

SHOTA'S ISEKAI NTR ADVENTURE

Chapter 5 So Full

I gave a strong nod when I heard this and then I pushed myself up over her.

This was my first time, so I wasn't that skilled at it.

I took my dick in one hand and carefully aimed it so that it was aligned with hers before slowly moving it forward.

During this time, Madame Rose had been watching with a smile on her face, like she was watching something cute.

However, the moment that I penetrated her, the expression on her face immediately changed.

It went from a smile to a wide open mouth of shock. It was almost as if she couldn't believe what was happening.

That was because...it was just too full!

This was a feeling that she had never experienced before, even with her husband. When she had done it with her husband in the past, it had always felt like something small was entering her, but now...

It was like she was being completely filled by this thing that had suddenly entered her.

However, when she looked down, she found that it was still just the tip that had entered her. It was only a tiny bit of the entire thing and she was already feeling this full.magic

She couldn't help feeling a bit fearful and a bit expectant of the whole thing.

However, for me, it was a completely different feeling.

For me, who had never had sex before, this was the best feeling in the world and I couldn't hold myself back as I came close to finishing.

But before I could, Madame Rose reacted and grabbed my dick by the shaft so I couldn't finish as she said, "It's not over yet, you can't finish all by yourself this quickly."

I couldn't help being shocked by this sudden grab from her and with her hand on my dick, I couldn't help getting even closer. However, when I tried, she gripped even harder on my dick and it was forced back inside just like when she used her tongue.

I looked at her with a pleading look and said, "Please let me finish."

But she just revealed a smile and said, "Not until you pleasure me as well."

Her legs wrapped around my waist and then with a sudden pull, she brought me forward, pushing my dick even deeper inside of her.

When it went deeper, she suddenly revealed a look of pleasure and gave a moan of satisfaction.

She was slowly getting used to this feeling and it was starting to turn from pain to pleasure. Especially with how full she felt, this kind of pleasure couldn't compare to the pleasure that her husband gave her.

Finally, once it was halfway in, she couldn't push it in any further.

Once it was halfway in, it was already hitting her womb.

As it tapped it, she couldn't hold herself back anymore as she felt the waves of pleasure filling her and she couldn't help cumming.

As she climaxed, her hand holding my dick suddenly let go and I felt the pressure being relieved. As soon as her hand let go, I couldn't help cumming as well, shooting my shot deep inside of her.

It was a feeling that I had never felt before in my days of gratifying myself.

This was the feeling of having sex!

But after cumming, I realized a big mistake...

I had just climaxed inside of Madame Rose...

If the baron were to learn about this...it would be hard to guarantee that my head would stay on.

So my only hope was that Madame Rose wouldn't say a thing.

Without hesitation, I started to pull my dick out and I was about to bow down, but Madame Rose looked at me with a confused look that stopped my actions.

She had also calmed down from the rush of pleasure that she felt and was reaching for a handkerchief on the side. She slowly brought it over between her legs and wiped off the cum that was dripping out.

As she did this, she couldn't help admitting...

It really was a big load!

I was just dazed for a bit, but then I started to bow down to apologize.

However, before I could, Madame Rose suddenly said, "You don't need to apologize for anything. That man won't care."

My body froze when I heard this and I couldn't help looking up at her with a look of disbelief. However, the serious look on her face made it clear that she wasn't kidding.

But this was just too unbelievable.

A noble wouldn't care that a sex slave came inside his wife?

That was impossible.

After all, the most important thing to nobles would be their bloodline and this was a chance to taint that bloodline. If anything, this should be the thing that they would deem unacceptable the most.

So why would the baron not care about his wife?

It also raised the same question as before.

Why did the baron buy a sex slave for his wife...?

Madame Rose completely ignored my stunned appearance and just focused on cleaning herself. As she did, she couldn't help looking at the cloth that had my cum on it with a strange look...

It almost seemed like she was attracted to it...

But once she finished cleaning herself, she looked at me and said with a smile, "You must be finished now, right? You can go clean up and..."

Before she could finish, she saw my dick that was slowly rising again and she couldn't help revealing a shocked look once more.

This...this vitality...wasn't it too much?

I didn't say anything, but the look on my face made it clear what I wanted.

Madame Rose revealed another smile and reached her arms out before saying, "Come here."

Without hesitation. I went into her arms and soon...we were at it again.

We kept going for several more rounds before my dick finally settled down.

When we finished, we were both exhausted and we laid there on the bed together with my head in her arms, resting on her large breasts.
