

SHOTA'S ISEKAI NTR ADVENTURE

Chapter 18 Knight Captain (7)

Seeing this, I had no choice but to come over, but there was a wry smile on my face as I walked over.

Once I came over to the bed, Madame Rose pulled me by the hand until I was right behind Cecilia.

Cecilia who had been in a daze was pulled out of that daze when she saw me standing there. Especially since she could see the monstrous rod that was still rock hard placed right over her...

With how I was standing, it was clear what was going to happen next.

Cecilia immediately said in a fierce voice, "Don't you even dare!"

I jolted when I heard this, but then Madame Rose said, "You know what to do."

Looking at the two of them like this, I didn't know who I was more afraid of...No, I did know who I was more afraid of. So I started moving forward towards Cecilia lying on the bed in the end.

When Cecilia saw this, there was a chill that ran down her back and a feeling of panic. She knew what was going to happen and she was afraid of it happening...

With how big that dick was, it was clear that it would rip her in half if it went into her.

But at the same time, there was a trace of excitement that was inside of her heart...

What would it feel like if such a thick thing was inside of her?

As I came closer and closer, the look on Cecilia's face started to change. It was fierce at first, but when she came to accept the reality of the situation and the more imminent it seemed, she became more and more afraid. magic

Finally, she couldn't take it anymore as she said in a small pleading voice, "Please, don't do this..."

But that just had the opposite effect on me.

When I saw the strong knight acting weak like this, I couldn't help thinking of all those doujins that I read before. The moment that I saw her acting like this, I couldn't stop my dick from...suddenly growing.

It had shrunk a bit after seeing the fierce looks of the two women, but now...it couldn't help growing once more as I became more turned on by Cecilia acting like this.

Cecilia had been scared, but she was now terrified when she saw my dick suddenly growing. There were even tears that were coming out of her eyes as she realized what was about to come.

When I was right over her, I lined up my dick right with her and then in one swift motion...

I thrust forward.

Even though she had complained and cried, she was actually very wet. It was so wet that there was very little resistance as I thrust forward. It was so wet that I pushed way deeper than I was planning on pushing.

I had only given a small thrust so that just the tip would enter, but I couldn't stop myself as almost half of it filled her.

Cecilia had been begging me not to do it when she suddenly felt the dick entering her. The moment that it entered her, her words left her and her mind just emptied as she felt herself being stretched open by the dick.

It was painful!

That was her first thought after the dick entered her.

This was her first time after all, so this was a feeling that she had no experience with at all.

Even a knight who was used to being injured in fights couldn't take this pain.

She was about to scream out in pain, but Madame Rose's hand came right over her mouth to block it. All she could do was muffle in pain as tears came down her face.

I couldn't help being shocked by how easily I went in and at the same time, I couldn't help being lost in the pleasure that followed.

This feeling was completely different from Madame Rose.

The feeling inside of Cecilia was much tighter than how it had felt inside of Cecilia. I could feel the walls of her vagina just wrapping up around my dick, hugging it tightly, filling me with pleasure.

As I was lost in pleasure, I also couldn't help looking down at the good deed that I had just done. However, I couldn't help being shocked by what I saw.

There was blood coming out of her vagina that covered my dick...

Could it be that she really was a virgin?

But she was a married woman, so how could she be a virgin?

Seeing that I had stopped moving, Madame Rose said, "What are you doing just standing there?"

I jolted once again when I heard this, so I didn't hesitate anymore as I grabbed Cecilia by the waist and held tight as I thrust forward with my hip.

However, I found that I couldn't go any deeper...

It felt like I was hitting up against something that wouldn't let me in any deeper even though my dick was only halfway inside of her.

So with no other choice, I could only move my hip back to pull my dick out before thrusting again.

Cecilia wanted to cry out in pain again after being thrust into again, but they only came out as moans of pain as Madame Rose was covering her mouth.

Once again, my dick only went halfway inside of her before it was stopped by something again.

So I could only thrust back and forth, letting only half my dick go into her.

There were muffled moans of pain at first, but soon those moans of pain started to change. They went from muffled moans of pain to muffled moans of pleasure.

Even the look on Cecilia's face started to change as I kept thrusting into her.

At the same time, I couldn't help revealing an ecstatic look on my face from the pleasure that she gave me.

All during this, Madame Rose watched with a smile on her face.
