

Chapter 31

Duan Chang's words really froze me for a moment. What had I done, or what had Guan Dongxuan said to Duan Chang, that Duan Chang would say such a thing? The teacher at the side, Mr. Lin, was also looking at me with a grave expression, which also made me feel that something was wrong.

"Wait, what exactly did I do that warranted my expulsion from the school?" I just asked at the section leader.

"What have you done, don't you know yet?" Guan Dongxuan then snapped back at me.

"The problem is that I didn't do anything!" I responded bluntly.

As soon as Guan Dongxuan heard this, he still pretended to be pitiful in front of Duan Chang, "Duan Chang, look at Jin Chao's attitude. Just the kind of person he is, he should be kicked out of school!"

And Duan Chang was also looking at me very seriously, "Jin Chao, I am now giving you one last chance. Tell us what happened in this case. Otherwise, if this matter is stirred up to the headmaster, you will definitely not be able to get away with it!"

Duan Chang and I said that high school is not junior high school, there is no compulsory education. It was not as complicated as junior high school to expel a student. As long as the student did something that exceeded a certain degree, then the school had the right to do so.

But I really don't know what I actually 'did' to Guan Dongxuan. What do I have to say about this? How do I explain it to them?

"Jinchao, what the hell is going on here? Why are you doing this!" Teacher Lin was also looking at me very seriously.

"Teacher Lin, I really didn't do anything." I said to Teacher Lin.

"And you say you didn't?"

Duan Chang directly interrupted me.

"What exactly has happened here? Can you guys explain it to me first." I asked, rushing at them hurriedly. I was the victim in this matter. But I listened to their tone as if something had happened in Guan Dongxuan's body, too. And it made me feel that this matter they were talking about was probably related to Uncle Chen.

As soon as Guan Dongxuan heard my words, he became agitated, "My father has been hospitalised, how else do you want me to explain?"

"Jin Chao, how dare you even find someone from the community? Do you know how serious this matter really is!" Duan Chang and Nong Yang Chen said seriously to me.

People from the society?

I hadn't figured out what was going on. When did I find someone from the society and beat up Guan Dongxuan's father until he was hospitalized?

"Duan Chang, Teacher Lin, can you guys do something like that? My Uncle Chen is a police officer!" I hurriedly explained.

"A cop? I think your Uncle Chen is just like a hooligan!" Guan Dongxuan said with a sneer. As I listened to his words, I was extremely unhappy in my heart. Other people could say that, but Guan Dongxuan didn't have the qualifications to do so. In comparison, who was more like a hooligan, his father or my Uncle Chen?

"This kind of person should be expelled!"

Guan Dongxuan continued.

"Jin Chao, are you still not willing to say clearly what is going on?" Duan Chang then asked at me.

"The point is that I don't know anything!" I got anxious too.

"Jinchao, otherwise you should go home and rest for a few more days." Teacher Lin said the same. I was really stunned by what she said, and nine times out of ten, it was because Guan Dongxuan had come up with some kind of evidence that made even Ms. Lin believe it.

But could it be that Guan Dongxuan's father had already offended someone, which led to his father being beaten and hospitalized?

I don't know!

I left the office before, Lin teacher to my eyes, with a great disappointment within. More than that, it made me feel very bad inside. Guo Xuefu, who didn't understand what was going on, was even more nervous when she saw that I was leaving the school. She tried to stop me, but because of the classes, she could only watch me leave.

When I returned home, Uncle Chen was no longer at home. I sat at my desk, my head also thinking about what happened earlier.

Could this incident be related to Xu Ying?

I tentatively called Xu Ying, but she had turned off her mobile phone for some reason. After more than ten days, Xu Ying did not find me either. As for the mission she mentioned, there was no explanation either.

Could it be that something had gone wrong at Xu Ying's end too?

Uncle Chen came back late in the evening, and the school did not contact him, and he did not find anything suspicious. Again, he left home again after dinner.

For days on end, I did not go to school. Mr Lam did not inform me either.

But it was a few days later that Uncle Chen called me in a hurry during work hours, "Ah Chao, where are you now?"

Still hanging out, I lied to Uncle Chen and said, "I'm at school now. Classes have just ended!"

"You're really at school?"

"Yes!"

"But why did your class teacher, Mr. Lin, call me and say that you were expelled from school? I have to go over and get your file!" Uncle Chen's words came out raw and froze me in my tracks.

"What? I've been expelled from school!" When I heard that, my head went blank and I suddenly didn't know what to think.

"Ah Chao, tell me honestly, where are you now?" Uncle Chen asked me anxiously.

I listened to Uncle Chen's words and then I told him honestly that I was outside the school. When Uncle Chen heard this, he hurriedly told me to hurry to the school. The first time Uncle Chen saw me, he was not eager to blame me or ask me what was wrong.

Uncle Chen led me into the school in a hurry.

But it was between my trips upstairs that Guo Xuefu called me in a hurry, asking me how the school was going to expel me.

Guo Xuefu also knew about it.

And for that, I didn't have too much explanation with her. Just because I didn't even know myself!

By the time we walked into the office, the school already had my file all ready to go. Ms Lin's expression was a little cold, as if she was disappointed to the core. She put the file on the desk and told Uncle Chen to take it so he could go to the class for the rest of the formalities.

It was before we had to leave that we got the story, and the reason why I was expelled from school, from Miss Lin.

Mr. Lin told us that the night I was stabbed by Guan Dongxuan, a group of people warned his father in my name and seriously injured him. When the school found out about this, and since Guan Dongxuan's father was a director, the school didn't want to make a big deal out of it, so they had to expel me.

Up to this point, Mr. Lin still didn't know that I was injured and hospitalised because of Guan Dongxuan!

Even before we left, Mr. Lin reminded me that Guan Dongxuan and the others would probably hold us responsible!

As I listened, I couldn't stop myself from clenching my fists.

Why?

Why did I have to be expelled when I hadn't done anything?

Obviously I was the one who was victimised! But in the end, I, the victim, was the one who did the harm?

Why did it come to this!
