

SHOTA'S ISEKAI NTR ADVENTURE

Chapter 4 Can We Do It Again?

As she laid there, I couldn't help slowly getting up after being let go.

But when I saw her body in full again, I was once again shocked.

Instead of the pure and pristine picture from before, she was now covered in sweat and her chest heaved as she panted.

This scene was even more erotic compared to before.

As soon as I saw this, my dick couldn't help rising once more. As it rose, it created a shadow that covered Madame Rose's face.

She was surprised by this and when she opened her eyes, she couldn't help staring up at me in shock.

That was because my dick...was right over her face.

The smell of it wafted down on her and the moment that she smelled it, she couldn't help trembling again as her body felt like flames were burning inside of it.

She immediately moved her head up and before I could even react, her lips fell onto the tip of my dick. There was a surprisingly cold feeling that came from it at first, but then as she wrapped her lips around the tip and pushed in, there was a feeling of being caressed by something warm that came from it.

This was a feeling that I had never felt before.

This feeling was so much more satisfying than touching myself.

As this feeling came from below, my face couldn't help twisting in pleasure.

Madame Rose had been trying to fit more of it into her mouth, but it was just too big that she was having trouble pushing it in. This extinguished the flames that burned inside of her a bit and she calmed down a bit.

She looked up at my face and seeing the look of pleasure on that immature face, she couldn't help revealing a beautiful smile even with my dick in her mouth.

She had been overwhelmed by my techniques, but now that she had calmed down a bit, it was her turn to be in charge again.

When I was filled with pleasure, there was another new feeling that suddenly came from my dick.

It was different from the feeling of her lips wrapping around it.

It was like having a slippery snake wrap around the tip of my dick.

When I looked down, I saw the tip of something pink coming from out of her mouth.

It was her tongue!

She had started using her tongue!

This feeling was just too much for an inexperienced person like me and before I could do anything else, I could feel the pressure building down below as I was about to climax.

However, before I could climax, I felt something strange once again.

Opening the eyes that had been forced closed in pleasure, I looked down to find that her tongue had disappeared back into her mouth.

Even though it was gone, I knew exactly where it was still...magic

It was pressed right up against the tip of my dick, right where the opening to my urethra was.

It was pushed up right against it and it even started digging into it a bit.

With it there, it felt like I couldn't finish as the cum that was about to come out felt like it was being pushed back into my dick.

I looked down at Madame Rose and found that she was looking up at me with a strange look...But even though it was a strange look, I could tell what she meant by it...

So I said in my most pleading voice, "Please let me cum, madame."

Hearing this, Madame Rose revealed a smile again as her tongue moved off the tip of my dick. Then it started moving around the tip, licking it slowly and filling me with pleasure.

I had already been close to cumming earlier, so with this extra stimulation, I couldn't hold back at all as I blew my load in her mouth with a grunt.

Madame Rose was caught off guard by this sudden shot, but her eyes quickly narrowed and she revealed a smile as she swallowed it all in her mouth. Then with one final suck after I was finished shooting, she pulled her mouth off my dick and gave a gulp before opening her mouth to show me.

It was almost as if she was teasing me with the way that she did this.

But it had the effect that it was supposed to have and my dick started getting hard again.

Madame Rose had let go and had turned around, as if she was preparing to put her clothes back on. As she did this, she said, "You did good tonight. You satisfied me quite a bit."

After she said this, I couldn't help asking, "Are we done already?"

Madame Rose revealed a smile when she heard this, but she still said, "It can't be helped. You already finished, so you'll probably need your..."

As she said this, she had turned around to look at me.

Since she was sitting down on the bed and I was still standing there on the bed, there was a long shadow that was cast over her. It went right in between her eyes and above her head.

When she saw this, she swallowed the words that she had been about to say.

This was a completely new experience even for her.

She wasn't a virgin by any means since she did have a husband, but whenever they did it, he would never last more than a single round. So this was what she thought was normal.

She never thought that men would be able to stand up tall again this fast.

But now that it was in front of her like this, she couldn't stop herself from dripping.

Seeing this, I couldn't help asking again, "I'm ready. So are we done already?"

Madame Rose looked at the way that I was asking and she couldn't help revealing a smile. Then she waved her hand and said, "Come over here."

I listened to her and went over to where she was lying in bed.

When I came over, she took me in her arms and held me. With my head placed in her soft pillowy mounds, I couldn't help getting even harder.

When she felt it poking her suddenly, she couldn't help looking down before becoming even more wet.

So with a smile she said, "Let's see if you can satisfy me again."
