

Silly Teen

Chapter 11

Chapter 11

“Huh? Jinchao, I think we’d better go for another checkup, just in case it’s some kind of mild concussion or something!” She listened to my words, but in turn, she was a little anxious.

But her words, but gave me a step down.

That is: pretend to be sick!

“I do not know ah but go to check again, I think it is better to forget. It’s early in the morning, where is there a doctor to check us out?” I want to give this topic to the perfunctory past, is also obedient to her words, just to this awkward atmosphere on behalf of the past.

I said I wanted to be discharged from the hospital.

Guo Xuefu at first did not agree, but under my insistence, only to help me to do the discharge procedures.

And I was taking advantage of the gap before she went out and came back, hurriedly took off the hospital gown and put on my own clothes, and by the time she came back, I was standing properly.

“How did you get up by yourself.” Guo Xuefu hurriedly ran over with a worried face to help me.

I said with some amusement:

“I just got my head smashed, not my leg.”

“That’s not good either! If you fall again later, you will really be hospitalized.” I looked at Guo Xue-fu’s nervous look, I couldn’t help but float a warm current in my heart. She was the first girl I had contact with apart from Chen Tingting! And also the best relationship one.

And between going downstairs, she held my arm, and her puffy breasts inevitably squeezed on my arm.

I blushed.

But Guo Xuefu did not feel at all, and had to hold me.

The faint fragrance of Guo Xuefu's body just floated into my nose. Her smell and 1908 women's smell is completely different, through a light fragrance, very fresh, is also a tranquil mind.

I sniffed carefully and couldn't help but get lost in thought, and when I didn't pay attention, my foot slipped – and I stepped out of the way!

“Ah!”

Guo Xuefu reacted even more than I did.

I stood firmly on my feet, but what made me embarrassed was that my hand was accidentally grabbed on Guo Xuefu's chest.

She made a big red face.

I froze for a moment. But the hand, but also subconsciously grabbed two times!

“Ah, how you are so annoying!” Guo Xuefu released my hand at once, and even pushed me a little.

“Damn!”

I stumbled on my feet, but luckily I hurriedly grabbed the handrail on the side, or else I would have rolled down the stairs.

“Jinchao, are you okay?”

She rushed up again, and asked me how I was doing, with a very nervous look.

“My brain hurts a little just somehow, my hands just got a little out of control. Sorry ah snow float, I just did not mean to.” Again, I moved that excuse out and explained to her.

“Ah? Is it serious? Otherwise we'd better hurry upstairs and get a doctor to look at it again!” Guo Xuefu hurriedly said.

I waved my hand.

I said, “That's not necessary. I'll stand, just let me take it easy.”

“Let me hold you a little.”

She hurriedly then put her arms around me.

“Then you are not afraid of my hand, a little later again out of control?” I said to her with some amusement.

She glared at me, “If you dare to touch me again, I’ll throw you down from here!”

“Don’t!”

I hurriedly begged for mercy.

“Sister, I was wrong. I’m not too good in the head right now, but I’ll definitely control myself!”

Once she heard that, she gave a light hum, that is, she helped me down the stairs. She was very careful, and in the process, she rubbed herself on my arm for a while. She herself may not have reacted much, but I, on this head, was tickled by her rubbing my heart. She was so considerate that she even walked me to the cab.

I let the cab go in the direction of her home first.

I said to send her back, after all, it’s already midnight, I’m afraid there are bad people. She thought about it, but nodded her head and agreed.

“Look, Cao, isn’t that the kid from earlier?”

“I told you he must be okay!”

The plate inch head’s minions pointed in the direction of me and Guo Xuefu, then rushed the plate inch head. The plate head saw that I was fine, and seemed secretly relieved.

This is the way Guo Xuefu must go home!

I gritted my teeth, grabbed Guo Xuefu, rushed a: “Run!”

“Chase up!”

Plate inch head rushed a sound.

And I ran and ran, but there was a vague pain surfacing in my head. What’s more, with just the two of us, Guo Xuefu and I, to clash with them is simply looking for death.

“Jinchao, are you okay?” Guo Xuefu saw that something was wrong with my expression.

“Yes!” I said through clenched teeth.

“Surround them, don’t let them get away.” Cao, the slattern, said this from the back. Between his words, all of his boys caught up, six or seven of them just surrounded us.

I subconsciously put Guo Xuefu protection behind me, is also alert to look around them.

“Kid, you hit several of my brothers with a brick before, and everyone was more or less injured. Do you think it’s time for us to settle the score?” Slate looked at me, but asked with a cold laugh.

Guo Xuefu stepped forward and said, “What just happened was clearly provoked by you guys. Jinchao was even injured because of it!”

I gently pull her arm, is to let her not say so much. But she exported, I can’t stop it anymore.

“Huh!”

The plate head coldly snorted.

“Brother Cao, this little sister is talking funny. We started this thing? She wasn’t the one who seduced Brother Cao first!”

“Yeah. After seducing Brother Cao, she wants to play innocent here again. It’s as if we really did her wrong.”

But the plate inch-headed boy said.

I subconsciously looked at Guo Xuefu beside me, but she shook her head vigorously at me.

She and I denied.

According to my thought, Guo Xuefu such a soft girl, certainly can not be stupid to seduce the plate inch head this kind of person.

I also do not take it seriously.

“Okay, let’s put this matter aside for now. Kid, you say it yourself, what should you do.” The plate head is very serious to ask.

I clenched my teeth.

“A few brothers, I you apologize!”

Although I do not want to say so, but at this time, I have no other way.

“Do you think the apology is useful?” The plate head is so a cry.

“Then what else?”

I asked cautiously.

The plate head reached out and pointed to the feet, is a bellow: “Give me kneel down!”
