

## Sidekick 1131

### Chapter 1131: Nothing is More Important than Yiling Being Alive

“Negative emotions. When someone is experiencing negative emotions, a yet-to-be-discovered hormone is released into his blood circulation. His heart can’t withstand this hormone.”

This explained why his heart started to go into cardiac arrest as soon as Jian Yiling experienced the accident.

As of now, the Zhai family still assumed that Zhai Yunsheng experienced a heart attack. And thus, they assumed that anything shocking which would cause him to experience adrenaline would result in a heart attack.

“Did you look into this?” Jian Yunmo asked.

“I found two hundred samples to experiment on. This hormone exists in the endocrine system.”

‘When Jian Yiling was in the other world, besides looking for a way to come back to this world, she used the more advanced medical technology there to study Zhai Yunsheng’s heart problem.

Over there, Jian Yiling did not dare to rest. After all, she did not know what was happening over in this world.

“If that’s the case, as long as we develop something to neutralize that hormone, we can ensure that he won’t experience a heart attack!” Jian Yunmo exclaimed. He instantly grasped the crux of the matter.

“Mhmm!” Jian Yiling nodded. “I’ve already developed something that could be useful. However, before using it, I need to conduct experiments on his body to ensure that my deduction is correct.”

“Understood. I have my computer with me. In addition, I will get Zhuojia to bring Liu Ting over. Liu Ting helped out in analyzing Zhai Yunsheng’s heart. I believe he’s more suitable in assisting you with this task.”

Jian Yunmo immediately began to organize this.

“Brother Yunmo, I will go and look after A Sheng.”

“Wait a minute,” Jian Yunmo said as he stopped his sister. “Did you apply medicine to your injuries? I brought some things over.”

Even though Jian Yunmo was in a rush, he remembered to bring a lot of things with him.

In particular, he brought a lot of medicine.

Jian Yunmo brought Jian Yiling over to the side to apply the medical cream to her injuries.

He gently applied the cream to the cuts on Jian Yiling’s face.

‘When he was about to apply the cream to Jian Yiling’s hands, he paused.

There were a lot of wounds, injuries, and calluses on her hands.

Furthermore, these wounds and injuries were not from these two days.

Jian Yiling had always taken care of her hands. Except for calluses from holding scalpels because of her profession, in the past, there would not be a single wound on her hands.

She would rather be slapped in the face than slapped in the hand.

'When Jian Yunmo saw this, his hand trembled slightly as he applied the cream.

However, he did not ask Jian Yiling about this.

He knew that many things must have happened to her in the past two years. It must have been incredibly difficult for her to return to them.

And thus, she wasn't even able to take care of her most beloved hands.

After Jian Yunmo gently applied the cream to Jian Yiling's hands, he softly said: "I've applied this cream to your face and hands. Ask Miss Jin to help you with applying the cream to the rest of your body."

Jian Yiling took her hand back. She did not want her brother to look at her hand anymore.

"I will go check up on A Sheng."

"Go ahead," Jian Yunmo said. He did not object to Jian Yiling and Zhai Yunsheng being together.

Two years ago, Jian Yunmo would have been perhaps a little upset.

However, his state of mind had changed.

Nothing was more important than his sister being alive..

### **Chapter 1132: Sleeping Together**

They all saw Zhai Yunsheng's feelings towards Jian Yiling.

He loved Jian Yiling as much as his own life.

1

If such a person was willing to protect his sister, what reason did he have to stop them from being with each other?

His sister had grown up. She found the person she wanted to protect.

He just had to pray that the two of them had a good ending.

'When Jian Yiling returned to the room, Zhai Yunsheng was already lying in bed.

The bedsheets were brand new.

In the afternoon, An Yang had been very busy. He changed everything he could in Jin Jin's house.

'When Jian Yiling attempted to get onto the bed, she struggled to get up from her wheelchair.

Although Zhai Yunsheng's eyes were closed, he wasn't actually asleep.

When he heard movement, his eyes opened a little and peeked at Jian Yiling.

'When he saw the injuries on her body, he instinctively wanted to reach out and give her a hand.

However, in the next second, he realized that his current condition was even worse than Jian Yiling's.

He needed to be taken care of. He couldn't help her even if he wanted to.

'When he thought about this, Zhai Yunsheng closed his eyes and did not look at Jian Yiling again.

She could do whatever she wanted. After all, he couldn't do anything about it.

After a while, Jian Yiling successfully climbed into bed. Zhai Yunsheng sensed her move beside him.

'Then, a pair of arms wrapped around his waist. She glued her entire body to him.

Upon realizing this, Zhai Yunsheng frowned. He did not want her to touch him. He didn't want his disgusting body to be touched by her.

Even he was disgusted by himself.

He didn't want to be close to her.

Jian Yiling did not appear to sense his resistance. In fact, she did not have the slightest intention of moving away. She continued to hug him and her breath began to even out.

"Go sleep in another room," Zhai Yunsheng finally spoke up.

"Why?"

"We're not married. We shouldn't sleep in the same bed."

"But we live in the same apartment. Furthermore, we slept in the same bed in the past."

"That's not the same."

"Why isn't it the same?"

Jian Yiling lifted her head to look at Zhai Yunsheng.

However, Zhai Yunsheng turned his eyes away. He did not dare to look into Jian Yiling's eyes.

He turned his head to glance at the other side.

Jian Yiling reached out to touch Zhai Yunsheng's chest: "A Sheng, you're not ugly. You're just unwell. After you get better, you will be handsome again. Furthermore, I'm not good-looking at the moment either. But I will also get better."

"It's not the same."

He knew that she would get better. He knew that she would go back to her former self.

However, his condition was different from her.

“It’s the same,” Jian Yiling said with certainty. “A Sheng, I will help you get better.”

She was certain about this.

Then, Jian Yiling shifted closer to Zhai Yunsheng.

She was so close to him that she could hear his breathing and feel his heartbeat.

Not long after, Zhai Yunsheng heard the sound of even breathing coming from beside him.

She had fallen asleep.

Zhai Yunsheng opened his eyes and used the moonlight that shone into the room to look at the person beside him

She was actually back and she was right beside him, vivid and real.

Zhai Yunsheng did not know when he fell asleep.

As his body was very weak, he could fall asleep easily.

‘When he woke up, it was already morning. The person next to him was no longer in the room.

He did not know when she got up. His overly weak body made him lose his alertness.

As he looked into the empty room, he did not know what he was waiting for..

### **Chapter 1133: Plan to Fatten Him Up (1)**

In the kitchen, Jin Jin was preparing breakfast under the guidance of Jian Yiling.

This morning, Jian Yiling got up incredibly early to knead the dough and prepare fillings for steamed dumplings. She also wanted to stir-fry vegetables.

Even though she was in a wheelchair, she did not plan to be idle.

However, when Jin Jin woke up, she refused to let Jian Yiling do work. And thus, under the guidance of Jian Yiling, Jin Jin began to make food.

“Is it okay to put this much salt?”

Jin Jin realized that Jian Yiling was very good at cooking. With her guidance, her home-cooked dishes could become extraordinarily delicious.

“Mhmm, the steam dumplings are ready to eat now.”

“Okay, I will take them out. You can bring the steamed dumplings to the man inside the room.”

Jian Yiling made two different fillings for the steamed dumplings. She made one for everyone else and made one specifically for Zhai Yunsheng.

Jin Jin placed an insulating towel onto Jian Yiling’s lap and then placed a steamer onto it.

Then, Jian Yiling turned around to return to the room.

'When Zhai Yunsheng noticed Jian Yiling enter the room with steaming hot food, he glanced away.

However, Jian Yiling moved her wheelchair over to the window and said: "I made steamed dumplings for you."

"I'm not hungry," Zhai Yunsheng replied quietly.

He did not want her to help him anymore.

She should live a happier and better life.

Jian Yiling placed the steamer onto the bedside table.

"There are mushrooms," Jian Yiling said. "An Yang brought them over this morning."

'Then, Jian Yiling sat down beside Zhai Yunsheng and began to eat the steamed dumplings.

She took one bite at a time and the rich aroma of the steamed dumplings instantly filled the room.

It was hard for Zhai Yunsheng to ignore the aroma.

He knew what Jian Yiling's food smelt like.

After Jian Yiling ate five steamed dumplings, she asked again: "Are you sure you don't want to eat any?"

This time, Zhai Yunsheng did not reply.

At this moment, Yu Xi entered the room. He asked if the two of them needed anything.

These two people weren't able to look after themselves. As a result, he, as their mother, could only run around for them.

"There's steamed dumplings for you to eat."

Jian Yiling handed the steamer containing the rest of the steamed dumplings to Yu Xi.

"Wow! It smells so good! Did you make these?" Yu Xi exclaimed. He hadn't eaten food made by Jian Yiling in ages. He missed it a lot.

Yu Xi couldn't wait to begin eating the dumplings. However, Zhai Yunsheng suddenly glanced at him and said: "Go and fetch my computer."

Yu Xi froze for a moment. Zhai Yunsheng hadn't touched his computer in ages.

"Master Sheng, what do you need a computer for? Master Zhai said that you shouldn't be working."

"To watch dramas," Zhai Yunsheng replied.

Dramas?

Master Sheng wanted to watch dramas?

"Is there a problem?" Zhai Yunsheng asked.

“No no. No problem at all,” Yu Xi hurriedly replied as he turned around to fetch Zhai Yunsheng’s computer.

After Yu Xi left, Zhai Yunsheng’s eyes fell on the steamed dumplings in Jian Yiling’s hand.

Jian Yiling noticed his gaze: “A Sheng, do you want to eat these steamed dumplings? If you want to eat them, I won’t give them to Yu Xi.”

“Mhmm..” Zhai Yunsheng answered quietly.

If Jian Yiling was not seated close to him, she wouldn’t have even heard his response.

Upon receiving this reply, Jian Yiling asked one of Zhai Yunsheng’s bodyguards to help him sit up. Then, she fed the steamed dumplings to Zhai Yunsheng.

Five steamed dumplings and a bowl of bone soup.

Zhai Yunsheng ate all of it.

In these two years, this was the most Zhai Yunsheng had ever eaten for breakfast.

‘When Yu Xi returned with Zhai Yunsheng’s computer, he noticed the empty steamer. He couldn’t help but ask in surprise: “God Ling, where are the steamed dumplings? Did they disappear?”

#### **Chapter 1134: Plan to Fatten Him Up (2)**

“A Sheng ate them, there’s more in the kitchen,” Jian Yiling answered truthfully.

When Yu Xi heard this, he froze slightly before he smiled: “Okay, I will go and eat the ones in the kitchen!”

Yu Xi happily ran out of the room. He was not at all upset at the loss of his steamed dumplings.

Master Sheng was finally willing to eat food!

He only lost half a steamer of dumplings. If it really came to it, he was even willing to give up half a year of pocket money.

‘When Yu Xi arrived at the kitchen, Jin Jin was still busy.

“Miss Jin, don’t worry about that! Just leave the dishwashing to me!”

“You... You know how to wash dishes?” Jin Jin asked as she suspiciously looked at Yu Xi.

Yu Xi did not look like a person who would stay in the kitchen.

He seemed like a man from a rich family. And thus, it didn’t appear as though he would even appear in the kitchen, let alone know how to wash the dishes.

“I know how to wash them! I used to wash cartoon lunch boxes all the time!” Yu Xi replied with certainty.

Then, Yu Xi rolled up his sleeves and started washing the dishes.

When Jin Jin realized that Yu Xi actually knew how to wash the dishes, she decided not to comment anymore.<sup>2</sup>

'When Jian Yiling came out of the room, Yu Xi was almost done with washing the dishes. He was planning to go into the garden to pick some vegetables with Jin Jin.

"God Ling, what vegetables do you want to eat for lunch? I was planning to go with Miss Jin to pick fresh vegetables from the garden."

One of the biggest advantages of living in Jin Jin's house was the garden of green vegetables that Jin Jin had grown.

In addition, she raised chickens and ducks.

All of these ingredients were great for people.

Naturally, Yu Xi did not plan to just take these things from Jin Jin. He had someone track these costs and planned to give them back to Jin Jin later on.

After all, this amount of money meant nothing to Yu Xi and the others. However, they had to keep note of this as a sign of respect for the fruits of Jin Jin's labor.

"Can I go with you guys? Is that alright?" Jian Yiling asked.

Jin Jin glanced at Jian Yiling's wheelchair before she said: "The path inside the vegetable garden isn't great. If you get stuck, you will need to get someone to carry you out."

Yu Xi hurriedly said: "Don't worry about this. If God Ling wants to go, we can get someone to help her."

Although Zhai Yunsheng was lying inside the room, he heard the conversation outside.

'When he realized that they were going outside, Zhai Yunsheng lowered his head to look at his feet.

For some reason, he felt rather upset.

After Jian Yiling and the others left, Zhai Yunsheng called someone into the room.

"Get me something to eat," Zhai Yunsheng said.

In order to recover as soon as possible, other than eating medicine, he had to eat other foods.

"Young Master, Lady Yiling instructed that she will be responsible for all your foods. We can't give you any other food."

'As expected, Zhai Yunsheng's subordinates now listened to Jian Yiling. Jian Yiling's words took priority over Zhai Yunsheng's words.

'When he heard this, a strange feeling arose in Zhai Yunsheng's heart.

Was he upset?

Not really.

It was hard to describe this feeling of being controlled by someone.

This was especially the case when this person was the little rabbit he had lost two years ago.

“Young Master, would there be anything else that we can do for you?”

The bodyguard stood at the door and waited for further instructions from Zhai Yunsheng.

“Go and check on her in the garden. Make sure she doesn’t injure herself,” Zhai Yunsheng said.

“Young Master, don’t worry about that. Someone’s already following her.”

There was no need for these instructions from Zhai Yunsheng. The bodyguards knew about protecting Jian Yiling.

As the bodyguards of the Zhai family, they knew that only by protecting their future matriarch, their Young Master would get better...

### **Chapter 1135: Plan to Fatten Him Up (3)**

At noon, before it was time for lunch, Zhai Yunsheng could already smell the rich aroma of food.

As Jin Jin’s house was quite small, the smell of food made in the kitchen could easily travel to the bedrooms.

In addition, Zhai Yunsheng could hear what Jian Yiling and the others were saying inside the kitchen.

“God Ling, can Master Sheng eat this if there’s meat in it?” Yu Xi asked Jian Yiling.

“Mhmn,, his intestines and stomach have recovered a little.”

Previously, Jian Yiling did not fully understand the problem with Zhai Yunsheng’s heart. As a result, she treated it as an ordinary heart problem. That was why she did not allow him to eat meat or greasy foods.

However, she now understood what was wrong with his heart. And thus, she was gradually going to introduce various meats into his diet.

She was going to slowly fatten him up.

“God Ling, you need to take care of yourself as well. Even though it’s very important to look after Master Sheng, you need to remember that your condition right now isn’t great either,” Yu Xi couldn’t help but remind Jian Yiling.

Thankfully, Jian Yunmo and the others were here. They could help Jian Yiling with medical-related matters.

“I’m alright. I don’t find cooking tiring,” Jian Yiling replied. She enjoyed her brain being in an idle state as she cooked. “I want to help A Sheng get better. I plan to take him for a walk tomorrow.”

Zhai Yunsheng’s condition was gradually stabilizing. In the next few days, they could remove the medical instruments from his body.

This situation was consistent with the research Jian Yiling conducted in the past two years.

If he wasn't consistently feeling negative emotions, his heart could function normally.

"Okay, okay! I will be your bodyguard."

It wasn't that Yu Xi wanted to be a third wheel. Rather, if there wasn't an unwanted bystander next to Jian Yiling and Zhai Yunsheng, no one dared to let them out.

Zhai Yunsheng could clearly hear the conversation between Yu Xi and Jian Yiling.

Take him for a walk? Why did it sound like she was planning to walk her pet?

How could he be her burden?

Zhai Yunsheng glanced beside him and saw a cup of water on the bedside table. He wanted to reach out for the cup.

However, he didn't have the strength to do that.

The two years he spent in a bed made his body collapse.

Damn it.

"What are you doing? Do you want to drink water?"

When Jian Yiling entered the room in a wheelchair, she saw Zhai Yunsheng reaching out.

"Nothing. I wanted to do exercise," Zhai Yunsheng replied as he put his arm back down. The expression on his face was cold.

"Mhmm,, it's time to do exercise," Jian Yiling said as she climbed onto the bed.

'When Zhai Yunsheng noticed Jian Yiling approach him, a frown appeared on his face: "What are you doing?"

"A massage," Jian Yiling replied. "Think of it as a warm-up before you exercise."

Then, Jian Yiling began to take off Zhai Yunsheng's clothes.

'As Zhai Yunsheng was currently wearing cotton stay-at-home clothes, the clothes were incredibly easy to take off.

Furthermore, the pants were also easy to take off as it was just an elastic waistband.

"Don't move!" Zhai Yunsheng growled.

"Why?" Jian Yiling asked.

"Jian Yiling, even if my body is in this state, I'm still a man!"

His voice was low and suppressed. It almost seemed as though he was trying to suppress his anger.

"L know, Jian Yiling responded. She never doubted that.

Zhai Yunsheng turned his head away and avoided Jian Yiling's eyes: "Then I should be the one protecting you... Not the..."

1

Zhai Yunsheng could not stand the look of himself.

Before finishing his sentence, Zhai Yunsheng's voice trailed off. He didn't hear Jian Yiling's response.

When he turned his head back to look at her, he noticed Jian Yiling's red eyes.

He couldn't bear to see the look in her eyes.

"Don't cry... Don't cry..." Zhai Yunsheng hurriedly comforted.

### **Chapter 1136: Provoke (1)**

"When you get better, I will let you protect me okay? For now, I want to protect you. Regardless of what you become, you're still my A Sheng," Jian Yiling pleaded in a soft voice.

Jian Yiling's voice had always been soft and gentle. And thus, when she pleaded, her voice sounded like a kitten's mew to Zhai Yunsheng.

Zhai Yunsheng was unable to say no to Jian Yiling.

"I will cooperate with the treatment. However, you need to get another man to do this massage," Zhai Yunsheng replied slowly. "You're injured as well."

There were a lot of wounds and cuts on Jian Yiling's body. Instead of worrying about him and helping him, she should also be getting rest.

"Okay," Jian Yiling promised. As long as he was willing to listen to her, this was not a problem.

Jian Yunmo was watching this by the window.

As the soundproofing in Jin Jin's house wasn't that great, he heard the entirety of Jian Yiling and Zhai Yunsheng's conversation.

After pausing in the spot for a moment, Jian Yunmo turned around to look for Liu Ting.

As there was not enough space to stay, An Yang ordered several caravans and parked them in front of Jin Jin's house. Out of the many caravans, one of them was allocated to people from Lahaisen Hospital.

"What's up Brother Yunmo?"

"I need you to help me with something."

"What do you need help with? I, Liu Ting, am willing to climb a mountain of swords or plunge into a sea of flames for you!"

"Go and confess to my sister."

"What?! What are you saying? Are you confused? Are you not Brother Yunmo? Brother Yunmo would never get a man to confess his love to his sister... If anyone looks at your sister for an extra second, you will probably cut them! Wait... Do you want to chop trees again? Are you setting a trap up for me? If

that's the case, you can go ahead and chop any tree! Head out of the caravan and an axe will be on your right. However, don't drag me into this. I still want to live a long and fulfilling life! Heck, I haven't bullied Wen Yan enough!"

"I just want to provoke the person lying in bed."

"Huh?" Liu Ting exclaimed. After taking a moment to comprehend Jian Yunmo's words, he said: "Ohhh! I get it! I understand now! Brother Yunmo, you're no longer opposed to that wolf cub stealing our Dean from us! In fact, you're planning to help them get together! Brother Yunmo, your love for our

Dean has advanced to another level~ You've..."

"Focus on the main point."

"Okay! No worries! Leave it to me! I will promise to make dead people alive again! Even someone crippled can become an athlete! Young Master Zhai will be so upset that he can jump up and run eight hundred meters!"

As he said this, Liu Ting put down the work he had in hand and rushed out of the door.

Jian Yunmo had no idea what Liu Ting planned to do.

However, despite looking unreliable, Liu Ting would accomplish anything he promised to do. And thus, Jian Yunmo did not have to worry about this.

Ha

At lunchtime, Jian Yiling brought over lunch. There were three steaming side dishes and a bowl of soup.

"You've only just recovered. It's best for you to eat lighter foods. However, I added a bit of minced meat. You need sufficient protein in your diet."

Jian Yiling picked up a spoon and gently fed Zhai Yunsheng.

Zhai Yunsheng looked at Jian Yiling's face which was covered by scars.

"When is... Your face going to heal?" Zhai Yunsheng asked Jian Yiling.

"It will take a week or so for the scars to begin to fade. For the scars to completely disappear, it will take half a month or a month. This will depend on the individual."

"What about the fracture?"

## **Chapter 1137: Provoke (2)**

"My bone is cracked. It's not completely broken. As I'm still young, my bones have strong regenerative abilities. It will heal in a week or so.:"

After a pause, Jian Yiling said: "If you take your medicine, eat well, and maintain a positive and optimistic outlook on life, you will quickly recover as well."

Jian Yiling said this with a serious expression on her face.

However, Zhai Yunsheng did not reply to her.

He once believed that if he was careful enough, he could be beside her for many years.

However, he did not have this confidence anymore.

As Zhai Yunsheng and Jian Yiling spoke, the door was opened by Liu Ting.

Previously, Liu Ting had always been wearing a lab coat. That look gave off the impression that he was only focused on academic research.

However, he changed into a suit today. Whilst being well-dressed, there was also a bouquet of roses in his hand.

There was even a rose held in his mouth.

“Dean, this is for you.”

Jian Yiling paused before she slowly took the bouquet. Question marks were written all over her face.

“Why are you giving me flowers?”

“No reason why. I just haven’t seen you in two years. And thus, I wanted to express how much I’ve missed you in these past two years.”

Liu Ting was no longer laughing. Instead, he looked at Jian Yiling with a burning gaze. His voice was steady and the look on his face was inexplicably serious.

It seemed as though his eyes were hiding many unexpressed feelings.

As he said this, Liu Ting turned around to look at Zhai Yunsheng who was lying on the bed. When Jian Yiling was not watching, a taunting smile appeared on his lips.

When Zhai Yunsheng saw this, he frowned.

He sensed that Liu Ting was provoking him.

“Thank you,” Jian Yiling said. She did not think too much into this.

“This is also for you. I know you like strawberry flavored desserts,” Liu Ting said as he took out a heart-shaped dessert that was packed inside a transparent plastic box. The outer layer of the dessert was coated in strawberry jam.

Roses and a heart-shaped dessert... Even the closest colleagues wouldn’t gift these two things together.

Although Jian Yiling did not understand what was happening, Zhai Yunsheng immediately understood.

“Thank you.”

“Let me take you to watch a movie tonight,” Liu Ting said to Jian Yiling.

“Watch a movie?”

“Mhmm, Brother Yunmo said that you probably didn’t get much rest in the past two years. Even though you’re back, you’re still super busy. Therefore, he wanted me to think of something that would help you take some time to relax and unwind.”

‘When he heard these words, Zhai Yunsheng nervously looked at Jian Yiling.

Jian Yiling shook her head and replied: “I’m going to stay by A Sheng.”

Jian Yiling’s reply made Zhai Yunsheng breathe a sigh of relief.

Although he received this reply, Liu Ting did not back off. Instead, he said: “Well then, continue to take care of him. I will ask you another day.”

As he said this, he gave Jian Yiling a warm smile.

This smile was very different from his usual smiles.

It was the first time Zhai Yunsheng saw such a smile on Liu Ting’s face.

And thus, Zhai Yunsheng was inclined to think that Liu Ting had feelings for Jian Yiling.

After all, on Lahaisen Island, Liu Ting treated Zhai Yunsheng with quite a bit of animosity. When Jian Yunmo wanted to make things difficult for Zhai Yunsheng, Liu Ting always helped him.

Liu Ting looked at Zhai Yunsheng and asked Jian Yiling: “Is he going to start doing exercise?”

“Yep,” Jian Yiling answered. She was planning to help Zhai Yunsheng with massages today.

“Does he need a muscle massage? I can help,” Liu Ting said.

“No need.”

Not long ago, Zhai Yunsheng refused Jian Yiling’s help and requested a man to do his muscle massage..

### **Chapter 1138: Provoke (3)**

Liu Ting: “Young Master Zhai, my massage technique is very good. Jian Yiling’s cousin could not work. His muscles were atrophied. I helped him get better. If you don’t believe in my words, you can call Wen Yan to come over. Get him to show you his thighs. My massage technique played a large role in his recovery.”

This was the truth. A large part of Wen Yan’s recovery could be credited to Liu Ting.

Liu Ting turned around and asked Jian Yiling: “Yiling, am I right?”

Usually, Liu Ting called Jian Yiling “Dean.” However, he suddenly changed to “Yiling” today.

The words “Yiling” seemed inexplicably intimate.

“Mhmm,” Jian Yiling replied. She acknowledged Liu Ting’s massage technique.

Jian Yiling did not notice the change in Liu Ting’s address to her.

Yiling understands me best," Liu Ting said as he looked into Jian Yiling's eyes. "Speaking of which, when we first met, we were performing an autopsy together. In the entire organization, only the two of us were able to endure and stomach the horrifying state of that corpse."

Liu Ting was a strange person and so was Jian Yiling.

It was rare for Liu Ting to meet someone so similar to him.

If he discussed corpses and organs with another person, the other person would typically scold him. However, Jian Yiling would not do this. She would answer his questions in a serious manner.

As he mentioned this, the corners of Liu Ting's lips rose again.

Zhai Yunsheng was watching and listening closely to this conversation.

Liu Ting added: "Yiling, during the time you've disappeared, I had one less person to discuss these things with. That feeling really sucks."

These words were genuine.

In the two years Jian Yiling disappeared, he indeed missed her.

'When Zhai Yunsheng heard this, he felt as though a fishbone was stuck in his throat.

He couldn't stand Liu Ting looking at Jian Yiling in such a way... He refused to accept Liu Ting going on a movie date with Jian Yiling... And if they held hands and hugged.

The more Zhai Yunsheng thought about this, the darker his face became.

He quickly realized that even though he disliked his current appearance, if that meant that Jian Yiling was going to be together with another man, he could not stand that for a single moment.

Zhai Yunsheng said in a low voice: "I'm more used to Yiling helping me with massages."

Liu Ting: "Yiling's a woman. You guys aren't married yet. Therefore, it's inappropriate for her to give you a full body massage. I'm a man and my hands are stronger than Yiling's. You can trust me."

Zhai Yunsheng snorted lightly before he replied: "Yiling and I slept together on the same bed. Even though we're not married yet, marriage will just be a matter of time."

'When Liu Ting's eyes fell on Zhai Yunsheng's body, a contemptuous smile appeared on his face.

It was as though he was laughing at Zhai Yunsheng's current body. It seemed as though he was laughing at the fact that Zhai Yunsheng wanted to get married to Jian Yiling when he was in such poor health.

Although Jian Yiling could not see the look in Liu Ting's eyes, Zhai Yunsheng could see it clearly.

'When Liu Ting turned around to look at Jian Yiling, the smile on his face became gentle again: "Well then, if Young Master Zhai doesn't need my help, I will head back to the caravan to see if I can do anything else. Yiling, if you need me for anything, just come and look for me. For you, I'm available 24 hours a day.

"Mhmm," Jian Yiling nodded, "Thank you."

“You’re welcome. I will bring you another dessert tomorrow,” Liu Ting replied..

#### **Chapter 1139: Provoke (4)**

Then, Liu Ting left the room.

After he left the room, Liu Ting immediately gasped for air.

“Damn it. I’m suffocating. I haven’t had to be serious for my entire life. I’m so not used to this.”

Then, he took off his blazer in disgust.

He hated these clothes. Only casual clothes and lab coats were comfortable and convenient to wear.

Wen Yan just so happened to see Liu Ting taking off a blazer. Wen Yan looked at him suspiciously and asked: “What are you doing in a suit?”

For the first time in two years, Wen Yan saw Liu Ting wearing a suit. Liu Ting told him that not wearing a lab coat or casual wear was essentially putting him into shackles.

“What else would I be doing? I’m confessing my love to your sister,” Liu Ting huffed.

Abh, this was a terrible task to take. Zhai Yunsheng could take his revenge anytime he wanted!

He had to have a talk with Brother Yunmo. If he didn’t have this talk, his personal safety would be at risk.

“What are you talking about?” Wen Yan asked as his face darkened.

Liu Ting approached Wen Yan and pulled him a bit further away before he quietly said: “Brother Yunmo requested this of me.”

“Brother Yunmo? But why?” Wen Yan asked.

“Are you dumb? It’s to provoke Young Master Zhai. Do you think everyone is as keen as you when it comes to doing rehab?”

Upon hearing these words, Wen Yan finally understood.

“But will he fall for this? His IQ isn’t low.”

“I know his IQ isn’t low. However, he’s a man. At certain times, it’s easy for one’s intelligence to drop. For example, since he has poor health, he will feel threatened when compared to a smart, beautiful, and talented individual like myself. When he encounters such a situation, he will not overthink.

Furthermore, Yiling is a very attractive girl. It’s only natural for people to like her. I didn’t outright say I was attracted to her. Rather, I only expressed half and hid the other half. When he sees one half, he will make up the other half. By doing so, he will feel like he came to such a conclusion using his own analysis.”

Liu Ting explained his rationale to Wen Yan.

“But don’t you deal with corpses usually? Where did you gain this knowledge and experience from?”  
Wen Yan frowned.

“Dramas! Do you think I watch romance dramas for nothing?”

“I thought you watched those dramas to criticize them.”

“Well, I only criticized some parts of the drama. I learned its essence. Young Wen Yan, you still have a lot to learn! How many steps have you taken today? Are your legs becoming stronger? When are you going to play soccer with me?”

Upon hearing this, Wen Yan rolled his eyes. He was too lazy to argue with Liu Ting.

HEE

In the room, Jian Yiling took Zhai Yunsheng’s words seriously.

She once again climbed onto the bed to take off Zhai Yunsheng’s clothes.

“Don’t take them off,” Zhai Yunsheng called out once again.

Jian Yiling looked at Zhai Yunsheng in confusion.

“You can do the massage with the clothes on,” Zhai Yunsheng explained.

Even though his body was like this, his instinctive desire for her had not lessened.

However, Zhai Yunsheng did not want that to happen. At least, he did not want that to happen when his body was in this state.

If she did the things she did yesterday to him, even though he didn’t want himself to react, he still could not stop his body’s instinctual reactions...

### **Chapter 1140: Strange Old Man (1)**

And thus, he did not want her to undress him.

It would be better if there were more clothes between them.

Jian Yiling agreed to this. She did not attempt to take off Zhai Yunsheng’s clothes again.

On top of the clothes, her small hands began to massage away at Zhai Yunsheng’s arms and legs.

She did not put much strength into the massage.

Awhile into the massage, Zhai Yunsheng’s originally pale face became to show some color.

He had still underestimated Jian Yiling’s influence on him

A subtle muffled groan spilled out from Zhai Yunsheng’s throat.

“Did I hurt you?” Jian Yiling asked.

“Don’t worry about the rest,” Zhai Yunsheng answered in an exceptionally hoarse voice.

“If it hurts, just bear with it for a bit. You didn’t exercise your muscles in a long time. You will need a while to recover. Massages can help your rehabilitation exercises become easier.”

He could bear the pain.

But.

“Master Sheng, God Ling!”

Yu Xi rushed into the room.

Then, he was dumbfounded.

He did not expect to see the scene in front of him.

After a second, Yu Xi hurriedly apologized and said: “Sorry sorry!”

Then, he flew out of the door and locked the door for Jian Yiling and Zhai Yunsheng.

After he left the room, Yu Xi patted his chest and the look of shock remained on his face.

Master Sheng and God Ling

Doing such a thing in broad daylight... With the door locked?!

Furthermore, Master Sheng’s body was in that state

Hm... It seemed as though distance made people fonder of each other. In these two years, whether it was the mind or body, the two of them missed each other a lot.

He just didn’t expect God Ling to be the person who initiated.

As Yu Xi thought about this, Jin Jin was going to enter the room.

Yu Xi hurriedly stopped her.

“What’s wrong?” Jin Jin asked out of curiosity.

“Master Sheng is asleep. You shouldn’t... Disturb them.”

“Asleep? Right now?” Jin Jin asked in puzzlement.

“Yeah, his body is weak. He may fall asleep at any time,” Yu Xi replied. For the sake of Master Sheng and God Ling’s happiness, Yu Xi was willing to tell a little lie.

Jin Jin believed in Yu Xi’s words.

“Oh right, is there any place near you with particularly good scenery? God Ling wants to bring Master Sheng out on a walk. I want to choose somewhere with good scenery for the two of them.”

Jinshui Village belonged to a hilly area that was surrounded by mountains.

“The scenery towards the back of the mountain is decent. There’s a waterfall there. However, a strange old man lives there. He doesn’t like people coming near him. His character is a bit difficult to deal with. If you see him, he will probably scold you.”

“Strange old man?” Yu Xi asked.

“Mhmm, he’s quite skinny and average in height. He has a slightly hunched back and usually does not interact with any of the villagers. He lives by himself in the mountains and likes to grow herbal medicine. That being said, he’s not a bad person. It’s just that it’s difficult to get along with him. If anyone gets bitten by a snake, you can ask him for herbal medicine. Even though he might scold you for a while, he will definitely give you the medicine. His herbal medicine has saved the lives of many people.”

“Ahh, as long as he’s not a bad person,” Yu Xi commented. If he couldn’t threaten the lives of Master Sheng and God Ling, he wasn’t a big problem.

HHH

Jian Yiling and Zhai Yunsheng went out for a walk together.

By now, Jian Yiling could already walk. However, Zhai Yunsheng was still seated in his wheelchair.

Yu Xi and Zhai Yunsheng’s bodyguards trailed the two of them. They did not dare to stray far from them.

Yu Xi said that there was a waterfall with beautiful scenery near the back of the mountain.

And thus, Jian Yiling decided to bring Zhai Yunsheng over there.

As Zhai Yunsheng’s wheelchair was electric and had the function of climbing slopes, even though it was a bumpy mountain road, he had no problem moving through it..
