Chapter 1321: Yiling is Pregnant (2)

“Brother Yunmo, please don’t be upset about this. You should think about this in a good way. Even though your sister is growing up to become a mother, you’ll also become an uncle to her child,” Liu Ting attempted to comfort Jian Yunmo.

Then, Liu Ting thought of something else and quickly added: “And once our Dean knew she was pregnant, the first thought that crossed her mind was to tell you about her pregnancy. Even the baby’s father doesn’t know about this news yet. And just think of Yiling’s baby sweetly calling you his or her uncle. Just think about hugging her baby.”

Upon hearing this, Jian Yunmo asked Jian Yiling: “You haven’t told Zhai Yunsheng about this yet?”

“I haven’t,” Jian Yiling replied.

When he heard Jian Yiling’s response, Jian Yunmo’s expression eased a bit.

Then he said: “You should take care of your health and give yourself a break.”

Ever since Jian Yiling returned to them, she had hardly rested. First, she was busy dealing with Zhai Yunsheng’s health. After that, she had to deal with Qin Chuan.

“Mhmm,” Jian Yiling nodded her head.

“I’ll tell our mother and father about this good news. They will be very happy to know about this. Our mother can also share her experience with you,” Jian Yunmo continued.

After all, Wen Nuan had given birth to four children. And thus, she was quite experienced in this area.

“Mhmm,” Jian Yiling agreed again.

Then, Jian Yunmo said: “I’ll take you home.”

He did not want Jian Yiling to stay in the hospital any longer.

.....

As he passed by Liu Ting, Jian Yunmo said to him: “Please take care of the things inside the hospital.”

“Don’t worry, I’ll make sure everything is alright,” Liu Ting assured.

After Jian Yunmo and Jian Yiling left, Liu Ting immediately took out his phone and sent a message to Wen Yan.

[Little Yanyan, I have good news to tell you. Do you want to hear it?]

[Nope.]

[You really don’t want to know about it? It’s about Dean Jian.]

[Tell me about it.]

[Hahahaha, I knew you wanted to know.]

[So are you going to tell me or not?]

[Hmmm, I might tell you if you call me Brother Liu Ting.]

[What's wrong with you? Why do you want me to call you Brother Liu Ting?]

[Well, I wouldn't mind being called Daddy either.]

[Get lost.]

Liu Ting was quite amused. He could visualize the gloomy look on Wen Yan's face.

Wen Yan's face was always gloomy and lifeless. He didn't seem to know what smiling was.

Even though he could walk again, he still acted as though everyone in the world owed him millions of dollars.

If Liu Ting didn't tease him every now and then, he would definitely age prematurely.

[Well, when Brother Yunmo heard of the news, he stopped his work immediately and left.]

Liu Ting intentionally typed this to Wen Yan.

[So are you going to tell me or not?]

[Hey, I never said I wasn't going to tell you. If you don't want to call me Brother Liu Ting, you can shout me dinner tonight. I will tell you then.]

[6:30 pm. Underground parking lot.] Wen Yan replied. He didn't type out any extra words.

When Liu Ting saw the reply, he began to laugh again.

Ahh, Little Yanyan was so gullible. He missed the days when he could tease him every day on Lahaisen Island.

###

After Jian Yunmo sent Jian Yiling back home, he messaged Zhai Yunsheng to come back home as well.

Even though Zhai Yunsheng was speaking to members of the Harmony League, as soon as he received the message, he rushed back home.

On the way, he called Jian Yiling and asked her what happened.

However, Jian Yiling merely told him she would tell him the news when he got home.

As Zhai Yunsheng had a bad premonition in his heart, he drove incredibly fast. He was probably going to receive a few fines over the coming days.

When Zhai Yunsheng returned home, Jian Yunmo had already left.

Jian Yiling was sitting by herself in the living room.

Zhai Yunsheng rushed over to Jian Yiling and hugged her. Then, he cautiously asked: "What happened?"

Chapter 1322: Yiling is Pregnant (3)

"Nothing," Jian Yiling replied.

"Really?" Zhai Yunsheng asked with a frown.

"Well... Perhaps something happened?"

"So is something happening or not?" Zhai Yunsheng said in confusion. He was a bit lost after hearing Jian Yiling's response.

"I achieved my goal."

"What goal?"

Jian Yiling reached out for Zhai Yunsheng's hand and placed it on her stomach.

Zhai Yunsheng froze for a full minute.

"You... You're pregnant?"

"Mhmm!" Jian Yiling nodded.

Upon hearing this, Zhai Yunsheng let out a sigh of relief: "Fortunately, nothing else happened."

"Are you not happy?" Jian Yiling asked as she gazed into Zhai Yunsheng's eyes. She did not see excitement or happiness on his face.

"I'm happy," Zhai Yunsheng replied. Despite stating this, there was no obvious joy showing.

.....

"Really?"

"Yep."

"But you don't seem very excited."

"Well, my grandpa really wants a great-grandchild. What I care about is you," Zhai Yunsheng said to Jian Yiling.

When Jian Yiling heard this sudden confession, she began to blush.

Zhai Yunsheng laughed when he saw this. "You're going to give birth to a baby and you're still shy?"

"I... I'm not shy..." Jian Yiling protested quietly.

However, her cheeks were not listening. They were flushed red.

"But this might be hard on you," Zhai Yunsheng said as he looked at Jian Yiling's petite body. He couldn't help but frown.

"Well, Brother Yunmo told me to take a break from work," Jian Yiling said.

“You told him about your pregnancy before me?” Zhai Yunsheng asked. He caught onto Jian Yiling’s words.

“Mhmm.”

Zhai Yunsheng’s face sank a little as he became a bit jealous: “Next time, tell the baby’s father first okay?”

“But Brother Yunmo was inside the hospital.”

“Even if that’s the case, I’m still the baby’s father. I should hear of this news before the baby’s uncle.”

“Oh. Next time, I will make sure you’re the first person to hear of this news.”

“Or maybe there won’t be a next time,” Zhai Yunsheng quietly said. After all, Jian Yiling had just become pregnant with her first baby.

“Hmm?”

“Nothing, I’ll call grandpa and tell him the news,” Zhai Yunsheng said.

“Or we could head over to grandpa’s house together and tell him.”

“No need. I just need to call him. It will take him less than half an hour to get here.”

Then, Zhai Yunsheng called Master Zhai.

After exactly twenty-five minutes, Master Zhai showed up in front of Zhai Yunsheng and Jian Yiling’s apartment.

When the door was opened by Zhai Yunsheng, Master Zhai completely ignored his grandson. Instead, he quickly entered the apartment.

“Yiling! My darling!” Master Zhai called out to Jian Yiling. Tears were about to fall out of his eyes.

The Zhai family’s lineage would be passed on!

“Grandpa, please take a seat. I will get you a cup of tea,” Jian Yiling said.

Just as she was about to move, she was quickly stopped by Master Zhai. “No need no need! I don’t need to drink tea! I don’t feel hungry or thirsty when I’m looking at you!”

Zhai Yunsheng came over and helplessly separated Master Zhai and Jian Yiling.

“Well, now you’ve heard of the news and you’ve seen Yiling, you can return home again,” Zhai Yunsheng said to Master Zhai.

“What? From today onwards, Yiling will be living in the Zhai Residence!”

“What for?”

“Well, when the two of you first got married, I let you two live here because I didn’t want to disturb your alone time. Now that Yiling’s pregnant, of course she has to move back to the Zhai Residence. I will make sure to keep an eye on you and make sure you don’t feel around.”

Chapter 1323: Yiling is Pregnant (4)

“There is no need. I can take care of Yiling,” Zhai Yunsheng replied with certainty. He did not want Jian Yiling to move into the Zhai Residence

“There’s definitely a need! You have to go and work during the day. It will be incredibly boring for Yiling to stay home all day. And when she gets into the later months, pregnancy will take a toll on her body. You can’t be with her 24 hours a day,” Master Zhai replied. He believed he had an incredibly valid point.

“You can help me take care of the company then.”

“What company? Didn’t all the companies under the Zhai family’s name go bankrupt? You founded your own company. I don’t know anything or understand anything going on. How can I help you take care of it? Besides, I’m going to be a great-grandfather soon. Have you ever seen anyone’s great-grandfather still working?”

Before Zhai Yunsheng had a chance to argue back, Master Zhai tugged on Jian Yiling’s arm and said: “Yiling, I have to live by myself in that huge mansion. The place feels incredibly empty and lonely. Now that you’re taking a break, could you move in with me? We can keep each other company whilst A Sheng goes to work. Furthermore, I’ve planted many beautiful flowers. I need you to give me some pointers and tips,” Master Zhai said pitifully.

As Jian Yiling was unable to say no, she nodded her head and said: “Alright.”

After Jian Yiling agreed, Master Zhai was so happy. He acted like a seven or eight-year-old child.

Then, he said to his grandson: “Why don’t you hurry up and start packing?”

Despite having a grumpy look on his face, Zhai Yunsheng had no choice but to listen to his grandpa.

Very soon, the two of them were taken over to the Zhai Residence.

And thus, for Zhai Yunsheng, even before their baby was born, their alone time had ended.

In the evening, Jian Shuxing and Wen Nuan came to visit Jian Yiling.

The two of them just learned about the news of their daughter’s pregnancy from Jian Yunmo.

.....

“Father-in-law, mother-in-law,” Zhai Yunsheng greeted politely when he saw Jian Shuxing and Wen Nuan.

“Mhmm,” Jian Shuxing responded. His tone and eyes were not very friendly.

Despite seeing this, Master Zhai was still smiling from ear to ear.

He knew that Jian Shuxing probably felt upset. The old man Zhai could only smile at the side.

Surprisingly, Wen Nuan had a gentle smile on her face. She said to Zhai Yunsheng: “A Sheng, Yiling is pregnant with a baby for the first time in her life. As she has no experience, I will volunteer to take care of her. I hope you don’t mind.”

This was quite a good reason to stay beside Jian Yiling. As a mother with a lot of experience when it came to giving birth to children, it was only natural for her to take care of her pregnant daughter.

Zhai Yunsheng replied: "Mother-in-law, I wouldn't want to trouble you with this. I've already hired a few professional nannies to take care of Yiling."

Wen Nuan: "It's not any trouble. I've temporarily closed my jewelry design studio. As for the nannies, even though they're professionals, they won't be as attentive as I am. However, they can definitely assist from the side."

Once again, Zhai Yunsheng could only smile in response.

Jian Yiling was also listening to this discussion. As she didn't know what to say, she could only obediently listen to their arrangements.

She felt like she was transported back into ancient times where she was a pregnant concubine who had many people milling around her.

Jian Yiling attempted to say: "Pregnancy is not that scary, I can take care of myself."

She believed this was true as she had a wealth of medical knowledge. On top of this, she had experience in taking care of pregnant women and even had experience in delivering babies.

"It's not the same. A doctor can't perform surgery on himself or herself. Even if you have a lot of experience, you're still my daughter. It's only natural that I take care of you when you are pregnant." Wen Nuan said.

Chapter 1324: Bustling and Lively Home (1)

"That's right, you should let your mother take care of you," Jian Shuxing quickly seconded.

If his wife didn't end up staying here to take care of their daughter, when she returned home, she would definitely become sad and upset. She would once again assume that their daughter hadn't yet forgiven them.

Naturally, he also wanted to stay. He wanted to spend more time with his daughter.

Married or not, she would always be their baby girl.

Master Zhai replied: "I guess we will trouble Mrs. Jian with this work then. We will all take turns to look after Yiling."

And thus, even if Zhai Yunsheng had a different opinion, what else could he say?

Everything was all good as long as they were all happy.

###

At night, Zhai Yunsheng hugged Jian Yiling from behind as they lay in bed. He had one hand on Jian Yiling's belly as he gently rest his chin on Jian Yiling's head.

"Are you not happy?" Jian Yiling asked Zhai Yunsheng.

Out of everyone's reactions when they heard she was pregnant, Zhai Yunsheng's reaction was probably the coldest.

"I'm just worried," Zhai Yunsheng replied in a low and deep voice. It seemed like he was suppressing something in his mind.

"What are you worried about?" Jian Yiling asked in a small voice.

.....

"My mother died when she gave birth to me," Zhai Yunsheng replied.

"But I'm healthy. That's why I'm not afraid of giving birth to a baby."

The reason why Zhai Yunsheng's mother passed away when she gave birth to Zhai Yunsheng was because of her health problems.

"I know," Zhai Yunsheng said.

He knew that with today's medical technology, it was safe for most women to give birth.

Even when his mother gave birth to him, she only passed away because of her health conditions.

Despite knowing this, Zhai Yunsheng still couldn't help but worry.

There were some fears which were deeply engraved into his bones.

Zhai Yunsheng buried his head in Jian Yiling's neck as he whispered: "I'm still afraid that our child will inherit my health problem."

Jian Yiling could feel the fragility of Zhai Yunsheng's embrace.

There was indeed a possibility that their child would end up inheriting Zhai Yunsheng's health condition.

"But even if he or she inherited it, it can still be controlled. You will all live a long and happy life," Jian Yiling said with certainty.

"Well..." Zhai Yunsheng started. He was still worried.

There was no way to avoid this.

"Pregnancy will also be hard on you," Zhai Yunsheng continued in a deep voice.

He knew that pregnancy could cause all kinds of problems. Zhai Yunsheng was still worried.

He did not want Jian Yiling to suffer this.

"I'm not suffering." Jian Yiling said with certainty, "Having a baby is a happy thing. I want you to have a bigger family. I also want to have a bigger family."

They were both used to being alone.

Jian Yiling once longed for a home.

And now that she had a home, she wanted her own children with the person she loved. She wanted her life to be just like millions of other ordinary families.

“I’ll stay with you,” Zhai Yunsheng said as he hugged the person in his arms tightly.

“Mhmm, we will stay together. I will be a mother soon,” Jian Yiling softly said. She was looking forward to this.

“As long as it’s something you want to do, I’ll stay beside you.”

The two of them cuddled in bed together.

“You...” Jian Yiling suddenly shifted when she noticed the blazing heat from Zhai Yunsheng’s body. When she understood what was happening, she felt slightly embarrassed.

“Don’t pay attention to it. It’s a natural reaction,” Zhai Yunsheng replied. “I won’t mess around with you when you’re pregnant.”

“But... You...”

“I can’t control how my body reacts when I’m hugging you. Don’t worry about it though. Just sleep. Sleep is good.”

“Okay.”

Chapter 1325: Bustling and Lively Home (2)

The next day, Jian Yunmo and Jian Yunnao also arrived at the Zhai Residence.

When Zhai Yunsheng saw the serious expression on Jian Yunmo’s face, he decided to simply not say anything.

If his father-in-law and mother-in-law were already here, what was the harm in having a few more people present?

He just needed to remind the servants and maids to put the knives in their house away.

Jian Yunmo ordered people to bring several medical equipment and instruments into the Zhai Residence.

Naturally, no one objected to this.

In fact, Master Zhai even got his subordinates to clean out a room for Jian Yunmo to place the medical equipment and instruments he brought along.

Even though Jian Yiling was perfectly healthy right now, it was better to be prepared.

Jian Yiheng and Jian Yichen also turned up at the Zhai Residence.

When Jian Yichen saw Zhai Yunsheng, he playfully said: “I heard that my sister is pregnant. That’s why we’re here to take care of her.”

“You guys don’t seem to be of much help,” Zhai Yunsheng replied with a dark expression on his face.

Jian Yunnao and Jian Yunmo were Jian Yiling's actual brothers. It was reasonable for her immediate family to move into the Zhai Residence.

But why were Jian Yichen and Jian Yiheng here? What could they contribute?

.....

Despite seeing the expression on Zhai Yunsheng's face, Jian Yichen answered with a bright smile on his face: "Brother-in-law, I'm Yiling's only sister. I need to accompany her and gossip with her when she's bored. She definitely needs the company of a sister like me."

Jian Yichen was utterly shameless.

He did not feel shame in saying such things.

Whilst most of the Jian brothers had thick skin, Jian Yichen was definitely the most shameless amongst all of them.

On the other hand, Jian Yiheng was straightforward about his intentions: "I'm here for you."

The martial arts-obsessed Jian Yiheng was the only one here for Zhai Yunsheng.

"I don't have time to spar with you," Zhai Yunsheng refused.

"Well, to the extent of my knowledge, you leave work at six o'clock every day. It only takes half an hour to get home and you go to bed at 11:30 p.m. Excluding an hour for dinner, you have at least four hours of free time every single day. In addition to this, you're free on the weekends as well."

"I plan to spend time with my wife."

"Our family will happily keep Yiling company. You will at most get an hour of alone time with her every day."

"Fighting in front of Yiling will be a bad influence on her baby."

"She doesn't need to watch."

No matter what Zhai Yunsheng said, Jian Yiheng was determined to spar with him.

Ahh, another one was here to cause trouble.

In the afternoon, Grandpa Jian and Grandma Jian also showed up.

Originally, they did not plan to move into the Zhai Residence.

After all, it was a little embarrassing to have everyone in their family invade the Zhai Residence.

However, Master Zhai was quite understanding. He sent numerous vehicles to the Jian Residence in Beijing to invite Grandpa Jian and Grandma Jian to come over.

He said his granddaughter-in-law said she missed her grandparents. Therefore, now that she was resting at home because of her pregnancy, she wanted her grandparents to accompany her.

With this being said, there was no reason for Grandpa Jian and Grandma Jian to decline the invitation.

And thus, Grandma Jian and Grandpa Jian also arrived at the Zhai Residence.

All of a sudden, the Zhai Residence became incredibly lively.

The originally empty mansion was now filled with people.

Even if dozens of people came to stay over, the Zhai Residence would still have spare rooms. And thus, Zhai Yunsheng could not use the excuse that their home was too small.

Their two-person quickly turned into a two-family world.

Master Zhai was very happy. It had been a long time since his home was so lively.

He couldn't wait to drink tea, play chess, and practice Tai Chi with Grandpa Jian.

And what made him the happiest of all was he was soon to have a great-grandchild.

Chapter 1326: Bustling and Lively Home (3)

Inside the Zhai family's large living room, everyone sat together to discuss the two-week-old embryo inside Jian Yiling's belly.

"Yiling, I hope your first baby is a girl," Grandma Jian happily said to Jian Yiling.

As Grandma Jian was already rather old, she was looking forward to the birth of the next generation. She wasn't as stubborn as Jian Shuxing.

Jian Yiling was already married to Zhai Yunsheng. Having a baby was definitely something that was going to happen.

What she wanted right now was an adorable and cuddly great-granddaughter.

She already had a great-grandson so that wasn't special anymore.

Furthermore, if her darling granddaughter was giving birth to a child, her baby would definitely be absolutely adorable.

Perhaps, her baby would look incredibly similar to her.

"Old lady, what are you saying? The first child should be a boy," Grandpa Jian said. He disagreed with his wife's words.

"Don't you like girls? Do you not like Yiling?" Grandma Jian asked. She didn't like what she was hearing.

"It's completely not related to that. It has nothing to do with whether I like girls or boys more. The Zhai family needs a male child to inherit the family business. Hence, it's more secure to have a boy as the first child," Grandpa Jian explained. His thinking was rather traditional.

He still somewhat believed that men were more suited to looking after businesses.

Naturally, Grandma Jian did not approve of his words: "Old man, are you saying girls can't inherit family businesses? What's wrong with getting a man to marry into the Zhai family in the future? Is your brain rusty or something?"

.....

When Master Zhai heard the old couple arguing, he hurriedly acted as a peacemaker: "It's okay, it's okay. They're both good. A boy or girl can inherit our Zhai family's legacy!"

Master Zhai didn't mind if Jian Yiling's baby was a boy or girl.

He would be happy with either.

But then, Master Zhai added: "But one child isn't good enough. It'd be best to have more."

Upon hearing this, Zhai Yunsheng said, "Just one is enough."

Just one was enough to make him stressed for ten months.

If this happened a few more times, he might end up dying early from stress.

"How can that be enough?" Master Zhai complained. "We can afford to have more children! Even if you have eight or nine children, I can afford to look after them!"

"It will be hard on Yiling's body."

This was not a matter of money.

Childbirth was an incredibly painful thing. Zhai Yunsheng did not want Yiling to hurt herself.

"Then..." Master Zhai started. He realized that he was being a bit greedy. He needed to care about Yiling more. "Then four."

Having four children would always be possible.

"One," Zhai Yunsheng insisted again.

"Three, no less!" Master Zhai bargained.

Grandma Jian interrupted: "What are you two doing? This is Yiling's decision to make! It's not up to you!"

The Jian brothers also agreed with this.

Jian Yunnao: "That's right! Yiling has the say in this!"

Jian Yuncheng: "If Yiling doesn't want children, then she doesn't need to have a single child. However, if Yiling wants more children, her husband has to cooperate."

Jian Yunmo: "I can take care of Yiling's health. It's fine if she wants more children."

Upon hearing this, Master Zhai hurriedly nodded: "Yes, yes. It's Yiling's decision. Our opinions don't count."

Then, everyone focused their attention on Jian Yiling.

Chapter 1327: Mo Shiyun's Attempted Suicide

Jian Yiling looked at Zhai Yunsheng for help.

She never put thought into this question.

“Just one,” Zhai Yunsheng said decisively.

“No, no, one is too little,” Master Zhai firmly disagreed.

“Nope, we’re only having one child,” Zhai Yunsheng replied. He was also a stubborn man.

“At least two!” Master Zhai conceded. This was as far as he would concede.

If Jian Yiling and Zhai Yunsheng were only going to have one child, all hope had to be placed on that child. If something ended up happening to that child, Master Zhai would definitely faint from shock. He did not want something like that to happen.

“Well, if you want more children, go and give birth to your own. Another option is to get my uncle to have a child,” Zhai Yunsheng replied. He was not going to give in.

“What nonsense are you talking about? The two of you have such good genes. If you don’t give birth to more children, humanity would be disappointed!”

How the hell was this related to humanity?

“But I still got my genes from you. And hence, if you have another child, their genes won’t be bad either,” Zhai Yunsheng retorted.

Zhai Yunsheng and Master Zhai kept arguing back and forth. Neither of them was willing to give in.

In some aspects, the two of them were incredibly similar.

.....

“Alright, alright, let Yiling give birth to this child first. We can discuss this topic later!” Grandma Jian hastily interrupted Zhai Yunsheng and Master Zhai.

As she said this, she winked at Master Zhai. It was best to use stalling tactics here.

“Fine, we will discuss this later,” Master Zhai said. He immediately understood what Grandma Jian was suggesting.

Master Zhai thought to himself that Grandma Jian was correct in reminding him that he couldn’t rush into these things. If he tried too hard, his efforts would only be counterproductive.

As long as his granddaughter-in-law remained happy and healthy, it would not be hard to trick them into having more babies in the future.

###

Whilst the Jian family was happily discussing the embryo in Jian Yiling’s belly, something big happened in Beijing.

Qin Chuan’s girlfriend Mo Shiyun attempted suicide by jumping from a building.

Because of Qin Chuan, Mo Shiyun was well known to the media.

At first, everyone was shocked by this news. After all, Mo Shiyun was envied by a lot of people. Why would she attempt suicide?

Her boyfriend was Qin Chuan. What was she not satisfied with?

Many reporters and journalists surrounded the Qin family in the hospital. They wanted to hear what was happening from their mouths.

However, the Qin family did not reveal any news to the media.

And thus, some journalists and reporters began to fabricate stories.

They wrote out their speculations and out of these people, some of reporters and journalists imagined Jian Yiling, Zhai Yunsheng, Mo Shiyun, and Qin Chuan to be in a love square.

They wrote these articles to attract and clickbait people's attention.

In the hospital ward, Mo Shiyun was rescued.

Qin Chuan was next to her hospital bed. He looked at her with a complicated expression on his face.

The reason why Mo Shiyun attempted suicide was simple. Qin Chuan wanted her to leave him.

However, Mo Shiyun did not want to accept this. She couldn't endure what she had experienced many years ago. And hence, she attempted suicide to win Qin Chuan's pity.

As she jumped from the third floor into the flower bed surrounding the villa, she did not suffer many serious injuries.

However, her right leg was still broken and she had a mild concussion. Her body was also bruised in several places.

"I told you I would give you a sum of money. I also said I'd give you a suite. You don't need to return to the lifestyle you were previously living," Qin Chuan said to Mo Shiyun.

"Qin Chuan, I don't want money. I want you. I love you! I just want to stay by your side!" Mo Shiyun sobbed out. Her face was haggard and pale and her eyes were red from sobbing.

She repeatedly expressed her love for him.

Chapter 1328: Quadrangle Relationship

"But I don't love you," Qin Chuan replied calmly.

This time, he chose not to lie to himself.

In the past two years, he already tried loving her. However, regardless of what he tried, he was unable to love and protect her as he did in his previous life.

And thus, the only thing he could do was to provide her with financial assistance.

He couldn't force himself to love her.

"That doesn't matter. I will be happy as long as I'm allowed to stay by your side," Mo Shiyun pleaded.

Upon hearing this, Qin Chuan's brows were furrowed tightly.

"Why are you doing this to yourself?" Qin Chuan asked Mo Shiyun.

This was completely different from his memory of her.

Mo Shiyun was meant to be a proud and confident woman who was full of charm.

She wasn't meant to be begging a man who didn't love her.

"No no, as long as I can stay by your side, I will be happy. I'm not inflicting pain on myself," Mo Shiyun attempted to explain.

Qin Chuan knew he could not convince Mo Shiyun through words.

.....

And thus, he said: "You should get some rest and not do anything stupid again. Your ward is on the 17th floor. If you attempt suicide here, you won't have a chance of survival."

After saying this, Qin Chuan left the ward.

"Qin Chuan... Qin Chuan don't go! Don't go..." Mo Shiyun pleaded.

However, her pleas did not make Qin Chuan walk around.

After Qin Chuan left, Mo Shiyun cried for a long time. Then, she logged onto her Weibo and made a thought-provoking post on it:

[Jian Yiling, I'm begging you, please don't take Qin Chuan away from me.]

Mo Shiyun knew what kind of consequences her post would bring.

She also knew what kind of person Jian Yiling was.

However, she couldn't care less. After all, she even attempted suicide. There was nothing she couldn't do anymore.

Even if she had to suffer the consequences of her actions, it would not be worse than her current situation.

By doing this, at least there would be a glimmer of hope.

She had nothing to lose.

As soon as she posted this, many people began to comment. Very soon, it became the most discussed topic on Weibo.

After all, by themselves, Zhai Yunsheng, Jian Yiling, and Qin Chuan were already topics of conversation.

Nowadays, if there was any news related to these three people, almost everyone would be interested.

And thus, in less than an hour, the number of comments under Mo Shiyun's post exceeded a hundred thousand.

At some point, even the Weibo servers collapsed.

When they were reading the media articles, people were initially skeptical.

However, Mo Shiyun's message completely confirmed the quadrangular relationship between Jian Yiling, Zhai Yunsheng, Qin Chuan, and Mo Shiyun.

This drama involved two major families in Beijing. There appeared to be many grudges and entanglements.

All the netizens were immediately invested in this drama:

[How shocking is this? This is the reason why Mo Shiyun attempted suicide! It's the secret behind the constant struggle and conflict between the Qin family and the Zhai family!]

[Is Jian Yiling Qin Chuan's mistress? After all, Mo Shiyun is accusing Jian Yiling was stealing Qin Chuan from her. And where does Zhai Yunsheng come into this?]

[A love square... Zhai Yunsheng and Qin Chuan are love rivals?]

As some people were desperate to learn the truth, they headed over to Zhai Yunsheng's Weibo and started writing comments. They wanted him to say something.

Did Jian Yiling actually cheat on him?

And why did Mo Shiyun attempt suicide? Was this related to Jian Yiling?

Chapter 1329: Qin Chuan Hits Mo Shiyun

The moment Qin Chuan heard of the news, a cold look appeared in his eyes.

The department manager who was halfway through his report immediately saw the cold look in Qin Chuan's eyes. The poor man broke out in cold sweat.

Typically, CEO Qin was an easy-going man.

Very rarely would he show off such a cold and stern expression.

As the department manager felt anxious, Qin Chuan suddenly got up and left the office without saying a word.

He headed straight to the hospital.

Mo Shiyun was still lying on the hospital bed. When she saw Qin Chuan, a joyful smile appeared on her face as she exclaimed: "Qin Chuan, you're here!"

Qin Chuan fiercely walked over to Mo Shiyun's bed and grabbed her neck. He pulled her up and pressed her against the wall.

"Qin, Qin Chuan ..." Mo Shiyun stuttered in horror.

Qin Chuan's eyes were cold and bloodthirsty, and for a moment, Mo Shiyun felt as if he was really ready to kill her.

As Qin Chuan coldly looked at the person in front of him, his eyes flashed with pain.

The memories he had of his two lives once again began to overlap and merge together.

He had once loved Mo Shiyun.

.....

Even though her face hadn't changed, her character and personality were completely different. The dynamic of their relationship was also completely different.

And yet, the memories that belonged to them once were still in his mind.

But he also recalled the foolish and insane things she did in this life.

"Qin Chuan, Qin Chuan...." Mo Shiyun desperately called out. She was struggling to breathe.

Upon hearing this, Qin Chuan's sanity was slightly restored. However, he did not let go of his grip on Mo Shiyun's neck.

"Why are you trying to provoke Jian Yiling?"

Mo Shiyun replied with tears in her eyes: "She is already married! She's someone else's wife. Qin Chuan, even if you can't forget about her, you can't do anything anymore. You can't further your relationship with her..."

"That's my business!" Qin Chuan roared.

"But I'm your girlfriend! You admitted it to everyone yourself! As your girlfriend, how does what you do with other women have nothing to do with me?" Mo Shiyun exclaimed tearfully.

He was the one who gave her hope.

And yet, he had so cruelly destroyed her only hope.

Upon hearing this response, Qin Chuan was stunned for a moment. When he noticed Mo Shiyun's tears, a pain was once again felt in his heart.

"If I did something wrong, you should take your revenge on me. It's not related to Jian Yiling. You shouldn't take it out on her."

"But I love you. I don't want to hurt you," Mo Shiyun explained. "I don't want to hurt Jian Yiling either. I just want to use the pressure of public opinion to keep her away from you and to keep you away from her."

"The problem between us has nothing to do with her."

"Nothing to do with her? Don't be ridiculous," Mo Shiyun replied. She did not believe in Qin Chuan's words. In her eyes, Qin Chuan was merely defending Jian Yiling. "In those two years when she went missing, didn't we get along fine?"

Jian Yiling's existence and reappearance had changed so many things.

Qin Chuan was lying to himself if he was saying that all of this had nothing to do with Jian Yiling.

“That’s my problem though! It has nothing to do with her!”

“But if she didn’t exist, you wouldn’t experience problems!” Mo Shiyun replied with certainty. “Qin Chuan, I know I did bad things in the past. I know I used to be delusional. However, ever since you brought me back to Beijing, I’ve been content with just staying by your side. Qin Chuan, I love you. I love you more than Jian Yiling...”

“So if you love me, you have to slander Jian Yiling?”

“I didn’t slander her name. If it wasn’t for her, you wouldn’t be like this! You’re my boyfriend! She destroyed our relationship! There’s nothing wrong with what I posted on the internet.” Mo Shiyun argued.

Chapter 1330: I Won’t Care About You From Today Onwards

Qin Chuan glared at Mo Shiyun before he threw her onto the ground.

As Mo Shiyun was already injured from her attempted suicide, after being thrown onto the floor, she couldn’t even get up.

“Qin Chuan, don’t be angry... I just love you... I just love you a lot...”

“Mo Shiyun, from today onwards, everything about you has nothing to do with me. I won’t care about you anymore.”

To this day, even though Qin Chuan did not love Mo Shiyun anymore, he would still take care of her life. He would give her money and arrange a place for her to live.

After all, he once loved her.

And now, she destroyed even this last bit of love.

When Mo Shiyun heard this, she hurriedly crawled to Qin Chuan’s feet and attempted to cling onto his legs. Then, she started begging: “Qin Chuan, didn’t we get along fine in the past two years? At that time we all thought Jian Yiling had died. Even though you were a little sad, the days went on. We had our happy moments.”

In Mo Shiyun’s heart, she really hoped that Jian Yiling was dead. She did not want her to come back.

After all, if Jian Yiling hadn’t returned, these things wouldn’t have happened.

Her hatred for Jian Yiling that she once let go of rushed out again like torrential rains.

It’s not that she was stingy and it wasn’t because she liked to hold a grudge. It was just because Jian Yiling refused to give her a chance to live. Jian Yiling wanted to take everything away from her.

She had clearly begged her.

.....

She even went so far as to kneel down.

She didn’t even care about what Qin Chuan thought of her.

She had already accepted the fact that she was inferior to Jian Yiling.

And yet, Jian Yiling still completely ruined her life.

Qin Chuan shook off Mo Shiyun as he said: "This has nothing to do with whether Jian Yiling is alive or dead. It's something you're doing to yourself."

Mo Shiyun asked Qin Chuan: "Are you suggesting what I did was despicable? Then what about you? Even though Zhai Yunsheng hasn't helped you with anything, it's not like he's hurt you in any way or form, has he? Furthermore, Jian Yiling has helped the Qin family more than once. And yet, you still decided to be enemies with the Zhai family for your own selfish desires. You worked together with people to destroy the Zhai family."

Mo Shiyun knew she had nothing to lose. Therefore, she dared to say anything.

Mo Shiyun's words were like a thorn in Qin Chuan's heart.

Was he a despicable person?

He probably was. He did things to hurt the people he once trusted.

He tried to bring everything back to the original path. He tried to bring himself back to peace.

And yet, he was getting further and further away from the person he was in his previous life.

It was as if there were two souls that lived inside his body. The two souls were fighting and tearing him apart.

He had to kill one in order to be at peace.

Now that he failed, he had to accept reality.

He loathed the woman he once loved deeply.

And he loved the woman he once hated.

Qin Chuan did not answer Mo Shiyun's question. Instead, he turned around to leave the ward.

After Qin Chuan left, Mo Shiyun sat on the floor and cried out in despair: "Ahhhhhhh!"

She just wanted to stay by his side. Why did he refuse such a simple request of hers?!

Mo Shiyun cried out like she was crazy.

After a while, she finally calmed down. She opened her Weibo account and read the comments below her post.

She knew that even if Zhai Yunsheng and Qin Chuan deleted the posts she made, it would not change the current situation.
