

Silly Teen

Chapter 12

The words of the slattern carry an irrefutable tone. Along with his words, the side of the little brother are staring at me. I felt their eyes, the side of Guo Xuefu is very afraid to pull me. At this point in my life, there is no way to run out of their circle with Guo Xuefu.

I heart a cross.

Or to the plate inch head kneeled down.

“You now give Laozi self-slapping thirty eight slaps, each one should be very loud, must let Laozi hear clearly.”

That’s what the plate inch head said.

Guo Xuefu beside me was anxious, she told me not to do it. But I clenched my fist and still said what the plate inch head said. I also want to have any kind-hearted people, hurry up to help us call the police. But until I have lasted more than half, has slapped more than a dozen slaps after, but still did not hear any police movement.

Guo Xuefu on the side of the hard to cry.

“Crying what?”

The plate head bellowed.

Guo Xuefu was frightened by his voice, directly is to swallow back the cry.

“You cry so loudly, and later let people think that we are bullying you.” That’s what the plate head said.

“Hey, did you not eat a midnight snack ah? Strength are not used?”

“Louder, can’t hear it all!” One of the guys with earrings in his ears, said, came up to my back is a kick. I was a bit caught off guard, the whole person fell to the ground, the palm of my hand are some abrasion skin.

Guo Xuefu worriedly asked me how. I shook my head with her, saying it was fine.

I tightly squeezed my fist, the heart of the anger is completely about to explode. Because of the hidden anger in my heart, my arms were trembling a bit.

“Go on, what are you dawdling about?” The plate head came up directly.

I feel like I’m going to be unable to hold back!

“What’s wrong? Not happy anymore?” The head of the plate kicked me down: “You have the ability to take a brick to smash my brother, and now slap yourself a few slaps like this? You can either put your stinky face away and keep slapping me. Either that, or you’re going to die!”

“Fuck you!”

I cursed out.

He got furious at that. He came at me again with a kick, and I took the opportunity to grab his foot and pulled hard. I fell aside, can not stand him, also by me so pull fell to the ground.

“How dare you fight back?”

“Brothers, get him dead!”

The plate inch head of the little brother is to come up to get me, I subconsciously put beside Guo Xuefu a push, let her away from me a moment to be beaten range. But also so a push, I did not notice, the earring man behind me a kick towards my head.

”Dang—”

His kick landed on the back of my head, but it made my brain feel as blank as if it had been given a heavy hammer

I fell to the ground.

Their fists and feet fell on my body, I felt my body were much sluggish, and my eyelids were heavy all at once. I listened to the sound of Guo Xue-fu crying, but it was like a hazy sound like a layer of paper over my ears. I don’t know what’s wrong with me.

“Brother Cao, this guy is playing dead again.”

“Leave him alone!” This was the voice of the boarder.

They continued to beat me, and I felt something red and red, right next to my eyes.

“You guys stop hitting, If you keep going like this, Jinchao is going to kill you all!” Guo Xuefu rushed up to push people.

“Brother Cao, don’t fight it.”

“Yes, Brother Cao, this guy’s head is bleeding again. Look at him, it seems like there’s something really wrong with him.”

“Fuck, why is he so intolerant of beating?” The plate head cursed and was just ready to leave with his men. But at that moment, it seemed like there was someone who suddenly killed out from the side. That person blocked the way to leave, and even shot at them.

This person, who is it, I do not know.

Guo Xuefu jumped at my side, big drops of tears, and fell on my face. She shouted my name, while I felt more and more like I couldn’t open my eyes. It was just before I was going to pass out that a man appeared in my vision. All I knew was that he was anxious, but before I could get a good look at him, I was unconscious.

I don’t know how long I was unconscious.

When I woke up, I was already lying in a hospital bed. The pungent smell of medicine, the white sheets, the fruit on the nightstand, the cigarettes on the floor

“Jinchao, you’re awake!”

Guo Xuefu just rushed over to me.

I looked at her suspiciously: “How come you don’t have to attend class today?”

“And the teacher took a leave of absence, also and home said, today in the hospital to take care of you.” Guo Xuefu and I explained.

“By the way, the man who appeared before I passed out, who was that?” I asked curiously at her.

“It’s me!”

Uncle Chen said and came over.

Uncle Chen and I said that he happened to come out of a friend’s house that night, and ended up meeting us on the road. He also asked me who those people were that night. He was too busy taking me to the hospital to bring those people back to the police station.

And in the face of his questions, I didn’t know anything except that they were punks from the side of our school!

“Chao, it seems I really need to find time to teach you two hands, so that you do not give bullying again outside.” Uncle Chen said jokingly.

“Okay, wow!”

I did get excited for a moment.

“Then let’s wait until you’ve recovered from your injuries. By the way this is your little girlfriend, right?” Uncle Chen laughed harshly.

“No me and Jin Chao, just the same classmate.”

Guo Xuefu explained with a red face.

But Uncle Chen came to my ear and whispered to me, “A Chao, I feel that this girl is quite good. Take advantage of it!”

I was also speechless by his words.

“Uncle, what are you talking about?”

“Uncle also understand. And you are now also high school back and you are about the same age as me, has been in love with your aunt. And now there is not also a saying: high school love is the purest. So grasp it well ah.” Uncle Chen smiled and reminded me.

“Uncle!”

I didn’t have the good grace to call out.

“Okay, okay, uncle does not talk too much. You young people’s business, uncle do not care about it!” Uncle Chen laughed loudly. He spoke between Guo Xuefu blush more red.

“Ah.”

Guo Xuefu suddenly a cry of surprise, but also a moment of our attention attracted over.
