

Silly Teen

Chapter 10

“Help!”

It was in the middle of my walk that I heard the cry. I couldn't think of anything else, so I rushed in the direction of the sound. But as I approached, I froze for a moment. Just because in front of me, it was Guo Xuefu.

“Jin Chao help me!”

She hurriedly shouted at me.

“Kid, I advise you better keep your nose out of this business. Get the hell out of here! As far away as you can, get the hell out of my way!” The gangster-like men looked at me with a completely unfriendly expression. Six or seven of them stood in front of me, still using their bodies to stand between me and Guo Xuefu.

They were rubbing their fists, thinking I would be scared because of it!

“Ah!”

I shouted, just a brainy rush at them. I knew I couldn't beat them, but right now, there was nothing more I could do. They looked at me with lightly teasing eyes. I waved my fists and before I could land on them, I was putting them down in one go.

One of them, a guy with a shaved head, was viciously stomping on my back.

“Cut, thought you dare to manage this mess, at least will have some ability. The result huh, is a rookie chicken!”

The plate head said with a sneer.

I really didn't think I could be so wretched. I thought I would at least be able to hit a few of them before giving them a beating. But it turned out that I didn't even touch them a bit, and instead I got stepped on!

I clenched my teeth to death.

I braced myself with my own strength and I tried to stand up. But the slattern who was on my back looked at me and smiled contemptuously and gave me a foot back on the ground. My chest hit hard on the hard concrete floor, was making me feel like my chest was going to fall apart.

“Jin Chao, are you alright?”

Guo Xuefu asked me anxiously.

“You hurry up and go!”

I strained to say at her.

“Want to leave? Do you think we’ll let the meat in our mouths get away so easily?” There was a gust of lustful – laughter between the slab’s tone, however. As I listened to his words, I felt even worse. I strained to reach out and copied a slab of brick not far from the side, and just smashed heavily on the other leg of the slab.

“Ah

But I didn’t care about that.

I took this opportunity to get up in a hurry. I grabbed the slab in my hand and looked at them warily. The slab looked at me with a look that was practically murderous. He shouted, “Kill him for me!” , and it was with his men that he lunged towards me.

I waved the slab in my hand without any rules.

Somehow, with the brick in my hand, I was able to get a little more aggressive. At least I hit them several times with the brick in my hand. They were in pain, so they didn’t hold back on the punches and kicks they landed on me.

”Dang–”

Suddenly a blow landed on the side of my head.

At once, hot blood slid down my forehead. The slattern and the others looked at me and all of a sudden they were frozen. They stopped reacting to me. I touched my head and felt a handful of crimson blood. Suddenly, I felt my body go limp and I just collapsed.

“Jin Chao

Guo Xuefu shouted my name anxiously.

“What about Brother Cao? He should be alright, right?” The man who smashed my head with the slate asked nervously at the slate head.

“It’s definitely okay!”

There was still a tinge of panic between Slab Inch’s tone. Even he wasn’t sure of what he was saying! I splayed helplessly on the ground, my head going blank.

“Brother Cao, let’s hurry and run. Don’t let the police come later, that’ll be a big problem!”

“Go, go, go!”

Only then did he remember. He then took his men and ran away in a huff.

“Jinchao, are you okay? You say something you don’t scare me!” Guo Xuefu looked at me, tears, all at once, left down from the corners of the eyes. Crystal teardrops, then slipped down her face, fell on my face, also with her temperature within.

“I’m fine. It’s just a little bit of blood, isn’t it? Look how scared you are!” I said with a grin.

She listened to my words, but was not impressed. She insisted on taking me to the hospital, but I shook my head at her and said I would just find a place to clean the wound and put a band-aid on it. I didn’t think it was serious, but she listened to me and her face turned serious for a moment.

She forced herself to take me to the hospital.

At the hospital, the doctor put two stitches in my head and put a white square of gauze on my head and said to her, “It’s nothing serious”. That’s when she was relieved. And I was looking at her with some amusement as I said to her, “I told you I was fine!”

When she heard me, she gave me a hard look and said.

“You’re still fine? You don’t know how bad the blood on your head must have been. I was dying, and you were laughing!”

“Oh? How anxious were you? Describe it!” I asked her in a joking tone.

“So anxious that my heart stopped

She blushed, “Oh, don’t ask so many questions, nasty!”

“What’s wrong? Can’t even ask anymore, huh?”

I asked, a little amused.

“Then ask something else, don’t ask this!” She said, but her face was getting rosier and rosier. I looked at her little face, so red it was almost like a ripe apple. Especially the two red clouds on her cheeks, one couldn’t help but look at them and want to go up and kiss them twice.

I thought this in my heart, but I suddenly had some trouble holding back!

I also didn't expect that I just did, a kiss on Guo Xuefu's face.

I don't think so.

I'm not sure I'm going to be able to do this.

How could I do such a thing?

I froze for a moment, and so did Guo Xuefu.

"Sorry sorry sorry, I didn't mean it! I just had a short circuit in my head just now didn't control myself!" I hurriedly explained to her.

I didn't think I could get her forgiveness either.

But I never expected that she would then answer me like this
