should know better than to get involved in the matters between husband and wife."

Madame Rose didn't seem bothered by these words at all as she said, "But he leaves you so frustrated, it must be hard for you."

Cecilia's face turned red once again, but this time, she quickly said, "It's the same for you, isn't it? You just said it, the Lord Baron doesn't touch you either."

Madame Rose didn't get angry when she heard this. Instead, she just revealed a calm smile and said, "That is true, but that's not the case anymore. I've found a new way."

Cecilia couldn't help revealing a confused look before turning to look at me and saying, "Him?"

Madame Rose said with a nod, "Him."

Cecilia narrowed her eyes to look at me for a bit before suddenly looking like she realized something, "He's the sex slave that the Lord Baron bought for you?"

Madame Rose gave another nod before saying, "Yes, he's the one that's been satisfying me."

When she put it so bluntly, Cecilia couldn't help feeling embarrassed again. She lowered her head as her face was covered in a blush.

Madame Rose didn't mind this as she stood up and came over to the desk to take Cecilia's hands. Then she said with a smile on her face, "How about I have him satisfy you as well?"

Both Cecilia and I couldn't help revealing shocked looks as we just looked at Madame Rose in a daze. Neither of us could understand what was happening now.

Madame Rose didn't stop as she said, "That man isn't interested in you, he's just interested in using you to increase his own position. He will never be able to satisfy you like a real man could."

Cecilia's face turned more and more red as Madame Rose spoke, but she still forced herself to say, "What kind of nonsense are you saying? You're telling me to cheat on my husband? How could I do something like that?"

Even though she said this, her voice couldn't help becoming softer as she spoke. It was almost as if she was conflicted over something...

Madame Rose's smile became even wider when she heard this. She pulled Cecilia up by the hand and said, "Cece, let's go to my room."

Cecilia could have resisted, but since it was Madame Rose, she didn't dare use her strength. She could only let Madame Rose pull her out of the room.

As they headed out, Madame Rose waved her hand at me as if she was telling me to follow her.

I couldn't help feeling a chill run down my spine.

Even if I was confused as to where this was heading, I had some vague ideas...but I didn't dare believe that those vague ideas would come true.

After all, if they did, then it would be too crazy for me to follow.

After coming back to the main building, we attracted the attention of the men who were still running in the field.

They turned to look at Cecilia and they couldn't help being shocked by what they saw.

That was because the current Cecilia was completely different from the knight captain Cecilia that they knew. This Cecilia had a shy blush on her face as she was being pulled away by Madame Rose.

This Cecilia was anything but the valiant and powerful woman that they knew.

This Cecilia was a woman who was bashful like a young girl.

All of them couldn't stop the fires deep inside of them from being stoked as they all wanted to...

But of course, not a single one of them dared to do a thing because it was Cecilia and Madame Rose. If they had tried to do anything, it was very likely that they would have been executed.

So they just turned their attention back to running, only peeking at the three of us from time to time.

When we made our way back to Madame Rose's room, Madame Rose sent off the servants who had been there before bringing Cecilia into the bedroom.

When it was just the three of us, she had Cecilia sit on the bed while having me stand in front of it.

Then she said to me in a calm voice, "Strip."
