

Silly Teen 19

Chapter 19

I listened to their words and became even more fearful. But I am more entangled in the box of cigarette butts and cigarette ash. These things which can eat ah!

“Still not moving? Does not want us to help you!” Chen gave an angry cry, while the side of those tattooed men are also waiting on the sidelines, ready to stand by. Not far from me, the fat man, is also intimidated by their aura. He couldn’t stop wiping his sweat with a tissue, and didn’t dare to speak.

“I’ll give you three last seconds, don’t say later that we don’t give you a chance.” Chen said and stretched out three fingers and began to pour.

“Three

“Two!”

My heart is also more and more anxious, there is no way I can only be promised: “Do not! I’ll just do it myself!”

Chen looked at me, but a cold smile: “Good, then you hurry.”

I listened to his words and looked at the ashtray in my hand. Things have come to this, do I have other options? I asked them if I could pick the cigarette out. And they allowed me to do so, but the relative price was that they took other ashtrays and filled the small box in my hand to the brim.

They urged me to hurry up and start. I gritted my teeth, and could only open my mouth and put the ashes into my mouth.

At once, the bitter taste filled my mouth.

I forced myself to resist nausea, which did not spit out the ashes. And I just ‘ate’ a fifth of the amount of this bite. They are too slow, is in between my mouth again, violently pushed my hand. The ashes from the box fell into my mouth.

I was choking and coughing, but they did not care about me, let me close my mouth, but also let me swallow the ashes in my mouth.

I secretly clenched my fists.

When I followed Cao Ge in the car, I had no room to back out. If I retreat, Cao Ge and the others will not let me go. And he also knew which class I was in. Relatively speaking, Chen and the others also do not know who I am, and the possibility of finding me in trouble subsequently is relatively small.

“Have you swallowed it all?”

Chen asked me.

“All, all swallowed.” I felt a hard feeling in my throat, the residual taste of cigarette ash in my mouth, but also let me want to vomit out.

“You call this swallowed? There’s so much left in your mouth! Bring the water over here!” Chen greeted. Then someone on the side came up to pinch my mouth, Chen unscrewed the cap of the bottle, on the mineral water poured into my mouth. I struggled, but grabbed the knife in the hand, but did not dare to take it out to use!

If I dare to stab someone with a knife, I’m afraid things will get even bigger!

But how I did not expect that I thought I could leave when there was a person on the side, directly after the burning cigarette, directly in my mouth. The ashes still carry a certain temperature, and immediately burned my tongue. I hurriedly closed my mouth, painful.

“Go away! In the future to give me encounter, but not now.” Chen said with a cigarette in his mouth, very impatient.

I covered my mouth and turned my head and walked away.

As for what I suffered here, can only be dumb to eat the desolate, there are bitterness can not say.

Because of what happened, I hate Guan Dongxuan even more in my heart. But what I hate more is that I do not have the ability to deal with Guan Dongxuan! If I also know a very bully – the big brother, then the first thing I want to do, is definitely to get rid of Guan Dongxuan!

And that is, after we walked out of the store, the fat man did not care about anything, is to hurry out of here.

But I caught him.

After all my efforts and treatment, how could I let Fatty just leave?

“Kid, what else do you want?”

The fat man turned his head and asked me.

“Return the money!”

I said, biting my sore tongue.

“I don’t have any money!”

The fat man dropped this sentence to turn around and leave. I pounced on him, and reached into his pocket. Even if he had no money in his wallet, his latest generation of Apple phone how can also sell a few thousand dollars!

“You-fucking

The fat man cursed out of his mouth, and also a burst of resistance. His body is very weak, otherwise it would not have been wiping sweat before. Not a moment later, I just snatched his phone into my hand. He was in a hurry, and I was in a hurry to get away from him.

“Hurry up and give me back my phone! I have money in my paypal, you give me, I will transfer you.” The fat man said hurriedly.

I was not so stupid: “You give me the password, I’ll transfer it!”

“But my phone has a fingerprint unlock, you simply have no way to open my paypal.” The fat man explained. And I listened to his words, but will believe it. I tapped on the Alipay app on the screen, and it was just like he said.

“Then you give me the account password and log in again surely you won’t have to verify.” Although I have used not smart phones, but for these, I am still more or less clear.

When the fat man saw that he could not cheat me, he hurried towards me and chased me. But I scattered my legs in front of me and ran. He dragged a two hundred pounds of body, simply can not run me. He was panting in the back, mouth a curse, let me stop. But I simply do not do what he said.

I always kept a distance from him, and did not shake him off.

“Okay, okay, I’ll give you that. Just kid, let me discuss something with you, okay? How much money did Cao Ge give you, I’ll give you twice as much, you hurry to return the phone to me, and do not ask me to return any money what do you think?” Fatty asked while walking towards me.

“No!” I just rejected him directly: “You hurry up and say the password.”

“How can you not oil and salt? I’ll tell you what, I’ll give you a thousand dollars, that’s enough!” The fat man was still following the rules.

“I told you, I don’t want it!”

“Then two thousand!” The fat man’s words, more than anything else, I feel as if he is hiding some secret in his phone, otherwise he would be so nervous. And I listened to his words, honestly really heartened. I went on his paypal, there is indeed so much money on it.

But he has money why not return Cao Ge them? This I do not know!

I just want to settle this matter once and for all. I don’t care what the fat man said, just follow what Cao Ge said, transferred the appropriate amount to my bank card. But I still kept an eye out, by the way, transferred an extra thousand three out. Anyway, there are 70,000 to 80,000 in the fatty’s paypal

“Fatty, you’d better save your breath. I’ve already transferred the money out, here, the phone back to you.” I said right after the successful transfer.

“What? You really transferred it?” The fat man’s emotions instantly flared up: “You how can you do this? This is my mother’s life-saving money! You ah ah ah, I’m going to kill you!”
