Chapter 801: No Choice But to Take Off a Vest (3)

At first, Wen Ruo was a little surprised. Then, her gaze began to fill with disgust and revulsion.

Ahh, no wonder Jian Yiling was seated next to Zhang Xuming on his birthday. Back then, she assumed that she was seated next to him because of Zhai Yunsheng.

However now, the reason was finally revealed. Jian Yiling relied on her own looks to get close to Zhang Xuming. She climbed onto the bed of a man that was one foot in the coffin already.

As everyone looked at her, Jian Yiling continued to eat a piece of cake. Her actions were slow and she appeared focused on something else. It was as though she could not hear the development of the situation around her.

Of course, Jian Yiling knew what was going on.

However, she knew that opening her mouth to defend herself in such a situation would not help.

And thus, instead of not knowing what to do, she would finish this piece of cake in her hands first.

After all, her time was precious. She did not want to waste anger on such a matter. She could use her energy and efforts on something much more useful.

However, in the eyes of others, Jian Yiling's reaction made it seem like she had a guilty conscience. It appeared as though she wanted to escape from reality.

When Wei Qirui saw this, the smile on his face became even smugger.

He looked at Zhai Yunsheng expectantly. He wanted to see him suffer.

Then, Wei Qirui walked up to Zhai Yunsheng. He wanted to make sure that Zhai Yunsheng was clear about the situation.

"Master Sheng, you have quite a bit of tolerance! If your fiancée hadn't gotten engaged to you, she'd still be with Zhang Xuming!"

Zhai Yunsheng laughed before he replied: "That's all, huh?"

"That's all huh? Why don't you explain the situation to us? Why did Zhang Xuming keep giving money to your fiancée? Why did he stop once you got engaged to Jian Yiling? Furthermore, why was Xuming Medical Manufacturers willing to cooperate with the Jian family in the first place? And finally, why was she seated right next to him on his eightieth birthday when the Zhai family isn't really connected with Xuming Medical Manufacturers?"

Wei Qirui's questioning was loud and clear.

These were all facts that everyone knew.

These things were indeed difficult to explain.

And thus, Zhai Yunsheng did not know what to say.

There were many things he did not know about Jian Yiling.

However, he trusted her.

As Zhai Yunsheng did not give him a reply, Wei Qirui laughed even more wildly.

“Oh? You don’t know the answer? Do you not know anything about your fiancée? She seems to be such a delicate and dainty girl however, she’s actually so disgusting and sly!”

Everyone looked at Jian Yiling and Zhai Yunsheng. They knew that this moment was the calm before the storm.

Master Sheng was soon to be furious. This man did not follow any rules. If he became mad, the whole world would be turned upside down.

Furthermore, after today, the Jian family would be despised by everyone.

Jian Yuncheng walked over to the pool and asked: “How did you get your hands on these transaction details?”

Wei Qirui admitted openly, “Yes, I did use illegal means to get my hands on these transactions. However, I can promise that these records are true.”

By doing this, he could inflict one thousand points of damage on Zhai Yunsheng and Jian Yiling. On the other hand, he himself was only suffering one hundred points of damage.

Suddenly, a figure appeared beside him. All of a sudden, he was thrown into the pool by a powerful force.

Then, there was the sound of splashing water.

Wei Qirui was thrown into the pool by Jian Yiheng.

After splashing a few times in the pool, Wei Qirui steadied himself. Then, he started to laugh instead of being angry.

“Oh? Are you turning your shame into anger? Well, you can do that. Hit me then. If you want, you can kill me today in front of so many other people.”

Wei Qirui was well aware of the situation. He exposed the truth in front of so many people. After disclosing this information, if he received a violent reaction from the Zhai family or the Jian family, this meant that Jian Yiling actually did such a thing.

Chapter 802: No Choice But to Take Off a Vest (4)

Jian Yiheng glared at Wei Qirui with cold eyes. However, he knew that what he said was true.

He could beat Wei Qirui up until he couldn’t open his mouth to speak anymore. However, he could not take back the words that had already been spoken.

Jian Yiheng: "I'm not beating you up to seal your mouth. I'm beating you up because the words that you just said insulted my family."

"Don't hit him anymore," Jian Yiling called out to Jian Yiheng. "It's not worth it."

Jian Yiling did not want Jian Yiheng to carry the crime of intentionally injuring Wei Qirui.

Jian Yiheng lowered his head to look at his sister. Jian Yiling's hand was currently holding him back.

His sister's delicate and fair hands formed a stark contrast against his wheat-colored skin.

Jian Yiheng listened to his sister. He did not make another move against Wei Qirui.

However, Wei Qirui continued to laugh: "Jian Yiling, are you still pretending? If you have what it takes, you should explain the situation clearly."

Jian Yiling calmly replied: "I'm waiting for someone."

"Waiting for someone? Who are you waiting for? Don't tell me you're waiting for Zhang Xuming to come and save you."

Jian Yiling did not reply to this.

Instead, she turned around and took Zhai Yunsheng's hand. She then said to him seriously: "A Sheng, no such thing happened."

"Mhmm, I know."

Naturally, Zhai Yunsheng trusted Jian Yiling.

Then, Zhai Yunsheng said to Wei Qirui: "Well, since you want a confrontation, sit down and wait."

"Yeah, I will do exactly that! I will give you enough respect!" Wei Qirui replied with a smile on his face. He wanted to see what tricks Jian Yiling could get up to.

Then, the scene of the birthday party quietened down. Everyone was silently waiting for the person that Jian Yiling was waiting for.

At such a time, no one dared to speak.

If they said something inappropriate, they would offend Master Sheng.

This was not a consequence that they could afford.

Wen Ruo quietly waited as well. She picked up a glass and elegantly tasted the wine inside of it.

This matter had nothing to do with her. She could stand by the side and watch the show unfold.

Everyone had different expressions on their faces. However, Jian Yiling's expression was particularly calm. She continued to eat and drink. From time to time, she played around on her phone as well. She did not appear nervous at all.

After a while, two people arrived at the birthday party. One was Zhang Xuming and the other was Zhang Xuming's lawyer.

Zhang Xuming rushed over here immediately after Jian Yiling messaged him.

Zhang Xuming's lawyer was also carrying a heavy handbag.

After all, it was useless to explain with words. Zhang Xuming asked his lawyer to bring out the evidence.

Zhang Xuming's arrival made the crowd's curiosity swell to the highest point.

They were all looking forward to what would happen next.

After a while, Wei Qirui climbed out of the pool. He held a towel in his hand as he wiped the water off himself.

As soon as Zhang Xuming arrived, he coldly said to Wei Qirui: "Mr. Wei has really opened my eyes to the world! It is often said that people who do business are not benevolent and righteous! You're neither of those! Not only that, but you're also incredibly shameless!"

As they were arguing already, Wei Qirui did not show any respect to Zhang Xuming: "Shameless? Aren't you the one that's shameless? You're an embarrassment to elderly individuals! Are you blaming me for exposing your affairs?"

"Embarrassment to elderly individuals? How can you just accuse me of that out of nothing? Wow, I've really learned something today!"

"Then you should explain why you're transferring money into Jian Yiling's account, month after month!"

"Of course I plan to explain this! I will get my lawyer to explain this matter to you right now! Jian Yiling is not someone else! She's a partner of Xuming Medical Manufacturers! She's also my chosen successor!"

As soon as Zhang Xuming said this, everyone was in an uproar.

Chapter 803: No Choice But to Take Off a Vest (5)

Everyone looked at Jian Yiling in awe.

Jian Yiling? The partner and successor of Xuming Medical Manufacturers?

Was this true?

If it is true, then that's incredible!

A flicker of astonishment appeared in Zhai Yunsheng's eyes as he looked at Jian Yiling.

Was she a partner of Xuming Medical Manufacturers?

How many other secrets did he not know about?

The corner of Zhai Yunsheng's lips began to upturn. For some reason, he was looking forward to discovering those secrets.

Even the brothers of the Jian family were shocked.

They were not aware of this.

Jian Yuncheng looked at Jian Yiling. He thought about the acquisition plan. Then, he remembered how certain she was when she asked him to acquire Tongyu Technology.

Back then, he agreed to do so because it was what she wanted.

He did not expect the subsequent collaboration with Xuming Medical Manufacturers.

At this moment, he realized that the only reason why the negotiations went so smoothly was that his sister was a partner of Xuming Medical Manufacturers. In addition, she was also the future successor of the company.

The Jian family did not gain a foothold in Beijing so quickly because of luck. Instead, it was because Jian Yiling silently paved the way for the Jian family behind the scenes.

The look of shock on Jian Yunnao's face was much more obvious than Jian Yuncheng's.

He opened his mouth but he did not know what to say.

The shock in his heart was indescribable. This feeling made him unable to come back to his senses for a long time.

At first, Jian Yujie was shocked as well. However, after a moment, the corners of his lips could not help but rise. His eyes were lit up with pride.

His sister was indeed the best! Wei Qirui was a bastard! How dare he slander his sister!

Jian Yujie was a bit pleased with himself.

On the other hand, Jian Yumin was not that happy. In fact, he felt a bit of disappointment.

His sister was no longer just a crybaby. That meant that he couldn't tease her in the future...

Jian Yiheng and Jian Yichen were equally as surprised to hear this fact.

When Wen Ruo heard of this, her entire body stiffened.

Jian Yiling was the mysterious partner of Xuming Medical Manufacturers?

How was this possible?

Something was definitely wrong!

Wen Ruo refused to believe in Zhang Xuming's words. She felt that there was definitely something wrong.

Zhang Xuming continued to speak: "Those transactions are my bonuses to her! Every transaction matches with an order for Xuming Medical Manufacturers. All of them can be checked up!"

"Impossible! This is definitely impossible! It must be an excuse that you made up!" Wei Qirui refused to believe in these words. "How can Jian Yiling possibly be your successor? Isn't your successor someone called Second Master?"

Jian Yiling took out her phone and opened an application. Then, she tapped on a chat.

She showed the messages that Wei Qirui sent to her.

When Wei Qirui saw the messages, his eyes widened in disbelief.

These messages were sent by him. Naturally, he remembered them.

The Second Master was the successor of Xuming Medical Manufacturers that he had been desperately attempting to reach.

Was the "Second Master" Jian Yiling?

Zhang Xuming coldly snorted at Wei Qirui: "Jian Yiling being the partner of my company has been registered with relevant authorities. The registration was made almost two years ago. It's impossible to be fake!"

Zhang Xuming's words could be verified with the registration.

It was definite evidence.

"Then... Then why did you stop transferring her money after she got engaged with Zhai Yunsheng? Don't tell me it's because you didn't receive any orders in the past two months!"

It was impossible for such a coincidence to happen!

Chapter 804: Surprised and Envious

"I did transfer money to her! I asked my secretary to transfer her money for every order Xuming Medical Manufacturers completed! The only reason why these transactions do not appear on your records is that Jian Yiling contacted me to change the account. After she got engaged to Zhai Yunsheng, she asked me to transfer money to her and Zhai Yunsheng's joint account! If you don't believe me, you can ask Zhai Yunsheng to print out the balance sheet for you! You can see my transactions there!"

Ahh, so it turned out that the transfers were being made to another account.

After their engagement, Jian Yiling opened a joint account with Zhai Yunsheng. Therefore, a lot of her income was deposited into the joint account.

Upon hearing this, Zhai Yunsheng asked Jian Yiling: "How much money did you even save in our joint account?"

"A lot. It's for future use," Jian Yiling replied.

1

Getting married required money. Furthermore, many things after marriage also required money.

For example, going on a honeymoon, having children, and ensuring their children could get adequate education all required money.

Therefore, a lot of money had to be saved in their joint account.

A warm feeling tingled in Zhai Yunsheng's entire body.

Everyone was surprised and envious. The future matriarch of the Zhai family was not as soft and ordinary as the rumors said!

Zhang Xuming continued to speak to Wei Qirui: "How much evidence do you want? I can give you as much as you want! After all, if you stand straight, you're not afraid of your shadow inclining!"

At this moment, Wei Qirui was completely dumbfounded.

It was no longer possible for him to get the results that he wanted.

When Zhang Xuming saw the dumbfounded look on Wei Qirui's face, he continued to diss him:

"And now, you know why you failed to negotiate the collaboration. Now you know why the Jian family succeeded. You've always been looking down on Yiling. And thus, why do you expect her to give you a hand when you're struggling in the mud? Keep dreaming!"

1

Zhang Xuming's words slapped Wei Qirui in the face.

He thought about the things he had done. He thought about the messages that he sent to the "Second Master."

It was as though he was a clown jumping from one pillar to another. He had been jumping back and forth like a fool in front of Jian Yiling.

Then, Jian Yiling said to the lawyer: "Wei Qirui used illegal means to attain the transaction records between Elder Zhang and I. Furthermore, he publicly slandered both our names. Please file a lawsuit against him for these two reasons."

"Understood. Don't worry Miss Yiling. Mr. Wei will pay the price for his illegal acts."

The expression on Wei Qirui's face was incredibly ugly. It was as though he had just swallowed a fly.

Everyone else looked at him with ridicule and mockery in their eyes.

Wei Qirui was so ashamed that he turned around and ran.

As Wei Qirui ran away, Zhang Xuming called out: "Mr. Wei, next time we meet, I hope you bring your brain!"

2

Then, he huffed: "Ahh, all this time I thought he was a human. My eyes must have been bad! He dares to fabricate such lies! The audacity!"

The people around him hurriedly attempted to console Elder Zhang.

"I'm not upset. I wouldn't get upset at such a thing."

Then, Zhang Xuming said to Jian Yuncheng: "Mr. Yuncheng, would it be okay for you to have an old relic at your party?"

After all, he was here already. It would be poor manners to leave immediately.

“Of course you’re welcomed. It’s an honor for us to have you here,” Jian Yuncheng replied.

“Yes, yes. Don’t mind us for being noisy Elder Zhang.”

The surrounding people hurriedly echoed.

“Ahh alright then. Continue on. I will go and look for a place to sit.”

Although Zhang Xuming said that he was going to look for a place to sit, his eyes were already aimed at the spot directly beside Jian Yiling.

Chapter 805: Worthwhile to Have as a Fiancee

After all, Zhang Xuming wasn’t interested in attending the birthday party. Instead, he wanted to convince Jian Yiling into becoming the successor of Xuming Medical Manufacturers.

After a while, the atmosphere of the party began to become lively again. Everyone started to talk and laugh.

More and more people came over to say hello to Zhai Yunsheng.

Unlike before, this time around, when they greeted Zhai Yunsheng, they also said hello to Jian Yiling.

Their attitude towards Jian Yiling changed significantly.

She was no longer just the future matriarch of the Zhai family. She was also the successor of Xuming Medical Manufacturers.

Wen Ruo’s good mood did not last.

She watched from afar as everyone scrambled to greet Jian Yiling.

Huo Yu smilingly approached Jian Yiling and asked her: “Yiling, can I ask a question? Why did you call yourself the ‘Second[1] Master’?”

“Because 10[2] is equal to 2 in the binary language,” Zhai Yunsheng replied instead of Jian Yiling.

When Wei Qirui mentioned the name ‘Second Master’, Zhai Yunsheng immediately realized that the word ‘Second’ was related to Jian Yiling.

After all, “negative ten” and “second” were both numbers that were related to his rabbit’s name.

She seemed to enjoy creating these nicknames.

Huo Yu slapped his knee as he laughed: “Hahaha, my guess was correct! I did not expect Sister Yiling to think like a programmer!”

As computers used binary language, programmers were particularly sensitive to these numbers.

And thus, when Huo Yu first heard of the name “Second Master” he also thought of binary.

That’s why he ran over to confirm with Jian Yiling.

###

After Jian Yuncheng's birthday party came to an end, Jian Yiling's identity as the partner and successor of Xuming Medical Manufacturers was made known to the masses.

The previous voices that said Jian Yiling was weak and incompetent were completely silenced.

She was no longer just a doctor who could perform surgery on the operating table. She also had the capability to turn her medical knowledge into business wealth!

Han Mengyu and Xing Wei were stunned by this news.

Xing Wei exclaimed: "Wow, your fiancée is amazing! Her brain is insane! She's so different from us!"

Han Mengyu: "You just realized? Shouldn't you have realized from the first time we played games with her?"

Xing Wei: "Back then, I knew that she had a high IQ. However, how do you expect me to know all of this!"

Then Xing Wei turned around to speak to Zhai Yunsheng: "Master Sheng, it's totally worthwhile to have her as your fiancée!"

Zhai Yunsheng: "Are you meant to be the one who is telling me this?"

Xing Wei: "No no, that's up to you. As long as you like her."

Then, Han Mengyu asked: "Master Sheng, do you plan to announce Wei Qirui's expulsion from the Loyalty Alliance?"

Zhai Yunsheng: "What else am I going to keep him around for? Do you want me to celebrate Chinese New Year with him or something?"

Zhai Yunsheng had already given notice to everyone else that the Wei Group would be removed from their alliance.

There were 6 individuals at the highest level of the Loyalty Alliance. Then, there were 36 businesses under those individual's names. Thousands of stores were related to these businesses.

Therefore, it was a huge business alliance.

Once Wei Qirui was kicked out of the alliance, the consequences would be unimaginable for him.

###

After the news spread regarding Jian Yiling being the successor of Xuming Medical Manufacturers, many people who were familiar with Master Zhai went to congratulate him.

Master Zhai was so proud that he was smiling from ear to ear.

"Of course! She's the matriarch of the Zhai family! How can she possibly be a simple individual? You ordinary folks would have never known about this!"

Chapter 806: Master Zhai is Gloating with Pride

Naturally, Master Zhai did not know beforehand that Jian Yiling was a partner of Xuming Medical Manufacturers.

But this didn't stop him from gloating with pride.

He would be happy as long as people praised his granddaughter-in-law.

In fact, he would have purchased a few advertising spots to help Jian Yiling gain more publicity! He wanted everyone to know how powerful and talented their future matriarch was. Everyone who thought otherwise was blind!

Master Zhai even ran over to Zhai Yunsheng's company to speak to him:

"A Sheng! You must watch your fiancée carefully! She must not be stolen away by someone else! I think the most reliable way to keep her by your side is to get her pregnant! If she's pregnant, she wouldn't run away!"

2

Upon hearing this, Zhai Yunsheng's mouth twitched twice.

Was his grandpa really worried about Jian Yiling getting stolen away? He just probably wanted a great-grandchild!

1

"I don't plan to have children with Yiling," Zhai Yunsheng replied.

"What the hell are you saying?"

"You know what I'm talking about."

There was a high probability that his condition would be inherited by his children.

The smile on Master Zhai's face instantly disappeared. It was replaced by a worried look.

"You brat! If you don't want to have children with Yiling, do you want our lineage to go extinct?"

"What about my uncle? He's still young and vigorous. He can have quite a few children no?"

"Don't even mention him to me!" As soon as he heard Zhai Yunsheng mention his uncle, Master Zhai became incredibly angry.

That man stayed in Country Y all year around. He never came back to China! He couldn't urge him to get married even if he wanted to.

4

In the past, he told Master Zhai that he was repaying his debt to his older brother. He said that he would never have children. If that was the case, everything in the Zhai family and the entirety of the Tianxing Group would belong to A Sheng in the future.

"Either way, Yiling and I don't plan to have children."

“You bastard! Does Yiling know about this?”

Upon being asked this, Zhai Yunsheng did not reply.

He hadn't mentioned these thoughts to Jian Yiling.

Furthermore, he knew that she would not agree with him.

Master Zhai sighed before he said: “Ahhh, forget it for now. You two are still you. I don't mind waiting for a few more years.”

After all, in a few years time, Master Zhai would have convinced his granddaughter-in-law already! She could deal with his grandson!

As long as she acted coquettishly, it was impossible for this brat to not surrender.

Master Zhai was certain that his granddaughter-in-law could definitely handle this matter.

###

Wei Qirui suffered one blow after another.

If the acquisition of Tongyu Technology was a heavy blow to him, then being removed from the Loyalty Alliance was basically pushing him into a deep abyss!

“How dare he do this! The Wei family and the Zhai family have been connected for hundreds of years!”

1

Wei Qirui did not agree with such a decision. He wanted to defend himself.

And thus, he headed over to Master Zhai.

When Wei Qirui arrived at the Main Zhai Residence, Master Zhai got someone to invite him in.

As soon as he saw Master Zhai, Wei Qirui began to complain.

Master Zhai did not interrupt Wei Qirui. Instead, he slowly sipped on his tea and he listened.

After Wei Qirui finished speaking, Master Zhai asked: “Are you done?”

“Master Zhai... I...”

“Don't say I! How dare you come and complain about this matter to me? How dare you point fingers at and criticize my future granddaughter-in-law?! How dare you criticize the matriarch of the Zhai family?! Was your brain kicked in by a donkey or something?!”

Master Zhai pointed at Wei Qirui as he scolded him.

“But Master Zhai... It was for the sake of the Zhai family... The future matriarch of the Zhai family...”

Chapter 807: The Revenge of the Jian Brothers

“Pah!” Master Zhai spat in contempt at Wei Qirui’s face: “Who do you think you are? How dare you make those remarks about the matriarch of the Zhai family? Do you really think I’m blind or something? Do you really think I need someone to evaluate my granddaughter-in-law? Furthermore, what’s wrong with her? She’s perfect! Tch, go somewhere else to be blind. Stop sprouting random excuses in front of me.”

Wei Qirui did not know what to reply.

“I’m telling you right now that I’m giving a chance for my grandson to show off to his fiancée! If not, I would have dealt with you a long time already. Thankfully, I’m old now. My temper has gotten better. If not, the Wei Group wouldn’t even have any bones left by now!”

1

After a torrent of comments from Master Zhai, Wei Qirui was thrown out of the Main Zhai Residence.

After he was thrown out, Master Zhai commented: “If my legs were good, I would have kicked him out myself! Tch, who does he think he is? How dare he cause trouble for Yiling?”

Then, Master Zhai turned to his assistant and said: “Make all the companies under the Wei Group close down within a month. Don’t worry about the cost. Make everyone know what happens if they dare to cause trouble for the matriarch of the Zhai family!”

###

After Wei Qirui left the Main Zhai Residence, he was trailed by a group of people.

They trailed Wei Qirui for quite some time. Finally, when there was no one near him, they dragged Wei Qirui into an alleyway.

“Let go! Let go! Who the hell are you guys? Do you guys know who I am? I...”

2

Wei Qirui’s eyes stared at the people in front of him. He realized that he knew of them.

One of them was the man who had thrown Wei Qirui and his bodyguards into the swimming pool on Jian Yuncheng’s birthday.

The other few also seemed to have appeared at Jian Yuncheng’s birthday party.

“What do you guys want?” Wei Qirui asked nervously.

Just Jian Yiheng alone was enough to make him nervous.

Jian Yiheng, Jian Yichen, Jian Yumin, and Jian Yujie stared fiercely at Wei Qirui.

“Didn’t you try to slander our sister’s name? Where is that attitude now?” Jian Yichen laughed demonically.

Then, he walked forward and grabbed at Wei Qirui: “It seems as though you’re quite capable. How dare you slander my sister’s name?”

“What... What are you guys planning to do? It’s against the law to hit people!” Wei Qirui stammered out.

“Against the law?” Jian Yichen repeated. However, he was not intimidated at all. Instead, the smile on his face became even wilder: “Do you want to report this matter to the police? If so, go ahead. I want to see whose crime is more severe! After all, you embezzled your company’s money a short while ago, no? So tell me, which crime is more severe?”

If the Wei Group fell through, Wei Qirui would lose his company. However, his personal assets would not be lost.

Therefore, he transferred part of the company’s money into his private account.

He assumed that he had dealt with the matter seamlessly. He did not expect the Jian brothers to catch on so quickly.

2

“You guys... You guys...” Wei Qirui stammered with widened eyes. His eyes were filled with panic.

“So, it’s up to you to make a decision. You can take a beating from us or you can be locked up in jail,” Jian Yichen smiled. It was a smile that looked harmless at first glance.

Chapter 808: Better than the Wen Family

Wei Qirui was unable to say a thing. He would much rather be beaten up than be arrested.

If he was arrested, his assets could be frozen. Furthermore, he would receive additional punishment.

Jian Yichen punched Wei Qirui in the face. Then, he threw a kick towards Wei Qirui’s chest.

Wei Qirui was beaten to a point that tears were coming out of his eyes.

However, his nightmare was just beginning.

Jian Yujie came up after Jian Yichen.

As Jian Yujie cared about his hands, he instead kicked Wei Qirui.

On the other hand, Jian Yumin did not care about his hands. He did not rely on his hands for a job. He relied on his face. Therefore, he did whatever he wanted.

Finally, it was Jian Yiheng’s turn.

When the other three Jian brothers saw Jian Yiheng step up, they quietly retreated to the side.

3

Jian Yiheng moved his neck and cracked his joints.

It was obvious that Jian Yiheng’s combat levels were much higher than the previous three individuals combined.

Wei Qirui could survive the beating from the other three Jian brothers. However, when he saw Jian Yiheng step up, his entire face went pale.

Then, a pig-like screech came out from inside the alleyway.

A long time after the Jian brothers left, a limping man slowly crawled out of the alleyway.

###

When Wen Ruo returned home from Jian Yuncheng's birthday, she was quite depressed.

When Cai Qinyue asked about it, she learned that Jian Yiling was the partner of Xuming Medical Manufacturers.

"Oh? Is she actually talented?" Cai Qinyue explained. She couldn't believe this.

"Yeah, it's final. Xuming Medical Manufacturers will be hers in the future."

"The Jian family just acquired Tongyu Technology from the Wei Group. And now, Jian Yiling is becoming the successor of Xuming Medical Manufacturers? Is their family really going to rise in Beijing?"

Not long ago, the Jian family was far inferior to the Wen family.

However, now, the reputation of the Jian family had risen sharply. They surpassed the Wen family by a huge margin.

Cai Qinyue and Wen Ruo were speechless for a long time.

After a while, Cai Qinyue asked Wen Ruo: "How is your application for your internship going?"

Recently, Wen Ruo had applied for an internship position at an internationally renowned luxury brand.

"I just received an email saying that I passed the interview and got the internship," Wen Ruo replied.

"Really?" Cai Qinyue said. Her eyes immediately glowed with pride: "My daughter is amazing. Hundreds of people applied for that role; however, only three were selected."

"However, I'm not sure whether my internship with XDL will result in a full-time job," Wen Ruo replied.

XDL, which was abbreviated from Xiang Duo Li, was a well-known international brand. They sold products including makeup, perfume, skincare products, jewelry, watches, and many other luxury items.

They were one of the top brands in the industry. Their company's annual financial performance was incredibly impressive.

A few years ago, they also developed pharmaceutical cosmetics. They launched a scar removal cream and an intense repair facial mask. These two products alone occupied eighty percent of the market share.

1

Wen Ruo's dream and career goal was to set up her own brand. She wanted to create her own fashion company and her own fashion empire.

The Wen family's ancestors had been in the business of antique paintings and jewelry. As a result, she had a foundation to do this.

However, Wen Ruo felt that their original business would not play out well in the current era.

And thus, she wanted to change things up.

Therefore, she treasured this internship opportunity at XDL.

If she succeeded in her internship, she would get the opportunity to learn many more things from XDL.

This way, she would have more connections when she set up her own business in the future.

Chapter 809: Cheering for My Daughter

"You're amazing. The leaders of XDL will definitely be able to see your talent. If they don't keep you, it's their loss. Don't worry about it."

Cai Qinyue was confident in her daughter's abilities.

Cai Qinyue was aware of her daughter's thoughts and dreams. She showed strong support for her daughter.

She believed in her daughter's artistic abilities and taste in fashion. Therefore, she was confident that her daughter would succeed.

###

Wen Ruo went to XDL to officially start her internship.

Her internship role was to be the assistant of the Arts Director. This was a position that many people could only dream of.

The Arts Director was a woman in her forties. She was known to be a godmother in the fashion industry.

The woman dressed fashionably and appeared noble and elegant. Furthermore, her makeup was incredibly exquisite.

As a result, she did not look old at all. Although she was in her forties, she appeared like she was in her early thirties.

The Arts Director was very appreciative of Wen Ruo's artistic vision.

Wen Ruo's classmates were very envious of her.

After the first day of her internship, Wen Ruo posted a picture on her social media. It was a photo of her and the Arts Director.

The photo was accompanied by the caption: [The first day of my internship. I'm very lucky to work beside my idol.]

Wen Ruo's friends quickly liked and commented on her post.

[Ahhhh! Isn't that Ada? Oh my goodness! Wen Ruo, you're amazing! You're actually working under Ada!]

[I'm so jealous!]

[Do you get discounts if you're working at XDL? Can you help me buy the limited edition bag they released?]

[Can you help me buy their scar removal cream? That cream is always sold out. As an employee of XDL, would you have access to it?]

[Wen Ruo, you're amazing! You're my idol!]

Sometimes, the limited-edition bags released by XDL could not even be bought with money. You had to be a VIP member to get the opportunity to purchase it.

This was similar to the launch of the scar removal cream a few years ago. That product was constantly out of stock.

XDL also designed custom-made gifts. These gifts were loved by celebrities and upper-class ladies.

This was especially the case when it came to dresses that Ada designed. Even with money, these designs were a top luxury that could not be purchased.

Therefore, everyone envied Wen Ruo.

Cai Qinyue shared the post made by her daughter.

She attached the comment: [Cheering for my daughter.]

As soon as she posted this picture, she received a lot of likes and comments from her friends.

All the comments praised Cai Qinyue's daughter for her success.

When Cai Qinyue read everyone's comments, she was incredibly happy.

As Cai Qinyue and Wen Nuan had mutual friends on social media, Wen Nuan saw the post that Cai Qinyue made.

And thus, Wen Nuan posted a picture of an article from Xuming Medical Manufacturers and added the comment: [Cheering for my daughter.]

As soon as she posted this, she also received a lot of likes and comments.

Everyone in the comments was praising Jian Yiling.

However, this was sincere praise. After all, no one's daughter was like Jian Yiling. She managed to get so many achievements at such a young age.

Cai Qinyue also saw Wen Nuan's post.

She noticed that more people commented on Wen Nuan's post. Upon realizing this, a fire began to burn in her stomach.

Wen Nuan definitely did this intentionally!

She posted the picture right after her!

She was definitely competing against her!

Chapter 810: My Wife's Jewelry Design Studio

When Jian Shuxing saw his wife's post, he asked: "A Nuan, recently, you've been posting a lot of these things. Why did you not post them in the past?"

Wen Nuan huffed in anger: "Well, other people show off their daughter's internships. On the other hand, my daughter became the successor of a company. Why can't I post it? Am I scared of her or something? Or is my daughter worse than her daughter? If I didn't care about my brother, I would have shed all pretense of cordiality already!"

In the past, Wen Nuan did not really care about these matters. Her personality gave off the vibe that anyone could bully her.

However, Wen Nuan was no longer like this. She would now compete with others.

For the sake of her children, she refused to let other people blatantly show off in front of her!

Jian Shuxing knew that his wife was upset. He hugged her before he softly said: "It's okay. Don't be upset. There's no point being upset. It's not worth it. Furthermore, Yiling said to give them a chance. If they do something again, then we will definitely fall out with them."

However, Wen Nuan was still upset: "Yiling did all of this because of my brother and I. If it weren't for us, she wouldn't have to care for so many things! I know I'm useless. I know that I can't help her with anything. Instead, I always drag her down."

"Don't think about it like that. Wen Cheng treats Yiling well. Yiling knows about this. That's why she chose to protect her uncle. It's not just because of you. Don't be upset."

Jian Shuxing continued to softly speak to Wen Nuan. After a while, Wen Nuan felt much happier.

Then, Wen Nuan said: "Call Yuncheng later on. Tell him that I want to open a studio. Get him to arrange it for me."

Jian Shuxing asked: "Why do you need a studio?"

Wen Nuan glared at him before she replied: "Why else? I will go back to the job that I was doing before I married you!"

1

Before marriage, Wen Nuan was a jewelry designer.

However, she did not design jewelry for long. Instead, she quickly got married to Jian Shuxing and had four children. As a result, she did not have time to focus on her career.

“Why do you suddenly want to do jewelry design again?” Jian Shuxing curiously asked his wife.

“First of all, all my children have grown up. Therefore, I have time in my hands again. Secondly, I want to design the jewelry for my daughter’s wedding. My daughter has such a promising future. I must not pull her down!”

After a moment, Wen Nuan glared at Jian Shuxing: “Don’t tell me that you’re not okay with me doing this.”

“No, no. I definitely agree! I agree with both my hands up,” Jian Shuxing replied hurriedly.

1

“Then I will call Yuncheng.”

“Nah, there’s no need to call him. I can still handle this matter. Although our family business is now in the hands of our son, your husband isn’t useless! Leave this matter to me! I promise that your studio will be taken care of.”

“Okay.”

Because it was his wife’s order, Jian Shuxing was incredibly efficient with his work.

He quickly got the task done.

Within two days, Wen Nuan’s jewelry design studio was up and running.

The studio only designed high-end custom-made jewelry. The base price of an order was a hundred thousand dollars. Furthermore, the number of orders that she accepted was very limited.

Wen Nuan made a few pieces of jewelry to show for display.

Although she hadn’t touched this craft for many years, some skills once learned were never forgotten.

Furthermore, her taste and vision in this area were something that others could not learn.

She knew which material to select. Her jewelry design was also unique and stylish.

Therefore, the jewelry and accessories that she made were stunning and breathtaking.
