

Silly Teen 34

Chapter 34

“A reward, huh? The reward this time, is a thousand dollars in cash, do you want it?” With that she pulled a wad of red notes out of her bag and placed them right in front of me. I reached for it, but my eyes fell into the opening of her bathrobe and looked at her legs.

“Manager Xu, when are you going to give me my official reward?” I asked after thinking about it and having no qualms about it.

As for the meaning of my words, I think she knew it well enough in her heart.

She said after some thought.

“That too will only be given to you when you graduate at my end. The so-called reward I’m giving you is nothing more than a qualitative improvement. If you were to say that you couldn’t even tempt me, I certainly wouldn’t have anything to do with you even if you gave me money!”

I cupped a wad of red hair in my hand:.

“Oh, I’ll look forward to it then! After all, you’re the treasure of 1908, the woman that many men have been begging for!”

“So, you’re confident in yourself?” She asked me with a lady’s cigarette in her mouth and her legs crossed.

“Of course!”

I nodded vigorously.

“Well then, I’ll look forward to it for now It’s been many years since a man has been able to move me. I do hope that you will be the first to coax me into bed and at your mercy after I get out of here.” She exhaled a smoke ring and instead threw a wink at me, which instantly sent a jolt of motivation through my body.

Goblin!

I couldn’t stop myself from cursing in my mind.

And it was after I walked out of the hotel that my mood, too, was low. I watched a number of junior high school students passing by on the road, carrying their school bags, and heading in the direction of the school. But having already been expelled from school, I could only walk along the road, nostalgic for the old days at school.

Although my student career, basically Uncle was bullied over. But because of Guo Xuefu’s appearance, it also made me miss the school, a little more.

I was walking aimlessly along the main road when my mobile phone suddenly rang in my pocket, and I didn’t realise it.

When I pulled it out, I saw a text message from Guo Xuefu. She was the one who wanted to ask me out for lunch and definitely wanted to have a good chat with me. I then sent her a text message back and agreed to do the same.

Now I could only wait for news from Xu Ying's end, though.

Xu Ying's appearance was also giving me a few moments of hope. I could only believe that she could really sort things out for me. I could also go back to school!

"Jinchao, this!" Guo Xuefu sat in the restaurant we had agreed on and waved at me.

"Just you, huh?"

I sat across from her.

"Then how many more people would you otherwise want?" Guo Xuefu gave me a blank look. This was a small restaurant next to the school, and there were usually quite a few students who came here to eat, and the prices were quite affordable. She asked me to order, but it was just as I was putting the menu down that a group of people walked into the shop and we all noticed each other.

And Guo Xuefu watched their appearance with an even more wary look, also watching as they walked straight towards us.

"Yo, isn't this Jin Chao? What a coincidence!" Guan Dongxuan's minions, spoke up first.

"How about it, Jin Chao, am I welcome to sit down?" Guan Dongxuan asked me with a sneer in his mouth.

"You guys go away!"

Guo Xuefu responded coldly.

When Guan Dongxuan heard this, he became upset, "Guo Xuefu, I'm not asking you, why are you getting excited?"

"Yeah, it's not like Brother Xuan is asking you!" Guan Dongxuan's little brother, followed up afterwards with a horse's back.

"Jin Chao, what you said yesterday in front of so many people, that's OK! Very strong!" Another of Guan Dongxuan's junior brothers said mockingly, "Didn't you say you wanted to trample Brother Xuan underfoot? We were discussing yesterday how exactly you were going to do that!"

Guan Dongxuan moved a stool and sat down straight away, "I was looking forward to it. I'd like to see what kind of book you have to step on me!"

"You don't want to disappoint us. Haha" Guan Dongxuan's little brother laughed unconcealed and openly.

"Jin Chao, let's go."

Guo Xuefu didn't give them a good look and was about to take me out of here.

Guan Dongxuan watched us get up and didn't make any moves: "Jin Chao, what kind of skill do you have hiding behind a woman like that! Don't you still want to trample me under your feet? Do you still plan to rely on women alone to achieve the big words you said? Oh, how is that possible!"

His words reached my ears, but I simply ignored-, turned around and walked away.

Guo Xuefu, beside me, looked at me instead, as if she cared about my look. I, on the other hand, smiled with her, indicating that I was fine.

"Jin Chao, stop right there!"

Guan Dongxuan, however, shouted again from behind me.

"Is there anything else you want?"

I asked, turning back at him.

"What are you going to do about my father?" Guan Dongxuan stood up from the stool, his face suddenly changed, just like he was about to explode towards walking up to me: "You kid must have spent a lot of money to find someone from the society to move my dad, right? Since you dared to look for it, then you should take the responsibility for it!"

I looked at him with a gloomy face: "Guan Dongxuan, I repeat to you again! I, for one, did not find anyone to move your father!"

"Oh, do you think I believe that?"

"It's up to you to believe it or not!"

"Brother Xuan, isn't that Brother Cao? He's disappeared for quite some time, it's just as well, let's call him over together," Guan Dongxuan's little brother suggested.

"Yes!" Guan Dongxuan just had one word.

And as soon as Guan Dongxuan's little brother heard that, he hurried into action. I glanced in Cao Ge's direction. The bruises on Cao Ge's face that I had inflicted had basically healed and could not be seen.

When Cao Ge saw me, he obviously froze for a moment. Then his face pulled, and he even quickened his pace towards us.

Guan Dongxuan looked at Cao Ge's appearance and even laughed coldly. He then shifted his eyes to me, as if he was already waiting to see how Cao Ge would clean me up.

"Brother Cao." Guan Dongxuan called out.

"Guan Dongxuan, come here for me." Cao Ge greeted directly. Because of the appearance of Cao Ge with a few junior brothers, the people in the small restaurant, all at once, tensed up. The crowd kept their heads down and continued to eat, not many of them dared to raise their heads up.

When Guan Dongxuan heard Cao Ge's words, he didn't even think about it and walked up to him.

But Cao Ge raised his hand and landed a heavy slap directly on Guan Dongxuan's face.

“Guan Dongxuan, I’ll f*ck you!” Cao Ge roared.

Guan Dongxuan froze in his tracks.

“Brother Cao, what’s wrong with you?”

“What else is wrong? You, and your little brothers, come out!” Cao Ge’s tone was unquestionable.
