

# SHOTA'S ISEKAI NTR ADVENTURE

## Chapter 20 Knight Captain (9)

magic

As I was thrusting into Cecilia, I couldn't help feeling a strange gaze on my back.

When I turned around, I saw Madame Rose there staring at me with that complicated look in her eyes.

I could clearly see what she was thinking, but I ignored it for now.

After all, I was doing what she wanted me to do right now, so she couldn't say anything.

So I suddenly stopped thrusting and reached my hand out to slap Cecilia's face. Cecilia's eyes had been rolled back in pleasure, but she was woken up again by my slaps.

I looked at her and said, "I've been doing everything so far. I think it's your turn."

Cecilia was taken aback when she heard this, but her mind was still filled with pleasure that she just nodded in a daze. So she sat up suddenly and then turned me around while my dick was still inside of her before pushing me down so that I was on the bed and she was above me.

Then she started moving up and down, doing all the work while I just laid there.

I was surprised that she had agreed to this so easily, but seeing her like this, I couldn't help getting more and more turned on. Especially when I saw her tits flopping up and down above me.

They were so big that they were even bigger than my head and seeing them flopping around in front of me...this was a rare scene that I had never seen before.

I couldn't help staring up in a daze at those perfect breasts for over a minute before slowly reaching my hand up.

Cecilia was still focused on moving up and down on my dick that she didn't notice my hands coming up at all. That is until they suddenly...grabbed her breasts.

When my hands grabbed them, she felt something that was like electricity running through her from her breasts, coming from where I was touching them.

As I gripped her breasts, she slowed down as her head tilted back to show her pleasure.

I was also shocked when I grabbed these boobs since I never thought that they would be this soft. It was like the softest pillow I had ever touched, no, it was even softer than that!

This feeling could only be described as heavenly!

But as I massaged her breasts, she started slowing down and I started feeling less pleasure from down there. So I gripped her chest and said, "Don't slow down now."

When I gripped and pulled on her chest, Cecilia couldn't help letting out a cry of pleasure before she suddenly squirted. After she climaxed, she fell forward and leaned against my chest with those large boobs of hers.

As she leaned against me, I could feel the soft feeling coming from them and I couldn't help letting myself enjoy them.

But I still focused my mind and pushed her off before slapping her gently on the face to wake her up.

After being slapped, Cecilia did wake up from her daze, but then she couldn't help touching her face again as if she couldn't believe what had just happened. She just touched her cheek as she sat there without moving.

Seeing this, I couldn't help saying, "Hey, are you going to move or not? If not, then I'll stop." I said this as if I had some kind of control over this matter.

But Cecilia's mind was so shaken from the pleasure that she had felt that she was no longer thinking straight. She started moving again without even thinking as she still had one hand on her cheek as if she was thinking about something.

This was her first time being slapped like this by anyone.

Even when she was a child, her parents had never slapped her like this. No matter what kind of things she did, they would never lay a single hand on her.

So this was something that she had never experienced, not even once.

The first time that she was experiencing this, she didn't feel angry like she thought she would be. But rather...she couldn't help feeling a bit of heat that came from where he had slapped her that went right to her chest.

It was the same feeling as when he grabbed her breasts or when he stuck his dick inside of her...

She didn't know why she was feeling this way, but she...felt like she wanted more.

So after being lost in thought for a while, she looked down at me and asked in a small voice, "Can you do that again?"

I had been focused on rubbing and pinching her chest when she asked this, so I wasn't able to react right away. But after processing what she had asked

me, I couldn't help looking at her with slightly confused eyes as I asked, "What did you say?"

Cecilia's face turned a bit red, but she said in a soft voice, "Can you do that again?"

I still couldn't believe what she was saying, but the look on her face was serious. I could tell that she wasn't kidding about this.

I never would have thought that this beautiful and strong female knight would be into something like this...

But of course I couldn't just give it to her because she was asking for it.

So I said in a strong voice, "As long as you do well, I can give it to you."

Cecilia's heart skipped a beat when she heard this.

She had never been talked to like this by a man before since they were mostly all afraid of her. So when she was being spoken to like this for the first time, her heart couldn't help skipping a beat and she couldn't help getting excited.

This was even more exciting than all the pleasure that he gave her.

So she started moving faster and trying different things to please him, all in hopes of getting another slap.
