Chapter 1291: Ask Someone to Deal with Zhai Yunsheng

"I feel like you guys are thinking too highly of Jian Yiling. Even if she's talented, it's only a hospital. She only knows how to treat patients and heal people. Other than being a doctor, she's put her time into the research and development of pharmaceutical makeup. Even if she has some contacts and connections from founding Lahaisen Hospital, she hasn't made any significant moves in the corporate world."

Qiao Panshan believed that Jian Yiling was similar to Zhai Yunsheng. Even though she was a threat, she wasn't a major threat to them.

Unlike Qiao Panshan, Qu Zhen felt like it was better to be cautious than sorry: to be careful: "Mr. Qiao, you should not underestimate Jian Yiling. You can not found Lahaisen Hospital with just medical skills. In fact, the people who only know how to conduct research behind closed doors would never come up with the idea of founding such a large hospital like Lahaisen."

"Then why don't we just find someone to deal with Zhai Yunsheng and Jian Yiling?" Sheng Yingying suggested.

She said this in fear of being retaliated by Zhai Yunsheng.

Sheng Yingying did not want to sit there and wait for death. Instead of being passive, she liked taking the initiative.

Furthermore, as the Loyalty Alliance placed emphasis on martial arts if their problem could be solved through fighting and physical strength, then that would be the best-case scenario.

"What are you thinking about? Don't you know the abilities of Zhai Yunsheng's bodyguards? And even if we ignore them, Zhai Yunsheng himself fought against someone from the reclusive family. Even those people couldn't deal with him. Similarly, Jian Yiling has an undefeated Jian Yiheng by her side. And so, how do possibly you expect us to find someone to deal with them?" Qiao Panshan immediately said.

"I agree with Mr. Qiao. It's not that we don't like your idea. Rather, we can not find the right person to execute your plan. If there was someone who could handle Zhai Yunsheng easily, we wouldn't be sitting here in the first place," Zhong Baiyun seconded.

Unlike the others, Qu Zhen was sitting there silently. He did not express his opinion.

"Mr. Qu, why don't we invite that person to help up?" Sheng Yingying suddenly proposed.

As soon as she said this, the faces of everyone else seated at the round table immediately changed.

The person Sheng Yingying was talking about was a well-respected individual who held a lot of authority.

However, after careful consideration, everyone felt that this idea was somewhat feasible.

He was known for his fighting capabilities and in the early days, he was one of the best martial artists.

Other than losing to one individual thirty years ago, he never lost any other fight.

Almost everyone in the Loyalty Alliance witnessed his fighting capabilities.

Zhai Yunsheng would definitely lose against this individual.

After gazing at each other, everyone at the round table unanimously agreed to Sheng Yingying's suggestion.

"Mr. Qin, this matter will be left to you. Please invite him here," Zhong Baiyun said to the slightly fat old man.

"I will try my best. However, I will have to gift him the thousand-year-old ginseng inside our inventory. I need a gift to bring along when I go and visit him as I need to be thorough with my manners," Qu Zhen said

"That's fine. We have no problems with that," Sheng Yingying replied. She just wanted Zhai Yunsheng to be taken care of.

"By the way, what is Mr. Qin planning to do?" Sheng Yingying asked Qu Zhen.

Out of all of them, Qu Zhen had the most contact with Qin Chuan.

Even though Qin Chuan held a lot of power and influence, at the same time, he was kept mysterious.

Therefore, they had to be careful when working with him.

Chapter 1292: Qin Chuan's Dream

Qu Zhen replied: "Mr. Qin will certainly not stand by the sidelines. He personally dealt with the Zhai family. He definitely would not let Zhai Yunsheng make a comeback."

Furthermore, the probability of Zhai Yunsheng retaliating against Qin Chuan was higher than the probability of him retaliating against them. Therefore, unless Qin Chuan was stupid, he would definitely take action as well.

However, Sheng Yingying was still worried: "But I feel like it's better to be sure. We don't want to be the only ones making a move against Zhai Yunsheng. If the Qin family makes a move against him, we will be able to ensure that Zhai Yunsheng's project fails. Double assurance is good. After all, it's better to be safe than sorry."

If Qin Chuan could destroy Zhai Yunsheng once, he could destroy him a second time.

Qu Zhen promised: "Don't worry about this. I will go and talk to Mr. Qin about this matter at another time."

After some further discussion, the meeting came to a conclusion late in the afternoon.

###

At the moment, Qin Chuan was haunted by his own dreams.

He dreamed of his last life when he was studying at Hengyuan University.

At that time, Jian Yiling's grades weren't great. And thus, she didn't get the marks to go to Beijing University. In fact, she couldn't even attend Hengyuan University.

In the end, she attended the Hengyuan Media College next to Hengyuan University.

In his fourth year of university, he was working and studying at the same time. As work was quite busy, at times, he did not even have time to eat dinner.

That day, when he returned to his university dormitory, he ran into Jian Yiling.

Jian Yiling was holding a lunch box in her hands. He couldn't tell how long she had been waiting there.

Just as he was about to walk through the gates of Hengyuan University, Jian Yiling ran over and stopped him.

She handed him the lunchbox with both hands: "I heard you didn't have time to eat recently. I made this for you. Remember to eat it when you get back to your dormitory."

Upon hearing this, Qin Chuan frowned. After a slight pause to collect his thoughts, Qin Chuan said: "Miss Jian, you're the young lady of the Jian family and I'm just a poor student who just started a business. You shouldn't waste your time and energy on me."

"Why are you calling this a waste of time and energy? I get to decide whether it's a waste or not, It shouldn't be up to you to decide for me! I'm willing to spend time and energy on you because I like you. Is there anything wrong with that?" Jian Yiling exclaimed. There was a stubborn expression on her small face and her eyes were determined.

Qin Chuan felt a little helpless when he heard this. After all, he and Jian Yiling were not the same kinds of people.

Jian Yiling would always do whatever she wanted, regardless of the consequences or cost.

"Miss Jian, it's better for you to spend your time and energy on your studies," Qin Chuan advised.

"I don't want to. In fact, I don't even need to study. My grandma told me that in the future, most of their money will be given to me. If that's the case, I don't need to worry about food and clothing. So why should I spend my time making money? It's more important for me to express how much I like you!"

"Miss Jian, that's the difference between us. The things you get at birth can be something I need to strive towards with all my energy and time."

"So what? Even if I have money, I'm still missing a lot of things in life. Money doesn't buy happiness. In my eyes, as long as I'm with you, I will be happy! You were the only one who believed me back then!"

"Miss Jian, I used to be your tutor. Therefore, anything that happened outside of my work wasn't something I cared about. Hence, it's not that I believed you didn't push your brother, rather, it's something I shouldn't worry nor comment on as an outsider."

Qin Chuan's words were like a knife that cut a deep gash in Jian Yiling's heart.

Her eyes turned red as she ran away.

Chapter 1293: Don't Involve Jian Yiling

Qin Chuan wanted to call out to Jian Yiling. He wanted to rush up and grab her.

However, he could only watch her leave. He could not do anything in this dream.

When Jian Yiling disappeared from his sight, Qin Chuan woke up.

Back then, Qin Chuan assumed Jian Yiling was just a spoilt young girl. After she was done being infatuated with him, she would not come back to look for him.

However now, Qin Chuan knew that she wasn't just infatuated. It wasn't just puppy love. Rather, she depended and relied on him. And he was the one who destroyed that little warmth left in her heart. He was the one who hurt her with his seemingly unperturbed words.

When Qin Chuan woke from his dream, he stared into the empty room for quite some time. It took him a while to recover from the aftershocks of his dream.

Then, his phone rang. It was a message from his subordinates.

When he clicked on the message, he read about the Loyalty Alliance's recent plans.

They wanted to get that person to deal with Zhai Yunsheng?

Upon reading this, Qin Chuan frowned for a moment.

In the years he spent in Beijing, he naturally heard about that person.

No one dared to provoke that person.

It seemed as though the Loyalty Alliance was really frightened by the fact that Zhai Yunsheng was the CEO of the Dingwen Group.

.....

After a moment of hesitation, Qin Chuan sent a message to his subordinates.

Tell them not to involve Jian Yiling.

He didn't care if the Loyalty Alliance made a move against Zhai Yunsheng. He just had to ensure that Jian Yiling did not get hurt.

###

After purchasing the plot of land in the western suburbs of Beijing, the Dingwen Group hosted a grand opening ceremony.

Many people came to this opening ceremony. They were all here to express their congratulations.

However, a lot of people came to this opening ceremony because of Jian Yiling.

After all, over the years, Lahaisen Hospital formed an inseparable connection with many international businesses and corporations.

Even if they couldn't become Lahaisen Hospital's partner, they still wanted to establish a friendly relationship with their Dean. Hence, they took the initiative to come and congratulate Zhai Yunsheng.

Jian Yiling brought Jian Dan to the Dingwen Group's opening ceremony.

The little boy was not introverted at all. Instead, he happily smiled at anyone. His smile was especially bright when he saw a pretty girl.

Many of the people present found this incredibly adorable. They even had the urge to hug and kiss Jian Dan.

When Luo Xiuen saw what her son was doing, she couldn't help but comment: "Where did this kid learn these behaviors from? Brother Yumin and I definitely don't behave like that."

Back then, even if she wanted to do such things to her idol, she didn't have the courage to do so.

And although Jian Yumin was part of the entertainment industry for many years, he was never involved in any scandals.

Even now, he had no idea how to say nice things to girls.

And yet, the son they gave birth to loved pretty girls. He would call out sweet things and nestle into their arms.

Yu Xi walked over to Jian Dan and asked him playfully: "Dandan, who do you think is the prettiest?"

"Auntie!" Jian Dan exclaimed without the slightest hesitation.

Luo Xiuen commented: "I feel like my son has three thousand beauties in his harem yet the person he truly loves is his Empress."

Luo Xiuen even suspected that her son was a playboy in his previous life.

"Sister En, you don't need to worry about this. At most, you will have several daughters-in-laws! You'll be winning in life!" Yu Xi said to Luo Xiuen. He wanted her to look at the bright side of things.

"If he dares to hurt their delicate and fragile hearts, I will beat his ass!" Luo Xiuen said nonchalantly.

When Jian Dan heard his mother say that she wanted to beat his ass, his eyebrows tightened and he looked at his mother with caution.

Chapter 1294: Uninvited Guests

"Mommy... Pretty too..." Jian Dan hastily added.

"How pretty?" Luo Xiuen asked.

"Auntie first, mommy second," Jian Dan said as counted on his two plump fingers.

That sounded about right.

Even though Jian Dan was young, he already had a strong desire to not get beaten up.

"Well, that's about right," Luo Xiuen replied. Even though she didn't care much about such comments, she still liked to hear her son compliment her occasionally.

Then, Luo Xiuen glanced at Jian Yujie who was making preparations for a performance.

In a moment, Jian Yujie was going to perform a magic show to liven up the atmosphere.

As a magician who had already made a name for himself in their circle. Jian Yujie did not care much about his name or performance fees. Rather, if the Jian family wanted him to perform anyone, he would happily perform magic tricks for everyone.

He learned magic not because of money or fame. Instead, he enjoyed learning new tricks and enjoyed seeing others fascinated by his performance.

Naturally, he especially liked to see his family smiling. This was when he felt happiest.

“Yujie, hurry up and get a girlfriend this year,” Luo Xiuen said. She suddenly had the urge to tell Jian Yujie to find a partner.

“Sister-in-law, I...” Jian Yujie stammered. The two magic prop balls in his hands rolled onto the ground.

.....

“Look at what Jian Dan’s doing! If he can do it, why can’t you? I feel like Jian Dan is going to find a girlfriend before you do!” Luo Xiuen continued. This was how the connection formed in her mind.

It was true that the brains of highly intelligent people always moved faster and skipped steps.

“Sister-in-law, if I meet someone suitable, I will try my best...” Jian Yujie weakly responded.

“Not will try your best. You must try your best. Don’t learn from your oldest cousin. Don’t be single when you’re thirty years old.”

Whilst Luo Xiuen was speaking to Jian Yujie, she did not forget to mention Jian Yuncheng either.

Even though Jian Yuncheng was not present today, he also ended up being named for almost no reason whatsoever.

“Yes, yes,” Jian Yujie hurriedly promised.

“Well, if you meet someone like that, remember to tell the rest of us. If you can’t manage to get her affection, we will help you with it,” Luo Xiuen said to Jian Yujie. She seemed very concerned about her brother-in-law’s relationships.

After all, she was the wife of their eldest brother. With He Yan kicked out of the family, she was now the one who was worried about the marriage of Jian Yujie and Jian Yubo.

As the Jian family happily chatted away, a few unexpected guests appeared at the opening ceremony.

Qu Zhen and the renowned female tycoon Sheng Yingying appeared.

There was a simple smile on Qu Zhen’s face.

Sheng Yingying was beautifully dressed. Even though she was in her forties or fifties, the wrinkles on her face did not affect her aura in any way.

A white-haired man came in with Qu Zhen and Sheng Yingying.

The old man’s build was thin and he wore a simple white cloth shirt. For some reason, he gave off an immortal vibe.

From the way Qu Zhen and Sheng Yingying treated the old man, the old man did not seem like their subordinates.

As many people did not know the existence of the Loyalty Alliance, they did not know the relationship between these two people and Zhai Yunsheng. They assumed that Qu Zhen and Sheng Yingying were merely here to congratulate Zhai Yunsheng.

Sheng Yingying smiled at Zhai Yunsheng: "Young Master Zhai, long time no see. We're here to congratulate you and express our best wishes. You welcome us to stay right?"

Chapter 1295: Fabled Martial Arts Master (1)

"Your call," Zhai Yunsheng responded. His reaction to Sheng Yingying and the others' arrival was very bland.

"You're the kid from the Zhai family?" the white-haired old man asked. He said this with a condescending posture and a disdainful tone.

Upon hearing this, Zhai Yunsheng asked: "Who are you?"

"You don't even know who I am? You're indeed just a stinky brat," the old man continued with a contemptuous expression on his face.

"Well, if you're showing off your old age, then turtles would definitely be very respected," Zhai Yunsheng replied.

"Was that a snide remark?" The old man asked angrily.

"What do you think?"

Zhai Yunsheng refused to treat someone kindly if they made such remarks when they met for the first time.

"Tch, a kid who has an exaggerated opinion of himself. Even your father and grandfather treat me with respect."

Sheng Yingying decided to speak up here: "Young Master Zhai, you might be unaware of this but this man taught your father and your uncle martial arts. Therefore, in terms of seniority, you should also call him your Master."

"Well, that's none of my business. Here, you're just an unwelcome and uninvited guest."

"What an arrogant brat. Ever since I was twenty years old, no one has dared to act so arrogantly in front of me. Don't you know who Chen Lin is?" the old man continued angrily.

Chen Lin?

He was Chen Lin?

Surprise appeared on many people's faces when they heard this name.

A lot of the older people present today had heard of this name,

This man became famous because of his fighting abilities.

In fact, anyone who dared to pick a fight with him would most likely die without a burial spot.

And when he had his 60th birthday, almost half of the famous and powerful individuals in Beijing went to celebrate with him.

However, after his 60th birthday, he gradually faded from the spotlight.

Over the years, some people said that he moved behind the scenes to manipulate a huge business empire.

As of today, Chen Lin should be roughly seventy years old.

It had been a full decade since he made an appearance in public.

Therefore, many people from the younger generation had not seen him before.

But even if they hadn't seen him before, they had definitely heard many stories about him.

This was a terrifying man. His fighting abilities were said to surpass the realm of ordinary human beings. Either way, no one expected to meet Chen Lin here today.

Of course, Zhai Yunsheng also knew of Chen Lin's name.

This person had connections with the Loyalty Alliance. In the early days, he was known to be someone who could command the winds and clouds. Due to his fighting abilities, he had few rivals.

Apparently, Chen Lin also taught his father and uncle martial arts.

"So?" Zhai Yunsheng replied. He did not change his attitude towards Chen Lin because of his name.

"Originally, today was meant to be a good day for your opening ceremony. However, because you bullied my niece, I came here to seek justice for her."

"Your niece?" Zhai Yunsheng said as he glanced at Sheng Yingying next to him. "Are you talking about her?"

"Yingying is the daughter of one of my friends. I watched her grow up."

Even though Sheng Yingying was in her forties or fifties, in Chen Lin's eyes, she was still a little girl

This was the first time that Zhai Yunsheng heard of this connection.

As Zhai Yunsheng looked at Sheng Yingying, she sheepishly lowered her head.

Chapter 1296: Fabled Martial Arts Master (2)

In order to get Chen Lin to come here today, she and Qu Zhen lied.

She said that Zhai Yunsheng was the one who left the Loyalty Alliance. In addition to this, she said that he also took the funds that everyone else deposited in the Loyalty League. Using these funds, he paid off his debt and purchased the plot of land in the western suburbs of Beijing. After all, how else would he get money so quickly after he went bankrupt?

Chen Lin had a bad temper. However, the one good thing about him was that he liked to defend people. So even if he was not connected to Sheng Yingying by blood, he still refused to let people bully her.

On top of this, Chen Lin had a good relationship with Qu Zhen. Every so often, they would drink tea and chat together.

And thus, Chen Lin was determined to get justice for Sheng Yingying and Qu Zhen.

“So what?” Zhai Yunsheng continued. He was waiting to hear what they wanted from him.

After all, they surely did not come here to tell him about the relationship they had.

“So you can either obediently give this plot of land back to everyone in the Loyalty Alliance or I will beat you up until you beg them to take this plot of land back,” Chen Lin said in an arrogant and imposing tone.

“You must be dreaming,” Zhai Yunsheng replied. Why would Zhai Yunsheng give this land to people who betrayed the Zhai family?

Was he crazy?

“Then do not blame me for being unkind to you.”

As Luo Xiuen listened to this conversation, she could not hold back any longer. She rushed up to Chen Lin to argue with him: “Be unkind? How do you plan to be unkind huh? Are you planning to do daylight robbery? Do you want to fight? Well, I will fight you!”

.....

Luo Xiuen had a short temper. Now that she was pregnant, her temper was even shorter.

That old man dared to threaten Zhai Yunsheng to give up this plot of land? How shameless was he?

“Let A Sheng fight. You shouldn’t fight,” Jian Yiling said as she tried to pull Luo Xiuen back.

Even though she couldn’t really pull Luo Xiuen back, her words did have an effect on Luo Xiuen.

Jian Yujie also tried to persuade Luo Xiuen not to fight: “Sister-in-law, you should listen to Yiling. Just leave the fighting matters to Brother Yiheng and Zhai Yunsheng.”

Chen Lin said: “Well, it will be the same result either way.”

They were just a bunch of youngsters who have overexaggerated opinions of themselves.

Then, Chen Lin turned to everyone present and said: “Listen carefully, from today onwards, if any of you dare to cooperate with Zhai Yunsheng to facilitate this project of his, I will make sure you disappear from Beijing.”

If Zhai Yunsheng wanted to work on this project, he had to cooperate with other people. At the very least, he had to have a construction team and people to approval construction documentation.

As long as no one dared to cooperate with Zhai Yunsheng, he would have no use for this piece of land.

“Now, I will count to ten. If you’re sensible, you will leave immediately. If you stay here, you’re choosing to disrespect me.”

After this, Chen Lin began to count:

“One, two, three...”

The crowd started to get nervous.

Even though they were scared of offending Zhai Yunsheng and Jian Yiling, Chen Lin was scarier.

After two seconds of hesitation, someone took the lead and left the opening ceremony.

One by one, everyone began to leave.

Very quickly, the venue that was originally full became empty. Other than the Jian family and the Zhai family, only Qu Zhen, Sheng Yinying, and Chen Lin remained.

Chapter 1297: Fabled Martial Arts Master (3)

Upon seeing this, Luo Xiuen cursed: “Damn it! Why are they so scared? What can this old man even do to you? Eat you alive?!”

“Don’t be angry,” Jian Yiling said as she patted Luo Xiuen’s chest gently.

“Darling, don’t stop me. I want to fight this old man. I want to see if he is really as powerful and scary as they’re all saying!!”

“Sister-in-law, please calm down. You can trust your brother-in-law. He can surely handle this! You’re pregnant right now! You need to be mindful of the baby girl inside your stomach!”

Even though Jian Yujie did not know whether Luo Xiuen’s baby was a boy or girl, he believed such words could stop Luo Xiuen from rolling up her sleeves.

Sure enough, Jian Yujie’s words made Luo Xiuen calm down quite a bit.

However, Chen Lin completely ignored Luo Xiuen’s words. He wasn’t about to fight a pregnant woman.

Instead, Chen Lin asked Zhai Yunsheng: “So how do you plan to do this? This is only my first step. If you don’t hand the plot of land to the Loyalty Alliance, I will make sure you lose all the remaining things you have.”

Chen Lin knew that there was not much left in the Zhai family.

However, Zhai Yunsheng was not afraid of Chen Lin. He replied: “I don’t care. I’m just going to tell you that you guys just have unrealistic dreams.”

“Well, it seems as though one never sheds tears until they see their coffin,” Chen Lin mocked.

As he was speaking, Jian Yiheng arrived.

As he was doing something beforehand, he arrived a little late. However, when he saw the guests rushing out of the door, in fear that something bad had happened, Jian Yiheng hurriedly rushed inside.

.....

Jian Yiheng stood in front of Luo Xiuen and asked: "Are you the Chen Lin who has never been defeated?"

Jian Yiheng had heard of this name a long time ago.

As he was very invested in martial arts, he naturally paid a lot of attention to seniors with martial arts knowledge and achievements.

"You're Jian Yiheng, right? I know of you," Chen Lin replied. He had also heard of Jian Yiheng's name/

Among the younger generation, Jian Yiheng was relatively famous.

In his early years, he participated in various competitions and won all of them.

"Those so-called martial arts competitions you competed in were all for show. You can't compare those things to what we did back then," Chen Lin commented in disdain. He did not hold high regard for the competitions that Jian Yiheng participated in.

Back in his days, he experienced actual combat. Those battles were much harsher than those Jian Yiheng was involved in.

Therefore, the two of them weren't on the same level.

"Well, if you're looking down on me, do you dare to compete against me in a fair and square manner?" Jian Yiheng asked Chen Lin. "If I win, you must admit your defeat and never bother my brother-in-law and sister again."

"Oh? You are quite courageous," Chen Lin commented with a contemptuous smile on his face. He was amused that this young man had the courage to challenge him. "And if you lose?"

"If I lose, I will do whatever you want," Jian Yiheng replied decisively.

When Jian Yiheng said this, a look of worry appeared on everyone's faces.

However, Jian Yiheng's words had already been spoken. Even if they wanted to say something, their words would have no use.

"Good good. You have quite the courage," Chen Lin commented with some appreciation for Jian Yiheng's boldness. "No matter what, I appreciate your courage and boldness. I haven't fought someone according to the rules of the Jianghu¹ for many years. Today, I will accept your invitation to fight."

After all, Chen Lin had no reason not to accept Jian Yiheng's challenge. Jian Yiheng's challenge abided by the rules of the Jianghu.

Chapter 1298: Fabled Martial Arts Master (4)

"Come to Jingxin Court in three days. There, we will determine the victor with one match," Chen Lin said.

After he said this, Chen Lin left with Sheng Yingying and Qu Zhen.

"Brother Yiheng, are you really planning to fight against that old man? He seems very strong... What if..."

“Even if I lose, I have nothing to regret. That’s how a fight is supposed to be,” Jian Yiheng calmly replied. He always wanted to fight someone like this.

Even without today’s conflict, if he happened to get a chance, he would want to fight against Chen Lin.

As Zhai Yunsheng was aware of Jian Yiheng’s personality, he chose not to stop him just now.

“How confident are you in winning?” Zhai Yunsheng asked Jian Yiheng.

“I don’t know,” Jian Yiheng replied truthfully. When facing someone like Chen Lin, Jian Yiheng knew his odds of winning weren’t high. “However, even if I’m not confident in winning, I still want to fight him.”

There were two reasons for this. Firstly, he wanted to challenge a martial arts expert. And secondly, he wanted to protect his sister and brother-in-law’s property from Chen Lin’s harassment

“But, Brother Yiheng... I’m afraid that...” Jian Yujie started before he trailed off again. It wasn’t that he didn’t have confidence in Jian Yiheng’s abilities, rather, even if there was the slimmest chance of something happening, he didn’t want Jian Yiheng to be injured or hurt.

“Damn, if I didn’t have this kid inside my stomach right now, I would have fought that old man too!” Luo Xiuen exclaimed. Who did he think he was? And why was he acting all high and mighty? And how dare he ask Zhai Yunsheng to give over the land? What the hell was he thinking? How could he be so shameless?!

“Don’t be angry, don’t be angry,” Jian Yiling repeated as she attempted to soothe Luo Xiuen’s breath. “We’ll work this out.”

Fighting fight!” Jian Dan called out. He waved his little fist and was completely unaware of the situation.

.....

“Auntie fighting! Fight bad people!” Jian Dan continued. Even though he did not know what was going on, he felt like waving his fists was appropriate.

Who said this little boy didn’t inherit anything from his parents?

He definitely inherited something from his mother!

###

The news that Jian Yiheng was going to compete against Chen Lin quickly spread on the dark web.

Chen Lin was a martial arts expert who had been famous in Beijing for decades.

On the other hand, Jian Yiheng was one of the best amongst the younger generation. He had won countless martial arts competitions a few years ago.

The fight between the two of them raised a lot of discussion on the dark web.

[It’s been nearly ten years since Chen Lin has had a public fight with someone, right?]

[Yeah it has been ages. I don’t know who will win this time.]

[If you don't believe my words, you should go home and ask your parents and grandparents. They will definitely know how terrifying Chen Lin is.]

[That's hard to say. After all, isn't Chen Lin seventy years old no? Jian Yiheng is in his twenties. Similar to the waves in the Changjiang River, the waves behind will crash on those ahead. Each generation will become better than the previous. Therefore, it's hard to say who will win.]

[You must not understand Chen Lin's lifestyle. Even if his eighty or ninety years old, his age won't affect his fighting capabilities.]

[That's right. Jian Yiheng is definitely not a match against Chen Lin. After all, the martial arts you learn nowadays are just for show. It's completely different from what Chen Lin went through in the past.]

Due to Chen Lin's reputation, most people on the Internet were more inclined to believe that Chen Lin would come out victorious.

Chapter 1299: Only Lost to a Single Person

There were even bookmakers on the dark web who opened bets for people to place.

So far the odds for Chen Lin to win were one to two, whilst the odds for Jian Yiheng to win were one to eight.

Evidently, most people thought that Chen Lin had a better chance of winning.

After leaving, Qu Zhen and Sheng Yingying went to the Qin Residence to discuss this matter with Qin Chuan: "We originally planned to make a move against Zhai Yunsheng. However, we did not expect Jian Yiheng to interfere. But it's alright, this will serve as a warning for Zhai Yunsheng."

Sheng Yingying was a little worried. After all, Qin Chuan clearly stated that he didn't care what they did to Zhai Yunsheng. However, they had to not involve Jian Yiling in the matter.

Now, this matter involved Jian Yiling's cousin Jian Yiheng. Therefore, she was concerned about Qin Chuan's thoughts.

"I won't interfere with Jian Yiheng's matters," Qin Chuan stated. "I've already stated my request. Do not involve Jian Yiling."

Upon hearing Qin Chuan's words, Qu Zhen and Sheng Yingying felt relieved.

On their way here, they were worried that Qin Chuan would be unhappy with the way they dealt with this matter.

After a slight pause, Sheng Yingying said to Qin Chuan: "Mr. Qin, if you like Jian Yiling, after we deal with Zhai Yunsheng..."

"You don't need to comment on my business," Qin Chuan interrupted Sheng Yingying. "You guys just need to focus on your own business."

Qin Chuan did not want to mention his relationship with Jian Yiling in front of Qu Zhen and Sheng Yingying.

In fact, he himself couldn't figure out and understand what he was feeling. If that was the case, how could others comment?

.....

"Of course," Qu Zhen hurriedly said. "And about this competition between Elder Chen and Jian Yiheng..."

"Is Elder Chen confident in winning?" Qin Chuan asked.

"Naturally," Sheng Yingying replied with certainty, "His attainment in martial arts definitely should not be compared to that of a clown."

"But I heard that Elder Chen lost to someone in the past," Qin Chuan said.

"That time doesn't count. That person was the Black Demon King! He's not a human being! His abilities reached far beyond the realm of ordinary humans."

And hence, people called that person the Black Demon King.

In the past, Sheng Yingying got a chance to look at him from afar. Back then, the Black Demon King was in his late twenties or early thirties. He was quite a handsome man.

Because of his capabilities, half of Beijing essentially belonged to him.

However, that person suddenly retired. Ever since then, no one had heard any news about him. In fact, no one even knew whether he was dead or alive. Only stories and legends about him remained.

"Well, since you guys have confidence, make sure nothing goes wrong," Qin Chuan calmly said.

"Okay," Sheng Yingying replied. Then, she added: "Also, the thing we mentioned before about the Qin family stepping in to make sure the Zhai family..."

"You don't need to mention this again. The Qin family will not give over our market share to the Zhai family. However, please don't forget that the Zhai family has existed in Beijing for many years. They have a solid foundation and over the years, they've cooperated with many companies and corporations. Preventing him from accessing any resources is unrealistic. Furthermore, how much do you know about the Dingwen Group? Unlike the Zhai family business, I believe all of us know almost nothing about the Dingwen Group."

A large part of the reason why Qin Chuan was able to destroy the Zhai Group so easily was because of his memories from his previous life. This allowed him to know the operations of the Zhai Group like the back of his hand. Furthermore, as he knew about the existence of the Loyalty Alliance, he could manage to get twice the result with half the effort.

Chapter 1300: Martial Arts Contest (1)

But he hadn't encountered nor crossed with the Dingwen Group in his past life.

Therefore, everything was new and unpredictable to him.

He wouldn't be able to deal with the Dingwen Group as he did with the Zhai family business.

Then, Qin Chuan added: "Not to mention, he has strong support."

Jian Yiling was now Zhai Yunsheng's support and backing.

With Jian Yiling's network and contacts, isolating Zhai Yunsheng was a pipe dream.

When Sheng Yingying and Qu Zhen heard Qin Chuan's words, their thoughts to isolate Zhai Yunsheng immediately got dispelled.

All that they could do was to place their hopes on Elder Chen.

After all, if Elder Chen won, his words would still have an impact in Beijing. And this would subsequently somewhat prevent Zhai Yunsheng from getting a foothold in Beijing.

###

Three days passed in a flash.

Jingxin Court was Chen Lin's territory.

After retiring on his 60th birthday, Chen Lin spent most of his time here.

Chen Lin ordered people to build a martial arts training ground here.

The building appeared to look like a Japanese-style martial arts hall.

The flooring was entirely wooden and water-proof.

In addition, there were some seats placed inside. These seats were reserved for the people who were coming to watch the fight today.

Even after Chen Lin's retirement, he still practiced martial arts every day to keep in shape.

There were quite a few people present today. They were all invited by Chen Lin to watch the competition.

Chen Lin did not like the competition without an audience. Furthermore, this competition had to be witnessed so Jian Yiheng couldn't deny losing.

Several members from the Loyalty Alliance came to watch this competition. They could only rest assured when they saw Jian Yiheng and Zhai Yunsheng lose with their own eyes.

Before the competition officially began, Chen Lin suddenly announced: "Today, there will be two matches. The first is the same as before. I will compete against Jian Yiheng. In the second match, I will compete against Zhai Yunsheng."

Upon hearing this, surprise appeared on the faces of the spectators.

The members of the Loyalty Alliance were particularly surprised and worried.

Sheng Yingying and Qu Zhen hurriedly ran to ask Chen Lin:

"Elder Chen, what is this all about? Weren't you only going to compete against Jian Yiheng? Why do you plan to suddenly fight against Zhai Yunsheng now?"

"Is there a problem with that? Shouldn't I get to decide who I want to fight?"

“No, no, I didn’t mean anything with that comment. I’m just a little surprised.”

“There is no need to be surprised. Zhai Yunsheng approached me and said he wanted to add an additional match. This time, the bet was the plot of land in the western suburbs worth thirty billion dollars. If he loses, he will give me that plot of land.”

Even though Chen Lin was old, this did not mean he was not interested in money.

After all, this was thirty billion dollars. Why would he not take it if Zhai Yunsheng wanted to gift it to him?

“And... What if Zhai Yunsheng wins?” Sheng Yingying asked quietly.

“What? You think I will lose?” Chen Lin asked.

“No no, that’s not what I meant. I just wanted to know what Zhai Yunsheng wants from you,” Sheng Yingying hurriedly explained.

“If he wins, I will promise him three things,” Chen Lin replied. Zhai Yunsheng did not specify what three things.

However, Chen Lin did not think that this was a problem. After all, he did not believe Zhai Yunsheng could win against him.

Qu Zhen whispered to remind Chen Lin: “Elder Chen, it’s better to be safe than sorry. With your skills, even if Zhai Yunsheng and Jian Yiheng won’t win against you normally, they might have some dirty tricks up their sleeves.”

Qu Zhen and Sheng Yingying were rather worried.

If Chen Lin actually ended up losing, Zhai Yunsheng might request Chen Lin to make a move against them.
