

Silly Teen 24

Chapter 24

My sudden explosion of emotions was also a shock to Cao Ge. I knew before that I had been lied to, but I couldn't help some of the emotions that came over me as I listened to Cao Ge's words. Cao Ge cautiously asked me what was wrong, while I was shaking my head with him saying that it was fine.

My hands were still trembling because I had hit them too hard.

And Cao Ge and the others thought I was trembling with anger and were a bit scared.

The fact that Cao Ge and the others took the initiative to call me Chao was something I had never imagined before. I looked at them in front of me, and after my anger had subsided, I turned around and left with Xu Ying and the others. The depression in my heart was replaced by a sense of relief.

Xu Ying sent me back first. She left me a number and told me to take my mobile phone with me throughout the day and wait for news from her.

It was after I returned that Guo Xuefu sent me a text message asking me: How is it, is everything okay? I gave her a straightforward call back, thanking her for her concern. But she said she wasn't trying to be concerned about me. I listened to her and didn't tear her down. She was still angry, but it had eased up quite a bit.

I told her that I had gotten my money back and she was quite surprised to hear me.

She asked me what method I had used, after all, it was already quite difficult for a 'little man' like me to get the money from Guan Dongxuan's hand, let alone Cao Ge. I was, however, hiding something from her about this. I let her guess, but I just wouldn't tell her.

"Jinchao, you didn't do anything illegal to get the money back, did you?" The more she thought about it, the more crooked she became.

I froze for a moment, followed by a dry laugh, "What are you thinking? I grew up surrounded by cops, what illegal things could I have done?"

"Hmph, I don't know about that." I listened to Guo Xue-fu's words and could even imagine through my phone the cute way she was rolling her eyes at the moment.

"Ehhhh, just relax! By the way that guy called Cao Ge next, he definitely won't dare to go after you either, so just rest assured for now." I then said to her.

But her tone, too, became increasingly curious: "Jin Chao ah, that Cao is a social man, how on earth did you manage that?"

"That's a secret!"

I said with a chuckle.

"Bummer!" Guo Xuefu said sulkily.

I talked to her for a while and she told me to go do my homework. After a phone call, things between us, too, eased up quite a bit. When I went to the classroom the next day, Guan Dongxuan was already early is waiting in the classroom. When he saw my arrival, he hurriedly pulled me out.

Guan Dongxuan looked at the injury on my face, and there was obviously a line of amusement on the corner of his mouth, he obviously did not know what had happened yesterday.

“So, did you get your money yesterday?” Guan Dongxuan asked at me with a laugh.

“No.” I lied to him.

“Haha, that too. You’d be damned if you could have asked for it.” Guan Dongxuan didn’t hide his emotions.

“Brother Xuan, do you have anything else? If there’s nothing, I’ll go in first.” I let him get carried away for a while longer, and by the time Cao Ge found him, he should know how he was going to die.

“Hold your horses. Jin Chao, the five hundred you owe me, when are you going to pay me?” Guan Dongxuan just asked at me.

“I owe you five hundred dollars?”

I froze for a moment.

Guan Dongxuan nodded, “Jinchao, I’ll only give you this five hundred yuan for a week. If you can’t get it out, you’re on your own!” With that, he walked into the classroom. I looked at his back, my heart was a burst of anger. I hadn’t even bothered him yet, and he came to ask me for five hundred dollars?

In the past, even if I had been bullied by Guan Dongxuan, I wouldn’t have dared to ask him for anything, let alone go to the teacher.

But now it was different.

Even someone like Cao Ge had to kneel down in front of me and call me ‘Brother Chao’. So what do I have to fear?

Didn’t Guan Dongxuan want to ask me for money? Fine! Then I’ll go to the teacher first and ask for the thirteen thousand I gave him back from him!

My class teacher, Ms. Lin, was a twenty-five or twenty-six year old graduate student who had also come out to work not long ago. She was very pretty, plus she had a nice figure, and was a goddess in the minds of us boys. And after hearing my words, Ms. Lin looked serious for a while, that is, she called Guan Dongxuan over.

And when Guan Dongxuan heard this, he gave me a very surprised look. He certainly didn’t expect that I would dare to go to the teacher!

“Dongxuan, you took Jinchao’s money, so hurry up and return it to him. One thousand three, it’s really not a small amount!” Teacher Lin looked at Guan Dongxuan in a very serious manner.

But Guan Dongxuan was adamant.

“Teacher, I didn’t take his money at all. The 1,300 he said he took is what he blackmailed me with! He’s simply being evil.”

I froze again. In my heart I cursed, “Fuck! Who’s the one who’s the evil one?”

Mr. Lin looked at me with some confusion as he listened to Guan Dongxuan’s words, “Jin Chao, did you take money from Dongxuan?”

I shook my head firmly.

“No!!!”

“Well, teacher believes you!”

Teacher Lin looked at me very solemnly.

On the other side, Guan Dongxuan sneered.

“Teacher, how can you believe Jin Chao just because of his two words? I’m the victim here!” His words topped over. But his reputation among all the teachers was already stinking, and Teacher Lin would definitely not believe him.

And as he listened to his words, Lin was subsequently explaining to him and also telling him not to look as if he thought his teacher was giving him a hard time.

But Guan Dongxuan didn’t care about anything.

Things had come to such a head, while he was insisting on the fact that I had taken 500 from him, and was about to ask the teacher to call my parents over. Teacher Lin was also a bit hesitant, she wanted to reconcile the matter properly. But his attitude was such that he didn’t give Ms. Lin the opportunity to do so at all.

Instead of calling my parents, Mr. Lin called his parents over.

But when his dad arrived, the atmosphere was instantly tense.

Guan Dongxuan stepped aside and explained the matter to his dad. Ms. Lin was there to reassure me, telling me not to worry so much. She said she would take care of the matter. But to no one’s surprise, Guan Dongxuan’s father came back and gave me a slap in public!

I froze for a moment.

Ms Lin also stood up and questioned Guan Dongxuan’s father as to why he had done that. But Guan Dongxuan’s father said, “He took my son’s money and didn’t return it. And to slander my son for blackmailing him? Dongxuan is not like that at all!”

And I got angry all of a sudden: “Uncle, do you think that what I have said is just empty talk?”

“Don’t you!”
