### Chapter 831: Only Thing I Can Do For Her

As Wen Cheng was unable to stop his wife and daughter, he could only remind them: "Then please proceed carefully. Don't be swept away by momentary benefits."

Seeing that her husband was no longer objecting against this idea, Cai Qinyue also softened her attitude: "Understood, I will keep note of that."

###

Wen Ruo's studio was developing and growing steadily.

Although the number of orders she was receiving was rapidly increasing, Wen Nuan did not intend to expand soon. She felt that expanding was not necessarily a good thing. After all, she wanted to take a step at a time. She wanted to guarantee the quality of her brand.

However, her studio was indeed much busier than before.

As Jian Yunnao was not busy with university work, he was reduced to a laborer for his mother.

Every day, he would come to help out at the studio. He would help his mother deal with a variety of trivial and administrative matters.

Wen Nuan was incredibly busy. In fact, for most days, she would be working until eleven o'clock at night.

Jian Yunnao became quite worried when he saw his mother staying up so late.

"Mother, let's just accept fewer orders. You shouldn't overwork yourself."

"This isn't an order from a customer. It's for your sister."

"For my sister?"

"Mhmm, it's for your sister. The jewelry that Yiling is going to wear when she gets married... I want to make those myself..."

"Oh..."

Wen Nuan's voice was a bit sad as she said: "Other than that, I don't know what else I can do for her."

Her daughter did not need her for anything else. And thus, as her mother, this was the only thing she could do for her.

"Mother, did you create your brand for Yiling?" Jian Yunnao guessed.

If his mother really wanted to create a brand, she could have created it ages ago. She did not have to wait until now.

"Hmm, I suppose that's a reason," Wen Nuan replied. "Another reason is that you've all grown up."

"I'm sorry," Jian Yunnao said quietly as he hung his head in guilt. "I made things turn out this way."

Wen Nuan shook her head: “No, it’s not your fault. Your actions were pardonable. However, my actions weren’t. As her parents, we should have trusted her a little bit more.”

Upon hearing this, Jian Yunnao’s heart felt heavy. He did not know how to comfort his mother.

After a while of silence, Jian Yunnao suddenly said: “Mother, I want to start practicing piano again.”

Wen Nuan was surprised to hear this.

After Jian Yunnao recovered, he was reluctant to touch the piano again.

After all, the guilt he felt towards his sister made him unable to face himself.

Jian Yunnao started speaking slowly: “I need to work hard as well. Even though I might not be able to make things better, I still want to be useful... I just... I don’t want to let her down... After all, she healed my hand for me...”

Jian Yunnao lowered his head to look at his hand.

His sister had given him hope.

This thought had been brewing in his head ever since he learned that Jian Yiling was Dr. F.S.

The emotions of not knowing that his hand was cured by his sister and the emotions of knowing that his hand was cured by his sister were completely different.

His mother’s actions today gave him courage. Her actions gave him the courage to return to the path that he once insisted on. He was going to rediscover the person that he once was.

Wen Nuan’s eyes were red as she softly said: “Okay.”

###

Luo Xiuen held the pregnancy test in her hand as her head began to spin.

Why was she so unlucky?! She let herself go just that once! Once!

And then... She hit the jackpot?!!!

Oh my god!

As Luo Xiuen held the pregnancy test in her hands, her cell phone rang. When she saw that the person calling was Jian Yiling, Luo Xiuen began to panic.

### **Chapter 832: Sister En is Pregnant?**

After hesitating for some while, Luo Xiuen pressed the answer button.

“Hello, darling. Why... Why are you... Looking for me?”

“What’s wrong?”

As soon as she heard Luo Xiuen’s voice, Jian Yiling noticed that something was wrong.

“No. No! I’m fine! I’m definitely fine.”

It was rare for someone as domineering as Luo Xiuen to panic and be frightened.

Luckily, the person talking to Luo Xiuen was Jian Yiling. Otherwise, the other person would have become immediately suspicious of Luo Xiuen.

Jian Yiling: "We agreed to perform a surgery in the afternoon. You're late."

Jian Yiling called to remind Luo Xiuen about the surgery.

Recently, Jian Yiling took on numerous heart surgeries.

She had one scheduled for this afternoon. Previously, Luo Xiuen had said that she would be there.

However, Luo Xiuen did not show up on time.

Upon hearing this, Luo Xiuen realized that she had forgotten about the surgery.

As she was not feeling well, Luo Xiuen decided to go and buy a pregnancy test. After repeating the test several times, it was already 2 o'clock in the afternoon.

This was the first time that Luo Xiuen had forgotten about her work.

Luo Xiuen angrily tapped her skull as she said: "I'll be there soon!"

Thankfully, she was only a few minutes away from the hospital.

And thus, Luo Xiuen hurriedly arrived at the hospital.

By this time, Jian Yiling already went into the operating room.

Outside the operating room, Cheng Yi looked at Luo Xiuen with a puzzled expression on his face.

"What's wrong?" Cheng Yi asked. He noticed that Luo Xiuen's complexion did not look too good.

"I'm... I'm okay."

Cheng Yi narrowed his eyes. He realized that things were not that simple.

After all, Luo Xiuen was not afraid of anything in the world. And thus, why was she like this today?

Cheng Yi asked out of concern: "Is there anything I can help with?"

Luo Xiuen thought about it for a moment before she replied: "You can't help me with this."

Cheng Yi continued to speak solemnly: "Okay, but if there is anything you need help with, feel free to tell me."

Although he usually argued with Luo Xiuen, if something actually happened, Cheng Yi would treat the matter very seriously.

"Mhmm, okay," Luo Xiuen replied. Her mind was still a mess.

Ahhhh. She slept with her idol! And... And... And she also stole his seed!

This was a crime! A great crime!

Luo Xiuen's brain was going crazy. It felt as though it was filled with starch paste.

Usually, her thoughts were always clear. However, she was now finally experiencing a sensation that other people felt.

Luo Xiuen and Cheng Yi waited outside the operating room. They waited until Jian Yiling was finished with the surgery.

Then, Cheng Yi handed Jian Yiling a cup of milk tea. The milk tea would help her replenish the water and sugar that was depleted during the surgical operation.

Luo Xiuen had a guilty conscience. As a result, she did not dare to look at Jian Yiling.

This caused Jian Yiling to look at Luo Xiuen in confusion.

Luo Xiuen said in a panic: "If... If there's nothing else... I will get going."

Jian Yiling reached out and grabbed Luo Xiuen.

Luo Xiuen was acting way too weird today. Even Jian Yiling sensed that something was wrong.

"Ahhh... Yiling... I'm not pregnant... Don't think about it..."

Before Jian Yiling asked anything, Luo Xiuen had already spilled the beans. She could not hide her shameful deed.

"Sister En, you're pregnant?!"

Cheng Yi's eyes almost fell out of his eye sockets.

Just now, he was worried that something bad had happened to Luo Xiuen. As a result, he had been frowning.

However, as soon as he heard the word "pregnant," Cheng Yi was no longer worried. Instead, his jaw was about to drop to the ground.

"No no. I don't even have a boyfriend yet. How could I possibly have a child?"

Luo Xiuen explained in a panic.

However, the more she tried to explain, the more suspicious she was!

The explanation was definitely a cover-up!

Luo Xiuen was definitely pregnant!

She was pregnant however, she hadn't yet confirmed the relationship with the man!

**Chapter 833: A Sheng, Help Me Catch Someone!**

Cheng Yi: "Jian Yumin's?"

Luo Xiuen's eyes widened in surprise: "You... You... How'd you know? I... I..."

Cheng Yi: "Other than Jian Yumin, which other man could possibly approach you?"

This was not difficult for Cheng Yi to guess.

After all, he had been friends with Luo Xiuen for so many years. Cheng Yi knew that Luo Xiuen's feminine heart only belonged to the members of Jupiter. Other than the members of Jupiter, Luo Xiuen basically could not care less about any other male.

Furthermore, Luo Xiuen was very strong and capable. No one would dare to bully her. Therefore, if she got pregnant, she had to be willing to do it herself.

Luo Xiuen looked at Jian Yiling sheepishly.

Ahhh... It was doomed. Now Yiling knows that she bullied her brother...

"Um... Yiling... Please listen to me... I know that I shouldn't bully your brother... However, I drank a bit that night... Your brother also drank a bit... And thus, I took advantage of him when he was drunk... I made a mistake that every woman might make..."

Cheng Yi was willing to believe that Jian Yumin had suffered a loss in this matter. After all, Luo Xiuen had the upper hand.

Cheng Yi patted Luo Xiuen on the shoulder: "Well, Sister En, what do you plan to do? You stole that child already."

Luo Xiuen: "Can we pretend that this didn't happen?"

Cheng Yi and Jian Yiling: "No."

Cheng Yi: "I believe that the child's father has the right to know about this matter. Furthermore, technically, Yiling is also the child's aunt."

Luo Xiuen: "Then what do we do about this?"

Cheng Yi looked towards Jian Yiling.

A few minutes later, Zhai Yunsheng received a call from Jian Yiling.

This was quite a rare occurrence.

It was rare for Jian Yiling to call Zhai Yunsheng during his working hours.

"What's wrong?"

"A Sheng, help me."

"What happened?" Zhai Yunsheng asked. His voice began to tense up.

It was rare for Jian Yiling to actively seek help from Zhai Yunsheng. Furthermore, it sounded as though she was in a hurry.

"Catch someone for me!"

"Who?"

“Brother Yumin!”

Catch Jian Yumin?

“Why do you want me to go and catch Jian Yumin?”

“Brother Yumin got Sister En pregnant.”

1

Zhai Yunsheng: “...”

Zhai Yunsheng: “Give me a while. I will have him appear in front of you within half an hour.”

“Okay!”

After hanging up the call, Zhai Yunsheng said a few words to his assistant. Then, he rushed off to see Jian Yiling.

###

Jian Yumin was lazing around at home. However, trouble came from the skies.

Suddenly, his front door opened. A group of bodyguards rushed in and grabbed him.

Jian Yumin struggled against them. However, he was no match for the strength of the bodyguards.

“Who are you?”

No one replied to Jian Yumin’s question.

“Hey! Why are you guys doing kidnapping in broad daylight! Who do you think you are? Who the heck is behind this? If I find out, I will definitely murder them!”

“Miss Jian asked us to come.”

Finally, one of the bodyguards spoke up.

Miss Jian? There was only one Miss Jian in the Jian family.

“Huh? My sister?” Jian Yumin paused. Then, he changed his wording: “Well, if my sister wants something from me, she can ask me to head over. Why would she need you guys to drag me there?”

“We don’t know about that either.”

Twenty minutes later, Jian Yumin was escorted to the Jian Residence in Beijing.

“Sister, why did you get them to kidnap me?”

After being let go, Jian Yumin looked at Jian Yiling with great confusion.

Then, Jian Yumin realized that Zhai Yunsheng was also there. Jian Yichen and Jian Yiheng were also present.

They all looked at him with strange eyes.

It was as though he was an unforgivable outlaw.

“You’ve done something bad,” Zhai Yunsheng said.

“I’ve done something bad?” Jian Yumin repeated in confusion.

Chapter 834: Taking Responsibility for Each Other

After all, he didn’t even go outside today. Therefore, how could he possibly do anything bad?

Jian Yichen sighed as he shook his head: “Brother Yumin... Ahh... You...”

On the other hand, Jian Yiheng was silent. However, the way he looked at Jian Yumin made it seem like Jian Yumin did something bad and unforgivable.

“You brat! Get yourself over here!”

Grandpa Jian’s voice sounded like a flood bell.

Upon hearing this, Jian Yumin’s heart was in shock. Grandpa Jian hadn’t lost his temper for a long time!

He hadn’t heard his grandpa yell in a long time!

Jian Yumin slowly inched into the living room. He had no idea what was happening.

.

Inside the living room, Grandpa Jian and Grandma Jian were seated on the sofa. They looked at him with angry expressions on their faces.

“Grandpa, Grandma, did I do something wrong?” Jian Yumin asked carefully.

“You brat!” Grandma Jian shouted. She picked up a cushion and threw it towards Jian Yumin.

The cushion hit Jian Yumin in the face. Jian Yumin asked again: “Grandpa, Grandma... If you’re angry with me, you should tell me what I did first, right?”

“Huh? You’re saying that now? Did I not teach you anything? Why did you cause a girl trouble and be irresponsible for it afterward?”

Grandma Jian was so angry that she threw another cushion at Jian Yumin.

“But Grandma! When was I irresponsible! A while ago, I liked a girl. However, I was rejected! I wanted to be responsible as well!”

At this moment, Luo Xiuen came down from upstairs. She hurriedly ran over to explain to Grandpa Jian and Grandma Jian:

“Grandpa Jian and Grandma Jian, it’s not his problem. He wasn’t irresponsible. Instead... I forced him to...” Luo Xiuen started with a small voice.

Luo Xiuen had lived for nearly thirty years. However, before this, she never spoke in such a quiet and weak voice.

“Nonsense!” Jian Yumin said hurriedly. “What do you mean I forced you? I initiated it!”

What?! He couldn't be humiliated like this!

“No no... It's my fault...” Luo Xiuen meekly said.

After all, Luo Xiuen felt incredibly guilty. She had stolen her idol's seed!

“Don't speak nonsense! If we both gave consent, then nothing is wrong in the first place!” Jian Yumin responded with a stern expression on his face. For some strange reason, he felt angry.

Jian Yumin was determined on this. His male dignity was on the line!

The Jian brothers in the living room were stunned.

Typically, people would be shifting responsibility onto the other person. However, Jian Yumin and Luo Xiuen were taking responsibility for each other.

However, Luo Xiuen continued to attempt to explain Jian Yumin's actions: “Brother Yumin just drank too much that night.”

“Technically, a man can't make drunken mistakes,” Jian Yiling said. “Based on experimental results, if a man is drunk, erectile tissue can't...”

Halfway through her sentence, a pair of large hands covered Jian Yiling's mouth. They prevented her from continuing.

Zhai Yunsheng whispered into Jian Yiling's ear: “Shhh, you can tell people about medical knowledge in another situation.”

“Okay,” Jian Yiling replied. However, she was still unsure of why she couldn't continue her sentence here.

Grandma Jian walked up to Luo Xiuen and held her hands: “Miss Luo, if there's anything unsatisfactory about this brat, please tell me. I will make him change his habits.”

Chapter 835: I'm Going to Be a Father?

“No no... There's nothing wrong with Brother Yumin...” Luo Xiuen hurriedly replied.

“Really? Then do you agree to be with Jian Yumin?” Grandma Jian asked.

“Huh? No no! Definitely not!” Luo Xiuen replied.

“Why?”

“I... I...” Luo Xiuen started before she briefly turned her head to look at Jian Yumin.

After just one glance, she quickly averted her gaze again.

“I'm just a fan of Brother Yumin... I can't be with him... I don't deserve it...”

Jupiter was Luo Xiuen's faith.

She didn't plan to turn her faith into her husband.. This was something that Luo Xiuen hadn't even dreamt about.

However, Grandma Jian wasn't happy to hear this. She glared at Jian Yumin before she asked him: "What do you say then?"

"Well, what can I do if she says no? I can't use force on her."

Furthermore, this person was Luo Xiuen. An ordinary person's force would not be enough.

As Jian Yumin said this, his eyes were fixated on Luo Xiuen.

"Then is it because you're not sincere enough?" Grandma Jian asked.

"How would I know? It's not like I know how to coax a woman or something..." Jian Yumin muttered in a quiet voice.

He didn't know what girls were thinking.

After all, Luo Xiuen had already slept with him. However, she still refused to be his girlfriend! What could he do about it?

Upon hearing this answer, Grandma Jian glared at her grandson again.

This brat! He couldn't even abduct a granddaughter-in-law for her!

"Also, what exactly is going on today?"

Jian Yumin hadn't yet figured out the reason for today's incident.

After all, his failure to find a girlfriend wasn't enough to alarm the whole family right?

If his family wanted to urge someone to get married, then they would urge Jian Yuncheng. After all, Jian Yuncheng was much older than him. It wasn't his turn to get urged yet.

"How? You have the nerve to ask us?" Grandma Jian replied.

"Grandma! Even if you want to beat me up, you need to tell me the reason first!"

Jian Yiling walked up and tugged on Jian Yumin's clothes.

Jian Yumin turned around to look at her.

"Sister En is pregnant," Jian Yiling said to Jian Yumin.

"Huh?" Jian Yumin started in shock. "She... She's pregnant? Then... Then doesn't that mean..."

Jian Yumin pointed at his nose as he appeared to turn into stone.

Luo Xiuen was incredibly embarrassed as she said: "Are... Are you okay?"

"Then... Am I going to be a father?" Jian Yumin asked Luo Xiuen.

"Prob... Probably..." Luo Xiuen nodded.

It took a while for Jian Yumin to digest this news. Then, he suddenly pulled at Luo Xiuen's hand.

Then, he started to drag her towards the door.

"What... What are you doing?" Luo Xiuen asked in a panic.

"Marriage certificate."

Jian Yumin tried to pull Luo Xiuen along. However, he failed to do so.

If Luo Xiuen did not want to go with him voluntarily, it was a little difficult for Jian Yumin to drag her along.

"No no! Let us think about this again. Isn't it too hasty to get married?"

"I don't want my kids to be left alone! I want to be responsible for my kids!"

"No no. That isn't a problem. I have a decent salary. Furthermore, I have enough savings as well. I can raise my child by myself!" Luo Xiuen replied. She felt that it wasn't a problem for her to raise a child alone.

1

"Please give up on that idea! I'm his or her father! What if the child is a girl? Her cheeks would be as soft and as pinchable as Yiling's! How could you possibly bear for her to not have a father?"

For some reason, Jian Yiling's name was put into the conversation.

"That's true..."

"Then let's go."

Luo Xiuen took a deep breath before she said: "Give me some time to think about it."

"Okay, I will give you some time."

2

### **Chapter 836: It's Decided Then**

Jian Yumin said that he was willing to give Luo Xiuen some time to think about the matter however he ended up staring at her for the entire time.

"I can't think with you looking at me like that."

"You might run away if I don't look at you."

Jian Yumin believed that Luo Xiuen was someone who could do such a thing.

After all, she could suddenly get on a plane and disappear into another country.

Then, he would never see his adorable child.

Furthermore, what if he found a stepfather for his child? What if his child called someone else father in the future?

Luo Xiuen said: "Well if I want to run, you can't stop me."

"I..." Jian Yumin started. He wanted to argue against her however he realized that she was saying the truth.

He couldn't win a fight against Luo Xiuen!

Jian Yiheng calmly interrupted: "I will watch her for you. She won't be able to leave."

Upon hearing this, Jian Yumin felt reassured. He nearly forgot that Jian Yiheng was here!

Then, Jian Yumin said to Luo Xiuen: "You won't be able to escape. I will wait for your decision."

Luo Xiuen glanced at Jian Yiheng. She didn't believe in their words.

And thus, she attempted to stand up. However, a hand was placed onto her shoulder and pushed her into her previous spot on the sofa.

Luo Xiuen tried to stand up again. However, this did not work against Jian Yiheng.

Although it appeared as though he wasn't using much strength, he could still ensure that Luo Xiuen was seated.

This man's strength was terrifying!

Then, Jian Yiheng said to Luo Xiuen: "Don't move around. I don't want to hurt my nephew or niece."

As Luo Xiuen failed to escape, she turned around to look at Jian Yiling for help: "Yiling, can you be alone with me for a while?"

Jian Yiling shook her head: "I want a nephew or niece as well."

It seemed as though her only source of hope was standing on the opposite side of her.

Luo Xiuen felt isolated and helpless against the Jian family.

Jian Yichen walked up to her smilingly: "Hey future sister-in-law, just agree to get together with my cousin. Although my cousin is a bit frank, he's not a bad man! I can guarantee that he definitely likes you."

This was something that Jian Yichen could vouch for.

After all, Jian Yumin would only be sexually attracted to someone that he liked romantically.

Furthermore, the only person who played around with women in the Jian family was Jian Yichen.

Jian Yumin slapped the table before he suggested: "What about this. We can try and date for a while. If it's actually unbearable, we can talk about it again."

"But... I haven't had enough time to think about it..."

“You can think about it as we date.”

“But...”

“No buts.”

“...”

###

After this incident, Zhai Yunsheng and Jian Yiling headed home.

Zhai Yunsheng was taking a sip of water when Jian Yiling suddenly asked: “When are we going to have a baby?”

“Cough... Cough cough... Cough cough cough...”

Zhai Yunsheng choked on his water.

After a while, Zhai Yunsheng finally composed himself: “When... When did you get this idea?”

His handsome face has a flush to it.

Jian Yiling: “Master Zhai said marriage comes after engagement. Then, pregnancy and finally a baby.”

Zhai Yunsheng did not know when his grandpa instilled such thoughts into Jian Yiling’s mind.

However, it appeared as though Jian Yiling accepted his grandpa’s words.

“I... I guess...”

“I’ve delivered babies before. Through natural birth and cesarean section. I shouldn’t be afraid of the process.”

Jian Yiling was filled with medical knowledge.

Chapter 837: I Want to Kiss You Right Now

Upon hearing this, Zhai Yunsheng replied: “It’s not the same.”

“It’s not the same?”

“Mhmm,” Zhai Yunsheng replied to Jian Yiling in a soft voice: “A baby should be the crystallization of love. It’s not a task or obligation.”

After saying this, Zhai Yunsheng dropped a soft kiss on Jian Yiling’s red lips.

Then, he said to her: “Maybe when you want to kiss me or hug me. Maybe then, we can have a baby.”

Jian Yiling tilted her head and looked at Zhai Yunsheng...

.

Then, she suddenly put her arms around Zhai Yunsheng’s neck and stood on tippy toes to kiss him.

1

Jian Yiling's lips were soft and warm. The moment her lips touched his, it felt as though her lips were the sweetest candy.

After the kiss, Jian Yiling said: "But I want to kiss you right now."

Jian Yiling's gaze was serious. Although there was no lust or desire in her eyes, she was still a fatal temptation to Zhai Yunsheng.

At that moment, Zhai Yunsheng knew what the saying of lifting a stone just to smash one's own feet meant.

Zhai Yunsheng let go of Jian Yiling and said: "I'm going to go shower."

Then, Zhai Yunsheng hurriedly walked away. After all, if his pacing was any slower, his mind could waver.

After Zhai Yunsheng left the shower, Master Zhai appeared in their living room.

A bunch of bags was next to him.

Needless to say, Master Zhai was here to give his granddaughter-in-law tonics and supplements.

There was ginseng, young deer antler, edible bird's nest, and cordyceps flowers.

Then, Jian Yiling went back to the study to deal with work matters. She left Master Zhai and Zhai Yunsheng to chat in the living room.

After learning about what happened today, Master Zhai said with envy: "Ahhh, I want a woman to come to my door with a child as well."

Zhai Yunsheng: "What?"

Master Zhai: "I'm talking about your uncle. Not you! If you dare to do something like that, I will break your legs!"

2

In the past, before he had a granddaughter-in-law, Master Zhai would not mind something like this.

However, he now had a granddaughter-in-law. Therefore, his great-grandchild must come from the belly of his granddaughter-in-law! No one else would do!

And thus, Master Zhai's statement was related to the Second Master of the Zhai family.

Then, Master Zhai smilingly asked Zhai Yunsheng: "Soo... When are you going to..."

Upon hearing the start of the sentence, Zhai Yunsheng suddenly moved one of his hands to his chest: "Ahh my heart hurts... I need to rest."

1

"You brat. You're deliberately avoiding my question, aren't you?"

"Heart hurts..."

“You...” Master Zhai started before he took a deep breath. “Okay, let’s not talk about this then! Your heart doesn’t need to hurt!”

###

Ada came to ask Wen Ruo if she wanted to participate in an international jewelry design competition.

Wen Ruo immediately said yes.

She did not even consider the fact that jewelry design was not her strong suit.

1

During university, Wen Ruo focused on designing clothes. It was not in the same direction as designing jewelry.

However, Ada told Wen Ruo that in order to participate, she had to either be a famous jewelry designer or have a letter of recommendation from a famous jewelry designer.

As Ada specialized in designing clothes, she was not qualified to give Wen Ruo a recommendation.

Therefore, Ada assumed that perhaps Wen Ruo could speak to Mr. Kevin. If she managed to do so, it shouldn’t be a problem for her to get a recommendation from the company’s jewelry designers.

This was because the jewelry designers at XDL were typically renowned in the industry. It was unlikely for them to write a recommendation letter for an intern under normal circumstances.

Chapter 838: Jewelry Design Competition (1)

“I’ll try.”

Wen Ruo did not know whether her attempt would work or not. However, there was no harm in trying. Even if they did not write a letter of recommendation for her, she had nothing to lose in the first place.

To her pleasant surprise, when the other person realized that she was related to Wen Nuan, they readily agreed to help her.

1

And thus, Wen Ruo successfully got a letter of recommendation.

When she got home, Wen Ruo told her mother about the good news.

Cai Qinyue was genuinely happy for her daughter: “Once you rank highly in the competition, no one will question your abilities in the future.”

“Mhmm..”

“We will let them all know that Wen Ruo is the most talented designer in the Wen family.”

1

After speaking to her mother for a while, Wen Ruo said that she was going to go upstairs to review content related to the design of jewelry.

Although the design of jewelry was not Wen Ruo's main area of study, she had studied it during university.

In her room, Wen Ruo drew up several designs.

However, every time she drew a design, she quickly scrunched it up.

By the time Cai Qinyue visited her, the floor of Wen Ruo's room was already filled with paper balls.

"What's wrong?" Cai Qinyue asked. She sensed that her daughter was not in a good mood.

"Nothing," Wen Ruo replied. She did not want to tell her mother that she didn't feel any inspiration.

"Mother, I'm going to the attic to look for inspiration."

There were many old things in the Wen family's attics. A lot of items had been passed down by their ancestors for hundreds of years.

And thus, Wen Ruo wanted to find design inspiration from these items.

1

"Okay, I will get you the key from the drawer."

Then, Cai Qinyue handed the key of the attic to Wen Ruo.

There were a lot of things locked up in the attic. Typically, their servants were not allowed to go inside the attic to help them clean up the space. Instead, Wen Cheng handled the cleaning by himself.

As Wen Ruo was going through old items, she suddenly found numerous old design drafts.

After flicking through the pages, Wen Ruo was surprised to find that all of them of drawings of jewelry.

Wen Nuan had drawn these designs before she got married.

Back then, Wen Nuan showed a lot of talent in this area.

When she was younger, Wen Nuan would draw designs in her spare time.

However, she did not take these designs with her when she got married. Instead, she left her design drafts in a box in the attic.

1

And thus, these designs were from decades ago.

Despite that, even after so many years, these designs did not appear out of date.

Unknowingly, Wen Ruo stayed in the attic until late. Cai Qinyue had to come upstairs to call for her.

"Wen Ruo, it's time to rest."

When she saw her mother, Wen Ruo subconsciously hid the stack of designs behind her back.

“Okay.”

Then, Wen Ruo got up. She placed the stack of designs in an old book and took it out of the attic.

###

Wen Nuan received an invitation from the international jewelry design competition.

When Jian Yunnao saw the invitation, he was incredibly happy for his mother: “Mother, apparently only renowned jewelry designers are invited to this competition!”

After Wen Nuan’s display of talent at XDL’s fashion show, she was now considered to be a famous and renowned designer.

Wen Nuan thought about it for a while before she decided to enter the competition.

After it, it was not about your ranking, it was about participating.

And thus, Jian Yunnao accompanied his mother to the competition location.

The judges for such a competition were all internationally renowned designers.

Major brands and the media also attended this competition.

At the competition location, Wen Nuan ran into Wen Ruo.

Wen Ruo was accompanied by Cai Qinyue.

When Cai Qinyue saw Wen Nuan, she asked with mockery: “Oh? You’re here as well? Who wrote the letter of recommendation for you?”

Wen Nuan replied with a bright and dignified smile on her face: “I don’t need a letter of recommendation.”

Chapter 839: Jewelry Design Competition (2)

Cai Qinyue did not believe in Wen Nuan’s words. However, she was not bothered to argue with her either.

And thus, she said: “Well, I’m here to wish you a good result in the competition.”

However, Wen Nuan was in no mood to feign civility with Cai Qinyue. Instead, she pulled Jian Yunnao away.

When Cai Qinyue saw them leave, the smile on her face disappeared instantly.

“Your aunt used to be so polite to us. However, after the Jian family made their way into the Beijing circles, she just ignores us now. It’s as though she considers everyone else beneath her or something.”

Wen Ruo also looked at Wen Nuan and Jian Yunnao as they left.. However, she did not say anything.

Then, the competition began.

During the competition, no one else was allowed to enter the competition venue. The venue was to be kept absolutely quiet.

Furthermore, no electronic devices were allowed to be brought into the venue.

After the competition started, the contestants were given a theme by the judges.

This year's theme was "fusion."

This theme did not challenge Wen Nuan. After thinking about it for a while, Wen Nuan drafted up a design that she was happy with.

Wen Ruo seemed to have performed well too. When the designs were handed in, Wen Nuan saw the happiness on Wen Ruo's face.

However, Wen Nuan did not really care about this. After all, her niece's drawings did not affect hers.

The results of the competition came out the next day.

All the works were made public.

Wen Nuan's design was awarded second place.

This was already a good result. After all, Wen Nuan was considered a rookie in the industry. Being placed in the top three ranks was an amazing feat.

Wen Ruo's design ranked third. She placed just after Wen Nuan.

When Wen Nuan saw Wen Ruo's design, a sense of familiarity flooded her.

Although many years had passed, Wen Nuan still recognized the work that she had designed with her own hands.

"Mother, what's wrong?" Jian Yunnao asked hurriedly. He noticed that his mother's expression was not right.

"Wen Ruo's design... It looks like the one that I designed thirty years or so ago..."

"Really? If that's the case, then this is plagiarism!"

"Yeah, I think it's my design. After all, I drew it with my own hands. Therefore, I still have some impression of the design. Even if a long time has passed since then, I would not completely forget about the design."

"Where are those designs right now?"

"I probably didn't bring them with me when I got married. I don't know where they are right now."

After all, those designs were spontaneously drawn by Wen Nuan. They were left in the Wen family attic with many of Wen Nuan's old possessions.

Previously, Wen Nuan did not think of these designs.

However today, she suddenly saw Wen Ruo's competition entry.

"Wait, so that means Wen Ruo saw your old designs and used your work in the competition?!"

As he thought about this, a look of anger appeared on Jian Yunnao's face.

Jian Yunnao stood up as he wanted to go and find the organizer of the competition: "I'm going to speak to the organizer of the competition! I will expose Wen Ruo's shameless behavior!"

Wen Nuan pulled Jian Yunnao back: "We don't have any evidence."

Even if Wen Ruo stole Wen Nuan's previous designs, they did not have any evidence.

After all, when Wen Nuan drew those designs back then, there were no witnesses nor records.

"Then are you going to just let her use your work like this?" Jian Yunnao said angrily.

Although Wen Ruo's ranking did not affect his mother's results, her rank still came from the fruit of his mother's labor. What right did she have to use his mother's designs?

Wen Nuan: "But we don't have any evidence. The organizers of the competition will not back up our claims. Furthermore, your uncle..."

### **Chapter 840: Jewelry Design Competition (3)**

After all, this matter was difficult to deal with.

Without any evidence, the organizers of the competition would not believe them.

Naturally, Wen Ruo would not admit to plagiarism either.

Jian Yunnao hesitated for a moment before he said: "Mother, let's discuss this matter with Yuncheng and Yiling."

"You want to tell Yiling about this?" Wen Nuan said as she frowned: "Let's not tell Yiling about this. She already has to deal with a lot of things. Let's not add something else to that list."

Wen Nuan knew that her daughter was incredibly busy these days. Her matters weren't that important. Therefore, she did not want to cause any additional trouble for her daughter.

Jian Yunnao also reflected on this: "Hmm, alright then. I'll tell my brother about this."

When Wen Nuan discussed this matter with the rest of her family, the list of winners had already been released.

Many news reports began to appear on the media.

The news that two individuals from the Wen family had won awards at the same time also spread.

The media praised the Wen family and praised the talent of Wen Nuan and Wen Ruo.

When Cai Qinyue heard that her daughter ranked third in the competition, she was overjoyed. However, when she saw that Wen Nuan was ranked second place, her mood sank slightly.

But soon, she thought about the matter again. Her daughter was much younger than Wen Nuan!

This meant that her daughter had much more room for growth.

Furthermore, her daughter was not even majoring in jewelry design.

“Wen Ruo, now those ladies who questioned your ability can all shut up! Furthermore, our company will be able to run even more smoothly.”

Wen Cheng was overjoyed to learn the results of the competition.

“Wow! A Nuan and Wen Ruo are amazing!” Wen Cheng cried. “I am going to throw a big banquet to celebrate their achievements!”

And thus, Wen Cheng began to send out invitations to his friends and relatives.

All his friends and relatives were envious of the fact that the Wen family had two talented designers.

Wen Cheng’s friends expressed their envy: “Wow, the Wen family is amazing. Both Wen Ruo and Wen Nuan managed to achieve such high ranks in a renowned competition!”

Wen Cheng was delighted to hear this praise. He liked to hear people praise his sister and daughter.

“Nah, they’re great on their own. It’s not that related to the Wen family’s upbringing” Wen Cheng smilingly replied.

Then, Wen Cheng visited the shopping mall. He purchased two branded bags worth hundreds of thousands of dollars. One was for his sister and the other was for his daughter.

Whilst Wen Ruo and Wen Nuan were at the jewelry design competition, Jian Yiling dragged Zhai Yunsheng to the Qin Residence.

“Why do you want me to go with you?” Zhai Yunsheng asked Jian Yiling.

“Because... It’s better for you to accompany me.”

After her last conversation with Qin Chuan, Jian Yiling was a little afraid to see Qin Chuan again.

However, she had already promised to treat Qin Hongzhi’s condition. Therefore, she had to visit the Qin Residence.

After thinking about the matter, Jian Yiling thought that it would be best to let Zhai Yunsheng accompany her.

“Hmm?”

“I want you to accompany me...” Jian Yiling said. She did not understand the reasoning behind her request.

“I like your request.”

Upon hearing Jian Yiling’s words, Zhai Yunsheng was in a very good mood.

Then, Zhai Yunsheng made a call to his company. After sorting out some matters, he accompanied Jian Yiling to the Qin Residence.

After arriving at the Qin Residence, Jian Yiling asked Qin Hongzhi about his health condition. Then, she checked his medical report and previous medical tests.

After that, she told him that he would be admitted into a special ward tomorrow. Someone would look after his everyday life.

As Qin Hongzhi did not know the reason for Jian Yiling’s sudden change of mind, he was rather happy. He was happy to know that his condition had a chance to be cured.
