

Chapter 32

Before I left the school, I went back to the class and took all my textbooks with me. And as soon as Guo Xuefu took a look, he hurriedly ran to my side, red-eyed and very excited, and asked me, "Jinchao, you are already going to be expelled, are you still not going to talk to me?"

"He's too embarrassed to tell you! And doesn't know how to talk to you." Guan Dongxuan then gave a taunting cry from the side.

"Guan Dongxuan, did you cause Jin Chao to be expelled?" Guo Xuefu turned his head and asked at Guan Dongxuan in a very unkind manner.

"Oh, I caused him? Why don't you ask him, just what did he, the son of a murderer, do to get expelled from the school?" Guan Dongxuan's voice was loud. His words echoed through the class. Even to the extent that everyone could hear him calling me 'the son of a murderer'.

Uncle Chen, who was standing outside and wearing a police uniform, walked in in a very unfriendly manner. He glared at, and shocked, Guan Dongxuan. But Guan Dongxuan simply didn't care so much.

"Get lost, son of a murderer. People like you are not welcome at the school at all!" Guan Dongxuan continued to say the hard words.

"Why don't you get lost? Why are you still standing here?" Guan Dongxuan's little brother also stood out.

"Jin Chao, I remember when your father was arrested for stabbing someone to death someone as dangerous as you, how dare you come to a place like the school!"

As soon as I heard their words, my anger rose. I hammered my fist heavily on the table, "My dad is not a murderer! He didn't have a barrel of dead people either!"

"Ah Chao"

Uncle Chen hurriedly walked over to me. He told me not to get so worked up and told me to put my things away and get out of here first.

And it was before I left, I was glancing in the direction of Guan Dongxuan and the others, "Guan Dongxuan, you bullied me, blackmailed me, and used me like a dog, let's forget all that. I've put up with everything before. But why are you pushing me step by step into the abyss?"

"What exactly have I done to you, to provoke you? Why do you bully me like this? You even left me without a book to read! Do you know that what you're doing now is changing my whole life!"

I said, my hands trembling involuntarily.

"I, Jin Chao, am just a bitter child who grew up without a mother, and even my dad is in prison. If it wasn't for Uncle Chen, I would have starved to death on the streets. I counted on my studies and hoped to change my life through them. But why do you have to be like this Do you have an official dad and you can dictate other people's lives at will?"

When my words came out, the whole room was silent. Everyone looked at me, and Guan Dongxuan's face was even more gloomy as he listened to my words.

I took a deep breath and continued, "Guan Dongxuan, you may think that people like me are easy to bully, and that's okay. I don't know what your father, exactly, is like. And I have now been completely cornered by you because of this matter. My last path is closed by you!"

"What exactly do you want from me? Guan Dongxuan, you do answer me!" I said in a near-roar.

Uncle Chen, who was standing by the side, didn't stop me from continuing. The teacher, who was standing outside preparing for class, didn't stop me either.

The class was already in session and I didn't want to take up too much of the teacher's time.

I let my emotions, calm down, was to then say to Guan Dongxuan, "Guan Dongxuan, I really don't know anything about your father. It wasn't me who called it, but it was me who was held responsible. So I am now going to be driven crazy by you. Also so, I will definitely get back what I did today."

"I, Jin Chao, solemnly swear today in front of everyone. One day, I will trample you, Guan Dongxuan, under my feet!"

"If you don't believe me, just wait and see!"

I said, dropping these words, and the subsequent ones turned to leave with Uncle Chen. The words I said in the class, because they were not interrupted, also let out a mouthful of anger in my heart, just like that.

Uncle Chen sighed and was afterwards patted me gently on the shoulder.

He told me to hold my head up high.

He was saying to me in a positive, upbeat way that he believed in me, that I would do what I said I would do!

And his words were a great encouragement to me.

But being expelled from school also meant that I needed to find a new way out. Uncle Chan also took time off from work and spent the day at home to guide me. At dinner in the evening, he also made an exception and let me drink some wine. As I watched Uncle Chen drink more and more, I suddenly received a long-awaited text message from Xu Ying.

In the text message, Xu Ying and I said that she would call me later.

But it was before her call came in that Uncle Chen was already drunk.

I helped Uncle Chen to bed. But it was when I was about to go out that Uncle Chen patted the edge of the bed and told me to sit down.

"Ah Chao, sit down, I have something to tell you." Uncle Chen reeked heavily of alcohol.

"Uncle Chen, if you want something, it's better to say it tomorrow. You are already drunk like this." I helped Uncle Chen cover up the blanket.

“No way! I just have to take the opportunity of being drunk today before I dare to talk to you. To change tomorrow can’t!” Uncle Chen’s words just kind of smelled like he was talking in his sleep.

And as soon as I heard that, this was to sit on the edge of the bed and wait for Uncle Chen’s next words.

But Uncle Chen then began with the phrase; “Ah Chao, in fact, there is something that I have kept from you for more than ten years.”

“More than ten years? What is it?” I asked curiously at Uncle Chen.

“This matter, in fact has to do with your father.” Uncle Chen said in a broken voice.

“What happened to my dad?”

I instantly of nervousness.

“Also actually nothing, in fact I and your father your father he has a very important thing eh, I suddenly do not know where to start. Never mind Ah Chao, it’s not early, you go and rest first.” After Uncle Chen had completely tickled my curiosity, but at the most crucial point, he suddenly shouted a stop.

I listened to Uncle Chen’s words and watched as he then closed his eyes and just fell asleep.

As much as I wanted to know what Uncle Chen was trying to say, I couldn’t wake up a man who was already drunk. After I walked out of the room, my mobile phone suddenly rang. It was Xu Ying calling.

“Manager Xu, you haven’t contacted me for a while.” I walked back to my room and said to Xu Ying.

“There was a problem recently and it took some time to solve it.” Xu Ying explained to me on the other end of the phone, she was quiet around her, “By the way, I heard that you were expelled from school?”

“Yes.” I affirmed down.

“Don’t worry about this, I’ll take care of it for you. What you need to do now is to find a way to come to the Imperial Hotel before twelve o’clock. I, in room 1908, will be waiting for you!”
