

SHOTA'S ISEKAI NTR ADVENTURE

Chapter 16 Knight Captain (5)

I was the first one to recover from this shock.

After coming back to my senses, I looked down at Cecilia who was kneeling down in front of me.

Seeing the way that she was kneeling, seeing how perky her nipples were, seeing the look on her face in this situation, I just couldn't stop myself...

My dick started getting harder, standing up on its own.

Soon, it rose up to the point where the tip was right in front of Cecilia's mouth.

When Cecilia came back to her senses and saw the dick right in front of her face, she even felt the urge to slap it away. But her hands were still being held by Madame Rose, so she couldn't do so in the end.

As she tried to resist, she found it harder and harder to do so...magic

That was because there was a strange smell that was coming from in front of her.

It couldn't be considered a good smell, it was a smell that was very much like squid. However, even though it was a very strange smell, Cecilia couldn't help being attracted to it.

The more that she smelled it, the more that it filled her with...excitement.

Soon, there was a liquid that came from between her thighs that started dripping down her legs.

But she used her last bit of willpower to say, "Ro Ro, don't do this."

Madame Rose just said with the same smile on her face, "Cece, this is for your own good. Go on, lick it."

Cecilia finally couldn't take it anymore as there was this strange feeling that filled her mind. As this feeling clouded her thoughts, she started moving her head forward willingly.

Finally, when her mouth was right in front of it, she slowly reached her tongue out towards it.

But before she could touch it on her own, the dick suddenly grew larger.

When I saw her in front of my dick like this, I couldn't help getting more turned on. As I became more and more turned on, my dick just couldn't help getting larger and larger until it was almost touching her tongue.

But it didn't stop growing...

It had only been at half mast before, but now, it was getting closer and closer to full mast.

When Cecilia saw the dick in front of her growing larger and larger, she couldn't help wanting to move away from it. It was just too bad that Madame Rose still had her hand on Cecilia's hand that stopped her from doing this.

So with no other choice, she started licking it.

As soon as her tongue touched it, she couldn't help feeling a warm feeling coming from it that filled her entire body.

The taste of the dick...wasn't good, but this feeling was something that she had never felt before.

However, the dick didn't stop growing...

When I felt her tongue touch the tip of my dick, there was also a warm feeling that filled me, but I knew what this feeling was. As the burning feeling filled my stomach and reached my crotch, my dick couldn't help getting bigger at a faster rate.

Since Madame Rose still had her hand on the back of her head, Cecilia couldn't move back at all.

As the dick grew, it pushed more and more against her tongue and against her mouth, giving her no room to move. So she had no choice but to...open her mouth and let it in.

I was shocked to see her opening her mouth and swallowing my dick like this, but that shock was blown away by the pleasure that followed as my dick entered her mouth. I couldn't help giving a moan even when she was only just over the tip.

However, it was different from Cecilia.

Just from putting the tip in her mouth, it was almost like her mouth was being ripped open. It was as if her jaw was being ripped in half by the thing that had been suddenly thrust into it.

It filled her mouth so much that it even made it hard for her to breathe and she couldn't stop her spit from dribbling out onto the dick.

But that just made me feel even better.

As she made me feel even better, the dick became even bigger in her mouth and pushed deeper inside of her. This feeling was almost like torture for her...but she also couldn't help feeling a very strange feeling deep inside of her.

This was a burning sensation that wasn't unpleasant...Rather it made a certain place between her legs even hotter and even more liquid started dripping down her leg.

She just couldn't stop herself as she wanted to move one of her hands down to rub that place, but it was just too bad that Madame Rose was still holding her hands.

Madame Rose saw the look on Cecilia's face and the look in her eyes and she couldn't help revealing a smile.

The hand that was on the back of Cecilia's head...slowly started pushing forward, forcing more and more of the dick into her mouth.

Cecilia's eyes opened wide when she felt this and she tried to make a few sounds of protest, but she couldn't do it in the end as her mouth was completely filled with the dick.

As she tried to make those sounds, her mouth and tongue started moving around my dick, which made it feel even better.

She wasn't able to take all of the dick in her mouth, but the movement from her mouth and tongue, along with the breath that she released onto it, filled me with more and more pleasure until...

I finally couldn't take it anymore.

I ignored the pleading look in her eyes and grabbed the side of her head.

Cecilia's eyes opened even wider as I pulled her head forward, cramming as much of my dick into her mouth as I could.

Then I shot my load right into that sweet and succulent mouth, coating her throat with that rich liquid.
