Chapter 861: Video Call with Brother Yunmo

"I will delete all the remarks about this matter from the internet. In addition, I will briefly shut down all related forums," Zhai Yunsheng said to Jian Yiling.

Jian Yiling did not object to this. This was because even if Zhai Yunsheng did not shut down the post, Jian Yunmo would have deleted the negative comments for her anyway.

By the time Zhai Yunsheng ordered the deletion of relevant remarks, the Internet was already filled with discussion.

[I wonder what Jian Yiling did to violate the professional conduct.]

[Did she accept bribes?]

[Did she kill someone?]

[Did she falsify the data on her research?]

[Who knows. However, we definitely shouldn't hire doctors who go against professional conduct..]

[Yeah, that's true! All her relevant licenses should be revoked right?]

There was a flurry of malicious comments on the Internet.

After all, Jian Yiling managed to achieve such success when she wasn't even twenty years old. This made a lot of people incredibly jealous.

And thus, they were going to comment on the situation now that they got the chance.

Soon, the rest of the Jian family learned that Jian Yiling got fired from Huiling Medical Research Institution.

Everyone became incredibly anxious. They were worried that Jian Yiling's future would be ruined.

And thus, everyone decided to call Jian Yiling.

The calls from the Jian family came through one after another.

Even Zhai Yunsheng was contacted.

Master Zhai was so angry that he declared that he was going to open a research institution for Jian Yiling.

However, in this situation, money couldn't solve the problem.

After all, without relevant certification, no one in the industry would recognize and acknowledge this research institution.

And thus, if this research institution opened up, it would only be mocked and looked down upon by individuals in the industry.

Jian Yunmo also contacted Jian Yiling. This time, it was a video call.

Typically, the two of them contacted each other through text messages. At most, it would be a phone call.

When Jian Yiling answered the video call, she used a hand to cover the camera.

In the video call, Jian Yunmo was in his laboratory. He was wearing a white lab coat.

There was a gentle smile on his handsome face. The look in his eyes was also soft.

“Why don’t you let me take a look at you?”

Jian Yunmo asked for a video call so he could ensure that his sister was not hurt or sad.

If he asked directly, it was highly likely that Jian Yiling would say that she was fine.

And thus, Jian Yunmo wanted to confirm with his own eyes that his little sister was okay.

“It’s still morning here. I just woke up. I haven’t washed my face yet,” Jian Yiling explained with some embarrassment.

“My sister is always beautiful.”

Jian Yiling hesitated for a moment before she uncovered her camera.

In the video, Jian Yiling’s long hair was a bit messy.

“Mhmm, other than your hair is a bit messy, everything else is beautiful. It’s my darling sister.”

Jian Yiling did not have a sad expression on her face. This was a good sign for Jian Yunmo.

Then, Jian Yunmo said: “For now, I still don’t know who is the Head of Huiling Medical Research Institution.”

This person was very mysterious.

Everyone knew that the Head of the Institute was very powerful. He or she had a strong backing.

However, no one except for the Institution’s senior management knew who the Head of the Institute was.

Jian Yiling: “Mhmm.”

Jian Yunmo: “I will come back tomorrow.”

Jian Yiling: “There’s no need. Your experiment is at a critical stage.”

Jian Yunmo: “Hmm, then let Li Zhuojia handle it.”

Jian Yunmo was the only one out of the Jian brothers who knew that Jian Yiling’s future was more than just Dr. F.S.

When compared to Huiling Medical Research Institution, Lahaisen Hospital had much more authority in the industry.

Therefore, with the public statement of Lahaisen Hospital, Jian Yiling did not need to worry about the criticism of everyone in the industry.

Chapter 862: The Reason for Doing This

Jian Yiling: "Wait for a bit. I want to know what caused this to happen."

Jian Yiling felt that this matter was very strange. After all, she had been working at Huiling Medical Research Institution for three years already. Her relationship with the institution had always been harmonious.

The Head of the Institute definitely knew about her. Therefore, why would he or she suddenly decide to fire her at this time?

Jian Yunmo: "Okay, you can go and figure it out. I support you."

Jian Yiling: "Mhmm."

Jian Yunmo: "However, this matter must be handled within a week.. Otherwise, I will get Li Zhuojia and Uncle Feng to step in."

Even though Jian Yiling worked at the Huiling Medical Research Institution in the past, in this situation, they still had to give them a valid reason.

Jian Yiling: "Mhmm."

###

Early the next morning, Professor Xu rushed over to the Wen Residence to meet Wen Yan.

Professor Xu was one of the few people in the research institution who knew of the Head's real identity.

And thus, he was shocked to hear about Wen Yan's decision to fire Jian Yiling.

After all, Jian Yiling was Wen Yan's cousin.

Professor Xu entered Wen Yan's room.

"Boss... What is this all about?" Professor Xu asked. His voice was filled with confusion. "You knew that she was Jian Yiling from three years ago. However, you did not discriminate against her during this period of time. Why would you suddenly fire her...?"

As the Head of the Insitute, Wen Yan could access the personal information and details of every individual working for the research institution.

And thus, Wen Yan knew Jian Yiling's identity from the first day she joined the institution.

"I also have a family that I want to protect."

"But... But isn't Yiling your cousin?"

Cousin...

Yes... Before he became crippled, she was indeed his cousin.

Every time she visited the Wen Residence, she would hold his hand and sweetly call him Brother Wen Yan.

Furthermore, she used to sit in his lap and watch TV with him.

However, after he became crippled, she immediately hated his existence. She disliked him for becoming paraplegic. She called him useless.

Then, she went to play with other people. She did not even bother to look at him again.

In fact, she even mocked him.

He could ignore her actions and words. However, he refused to acknowledge that she was part of his family.

Therefore, she was just a stranger to him.

Faced with Professor Xu's question, Wen Yan did not feel like explaining. Instead, he replied: "I weighed up the matter."

On one side was Wen Ruo. She had been by his side for many years. She continued to encourage him despite his condition. On the other side was Jian Yiling. She mocked and ridiculed him.

And hence, it was obvious who he wanted to protect.

Wen Yan knew that Wen Ruo did the wrong thing in that incident.

However, that had nothing to do with him. He did not care about who was right and who was wrong.

He just needed to know who he had to protect.

He did not care that he was mocked by Jian Yiling in the past. However, he cared about Wen Ruo. He did not want to see her in despair.

And thus, since Wen Ruo's future was ruined, Jian Yiling's future would compensate for it.

Professor Xu: "But... Dr. F.S. is an excellent surgeon... If she continues to grow, she could help you..."

Wen Yan initially established Huiling Medical Research Institution for this reason.

After the car accident at the age of sixteen, he could no longer walk.

As he could no longer move around freely, everyone treated him like a useless person.

Chapter 863: Luo Xiuen's Resignation

Therefore, who would have ever imagined that the mysterious Head of the Huiling Medical Research Institution was a man who hid in his room all year round?

When he first established Huiling Medical Research Institution, Wen Yan hoped to cure his legs.

However, ten years had passed since then. During that time, he still couldn't find a way to help him walk again.

And thus, as time passed, he gradually gave up.

“I’ve given up already,” Wen Yan replied.

After all, it was important to accept reality. He had already spent ten years on this.

Upon hearing this, Professor Xu did not know what to say.

“I... I guess...”

He wanted to give Jian Yiling another chance.

However, before coming over, he already knew that the chances of achieving this were slim.

And thus, Professor Xu left the Wen Residence.

Someone was closely watching Professor Xu as he left the Wen Residence.

This person was sent by Jian Yiling.

As Jian Yiling knew that Professor Xu was meeting the Head of the Institute today, someone Jian Yiling sent had been following Professor Xu ever since he left home.

Furthermore, this news was leaked to Jian Yiling by Cheng Yi.

In fact, it was likely that Professor Xu intentionally told Cheng Yi about this.

After all, Professor Xu did not want Jian Yiling to leave their institution. However, he could not disobey his boss’s instructions.

And thus, a shocking conclusion was reached. The Head of the Huiling Medical Research Institution was someone from the Wen family.

As of now, only Grandma Wen, Grandpa Wen, Wen Cheng, Cai Qinyue, Wen Ruo, and Wen Yan were living in the Wen Residence.

Based on what happened during Wen Cheng’s car accident, the Head of the Institute was definitely not Grandma Wen, Grandpa Wen, Wen Cheng, Cai Qinyue, or Wen Ruo.

Therefore, there was only one person left. Wen Yan.

Although this seemed highly unlikely, it appeared as though Wen Yan was indeed the mysterious Head of Huiling Medical Research Institution.

###

When Professor Xu returned to the Beijing branch of the Institution, Luo Xiuen was already waiting for him there.

Luo Xiuen handed over her resignation letter that she had just written.

“Sister En... You...”

Professor Xu looked at Luo Xiuen’s resignation letter in disbelief. However, at the same time, he could think of the reason for Luo Xiuen’s resignation.

“The Head of the Institute has the right to fire employees. I can not intervene with that. However, as an employee, I have the right to resign.”

“Xiuen... Your future prospects are limitless. If you leave like this...”

“Isn’t Yiling’s future prospects also limitless? Didn’t she also get fired? So what’s the point of the word ‘limitless’? Furthermore, if the Institute can do something like this, why can’t I? Anyhow, it just so happens that I’m getting married. My husband can take care of my child and I! Therefore, I will just be giving myself an extended holiday!”

“Xiuen...” Professor Xu started. He didn’t know what to say. “But the project in your hands... Are you just going to give up on that?”

“Yep, I plan to give up on that,” Luo Xiuen replied firmly. This was consistent with Luo Xiuen’s style of doing things.

“But according to the contract, you have to pay a fee for violating the contract.”

The contract stated that a researcher could not leave their job whilst they had a project in hand. If they did, they had to pay a huge sum of money.

“Well, tell the Head of the Institute to sue me! I will pay the fees if he wins the lawsuit!”

After saying that, Luo Xiuen waved goodbye to her other colleagues: “I’m leaving now! Don’t miss me! I’m going to be a young lady of a rich family~”

Luo Xiuen was not at all reluctant to leave.

However, her colleagues were sad to watch her leave.

After all, within a day, they lost two of their colleagues.

Chapter 864: People Who Care About Yiling (1)

As Jian Yichen slept late and woke up late, he still did not know what happened early this morning.

When Jian Yichen woke from his nightmare, his forehead was covered with cold sweat.

The images in his nightmare seemed to be right in front of his eyes.

However, over the years, it seemed as though Jian Yichen got used to such things.

When he glanced at his alarm clock beside his bed, it showed that it was already eleven-thirty.

Jian Yichen got out of his bed and went into the bathroom. He washed his face and wiped the cold sweat from his body.

When he walked into his living room, Jian Yichen saw Yu Xi.

Yu Xi was sitting inside the living room of his apartment. He appeared so relaxed that Jian Yichen wondered whether he was in the right apartment.

“Why you are here?!”

Jian Yichen instinctively took two steps back.

As soon as he saw Yu Xi, Jian Yichen thought about the cruel torture a while ago.

“Is your ‘boyfriend’ not meant to visit you from time to time?”

Yu Xi smiled evilly as he approached Jian Yichen.

Yu Xi came over to comfort Jian Yiling today. However, after he realized that she was alright, he decided to come over to tease Jian Yichen.

Jian Yichen immediately dashed away: “Don’t do that! Don’t touch me!”

Yu Xi intentionally teased Jian Yichen: “Hmm? Do what? Throw another frog into your pants or something?”

“Oh my god. That’s enough! Don’t mention those things to me!”

Whenever the word ‘frog’ was mentioned, the bad memories from that day would surface in Jian Yichen’s mind.

“You really have the nerve to ask that of me? You made me traumatized about them so many years ago! In fact, I didn’t dare to touch such creatures for several years! It didn’t matter whether they were alive or dead.”

“But I feel uncomfortable whenever I hear that word! We’re even now okay? Don’t mention those things again!”

Upon hearing this, Yu Xi decided to let Jian Yichen go.

However soon, he realized that Jian Yichen’s complexion was awful.

“Why is your complexion like that? Did I spook you or something?”

“Nah, who would be scared by you?” Jian Yichen replied.

“Hey, don’t be like that. If you’re unhappy about something, tell me about it. Your boyfriend will be amused.”

“Get lost!”

“Excuse me. You approached me first. You wanted me to pretend to be together with you. How can you turn your back on me like this?”

“I told you to act in front of Qin Yufan. You don’t need to do it when no one is around.”

“This is called being in character.”

“No! Go away!”

“Ah okay. Either way, I came over to tell you to go over and eat. Your sister is cooking delicious food for everyone.”

As soon as Yu Xi finished speaking, he saw a figure leave the apartment at lightning speed.

Yu Xi couldn't help but exclaim: "Wow, your brother is really agile and nimble. How impressive."

Jian Yiling and Zhai Yunsheng decided to stay home for the day. And thus, Jian Yiling prepared a table of delicious food.

Jian Yiling's mood did not seem to be affected by the event this morning.

Jian Yiheng was the first to be seated. Then, Yu Xi and Jian Yichen also came over.

After a while, Qin Yufan arrived as well.

As soon as he saw Qin Yufan, Jian Yichen hurriedly moved next to Yu Xi.

Yu Xi cooperated and used chopsticks to pick up food for Jian Yichen.

When Qin Yufan saw the two of them, she said: "I'm not here today because of you."

"Then why are you here?" Jian Yichen asked.

Yu Xi explained: "God Ling was fired from Huiling Medical Research Institution. Miss Yufan is here to visit God Ling. She wants to see if there is anything that she can help with."

As Jian Yichen slept late last night, he was still asleep when the news came out in the morning. However, by the time he woke up, all traces of the news had been deleted by Zhai Yunsheng.

Chapter 865: People Who Care About Yiling (2)

"What?!" Jian Yichen cried out angrily as he shot up from his seat. "Which bastard did this?! Is he blind? How dare he fire Yiling! Does he have a hole in his brain or something?"

Yu Xi: "Sit down. Eat first."

Jian Yichen: "Why would I be eating? Someone fired Yiling! Before I eat, I must beat him up first!"

Jian Yiling: "Eat."

A second ago, Jian Yichen had sworn not to eat before beating up the person. However, because of his sister's order, he reluctantly sat back down.

Then he asked his sister: "Yiling, who bullied you?"

Yu Xi: "The only person who can fire Yiling is the mysterious Head of the Institute."

Jian Yichen: "Mysterious Head of the Institute?! What the heck! How dare he fire Yiling! Who does he think he is?!"

.

Upon hearing this, Yu Xi explained: "Theoretically, the Huiling Medical Research Institution is owned by him or her. If they want to fire Yiling, it's totally reasonable. However, the reason they gave was invalid. They said that Yiling violated the industry's professional conduct."

JianYichen: "What?"

Jian Yichen angrily stood up again.

“Sit down,” Jian Yiheng pushed Jian Yichen back into his seat. “You will only have the strength to fight if you eat a full meal.”

Jian Yichen gradually calmed down. Then, he asked Jian Yiling: “Yiling, do you need me to do anything for you?”

“Nope, I will take care of it,” Jian Yiling replied. She still did not like bothering others.

“Don’t say that! Don’t hide your thoughts in front of your brothers! If you’re bullied by someone, tell us about it!”

Yu Xi continued to explain the situation to Jian Yichen: “Well, by the time you get up, everything would be over already. Early in the morning, Master Sheng, God Ling, and your brother already filed a lawsuit against the Huiling Medical Research Institution. Furthermore, they also deleted everything from the Internet. Relevant investigation has also been undertaken.”

Jian Yichen turned around to look at Jian Yiheng. His brother knew about this already?

“Brother, why didn’t you wake me up? Why am I the last to know about this among us?”

Yu Xi continued to speak: “Well, not only among us. Basically, everyone in the Jian family already visited God Ling. Even your mother came over. Furthermore, God Ling’s friends, An Yang and Hu Jiaojiao also came over. They accompanied God Ling for quite some time.”

“Even my mother knew about this matter before me?”

“Yep.”

Upon hearing this, Jian Yichen was rather upset. He just woke up a bit late... However, it seemed as though he missed such a serious matter.

Then, Jian Yichen apologized to Jian Yiling: “Yiling, I’m sorry. I won’t stay up late in the future.”

After eating, Jian Yichen went online to take a look. He wanted to ensure that all related content had been completely deleted.

At this moment, Jian Yiheng walked over. He patted Jian Yichen on the shoulder. As Jian Yiling wasn’t in the room, he said: “Where are those men that I trained for you?”

“I just sent them out.”

“I permit you to play with fire this time.”

“Mhmm.”

Anyone who bullied their sister would die childless!

###

That night, Jian Yilig had another dream related to Wen Yan.

In the dream, Jian Yiling was five years old. That year, she went with her mother to live at the Wen Residence for a period of time.

As she was five years old, she loved to play around and cause a ruckus.

Although her appearance was doll-like, she was rather wild.

It was very hot that summer. The Wen Residence back then was located in the south. There were a lot of fruit trees planted in their house.

And thus, Jian Yiling insisted on climbing a bayberry tree. She wanted to pick bayberries.

“I want to pick bayberries! You’re not allowed to stop me!”

Chapter 866: Memory: Five-year-old Jian Yiling

The little girl wore a halter dress and a little cap on her head.

In front of her were the servants from the Wen family.

None of the servants dared to oppose Jian Yiling’s words. They were scared of making her cry.

“Miss Yiling, please wait here. We will climb the tree and pick the berries for you, okay?”

“Yep, yep. Miss Yiling, we will pick the berries for you,” someone else quickly echoed.

“No no no!” Jian Yiling cried out as she shook her head like a rattle: “I want to pick them by myself!”

After saying that, she climbed onto the tree.

.

Just watching her made the servants feel incredibly nervous. After all, her slim arms and legs appeared quite fragile and weak.

Not after long, Jian Yiling reached a tree branch. She smiled before she declared: “See! I’m amazing!”

Then, she reached out to pick the bayberries.

One by one.

As her hand was too small, she could only hold two to three berries in her palm.

As Jian Yiling was focused on picking bayberries, she did not watch where she was stepping. As a result, she misstepped and plummeted from the branch.

“Ahh—”

The expected pain did not come. Instead, she landed on a soft body.

Jian Yiling froze and turned around. She found her cousin Wen Yan underneath her.

At the moment Jian Yiling fell, Wen Yan rushed over and caught her.

However, he was only twelve years old. As a result, he did not have much strength. Therefore, as he caught Jian Yiling, he himself fell to the ground.

As the two of them hit the ground, Jian Yiling was well protected by Wen Yan. As a result, she did not get injured.

However, Wen Yan got injured.

“Brother Wen Yan...” Jian Yiling whispered. She was stunned.

“Are you okay?” Wen Yan asked in a soft voice.

“I’m okay...”

“Are you in pain anywhere?”

“No...”

“That’s good then,” Wen Yan said as he smiled at Jian Yiling.

After that, the Wen family’s doctor hurriedly arrived to the scene.

After giving Jian Yiling a checkup, the doctor determined that she was okay. However, Wen Yan was not so fortunate. His arm suffered a fracture.

Upon hearing this news, Jian Yiling began to cry.

“Why are you crying?” Wen Yan asked.

“Because... Your arm is broken... I broke Brother Wen Yan’s arm...” Jian Yiling sobbed.

The little girl realized that she had caused Wen Yan’s arm to fracture.

“It’s alright. It will heal by itself,” Wen Yan explained to Jian Yiling.

“It hurts right? I caused you a lot of pain right?”

“No, it’s fine,” Wen Yan replied. In an attempt to soothe her, Wen Yan used his uninjured hand to gently pat Jian Yiling on the head.

“It’s my fault... I shouldn’t have climbed the tree...”

The five-year-old girl was regretting her decision.

Jian Yiling did not stop crying.

As Wen Nuan was unable to comfort her daughter, she could only contact Jian Yunmo.

Jian Yunmo rushed over. By the time he arrived, it was already midnight.

During this time, Jian Yiling kept sobbing.

When she saw her second brother, Jian Yiling rushed over to hug him: “Brother Yunmo... I did something bad... Yiling misbehaved...”

Then, she continued to cry on Jian Yunmo's shoulder.

Jian Yunmo gently patted the little girl's back before he whispered comfortingly:

"Mhmm, you did something wrong. However, there's no use in crying. We need to remember this mistake. This mistake must not be made again. In the future, you shouldn't climb trees by yourself again."

"Mhmm, I won't do that again. I won't climb trees again..."

"Then don't cry anymore okay?"

"But... But... I broke Brother Wen Yan's arm..."

"Then you should go and apologize to Brother Wen Yan. After that, you need to take good care of him."

Chapter 867: Memory: Brother Yunmo Coaxes His Sister

"Mhmm... Okay..."

"Then you won't cry anymore, right? If you're crying, you can't take care of Brother Wen Yan, right?"

"Yes... Yes..."

Jian Yiling tried to hold back her tears. However, as she had been crying for a long time, she could no longer control her sobs.

Jian Yunmo gently pinched Jian Yiling's nose and said: "Look, your eyes are swollen from crying. They're not pretty anymore."

"I don't want them to be pretty. I just want Brother Wen Yan to get better."

"Mhmm. Why don't you go and wash your face? Then, let's go and speak to Brother Wen Yan, okay?"

"Okay..."

Jian Yunmo carried Jian Yiling to the bathroom and helped her wash her face.

Then, he carried her over to Wen Yan.

Wen Yan was not yet asleep. His arm had been put into a cast.

When he saw Jian Yunmo and Jian Yiling, Wen Yan smiled: "Little Yiling is not crying anymore?"

Jian Yiling's eyes were still visibly red and swollen. However, she said: "Brother Wen Yan, I'm sorry! I won't climb trees in the future! I will take care of you! Furthermore, I will also help you find a sister-in-law in the future!"

After all, she broke Brother Wen Yan's hand! If he couldn't find a wife in the future, she had to be responsible!

Upon hearing this, Wen Yan laughed: "Ahh, alright. If I can't find a wife in the future, I will rely on you!"

"Mhmm!" the little girl nodded seriously.

Then, Jian Yunmo thanked Wen Yan: "Thank you for protecting Yiling today."

"Don't be so polite. Yiling is also my cousin."

"Mhmm. It's getting late though. Please rest. I will bring Yiling over to see you again tomorrow morning."

"Okay."

After that, Jian Yunmo and Jian Yiling left Wen Yan's room.

Then, Jian Yunmo carried Jian Yiling to the garden. He borrowed an axe from the gardener of the Wen family.

Jian Yunmo carried Jian Yiling in one hand and an axe in the other.

"Brother, what are we going to do?"

Jian Yiling's arms were around Jian Yunmo's neck. Her small face was filled with curiosity.

"We're going to cut down the bad tree that caused Yiling to fall."

"Huh?" Jian Yiling exclaimed in surprise.

"The tree misbehaved. It caused Yiling to fall down."

"No no."

"Hm?"

"No no. I was the one who misbehaved. Don't blame the tree. Brother, please don't chop down the tree," Jian Yiling said.

"Really? So we don't chop the tree?"

"Mhmm! And since I wasn't well behaved, you can spank me as well."

"But aren't your buttocks afraid of pain?"

"Then... Spank me gently, okay?" Jian Yiling said quietly. She was still a little afraid of being spanked.

This made Jian Yunmo incredibly amused.

"Well, you owe me for now. Let's just go back to sleep okay? Tomorrow morning, we will get up and take care of Brother Wen Yan, okay?"

"Mhmm! I want to take care of Brother Wen Yan!"

By the time Jian Yunmo carried Jian Yiling back to their room, the little girl was already asleep in his arms.

However, her arms were still circled around his neck as she refused to let go.

When Wen Nuan saw this, she couldn't help but smile: "Ahh, it seems as though you know how to coax your sister."

###

The next day, Jian Yiling got up early in the morning.

“Brother! Don’t be lazybones! Get up! The sun is already up!”

When Jian Yiling woke, she was determined to wake her brother up as well.

“You bad girl. Don’t you know that I rushed over yesterday?”

As Jian Yunmo had just woken up, his voice was a bit hoarse.

However, he had no choice but to get up. After all, their little princess had woken. Even if he wanted to, he couldn’t sleep anymore.

“Do you want to wear a pink dress or blue dress today?” Jian Yunmo asked his sister.

“Pink!” Jian Yiling cried out. “Brother Yunmo, please hurry up! I want to go and take care of Brother Wen Yan!”

Chapter 868: Memory: Taking Care Of

After Jian Yiling changed into her pink dress, she held Jian Yunmo’s hand and dragged him over to Wen Yan’s room.

Wen Yan had just woken up. The servants of the Wen family brought breakfast into his room.

“Don’t move Brother Wen Yan! I will feed you breakfast!”

Then, Jian Yiling scampered over to Wen Yan’s bed.

The servants of the Wen family were a little hesitant at first. They looked at Jian Yunmo and Wen Yan.

Jian Yunmo laughed before he said: “Let her feed him. If she doesn’t do something, she will feel terrible.”

Only then did the servants of the Wen family hand over a small bowl of porridge to Jian Yiling..

Jian Yiling carefully scooped up a spoonful of porridge and hovered it near Wen Yan’s mouth.

Upon seeing this, Jian Yunmo said to Wen Yan: “It’s Yiling’s first time spoon-feeding someone.”

Everyone in the Jian family had been spoon-feeding this little girl.

Now that she was five years old, she learned to spoon feed someone else.

However, her first time spoon-feeding someone was given to Wen Yan! As Jian Yiling’s older brother, he was just a little bit jealous!

“Oh really? Well, I have to cherish this moment then,” Wen Yan said with a smile.

As Wen Ruo learned that Wen Yan’s arm got injured, she came over to visit him. As she walked by the door, she saw the scene inside the room.

At this time, Wen Ruo was six years old. As a result, she was holding onto her mother's hand.

When she saw Wen Yan with Jian Yiling, Wen Ruo pouted: "Brother Wen Yan isn't even that close with me. However, he's so nice to Jian Yiling."

When Cai Qinyue saw what was happening in the room, her eyes sank as well.

Her daughter was around the same age as Wen Nuan's daughter.

However, Wen Nuan's daughter was very pretty. She was smaller than an average child and her features were very exquisite. As a result, adults and older siblings adored her.

This led the Wen brothers and Jian brothers to like Jian Yiling more.

However, Jian Yiling was so mischievous. She climbed up a tree and when she fell, she broke Wen Yan's arm. Despite this, no one in the Wen family scolded her.

And after that, all she did was cry. Other people had to come and comfort her. Her brother Jian Yunmo even rushed over last night to coax her.

She really wasn't well-behaved.

Cai Qinyue pulled Wen Ruo to the side and said to her: "You're a good girl. When you go in to visit Brother Wen Yan, don't act like you don't like Yiling. You have to make everyone else think that you like her. You're also a good sister who loves and cares for Yiling okay?"

"Why?" Wen Ruo asked.

"Because, if you let everyone know that you don't like Yiling, everyone will think that you're a bad child. Don't you want everyone to like you as well? Therefore, you shouldn't be as wilful and as reckless as Yiling," Cai Qinyue said to Wen Ruo.

Wen Ruo seemed to half understand her mother's words.

Cai Qinyue continued to speak to her daughter for a while. After she made sure that her daughter would not behave badly, she guided Wen Ruo into Wen Yan's room.

"Brother Wen Yan, has your arm gotten better?"

When compared to Jian Yiling, Wen Ruo seemed very well-behaved and understanding.

"Hello, Wen Ruo. Thank you for your concern. I'm fine," Wen Yan replied in a gentle voice.

"That's good," Wen Ruo said.

After Jian Yiling finished feeding Wen Yan, she climbed onto Wen Yan's bed: "Brother Wen Yan, I will massage your shoulders!"

As she said that she would take care of Brother Wen Yan, Jian Yiling was determined to follow through with her words.

Wen Yan was rather amused by Jian Yiling's words: "Do you know how to give someone a massage?"

"I've seen my father give a massage to my mother!"

“Oh? Go ahead and try then,” Wen Yan said with some anticipation in his voice.

Chapter 869: Memory: Jealous

“Okay, I will start now! If it’s too much, please let me know!”

Jian Yiling crawled behind Wen Yan and began to massage his shoulders.

As she was only a five-year-old girl, her palms were incredibly small. She didn’t have much strength in her hands.

However, Jian Yiling did not know about this. Instead, she put all of her force into her hands and began to massage Brother Wen Yan’s shoulders.

“How is it?” Jian Yiling asked. Her voice was filled with anticipation.

Although Wen Yan did not feel anything, he didn’t want to tire the little girl out. As a result, he deliberately cried out: “You’re using too much force! Gentler please!”

“Okay, I will be more gentle!”

Upon hearing this, Jian Yiling was a little smug.

Jian Yunmo did not want to expose his cousin’s lie.

Wen Ruo was also in the room. When she saw the scene in front of her, for some reason, there was a sour feeling in her heart.

Brother Wen Yan was always so polite with her. However, he didn’t act the same to Jian Yiling.

“Yiling, you haven’t even massaged my shoulders,” Jian Yunmo commented with jealousy.

This time, it was a stronger flavor of jealousy.

Upon hearing this, Jian Yiling quickly comforted her brother: “Don’t be sad! I will give you a massage later!”

Waaa, her brother also wanted a massage. She was going to be so tired.

Jian Yunmo teased: “Well if you massage Brother Wen Yan ten times, you must massage me ten times as well! No less than that!”

“Waaa, okay then.”

In reality, her hands were already getting tired.

However, if her brother wanted a massage, she could only give him a massage.

When Wen Ruo heard this, she took the initiative to speak: “Brother Yunmo, I can massage your shoulders for you as well.”

Jian Yunmo smiled before he said: “It’s alright. I will wait for Yiling.”

After all, Jian Yunmo didn’t actually want a shoulder massage. He was just messing around.

After being rejected by Jian Yunmo, Wen Ruo felt a bit sad.

Why did everyone else like Jian Yiling? Why did no one like her?

After a while, Jian Yiling's hands were too tired.

However, because of her pride, she refused to stop.

She said that she would take care of Brother Wen Yan! She couldn't get tired this easily!

As Wen Yan sensed that the little girl did not have much strength left, he smiled before he said: "Yiling, my shoulders aren't stiff anymore. However, I want to eat fruit."

"Okay! I will go and get you some fruit!"

Jian Yiling jumped up and down on the bed.

"Brother Yunmo, let's go and get some fruit for Brother Wen Yan!"

Then, Jian Yiling settled down on the edge of her bed as she wiggled her feet.

Jian Yunmo put on Jian Yiling's pink sandals before he asked:

"Alright. Do you want to walk on your own or do you want me to carry you?"

"You don't need to carry me! I'm grown up now! I can walk by myself!"

As soon as her sandals were on, Jian Yiling jumped off the bed. Then, she left the room with Jian Yunmo.

###

Jian Yiling woke from her dream.

This time, the dream was a little long.

Why did this memory suddenly come back to her?

What was it trying to tell her?

Jian Yiling sat on her bed for quite some while as she reflected on the content of this dream.

Then, her phone beeped. The notification interrupted Jian Yiling's thoughts.

It was a message from Elder Yun.

[I've handled the matter. It will be announced tomorrow at the International Federation of Medicine.]

Once Jian Yiling read this message, she replied: [Sorry for inconveniencing you.]

Elder Yun immediately replied: [It's not an inconvenience.]

A few other people sent messages to Jian Yiling as well. They were all messages of concern.

However, Jian Yiling did not know how to reply to these messages. Despite this, she knew that she should still reply to them. Therefore, she went to knock on Zhai Yunsheng's door as she wanted him to reply to the messages for her.

Chapter 870: Who is Worse Off

Although all relevant remarks and posts were deleted from the Internet, Cai Qinyue still heard about the news of Jian Yiling being fired from the Huiling Medical Research Institution.

Cai Qinyue excitedly told Wen Ruo about the news: “Wen Ruo, Jian Yiling has been fired! Her future is ruined!”

“Mother, what did you say?”

“Jian Yiling got fired from the Huiling Medical Research Institution. Apparently, she did something that violated professional conduct!”

“Really?”

Wen Ruo’s voice could not hide her happiness.

“Yep, it’s definitely true. Just now, your grandparents were asking people to help settle this matter for Jian Yiling.”

Upon hearing this, Wen Ruo’s face sank again: “I guess my grandparents still like her.”

“They like both sides. This is the case even though Jian Yiling’s last name is Jian.”

Grandma Wen and Grandpa Wen treasured Wen Ruo. At the same time, they adored Jian Yiling.

They wanted to treat their granddaughters fairly.

However, it was impossible to be impartial. After all, they spent more time with Wen Ruo.

However, they still cared about Jian Yiling. Even in regard to Wen Ruo’s incident, Grandma Wen and Grandpa Wen did not scold Jian Yiling and Wen Nuan. Instead, they merely hoped that they’d forgive Wen Ruo.

Cai Qinyue: “Don’t worry about it. Jian Yiling made a big mistake. Even if your grandparents want to help her, they probably can’t achieve much. The Jian family is under complete pressure right now. However, they still haven’t achieved anything.”

Wen Ruo: “Then what about the Zhai family?”

Cai Qinyue: “I’ve enquired into it. Apparently, the Zhai family hasn’t taken many actions. However, Zhai Yunsheng intends to sue the Huiling Medical Research Institution. His actions are intimidating however, they wouldn’t help in restoring Jian Yiling’s reputation. I guess this is karma.”

After all, Wen Ruo’s future had just gotten destroyed. She no longer had a foothold in the fashion industry.

Right after that, Jian Yiling got fired. It was even likely that she would be evicted from the medical circles.

Therefore, she might even be worse off.

Wen Ruo: "Serves her right! After all, she refused to give me a chance! The Heavens really do have eyes!"

Cai Qinyue: "I wonder who is the Head of the Huiling Medical Research Institution. I really want to thank him or her properly."

###

During this time, Wen Yan stayed in his room. As he did not like to go out, he was already used to such silence.

Suddenly, his computer screen lit up.

After a few lines of code, a chat interface appeared.

[Boss, our account got blocked. Should we handle it?]

Wen Yan paused for a moment before he typed out: [No need.]

Let it be.

After he typed this, Wen Yan bitterly laughed. It seemed as though he couldn't be completely heartless.

She was so heartless to him however he still couldn't bear to see the entire Internet cursing at her.

He wanted himself to be heartless. If he was that heartless, her entire reputation would go down the drain.

When he thought about Jian Yiling, Wen Yan's handsome face was tinged with pain and hatred.

Back then, it was one of the most painful moments in his life. He could no longer control the lower half of his body. He lost the ability to walk.

At such a young age, he became crippled.

In fact, he even felt that he might as well just kill himself.

However, instead of comforting him, his most beloved cousin mercilessly mocked him.

In that dimly lit room, he cried in pain.

That person who once called him "Brother Wen Yan" mercilessly mocked him.

After all, there was nothing in this world that was more painful than the pain inflicted by someone close to you.
