

# SHOTA'S ISEKAI NTR ADVENTURE

## Chapter 17 Knight Captain (6)

When this strange liquid entered Cecilia's mouth, she couldn't help choking on it.

With the large dick inside of her mouth and the strange liquid mixing with her saliva, it completely blocked off her airpath and she started to choke.

I didn't notice this at first since I was still lost in the moment of pleasure, but hearing the choking sounds coming from her, I couldn't help panicking. So I quickly pulled my dick out of her mouth.

When the dick came out, Cecilia immediately bent forward and vomited out a mixture of my cum and her saliva. After spitting this all out onto the carpet, she started coughing and gasping as if she was trying to catch her breath.

Madame Rose didn't stop her this time and let her fall forward on her knees and chest while still holding her arms behind her.

When I looked down at her, I couldn't help being shocked by the pose that she took...

As I watched her like this, my dick couldn't help becoming hard again. Even though I had already cummed, it still grew without stopping.

Even though I had taken a few steps back, it grew to the point where it was once again right in her face.

Once Cecilia recovered enough to stop panting, she looked up to find...the large dick was in her face once again.

No, it was even bigger than before!

She had thought that she had seen how big it could become, but it seemed that it hadn't been its true size just now. This dick was a real monster and she couldn't help thinking about if it went into her...

It was certainly much bigger than the fingers she normally used.

But then again, at this length, it was very likely that it would rip her in half!

Still, she couldn't stop the liquid from dripping down her leg when she saw this.magic

Cecilia gave a gulp before mustering up the bit of reasoning that she had left to say, "Ro Ro, please stop. I know that you are scared right now, but you can't let your fear control you like this. I promise that I'll help you with whatever it is you are dealing with as long as you let me go."

Madame Rose wasn't moved when she heard these words as she stood over Cecilia with the same smile on her face.

She then looked down at Cecilia's flushed face and she couldn't help revealing an even wider smile as she said, "Cece, did it feel good?"

Cecilia couldn't help feeling a chill run down her spine when she saw this look on Madame Rose's face.

But she still said in a slightly angry voice, "My jaw was almost ripped apart and I almost choked on it, do you think that it felt good?"

Madame Rose didn't react at all when she heard this.

Instead, now that she had a hand free because she no longer needed to hold Cecilia's head, her hand went to the top of Cecilia's underwear. She pulled down in one swift motion and pulled the underwear off.

There was another chill that ran down Cecilia's spine when she felt the sudden breeze that hit her private parts and she couldn't help revealing a look of panic.

However, her hands were still being restrained by Madame Rose.

This time she was no longer holding back and was struggling with all her might, but she found that she wasn't able to break free at all.

It wasn't that Madame Rose was strong...it was that she had lost all of her strength after having her mouth violated like that. She couldn't even use a tenth of her original strength, so she couldn't break free at all.

Madame Rose just firmly held her hands with one hand while her other hand moved in between her legs. They went right up to the private part in between those two beautiful thighs and in one swift motion, she ran two fingers through it.

The moment that Madame Rose touched her in her private place, it was like there was a bolt of lightning that ran through her body.

Cecilia couldn't take it all as she started shaking from the shock of being touched like this.

Madame Rose once again ignored her as she raised the hand that she ran across her private place in front of her face. When she saw that there was a liquid glazing her fingers, she couldn't help revealing a smile again.

She leaned in atop Cecilia and put her fingers in front of Cecilia's face before saying, "Then what's this? Can you really tell me that you're not turned on right now?"

When Cecilia saw the liquid on Madame Rose's fingers, she couldn't help revealing the strongest blush that she had revealed so far.

She opened her mouth and closed it again and again as if she was about to say something, but nothing came out in the end.

Madame Rose's smile just became even wider when she saw this.

She brought her fingers right in front of the mouth that was opening and closing before saying, "Look at how dirty you've made my hand. Lick it off."

Cecilia's face filled with shock when she heard this and she just stared at Madame Rose in disbelief. But seeing the look on Madame Rose's face, she knew that she wasn't kidding.

So after resisting for a bit, she had no choice but to lick it when Madame Rose basically pushed it into her mouth.

Her tongue went across those fingers and there was a strange taste that filled her mouth.

However, even then, she couldn't help feeling a burning sensation coming from her naval that reached the deepest parts of her. She didn't know why she was feeling this way, but it was slowly becoming unbearable.

Once she finished licking off the fingers, Madame Rose helped her up before bringing her over to the bed.

She turned back to me and said with a wag of her finger, "Come over here."
