

Silly Teen 44

Chapter 44

The earring man listened to Cog, obviously in great disbelief. And Cao Ge's words also made me flinch. I was thinking in my mind, is it because of what happened on my end that 1908 all gave Cao Ge a backing?

It seemed a bit unrealistic again!

My relationship with Xu Ying, at this stage, is said to be that of an ally though. But there's no way she would come to Cao Ge's aid just because of what happened to me. She could have just threatened Cao Ge and just skimmed it off!

"Guan Zhe, you don't believe it either. Guan Dongxuan's father, now lying in the hospital, is because of 1908!" Cao Ge said, just looking towards me.

And the man with the earring, who was called Guan Zhe, also had a dark face. On his face was a look of indecision.

When Guan Zhe hesitated, Cao Ge lit a cigarette on the side. He also simply gave up the game and looked at Guan Zhe unhurriedly, just waiting for Guan Zhe's reply.

"Guan Zhe, have you thought it through or not?" Cao Ge asked just afterwards.

"Cao Ge, I'm asking you now, are you bluffing me or not? You also know that I only need a day at most to check it out thoroughly." Guan Zhe asked with a stern face and a serious expression.

"Do you think I would bluff you with something like that?" Cao Ge just asked him rhetorically.

Guan Zhe listened to his words and was silent for a while: "Okay, then I'll believe you! Let's go!"

"But cousin, I this"

Guan Dongxuan's embarrassed for a moment.

The company's main business is to provide a wide range of products and services to the market. If you really want to know, go back and ask your father, he knows it well!"

And once Guan Dongxuan heard that, this was the time he collected his face and followed Guan Zhe and the others to leave. Before he left, he was completely just in a state of being so angry that he was about to storm out. Unwillingness and resentment were all written on his face!

"Crap!" Xu Dazhi suddenly shouted.

"What's wrong?" Cao Ge was taken aback.

"Xu Dazhi, have you been fucking nailed by the mainframe, shouting so loudly! You've scared the old man into a wave of group destruction!"

Across the table, Zhao Yangbo scolded in a violent temper.

"No ah Bo, I I just got single killed by Chao!" Xu Dazhi said awkwardly.

“What?” The crowd was dumbfounded for a while.

Zhao Yangbo and the others were straight away dropping the game in their hands and came running to our end. Xu Dazhi and I had been playing 1V1 for almost eight hours and had only been on the game for eight hours, and we had actually killed a Silver 1 ranked person alone. Even though silver is the bottom tier water level, it’s still pretty shocking!

“Ah Chao, you and Xu Dazhi have another game.” Cao Ge’s set had already been lost, and he pulled a chair directly behind me.

“Eh, don’t all of you look at me like that, I’m under a lot of pressure.” I got a little embarrassed too.

“How do you know if you shit-killed Xu Dazhi without seeing how you operate?” Zhao Yangbo said with a laugh instead.

“That’s fine.”

I could only agree to it.

I was being topped by them, and I was slightly nervous in my heart. I showed the process, my understanding of the game LOL, and some of the skills as much as possible.

During these eight hours, I have been playing ‘Dema’ a hero. Xu Dazhi, on the other hand, switched around.

For this matchup, both Xu Dazhi and I used Dema. I was not as good as Xu Dazhi at mending, though. But I dared to go up and swap blood with Xu Dazhi. I’ve been trying to figure out some of the characteristics of the minions, and I’m trying to get Xu Dazhi to pull more hate on the minions as much as possible at lower levels, so that the minions can help fight together.

Xu Dazhi went out with a Doran shield, while I went out directly with an attack-boosting Doran sword.

“Xu Dazhi, are you stupid? Why do you keep mending your sword, go up and do it!” Zhao Yangbo in turn was anxious for Xu Dazhi.

“Crap, why are you going home again?”

“Nima, you’ve taken the first blood tower for someone else, how can you still beat him?”

Cao Ge looked at my operation and was on the sidelines to point me out and also teach me how to dress up. Dema’s set up was simple, coupled with the advantage in outfit, basically pressuring Xu Dazhi under the second tower.

“Chao, go! Go straight over the tower to get first blood and end the fight!” Cao Ge commanded me right on the edge.

“Okay!” I agreed.

And it was after I fucked Xu Dazhi to death again, Xu Dazhi’s energy came up, “Again.”

Because of Cao Ge’s command, I lost only one out of five sets. After losing the fifth game, Xu Dazhi slumped into his seat and cursed under his breath, “Shit, what kind of people have we dragged into the

game! I've been playing for over a month, and I still can't beat someone who's only been playing for eight hours!"

"Chao, you're no match for this talent, you can totally go play professionally!"

"What's a pro?" I asked, somewhat puzzled instead.

Cao Ge looked at me very breathlessly, "It's playing games professionally and playing with battle teams."

"Does this make money?"

I asked a very idiotic question.

And once the crowd heard my words, they rolled their eyes even more breathlessly. Xu Dazhi and I explained that playing professionally and switching to live streaming later on could earn more than 100,000 a month if you were famous. They made it sound very tempting and desirable, but I just listened so much and didn't take it to heart.

I just instinctively felt that there was no such thing as good money to be made!

As it was getting late, I called it a day and went home. When Uncle Chen saw that I was so late, he was very worried and asked me what I had been doing this day. I thought about it and told Uncle Chen that I had gone back to school. I finally decided to have a showdown with Uncle Chen.

I relayed what Xu Ying had said to me earlier to Uncle Chen as well. However, I did not talk to Uncle Chen about the terms Xu Ying had offered.

I did not say that Xu Ying had approached me to ask me to help her take care of Hua's wife. I only said that I did not know what Xu Ying's purpose was at this stage.

Uncle Chen listened to my words, was a heavy smoke, very disheveled look: "Ah Chao, sorry, it is uncle can not protect you, this is why you and 1908" Uncle Chen also know, Xu Ying's intervention, to ensure my safety in the school. It wouldn't be looked for trouble by Guan Dongxuan and the others.

And even if he didn't want me to get in touch with 1908 anymore, but at this point, he could only acquiesce to this matter.

"Uncle, it's nothing." I said, shaking my head. I was more worried about Uncle Chen than what was happening on my end.

"Right Ah Chao, did Xu Ying really not say what she wanted you to do?" Uncle Chen asked me in a very serious manner.

"No!"

I said very sheepishly.

"Really no? Don't you lie to me!" Uncle Chen stared into my eyes and asked me incomparably heavily.
