Chapter 1161 Certain of Victory (2)

“Then I’d be writing a biography,” Anna replied playfully.

Mu Ruohai’s smile became wicked as he asked: “Who do you think will win between me and Zhai Yunsheng?”

“What has that to do with me? If you win, even if the compass falls into your hands, you won’t become the legitimate owner of the compass. The Goodman family will still not recognize your identity.” “Oh really?”

So what if that was the case? As long as he got his hands on the compass and as long as he found the treasure, why would he still need power from the Goodman family?

He could grow his own power. He wouldn’t have to care about them anymore.

“However, it seems as though you’re well-prepared and confident about winning against Zhai Yunsheng,” Anna laughed.

Mu Ruohai almost never made losses. If he dared to make such a bet against Zhai Yunsheng, Anna was confident that he was well-prepared.

“Naturally.”

“But as far as I know, the Zhai family is incredibly powerful. There are also many martial art experts in the Loyalty Alliance. Furthermore, Jian Yiling’s cousin is also known to be one of the best in our country. He hasn’t suffered a defeat yet,” Anna said. She did her research on people around Jian Yiling. “Anna, it appears as though you don’t know much about this country. Even though Jian Yiheng is strong and he’s portrayed as a martial arts genius by the media, truly strong people do not show themselves off in front of the media. They would never participate in those kinds of competitions.”

“Well, I’m not from here. And thus, I don’t know what you’re talking about. But it seems as though you’ve found someone super strong. Someone strong enough to give you such confidence.”

Mu Ruohai’s smile became mysterious as he said: “You will learn about this on the day of the competition.” Anna’s guess was correct. Mu Ruohai indeed found someone incredibly strong.

This made him fearless in the competition. No one from the Loyalty Alliance would be a match for the man he found. Even Jian Yiheng would not be a match against him.

Of course, Zhai Yunsheng was definitely out of the question already. “Oh? Did you find the man who reigned over everyone thirty years ago?” Anna asked.

“Oh, it seems as though you know quite a lot of things,” Mu Ruohai commented.

Mu Ruohai knew of the man Anna mentioned.

However, that man already disappeared for thirty years. No one knew where he went.

Even though A Yong was not that man, he was the strongest person out of the many reclusive families.

“Ahh, forget it. Where is my room? I want to get some rest. I’m tired from taking the plane,” Anna said as she walked away.

When Anna disappeared into her room, Mu Ruohai’s eyes turned cold.

“Mr. Mu...” A Yong said. The young man sensed Mu Ruohai’s hatred towards Anna. He could also probably sense that Mu Ruohai wanted to get rid of Anna.

“Anna... Sooner or later, I will make sure she’s unable to laugh.”

He would definitely get rid of this eyesore.

However, it was not the time for it yet.

He needed much more power to do that.

Despite having a lot of supporters already, if he wanted to deal with Anna, the most trusted person in the Goodman family, it would still be incredibly difficult.

Chapter 1162 Odds of Success

“If you encountered that man from thirty years ago, what are your chances of winning?” Mu Ruohai asked A Yong.

When Anna mentioned this, Mu Ruohai remembered this possibility. It could pose a huge problem for him.

He did not want anything to stop his plans. He absolutely had to get his hands on the Goodman family compass.

“I don’t know. However, my father once lost to him,” A Yong said with a cold and expressionless face. The martial arts in his family was passed down through the generations. A Yong learned his martial arts from his father.

Idiler.

If his father could not defeat that man, the probability of Ah Yong defeating him wasn’t high either.

Upon hearing this, Mu Ruohai frowned. “However, my father said that he shouldn’t be alive in this day and age,” A Yong added.

“Are you sure about that?”

“Apparently, he’s dead.”

“Dead? How did he die?”

“Even though he was invincible in battles, he was unable to protect the person he loved. And thus, that resulted in her death. As he was devastated by this, he drove whilst drunk and encountered a car accident.”

Upon hearing this, Mu Ruohai felt slightly better.

If this person hadn’t appeared in thirty years, he wouldn’t appear right now for no reason.

And even if he were to appear, Zhai Yunsheng would not be able to request that person for help.

And thus, if Zhai Yunsheng wanted to win against him, he could only ask Jian Yiheng for help. A Yong had already watched clips of Jian Yiheng's competition. He was confident that he could win against Jian Yiheng. In fact, he said that Jian Yiheng was not even considered a threat.

"Got it. Prepare well. If you win, I will arrange for your mother's treatment costs and her surgery."
"Okay."

###

Yu Xi was making laps around the garden. Although he believed in Grandpa Sun's words, he was still incredibly nervous.

In fact, he didn't know how much hair he had left. He kept pulling at his hair over the past two days.

Jin Jin looked at Yu Xi as he sighed for the eightieth time. She walked over and said: "Don't worry about it too much. Master Sheng seems confident in himself. There shouldn't be any problems."

"Miss Jin, where do you think Grandpa Sun is from? Why is he so strong? If we were to measure his combat abilities, would it break the measuring tool?"

"I don't know. I never knew he was so strong before. I've only seen him hit people with brooms. However, I just assumed he was easily angered."

Jin Jin only recently discovered that this strange old man was secretly a martial arts expert. Yu Xi: "Well, what is he doing here in the mountains then?" According to Yu Xi's understanding, these martial art experts usually work for prestigious and famous families. If they weren't working for those individuals, they would typically have their own business.

"Well, everyone has their own aspirations," Jin Jin replied. "Maybe he just likes life inside these mountains."

Yu Xi let out another long sigh: "Ahh, I hope that Grandpa Sun is even stronger than he shows right now. I don't want Master Sheng to lose this bet."

Yu Xi hated Mu Ruohai's face. Just thinking about him made Yu Xi feel disgusted. It would be even worse if Mu Ruohai won!

"It's useless for you to worry about it. Just let it be," Jin Jin said. "You're quite optimistic," Yu Xi commented. He knew what Jin Jin experienced in her lifetime. Both her parents passed away and she had a jerk of a brother. Even though she was living alone, she never complained and always tried her best to cope with everything.

Chapter 1163 Massage (1)

Jin Jin smiled and said: "If you don't be optimistic, you will spend your days worrying."

"You're right. We shouldn't do that to ourselves," Yu Xi replied. "Ahh, I will let Master Sheng and God Ling worry about those things!"

Jin Jin asked Yu Xi: "If Mr. Mu actually finds someone from those reclusive families, what will happen?"

Yu Xi: "Well, that will be quite troublesome. We don't know the strength and power those families have. For example, if we were talking about martial arts, the Xuan Dao Clan made its mark in history many years ago. Even though we haven't heard anything about them in recent years, during the warring times, they were incredibly active. In fact, they achieved many great things."

Jin Jin: "Don't think about it too much. If they chose to retreat, then they probably wouldn't get involved in these matters. Therefore, they probably wouldn't help Mr. Mu either."

"Hmm, that makes a bit of sense," Yu Xi replied. He was convinced by her logic.

Jin Jin smiled as she mixed an alcoholic beverage for Yu Xi. She placed the drink in front of him and said: "Have a drink. It will put you in a better mood."

It was a cup of pineapple raita with grapefruit. There was the sweet fragrance of the fruit.

"Did you make this?" Yu Xi asked as he looked at Jin Jin with surprise.

"Yeah, I worked part-time as a bartender when I was studying." In order to earn her living expenses, Jin Jin did many part-time jobs.

"Wow, you're amazing," Yu Xi commented. Yu Xi grew up in a circle where girls didn't have to worry about their living expenses. It was his first time meeting someone like Jin Jin. He admired her work ethic.

Jin Jin smiled: "It's not amazing haha. If you were put in the same situation, you would also be able to achieve this."

Then, she turned around to go back to her garden.

Even though Zhai Yunsheng and Jian Yiling were living in her house, their presence did not stop her from planting and looking after her vegetables and fruits.

###

Jian Yiling was completely exhausted after she learned martial arts from Grandpa Sun for a day.

Jian Yiling was used to using her brain.

She was also somewhat used to physical labor. After all, performing surgery was also physical work.

However, that was completely different from the training she did with Grandpa Sun.

During the training, Zhai Yunsheng wanted to ask them to stop.

After all, he hated to see Jian Yiling be in pain.

However, he did not end up saying those words.

Even though she was suffering right now, it would be better for her in the long run.

After the training, Jian Yiling went to take a shower. Then, she changed into a loose and comfortable t-shirt before she flopped down on the bed and refused to move.

“You should get up and move around,” Zhai Yunsheng said. “If you don’t do that, your muscles will hurt even more tomorrow.”

The lactic acid buildup would make her muscles incredibly sore tomorrow.

“Don’t want to move,” Jian Yiling muttered softly.

This was the first time Zhai Yunsheng saw Jian Yiling being lazy.

Jian Yiling was utterly exhausted from the training. She did not want to move. And since she was in front of Zhai Yunsheng, she just wanted to relax.

When Zhai Yunsheng saw this, he moved her onto his legs and began to massage her shoulders, arms, and calves.

If she did not want to move, he would massage her muscles for her. This would make her feel a bit better. Otherwise, she probably wouldn’t be able to walk tomorrow morning.

Jian Yiling leaned against Zhai Yunsheng and enjoyed the massage. His hands pressed down on her muscles and it was incredibly soothing.

She snuggled into Zhai Yunsheng’s arms as though she was a kitten that was being petted.

Chapter 1164 Massage (2)

Zhai Yunsheng smiled as a doting look appeared on his face: “Comfortable?”

“Mhmm...” Jian Yiling replied softly.

Her soft kitten-like voice made Zhai Yunsheng’s bones feel numb.

However, Jian Yiling did not sense this as she remained on the bed. She did not notice any change in Zhai Yunsheng.

“Whose clothes are you wearing?” Zhai Yunsheng asked. As he was giving her the massage, he noticed that Jian Yiling was wearing clothes that did not belong to her. “Brother Yunmo’s,” Jian Yiling replied softly. She had little strength in her words. It was as though all her energy had been used up today.

“Why are you wearing his clothes?”

“Comfy.”

After a day of training, Jian Yiling did not want to do anything but to relax. That’s why she wanted to wear comfy clothes.

Jian Yunmo’s T-shirt was well suited for this.

“I have T-shirts like that as well,” Zhai Yunsheng said.

“Mhmm,” Jian Yiling replied. She knew about this. He had been wearing T-shirts recently.

“Wear mine next time.” “Isn’t it the same?”

“Mine smells better.”

“Huh?”

What kind of man would say that he smells good?

A Sheng was shameless.

However, Jian Yiling was too tired to make another comment.

And thus, she began to drift off to sleep as Zhai Yunsheng continued to give his massage. Soon, Zhai Yunsheng noticed that Jian Yiling had fallen to sleep.

“Do you trust me this much?” Zhai Yunsheng said helplessly.

Then, he softly pinched Jian Yiling’s nose and said: “Silly girl.”

After that, Zhai Yunsheng covered Jian Yiling with a quilt. As he did this, he noticed the scars on her hands.

He softly moved his fingers over the scars.

Then, a frown appeared on his face. What happened in the past two years? What happened that prevented her from looking after the hands she cherished most?

Zhai Yunsheng gently placed her hands into his and carefully laid down next to her.

###

People from the Goodman family, the Jian family, and the Zhai family gradually arrived in Ruinan Town.

The venue for the competition was found by An Yang. It was set to be a basketball court under his name.

There were a lot of people here today. There were individuals from the Goodman family, the Jian family, and the Zhai family. In addition, there were people from the Loyalty Alliance. With the bodyguards they brought, there were over a hundred people present.

These people were all considered to be big shots.

They gathered here to witness the bet between Mu Ruohai and Zhai Yunsheng.

When Master Zhai saw Zhai Yunsheng appear, tears fell out of his eyes.

Even though everyone saw Master Zhai as a terrifying person, he honestly just wanted his grandson to be healthy and happy.

To his pleasant surprise, in the past half a month, his grandson had gone from lying in a hospital bed to his now glowing appearance.

How could he not cry tears of joy?

Grandpa Jian sat beside Master Zhai. He was in no better state. His previous granddaughter had been missing for two entire years. And now, she was finally back. He was absolutely overjoyed.

Even though everyone else saw them be big shots in the corporate world that were known to be indifferent towards everything, tears were continuously falling out of their eyes.

Naturally, everyone else in the Jian family was crying even more.

Chapter 1165 Determined by a Single Match (1)

Quite a lot of people from the Goodman family came to witness this match. However, Jian Yiling only invited Elder George and Anna to spectate. The other members invited themselves because they were interested in the Goodman family compass.

At the same time, they did not want the compass to fall into the hands of Mu Ruohai.

Under the watchful eyes of hundreds of people, Mu Ruohai appeared inside the basketball stadium. There was a smile on his face and he appeared to be in a very good mood.

According to everyone's understanding of Mu Ruohai, when he smiled like this, he had a lot of confidence to back himself up.

After all, this man would never agree to do something if he was making a loss.

Mu Ruohai passed by Zhai Yunsheng and asked: "A Sheng, have you decided on who is participating in this match?"

"I will personally fight you," Zhai Yunsheng responded. Upon hearing this, Mu Ruohai smiled and said: "A Sheng, you're still so reckless. You're gambling all of your wealth and assets here. If you don't have that money, how are you going to look after your adorable fiancée?"

"My fiancée makes a lot of money. At most, I will just be a pretty man and ask her to look after me."

Mu Ruohai sneered when he heard this answer. Then, he looked at Master Zhai who was seated with the rest of the audience: "Hello, Uncle Zhai."

"You bastard! Don't you dare call me Uncle Zhai. I feel so disgusted right now. In fact, I'm about to throw up the food I ate last night!" Master Zhai exclaimed. He wanted to tear apart the man in front of him.

If it weren't for Yiling's accident two years ago, this man would not have had the opportunity to escape from his crimes! "Uncle Zhai, A Sheng is gambling the entirety of the Zhai family's wealth and assets. Aren't you worried about losing everything? Soon, the entirety of the Zhai family will belong to me."

Master Zhai responded with a look of disdain on his face: "You won't be able to win against my grandson. If you do win, you can come here and repeat those words to me!"

Mu Ruohai continued to provoke Master Zhai: "Uncle Zhai, don't say that. You're quite old. You need to mentally prepare yourself for this loss."

"You're speaking too much nonsense," Jian Yiling said. "We can start now."

And thus, under the watchful eyes of everyone in the audience, Zhai Yunsheng and Mu Ruohai wrote down what they were gambling.

After the formalities were finished, the competition officially began.

Mu Ruohai gestured for A Yong to step forward. Then, he went to sit down on a chair beside him to watch the show unfold.

Zhai Yunsheng got up. Before he left, he planted a kiss on Jian Yiling's cheek and said softly: "Wait for me to finish this."

Then, he walked to the center of the basketball court.

The man named A Yong did not have a slither of emotion on his face. It was as though he was an emotionless robot.

The two people stood facing each other. They waited for the referee to say start.

No weapons were allowed in this match. No lives were meant to be at stake.

When the match was about to start, the Zhai family and the Jian family began to become incredibly anxious.

Even if it was two years ago, Master Zhai would have been stressed if he heard that Zhai Yunsheng was planning to fight someone.

And now, Zhai Yunsheng had just recovered from his two years of illness and poor health. The Jian family and the Zhai family did not really know how he was doing.

"Ahh, we should have gotten Yiheng to participate in this match. Why are they so stubborn?" Grandma Jian commented anxiously. They mentioned this to Zhai Yunsheng on their way here. They wanted Jian Yiheng to participate instead. However, Zhai Yunsheng had refused.

She also asked Jian Yiling about her thoughts. However, Jian Yiling responded that she supported Zhai Yunsheng's decision regardless of what it was.

No matter what the Zhai family and the Jian family said, the two of them would not change their minds.

Chapter 1166 Determined by a Single Match (2)

"Don't worry too much about it," Master Zhai said. "This is Yiling and A Sheng's decision. They must have their own reasons."

"I understand... But I'm still worried," Grandma Jian replied softly. That's why she didn't pressure Jian Yiling to change her decision. She respected their decision and trusted that they would not do something reckless just because they wanted to.

But if something happened to Zhai Yunsheng, how would Jian Yiling cope?

At least for now, the two of them were together.

Members of the Goodman family were also confused by this decision.

"Why is Zhai Yunsheng participating in the match? Isn't he meant to be sickly?"

"Yeah, I thought so as well. And hasn't he always been in poor health for the past two years?"

"That's the truth. I got this news from reliable sources. In the past two years, he barely stepped out of ICU."

“Hmm... That’s strange... He looks very healthy right now. Furthermore, he made the decision to participate in this match. Why would he do that?”

“He’s either crazy or he has some method of winning that we don’t know of.”

Anna also narrowed her eyes. She was as confused as the people around her. She did not know why the Young Master of the Zhai family decided to personally participate in this match. Furthermore, it seemed as though the Zhai family and the Jian family all supported his decision.

Was he secretly being treated in the past two years?

But even if that was the case, Mu Ruohai came well prepared. This meant that the person representing him was by no means an ordinary person.

As a result, Zhai Yunsheng’s odds of winning were definitely not high.

It seemed as though she had to make plans. The Goodman family compass was not allowed to fall into the hands of that bastard.

The slightly chubby old man from the Loyalty Alliance announced the start of the match.

A Yong’s face was expressionless as he crouched down and prepared for battle.

Meanwhile, Zhai Yunsheng smiled and seemed rather relaxed.

A Yong struck first. He rushed over to Zhai Yunsheng and swung his fist out.

However, Zhai Yunsheng moved to the side and easily dodged his punch. A Yong was shocked to see this.

Zhai Yunsheng managed to dodge his punch?

He was well aware of how fast his punches were.

There were very few people who could dodge his punches with such dexterity.

Immediately, A Yong sensed that something was wrong.

This man was definitely not as ordinary as Mu Ruohai had mentioned earlier.

A Yong quickly threw out two more punches. However, those punches once again did not connect with Zhai Yunsheng’s body.

Zhai Yunsheng’s dodging speed was incredible. It was as though he could detect A Yong’s movements in advance.

A Yong’s confidence began to waver.

What was happening? Why could this man predict his moves? It was as though he could read the future or something. But that was impossible. The Hidden Blade Clan had been secluded for a long time. There were very few people who knew their moves. The spectators of this match were also amazed.

What was going on here? When did Zhai Yunsheng’s body become this good? And when did he become this good at martial arts?

People inside the Loyalty Alliance were aware of Zhai Yunsheng's condition during the past two years. He had been so sick that he couldn't even get out of bed.

Chapter 1167 Determined by a Single Match (3)

When did this transformation happen?

Even when he was healthy two years ago, he was never this nimble!

Furthermore, his opponent today threw incredibly quick and ruthless punches.

Generally speaking, it was already incredible for Master Sheng to return to the state he was in two years ago. How could he possibly become stronger than before?!

No one expected this to happen.

Even the Zhai family and the Jian family were stunned to see this. They were all incredibly anxious before the match began.

Zhai Yunsheng's performance was beyond their expectations.

"Yiheng, can you tell where he learned his martial arts from?" Jian Yumin asked Jian Yiheng. Jian Yiheng typically knew a lot in the area of martial arts.

Jian Yiheng stared at the match. He refused to even blink.

He was a martial arts fanatic who had stopped participating in competitions over the years because he hadn't met any worthy opponents.

However, this was an incredible match. The people fighting possessed incredibly high agility and combat strength. But he fought with Zhai Yunsheng before. He knew how strong that man was.

Even though he wasn't weak, he definitely wasn't this strong.

What was going on here?

They all knew that Zhai Yunsheng had been sick for two years.

So what happened during the past two weeks?

"Yiheng?" Jian Yumin called out as Jian Yiheng did not respond to his question.

"I'm not sure where he learned his martial arts from. However, Zhai Yusheng is now incredibly strong. He's even stronger than before. I don't know what happened to him in the past two weeks," Jian Yiheng commented. Something definitely incredible happened to him for such changes to happen.

A surprised expression appeared on Mu Ruohai's face.

What was A Yong doing? Why was he exchanging blows with Zhai Yunsheng?

As the match continued, the smile on Mu Ruohai's face gradually disappeared. It was replaced by anger and worry. As the match continued, A Yong continued to do his best. However, he began to sweat and pant.

And yet, he hadn't injured Zhai Yunsheng in the slightest.

In contrast, the smile on Zhai Yunsheng's face remained. It was as though he was taking a leisurely stroll.

Who said that this man was sickly? He was probably healthier than anyone here today!

A Yong felt incredible pressure.

Previously, he thought that this was going to be an easy match. After winning the match, he assumed that Mu Ruohai would save his mother as promised.

However, if he lost this match, his mother would be kicked out of the hospital. He did not want this to happen.

What could he do?

And thus, A Yong began to panic.

Zhai Yunsheng immediately caught onto this panic.

This was the opportunity Zhai Yunsheng had been waiting for.

It was his turn to make a move.

During A Yong's moment of panic, Zhai Yunsheng jumped up and kicked A Yong's head.

If that kick landed on an average person, they would have fallen onto the ground.

And even if this person was A Yong, the moment that kick landed, his head began to feel dizzy.

Without giving a chance for A Yong to recover, another wave of attacks hit him.

It was A Yong's turn to begin defending.

What was happening? Who the hell was this man?!

Chapter 1168 Determined by a Single Match (4)

And why was he stronger than him?!

As a descendant of the Hidden Blade Clan who was famous for their martial arts, how could he possibly lose to someone from an ordinary family?!

Mu Ruohai stood up from his seat.

This situation was unfavorable for him.

"Uncle, where are you planning to go?" Anna asked. Somehow, she appeared right next to Mu Ruohai.

"I'm a little tired after sitting down for a long time. I want to stand for a while."

"Ahh, that's fair. You should stand up and stretch. As you're old, your back will hurt if you sit for a long time."

Mu Ruohai glared at Anna before he reluctantly sat down again.

Somehow, Zhai Yunsheng had gotten the upper hand in the match.

“Good job A Sheng! You’re amazing!” Master Zhai cheered happily.

Upon hearing this, Jian Yujie also could no longer sit still. He began to shout: “Well done brother-in-law!”

Then, everyone else from the Zhai family and the Jian family began to cheer for Zhai Yunsheng. Even members of the Loyalty Alliance began to support Master Sheng. Their shouts resonated through the basketball stadium. As A Yong could no longer take the blows, after receiving one last kick from Zhai Yunsheng, he fell to the ground and could not get up anymore.

The slightly fat old man began to count down. If A Yong could not get up after ten seconds, it would be counted as his loss.

“Ten, nine, eight...”

Despite the countdown, A Yong could not get up in these ten seconds. This was not only because of the pain he was experiencing but also because he was exhausted.

He did not have any more energy to help him stand up.

And even if he could stand up, it was impossible for him to defeat Zhai Yunsheng, And thus, the slightly chubby old man declared that the winner was Zhai Yunsheng.

Cheers immediately filled the basketball stadium.

Previously, they assumed that their Young Master was just a sickly man who could die at any moment. The Loyalty Alliance had been constantly worried about this.

However, after this match, they realized that Zhai Yunsheng was definitely not going to die anytime soon. Furthermore, their Young Master was incredibly strong. This gave them a lot of confidence.

No one would call their Young Master sickly or weak anymore! However, Mu Ruohai’s face had darkened.

He did not expect this result.

This was the first time in his life that he had made such a big blunder. “Hmm, it seems as though my dear uncle is going to jail,” Anna smiled sarcastically at Mu Ruohai.

Even though he could scheme all he wanted, in the end, he couldn’t get what he wanted.

After a pause, Anna added: “Of course, you can go back on your words. If you choose to do that, you will be removed from the Goodman family and all the assets under your name will be taken away from you.” Before the match began, Zhai Yunsheng and Mu Ruohai both signed an agreement to transfer their assets to each other.

These two agreements were sealed into a safe that was placed at the center of the venue.

The key to the safe was held by the Goodman family and the password to the safe was set by the Loyalty Alliance.

The winning side could take the key and the password. They could destroy their own copy of the agreement and take the other party's copy to claim the agreed-upon award.

And now, Zhai Yunsheng had won.

And thus, Mu Ruohai had to decide whether he wanted to confess the truth about Zhai Bochen's murder as agreed upon or have all his assets taken away from him.

And if he went back on his word, the Goodman family would also choose to kick him out of their family.

Chapter 1169 Pay for One's Ambition

Mu Ruohai glared at Anna.

The anger in his eyes burned like a roaring fire.

This time, Anna got what she wanted. She finally had a reason to kick him out of the Goodman family.

Zhai Yunsheng walked over to Mu Ruohai and said: "You will return everything you owe me."

Two years ago, because of Jian Yiling's accident, Zhai Yunsheng could not collect what Mu Ruohai owed him.

However today, Zhai Yunsheng was going to settle this matter with Mu Ruohai.

"Zhai Yunsheng, how did you manage this? Your body shouldn't be able to do this!" Mu Ruohai refused to believe what had just happened.

Mu Ruohai knew about Zhai Yunsheng's condition.

He inherited his mother's heart. And thus, even though he could exercise and practice martial arts, his upper limit should be lower than a normal person's.

He shouldn't be able to break through this upper limit.

"Why don't you make a guess?" Zhai Yunsheng responded. The smile on his face was infuriating. Mu Ruohai wanted to know the truth? Well, he could go and ask the grim reaper for answers!

Anna looked at Mu Ruohai and said: "You have time to wonder about that? Shouldn't you be thinking over the decision you have to make? Are you going to give up your assets or are you going to go to jail?"

Mu Ruohai looked around him. He looked at people from the Goodman family, the Zhai family, the Jian family, and the members of the Loyalty Alliance. They were all staring at him intently.

He realized that today's matter would not end well.

One wrong step meant that he lost everything!

However, he didn't lose to anyone. Instead, he lost to himself!

If he wasn't this greedy and if he didn't have this much ambition, he wouldn't have gambled with Zhai Yunsheng.

###

After Mu Ruohai's matters were settled, the Zhai family and the Jian family crowded around Zhai Yunsheng and Jian Yiling.

Their darlings were finally back.

Master Zhai was so happy that he was about to cry.

No one knew how he survived through the past two years.

Although he encountered many things in his life, none of them hit them as hard as this.

"My condition is under control," Zhai Yunsheng shared this good news with everyone.

The day before yesterday, Jian Yiling injected the medicine she developed into his body.

Before the injection, Jian Yiling told Zhai Yunsheng that his condition was unique. As a result, she could not conduct any clinical trials.

However, Zhai Yunsheng did not mind. He believed in her. He was willing to hand his life into her hands.

And thus, this was one of the reasons why he could fight against A Yong today.

His heart was no longer under a burden. His true strength could finally be released.

"What does that mean?" Master Zhai stuttered.

Was he better?

Was he not going to have a heart attack again? Was he going to live a long life? Zhai Yunsheng explained: "Yiling developed a medicine that can prevent my heart from going into cardiac arrest. This means that I can live like a normal person."

"Is this... Real?" Master Zhai exclaimed. He was so happy that he did not know what to say anymore. "So he just has to take regular injections?"

"Yep, it's a success."

"Oh my goodness! Thank the gods! Yiling, you're a blessing to our family!"

With Jian Yiling present, not only did Zhai Yunsheng become better, even his heart condition was resolved.

Chapter 1170 The Joy of Reunion (1)

Grandma Jian and Grandpa Jian were also overjoyed. Even though most people saw Jian Yiling to be a very important part of Zhai Yunsheng's life, Grandma Jian and Grandpa Jian were also aware that Zhai Yunsheng was very important to their dear granddaughter.

And thus, if Zhai Yunsheng was well, their granddaughter would be happy too.

The Jian family and the Zhai family crowded around Jian Yiling and Zhai Yunsheng.

They treated the two of them like they were pandas in a zoo.

All of the Jian brothers crowded around Jian Yiling and observed her from head to toe.

“Yiling, are you sure you feel alright?” Jian Yunnao asked as he looked at her again. He was making sure that her injuries were healed.

“Yiling, do you need us to do anything? I’m super strong right now. If you want me to do something, feel free to tell me!” Jian Yumin exclaimed. It was as though Jian Yumin was ready to do anything.

“Yiling, I missed you so much,” Jian Yujie sniffled. His eyes were turning red.

Each of the Jian brothers expressed their feelings.

Even though Jian Yunnao did not typically know how to speak to his sister, today, he somehow had a lot of words to say to her.

He missed his sister so much over the past two years.

He was incredibly glad that she was still alive.

He was also glad he learned about the truth all those years ago.

“Yiling, let me take a good look at you,” Wen Nuan said as she carefully examined Jian Yiling before she finally hugged her daughter.

The joy of regaining something you thought was lost could not be described with mere words.

Jian Shuxing also gazed at his daughter with tearful eyes.

He did not know what his daughter went through in the past two years.

However, in these past two years, he thought that she was gone forever.

Even though Jian Yuncheng remained silent, happiness and excitement could be seen in his eyes.

When Jian Yiling looked at her family, she felt a warmth deep within her heart.

In these past two years, she did not feel hardship. Rather, she felt lonely. It was lonely to be all alone.

She missed everyone here. She missed A Sheng, her grandparents, her parents, and everyone else in the Jian family.

And it felt nice... To be back...

“Mother...”

Eventually, Zhai Yunsheng was pushed out of the crowd.

As Zhai Yunsheng watched everyone crowd around Jian Yiling, a smile appeared on his lips.

Finally, after roughly an hour, the Jian family stopped questioning and surrounding Jian Yiling. Jian Yiling tried her best to explain everything.

“Auntie, Auntie...”

At this moment, a small voice called out for Jian Yiling.

Jian Dan had fallen asleep once he got off the plane. He slept through the entire competition.

As soon as he woke up, he noticed the crowd around his pretty auntie.

And thus, he cried out her name and wobbled over to Jian Yiling. "Hey, slow down. I don't care if you fall over but don't trip into my darling Yiling," Luo Xiuen shouted.

Jian Yiling looked down and saw a little boy hugging her legs. The little boy fluttered his eyes at her.

"Auntie, I want a hug!" the little boy said.

Upon hearing this, Jian Yiling squatted down and picked up Jian Dan. The little boy smiled and immediately gave Jian Yiling a kiss on her cheeks.

"Auntie! Pretty!" Jian Dan grinned.
